“Oh Rome! my country! city of the soul!  
The orphans of the heart must turn to thee,  
Lone mother of dead empires! and control  
In their shut breasts their petty misery.”

—Lord Byron.

“May the Holy Year be for all men a year of purification and sanctification, of interior life and reparation, the year of the great return and of the great pardon.”

## ARTS

**FREDERICK W. CABLE, B.A.**

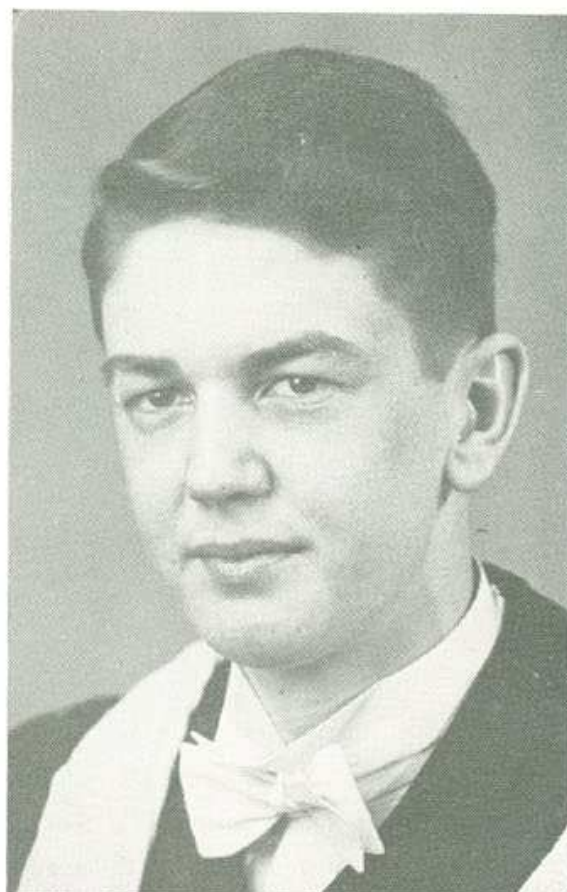

High School, St. Mary's;—Sodality B.V.M.;—Freshman and Senior Debating Societies;—C.C.S.M.C., '47-'50;—Tau Gamma Sigma, President '50;—C.O.T.C., '50;—Intercollegiate Debating, '49-'50;—Debating Society Secretary, '50;—Intercollegiate Hockey, '50;—Interfaculty Hockey, Baseball, Football.

Possessed of a keen intellect, Fred has achieved brilliant success in his scholastic career, and his pleasing personality has won him many friends at Saint Mary's College.

Always active in extra-curricular activities, he displayed great oratorical talent in his debates against Mount Allison University and the University of New Brunswick. In Interfaculty and Intercollegiate hockey his tricky stick-handling and clever play-making sparked his team to many a triumph.

Although his enthusiasm for studies and debating made him a leader in his class, he will best be remembered for his warm humour which lightened many a dull day.

Rumour has it that Fred will continue his education at Dalhousie University. We at Saint Mary's wish him all the best in his new studies.

**R. JEFFERY FLINN, B.A.**

High School, St. Mary's;—Sodality B.V.M.;—Freshman and Senior Debating Societies;—C.C.S.M.C., '47-'50;—Delegate, C.C.S.M.C., '48;—Tau Gamma Sigma, Sec.-Tres., '48, '49;—Intercollegiate Debating, '49, '50;—Intercollegiate Radio Debating, '48, '49;—Interfaculty Debating Champ, '47, '48;—Public Speaking Contest, '49, '50;—Radio Finalist, '49;—Playshop, '47; Collegian, '50;—Journal, '47-'50;—Interfaculty Football, Hockey, Baseball.

In four years of activated college life, Jeff has combined a high scholastic record with everything in the way of extra-curricular activities.

How whole-heartedly he entered competition was shown back in Sophomore when he spent three days in another world as the result of a successful attempt to stop a goal with his head, in an Interfaculty Hockey contest.

Social and athletic attractions are a must on his list. An interesting conversationalist and a pretty fair debater, Jeff is sharp in constructive criticism and is a man who makes the most out of any situation, good or bad.

In the seven years of high school and college at St. Mary's, Jeff has made many friends who all wish him every success in later life.

# ARTS

**J. ROGER LeFRANK, B.A.**

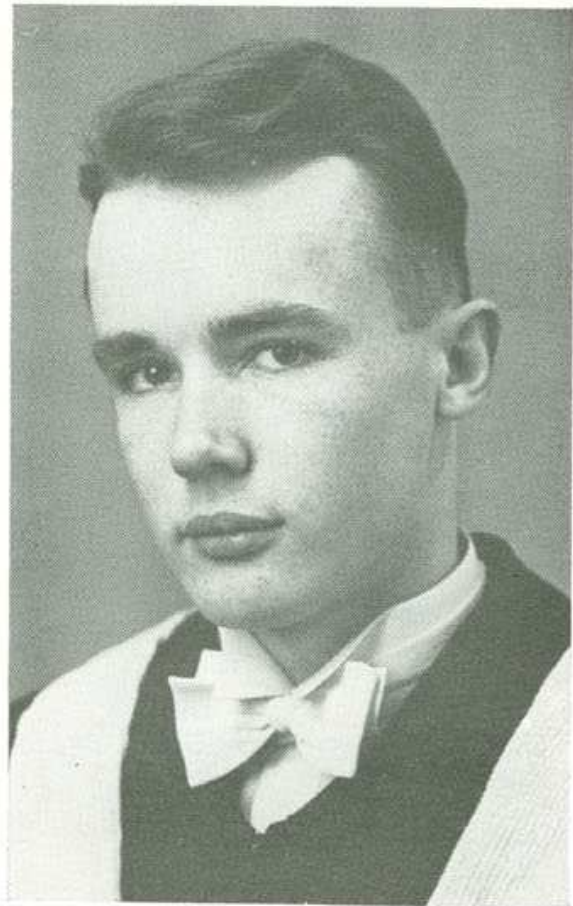

High School, Ship Harbour and St. Mary's;—Sodality B.V.M.;—Freshman and Senior Debating Societies;—C.C.S.M.C.;—Tau Gamma Sigma;—Collegian, '48, '50;—Journal, '43-'50;—Jotter, '50;—Boarder's Society, '43-'48;—A.A.A. Representative, '48;—Interfaculty Baseball, Hockey, Football;—Champs '50, Football. St. John Burchman's Society.

Coleridge's words "Dear Lord, it hath a fiendish look", aptly describe our "Demon".

Out of the fog of the eastern shore of Nova Scotia, with a Gallic look and Irish sentiments, strode the students' poet-laureate—Roger LeFrank.

Ever ready with an agreeable smile and witty remark, Roger came to St. Mary's for most of his high school and all of his college education and brought an ever-present effervescent enthusiasm for any type of venture from fishing to cheerleading and from radio announcer with Norm Riley to the "Mystery man of the Campus" with the Journal.

While at St. Mary's, Demon never missed the opportunity either to engage in a good argument or to celebrate with ribbon and shamrock. When Roger goes, a very familiar figure leaves the campus and a great silence is sure to descend.

**THOMAS J. MOORE, B.A.**

High School, St. Mary's;—Sodality B.V.M.;—Freshman and Senior Debating Societies;—C.C.S.M.C.;—Tau Gamma Sigma, Vice-Pres., '49, Sec.-Tres., '50;—Intercollegiate Radio Debating, '49;—Students' Council, '49, '50;—Collegian, Assoc. Editor, '50;—Journal, '49, '50;—Playshop, '48;—Interfaculty Hockey, Basketball, Football.

Genial, smiling "Tommy" Moore has roamed these hallowed halls ever since the ninth grade, and now that he has completed four successful years in Arts, both Tom and St. Mary's will experience a mutual loss at their parting.

Although he confesses an affinity for sleeping, he has always been a keen and diligent student and a zealous participant in all college activities.

Tom's interests are writing and the welfare of mankind. His excellent articles in the Journal merit special mention. Many an hour was spent by Tom in forming a topic sentence that would read just right.

One thing about Tom that impresses those he meets is his ability to carry on an intelligent conversation on almost any subject under the sun and sometimes beyond it. A sure sign of the future success we know he will attain.

# ARTS

**FRANCIS P. MULROONEY, B.A.**

High School, Oxford and St. Mary's;—Sodality B.V.M.;—Senior Debating Society, '48, '49;—C.C.S.M.C.;—Tau Gamma Sigma;—Intercollegiate Hockey, '50;—Interfaculty Hockey, '50;—Interfaculty, Baseball.

Frank, informally known to all his classmates and friends as "Old Mul", has finally written "finis" to his brilliant scholastic career at St. Mary's College with "unhurrying chase and unperturbed pace." Frank has pursued the fine arts with the enthusiasm and tenacity of a true student, nor did he expend himself only in the classroom.

Versatile in sports, he excelled in hockey, where his inspired play and competitive spirit won him much acclaim.

Of a quiet nature, he is pleasant and unassuming; qualities that make him very popular with his fellow students. 'Tis said that Frank aspires to the optical profession. (We can easily guess why.)

Whatever his calling however, we can be certain that he will impart to it the same manly qualities that have characterized his stay among us. To Frank, we say—"Good Luck".

**THOMAS NICKERSON, B.A.**

High School, St. Patrick's;—Sodality B.V.M., Secretary, '50;—Freshman and Senior Debating Societies;—C.C.S.M.C.;—Tau Gamma Sigma;—C.O.T.C.;—Senior Canadian Football, '48;—Athletic "M", '48;—Interfaculty Hockey, Baseball, Football;—Football Champs, '50.

Gifted with a tenacity found in few students, "Big Nick" has set a high standard for future Santamarians. Tom has displayed both courage and perseverance in studies and sports. Especially in the Latin class did he show his brilliance.

Though modestly soft-spoken, Big Nick's sparkling humour has won him immense popularity both on and off the campus. Tom never fails to see the funny side of life as well as the serious.

Playing on the Art's Interfaculty Hockey team, Tom's fearless bruising play has been a tower of strength on defense. His galloping, driving spirit has been a tremendous inspiration of clean sportsmanship, both to his team and to the opposing team.

In leaving St. Mary's, Tom closes a brilliant college career which will certainly benefit him in his future choice of a profession.

# ARTS

**HENRY P. NUNN, B.A.**

High School, St. Mary's;—Sodality B.V.M., '46-'50; Prefect '49;—Freshman and Senior Debating Societies; Vice-Pres. '49; Executive '50;—C.C.S.M.C.; Secretary, '49; — Tau Gamma Sigma; Secretary, '48; President, '49;—Radio Speaking and Debating, '49, '50;—Platform Speaking, '49, '50;—Collegian, '50;—Journal, '46-'50; Circulation Manager, '49, '50;—Students' Council, '49;—Playshop, '48;—Intercollegiate and Interfaculty Debating, '47, '48;—M.I.D.L. Representative, '47;—A.A.A. Representative, '50;—Interfaculty Football, Hockey, Baseball, Football Champs, '50. Intercollegiate Hockey '50.

A staunch member of that select group known as the "Basement Philosophers", Henry has been a great supporter of all college activities. Throughout his four years of college he has shown keen interest in athletics, social activities and debating.

A quiet, but pleasant personality, capped with a boyish grin have accompanied Henry throughout his twenty years of existence and should be a great asset to him as he climbs the tree of success in later life.

A gentleman, Henry is a great competitor and bears watching in the future. Good luck to him from all the boys.

**WILLIAM A. RUSSELL, B.A.**

High School, St. Mary's;—Sodality B.V.M., '41-'50; Prefect, '50;—Freshman and Senior Debating Societies;—C.C.S.M.C.;—Tau Gamma Sigma;—Students' Council, '50;—Journal, '46-'49;—Circulation, '46-'48;—C.O.T.C., '45;—Playshop, '46-'48; — Boarders' Society, '47, '48;—Interfaculty Football, '48-'50; Champs, '50.

"Someone said he would look a god in kilts". Loquacious, affable, humorous, whimsical; in short—a bubbling personality with all the lively pep and kick of a champagne cork. That's the way to describe our "Gus"; a lad with a list of friends as long as his repertoire of anecdotes.

An affinity for the pipes and the trappings of his Scotch forbears made him on arrival, a notable and likeable fellow on the campus.

In his headlong flight through his course he has created more noise and excitement than his old Ford truck.

His departure deprives us of a course of laughter and friendship that will not be forgotten so long as a contemporary tarries at St. Mary's.

## ARTS

**LEO ARAB**

High School, Saint Patrick's; Tau Gamma Sigma; Sodality B.V.M.; C.C.S.M.C.; Freshmen and Senior Debating Societies; Inter-faculty Sports.

A master entertainer! That's our Leo. Give him a piano and away he goes. Leo can play any piece you want to name on the spot. He was always ready with a few tunes at the Sodality receptions and other social functions at the College.

Leo came to us from Saint Patrick's with a remarkable sense of humour. He would always have a witty reply to everything said to him. Always smiling, he was liked by all at Saint Mary's.

It is our wish that he will be successful in his studies next season and will leave Saint Mary's with high honors. Do your best, Leo boy!

**ERIC TOBIN**

High School, St. Mary's; Tau Gamma Sigma; Sodality B.V.M.; St. John Burchman's Society; Boarders' Society; C.C.S.M.C.; Freshman and Senior Debating Societies; Inter-faculty Sports.

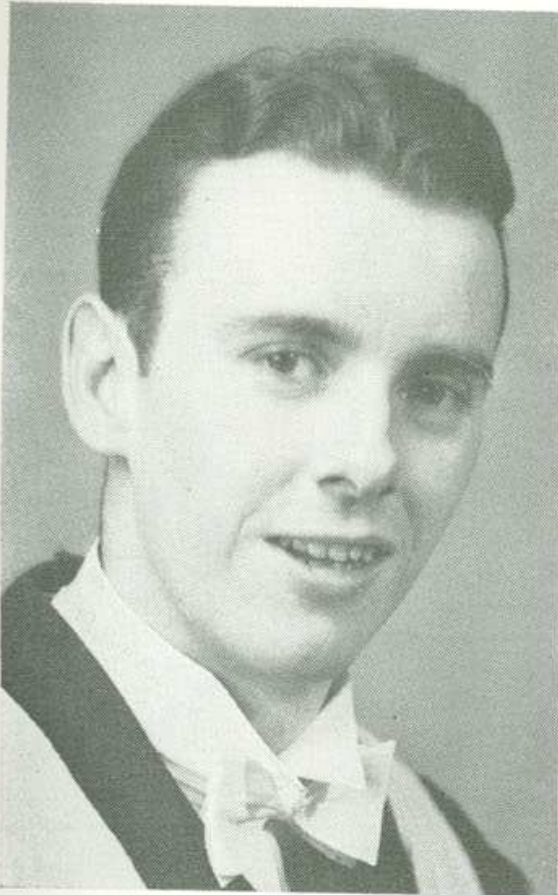

Eric was a member of that now famous Barrington Street organization — the Boarders' Society. He could always be seen travelling the coaches with his brief case in hand.

Though a quiet sort of fellow, he was liked by freshmen and upperclassmen alike. His pleasing smile was always ready to greet anyone with whom he came in contact.

Eric was an actor of some note. He played his part exceptionally well in the Sodality mission play.

Although he did not quite make the grade this year, we feel sure he will come through with flying colors next year. Best of luck to you, Eric!

## COMMERCE

**DENNIS J. BIGGS, B. COMM.**

High School, St. Mary's;—Sodality B.V.M.;—Freshman and Senior Debating Societies;—C.C.S.M.C.;—Delta Lambda Kappa; Secretary, '47; Treasurer, '48;—Journal, Sports Editor, '47, '48;—Collegian Diarist, '50;—Students' Council, Treasurer, '49;—Playshop, '48;—A.A.A. Vice-Pres., '48, Comm. Repr., '49, '50; Interfaculty Football, Champs '49; Hockey, Champs '47, '49; Baseball, Champs '49.

"An all round good sport". socially, academically, and athletically; those words suitably describe "Denny", a member of the Commerce group.

He has taken part in just about every type of activity from the Students' Council to the Playshop and from Hockey to Debating.

His mild, pleasant manner have made him popular with all the boys at St. Mary's. "Denny" never gets mad, never raises his voice in anger, and is always willing to help out wherever and whenever he can. As he leaves us to enter the outside world he will be accompanied by all good wishes for future success.

**NEVILLE E. CONNER, B. COMM.**

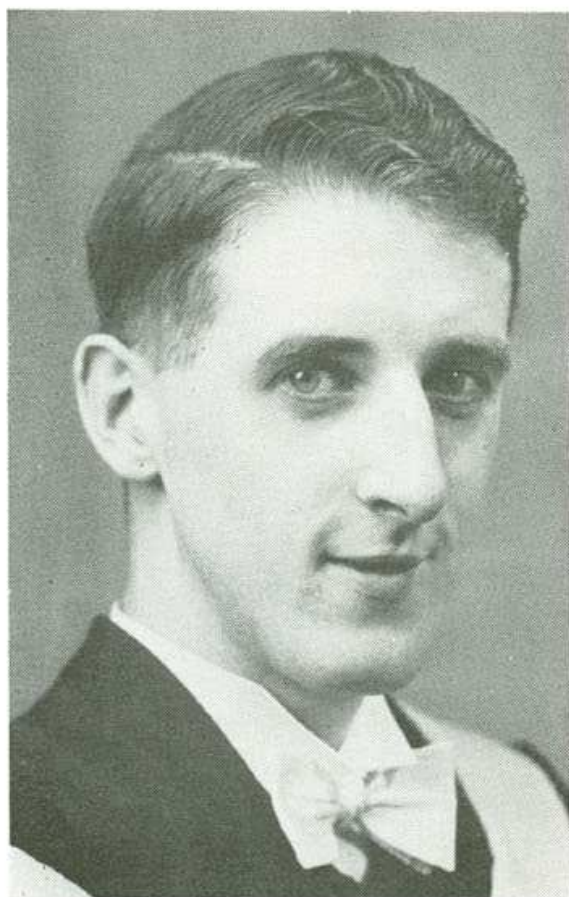

High School, St. Thomas College, Curacao, D.W.I.;—Sodality B.V.M.;—Freshman and Senior Debating Societies;—C.C.S.M.C.;—Delta Lambda Kappa;—Intercollegiate Debating, '48, '49;—Students' Council, '50;—A. J. Haliburton Award for Platform Speaking, '50;—Gold Medalist, '48, '49, '50;—Journal, '49, '50;—Collegian, Biographer, '49, '50;—Boards' Society, '46-'48;—Philosophy and Economics Awards, '49.

From the land of the swaying palms and sambas, Nev Conner found his way to the halls of St. Mary's College.

Neville soon established himself as not only an outstanding student when it comes to pushing debits and credits about, but also as one of the most popular students at the College.

His popularity reached its apex when he was elected president of the Students' Council for 1949-50 term. As this ambassador of goodwill from the Dutch West Indies leaves the halls of St. Mary's, we wish him all the very best of everything in his ventures into the business world, whether it be in this country or below the border.

## COMMERCE

**BERNARD G. KLINE,  
JOURN., B. COMM.**

High School, St. Patrick's and St. Mary's;—Journalism Diploma, '48;—Sodality B.V.M.;—C.C.S.M.C.;—Freshman and Senior Debating Societies;—Delta Lambda Kappa;—Chi Epsilon Phi, Secretary, '44;—Journal, '44-'50, Assoc. Editor, '49, Editor, '50;—Collegian, '48, '49 Editor, '50;—C.O.T.C. '45, '46.

Bernie has the proud distinction of being the first to receive a Diploma in Journalism from St. Mary's. After completing his literary course he returned to college to further his education in the field of Commerce.

On the staff of the Journal since his high school days, he rose from a Reporter to Associate Editor in 1949 and to Editor-in-Chief the following year. His journalistic knowledge combined with hard work produced some of the best Journals seen at the college for some time.

So well did he handle the Journal that he was asked to assume the Editorship of the Collegian, a position he filled with equal success.

We extend to Bernie our best wishes in his future endeavours whether they be literary, business or otherwise.

**FRANCIS J. MORRIS, B. COMM.**

High School, St. Mary's;—Sodality B.V.M.;—Freshman and Senior Debating Societies;—Delta Lambda Kappa;—C.C.S.M.C.;—Journal, '48.

We didn't see much of Frank during his final year at St. Mary's, mainly because he was taking classes in two subjects only and had no reason for staying all day. However, when he was around he enjoyed talking with the boys about his experiences with the opposite sex and other happenings.

Frank was another of the quiet, milk type, but made himself popular with all who came in contact with him.

To Frank we wish all the best of everything as he leaves the halls of St. Mary's to seek his fame and fortune in the outside world.

## COMMERCE

**EDWARD W. MURPHY, B. COMM.**

High School, St. Patrick's;—Sodality B.V.M.;—Freshman Debating Society;—Senior Debating Society, Secretary, '49, President, '50;—Intercollegiate Debating, '49, '50, Delegate, '50;—Delta Lambda Kappa, President, '50;—C.C.S.M.C.;—Life President Class of '50;—R.C.A.F., '42-'45;—Gold Medalist, '46, '48;—Sec.-Tres., Sodality, '49.

After spending four years in the service, (R.C.A.F.), Ed Murphy shed the blue of the air force and enrolled at St. Mary's College. A little older, more mature than some and with fewer hairs on his cranium than his younger brethren, Ed chose accountancy as his career and from that time no student has shown more versatile talents than Ed.

Recognized in his freshman year as a leader by his fellow students, he has held executive positions in all major societies open to him in the college.

We, at S.M.C., are proud of this man who has admirably combined a cultural and business training. A true gentleman, lover of nature, reader of poems, a man of distinction, Ed is assured of success and leaves St. Mary's with the best wishes of all who know him.

**MICHAEL E. MURPHY, B. COMM.**

High School, St. Mary's;—Sodality B.V.M., Second Vice-President, '50;—Freshman and Senior Debating Societies;—Debating Executive, '50;—Intercollegiate Debating, '50;—Platform Speaking, '50;—Delta Lambda Kappa, Secretary, '50;—A.A.A., Sec.-Tres., '49, Repr., '50;—Playshop, '47;—Interfaculty Baseball, Football, Hockey;—Hockey Champs, '47, '49.

An insistent voice and a keen mind have made Mike one of the outstanding debaters and speakers at St. Mary's College. In the Intercollegiate debates, the interfaculty debates, public speaking contests and as a candidate for the Students' Council Presidency, Michael has shown himself to be an able orator.

Combined with his gift of oratory, is Mike's love for Nova Scotia and things Nova Scotian. We are all proud of this man who is so proud of his native province.

Commerce men will never forget the case of mistaken identity in which he was involved during a tour of a local business establishment. Mike's friendly way will help him to go far up on the ladder of success. Good luck to you, Mike.

## SCIENCE

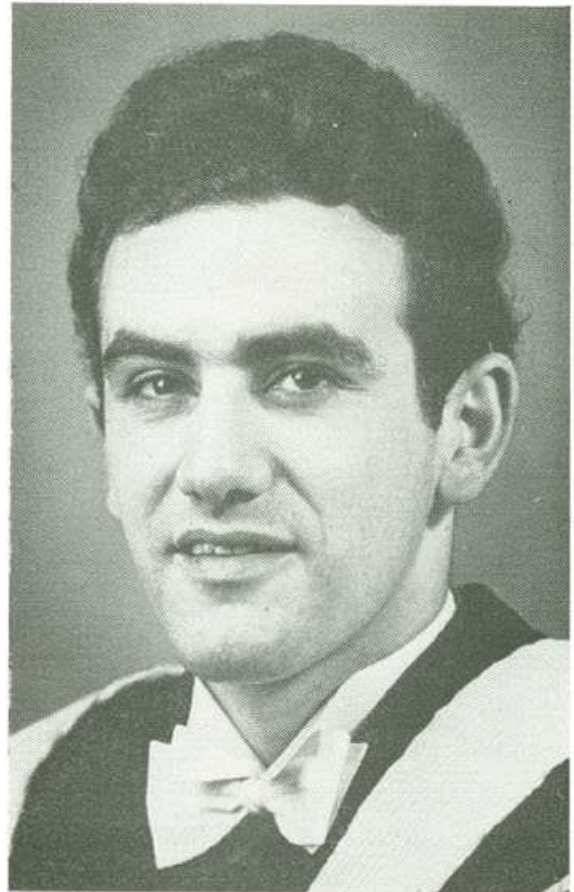

**DONALD E. ADAMS, B. SC.**

High School, St. Patrick's;—Engineering Society, '46-'48; Engineering Diploma, '48; Sigma Gamma Phi, '49, '50;—Students' Council Representative, '48;—C.O.T.C.;—Interfaculty Football;—Interfaculty Hockey;—Bowling;—Interfaculty Basketball.

Don has been a familiar figure around St. Mary's for some years. After receiving his Engineering Diploma in 1948 he returned to obtain a Bachelor of Science Degree which he receives this year.

Don is not as old as his mustache makes him look and is always ready with a smile when spoken to.

He served as representative on the Students' Council for a year and was active in the Engineering Society and Sigma Gamma Phi. He participated in all interfaculty sports at the College and was a most valuable player to his team's entry in the various leagues.

**KENNETH W. BUTLER, B. SC.**

High School, St. Mary's;—Sodality B.V.M.; Publicity Chairman, Sodality, '49;—Sec.-Tres., Engineering Society, '48, '49;—Students' Council, '49;—CHNS Radio Award, '49;—Interfaculty Football;—Champs '48, '49.

Ken, by his very presence commands respect and attention. Possessed of a fine speaking voice, he has used it often to capture awards at the public speaking contests and to awaken college spirit at St. Mary's.

He was the driving force behind many successful extra-curricular activities, while maintaining a fine academic record.

Ken, with his double endowment of a B. Sc. and an Engineering Diploma will certainly wield an influence on the world rather than have the world influence him.

His favorite type of vehicle during the past year has been a baby snowplow. Any time during the winter blizzard, Ken could be seen tearing around the drive way or up and down the sidewalk, turning aside the snow.

To Ken we wish all the best of luck in whatever he does. We don't think he will be long getting himself established in his chosen career.

# SCIENCE

**ALFRED C. FRECKLETON, B. SC.**

High School, Dartmouth High;—Engineering Society;—Sigma Gamma Phi;—Interfaculty Football, Hockey and Baseball, '46-'50.

Alf came to St. Mary's from the town across the Harbour, where he attended common and high school. He decided to join the ranks of the engineers at St. Mary's on completion of his high school course.

Quiet and friendly, Alf has made many friends and will do anything for anybody if he is asked. He has played all types of interfaculty sports and has done well in all of them. Since receiving his Engineering diploma, he returned to St. Mary's and has now obtained his Science degree.

He has not decided whether he will go to Tech or not as yet. Best of luck whatever you decide to do, Alf.

**ALFRED J. HALLISEY, B. SC.**

High School, St. Cecelia's;—Sodality B.V.M.;—C.C.S.M.C.;—Engineering Society;—Sigma Gamma Phi;—Boarders' Society, '48-'50;—Interfaculty Football, Hockey, Basketball, Baseball.

The second of our two "Alfs", Alfred Hallisey, (better known at S.M.C. as Jack), will receive two diplomas at this year's convocation. One in Engineering and the other with his Bachelor of Science.

A friendly sort of fellow from below the border, he was always friendly and liked by all his fellow engineers and scienemen and all others with whom he came in contact.

It is the wish of us all that he will have every success on his road to success as he leaves his Alma Mater to seek his fortune afar.

# ENGINEERING

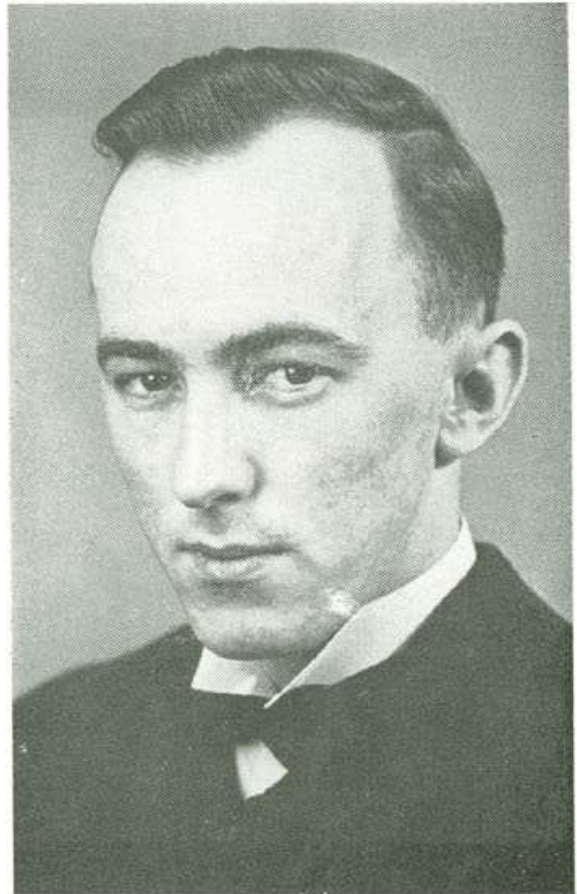

**CYRIL R. BURKE, ENG.**

High School, St. Mary's;—Sodality B.V.M.;—C.C.S.M.C.;—Engineering Society;—Interfaculty Football, Baseball, '46-'50.

Cyril, (better known as "Rex"), arrived at Saint Mary's College in the vanguard of those of us who are now graduating. And through the years he has been a real Santamarian.

His is a name to reckon with in skulking and skiing. Rex is also an acknowledged master of the quip "How are things?". Oh, how often has that expression been heard both in and out of class.

Never slow to come out of his engineering shell when the day's work was done, Rex was a welcome mixer as well as a good student. Here's to his success. What he achieves, he deserves.

**GERALD R. CURRAN, ENG.**

High School, St. Patrick's;—Engineering Society, '46-'48;—C.O.T.C.;—Interfaculty Football, Interfaculty Hockey, Interfaculty Baseball. Bowling;—Basketball.

'Gerry', as he was called in these parts, is a quiet sort of chap from whom we heard very little all year. However he always had a smile and a greeting for anyone with whom he came in contact.

In the Army during the war, he continued in the service after the war by joining the ranks of the Canadian Officers' Training Corps at the College. His experience to the Corps was most valuable and Gerry was able to pass many tips along to his fellow recruits.

We wish him luck as he leaves St. Mary's and we know he will carry on in the same dependable way wherever he goes in his journey through life.

# ENGINEERING

**JAMES HERNON, ENG.**

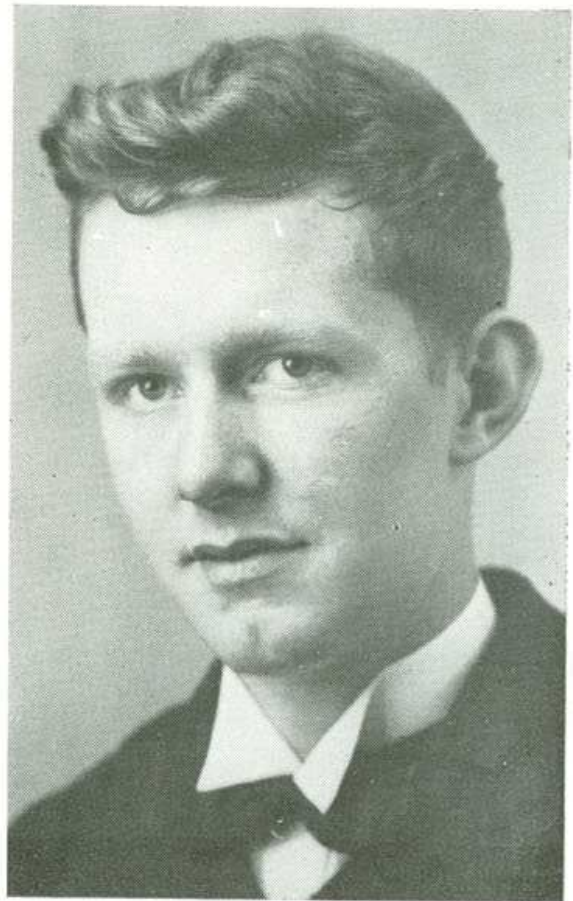

High School, St. Mary's; — Engineering Society;—College Bowling, '49, '50;—Interfaculty Football, Hockey, '47-'50.

Who has not seen Jim and wondered if he was not asleep? But behind this mask of inanimation lies an ambitious, hard-working young man.

Jim has always taken an active interest in college activities during his years at St. Mary's. There are many who remember his part in the Students' Council campaign of '48. He showed then, in a rousing campaign, some of the qualities which from all appearances seem to be asleep.

Jim is well liked by both professors and students alike and this ability to make friends will be a great asset to him in future years.

Easy to get along with, Jim may be likened to the tortoise. Though slow moving, he gets things done. Jim possesses qualities which will carry him far and insure for him success in anything he may attempt.

**ROBERT E. NOLAN, ENG.**

High School, St. Mary's;—Sodality B.V.M.;—Freshman Debating Society;—Engineering Society;—Interfaculty Football;—Interfaculty Hockey.

Bob is another of Dartmouth's contributions to the '50 graduating class of Saint Mary's College. With curly red hair and an unassuring manner Bob caught the fancy of the opposite sex. If at any time he appeared drowsy, he was so, only because he was thinking and contemplating deeply.

He is a red head without a temper, and is unexcelled at escaping unharmed from ticklish predicaments with a glib tongue.

Saint Mary's seems to have had a mellowing effect on Bob and we know that when he goes to Nova Scotia Technical College he will represent a true St. Mary's graduate. Good luck, Bob.

# ENGINEERING

**RICHARD MARTELL**

High School, St. Mary's;—Engineering Society;—C.O.T.C., '48, '49, '50;—Interfaculty Football;—Interfaculty Hockey, '48-'50.

"Marty" or "Dick", as he is known to his friends, began on the trail of higher learning as an Arts student at Saint Ann's College. It was not long before he decided to exchange the study of languages for one of figures.

Entering Saint Mary's as a Sophomore, he immediately made many friends with his classic wit. Marty, one of our few remaining vets, never could break away from the military life and is therefore the senior C.O.T.C. member at the College.

We have been proud to know this man and wish him success in the following year and hope he will come out on top.

**JAMES R. SOY**

High School, Colchester County Academy;—Sodality B.V.M.;—Freshman Debating;—Engineering Society, '47-'50;—Boarders' Society;—Interfaculty Football, Hockey, Basketball, '47-'50.

Truro's favorite native will be remembered by students and professors alike. Flaming red hair and enthusiasm to match heralds the presence of our Jim, the indomitable boarder.

He was always a good sport and took an active part in all types of athletics at Saint Mary's.

We wish him success in future years and hope he will make the grade which he has commenced to climb so well during the past few years.

# JOURNALISM

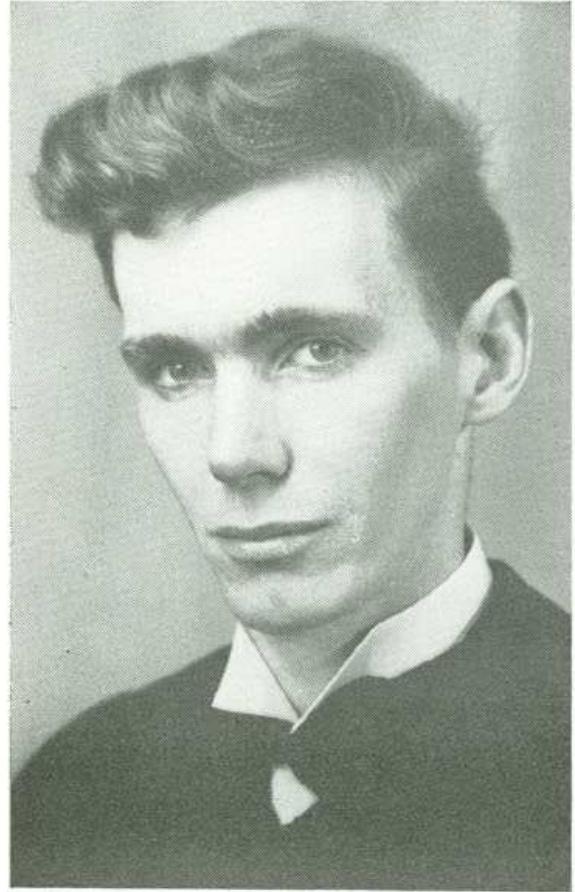

**OLIVER E. BLAKENEY, JOURN.**

High School, New Hampshire, C.V.T.;—Freshman and Senior Debating Societies, Journ. Repr., '49-'50;—Intercollegiate Debating;—Journal, Business Manager, '48, '49, '50;—Collegian, Business Manager, '48, '49, '50;—College correspondent Halifax Mail-Star, '48, '49, '50;—Boarders' Society, '47;—Glee Club, '47.

Another lad from south of the international boundary line, "Olly" has been a popular figure around St. Mary's during his stay within.

He will be remembered mostly for his excellent work on the advertising staff of both the Journal and the Collegian during the past three years. He says he knows just about every business firm in town and others outside too. His class mates often wondered why he chose journalism instead of Commerce for his career. And now, he tells us, he is planning to return to gain a Bachelor of Arts Degree; and if that's the way it's to be, Olly, we extend all our luck and wishes to you.

Olly was married during the school year and the marriage created quite a lot of favorable comment among the boys. We hope you and your wife will have many happy days together.

**ARNOLD PATTERSON**

A likeable fellow, Arnie is always in a rush. Everything he does is rushed. Arriving at the last minute he could often be seen tearing up the stairs to class, sometimes in time and sometimes not in time.

However, he was always ready to enter any activity which might be taking place in the various organizations in the college. He held a job in Dartmouth on which he worked between classes.

Despite the fact he did not quite make the grade this year, we know he will be successful next year and in whatever occupation he takes up in later life.

## Students' Council Executive

---

Sitting:—A. MacDonald, J. Napier, N. CONNER (President), K. Butler, A. Kalbhenn.  
Standing:—B. Russell, T. Moore.

---

The Students' Council this year was presided over by Neville Conner of the Commerce Society. Under his direction the Council carried out a number of activities and met regularly each month.

Initiation and the dance following were the first major undertakings of the Council for the year. So successful was the first dance that another was held one month later.

The question of the awarding of athletic "M's" was a major subject under discussion throughout the year. Considerable controversy arose over the matter both in and out of the Council.

In February the annual Mid-Year Prom was held at the Lord Nelson and proved quite successful, with a large number attending.

The Council, in co-operation with the Rector and Librarian, was successful in having the library opened all day for the use of the students. Since the Librarian could not be in attendance all day, the Council supplied students to act as librarians at different hours of the day.

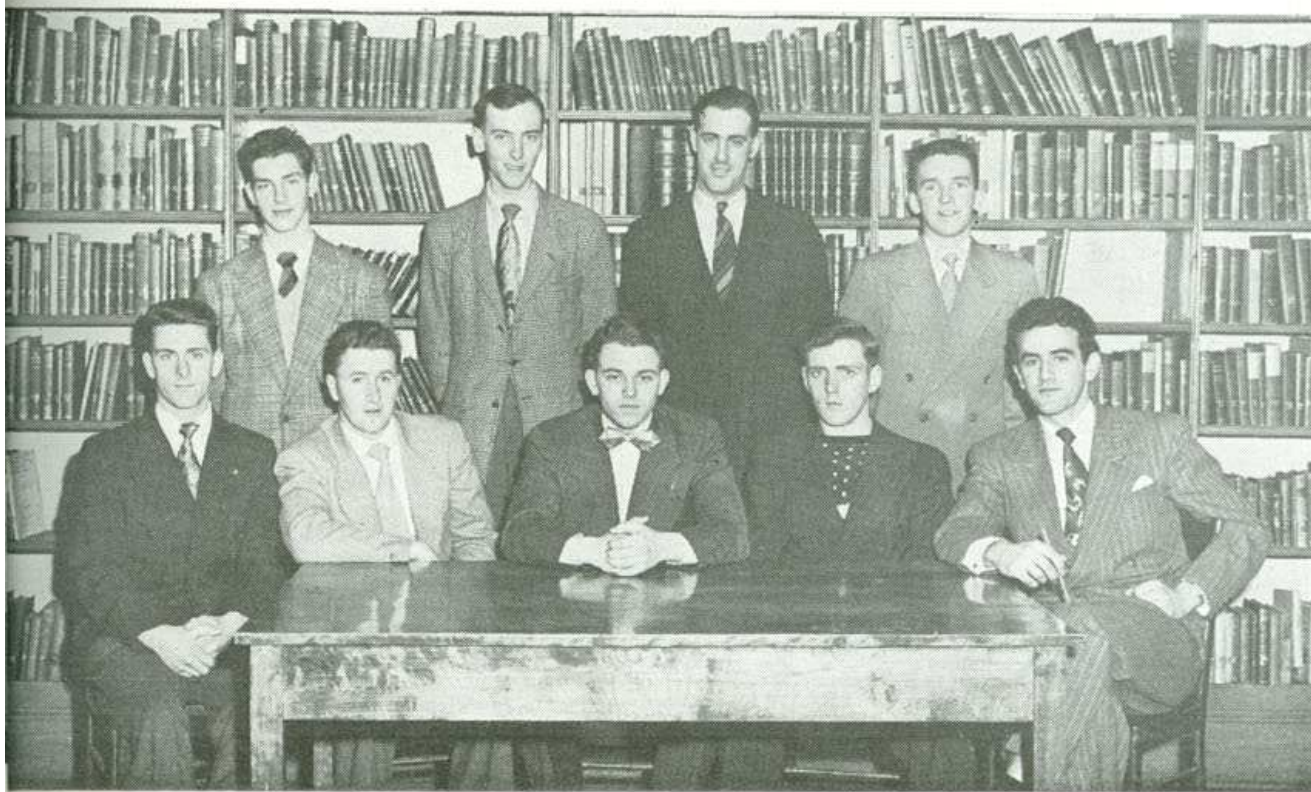

Activities for the year came to a head when election time came around. Due to some errors, the first balloting was declared void and a new election held. Edward MacCormick was the successful candidate.

The new president conducted and arranged everything for the Graduation Prom on May 12th to make himself familiar with the task he will be entrusted with during the next school year.

# Sodality Executive

---

Sitting:—B. Dishlin, M. Murphy, B. RUSSELL (Prefect), P. Chisholm, K. Butler.  
Standing:—J. Cashen, L. Patterson, T. Nickerson, R. Napier.

---

Under the leadership of its Prefect, William Russell, the Sodality was quite active during the year. Besides the annual reception, a number of drives and activities were conducted.

A campaign for clothing, books, toys, etc. for India and for Western Canadian Missions proved highly successful. Several large packing cases were shipped to Toronto to go to the missions.

A three day retreat was held with Rev. Fr. Daly, S.J., as retreat master. This event was well attended and proved most inspiring.

In December, the reception of new members took place in the chapel. After

the reception a buffet supper and entertainment took place at the Barrington Street Residence.

The Sodality was host to other units of the Canadian Catholic Students' Mission Crusade during the month of March. A play, written by several of the Sodalists, proved highly entertaining during the annual meeting of the group.

Five special speakers addressed the entire student body during the Sodality sponsored Vocation Week at the College. Each day a well known figure in different walks of life explained their profession to the assembled students.

# Saint Mary's Journal

Six editions of the Journal were published this year under the capable guidance of Bernard Kline, editor of the paper.

During the year, the Journal conducted a highly successful Poll of Student Opinion, in which a number of interesting facts were revealed.

A number of articles and letters concerning the Students' Council controversies made interesting reading and kept interest high.

An interview with Joseph Plevnik of Slovenia was another Journal highlight.

A feature of this year's Journals was the large number of original pictures carried in each edition. Most of the shots were taken for the Journal by its own photographers.

## Debating Executive

---

Left to right:—M. Murphy, F. Cable, E. MURPHY (President), H. Nunn, O. Blakeney.

---

A highly successful year was again chalked up by the Debating Society with resident Edward Murphy in the chair. A large number of interesting debates and open forums were conducted during the year.

The Inter-Collegiate Debaters made good showings in their debates even though they were not the winners in every debate in which they took part.

The presentation to the Society of a tape recorder by the Ladies' Auxiliary was a notable event in the year's activities. Many of the debaters made use of the machine to help them improve their manner of speaking.

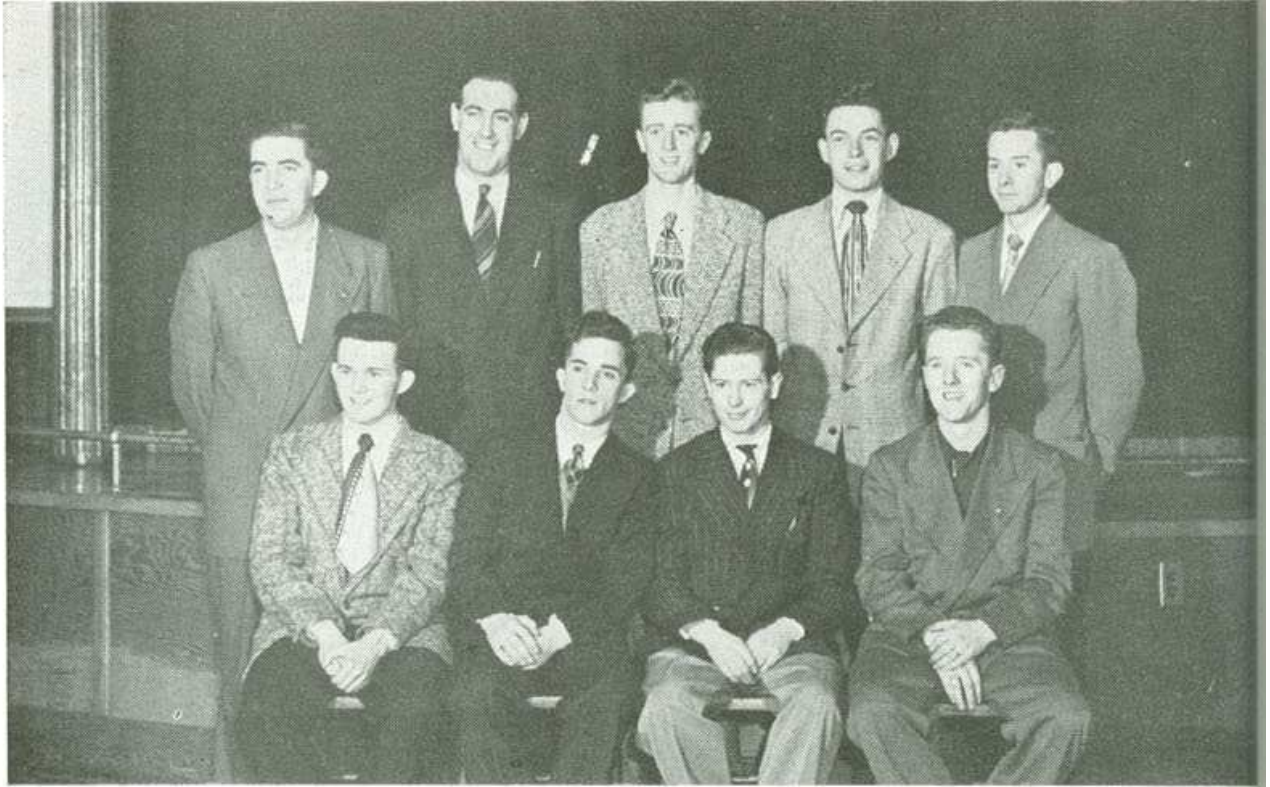

The Public Speaking Contest held during the year was said to be one of the best ever held at the College. The winners had to overcome strong competition from other contestants to come out on top.

The concluding event of importance for the year was the Mock Trial held in the Assembly Hall. Written by the students themselves it proved highly amusing to fellow members of the Society and to others as well.

The Moderator and Executive deserve high praise for the splendid well-rounded program they presented during the year.

## Ladies' Auxiliary

---

**MRS. J. B. SABEAN, President**

The Ladies' Auxiliary of St. Mary's College, which now has more than a hundred members, has completed another successful year of activity under the president, Mrs. J. B. Sabean. Throughout the college year, monthly business meetings were held in the College auditorium. At these meetings, the Auxiliary, whose membership is comprised principally of mothers of students at the College, laid plans to further the work and aims of the organization; namely, to assist wherever possible in the functioning of the College.

As part of this program, the Auxiliary sponsored the Faculty Tea held early in the College year.

A Tea and Sale under the general sponsorship of Mrs. J. W. Belair was widely

patronized. A major feature of this event was a drawing conducted by Mrs. J. L. Trainor.

Shortly after the new year, a Bridge, which has become a popular annual feature was successfully conducted by Mrs. Belair. The refreshments for this function won wide praise and merited congratulations for Mrs. J. B. Mantin who was responsible for them. Mrs. Trainor and Mrs. T. B. Houlihan provided a large assortment of excellent prizes.

One of the looked-forward-to social events of the year is the Graduates' Tea which was again sponsored by the Ladies' Auxiliary. The College is indebted to the president, Mrs. J. B. Sabean and the executive who assisted her for the capable manner in which they conducted the tea.

Many contributions were made to the College during the school year. Possibly the most important and most useful of these were a moving picture projector and a tape recorder.

During the year, the Ladies' Auxiliary Sewing Group, under the convenorships of Mrs. A. W. Abraham and Mrs. G. F. Kline, met at the College every Thursday afternoon. The Group did all the mending for the College Faculty and were also responsible for making and maintaining the College linens.

Plans are now underway for the next annual Tea and Sale to be held at the College shortly after the new term begins in the fall.

## Mock Trial

In a scene from the mock trial, Chief Justice Edward Murphy is shown presiding over his court as counsel for the prosecution, Mike Murphy, questions the accused, Tom Nickerson, on the witness stand. Court clerks Fred Cable and Arnold Patterson record the testimony in the records of the court.

In the above photo, Dave Arcsott expresses his conception of the subject under discussion at a meeting of the Freshman Debating class. In the picture are: Jim Maddocks, Dave Arcsott, John Lacey (chairman), Jim Powers and "Bunny" Inglis.

## Sodality Celebration

Following the reception of new members into the Sodality, a buffet lunch and celebration was held. Above are shown some of the Sodalists raising their voices in song during the sing song.

## Old and New Presidents

Neville Conner, left, president of Students' Council for the past year, is shown extending congratulations to Edward MacCormick, right, newly elected president for next year. MacCormick was successful over two other candidates in the presidential elections. He defeated Don Merzetti and Jack Napier by a considerable majority.

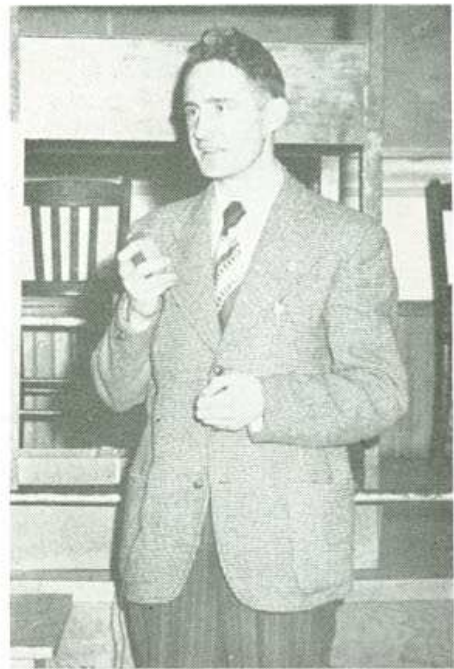

## With The Journalists

Journalism Instructor Eric Dennis hands a bulletin hot off the new teletype machine recently installed for use of Journalism students, to Mary MacCormack and Don Merzetti, second year students, with instructions to write a suitable headline for the article.

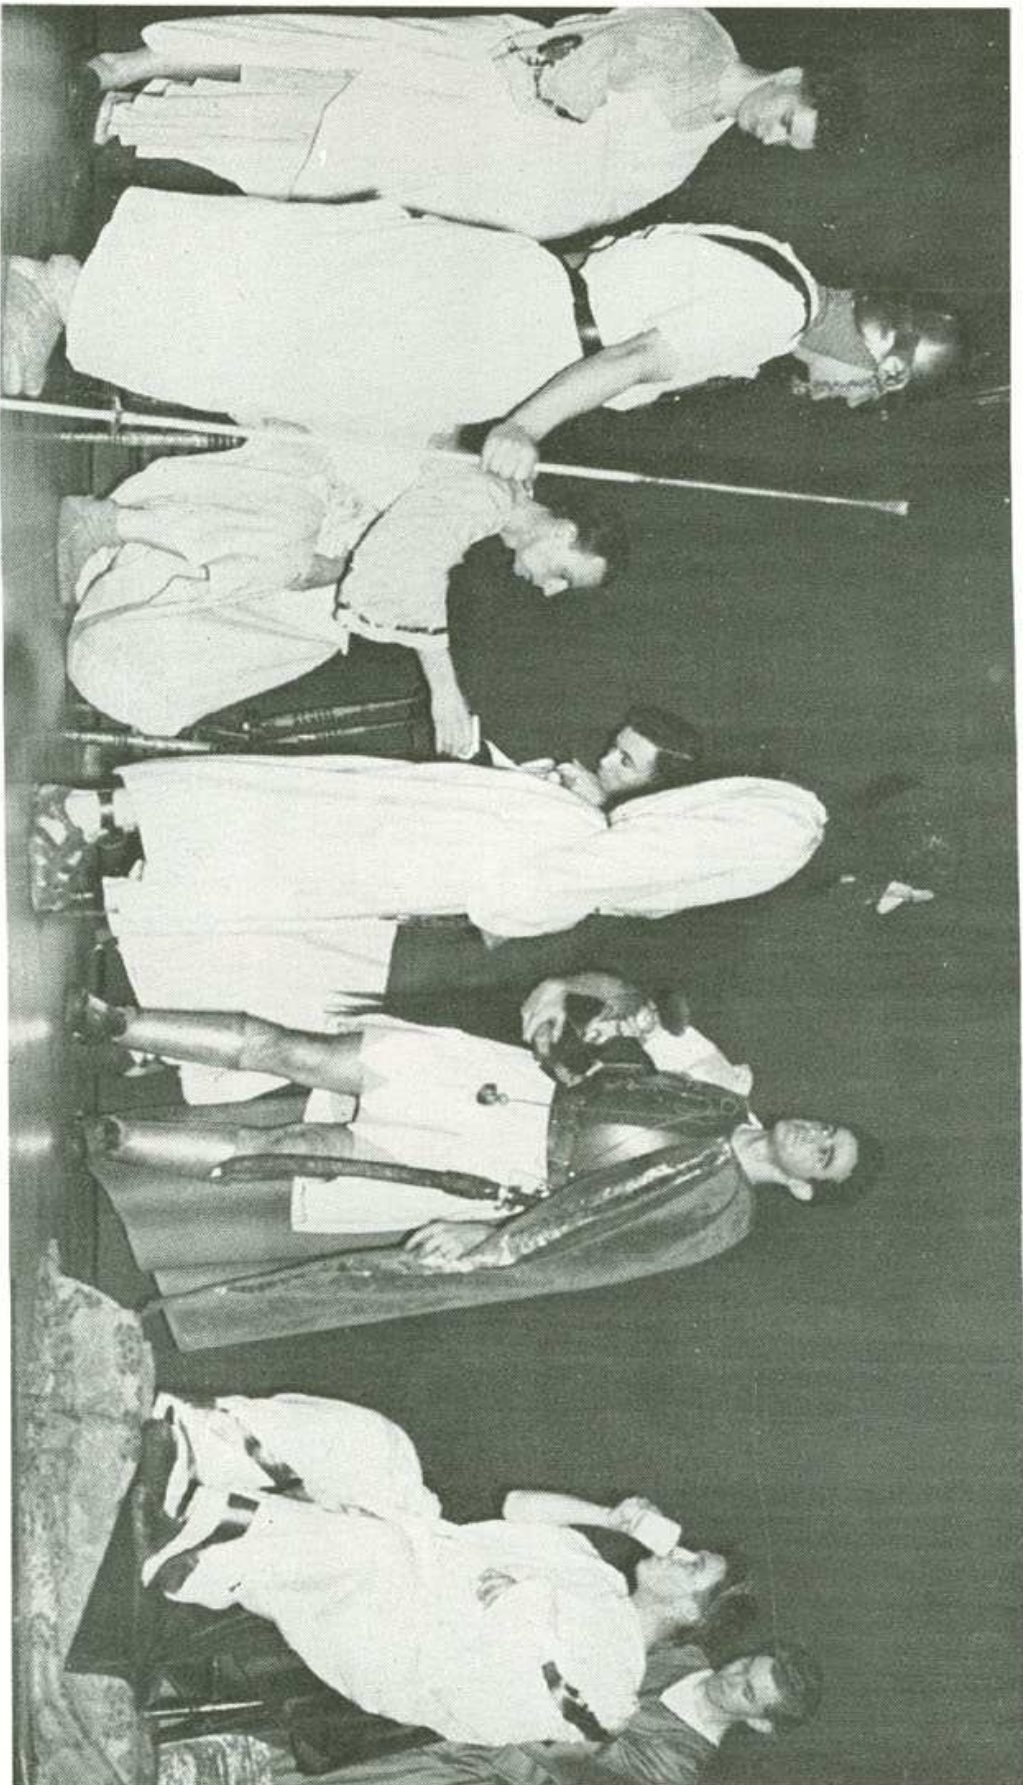

Joseph Plevnik, Freshman Engineer at St. Mary's College, who marched with the Slovenian anti-communist army a few years ago, when that band fled from so-called Russian liberators into Austria.

Edward Murphy was voted the most popular student at St. Mary's in the Journal Poll. He was also elected president of the 1950 graduating class at the College. Ed was the capable head of the Debating Society for the year and was a member of the Sodality and other organizations on the campus. During the war, Ed served with the R.C.A.F. and after the war, came to St. Mary's where he enrolled in the Commerce course.

This was not a very busy year for the executive of the Athletic Association at Saint Mary's. The election of officers was not held until well on in the season and even then meetings were few and far between.

Al Kalbhenn was elected to head the Association assisted by a capable staff of five — one representative from each faculty.

History was made in Interfaculty Football this year when Arts won the championship for the first time by defeating the Engineers' team. In hockey, the

Engineers were fortunate to be able to maintain a slight lead and capture the Interfaculty Hockey title. There was no Inter-collegiate hockey team this year.

Basketball came into the spotlight at St. Mary's this year for the first time. It had been played off and on before but this year a league was formed between the various faculties and boarders. Boarder "A" captured all the honors in this league.

Bowling is another fast developing sport at St. Mary's and is rapidly becoming a favorite. Baseball was carried on with the usual success.

## Let 'Er Roll

Snapped during one of the league games, Frank "Spike" Matthews is shown ready to send the ball on its way down the alley as R. Richard, Joe Streeter and Don Cable look on behind. Started by the freshman class of last year, bowling has now caught on at St. Mary's with much interest being shown in the sport.

## Arts vs Commerce

Nick Walsh, in the nets for Commerce is shown pushing aside an attempted goal by one of the Arts players. Colin Maloney seems to be the one who attempted the shot.

# High School Cadets

The Saint Mary's High School Cadets attending Mass in the Chapel at Garrison Barracks, Halifax, on the occasion of their annual Church parade. Rev. J. McCarthy, celebrant.

---

With the closing of the academic term, the St. Mary's High School Cadets could look back on a very successful year. Under the capable management of the Rev. Mr. K. McKenna, S.J., the Cadets underwent a highly specialized training in the use of heavy anti-aircraft guns, radar detection of enemy aircraft and intercommunication of anti-aircraft batteries.

The High School Cadets are affiliated to the 36th Heavy Anti-Aircraft Regiment of Halifax and is the only Cadet Corps of its kind in Canada. The technical knowl-

edge acquired was put into practice on several occasions on the firing range at Eastern Passage. The Cadets, under watchful eyes of officers of the 3 H.A.A., acquitted themselves in admirable fashion during these tests. The Annual Inspection held at the Armouries on the afternoon of May 22nd drew compliments on all sides.

Lorne Hemphill was Officer Commanding the Cadets, ably assisted by Dan Kilroy.

## PROGRESS!

**F**OR 140 years the Story of Stairs has been synonymous with the Story of Progress.

Starting as a small general store in 1810, the firm has kept pace with the advance of time and has contributed much to the progress and growth of the city and province in which it was established.

Today, Stairs has become known as the supply house for much of the Hardware and Plumbing and Heating business conducted in the Maritimes. In addition, the firm is representative for the leading Canadian and American manufacturers of heavy construction machinery and equipment.

Stairs, today, embraces the four Maritime Provinces with branch offices located in Saint John, N. B., Sydney, N. S. and St. John's, Nfld.
