DEDICATION

This, THE COLLEGIAN of 1942, is dedicated with sincerity and appreciation to those who have graduated from this college and are now in the armed forces fighting for the defence of their country. They have denied themselves many opportunities of early life so that we who follow in their footsteps may dwell in peace and liberty. They have met the evil forces of paganism with a challenging determination and will.

Nor are they all in one branch of military life where it might perhaps be more secure and more advantageous to them. Rather, they are an integral part of the merchant convoys, of the airmen over Germany, of the daring raids of the "Commandos." The loyalty, the determination, the steadfastness, the courage which was instilled in them in their college days is now proving itself in this death struggle.

In deep admiration then, and in due respect, do we humbly inscribe our *Year Book* to them. Let it be a small token of appreciation to those who have already gone forth. Some of them have already fallen . . . it is to their memory that this book is especially dedicated.

GRADUATES

ATTAINING the end of their joyful college days the graduates of 1942 gaze ahead into the future. A rather dim and uncertain future it is indeed, overcast with misty shadows and dark veils which have ever concealed the coming events from man. So orderly do these young men march into so disorderly a world. They go forward to a challenging future, a threatening future. Dark gloomy clouds of infernal strife have shrouded the face of the earth. Man fights against man, nation against nation, race against race. Many, indeed most, will inevitably find themselves in its midst. Armed with a cultured, Catholic formation, it will be theirs to contest and conquer. And conquer they will. It is with this spirit of determination that they present themselves, the GRADUATES.

ARTS . . .

JOHN R. CAMPBELL

Shubenacadie, N. S.

Twice winner of the gold medal for scholastic efficiency and last year the winner of the Senator Dennis Award, Jack's record stands as mute testimony of his industry and brilliancy. Extremely popular, active in all fields, Jack is, to use an overworked phrase, "a scholar and a gentleman."

High School, Truro Senior High—Journal, '41 and '42—Editor, Year Book, '42—Sodality—Secretary, Boarders' Society—President, St. John Berchman's Society—Debating Society—Vice-President, Mission Crusade—Interfaculty Debating—Gold Medallist, '40 and '41—Senator Dennis Award, '41—Boarders' League—C.O.T.C.

WILLIAM DALTON

Halifax, N. S.

"Of lofty hopes; he to the world goes forth a favored being, prepared and determined." Sincerity, industry, ability—all round good fellow plus a magnetic personality are the qualities which go to make up our Bill. Saint Mary's best debater, Bill has added many laurels to the school as well as to himself. Bill could walk with Kings and yet keep the common touch. Don't ever try to discourage him—it's impossible. To you Bill Dalton—Good luck may you keep on winning.

High School, Saint Mary's—Tau Gamma Sigma—Journal, '39, '40, '41 and '42—Feature Editor, '41 and '42—Business Manager, Year Book, '41—Dramatics, "Who Ride on White Horses" Play-Shop—Delegate, Students' Conference, '40 and '41—Intercollegiate Debating, '40 and '41—President, Debating, '41 and '42—C.O.T.C. Corporal—Gold Medal, Economics, '41—Cheer Leader '39, '40 and '41—Sodality—Delegate to Debating Conference (M.I.D.L.)

JAMES DUNNE
St. John's, Nfld.

The second of the "Newfoundland Jims" and a silent partner, Jim is essentially a man of action. The possessor of a kindly humour and the devotee of a certain well-known puzzle Jim's quiet ways, his friendliness and interest in all college activities have won for him a host of friends here.

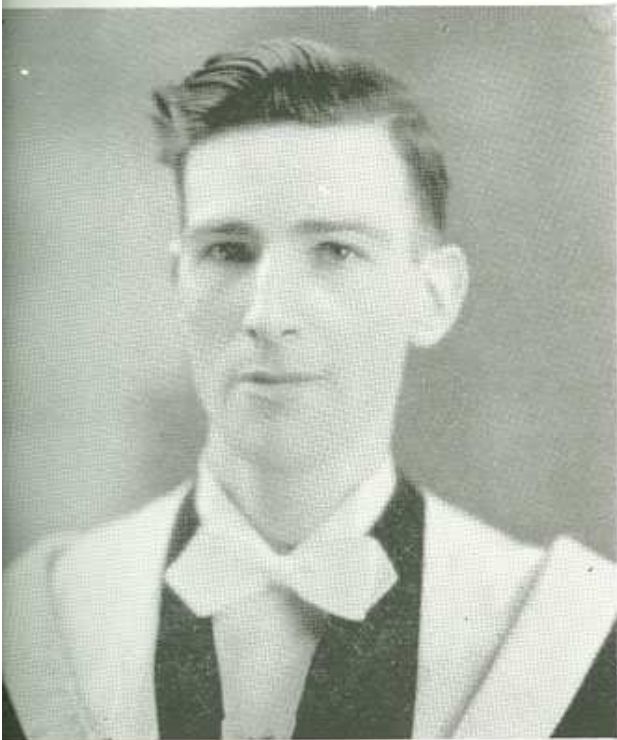

High School, Holy Cross and Saint Bonaventure's—Secretary, Tau Gamma Sigma, '42—Sodality—Boarders' Society—Acting L.C., C.O.T.C.—American Sixes—Handball—Boarders' League.

JOSEPH HALLISEY
Halifax, N. S.

Commonly called the "Deacon," Joe forms part of the foundation of Saint Mary's. Everyone in both junior and senior schools has met The Deacon some way or another. Joe is always in a hurry. His motto "If I'm going I'll be there early." Joe's character is beyond reproach. He is one of the most conscientious men at St. Mary's. In his departure we lose a fine gentleman.

High School, Saint Mary's—Tau Gamma Sigma—Journal, Reporter, '41-'42—Orderly Room Sergeant, C.O.T.C.—Choral Club, '40—Sodality

PAUL LABA
Halifax, N. S.

Paul is the most ardent handball enthusiast in the school, and a capable one he is, too. In addition to his scholarly pursuits, "Bullus" has found time to engage in extra-curricular activities and to keep up with his handball and modern music. Right now his heart is buried under the debris that once was the handball alley.

High School, Saint Mary's and Saint Patrick's—Treasurer, Tau Gamma Sigma, '42—Debating Society—Interfaculty Handball—C.O.T.C.—Sodality.

ALLAN McPHERSON

Halifax, N. S.

Well! Well! at last "ye old Editor himself." Yes, it's none other than "Scotty" McPherson the man who is behind the man behind the gun, i.e., the Editor of the *Journal*. Often accused of being the "Jotter," "Scotty" has put up with criticism from the whole school. To even matters up our genial Scot strikes back harder than ever and still keeps the *Journals* rolling. Congratulations on a good job, "Scotty."

High School, St. Patrick's—Tau Gamma Sigma, Vice-President—Corporal, C.O.T.C.—Sodality—Journal, '40 and '41—Editor, '42.

Augustine

AUGUSTUS McCARTHY

Halifax, N. S.

"Gus" is liked by the boys mainly because of his ready Irish wit—and friendly spirit. Though he has been at St. Mary's for the past four years, he might still be labelled "Unfathomable." As a Corporal in the C.O.T.C., he commands the attention of every cadet in no uncertain voice. "Gus" is an artsman with an art—music. He simply loves opera. John Charles Thomas is his favorite singer. Good luck to a true collegian.

High School, Saint Mary's College—Corporal, C.O.T.C.—Interfaculty Handball—Sodality.

JAMES P. O'NEILL

St. John's, Nfld.

A sincere and natural friendliness, a winning smile and an ever willing helping-hand has firmly established Jim at S.M.C. Student, wit, organizer that he was yet it is as the prototype of a really "true gentleman" that we will remember "Chief."

High School, St. Bonaventure's College—Tau Gamma Sigma—Journal '41 and '42—Photo Editor of Year Book '42—Play-Shop—Prefect of the Sodality '42—Choral Club—President of the Boarders' Society—Master of Ceremonies, St. John Berchman's Society—Delegate to Debating (M.I.D.L.) Conference '42—Secretary Debating Society—Acting I.J.C. C.O.T.C.—C.F.C.C.S. Delegate—Chairman, Catholic Press Committee.

COMMERCE . . .

JAMES P. McNEIL

Halifax, N. S.

All are familiar with the rolling gait, the ever-ready humour, the broad grin and the abilities of J. P. "you're-driving-it" McNeil. Active in every field, and altogether a splendid fellow.

High School, Saint Mary's—President, Delta Lambda Kappa '42—Play-Shop—Sodality—C.O.T.C.—Debating Society—Intercollegiate Football '42—Handball—American Sixes—Interfaculty Hockey.

TERENCE MARTIN

Halifax, N. S.

As numerous and varied as his friends are the talents of this man of *acta non verba*. The possessor of a rare gift for organization and executive ability, "Pepper" has given unselfishly of his time and energies during his stay here. At home on the rugby field or on the basketball floor he is the holder of a gold M.

High School, Saint Mary's—Secretary, Delta Lambda Kappa, '41—Secretary, Phi Phi Sigma, '38—Manager, High School Football, '39—War Savings Drive—Business Manager, Journal, '42—Sodality—Interfaculty Debating—C.O.T.C.—Business Manager, Debating Society, '42—Intercollegiate Football, '41—Basketball, '41 and '42—American Sixes, '39 and '40—President, A.A.A., '42.

SCIENCE . . .

DOUGLAS MASON
Halifax, N. S.

"Doug" Mason, a man who likes all things classical, is in turn liked by all the faculty. *The faculty*—Energetic, a leader and the essence of resourcefulness, "Doug" is a man of high calibre always able to remedy a situation. Good luck "Doug." *The sophomores*—"Doug," a man who likes to work—a man who will gamble and can take it. *The seniors*—Gentlemen! we give you a diplomat, an orator and a student. *Ed. Cosgrove*: My man "Doug." What would I do without him?

High School, St. Patrick's—Engineering Society—Journal, '41—Year Book, '41—Delegate, Students' Conference, '41—Interfaculty Debating—Intercollegiate Debating, '42—C.O.T.C.—Choral Club, '41—Sodality.

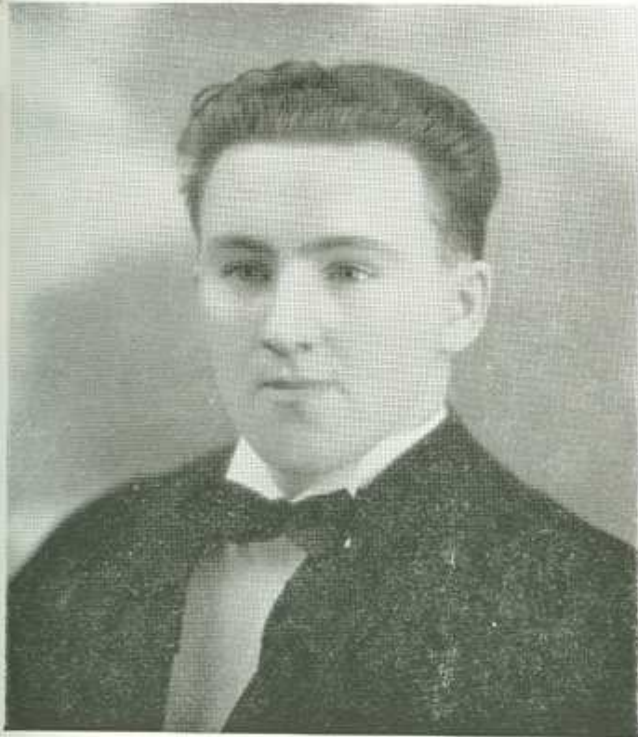

EDWARD T. COSGROVE
Halifax, N. S.

Here at Saint Mary's Ed. Cosgrove's name is associated with one word "energy." Be it debating, football, intercollegiate excursions or proms—nothing is too big for him. His record shows achievements accomplished by only a few. Now a debater, now a sergeant major, Ed carries on in true form. So carry on, Ed. Cosgrove!

High School, St. Patrick's—Engineering Society, Treasurer, '41; President, '42—Journal, '42—Choral Club, '41—Intercollegiate Debating, '42—Interfaculty Debating, '40 and '41—C.O.T.C.—Corporal, '41—Sergeant Major, '42—Intercollegiate Football, '41—Interfaculty Handball, '39, '40 and '41—Interfaculty Hockey, '39 and '40—American Sixes, '40 and '41—Sodality.

ENGINEERING . . .

TERENCE CORBIN
Halifax, N. S.

Upon "Corb" we bestow the honor of being one of the most popular students at Saint Mary's. Cheerfulness, good nature, and a disarming smile, assure him of a successful future. "Corb's" pet peeve is a radio schedule filled with soap programmes. In school his interest is held by Physics; outside by the voice of Dinah Shore. During his three years' stay at S.M.C. Terry has made a host of friends and a lasting impression.

High School, St. Patrick's—Engineering Society, Vice-President, '42—Choral Club, '41—C.O.T.C.—Intercollegiate Football, '42—Interfaculty Hockey—American Sixes.

PETER DUNSWORTH
Halifax, N. S.

We all know "Pete" because of his willingness to help out in a pinch. Quite gay in person "Pete" proves to be an unsung hero for the engineers. He likes classical and sweet music, his favorite singer being Theresa Monaghan. Almost too small to be one of those important graduates, but the old saying "Good things come in small packages" really holds true in Pete's case.

High School, Saint Mary's College—Engineers' Society—C.O.T.C.—Interfaculty Hockey—Football.

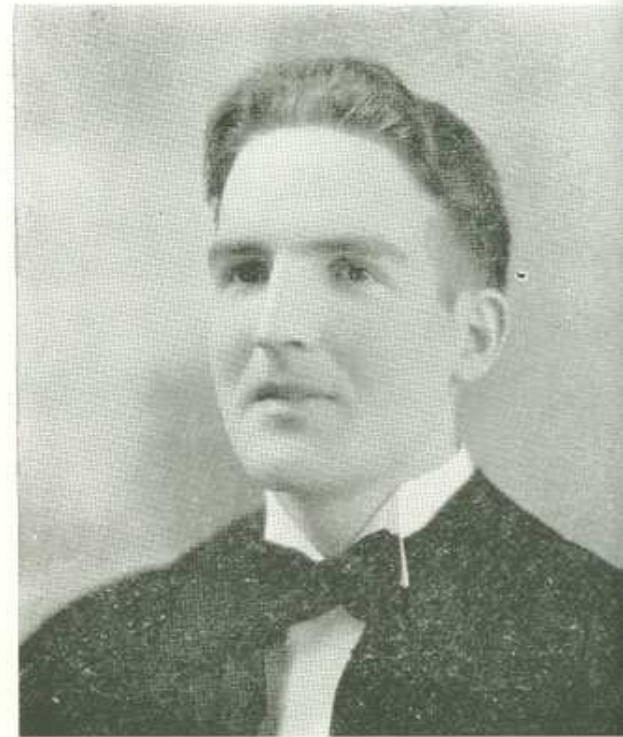

F. BERNARD DYER
Shediac, N. B.

"Bernie", formerly of Halifax—but lately of Shediac, is the artist of the Engineering Society. Between arguments he finds time to be an excellent student and keep the Engineers in signs. "Bernie" is quiet and easy going and keeps everyone happy with his whistling and doodling.

High School, Saint Mary's—Engineering Society—Sodality—C.O.T.C.—Interfaculty Hockey—Interfaculty Handball.

HAROLD GILLIS
Halifax, N. S.

"Gil," the "guiding light" of the Senior Engineers, hails from Whycocomagh, Cape Breton and spends hours describing its beauties. Absolutely imperturbable, something of a mathematical marvel, "Gil" won friends readily since he came to us from Dal.

High School, Baddeck Academy—C.O.T.C.—Engineering Society.

KEVIN GRIFFIN
Grand Falls, Nfld.

A senior, looking bewildered at this energetic bundle from Newfoundland on his first day here, turned to a classmate and remarked "My, my, he talks in shorthand." "Gabby," as he is affectionately known, is a virtuoso of the piano and his music has charmed these walls; and his presence has cheered us within them.

High School, Notre Dame Academy—Treasurer, Engineering Society, '42—Sports' Editor, Journal, '42—Play-Shop—Sodality—Choral Club—Treasurer, Boarders' Society—Debating Society—Treasurer, Saint John Berchman's Society, '42—American Sixes, '42—Handball—Boarders' League.

GORDON T. MADER
Halifax, N. S.

First and foremost a student, "Gord" is a product of Bridgewater, Nova Scotia. Only with us for two years, "Gord" has won friends easily and has become an ardent supporter of all things, Engineering or S.M.C. An accomplished violinist and bowler he has won success to a considerable degree in both.

High School, Bloomfield—Engineering Society—C.O.T.C.—Handball.

EDGAR MILLER
Halifax, N. S.

Coming to us from Bloomfield in his junior year, in his short stay he has won himself many friends and admirers. An ardent basketballer, Edgar spends all his spare time at his favourite game and has played on S.M.C. squads for two years, and has also played with Inter-Church League teams.

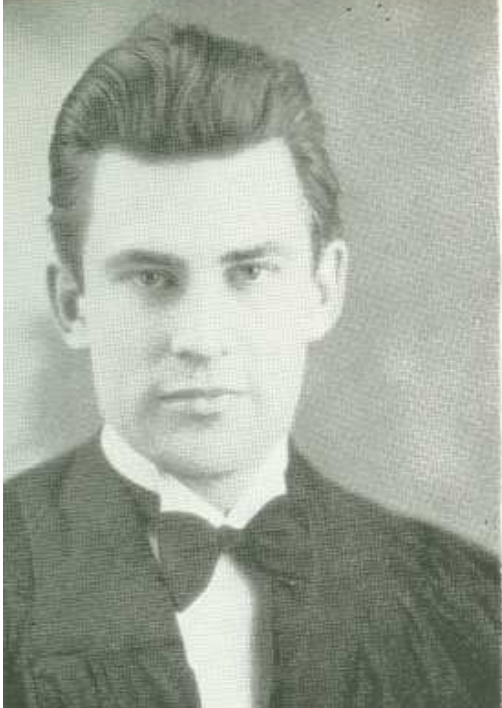

High School, Bloomfield—Engineering Society—C.O.T.C.—American Sixes—Basketball.

HAROLD PURDY
Bedford, N. S.

In Harold (Porky) Purdy we have a man who is as versatile as the best of them. He raves over the chem. lab., calculus and dances all in one breath. During the year he is a student, in the summer a machinist. A man of great industry and loyalty the Engineers regret his departure.

High School, Saint Mary's College—Engineers' Society—C.O.T.C.—Interfaculty Hockey—Football.

JAMES REARDON
Halifax, N. S.

"Jim" belongs to two societies, the Engineering Society and the Commerce Society. Commerce was his first love but Fortune dictated otherwise and now Jim strolls down the road of life with a transit on his back. Very few have ever been more intense and devoted Santamarians than our Jim.

High School, Saint Mary's—Engineering Society—Secretary A.A.A.

THOMAS SKERRY
Waverley, N. S.

This year a Corporal in the C.O.T.C. Tom proved to be a very efficient and—*mirabile dictu*—well liked N.C.O. Tom helps the war effort in the summer by doing a good job of surveying. His pet peeve is the locking of the drafting room. Farewell to a gentleman.

High School, Waverley and Saint Mary's College—Engineering Society—Intercollegiate Hockey, '41—N. S. Champs, '42—Interfaculty Hockey—Sodality.

GEORGE H. SOMERS
Halifax, N. S.

"Gee," at times a machine fitter, often a tennis enthusiast, always a sportsman but notoriously a corporal, is headed for Tech and Mechanical Engineering. Thoroughly dependable, "Gee" is invariably called upon to help with decorations, proms, etc. A student, a humorist, a prince among men.

High School, St. Pat's—Engineering Society—Sodality—C.O.T.C.—American Sixes—Handball.

GUY TRUDEAU

Quebec City

Quite nonchalantly Guy quietly passed through his three years here at S.M.C. With determination typical of the French, Guy saw what he had to do and did it. His extra curricular time is usually filled with his favorite hobby—photography. At Tech, Guy hopes to finish his course and be a good Engineer. At times I think that he would rather be a policeman and catch people who don't stop at stop signs. Farewell Guy and good luck.

High School, St. Par's High, Quebec—Engineering Society—C.O.T.C.—Interfaculty Hockey—Sodality.

PHILIP VAUGHAN

Halifax, N. S.

"If you can fill the unforgiving minute with sixty seconds worth of distance run." Phil really does this and sometimes makes sixty-one seconds constitute a minute. Phil's hobby is music, preferably sweet. His favorite singer is Frank Munn and Physics his favorite subject. If industry is an art, then Phil Vaughan is an artist who has just completed his masterpiece.

High School, Saint Mary's—Engineering Society—Journal, '40 and '41—News Editor, '42—Dramatics, '41 and '42—Assistant Prefect—Sodality—Delegate Mission Crusade and Students Conference—Intercollegiate Debating—Secretary, C.C.S.M.C., '41—President, C.C.S.M.C., '42—Gold Medallist, '40: Engineering—Gold Medallist, '41: Engineering—Silver Medallist for Science and Mathematics.

JOHN WYLIE

Rockingham, N. S.

We will always remember Johnny's red hair and his friendly grin. In three years he has won one and all to his heart and has left no domain of activity foreign to his touch. Debating, sports, scholarly activities, these are but a few of his occupations.

High School, Halifax Academy—Engineering Society—Interfaculty Debating—Intercollegiate Rugby, '42—Intercollegiate Hockey, '41-'42—Interfaculty Handball—American Sixes—C.O.T.C.

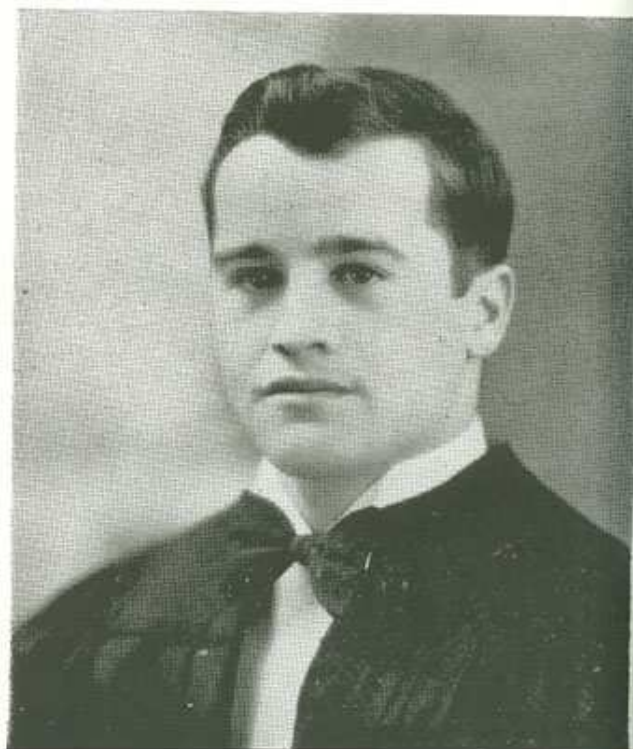

BUSINESS TRAINING . . .

BERNARD E. MULCAHY
Halifax, N. S.

"Bun" cut himself a notch in the annals of Saint Mary's when in his freshman year, he won both the gold medal for scholastic efficiency and the coveted athletic gold M. Versatile, he has been active in all extra curricular activities.

High School, St. Pat's—President, B.S.U. '42—C.O.T.C.—Gold Medalist '41—Debating Society—Intercollegiate Football '41 and '42—Intercollegiate Hockey (N. S. Champs) '41 and '42—Basketball '41 and '42—Handball—American Sixes '41 and '42.

FRANK POWER
Herring Cove, N. S.

"Powie" is the "mighty atom" of the B.S.U. and his broad grin and friendly way are known by one and all. He was an ardent "B.S.U.'er" and the constant defender of the "village by the sea."

High School, Saint Mary's—B.S.U.—C.O.T.C.—Handball—Interfaculty Hockey.

JAMES PINEO
Rockingham, N. S.

A model "A" Ford and Jimmy Pineo or "Peener" as he is called, are two essentials at Saint Mary's. In both '41 and '42 Jimmy has led the Intercollegiate team to two titles. This year, a glorious one for Saint Mary's, Mr. Pineo captained a team that took both St. Francis Xavier and Acadia to win a Provincial title. This smiling puck collector has also proved himself a gentleman and a student. Good luck, Jim, and we hope that you might possibly be with us again.

High School, Bloomfield—Secretary, B.S.U., '42—Interfaculty Debating—C.O.T.C.—N. S. Champs.

THE CLASSES

WHAT will youth find in the dim far future? They now live in a world of hate, turmoil and devastation. Guns, battles and death constantly re-echo about them. They are becoming military-minded. They are brought face to face with powers alien to their very nature. But it is not into this chaos that they search for light. In their youthful age another training is theirs, charity, love and justice. Their greatest objective is "not of this world." It is to the distant spreading light of the future that they look with eager, searching eyes and whisper the prayer, "Lord, if Thou art with us, who can be against us." It is with this expectation and hope that we present the CLASSES . . .

New Heights for Tau Gamma Sigma

THE term 1941-42 has been one of the greatest years the Tau Gamma Sigma has enjoyed for some time. The first function of the year was the inevitable initiation held late in October. Much dreaded by the Freshmen, yet anxiously anticipated by the Seniors, it provided an evening of mirth and enjoyment.

At the smoker that followed it was decided that the society would profit by Faculty super-

vision and as a result Rev. Fr. O'Donnell was elected to the position of Moderator.

The "Tau's" next sponsored a Minstrel Show held at College St. School shortly before the Christmas vacations. This function concluded the activities for 1941.

The society started off the New Year with a Banquet and Prom held at the Lord Nelson Hotel. On this occasion the Artsmen were indeed honored to have as a guest at their banquet the Very Reverend T. J. Mullally, Provincial of the Upper Canadian Province of the Society of Jesus. After being welcomed by the Chairman, Fr. Provincial responded briefly to a toast to the Jesuits. Rev. Fr. Gerald Murphy was the speaker for the evening. There was a very large attendance at the Prom which followed and the music of the Navy Orchestra was a major factor in making the affair an enjoyable one. Both these events were very successful, financially as well as socially, a fact which augurs well for the future of the Tau Gamma Society.

Firmly establishing themselves as number one social group of the year, the Artsmen sponsored a past-present Tau Gamma night on April 23rd. The banquet, the first of its kind for several years took place in the college refectory. Father Burns, S.J., was the guest speaker for the evening.

Continuing their enviable record of former years the Artsmen held key positions in the college functions and activities. That versatile punster Bill Dalton was the President of the Debating Society and took capable charge of numerous other things as well. Jim O'Neill succeeded Don Campbell as Prefect of the Sodality, besides being Photograph Editor of the year-book. Allan MacPherson worked many long, hard hours in making the *Journal* the best ever published. Jack Campbell was Editor-in-Chief of *COLLEGIAN* and, for the second successive year, headed the St. John Berchman's Society.

Active in Every Field

THE Commerce Society since its inception has been one of the most consistently active organizations in the College. Approaching their duties with a cool efficiency quite in keeping with the country's future financial tycoons, the Commerce men are invariably to be found to the fore in scholastic achievement, social enterprise, athletic ability. '41-'42 saw that same hard-headed, business-like practicality very much in evidence.

This year, the Commerce men though few in numbers made quite a name for themselves around the College. Several of them held some of the most important executive posts in the various college societies. Terry Martin, for instance, was the President of the A.A.A. The *Journal* could desire no better Business Manager

than Roy Power. Ron Duffy and Don Campbell were responsible for a great many of the sport columns in that same *Journal*.

The club this year was under the guidance of Jim McNeil, last year's Secretary. In the annual election of officers Jim was voted President, Gordon Morriscey was made Secretary, and Roy Power, Treasurer.

The Society started its year with a bang-up initiation which was held at Bill Bishop's camp on Saint Margaret's Bay Road. Bill incidentally, was last year's President of the Kappas. This initiation entitled seven new members to become enrolled as brothers of Delta Lambda Kappa. Terry Martin and Joe Hill were the chief administrators of the mysteries of the Lambda.

Shortly after this affair, the Commerce sponsored a smoker and general "get-together" at the home of the President. Then much to the surprise and delight of everyone in the club a special was given. The reason for this entertainment was quite obvious when the boys looked up from the table to see one of the Commerce men who really made good. Yes, it was none other than Squadron Leader George Foley. It was at the request of our genial Professor Beazley that George made his appearance. He regaled the gathering with innumerable anecdotes of his experience overseas. The stories, however, of his meeting up with other Santamarians were the highlights, giving a picture, as they did, of a "Saint Mary's-in-Europe" existing in small, scattered groups but still impregnated with that strong camaraderie of S.M.C.

Commerce again showed their ability on the field of sport when they secured second place in the American Sixes League.

Commerce were also well represented on our Intercollegiate Hockey team. "Bunker" Hill played

his usual stalwart game on defence while Godwin fitted in perfectly with his smooth passing mates "Bun" Mulcahy and "Butch" Gummer. Don Campbell, another Commerce man, led the baseball league by a wide margin with his 777 batting average.

"Little, but—Oh my!" this year, as every year, is eloquently characteristic of the Commerce Society.

As Energetic As
Ever . . .

THE Engineering Society, under President Cosgrove, got off to what was to prove a very busy season. The first meeting was held on October 2, 1941, when Father Burke-Gaffney, Honorary President of the society, gave a short talk on "Engineering as a Vocation." The subse-

quent Stag Party was a huge success, for although the skies opened with a torrent of rain the spirit of the party was of the highest. A Hallowe'en Dance was held at The Shel Drake Rod and Gun Club with members of the Society, their friends, and representatives of the various other college societies present.

The most important social event of the year was, of course, the Prom and this was held on November 27, 1941. It was a huge success, with the Nova Scotian Hotel specially decorated and a "good time being had by all." As a matter of fact the dance both from a financial and aesthetic viewpoint was perhaps the most successful held so far. Not resting on their laurels, the Society planned and held a formal dance at the Nova Scotian Hotel on the evening of December 26th. About fifty couples were present at this private gathering.

In other fields of endeavour the Engineering Society was just as prominent. The College Football team saw more Engineering students in its midst than of any other faculty. In the American Sixes the transit-men were again worthy representatives of their faculty. Although they lost to the powerful B.S.U. they conquered the smooth-passing, fleet-footed Commerce. The part played by the Engineers in this never-to-be-

forgotten hockey year cannot be overestimated. They had key men on the team, men who fought hard and gave everything they had. It was diminutive "Butch" Gummer who led the team in scoring with his eleven goals. Herbie Ernst and Tom Skerry also came from the ranks of the Engineers.

The Engineering Executive under President Cosgrove are to be congratulated for the manner in which they carried on their activities.

AGAIN this year the Beta Sigma Upsilon Society continued its dominance in the field of sports. But its activities also branched out in other directions. A secret initiation of the Freshmen at an undisclosed location started off the social year. Shortly afterwards a private party was held at the Sheldrake Club. Other similar informal functions followed throughout the year.

The B.S.U. have become famous for the challenges which they have issued to rival faculties, this year offering to meet anyone at anything. It is to their credit however, that they usually emerged victorious. Nor was it only in sports that they proved their metal. Making their debut

in debating, they lost a very close decision to Herbie Ernst and John Wyllie of the Engineers.

The Rugby season saw five members of the Commercial Society on both the Senior and Intercollegiate Rugby teams. They continued their athletic supremacy on the field by waltzing through the American Six Football League undefeated. On the Nova Scotia Intercollegiate Hockey Championship team, Jim Pineo, "Wally" Foley, Alex Allen, Hugh MacDonald, "Bun" Mulcahy, and Manager Gerald Reardon represented the B.S.U. in Saint Mary's glorious championship drive.

Among the graduates this year, Frank Power, Jim Pineo and "Bun" Mulcahy represent the business men.

ORGANIZATIONS

IT is the club, society and organization that plays such an important role in determining the character of the student. It is the purpose of the association to develop the mind and will so that in later life he may lead or obey. What an advantage the student has who has been so trained. His disposition is not indifferent and insolent. He commands when it is necessary; he obeys when he has been ordered. Our armed forces seek such men, men who can be depended upon and who can be expected to fulfill their duty. It is then with deep appreciation of these opportunities that the class of '42 presents its ORGANIZATIONS.

Sodalities

Their Second Year of Existence Was Outstanding in Achievement

COLLEGE

THE College Sodality has expanded very rapidly both in its membership and its activities since its formation in Saint Mary's in December, 1940. At the beginning of this year many new pupils expressed their desire to become Sodalists by their attendance at the first meetings. During the last week of September the election of officers was held and the result was James O'Neill, Prefect; Philip Vaughan, Asst. Prefect; Laurie Smith and Frank Laba, Counsellors.

On December 8th, carefully laid plans made the celebration of Sodality Day a huge success. Sodalists turned out in large numbers for the Mass and general Communion in the Chapel of Holy Heart Seminary. At 5.00 p.m. the official reception of the members was held. This was followed by the Sodality Banquet held in the college As-

sembly Hall. A play entitled, "The Tale of the Three Who Sought Death," was presented immediately after the banquet. As a Christmas project, the College Sodalists contributed a substantial purse towards a fund for the help of the needy.

In February, the Sodality organized an extensive Catholic Press Exhibit. Both the College and the High School cooperating in the venture. Over a thousand different publications were on display and numbers of people from the city availed themselves of the opportunity to become better acquainted with the Catholic Press.

Throughout the year, regular weekly meetings were held in the Chapel. As a final project for the year the Sodalists donated money for the purchase of two sets of pamphlets to be distributed among our soldiers.

BANQUET
DECEMBER

HIGH SCHOOL

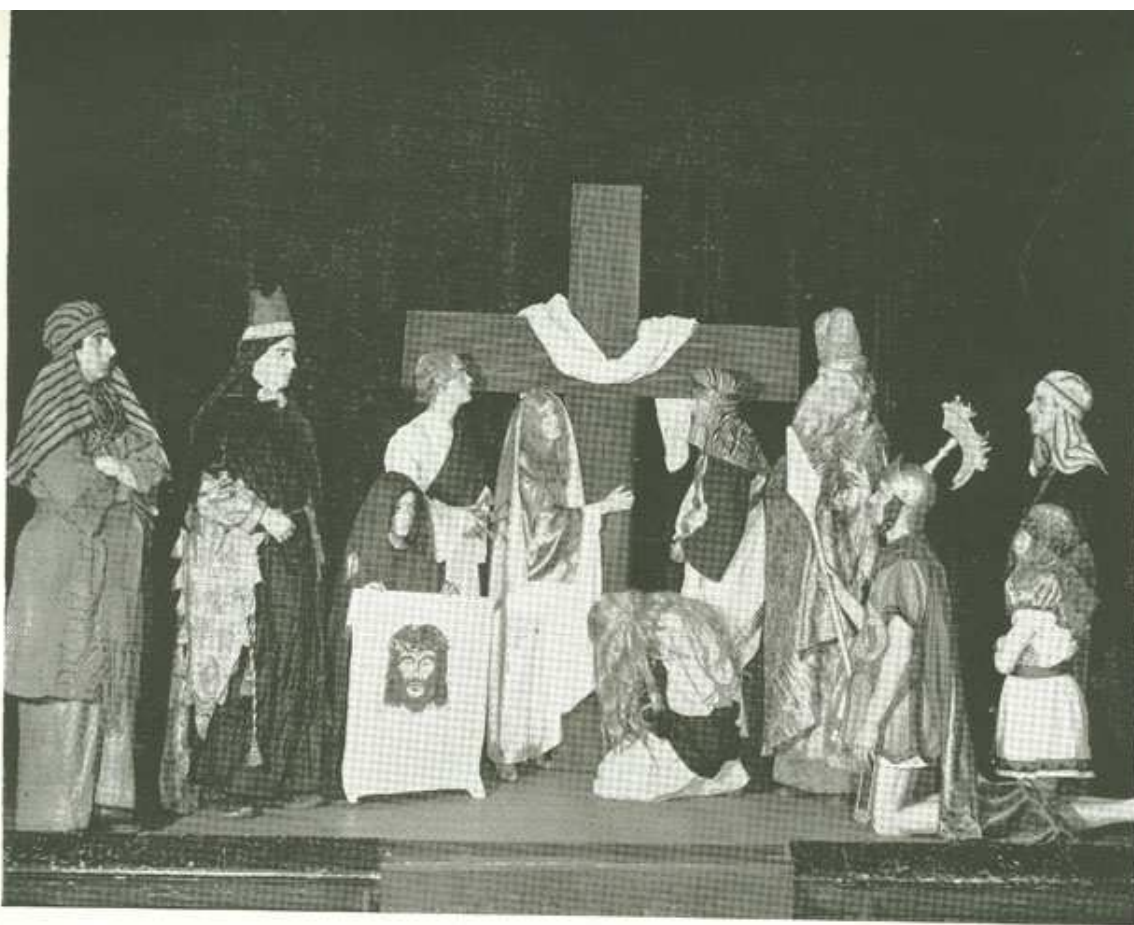

VARIETY was the keynote of this society's second year of operation; variety marked by the proud brand of success. Interspaced by substantial and enthusiastic weekly meetings and crowned by a banquet, a parade of sports, contests and exhibits were presented by Prefect Edward Ross and executive members Bourke, Allen, Hanrahan, and Maynard. Heading the parade was the reception and banquet on December 8th. Right in step with its socially inclined predecessor

and just as successful was the "Rorum" skating party held in early February.

During the same month, devoted as it was to the Catholic press, Sodality Moderator Rev. Michael O'Donnell, S.J., arranged a joint offering for high school and college divisions in the form of a Catholic press exhibit. Consistent with previous efforts, the exhibit was termed definitely worthwhile. Ted MacDonald and Joe Penny ably represented the high-school at the roundtable discussions. At the year's close, Ross launched a very successful Hobby Show.

PLAY-SHOP

THE Play-Shop, this year, maintained its excellent Centennial standards. Many zealous newcomers were added to last year's talented group. The unit made its first appearance of the year on Sodality night, December 8th, when it broadcasted a dramatized version of Chaucer's "The Tale of the Three Who Sought Death," from a special studio in the heart of the building. The cast included Phil Vaughan, Tom Sullivan, Jim O'Neill, Bob Morley, Ed Boyd, Don Winchester, and Owen McCarthy.

At the annual conference of the Halifax C.C.S.M.C. it was decided that Saint Mary's stage the passion play at Saint Patrick's Aud-

itorium. The play chosen was Mons. Benson's "The Upper Room." Preparations and rehearsals began early in Lent and the play itself was staged on the evenings of March 25th and 26th. Its brilliant success may be judged by the marked enthusiasm with which it was received by all. Practically every member of the Play-Shop was represented in the play. The leading parts were played by John Gallant, E. Boyd, J. Mackey, F. Gaudet, and Bernard Granville. The scenery and make-up was supervised by Mr. V. Hayden, S.J., and Mr. Howard Callahan. Allan MacPherson, Editor of the JOURNAL, was sound-effects man.

The next event scheduled was the Fall Rally to be held at Saint Mary's Cathedral. Representatives of all the Mission units and large numbers of Catholic young men and women

O'Donnell, S.J., in his address at the rally, forcefully emphasized the duties of Catholic youth in a brilliantly delivered sermon.

Again this year the Mission Canteen carried on its excellent work of contributing generously to the Home and Foreign Missions. President Vaughan held monthly meetings in the Assembly Hall and kept the students informed of the Crusade's activities.

DEBATING ...

SENIOR DEBATERS: E. COSGROVE, D. MASON, R. WALSH, W. DALTON, *President*, T. SULLIVAN, J. O'NEILL, P. VAUGHAN

THE current scholastic year proved to be a very interesting one for the Senior Debaters. The regular meetings were well attended; all the members gained much valuable experience from open-forum debates and other activities.

In October the annual meeting of the Maritime Intercollegiate Debating League was held at Dalhousie University. The President of the Debating Society, William Dalton, and the Secretary, James O'Neill, represented Saint Mary's at the conference.

The first intercollegiate debate was held in November when William Dalton and Philip Vaughan defeated a team from Dalhousie. Saint Mary's upheld the negative of the subject, *Resolved that Canada should conscript wealth in the present crisis*. Intercollegiate debating was then suspended until March when two contests followed in rapid succession. The first of these was held at Saint Mary's. Colin Chisholm and Allan MacEachern formed a very capable team from Saint F. X. and successfully upheld the negative of the subject *Resolved that the student receives a more complete education at a small college than at a large university*. Thomas Sullivan and Doug Mason made

up the Saint Mary's team. The following week Ed Cosgrove and Robert Walsh debated the same subject at Mount Allison and although they presented a strong case the decision of the judges was in favour of the Mount "A" team of Merrill MacLeod and Thomas Head.

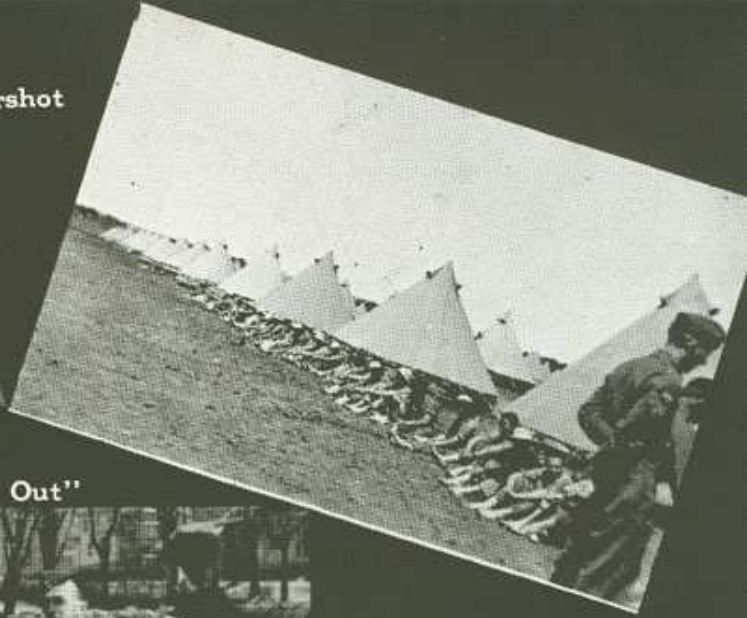

A number of interfaculty debates were also held during the year. These were not only interesting but also proved their worth in furnishing material for the intercollegiate debating teams.

THIS year the Saint Mary's College unit of the Canadian Officers' Training Corps received a new status. For the past seven years Saint Mary's had formed "B" Company of the Nova Scotia Technical College Contingent C.O.T.C. In November, 1941, the College was officially authorized to organize a contingent of the Canadian Officers' Training Corps on the basis of a

Headquarters Company and three Platoons. Captain E. C. Thomas, who has been Officer Commanding since 1940, will continue in that capacity. Other officers of this new contingent are Capt. M. H. McManus, Second Lt. W. C. Flemming, Second Lt. B. A. Nunn and Second Lt. A. MacKenzie.

ussed at the meeting concerning functions to be held throughout the year.

On Sunday, November 23rd, a very successful Faculty Tea was held. Very Rev. Fr. Keating, Rector of the College, received the guests, assisted by Mrs. J. W. Dyer, President of the Society. Continuing their social functions the ladies held a very successful bridge party. Some five hundred people assembled at the college to enjoy a pleasurable evening.

In February, the Auxiliary sponsored a skating session and the Rorum on that occasion was the scene of much gaiety and enjoyment. On the Sunday of March 8th, Sister Maura addressed the Auxiliary most interestingly on the life of Kateri Tekakwitha, the Lily of the Mohawks. At many of the meetings Father Rector spoke of the various methods by which the Auxiliary and the College might be of help to each other. This is the main purpose of its formation and many steps have already been taken towards this end.

THE Ladies' Auxiliary of Saint Mary's College had its first organizational meeting of the year on Sunday, November 9th. The executive was elected at that meeting and consisted of Mrs. J. W. Dyer, President; Mrs. J. R. Murphy, 1st Vice-President; Mrs. T. W. Wallace, 2nd Vice-President; Mrs. J. N. Lyons, 3rd Vice-President; Mrs. E. C. Glenister, Treasurer; and Mrs. F. M. ATHLETICS

ATHLETICS in any college are intended primarily for the co-ordination of the mind and the body. Sports play an important part in the student's training for life. Whether it be on the football field or the hockey rink, co-operation, strength and goodwill are brought out in him. Vastly more important are they to-day when a spirit of willingness to help is so earnestly needed. A feeling of patriotism and loyalty can only be had in a country whose youth are trained to co-operate and finish the task. Just as skill and practice have won for the student many a hard fought victory, so will strength and art gain the desired end in military life. It is in this vein that the graduates of '42 present the record of their ATHLETICS.

—a busy year

ONCE again the A.A.A. assumed a prominent role in the extra-curricular activities of Santamarians. One of the most important steps taken by the Association was the placing of a Saint Mary's football team in the City Senior League. This team placed high in the league standings and gave promise of a potential championship squad. S.M.C. was also represented in the Intercollegiate League but was eliminated by a

When "King Hockey" rolled around practices were held in late November and December. Saint Mary's entered the College and Service and engaged in playoffs with the Navy. In the intercollegiate playdowns, S.M.C., with a brilliant team, captured the public's eye and the whole-hearted support of the student body. The series with St. F. X. and Acadia will long live in the minds of staunch Santamarians. To everybody's surprise

BIG, bruising Maroon and White rugger teams seem to have become a thing of the past. For the past few years the teams representative of

Saint Mary's have been sadly lacking in weight. Last fall's team was no exception to the rule.

The first practice held in October saw a small turnout of the "old faithfuls" and a few newcomers as well. Coach Thomas was unable to raise any competition and consequently there was no league operating. However a series was arranged with Saint Francis Xavier, the winner to hold the Intercollegiate Championship. A small number of supporters saw our rugger team offer spirited but futile resistance to the steamroller pressure of the powerful St. F. X. squad. To recover from this defeat, Coach Thomas miraculously unearthed a team from the Royal Navy and same was promptly torpedoed to the tune of 15-0.

BASKETBALL . . .

LAST year for the first time in many moons, Saint Mary's produced a basketball team. Again this year, under the capable management of Laurie Smith, another team was formed. It was hoped at the beginning of the season that a four-team league would operate but due to unforeseen circumstances it fell through.

The present hoop squad coached by Tommy Sweet in its few exhibitions has really shown promise. All the players are well acquainted with the game and can really throw that leather around when the occasion demands. Manager-player Laurie Smith and his men deserve a lot of credit for the time and effort spent in trying to bring the grand old game to a par with the other college sports.

BOXING

WITHIN the last year a new phase of college sport has reached the limelight of prominence. Jim Braddock's presence within these walls, it appears, has been the inspirational foundation for this very popular form of recreation. Father McCarthy succeeded in contacting a coach of proven ability in the person of Dan Wallace. Many aspirants desirous of becoming proficient in the art of boxing have zealously

attended the workouts held in the "Rorum." As the year drew to a close, these had to be discontinued in favor of more important interests, the examinations.

They are, however, to be held again as the school year opens in the fall. It is hoped that bouts will be arranged with outside clubs at that time.

THE FIRST PROVINCIAL
TITLE IN ELEVEN YEARS

COACH BEATLEY

OUR hockey team really proved its worth this year. After a humble beginning the team hit their stride and without faltering went on to win the Provincial Title.

The season opened with the Service League consisting of S.M.C., Navy and Dalhousie. Saint Mary's defeated the Dal pucksters and put them

Maroon and White were sunk by the score of 6-2.

In the Intercollegiate playoffs, Saint Mary's took up where they left off last year. A two-game series was arranged with Saint F. X. who boasted a power-packed team. A record crowd

of supporters followed Coach Beazley and his charges into the enemy camp at Antigonish. In a thrill-crowded game they saw the "Kids from Windsor Street" down a heavier Blue and White sextet, 6-5. The final game was played in the Arena before a record crowd and Saint Mary's came from behind to defeat a determined Xaverian team to give Saint Mary's the series.

We then earned the right to meet Acadia in the provincial finals. In the first game the Santamarian pucksters put on a fine display of hockey to down the Acadians, 7-6. The final game in Halifax saw a packed rink cheer the Saint Mary's team on to victory and the Provincial Title. Featuring wide open play, the game was a thriller from start to finish and ended in a 5-5 draw.

Those rootin', tootin', dynamic cheer-leaders, C. REARDON, BILL DALTON and JIMMIE MORIARTY, caught in an unusual state of passivity.

CAPT. JIMMIE PINEO congratulated by VERY REV. FR. KEATING upon being awarded the most valuable player at the Hockey Banquet.

"SWEET are the uses of adversity," said Shakespeare (in quite another connection).

When the handball courts blew down this winter the prospects for spring sports became definitely gloomy, because Spring, in this particular neck of the woods, has been largely held as synonymous with Handball Tournament. But, this year Prexy Martin, obviously in the fell clutch of circumstance (and on the spot, to boot), cried aloud that there would be an Interfaculty Baseball League. There was. And it was followed with a degree of enthusiasm Handball—in its most palmy days—had never approached.

Widely diversified in the faculties they represented, the teams were remarkably similar in the mediocre ball they played, so that to the end it was doubtful who would emerge champions. Business Training, which held priorities on all sports championships this year, actually did emerge. However, what might have been lacking in sheer playing ability, all teams more than compensated for in their skill at impromptu, open-air, debate. Ask the umpires.

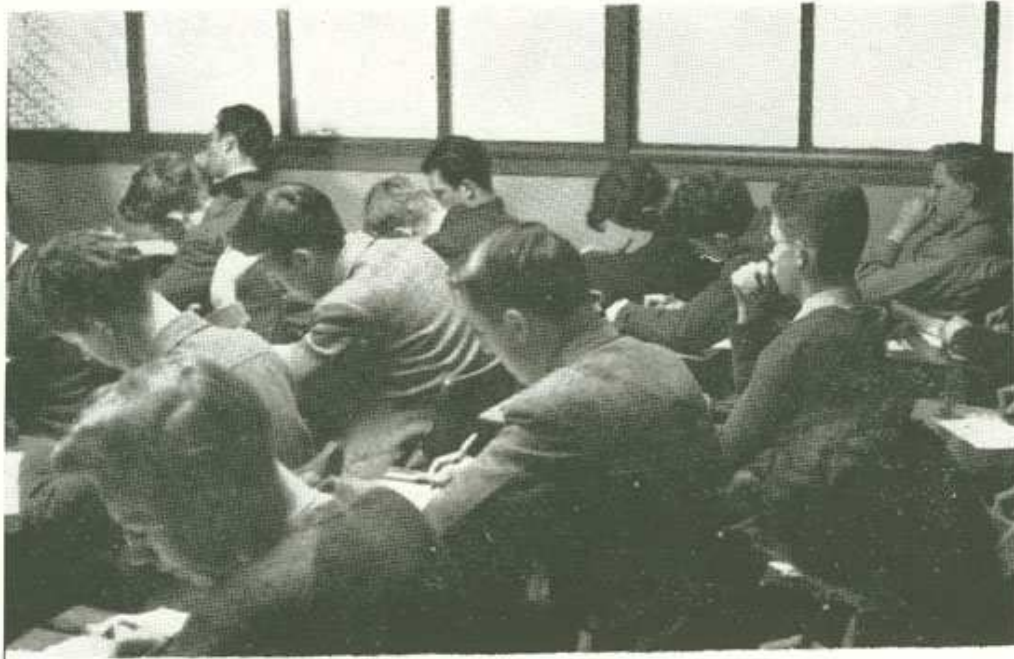

To "Pepper" Martin and his aides: congratulations for a series well-managed and productive of unusual interest.

The Future Belongs to Youth

IN the hands of these young men shown in the pages that follow is being placed a precious heritage. Grouped thus carefully together at an age when their powers of receptivity, whether for good or for evil, are immensely large; being groomed in the clear discipline of a century-tested scheme of education; in daily, intimate contact with men whose way of life is a consecration to the highest ideals of manhood; there is being given them the one, intangible coin with which they may buy Success — both in time and in eternity.

MATRICULATION

Vincent Allen: Dusty is a good sport and a gentleman. He is the assistant Prefect of the Sodality.

Ted Amirault: A popular student and member of the Sodality.

William Barton: A hard-working man is "Blitz." A Sodalist and participant in all activities.

Gerard Bates: A prankster of repute. 'Tis said he loves Latin, Chemistry, his bike and school.

John Belliveau: This handball and hockey enthusiast is also a well guarded trick player in class.

William Bourke: A cooperative, well-liked student. The Treasurer of the Sodality.

Donald Boyd: One of the most popular of students "Frenchie" is in every class activity.

Gerald Boylan: The Boarders' President is strong, silent and plenty deep.

Edward Chisholm: Universally known and appreciated, Ed. is a good actor and a sportsman.

Mark Cleary: An Eastern Passenger, who makes friends easily and keeps them.

Paul Cormier: A Sodalist and Matric Librarian, "Rome" is an industrious and bright young fellow who is going places.

Ned Connolly: A good natured, hard working man who enjoys life to the full.

John Davis: The Stephen Leacock of the class. Activities—unlimited.

John DeLouchry: Smiling and bright-eyed, Duke is always ready with the prompt and witty retort.

Fred DeVan: A quiet, unstudious student. Fred is a product of Dartmouth well-liked by all.

Ernest DeYoung: Is known as an expert pianist. His social activities are by no means confined to the school.

Leo Duggan: The Honorable Member from Spryfield is an all-round athlete, specializing in hockey and baseball.

John Feinstein: A silent, taciturn but regular fellow.

David Finlay: Friendly and energetic, Dave has a host of intimates. His plane model came through at the Sodality Hobby Show.

Owen Granville: Shone in the Open Forums. You'll hear more of "Granny."

Graham Latter: "Gig," a well-liked Herring Cover, is the class socialite.

Robert Lewis: A newcomer to S.M.C., Robert has been accepted by all. A coming debater.

Gordon Lowe: The prodigal son, returning after a year's absence, was kept off every school team by injuries suffered in practice.

Cyril Lynch: Uncle Cy is a rather capable artist and a rather successful student.

John MacKinnon: An industrious student and a knock-em-down hockeyist, Johnnie is a popular man in all circles.

Ted MacDonald: The manager of the Junior High team is an excellent public speaker. He has worn out many a seat at Russell's.

Joseph MacLellan: Joe is a capable athlete and student with his heart right in everything he does.

Don MacLeod: The class boxing champ is due to become a clever lawyer some day.

AFTER THE BANQUET

Edward Hanrahan: The Class artist is also an athlete of note.

James Hanrahan: Pud is our genial genius. A Sodalist, *Journal* reporter, and star debater.

Terry Hanrahan: The winner of the Senior High shield for all-round sportsmanship.

Lawrence Hoganson: A likeable lad and one of the "gang."

Bruce Hyland: Here is a regular fellow, a Sodalist, and star hockeyist with a Pet Peeve: being kept awake.

Al Kalbehm: A cheerful, easy-going Cape Bretoner—happy for the Strands, sad for the Miners.

Don Kelly: "Kel" is a happy-go-lucky lad with an interest in most school activities.

John Keohan: A coming debater, John is quiet, good-natured and always willing.

Hugh MacLeod: Hughie the Scot has numerous fine qualities despite his weed-borrowing inclinations.

John MacNeil: A husky, well-built Cape Bretoner with the official C. B. burr.

Yves Maynard: A bundle of nervous energy, getting into many a prof's hair—but withal an excellent student.

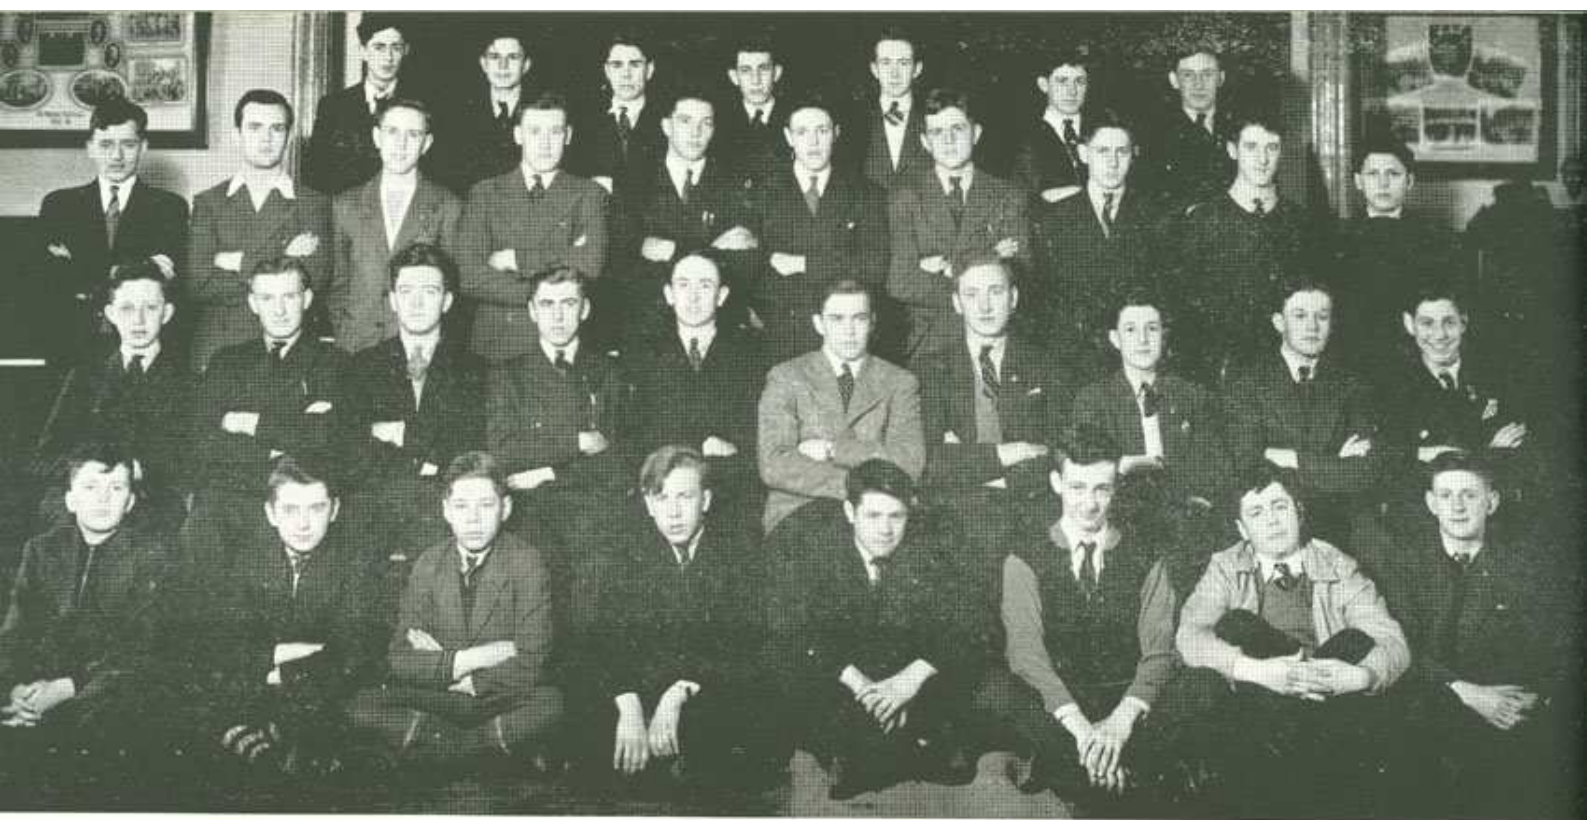

Reg McColough: Reg is due for public life where his ability as an after-dinner speaker will stand him in good stead.

James McManus: Senior High right winger, Jim is a handy man in any game.

Jim Moriarty: The College cheer leader is also captain of the Senior High team.

Edward Mulrooney: "Ace" is a wide-awake attentive worker at all times.

GRADE TEN

WHEN the 1941-42 Grade Ten class members first took to their benches last September, there was still a majority of the old guard from last year's Grade Nine. The class executive, that well proved triumvirate of Flemming, Frawley and Turner were re-elected to the same positions as they held so competently last year. "Badlands" Brackett and his front man Hanrahan of last year's list teamed up with a medley of newcomer mischief-makers including Jimmy Delaney, Fabie, Douglas Flemming, McCoombs and Morrison, a combine calculated to inspire horror in the earnest breast of any professor. The question mark league has been ably led by Casey and kept moving smartly by O'Toole, Ed. Delaney, Granville, MacNeil and Lawrence. Among those relatively quiet suave gentlemen who kept more or less out of trouble should be listed Cochrane, Cross, Duggan, Feron, the Gillis and the Murphy brothers, Meagher and Mingo. Of course there were those whose propensity to slumber was their only protection against trouble . . . who could be meant but Hardwick O'Neill and Lyons? The credit for the real color in the group should go unquestionably to Fry who was ever ready to oblige us with an imitation of "Dumbo's" mother in a dead faint of exhaustion. Gaudet and Gallant

we were proud of too, the former achieving the equivalent of a no-hit, no-run season by trumpeting splendidly for the College band; and the latter performing with Granville and Gaudet most creditably in the College play. From Greene, Kingsley, Lahey and Kline we didn't hear much even in the line of complaint. Perhaps they just know how to take it! There is still no one who can offer an excuse with such poignant innocence as Mahoney nor anyone who can look so confused at being right as Mathews. It is rather difficult to be sure whether Morris should have been classed with "Badlands Butch" or not. No doubt another year will tell. At a later date during the year we were given a brace of new students Sullivan from the misty distance around Toronto and Brodie, Ken and O'Leary from our own bigger and better Halifax. It must have been Fennell who used to meet O'Neill every morning and see that he stayed awake until he got to school.

In the realms of sport we will forbear to boast about our football team, our hockey team, our baseball team. But the Senior High teams in these sports were stellarized by our Frawley, Kennedy, McCoombs, "Dude" MacDonald, and Reg. Flemming.

GRADE NINE

A lot of days have rolled by since that bright September morning. We have come to know one another, too. There's Barton, for example, who hid himself for weeks and weeks at the Infirmary. Only on April 15th, did he let us see his right ear. Bienvenu has his worries, but French isn't one of them. It's a rare occasion that Father doesn't call out: "Belair, Leo!" without following through with: "Belair, Alan!" Yes they are brothers. Colin Francis Boyd has a brother, too, whom he calls Don. The first time Father put "cf." on the board Colin thought he was in the doghouse once more. Pat Brackett, clever centre-ice star, pays us a visit now and again. Chambers, who captained the football squad to the district title, kept his helmet for the hockey wars. Chisholm is the strong, silent man of the class. Well, not so silent. That was Coleman who moaned out loud the day the handball court blew down. Coombs is from Newfoundland and says he's proud of it. Fraser, they say, is tall and handsome. We wouldn't know. Gillespie? Well, we still hope the Wolf will smile. Ibsen

is one of the few people in the world who gets along very well without a book. Don't tell anybody that Keating is called Butch. What would they say up Hydrostone way? And every day is a holiday is the way Kehoe sees it! Small Fred Kelly does get around, doesn't he? The question of the hour is whether Kemps good, strong arm is going to do a Dizzy Dean on us or not. President Kent, the muscle man, led Grade Nine to the top in the "Rorum" ticket sale. Maybe that's the reason! Lavers really showed some nice camera shots at the Hobby Show. MacDonald is just as happy-go-lucky as his Ottawa Flyers. The Bearcats did give him some bad moments, though. Marney, the Don Juan of Amherst, is classy alright. Funny how McKinnon, as smart as they come in the ring, has a habit of leading with his chin in class. Just one of those things! Metzler finally found someone "nera" his own weight, but the coach pulled him away. Otherwise Pee Wee should be up for murder by this time. Looking at those blond curls We Quizz Kids Ask: "Why wasn't Mills called Cowgirl, instead?" Say

A POWER-PACKED Senior High Hockey team came through to clinch the City Championship for the second successive season. Father F. Carroll, Coach, had an abundance of material to work on and made excellent use of it to produce a smooth-passing, strongly-knit squad. The fanfare and glitter of the series with Academy made the playoff games as memorable as the exciting college encounters. The band, under the baton of Father Elliott, and the entire student body turned out to urge their team on to victory. Stronger scoring power and better balance brought the trophy to Saint Mary's as they were quick to gain long leads in the early parts of their games.

The Gerald Hayes Memorial Trophy came to Saint Mary's this year to the person of Terry Hanrahan, goalie.

Continuing the success of their elder brothers, the Junior High Hockey team also won its league championship. Led by "Cowboy" Mills, the Grade Niners swamped all opposition to come through the season without a defeat. Credit goes to Mr. C. C. Ryan, S.J., for an excellent coaching job.

FOOTBALL

SOMETHING new among the pigskin games was introduced into Halifax last fall. It was a combination of American and Canadian Football and flashy jerseys with large numbers reminded the onlooker of intercollegiate American football. A large crowd of enthusiasts saw Saint Mary's

High and Halifax Academy put on a fine demonstration. A touch by Academy with only minutes to go broke up what was otherwise a hard hitting game. Let's hope that we will see more of this in the future. All the credit goes to Mr. V. Hayden, S.J.

BOARDERS

THIS year the Resident Students' Society awoke to new life. Early in the fall a meeting was held for the purpose of organization. James P. O'Neill was elected President, Kevin P. Griffin and John R. Campbell, Treasurer and Secretary respectively.

Throughout the year regular meetings were held, and many matters pertaining to the boarders were discussed and acted upon. The Social Room was fitted up and a radio installed. Through the Society a valuable game was purchased, which attracted quite a lot of attention not only

among the boarders but also—be it known—among the day students.

The Society was represented by a strong team in the American Sixes League. J. Brennan, K. Griffin, J. MacDonnell, R. O'Keefe, J. Dunne and A. Leahy (captain) composed the sextette which although it did not gain top place, yet by the hard-driving play for which the Boarders are noted, it provided stiff competition for all. The Hockey League was also active and many interesting and hair-raising games were provided in the old "Rorum."

The College Diary

BEFORE placing the old *College Diary* back on its shelf to gather its annual supply of vacation dust, the Diarist allowed the following excerpts to be published in the *COLLEGIAN* in order to summarize the activities of the first year of Saint Mary's second century.

SEPTEMBER

18th—To-day the College portals opened to receive Santamarians, Old and New, tanned and happy from their summer vacations, who came to register for another year of college activities, both educational and social. Old students enjoyed reunions as well as welcomed the freshmen. All studied schedules and prepared for the morrow's classes.

21st—Saint Mary's made its first sally forth in the field of local rugby to-day, only to be driven back by the Navy 11—3.

Closing of the survey camp at Truro, returned the Engineers to the campus to augment the student body already engaged in scholastic pursuits.

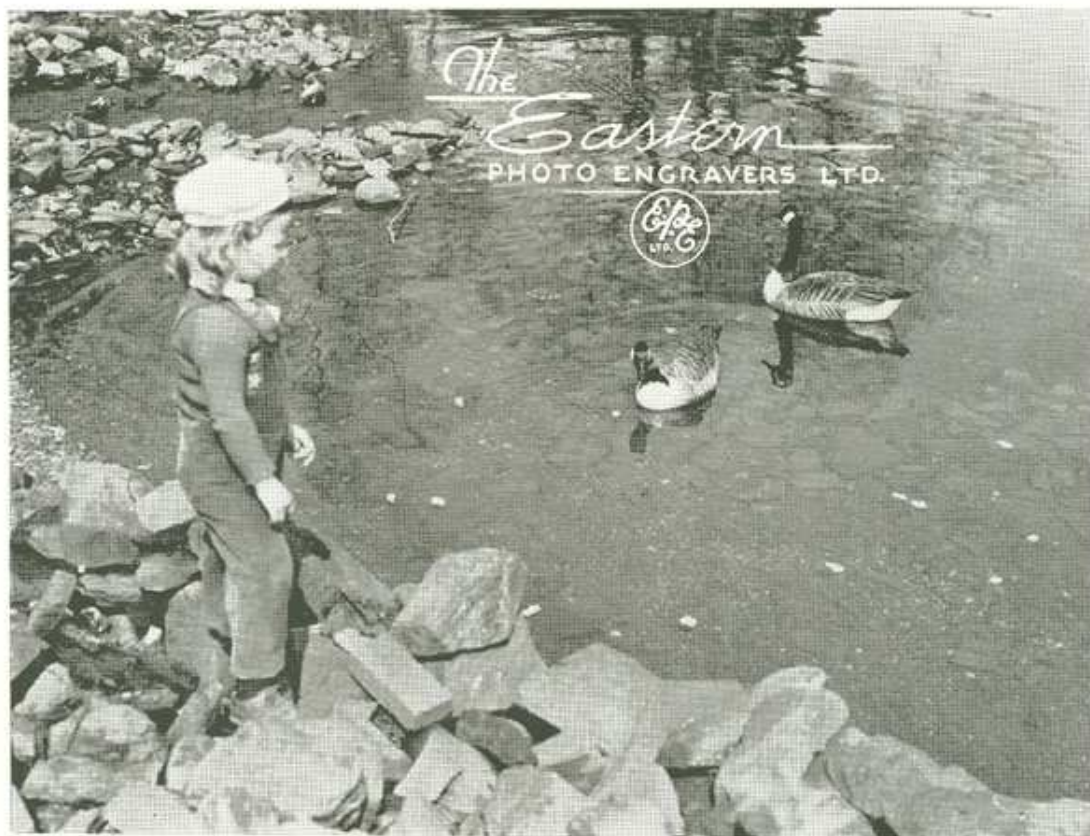

28th—The Tau Gamma Sigma formally received new members. Nine postulants in all withstood the gruelling initiation ritual and now enjoy the advantages of the society.

30th—The senior Debating Society got underway to-day. President Bill Dalton presided at the first meeting and a program of activities was outlined.

OCTOBER

2nd—Engineers convened under guidance of President Ed. Cosgrove. The meeting was addressed by the Honorary President, Fr. Burke-Gaffney, after which the society settled down to the business at hand.

4th—Saint Mary's ruggers again took the field. This time they made a valiant effort only to succumb to Dalhousie 6—3.

DECEMBER

3rd—To-day the feast of St. Francis Xavier was fittingly celebrated by the college Mission Crusade Society. The day opened with Mass; in the afternoon the Society sponsored a radio program. Very Rev. J. Deville, C.J.M., Rector of Holy Heart Seminary, preached an inspiring sermon, and the program was filled out by renditions of appropriate selections by the combined choirs of Mount St. Vincent and Saint Mary's Colleges.

8th—Sodality day opened as usual this year with Mass and Communion at Holy Heart Seminary. In the afternoon new members were officially received by His Grace, Archbishop McNally. The day's activities closed with a banquet and entertainment at the college. His Grace and Very Rev. Fr. Rector briefly addressed the Sodalists after the banquet.

10th—Members of the Freshmen Debating Society, tonight, went to Mount Saint Vincent to participate in a mixed debate with the freshmen of that college. The Santamarians were Bernard Burke, Donald Winchester and Delisle Inglis.

18th—The students joyously left the campus to-day to commence their Christmas vacation. The corridors of the college are unnaturally quiet and all activities have come to a standstill till after the Christmas season.

JANUARY

7th—Our hallowed hallways again returned to life to-day as Santamarians came back fresh from their three weeks' holiday. The first thing to greet them on the bulletin boards was the examination schedule, a grim reminder that the month to come held in store more work than play.

12th—At a meeting of Tau Gamma Sigma, to-day, the Artsmen laid plans for their major event of the year. Committees to attend to the various details were appointed.

20th—Tonight the Ladies' Auxiliary of the College held their annual bridge in the College Auditorium. There was an exceptionally large attendance.

22nd—The College Mid-Year Examinations got under way this morning.

FEBRUARY

2nd—The first game of the basketball season was held to-day at the "Y" gym. After a hard battle the S.M.C. quintette bowed to defeat before the more experienced Catholic Boys' Club team.

5th—Saint Mary's Hockey Squad defeated Dalhousie, 5 to 1.

10th—Mr. Beazley's squad to-day held Navy to a three all draw.

The Artsmen tonight made their formal debut in the season's social activities. The occasion was the Tau Gamma Sigma banquet and Prom. Both events were highly successful. Fr. Gerald Murphy was guest speaker at the banquet. Very Rev. Fr. Provincial and Fr. Rector also addressed the gathering briefly.

13th—The hockey squad tonight returned from Wolfville where they suffered an 8 to 3 defeat at the hands of the Acadian "Axemen" in an exhibition game.

17th—Saint Mary's carried the battle into enemy territory, to-day, to return from St. Francis Xavier with a 6 to 5 victory to their credit.

20th—The S.M.C. squad under the inspired direction of Coach Beazley, tonight held St. Francis Xavier to a 4-4 draw in the second game of the home and home series, by virtue of which we advance to the Provincial Final with Acadia.

Tobin's Teas Always Please!

THIS caption is as true to-day as it was *Anno Domini* 1825 when John Tobin, founder of this firm, opened his first consignment of tea from the Orient.

But Tobin's are not confined to a few grades of China Teas, as in that far off day over a century ago. For today the best teas are Empire grown in India and Ceylon—and from their choicest gardens John Tobin & Company import the fine teas which make up their two most popular brands: Rakwana Golden Orange Pekoe—the choice of connoisseurs; and Rakwana Crimson Label, the best all-round family tea.

at Halifax Since 1825

23rd—The Sodality's Catholic Press Exhibit opened in the college library to-day. It is to last for a week and will feature talks by members of the local clergy as well as student discussion groups.

27th—Definitely hockey-minded now, loyal Santamarians travelled to Wolfville *en masse* tonight to cheer their team to a 7 to 6 victory over the "Axemen."

MARCH

6th—Saint Mary's won the Provincial Intercollegiate Hockey crown by holding Acadia to a 5-5 draw in the second of the series held here, tonight, at the local Arena.

16th—Saint Mary's suffered another basketball defeat at the hands of the Nova Scotia Technical College squad.

21st—The annual C.O.T.C. inspection was held this morning at the Armouries.

23rd—The second Intercollegiate Debate of the season was held in the College Auditorium this evening. A clever St. Francis Xavier team defeated Thomas Sullivan and Douglas Mason of Saint Mary's.

25th—Saint Mary's Play-Shop presented Monsignor Benson's *The Upper Room* tonight, at St. Patrick's Girls' High School. The presentation was the annual C.C.S.M.C. Passion play and the large crowd acclaimed it a great success.

31st—The last Intercollegiate Debate of the current season was held at Sackville, N. B., tonight. Ed. Cosgrove and Robert Walsh made the trip for Saint Mary's but were unable to obtain the decision against the Mount Allison team.

APRIL

1st—Classes ceased to-day at noon and students left the campus for the brief Easter recess.

8th—Santamarians returned to classes to-day for the all too brief period of study before the final examinations.

11th—A banquet was held in the College Refectory for the Junior and the Senior High team.

14th—The Interfaculty baseball started to-day. Commerce defeated Arts 11-4.

18th—The College Hockey team, their fathers, guests and Seniors held a banquet in the college refectory to celebrate the winning of the Provincial Championship.

23rd—Arts sponsored a past-present Tau Gamma banquet. Father L. Burns, S.J., was guest speaker.

28th—Baseball playoffs started to-day. Arts defeated Commerce 12-4 in a sudden-death game.

MATRICULATION Continued from page 55

Eric Myers: This cheerful import from Eastern Passage is a good student and a true friend.

Maynard Myers: Eric's cousin is in the same category.

Philip O'Toole: This curly-headed, short, pudgy figure has the "Open Sesame" to all circles.

Joseph Penny: "Bubs" is another very hard worker who gets results. He is a fine debater and a *Journal* columnist.

Edward Ross: Class President and Sodality Prefect, famous for the words, "Now boys, how about those dues?"

Robert Ross: Bob was a solid defenceman with the Senior High Champs. Academy's loss was our gain.

Clifford Styan: A true blue Englishman—who dares utter criticism, *Stinke adstante?*

Robert Sullivan: The Treasurer, if not the treasure, of the class is, 'tis said, an honorary citizen of Jollimore.

Victor Thompson: The strong, silent Coast-Guard type from Shelburne.

Joseph Wall: Our easy-going Joe is expert at saving himself for the final dash.

GRADE IX Continued from page 57

which Quizz Kid said that? It wasn't I, Cowboy! What did Father say when he saw Murphy's four Merit Badges from College Street? "It's a mystery to me!" O'Loughlin is the Grade Niner who will bear watching. He's already on the way to the newspaper business. O'Malley is the kind of a man we like. Never misses a Grade Nine game. Parsons, who keeps showing his heels to the crowd, has furrows in his hair instead of on his brow. Pittard is always called Pitt for some unknown reason. He wasn't unknown on the crack line of Brackett-Mills-Pittard, though. Since Reardon took the plunger as a boarder he had become quite a Bridge expert. Richards finally confessed his reason for passing around so many blotters. "They make for neat homework, boys!" Believe it or not. Russell, better known, as Gus, is very popular in the warm weather. Would it be the Cokes in these ration days? Selig is a way ahead of the Government. Very little rubber was found in his cage this winter. That was his contribution to the Junior High Championship. Smith really enjoys an outstanding distinction. He's the only one tall enough to look Mr. Hayden in the eye! Wall, our plane expert, showed us pictures of his plane in the air. How did it get up that high? By the way who are these Quizz Kids anyway?
