# CANDID SHOTS

Dr. Kenneth L. Ozmon  
Saint Mary's University President

Dear Graduates of the Class of 1997,

In future years, as you review this Yearbook, you will have occasion to reflect on your many experiences as a student of Saint Mary's. The pictures and text in this book will help you to reminisce about people and events which, on reflection, will be among the best in your life.

That's because your alma mater, Saint Mary's, is a special place--a place of tradition, one where thousands of graduates have preceded you.

As some of you know, the Robie and Inglis Street campus where you have studied and lived is only the latest in a number of locations for Saint Mary's in the city of Halifax. Saint Mary's has been required to change its venue as its reputation has grown, and as demand for our programs has increased.

Some things about Saint Mary's have not changed, and they will not change in the future. In 1802, the year of our founding, Saint Mary's dedicated itself to meeting the community needs of the time, and it made a commitment to the values we hold dear today--to recognize the importance and individuality of each of our students and to provide a place, and an environment, which allowed everyone in the university community to grow--students, as well as faculty, staff and alumni.

We know you are proud of your university. We are proud too.

Our very best wishes to you in all that you do.

Yours Sincerely,

Kenneth L. Ozmon  
President

Chris Webb

Saint Mary's University Students' Association President

Saint Mary's Students,

The most interesting phenomena of university life is how quickly it all seems to go by. The first semester begins and just when you start to settle in midyear exams seem to start. One short semester leads to another and suddenly . . . graduation? This soon? Unfortunately for me, I still have my fourth year to complete, but many of you will be graduating this year and to you I say, congratulations!

Saint Mary's has given us so much over the past number of years. Many wonderful things which will linger in our memories for years to come. Things like great friends, a greater sense of our place in society, fun times, overpriced cafeteria food, and a student loan which will not be paid back until our children graduate from university.

This year has been very successful for your Students' Association. From Frosh Week to Charter Day, many hours of hard work has been put in by the SMUSA staff in order to provide the best services possible to you. As well, many discussions have taken place with university administrators and government officials in order to ensure that Saint Mary's students are treated fairly. The Student Representative Council has debated many issues which deal with student concerns and many initiatives have risen from these many Sunday meetings.

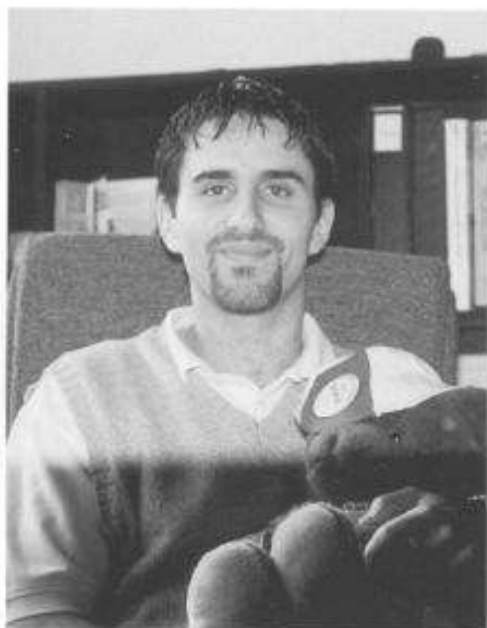

I have had a fantastic experience serving as the student body President for 1996-97. There have been many enjoyable days and many frustrating moments and hopefully you have benefitted from the outcomes of our decisions. The full-time staff and the staff within our operations have done a fantastic job and I congratulate you on all of your hard work.

I would especially like to thank the student executive for their hard work and perseverance during the year. Also, I would like to thank the executive, namely, Ephrem Abraha, Kelly Boutillier, John P. Francis, Adrian McCardle, and Becky Oates, along with my family and friends for their support. It is from your friendship over the past year that has made this such an enjoyable experience.

In closing, another year has past and yet again a new group of students will be entering university life to take on new and exciting challenges. To those who will be graduating and to those who are continuing their education at Saint Mary's, I wish you good luck and happiness.

Sincerely,

Christopher Webb  
President 1996-97

# Orientation Week 1996

New Faces, Loud Music, Getting Lost on Campus and Partying galore because mom and dad are not around. This is what Frosh Week meant to most if not all first year students on campus. This year's Frosh Week was one of the most successful to date.

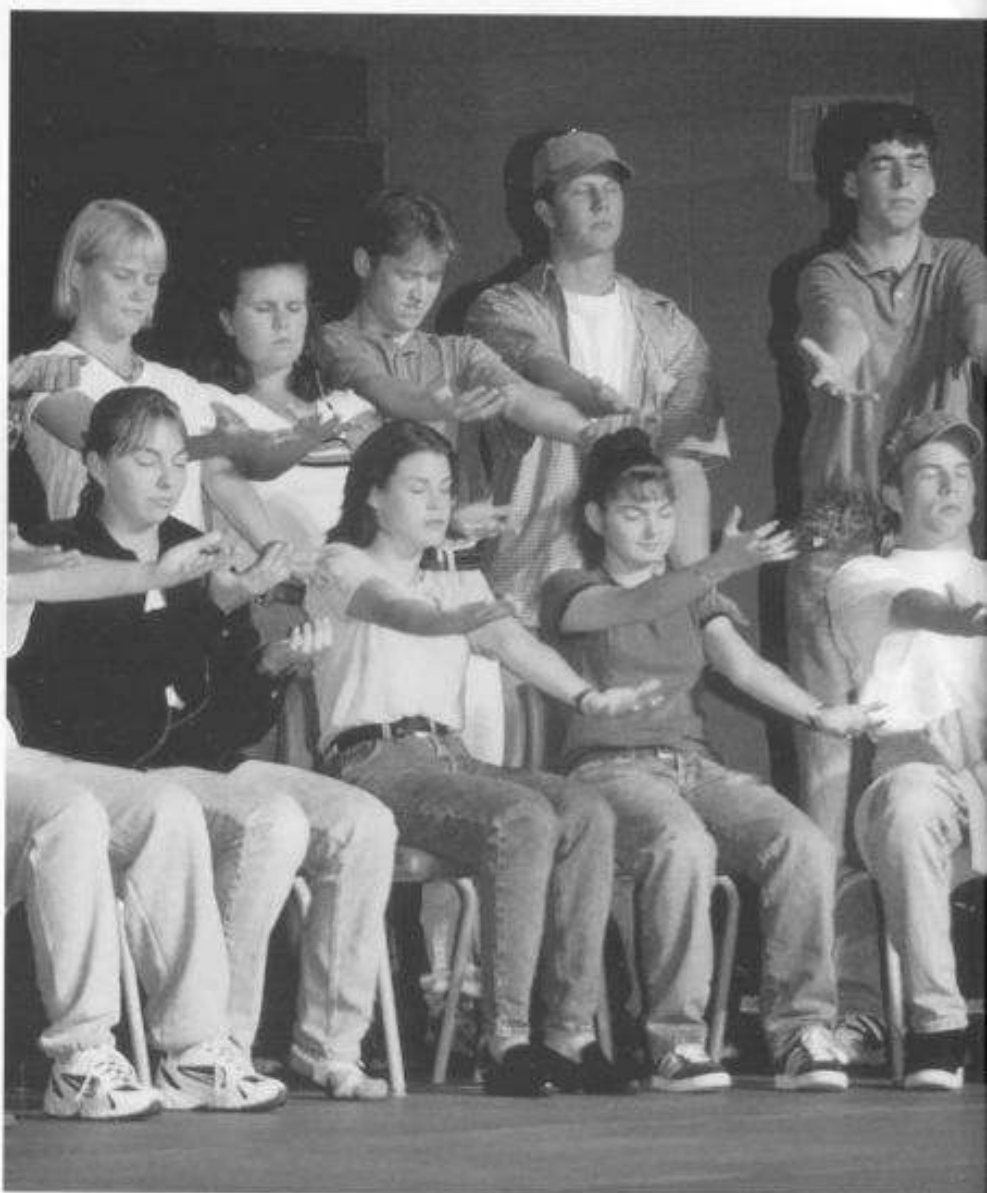

While I take pride in the success of frosh week I cannot take the full credit. As Captain I have to give credit to my CREW. The sub-committee and the Froshleaders put in many long hours to ensure that frosh week was a success. I would like to thank the committee for all the hard work they did. I would also like to thank the passengers for coming out. Without your participation in the week's events we would not have had the fun and good times we did.

I hope the best for next's years orientation crew and pass on to you the hard task of welcoming new students to our small but spirited campus.

John Francis  
Frosh Captain

Frosh week kicked off on Sunday September first for all those frosh wishing to pick up their frosh packs and for residence students who got their floor orientation and the street dance in Hen Alley. Monday started with residence orientation followed by the frosh photo and frosh olympics. The President's dinner was followed by dry pub night and midnight madness in the Tower and on the turf. The rain that fell (continued on opposite page.)

outside did not dampen the spirit of the frosh until the smoke from the barbecue's set off the smoke alarm and sent everyone outside in the soggy weather. When Breakfast TV decided that it was too wet to set up their equipment the

Husky patrol van was filled with eager students to go down to the studio. Tuesday morning was devoted to Study skills programmes which gave those tired frosh time to recuperate from the midnight madness. Rain cancelled the barbecue and tug of war but Casino night went over well. Wednesday was the first day of classes followed by Michael Anthony in the tower.

The student expo and comedy night took place on Thursday. Friday night announced the arrival of the much anticipated harbour cruise and no matter what which harbour cruise the students were on they had a good time. A communication problem caused the cancellation of the festivities on Saturday afternoon. Finally Saturday night arrived and with it so did the Killjoys and 5440. The Huskies hosted St. FX for the annual Robe Bowl which officially ended Orientation week 1996.

## THE NEW FRANK H. SOBEY FACULTY OF COMMERCE BUILDING

The construction of the Frank H. Sobey Faculty of Commerce building marks a new era for Saint Mary's University. With the tender calls already made for architecture and construction management firms, the process is well underway to have the building open by September 1998.

The sod turning ceremony, held on October 16, 1996 was just the beginning of that process. With the amount of people that turned out for the event, the success of the new commerce building will not go unnoticed. Faculty, administrators, staff, students, alumni, neighbours, business leaders and politicians were on hand.

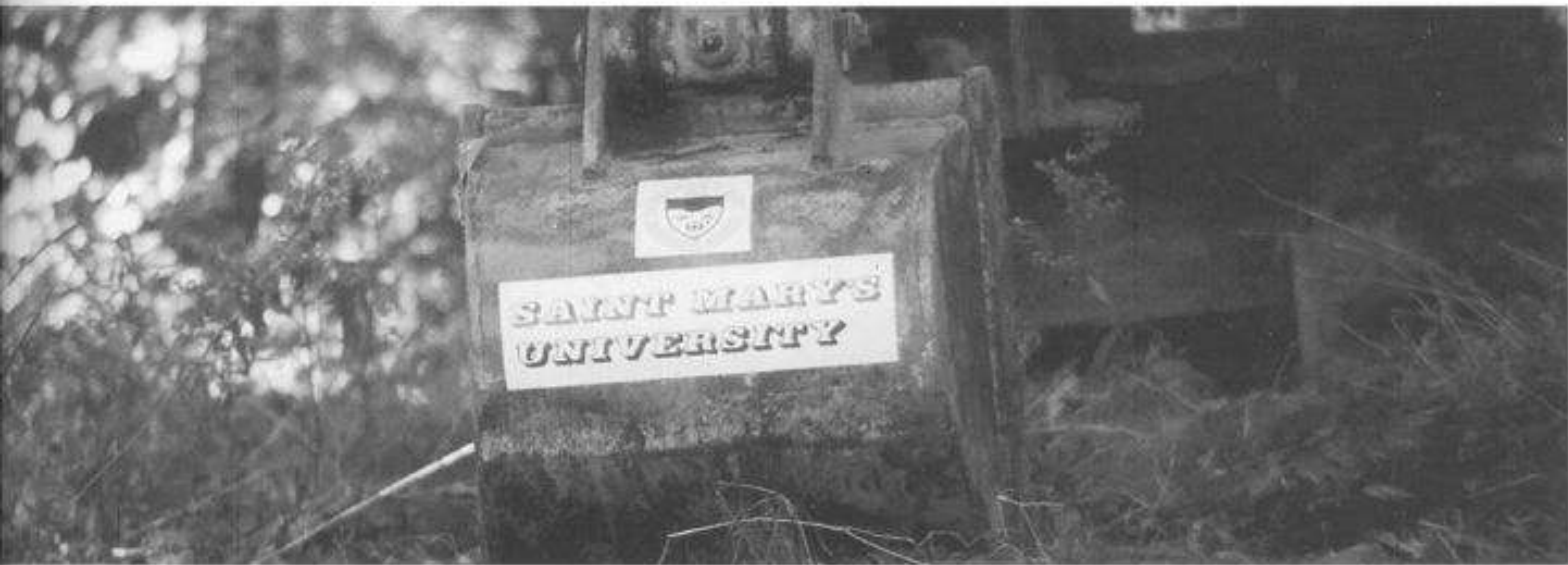

"I remember being with you a little earlier this year, when I first announced that we would invest six million dollars in funding for the capital construction of this new facility ... I understand that the province's investment may have been inspirational in persuading people to reach deeply into their pockets. With some solid leadership from David Sobey, your corporate fundraising is now approaching the twelve million dollar mark. That is a proud reflection of the way Nova Scotians pull together to make important things happen. Congratulations," says the Honourable John Savage, Premier, Nova Scotia.

"How sweet it is, sums up exactly how Dr. Kenneth Ozmon, President, Saint Mary's University feels about the construction of the new building. "Partnerships with the government, business and professional associations have been the backbone of the Saint Mary's Commerce Faculty for decades. We have offered specially designed programs for a variety of groups, and with the support of federal, provincial and municipal government agencies, small business and entrepreneurs in Nova Scotia have benefitted from access to the brightest business students and the best business professors in Atlantic Canada."

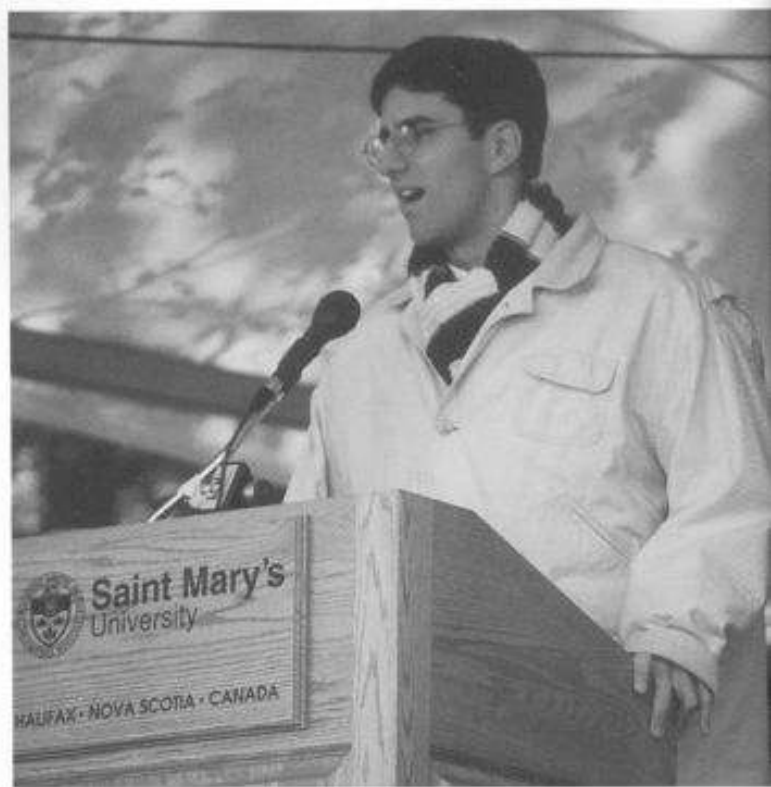

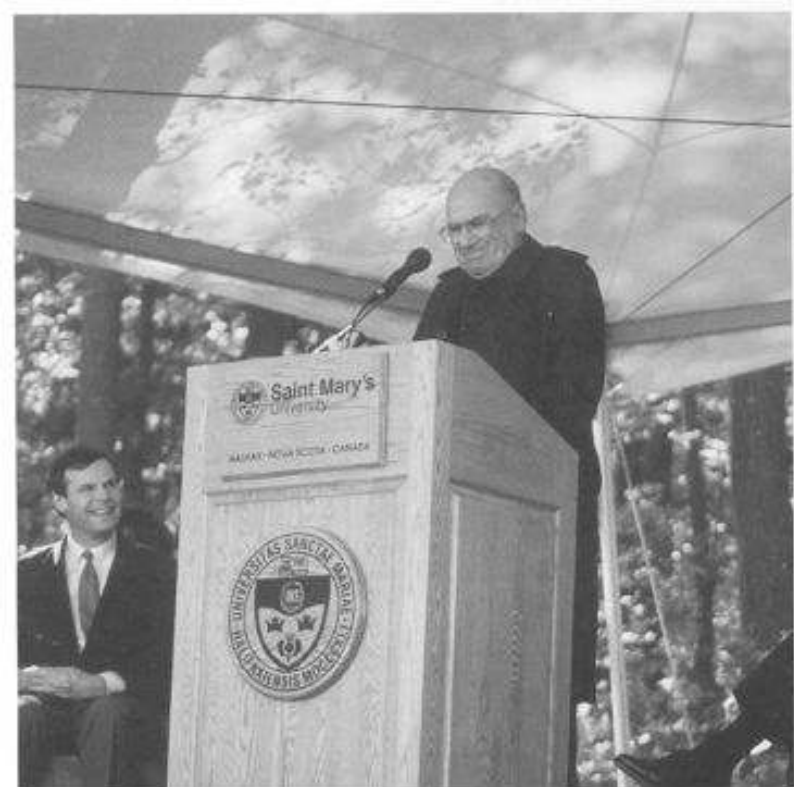

Students in Nova Scotia will have the best opportunity to study commerce with state-of-the-art technology, conference rooms and an award winning faculty. The development of a doctoral program in commerce will place Saint Mary's as the business leader for the Atlantic Region and provide students with more opportunities both within Nova Scotia and abroad.

## TEAM CANADA TRIP PAYS OFF BIG FOR SAINT MARY'S UNIVERSITY

"When five hundred Canadians get off a plane, you tend to be noticed," is how the Prime Minister of Canada, John Chretien, described the impact of the January, 1997 Team Canada Trade Mission to Korea, the Philippines and Thailand.

The Nova Scotia contingent lead by Premier, John Savage, included Dr. Kenneth Ozmon, President of Saint Mary's University and Denis Leclaire, Director International Activities. The province generated twenty million dollars through a number of signing agreements, including one which is credited to an earlier Saint Mary's initiative.

The initiative produced a memorandum of understanding between Atlantic Combustion Products of Amherst and the Electricity Generating Authority of Thailand. Once the test period is completed, the company plans to sell eleven and one half million dollars worth of products to Thailand every year. Blake Daley, a partner in Atlantic Combustion, credits Saint Mary's Master of Business students with providing the key to opening the door for at least eight million dollars in business for his firm in Thailand.

The students analyzed the license plate market in Thailand for the company two years ago. While that project did not flourish, a more lucrative contract was signed and it was one of the largest contracts initiated during the Team Canada visit.

"The visits generate a great deal of press, which in turn raises awareness, and, in my university's case, leads to very worthwhile contacts...as well as recruiting students. Being able to say that is part of the Prime Minister's delegation opens a lot of doors...", says dr. Ozmon, about the importance and benefits of "Team Huskies" participation in Team Canada.

The second part to the Saint Mary's contingent included Maureen Woodhouse, International Activities who participated in a number of education fairs hosted by the regional Canadian Education Centres in Singapore, Jakarta, Bangkok and Kuala Lumpur. There is an incredible demand for tertiary education in a number of countries throughout Asia. Canada and Nova Scotia are particularly attractive because of the calibre of universities, the safety of our cities and a friendlier, inclusive culture. "Once prospective students realize that the winter does not last six months, they are impressed with the location, reputation and breadth of programs available at Saint Mary's," says Leclaire.

In addition to a highly successful alumni function in Singapore hosted by Dr. T. C. Cheung (*Honourary Doctor of Commerce, May 1993*) and attended by nearly one hundred people, University representatives met with government, high school and university officials in Bangkok, Singapore and several other countries which have expressed interest in sending students for undergraduate degrees and others for specialized training.

Already several requests for costs and course outlines are being handled by International Activities and the Admissions Department.

## COMMERCE PROFESSOR OF THE YEAR

This award is high praise for a teacher as it is selected by students. Students of The Frank H. Sobey Faculty of Commerce chose Dr. Harold Ogden, Marketing Department, as their professor of the year. Dr. Ogden has been instrumental in the development of the real-world situations for our students, including: co-operating with the US Consulate General, Commercial Services Division, on a work program which offers one student per term the opportunity to gain job experience and publish research projects that go into the US national trade database; he also co-ordinates a work-term project for students at the Canadian Embassy through the World Trade and Convention Centre.

## *The Competitive Edge*

Clear business strategy, organizational effectiveness, and sound management of human resources make the competitive difference among companies. Enlightened employers turn to Mercer professionals for experienced consulting in the crucial areas of human resources management:

- pensions
- group benefits
- compensation
- employee communication
- human resources management
- actuarial services

# SAINT MARY'S UNIVERSITY CAPITAL CAMPAIGN

October 1992 marked the official launch of the University's major fundraising appeal, Building on Strength Campaign. The goal of this five-year appeal was to raise \$24 million for a number of exciting campus improvements, the cornerstone of which was a new Business School.

The goal had two components:

\$12 million private sector

\$12 million government

Many campaign highlights have been achieved since 1992. As a result of the generosity of a wide group of donors, the private sector goal has been realized.

Within this appeal, donations and pledges were made by:

Students	\$600,000
Board, Faculty, and Staff	\$240,000
Alumni	\$2,000,000
National Corporations	\$2,300,000
Regional Companies	\$1,300,000
Foundations	\$2,500,000
Special Names	\$2,900,000
U96 Lottery	\$200,000

On the government front, \$8 million of the \$12 million goal has been raised.

Therefore, with the campaign's official canvassing phase scheduled to end in the Fall of 1997, 83% of the overall \$24 million goal has been achieved.

Highlighting the tangible campaign benefits already in evidence on campus, we have among other things:

- Improvements to the Gorsebrook Lounge
- Resurfacing of the astroturf field
- Sod-turning of the new Business School
- Establishment of a number of new scholarships
- Support for the library acquisitions budget
- Equipment purchases for the Atlantic Center of support for Disabled Students
- Support for the Business Development Centre
- Support for a variety of academic programs

These elements will have a major positive impact on improving campus life for Saint Mary's students.

The most exciting development will occur when the Business School construction is completed and the ribbon is cut to mark the opening of this long-awaited facility in the Fall of 1998.

Bravo and thanks to all generous donors who have been so committed and helpful to Saint Mary's University.

*Congratulations to the Class of '97  
and a Warm Welcome to the

Saint Mary's Student Alumni Association has always promoted an interaction between students and alumni, promoted a sense of pride at Saint Mary's and enhanced our school's reputation on and off campus...and this year was no exception! The SAA was definitely "on the move."

Armed with a larger than usual executive and a great group of enthusiastic members, the SAA set out for an action-packed year with endless events for all students. This year was kicked off with the SAA's appearance at this year's Expo, an event which did wonders for the recruitment of several eager new members. Next on the agenda was a weekend retreat at camp lone cloud to work on team work (and to have a LITTLE fun.)

The Student Alumni has always been known for their crazy face painting and loud cheering section at football games. The enthusiastic SAA crew made sure that their presence was felt at all football games in September, October, and November.

Football games were only the start of a long list of events in October. The SMU Ambassadors did a super job at the Homecoming weekend from making the alumni feel right at home to assuring that things ran smoothly. After all, this is one of the most important weekends for the SAA. October was far from all work and no play as the SAA gang held their annual Pub Crawl and Halloween Party. Saint Mary's future alumni were also given the opportunity to interact with our Student Alumni as they provided a framing service at Fall Convocation and Spring Convocation.

Along with their Wednesday night meetings which, continued right into November, the SAA also put on a Coffee Crawl. It was a great opportunity for everyone (including underage members) to get involved. The end of November was jam-packed with preparations for the exam survival kits for residence students. Even with the few days that were spent at school in December, the Association still managed to get quite a bit done. The exam packs were completed and delivered and the group even had time to squeeze in a Christmas Party.

The Student Alumni came back refreshed and spirited as ever as they headed into the second half of the school year. The crew had good reason to be totally psyched because right off the bat was CSAAN, the National Student Alumni Conference. Fifteen members were sent to St. F.X. for a weekend they would never forget! January also included canvassing for the Alzheimer Society and a coat check at the Goorsebrook.

The SAA members demonstrated their SMU pride as they continued the year. February brought the chocolate rose program and canvassing for the Cancer Society.

As the school year came to an end, the Student Alumni's activities certainly did not! March was marked by their hosting ASAN, the Atlantic conference. It was a great success that consisted of a day of friends and fun in the Tower and a night on the town not to be forgotten! Even after the excitement of this event, members still found the time to volunteer at Hope Cottage and to organize a year end wine and cheese party.

The Saint Mary's Student Alumni Association definitely made their presence felt, on and off campus, throughout the year. Congratulations to all members for their superb efforts this year and good luck to next year's SAA.

JD

Clockwise from bottom left: Chris, Tanya and Lela get set for a race across Miller's Lake at the SAA weekend retreat in September. The CSAAN Conference titled "Gathering of the Clans" was just that! Ready to take on the world! The SAA starts off the year with an eager crowd at the open house barbecue early in September.

# Student Alumni Association

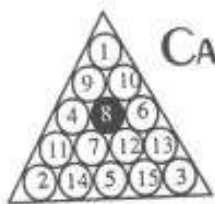

This page clockwise from bottom left: Saint Mary's SAA was proud to host this year's ASAN conference. Members from St. F.X., Acadia, Dalhousie, MSVU, and SMU took part in the day long event. The famous survival packs! This year's packs were organized by Jayne and Yvonne (centre) who, along with all the members who helped, out did a superb job. Thirteen Student Alumni members, along with director, Barry Gallant, attended CSAAN at St. F.X. There certainly was reason to celebrate at CSAAN! Sure we remember the conference... sorta!

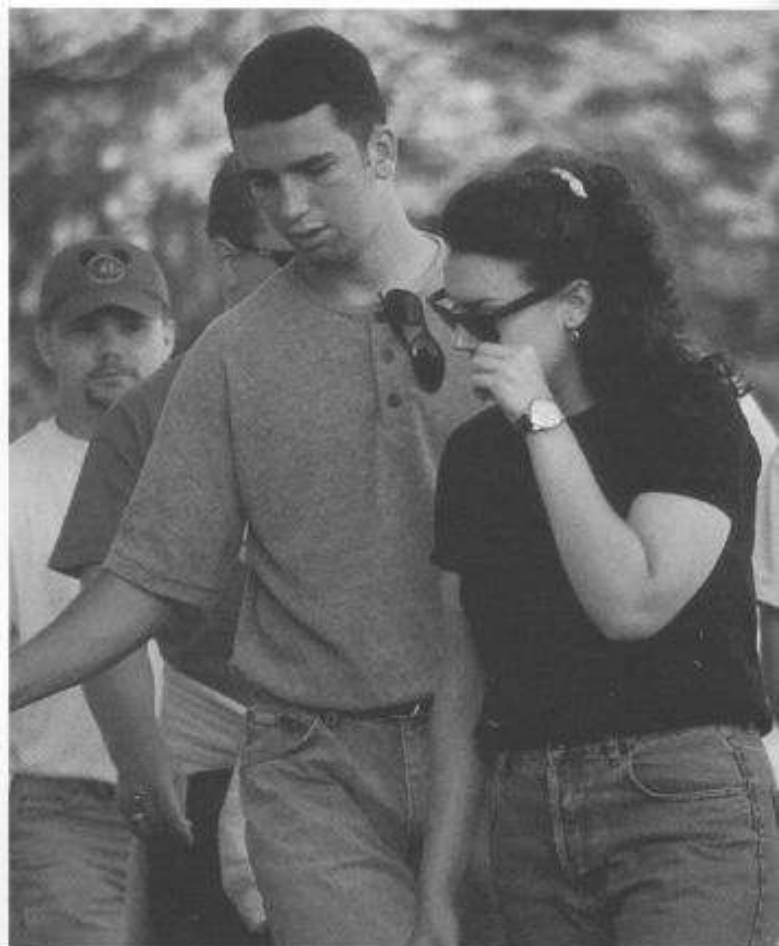

Opposite Page clockwise from bottom: Andrea Jayne and B.J. head out to deliver chocolate roses for February's chocolate rose campaign. Amber helps out in March's clean-up at hope cottage. The SAA weekend went off with a bang...or should we say SPLASH! Even Alumni officer Barry Gallant gets in on the action! Sorry about the leather shoes Barry!!

## Editors' Message

This past year was quite an exciting one for us. With just two editors, Lori (2nd year) and Tanya (frosh), things slowly came together in the beginning. We kept Jill (our photographer) quite busy from the start. However, once we got everything set up, the book began to take shape. In the midst of the production of the book, we had many obstacles thrown our way. First, we were moved from our small office into the Special Functions, where we became acquainted with the Communications Department. After all that confusion, our printer decided to give out on us, right before a deadline. Perfect timing! Then, of course, there was that little problem with the camera. With all that out of the way, we are now down to our last deadline.

As we finish up the last of the pages and clear out for the summer, estactic that the book is finally completed, we realized that we will here in September once again, amidst all the craziness. We hope that everyone enjoys the book. It took many long hours and hard work making this a book to remember. We would like to thank everyone who was involved in helping us put the book together. In the upcoming year, we hope to see more people involved with the creation of the book. Have a great summer!

# LOYOLA VS. RICE Hockey Challenge

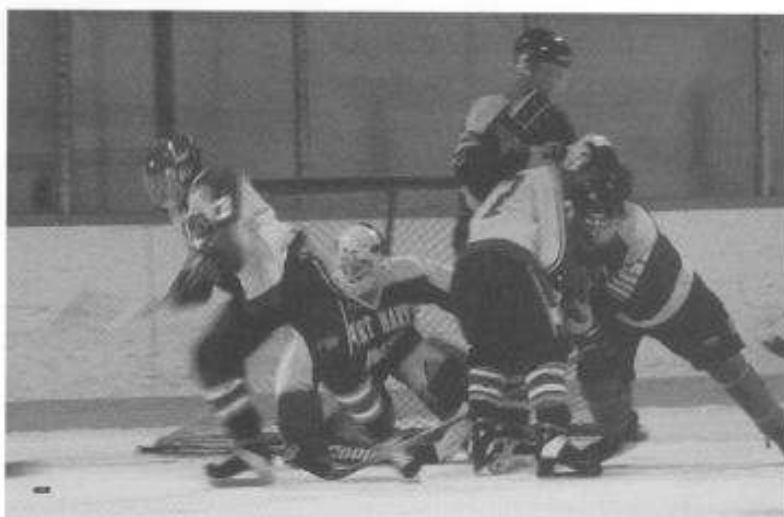

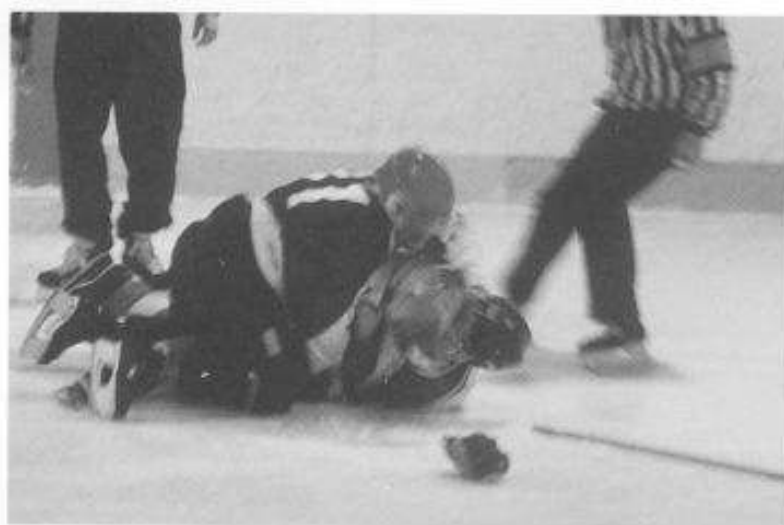

# RESIDENCE HOCKEY

A Saint Mary's tradition continued this year with the Loyola/Rice Hockey Challenge. In November, players took to the ice to fight it out for first place, while fans cheered on their favourite team. This year's champion was Loyola, with Tim Sloan scoring on a breakaway 18 seconds into the overtime period. The teams kept a close score throughout, with Loyola finally pulling ahead in a 4-3 victory. Some noteworthy performances include Loyola's Stuart Landry, who had a TKO in a fight with Scott Morrison and Jamie McKay, the hardest working player on the team. On the Rice team, Tim Enman and his perfect corner shot allowed Rice to pull ahead 3-2, while Mark Chapman was the first scorer in this hockey challenge. Game MVP's were Tim Sloan (Loyola) and Tim Enman (Rice).

# ST. PATRICKS' DAY

## SMU STUDENTS' AT HARVARD

Submitted by Kelly Boutilier

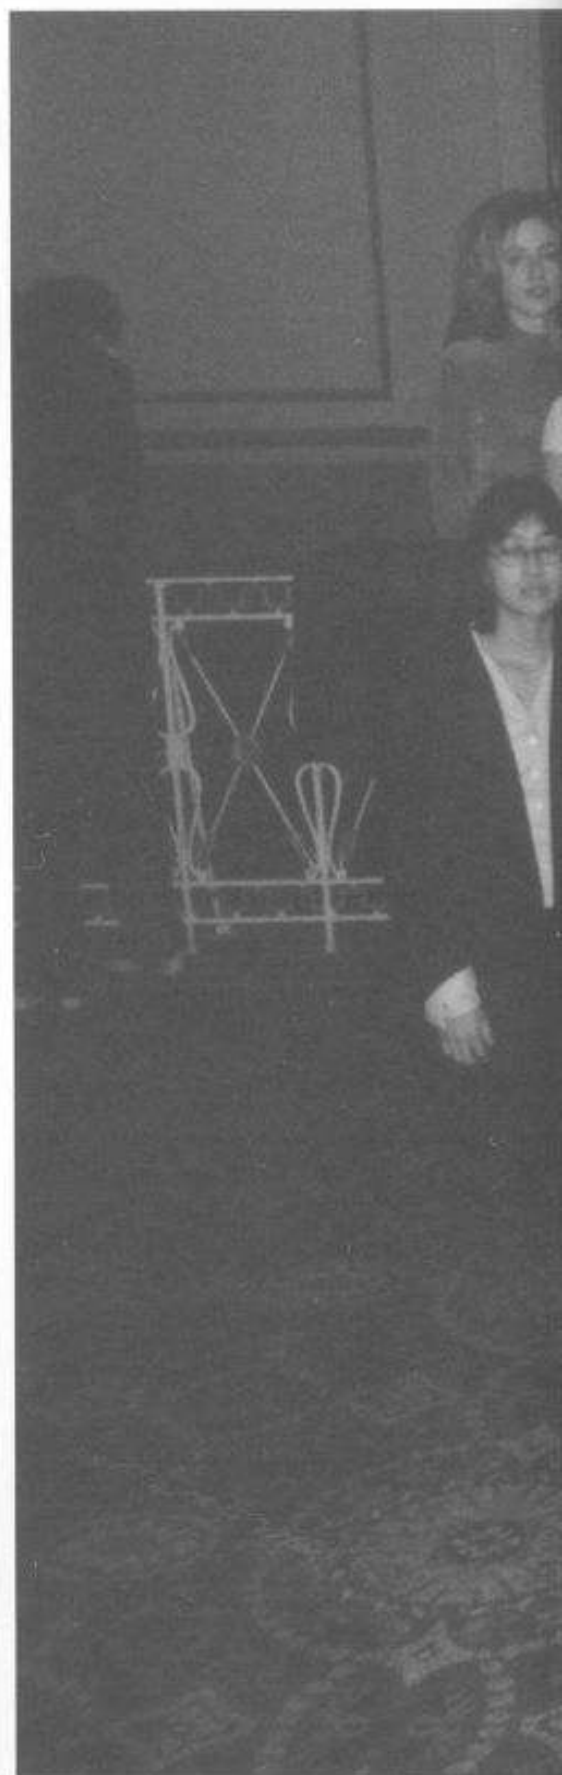

What is now fast becoming a tradition at Saint Mary's University, is a delegation of SMU students going to Boston in the chilling month of February to represent the University in the Harvard Model United Nations.

On February 13, 20 students boarded a plane in anticipation of meeting over 2000 students from around the world.

This year, we represented Zimbabwe. This gave us the opportunity to take the view point of a third world country. We had to protect the interests of a developing country. This was a very hard task for a lot of us considering most of us were born and raised in a developed world.

This conference is set up similar to the actual United Nations. Each university is given a country they have to represent. The university delegation representatives are then each given committees they have to sit on. There are specific topics that each committee is going to discuss. That means that each delegate, for their specific committee, must do months of research in order to prepare for the conference.

This year, we had the opportunity to go to the Peace Keeping Centre in Cornwallis, learn about the United Nations, and meet the real Ambassador of Zimbabwe. Some of us who braved the snow storm, icy roads, and took no heed to all the tow trucks and cars off the road, went to the Ambassador's hotel to ask questions about our topic.

However, all of the hard work was worth it. Saint Mary's University came through with flying colours. We received two best delegate awards and one honourable mention.

The students participating in the conference did become frustrated with the process that the United Nations go through to make resolutions and we wondered how anything gets accomplished there (especially if they break out into sing-a-longs like they did in a few committees).

But, it wasn't all work. We were able to see the sites and socialize with many of the other delegates. Some of us got to go to Cheers, the Hard Rock Cafe, Harvard University, and best of all the GAP Outlet Store. Yes, they had GAP jeans for \$15.00, with no tax.

The SMU delegation did not get to Harvard in its own. We owe a lot of thanks to the many supporters who bought our tickets and came to our Pub Night. A special thanks to Scotia Bank, Dr. Kenneth Ozmon (President of Saint Mary's University), Dr. Ronald Coleman (Political Science Department), Dr. Michael Larson (Dean of Arts), Dr. Paul Dixon (Dean of Commerce), Dr. David Richardson (Dean of Science), Dr. Colin Dodds (Vice President Academic and Research), Keith Hotchkiss (Director of Student Services), Alana Robb (International Student Advisor), and the fundraising committee for not resorting to hand-to-hand combat if a couple of us needed a small temporary loan for airfare.

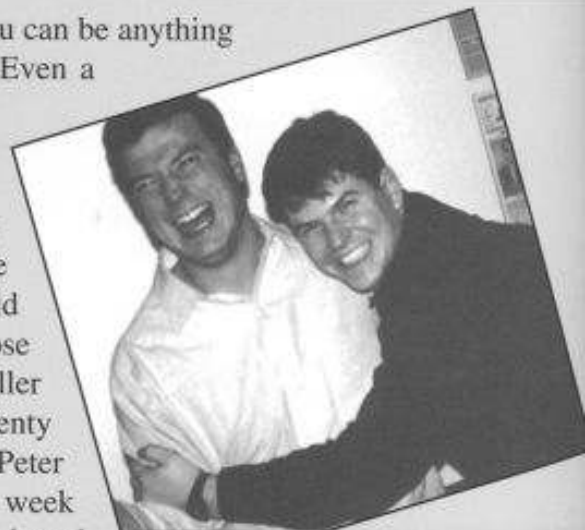

# Welcome To The Journal

Welcome to The Journal, where all your fantasies can come true. You can be anything you want at one of SMU's Oldest societies. An editor. A writer. Even a ballerina. Yes, much like an episode of *Touched by an Angel*, The Journal prides itself in raising young whelp rookies into deranged, caffeine addicted journalists, with little or no integrity. Working for the Journal is a lot like drinking too much Snapple. You start out feeling sweet and fulfilled, but soon become a bloated, nervous time bomb, looking for the nearest urinal. We always figured the real world was like that too, so why hold back. Those who made it thank us, those who bailed stay away from Snapple. This past year was another roller coaster for the gang at the Journal. Lots of political intrigue and plenty of Macarena madness abounded as the small group of overworked Peter Parkers slaved to put out an entertaining and informative read each week to the needy brains of our beloved campus fans and to those Gazette-bored Dalhousie monkeys down the road. Even with political ties to the mayor of Halifax, editor Paul Fitzgerald ended his final year with the paper still not providing the staff the much needed necessities: free hookers and Snapple. Upon graduation, Paul was accepted to King's, where he plans on becoming a credible journalist. Hard Copy awaits sweet prince.

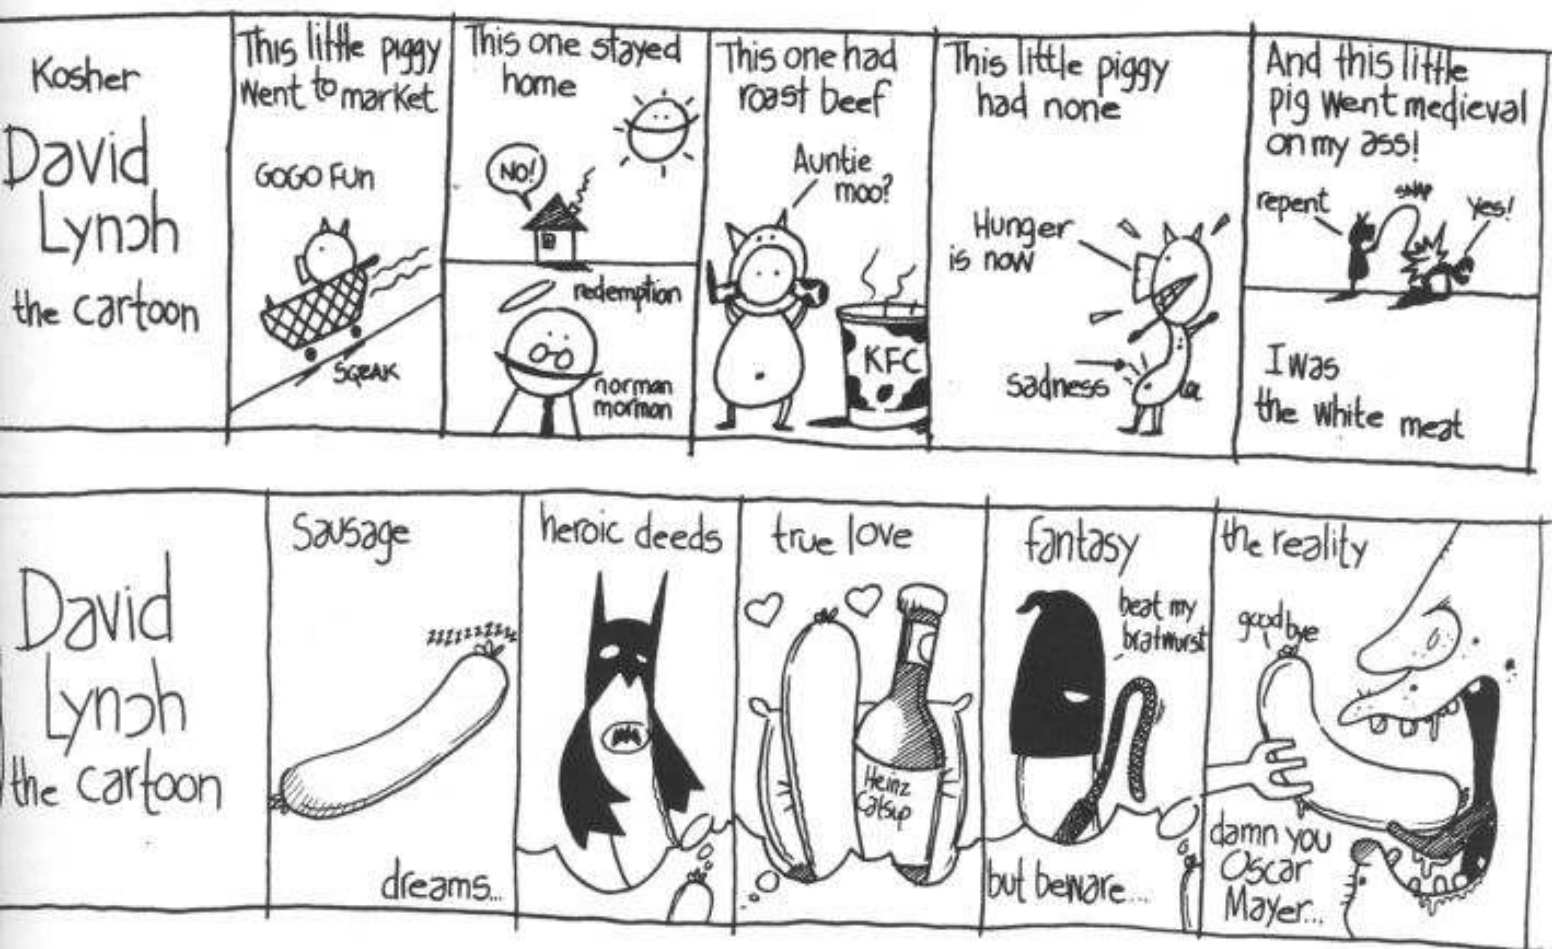

The paper was the site of many earth shattering festivals which provided us with plenty of juicy moments worth remembering. If it wasn't watching SMUSA lackey's tongue each other, it was surviving another Charter Day choked full of Lawn Mowing residue salads and bread baskets a go-go. SMUSA, when not embezzling or threatening us with yet another defamation of character suit, seemed content to pillage the poor students like some demented Captain Crunch. Speaking of Chris Webb, we were sad to say good-bye to someone who provided so much material in cartoons and news and editorials. Much like his feathered counterparts, Chris flew south for the summer and was never seen again. The off shore account must have been in Mexico.

Revelations this year included the fact that we can't always depend on Marriott for good editorial food fodder anymore. That Single Guy isn't getting any younger. That swimsuit calendars aren't a good idea when SMUSA execs keep lawyers on hand. PEZ may be dispensable but JOLT does not age well. That you can sell ads for Rum but that doesn't mean you can score in Truro. You do supplements for the stories, not the advertisements. That honorarium meetings may be televised on Pay Per View as UFC bouts. That no matter your woes, it's nothing a \$1.99 brunch at Jerry's won't fix. Finally, no matter how much I beg, kick or scream there is no way I will ever escape the curse of the Gorsebrook Caesar.

We've lost many important people this year and saying good-bye is always hard. The sweat and work each individual puts into the paper is unfathomable. Curtain calls go out to Sports Editor Paul Meek, Photo Editor Paulus Lacombe, News Editor Dave Ryan and of course Paul "Fitzberald". As to all who have written, drawn or streaked for us in the last year our thanks and gratitude and remember that although the faces change, we'll always remain your Journal. Now get out there and pay for that Snapple.

# The Annual Fund Centre

Saint Mary's University Annual Fund raises charitable donations on a yearly basis. The money that is raised helps to support the library, scholarships, bursaries, athletic and recreation, faculties, the Atlantic Centre of Support for Disabled Students, and other needs within the university.

## Student Callers

Over 25 Saint Mary's Students are employed by the Annual Fund each year. Students are scheduled two nights for calling from Sunday to Thursday, 6 pm to 10 pm. Fund raising is put on hold during exam week and for the holidays. The majority of students telephone alumni, parents, and special friends of the University to solicit donations.

One of the many campaigns for this year was the Patrick Power Library Parent Support Program. Students contact freshman parents, previous donor and non-donor parents to request their support of this program. If parents donate the suggested amount, they receive a bonus of a bookplate, with their son's or daughter's name, placed on a book in the library.

Another campaign that had been ongoing through the year involved the Leadership Club. This campaign focusses on special friends of the university, who donate significant amounts of money to the university on a yearly or regular basis.

By contacting alumni, the Alumni Association is able to keep up to date with address changes, family news, promotions, marriages, and other personal information of interest to fellow graduates.

The Annual Fund Centre is located in the basement of the Alumni Association house at 867 Robie Street. For information about the Annual Fund, please call (902) 420-5497.

# THURSDAY NIGHTS

# FUNCTIONS

The Functions Department or Liquor Services is the source of liquor supply for events around campus outside of the Gorsebrook Pub. The members of this group can be seen in casual attire for events such as this year's 5440 bash during frosh week. We can be seen in our lovely white shirts and black bowties for more formal events, including dinners with Dr. Ozmon. On Thursday nights, we can be found collecting money from people at the door or if the pub is short staffed, you may see us bussing tables for the evening. It safe to say that many of you may have seen us carting liquor across campus on one of the many days it was pouring rain or during one of the few snowstorms. Of course, there were plenty of offers to help lighten our load.

# INFORMATION SERVICES

Marilyn MacGibbon  
Manager

The Information Desk is essentially the front line of the Saint Mary's University Students' Association, as it provides the first impression that many people have of SMUSA and the university. Helping to make this a great first impression are the staff consisting of Kelly Ainsworth, Nancy Brown, Jackie Canton, Michelle Limieux, Marilyn MacGibbon, Mary Jane Nahrgang, Chris Pretty, Melody Song, and Lisa Stewart.

The Information Desk added the new service of fifty cent pull tickets this year. This is an opportunity for students to win some much needed extra cash. Other services at the desk include: stamps (Canadian, American, International), bus tickets, bus passes, bus maps and schedules, ten and twenty dollar phone cards, envelopes, transparencies, photocopies, bindings, off-campus housing listings, newspapers, society mail, campus information, bash tickets, etc...

Once again we are pleased to announce that the Husky Patrol "Drive Home" safe program was a big success this year. The "Drive Home" safe program is a service provided by the Saint Mary's Students' Association (SMUSA) in cooperation with university security. The service is provided to students, faculty, and staff of Saint Mary's University in the provision of providing a safer environment by ensuring a safe drive home for those working late on campus.

SMUSA, in cooperation with university security, were pleased to acquire two vans for the service, improving quality, efficiency, and consistency of service. The service has again been realized with the assistance of numerous corporate sponsors including: Taylor Lincoln Mercury, Pepsi Cola (AllSport), Shoppers Drug Mart (Fenwick), Discount Car and Truck Rentals, Toronto Dominion Bank, Q104, Marriott Management Services, Cantel, and Saint Mary's. A special thanks must also be extended to Norm Gallant (SMUSA Genreal Manager) and Kelly Boutlier (SMUSA Treasurer).

The Husky Patrol Service is staffed with qualified Saint Mary's students. The van will operate between the hours of 6:30 am and 12:00 am, Sunday to Friday inclusive. The personal services operates within the Halifax Central and Halifax South areas.

**TAKE  
A LOOK**

Terry Klironomos  
Manager

This year's Communications and Marketing Department had its share of ups and downs. However, our friendly staff continued to serve the students of Saint Mary's to the best of their ability. After all the poster-making, flyer posting, long hours, and (sometimes annoying) neighbours, we somehow came out sane in the end.

We are proud to announce that a former staff member will be competing in the 1997 Canada Summer Games in Brandon, Manitoba. Keara Dean will be going for the gold in the sport of mountain biking this August.

Another major accomplishment this year, of which we are proud, is the new and improved Bulletin. With the help of the SMUSA executive, the Bulletin has been transformed into an interesting, informative news page.

As Manager, I would like to thank my staff for bearing with me as we reorganized this vital department of the Students' Association.

# Men's Soccer

Your Women's Soccer Team had a successful season, losing in the AUAA semi-finals 3-2 to Acadia in regulation time. Acadia had gone undefeated all season and had no goals scored against them all year...until the semi-final game. They were not scored on in the AUAA final and went on to represent the AUAA conference at the CIAU Championships. The semi-final game was a respectable finish to a respectable year for your Huskies.

The Huskies opened the season with a 3-0 victory over Mount Allison at home. They then went on to defeat Moncton 2-0 at Moncton, and tied UNB 0-0 in UNB. It wasn't until they played the Dalhousie Tigers at Dal that SMU suffered their first loss, 1-0. The Huskies bounced back though beating UCCB 4-1 at UCCB. Their next loss, 2-1 against St. FX in Antigonish was a very controversial loss, with Signa Butler receiving a yellow card, and Marie Rasmussen receiving a concussion after colliding with the St. FX keeper, Laura Kelly. During the game, the huskies also had two controversial calls called against them for passing back to the keeper. St. FX scored off one of them. The Huskies continued to attack the Xettes and ended up scoring three goals in total, only to have two of them called back. It was a very frustrating loss for the young Huskies, and one they had trouble recovering from.

The next weekend, the Huskies were scheduled to have three home games, and needed as many points as they could win to secure a playoff birth. The weekend didn't start off very well for the team who suffered from a 1-0 loss from St. FX on Friday. On Saturday the team was beating Memorial University by a goal but with only seconds remaining, MUN scored to end the game in a 1-1 tie. That game was worth four points that the Huskies surely could have used... instead they came out with two. The Huskies went on to defeat UCCB the following day by a score of 1-0.

Wanting to secure a playoff spot, the Huskies tried to refocus after a disappointing weekend. They travelled to Acadia and earned a 0-0 tie with the still undefeated Axettes. They then defeated UPEI 1-0 at home, but then suffered a 3-0 loss against Acadia at home. Although the score indicates a one-side game, the Huskies played very well against Acadia, who certainly did not win without much effort.

The last game of the season was to be played at SMU against the Dalhousie Tigers. Your Huskies were in a do or die situation. They had to beat the Tigers to make the AUAA playoffs. The pressure was tremendous and the game was intense. Your Huskies came out hard, hitting the goal post and missing the net on another shot by centimetres. In the second half, all their hard work paid off. The Huskies scored with about fifteen minutes remaining and managed to hold off the Tigers for the rest of the game. SMU was going to the play offs!!

The play-offs were a brand new season for the Huskies. Dubbed "the black horses" of the play-offs, SMU came out to prove that they deserved to be there, that their sixth place finish after the regular season did not reflect the Team's skill level and effort. And prove their point they did. The Huskies defeated third place UNB in the AUAA quarter finals. The score was 1-1 at the end of regulation and overtime play. SMU had been practicing penalty kicks all week prior to play-offs and their practice paid off...four of SMU's five shooters put their shots in to secure a spot in the AUAA semi-final game against Acadia. Signa Butler was named AUAA all-star at the AUAA's and recently received team most valuable player at the Awards Banquet.

The Huskies will have most of the same players returning next year so look for a strong finish from them in the next AUAA Soccer Season. The team would like to thank Coach Joanne Evans and Assistant Coach Michelle Smeltzer for doing such a great job with the team for the past two years. The team says goodbye and good luck to graduating players Tara Timms and Terynn Boulton. The return of Signa Butler is questionable due to a knee injury she suffered during the winter soccer season. The team also says goodbye and wishes the best of luck to coach Evans who will not be returning next year.

## AUAA Final Standings

Team	Wins	Losses
Saint F.X.	5	3
Mount A.	4	4
Saint Mary's	4	4
Acadia	2	6

### Disappointed Again...

In a season plagued with controversy as wins were reversed due to CIAU drug testing, the proud wearers of maroon and white missed the AUAA playoffs in what ended up being a very disappointing season of five hundred ball for the second year in a row. Larry Uteck and his staff had the luxury of a nice mix of talent and a large offensive line, but injuries and mixed experience were key in the shared disappointment. The team had a lot of new faces this year led by veteran players James MacPherson, Edward MacLean and Terry Buchanan (The Nova Scotia Granite Trio) as well as strong efforts by quarterback Perry Marchese, David Bottrill, Enes Medanhodzic and rookie Mathieu Demers. Although strong in the running game (in the new look offensive) behind the horses of running backs Glynn Hall and Ray Skeete along with some aerial acrobatics by All Conference Slot Back James MacPherson and rookie David Kameka, the team looked solid with the defense keeping the team in the game early on.

Starting off with a boastful and fortunate three wins to open the regular season (two of which were away games) the boys looked to be on their way to a successful year. However, luck would soon run out for our Huskies when after the first loss, they just seemed to come up short on both sides of the ball. The team's success ended when they were only able to gain one more victory in their next five games., ending their hopes for a playoff spot. The final game of the year against Mount Allison proved to be one of the most exciting games ever witnessed in Huskies Stadium. The game ended in a heart breaker as they lost their last chance to advance to the playoffs. The team also watched sadly as players Edward MacLean #67 [OL], James MacPherson #34 [SB], Jeff Hutt #60 [OL], Mark Dallariva #88 [K], Dan Bossett #58 [LB], Mark Prima #16 [S], and Terry Buchanan #52 [DT] played their final game for Saint Mary's.

As next year's team looks for answers, they will find comfort in knowing that the traditions of past players (teams) will live on in each of them and ourselves to keep the tradition of winning and pride at Saint Mary's forever...

#### Saint Mary's AUAA All Conference Players

Offense: James MacPherson (Slot Back), Mark Dallariva (Kicker)  
 Defense: Enes Medanhodzic (Defensive End), David Bottrill (Rover), Dan Bossett (Outside Linebacker)  
 Rookie of the Year: Mathieu Demer (LB)

Back Row (L-R): Wayne Brown, John Carter, Rob O'Blenes (VP Prez).

Front Row (L-R): Dave Fraser, Kevin MacKay, Bruce Argue, Wayne Ellis (Tres.), Jason Butts (Prez), Trevor Munroe.

## Saint Mary's University Rugby Football Club 1996-1997

The 1996-1997 rugby season has come and gone while the Saint Mary's University Rugby Football Club had a smashing good time off the field with many exceptional road trips and terrific parties. Hey we sucked at league play, but finished first in the Second Division Men's Consolation Final at the Truro Moosehead Dry Indoor Sevens Tournament. Way to go boys!!!

There was great competition among the teams this year with many very close and exciting games. The First Division Men just missed the play-offs in the last two games of the year. We lost to King's College 17-13 and to Saint F.X. University 20-10. With limited players the boys fought hard all year.

The Saint Mary's University Rugby Football Club will say hello to a new president for the 1997-1998 season, Steve Aldred. Congratulations Steve!! Steve replaces Jason Butts, club president for the last three years. Thanks Jason!! We would also like to thank the executives of the 1996-1997 year, Rob O'Blenes, Wayne Ellis, and Felix Omolayole. Thanks guys!!!!

With some new and used ideas for fundraising, field time and the ability to get a few more members (really) interested, maybe SMU can build on the success of two years ago when SMU went 5-3, but lost 13-3 in the semi final to the heavily favoured Acadia University.

Good Luck to all the new executives and future ruggers at Saint Mary's University Rugby Football Club.

### Saint Mary's University Women's Rugby Club... A Winning Trend

The Saint Mary's Women's Rugby Club had another great season this year, its fifth since the club was founded in 1992. With a squad of many founding members and veterans, as well as talented rookies, we finished the season with only two losses.

The regular season is short - September to early November. The club was very busy with one or two games per week and fitness/skills practises daily. Despite our "club" status the team members' dedication and drive resulted in our continuing reputation as a top ranked team in the league. We finished the season in November with a loss to archrivals Acadia University in Division Semifinals. The competition in the women's rugby circuit is tougher every year as the teams mature and the sport gains popularity.

Unfortunately, many of our founding members are moving on, and we extend special thanks to Captain Tammy Poirier, and Co-captain Lucy Trull for their extra time and dedication to the team. We would also like to thank our volunteer coaching staff for their patience and time commitment, players themselves, the coaches brought Saint Mary's University Women's Rugby to a higher skills level. Ed, Jason, Billy... all the guys - you're the best.

In March we entered two squads in the Truro Indoor Seven's tournament, played hard and had fun. We concluded the "Rugby Year" with our annual banquet, held at Merrill's (in lieu of an invite to the Varsity Athletics Banquet! We're just a club after all...) Award winners include: Danielle Gillis- Most Valuable Player Overall, Cara Gillis - Most Improved Player, and Allison Crowe - Best Rookie.

Until regular season play starts again we will be saying goodbye to some excellent veterans, and looking for a new coach. We will also participate in summer tournaments in the area, and begin making plans and recruiting for another season; a fresh start, with our sights on the league championships, 1997. Special thanks to all the fans who turned out games and supported our fundraising. The crowds get a bit larger every year as rugby catches on...

# Field Hockey

# Huskies

Back Row (L-R): Tomi Jones, Angela Ethridge, Sue Myers, Bridget Daughney, Sarah Bell, Kate Scott, Mike Andrews (Assistant Coach).

Front Row (L-R): Amanda MacInnis, Erin Brady, Colleen O'Brien, Leah Oakley, Roxanne Jagosh, Sharon Rajaraman (coach).

This year's Saint Mary's University field hockey team consisted of a young team. Pre-season tournaments took us to Port Jervis, New Jersey USA, in May of 1996 and Toronto in September of 1996. From those tournaments we gained valuable individual and cohesive team play experience.

Although our team expectations were not fully realized, all players improved their skills considerably. The three AUAA all-stars from Saint Mary's were Sabitha Masih, Sarah Bell and Tomi Jones.

Post-season indoor tournaments were attended in Fredericton and Halifax. Next Year the core of the team will be returning. It should be an exciting year. Good luck to Sarah Bell and Sabitha Masih who will be graduating.

Back Row (L-R): Lesley Jordan, Heather Richards, Marsh Stephens, Corrina Cummings, Sarah Bell, Jill Stewart, Melissa Smith, Melissa Cummings, Crystal Jones.

Front Row (L-R): Lisa MacDonald, Erica Oliver, Carla Ward, Terynn Boulton, Marlene Caissie.

Your very own Women's Hockey team had a very successful year this season in the Nova Scotia Women's Hockey League finishing third, after the completion of the regular season schedule, with a record of 13 wins and 5 losses. The eight-team league consisted of teams from Dalhousie, Acadia, Halifax, Shearwater, Sackville, Truro, Brookfield, and of course, Saint Mary's. Dalhousie, Acadia, and Halifax were the only three teams to successfully defeat us on the ice while Sackville and Halifax also stole wins from us by default (don't ask).

We attended a tournament in Cocagne, New Brunswick on the weekend of March 7, 8, and 9, and although we did not make it to the semi-finals, we managed to have a lot of fun. This may not mean a lot to people reading the yearbook but Melissa

C...don't forget to hit the cue ball and passengers in Crystal's car...beware of Carla's horn! And of course, at this time, we must extend our thanks to those fans that travelled to Cocagne to watch us play. Believe it or not, we had more fans in Cocagne than we did at home games. Maybe that can change for next year!!! But that's not to say that we did not appreciate the few fans who faithfully watched us play at home, and even at Dal. Thanks guys, you know who you are!

The first ever Nova Scotia Women's Hockey League All-star game was held in January of this year and we were able to send five players to represent our team. Congratulations go to Melissa Cummings, Corrina Cummings, Erica Oliver, Dana Rittmaster, and Lesley Jordan for being chosen to play!

Unfortunately Dana broke her wrist during the friendly event and was missed by the team for the rest of the season.

Just in case your wondering, Melissa and Corrina are indeed sisters. In fact, we also have fraternal twins on our team. Lesley Jordan and Lisa MacDonald are sisters too...their last names are different because Lisa is married!

Before the end of the season, coaching adjustments were made in preparation for an even more successful season next year. Lisa MacDonald took on the role of player/coach for the last two weeks and hopes to continue that role for the 1997-98 season. Mike Hopkins continued his position as co-coach for the remainder of the season, and the team wants Travis Dorey to know that his position as co-coach throughout the majority of the season was very much appreciated.

The season ended off with a play off tournament in which your Women's Club Hockey Team took the bronze, losing only one game, in overtime might we add, by a score of 1-0. The game was a heartbreaker but overall the team looks very strong for next year and the potential for an even more successful season persists. Come show us the your support for the 1997-98 season! See you next year!

Note: The Women's Club Hockey Team consists of both Saint Mary's students and Saint Mary's Alumni. Marsha Stephens, Jill Stewart, Crystal Jones and Sarah Bell played as students this year but will be returning to the team next season as Alumnists.

The Saint Mary's Varsity Hockey team started the season full steam ahead going 4-1 including a 6-2 victory over the National Champion Acadia Axemen in Wolfville and a 4-2 victory over the cross-town rivals, the Dalhousie Tigers. This saw the Huskies earn the number eight spot in the national rankings. However, smiles turned to frowns when a rash of injuries and internal conflict caused a complete turn about, seeing the Huskies finish out the first semester with a 4-10-1 record.

Christmas time saw the departure of Matt Hill and Saint Mary's University "tough guy" Ken Tasker, as well as veteran leader Andre MacCormick. All was not well for the Huskies, who only managed four more points in the second half of the campaign.

On a high note, Marcel Pineau, James Sheehan and Saint Mary's captain, Rod MacCormick were chosen to play in the Tim Horton's Cup. Marcel had a goal and an assist and James Sheehan also had a goal. Mike Weatherbie was chosen as the team's Most Valuable Player by the coaches, and Derek Jennings was named the unsung hero.

Since the Saint Mary's Volleyball team was established, the team has done nothing but improve-and this year was no exception. With a record of 7-0 going into Christmas break, no one, not even the team, imagined how perfect the season would end. And perfect it was.

History was made when the huskies finished the 1996-97 regular season undefeated. With the addition of one more team to the league, SMU was the first AUAA team to ever finish a regular season with an 18-0 record. As nice as this accomplishment was, however, the girls were not satisfied. Team goals set in the pre-season were aimed no lower than the top, they wanted the AUAA Championship banner.

With a bye into the semi-finals in playoffs, the Huskies knocked off Saint F.X. 3-1 in an exciting hard fought match. But nothing could be sweeter than the final match when SMU stepped onto the court to play their cross-town rivals, the Dalhousie Tigers. With what seemed like the entire world behind them, the Huskies swept the Tigers 3-0. For the first time ever the Saint Mary's volleyball team would represent their school and the Atlantic conference at the CIAU's.

At the time when the team didn't think things could get any better, the Huskies were able to step up and play at a higher level, showing their strength and determination (on a court with only volleyball lines!).

The small virtually unknown team from the east made heads turn with the best performances of their lives.

Honourable mention must go to AUAA coach of the year, Lori Welsh-Hawley. Honourable mentions are also extended to AUAA league most valuable player and CIAU all-star Dana Olsen, as well as second team AUAA all-star and team captain, Nadine Sinclair for their great performance and leadership throughout the season.

As well, the Huskies would like to say a fond farewell to their five graduating players, Dayna MacLean, Dana Olsen, Karen Sloan, Dawn Tingley and Ruth Wilkens. Their dedication to the program has been outstanding and they will be missed.

Next year opens a new chapter for the Huskies with the return of veterans, Rebecca Davidson, Nicole Leblanc and Nadine Sinclair. Their experience and commitment will be vital to next year's team.

Returning along side them will be stand out rookies Barbara Brown, Jessica Hahling, Amy Laybolt and Alison Winters. With them on the court the future looks bright.

The team would like to thank all the fans who supported them throughout the season. You made a world of difference. No words can express how proud this 1996-97 team was to represent Saint Mary's throughout the season. We did it girls! Merrily, merrily, merrily, merrily life was but a dream.

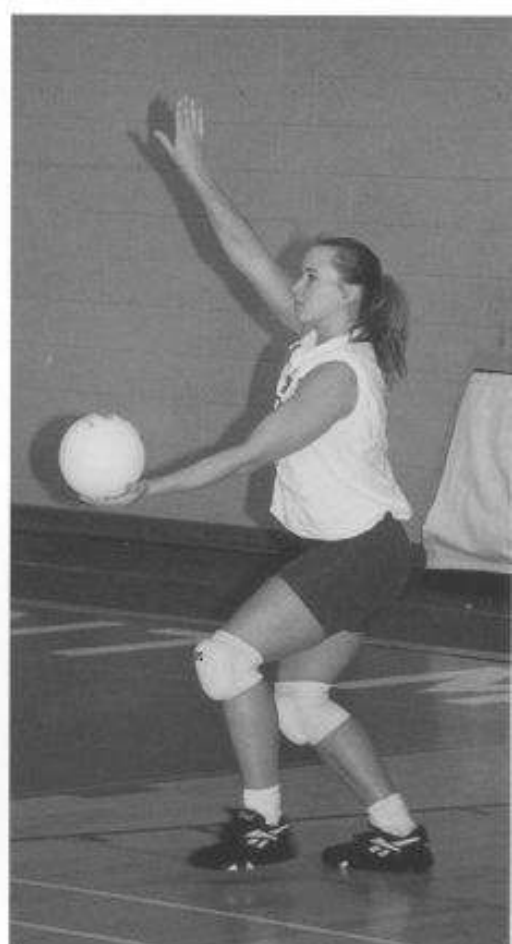

See you next year!

Front Row (L-R): Jessica Hahling, Karen Sloan, Dana Olsen, Nadine Sinclair, Ruth Wilkins.  
Middle Row (L-R): Lori Welsh-Hawley (Head Coach), Amy Labolt, Dayna MacLean, Rebecca Davidson, Dawn Tingley, Jamie Moore (Assistant Coach).  
Back Row (L-R): Nicole LeBlanc, Barbara Brown, Alison Winters.

1996-97

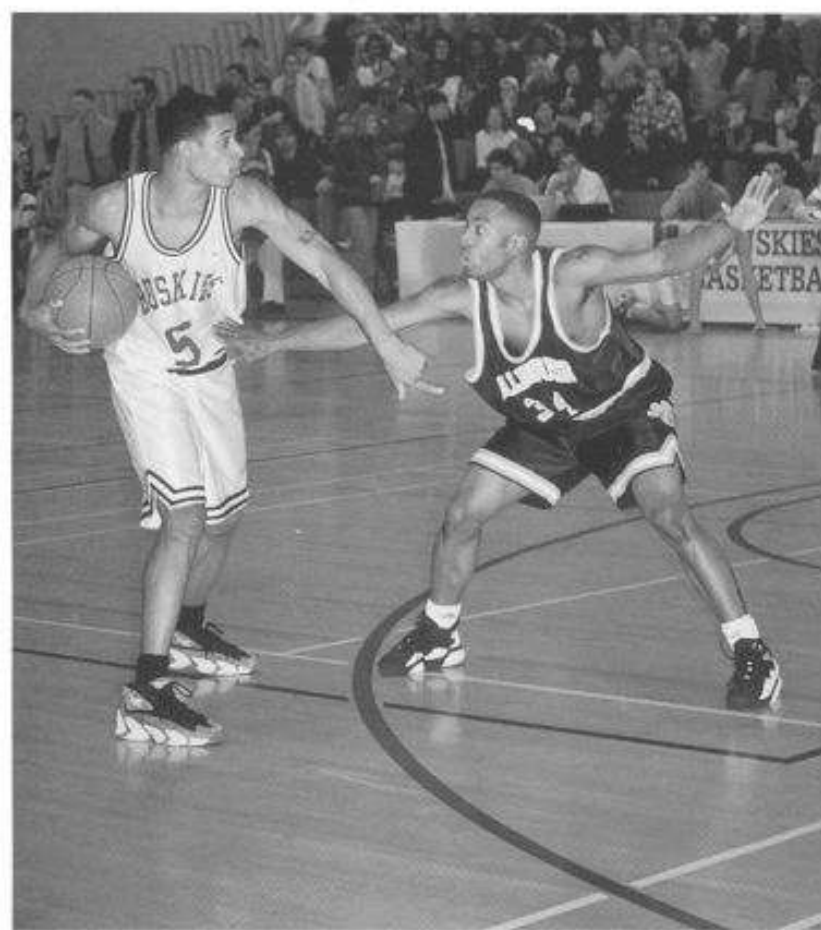

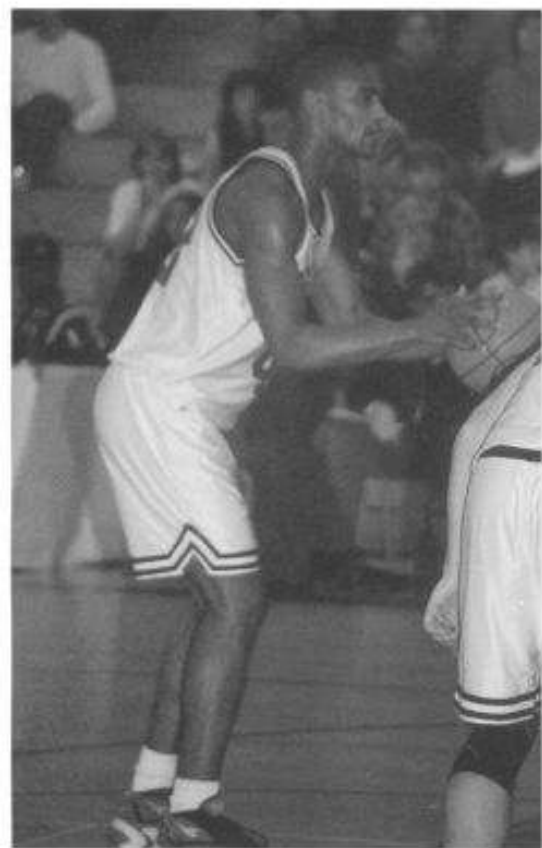

# VolleyBall

# Men's Basketball

# Huskies

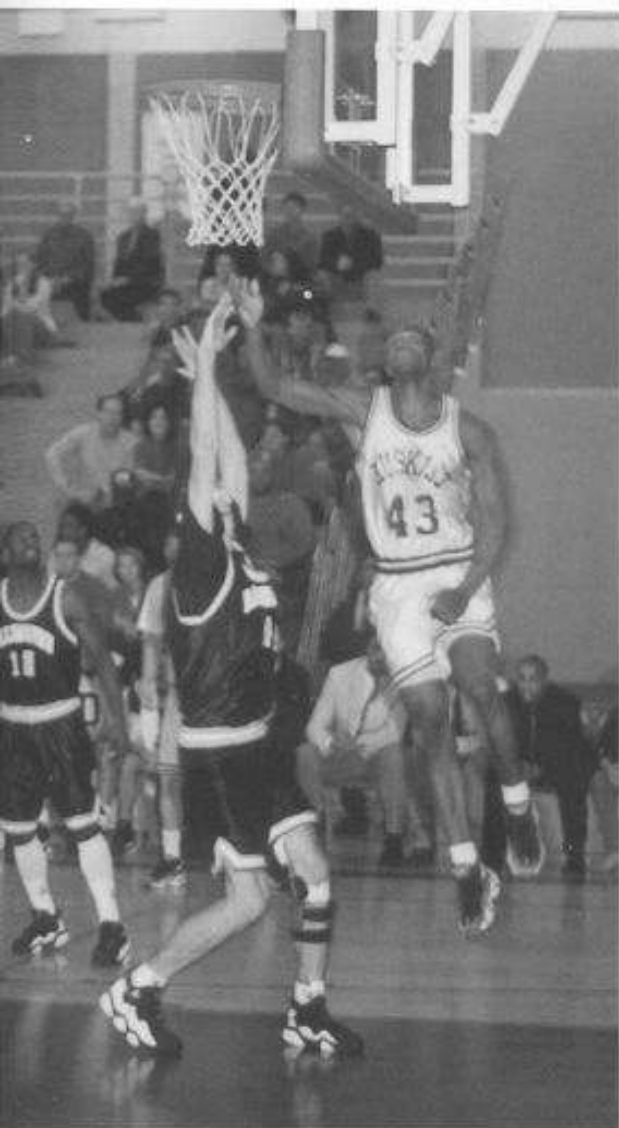

# 1996-97

## Men's Basketball

Back Row (L-R): John Landry (manager), Cory Janes, Patrick Toulouse, Derek Hurdle, Jason Medford, Lloyd Thomas, Matt Parent, Ross Quackenbush (coach).

Front Row (L-R): Wade Doucette, Kevin Keeler, Jordan McCormack, Kurt Henry, Jermaine Fletcher, Jonah Taussig, Andrew Gibb.

1996-1997 was an up and down season for the men's basketball team. Following a disappointing performance at the Acadia Tip-off Tournament the team rebounded to win the St.FX Invitational Tournament the following weekend. A four game road trip to Boston helped to bring the team together as they beat the defending North East 10 Conference (Division 2) Champions St. Anselm's College and Stonehill College as well. Returning to Canada and AUBC regular season play the Huskies lost two games to a tough Memorial squad on the rock, beat UCCB and lost to Dalhousie at home to take a 1-3 record into the Christmas Break. The second half of the season continued to be a mix of success and frustration. The team ended the regular season with a 9-11 record, good for fourth place and a play-off match up with fifth place Acadia Axemen. At the Metro Centre the Huskies were trailing 34-22 at the half before fighting back to take a one point lead with four minutes to go. The game then went Acadia's way as they ended Saint Mary's season 65-52. With a 6-5 exhibition record the team ended up 15-17 overall.

Individual recognition was accorded to Jason Medford who was a first-team All-star, and Jonah Taussig who was selected AUBC Freshman of the Year. Medford, Taussig and Derek "Bobby" Hurdle represented the team at the Second Annual AUAA All-Star Game held at UPEI. At the Athletic Banquet Jason Medford was honoured as Team Most Valuable Player and Jonah Taussig was the Saint Mary's University Rookie of the Year for male varsity athletes.

# 1996-97

## Women's Basketball

The women's basketball team was plagued with injuries and illness this season. They finished the season with a respectable record of eight wins and twelve losses. The women had expected to do better, however, the successive injuries and illness were too much for the women to overcome and be triumphant. Kristi-Jo Robinson claimed the Female Rookie of the Year honours at the annual sports award banquet. Jad Crnogorac earned the Most Valuable Player honours at the annual sports banquet. Jad also made the first all-star team and ranked tenth in the country in both scoring and three point shooting. The team is looking forward to a healthy season next year and hopes to meet the goals they had set forth this year.

As the AUAA Track and Field championships approached it was obvious that the Saint Mary's University Track and Field team had a very strong chance of winning this year's title. The AUAA's were held in Moncton over two days. After the first day only a few points separated Saint Mary's and Dalhousie for first place. We had a strong second day but after it was all over Saint Mary's ended up with a second place finish, short by only thirteen points. Overall it was a successful year, coached by Debbie Brown and Kevin Heisler this team shined. There were also some individual awards handed out to Saint Mary's athletes; Female Rookie of the Year was Amanada Wantanga and Male Rookie of the Year was Lee Myrick and the Male Athlete of the Year was Drew Higgins. These three athletes also attended the CIAU Track and Field finals where they represented Saint Mary's. This program has a strong and promising future. Some of the Highlights are as follows:

## 60m Hurdles:

Women- 2nd Megan Sommerfeld  
Men- 1st Lee Myrick  
2nd Jason Bunston

## 60m:

Women- 1st Amanda Wantanga  
Men- 1st Drew Higgins  
3rd Kyle Harper

## 300m Hurdles:

Women- 4th Amanda Wantanga  
Men- 1st Drew Higgins  
3rd Jason Mood

## 600m:

Men- 3rd Jason Mood  
4th Kurt Bannister

## 1000m:

Women- 5th Jonelle Sampson  
Men- 5th Kurt Bannister  
6th Chad Decker

## 3000m:

Women- 2nd Joanne Doucet  
Men- 2nd Jeff Gorman

## 4x200m Relay:

Men- 2nd SMU

## 4x400m Relay:

Men- 2nd SMU

## 4x800 Relay:

Men- 2nd SMU

## Shot Put:

Women- 3rd Heather Richards  
Men- 2nd Brad Smythe  
3rd Corey Bollivar

## Long Jump:

Men- 1st Lee Myrick  
3rd Brad Corbett

## Pole Vault:

Men- 3rd Lee Myrick

## Triple Jump:

Women- 3rd Megan Sommerfeld  
Men- 1st Brad Corbett  
3rd Shane MacKenzie

# SPORTS EXTRA

## SAINT MARY'S INTRODUCES VARSITY CROSS COUNTRY

### Men's Cross Country Running

This was Saint Mary's first year with a varsity cross country team so the results were unexpected. The team was coached by Kevin Heisler a helpful hand and experienced coach who could help this cross country team reach it's full potential. One great hope for Saint Mary's was Rookie Jeff Gorman, a Halifax native who is an experienced inter-nation runner. Saint Mary's also had returning Track and Field runners Chad Decker and Kurt Bannister. This year the AUAA finals were held at the University of New Brunswick. Saint Mary's University finished in fourth place with 95 points. Some individual awards this year went to Jeff Gorman who took home Rookie of the year and landed himself onto the AUAA all-star team. This earned a trip to the CIAU finals where he finished fourteenth which gave him the honours of making the second all-Canadian team.

### Women's Cross Country Running

Unfortunately the women never managed to put together a full team, but they did have a few representatives who got Saint Mary's onto the running scene. The girls that did run had a good showing. Joanne Doucet assumed the leadership roll. Joanne, a returning Track and Field athlete was taking her running ability onto the Cross Country scene. Saint Mary's two Rookies Maureen Maynes and Janelle Sampson represented Saint Mary's very well in the Women's first Cross Country season.

# DOG POUND

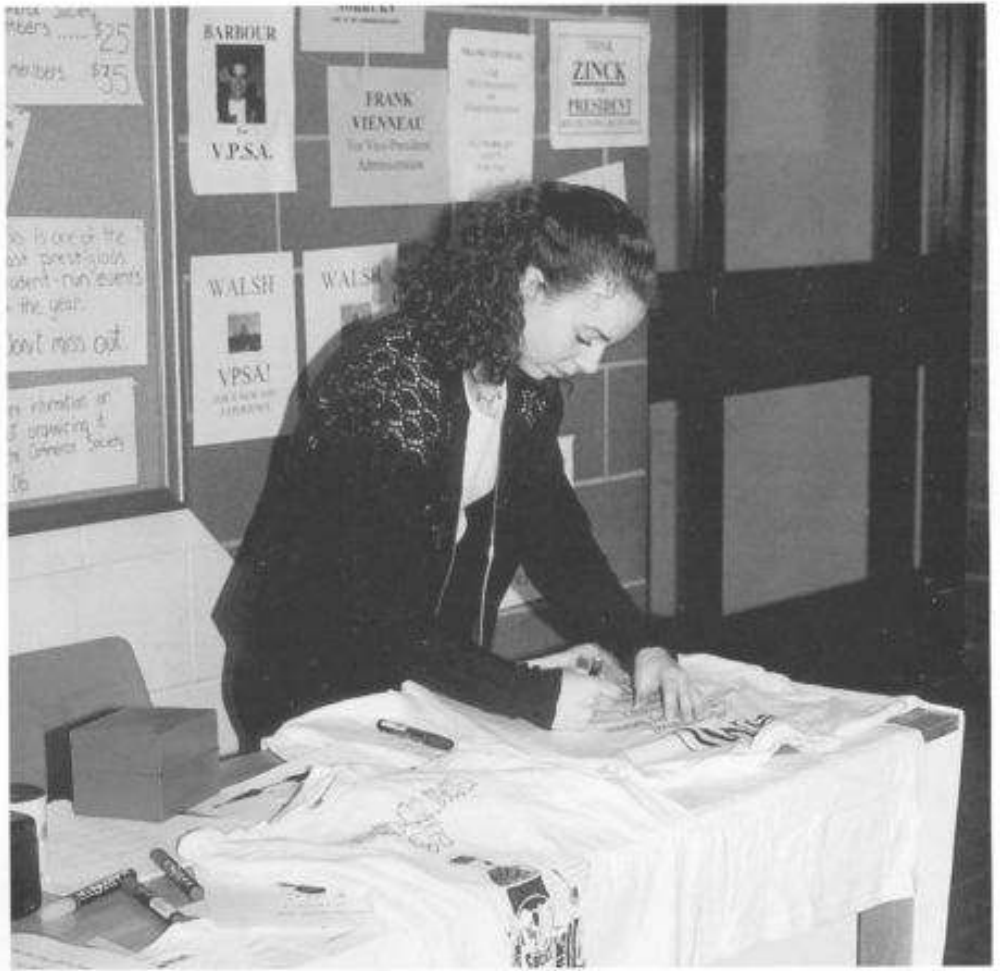

Pictured off to the right are members of this year's Saint Mary's dog pound. The tradition of the dog pound members making their appearance at home football games continued this fall. This group of brave individuals choose to slide down the steep hill on their stomachs and jump up and cheer at the bottom. Their purpose is to get the fans excited and keep the cheering going throughout the first and second quarter. With a great sense of school spirit and a drive for adventure, these students were able to take the challenge and become members of a great Saint Mary's tradition. Who will be brave enough in the upcoming year?

# Societies

1996 - 1997

## SOCIETY OF THE YEAR ACCOUNTING SOCIETY

This year, the Accounting Society had a number of notable events take place. The two formal CA receptions held early in the first semester saw a huge turnout. One at the courtside lounge, which netted 25 new members and another less formal reception at Ryan Duffy's. Both were excellent opportunities for students to inquire about the profession and its different aspects from young accountants, most from Saint Mary's.

The pub crawl with the Political Science Society was proof that politics and accounting do mix, but not with vodka and lime. The two bowling nights proved to be a huge hit. Although, maybe we should have had an "air hockey" night. Right, John?

With Splatshot, a ski trip, a party at a Dartmouth Inn, affiliation with the inter-society pub crawl, a CMA reception, student tax return service, tutoring, and other small events, it can be said the Accounting Society was active on the SMU campus in 96/97.

Our fourth year student executives included Nancy Brown, President, who did an excellent job. John Oakey, Public Relations man, communicated all the events to the members (as well as some pretty good jokes). Lisa Pierce, Secretary, Matt Leonard, master Treasurer, and Erin Vye, 4th year Rep. Thanks guys and good luck in the future.

As for the others, Gerry Hobson, VP, Jamie Welsh, 3rd year Rep, and our ghost Dodds, 2nd year Rep... They are going to stick around for another year to make sure next year is as eventful as this past year. It's hard enough to attend all the events with the tedious accounting schedule. It's even harder to organize them. Hats off to you guys!

As for the Accounting Society graduates and all other SMU grads, congratulations and best wishes!

*What's*  
**HOT**

# ENGINEERING SOCIETY

Bottom:

Perhaps the biggest event of the year for the Engineering Society was the Annual Toilet Bowl. After a one year hiatus, SMU returned strong to take our 3rd in a row (16th overall) from arch-rival s Dalhousie Engineering.

Top Right:

In this picture of a SMU defender tackling a DAL player, the Engineering Society President, Craig Hill fell to the ground and simply could not get up.

Middle Right:

Even after a gruelling match on the field, SMU and DAL Engineers remain on good terms. This was taken during the Annual SMU/DAL Pubcrawl.

DARE TO BE  
*different*

# ARAB SOCIETY

The Arab Students Association has 40 members, representing 23 countries in the Arab world, mainly from Egypt, Lebanon, Palestine, and Iraq.

The goals of the Arab Association are to represent the culture and show its beauty, serve the students and the community, as well as help students having problems with the English language and helping those who are not familiar with the educational system.

Meetings allow for the discussion of suggestions and new ideas. One of the societies main activities through the year was to have a few parties.

As a new society, that is trying to be very active, I search for ideas to help promote the culture and to serve the student's community.

Hasan Al-Gharbawi, President

Vicky Bitar, Vice-President

Mohammed Tayseer, Public Relations

Rawan El-Kommos, Secretary

# CFSM RADIO

---

# SAINT MARY'S

CFSM Radio Saint Mary's Association has had another year in which hard work and perseverance has brought us closer to our goal of becoming an FM station. We cannot do it without the help of all the volunteers. CFSM would like to thank everyone who helped out this past year. In particular, The Journal, Chuck Bridges, Walter Labucki, Kenny Lewis, and SMUSA. They have been instrumental in setting CFSM on the path to FM. The future looks bright and we hope to be able to provide quality broadcast to Saint Mary's University and to the community.

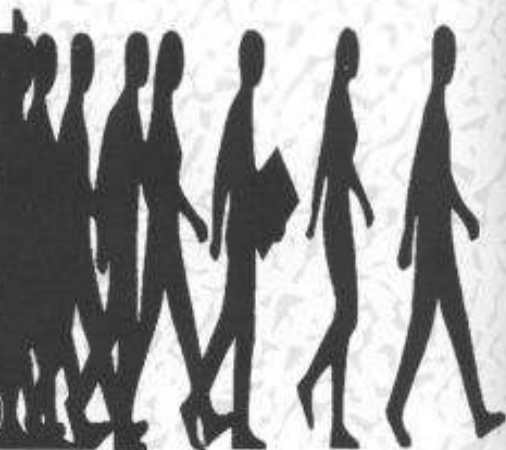

# AIESEC SOCIETY

AIESEC Saint Mary's, The International Association of Students in Economics and Commerce, is simply one local of the 750 AIESEC Committees that exist around the world. AIESEC is an International Students organization and is one of the largest student organizations anywhere in the world. The organization presently has over 60,000 active members in 87 countries. The role of this organization is to give its members valuable work and cultural experiences.

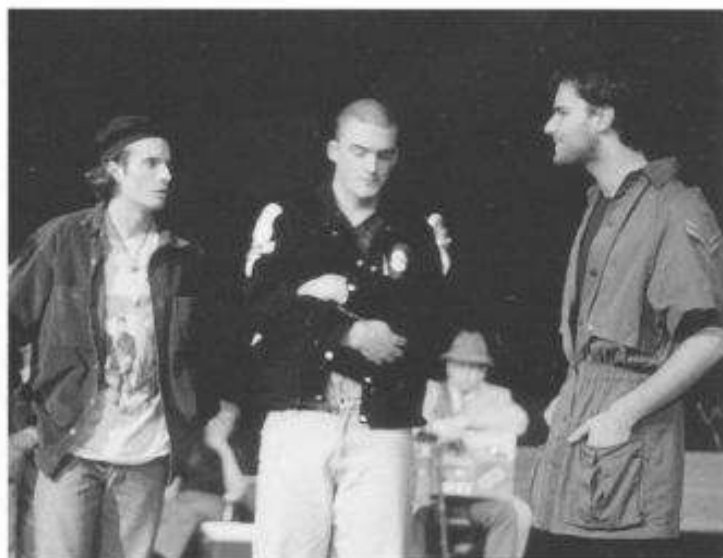

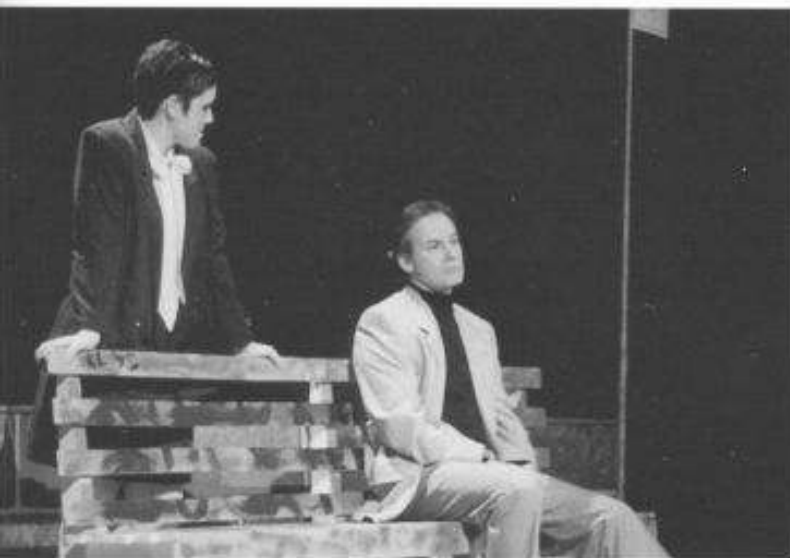

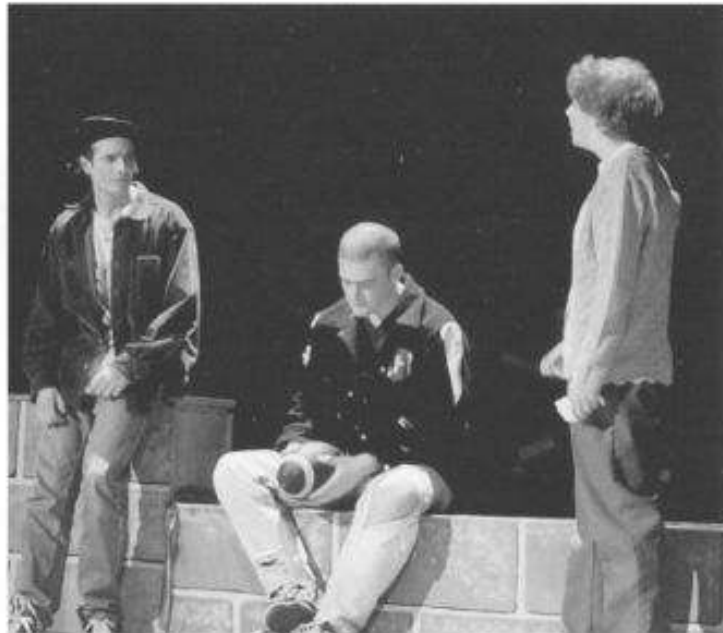

This past year saw AIESEC Saint Mary's become more active on campus. Terence Connelly took over as president of the Saint Mary's University local and formed a new, stronger executive. These executives promise to make the organization a fun and educational one by offering such events as cultural exchanges, work experiences, and business contacts, starting at the beginning of the new school year.

# CARIBBEAN SOCIETY

Who makes up the Caribbean Society?

We, the students from the Caribbean, who have travelled far for an education.

Why the SMU Caribbean Society?

So that we can come together as one, when homesick or just tired of the cold. We reminisce on what happened during those nostalgic moments back home in the warmth of the sun.

What makes up the SMU Caribbean Society?

Our vital spirits and the courage of never giving up.

The SMU Caribbean Society is an organization run by Caribbean students. It comprises about 80 members from the Caribbean and 10 to 20 other members from other parts of the globe. All are welcome to join our warm little circle, including Canadians.

The society is run for the students who are encouraged to come up with ideas for activities which interest them. Activities from all Caribbean and Canadian cultures, whether it be a potluck of Caribbean food, a party, splatshot, or even skiing!

The objective of the SMU Caribbean Society is to remain open-minded and unbiased about all cultures and walks of life. So, if you are interested in meeting people from other countries, learning about who we are, or just want to have a bit of clean fun once in awhile, you should come and join us. It is guaranteed to be a fun loving experience of a lifetime.

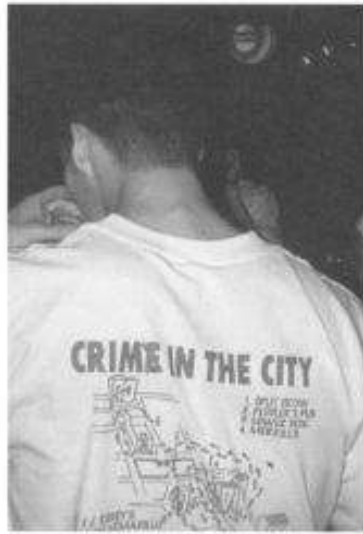

# INTERNATIONAL STUDENTS ASSOCIATION

The International Students Association is a new addition to the societies here at Saint Mary's University. Formed this year, the association addresses the concerns of the many International Students here at the University. Some of the activities organized by the association included International displays and International Student pub nights. The International Students Association (ISA) was also successful in lobbying the Saint Mary's University Students' Association (SMUSA) to change the voting procedure so that the International Student Representative could be elected only by those studying here in Halifax on a student visa. Members of the association (pictured below l - r) include Mohammad Ali Khan, Miyuki Arai, Alana Robb, and H'ng Huey Jen.

# CRIMINOLOGY SOCIETY

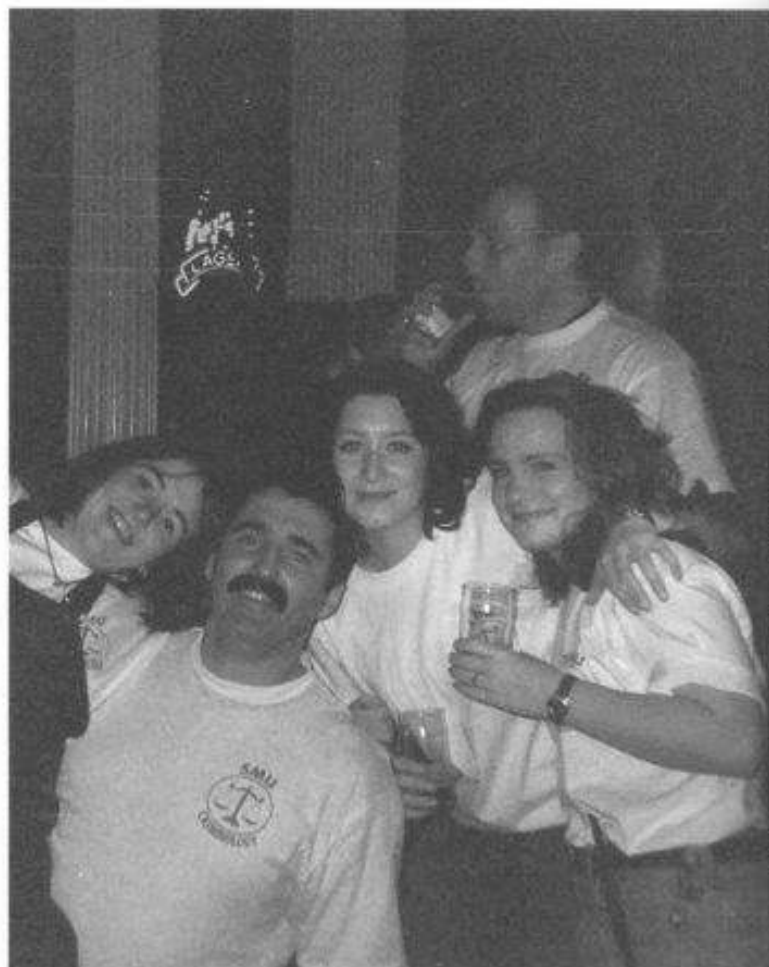

The Criminology Society, in its third year of existence, had a successful year. Membership for the year consisted of about 50 students.

Amongst the numerous parties and a pub crawl, a Red Cross First-Aid course and two road trips were completed. On these trips, the penitentiaries of Springhill, NS, Dorchester, NB, and "The Atlantic" in Renous, NB welcomed society members to get first hand experience pertaining to the workings of Corrections Canada and its facilities.

The society also created, and benefited greatly from, a guest speaker program. This program invited members in the field of criminal justice to speak to society members at the monthly meetings. Many questions concerning specific fields of criminal justice and career choices were answered.

Many thanks go out to the hard work of our president, Bob Edwards and his executive, who put in countless hours toward ensuring all events went as planned; and Dr. David Perrier, who provided the society with connections necessary to visit the correctional facilities.

# SAINT MARY'S UNIVERSITY COMBINED ASTRONOMY AND PHYSICS SOCIETY SMUCAPS

This past year has been a great success for the Saint Mary's University Combined Astronomy and Physics Society or SMUCAPS, as we are more commonly known by. Pool tournaments and dinner/movie nights are but a few of the events that have had great support and enjoyment from all the members. Although we are few in numbers, we have always been big on SMU spirit. The society would like to extend a huge congrats to the majors of the Physics Department, who organized and executed the 1997 A.U.P.A.C. Conference held at Saint Mary's University this year, while maintaining a full course load of studies. Way to go!

We hope that all the graduates who will be leaving the society will remember this past year with fond memories of MAGIC games and friendship. Please come back anytime. May the force be with you.

# COMMERCE SOCIETY

The Commerce Society enjoyed a successful and busy year in 1996-97, providing events and services, not only to our members, but to the whole Commerce faculty. Starting the year off with a Harbour Cruise, a brewery tour, guest speakers, and SplatShot. We quickly grew to over 200 members before October (including several faculty members).

We've collaborated with the other business societies on campus, such as ACE, the Accounting Society, and AIESEC on several successful events such as job search seminars, pub crawls, and of course, the Annual Business Dinner.

This year's Annual Business Dinner, with an attendance of close to 300 students, business people, and faculty, featured Mr. Roger Pielt from Maritimes and Northeast Pipeline. At this event, business and employment contacts were made. Insight was given into the offshore natural gas project, and an enjoyable evening was had by all. Next year's business dinner promises to be even bigger and better, to coincide with the introduction of the new Business School.

Speaking of the new Business School, the Commerce Society brought in Mr. Burt Barteaux the Business School project coordinator, to speak to members in the fall. Students got to make suggestions about the project and got to see preliminary drafts of the proposed building. The future looks very bright for the Faculty of Commerce and our society members.

A few of our courageous members took the challenge and jumped out of a perfectly sound aircraft last fall. Yes, we went Skydiving! Those who landed said they had a terrific time. Those whose chutes didn't open got to return them for a full refund.

Despite our best efforts at painting the office this year (SUB 510), it looks the same as it did before. So, look for us in our new location in 1997-98 in the old AIESEC office! Finally, a little more space to move around. When Loyola is renovated next year, we'll be moving again onto the second floor - tons of space! Our members can look forward to a new members-only lounge and possibly a members-only computer lab.

This year, we also sent three of our members to attend the VISION 2000 Conference at Carleton University in Ottawa. This conference featured seminars on the latest trends of technology in business, along with social and educational events.

All things said and done, the Commerce Society had a great year, thanks to all the active members. We hope to keep in touch and look forward to bigger and better things next year.

# SMU OFF-CAMPUS SOCIETY

The year started off with a bang! Our membership drive produced over 180 card carrying members. The Off-Campus Society is now one of the largest societies at Saint Mary's. Coinciding with the membership drive, a recycling plan was initiated for off-campus students. Two sold out ships set sail in September for our Annual Booze Cruise. In October, we held our always popular Apartment Crawl. This event sold out in a record time of two days! First semester was capped off with Halifax Mooseheads hockey action.

The Off-Campus Society has taken a new direction to meet the needs of its diverse membership. In January, Mr. John Tackney representing Saturn and Mr. Chris Curtis from the Centre for Entrepreneurship spoke to members, faculty, and local business people at the Westin Nova Scotian. In February, the always popular IWK Charity Hockey Challenge and Social was a complete success, bringing our three year fundraising total to \$1250. In March, the demand for a spring Apartment Crawl was overwhelming. So, away we went spending some much needed quality time with our members in their own homes. Also in March, our second in a series of educational events, the society entertained Mr. Derek Oland, CEO of Moosehead Breweries. We finished the year with another new event - The Moving Party. Our members needed help moving and the executive delivered, providing the vehicle and the muscle.

The executive of the Off-Campus Society would like to thank all the members of the society for making the year such a success. Good luck to next year's society executive!

# World University Service of Canada

WUSC (World University Service of Canada) is an organization which promotes development, education, and international linkages involving university students, faculty, and staff. Universities across the country form Local Committees. This year, the Saint Mary's WUSC Committee was busy with a variety of activities.

One WUSC activity that took place was the International Symposium Series. Each year, WUSC societies on campuses across the country host guest speakers from overseas and from local areas. In February, Saint Mary's and Dalhousie WUSC Committees hosted the Atlantic Regional Symposium, based on the theme of "Community Participation: A Pathway to Sustainability". The 3-day symposium featured workshops, speakers, panel discussions, as well as a dinner and dance. Students from Newfoundland, New Brunswick, Prince Edward Island, and Nova Scotia attended.

WUSC also organizes a 6-week International Development seminar, in a different developing country each year. This year marks the 50th anniversary of the WUSC seminars. Two Saint Mary's students were selected to participate in the seminar, being held in Peru, and were busy planning and fundraising for the trip.

The Student Refugee Sponsorship Programme is another WUSC project which allows refugees whose studies have been interrupted in their country of origin to continue their education here in Canada. Saint Mary's sponsors a refugee student every year.

Through the year, we have also hosted lunchtime lectures on WUSC and overseas opportunities for students. We also recruited for International seminars, courses, and volunteer positions. Sound interesting? Come and get involved!

## WORLD UNIVERSITY SERVICE OF CANADA

# PSYCHOLOGY SOCIETY

You could never ask for a better group of people than the one we have here in the Psychology Society. They are so outgoing and enthusiastic about our activities (especially our pub crawls)! Maybe doing all those statistics gets them stressed out and they need to unwind.

Our activities this year included a Halloween party at Breakers, two pub crawls (or should I say one and a half?!), a Nova Scotia Hospital tour (very informative), a ski trip to Wentworth, and an awesome pool tournament at Breakers.

Thanks to all the members for making the year great. I'm glad some of you are finally taking advantage of the lounge (I think we are going to have to find a new hiding place for Mr. PD8!).

To those who are not members: Get in on it . . . Join!

Congratulations to all the graduates!

Alana O'Handley, President  
Karla Mailler, Vice President  
Mark Corkum, Secretary

# MBA SOCIETY

Members of this year's MBA Society had the opportunity to attend the MBA GAMES in London, Ontario. Shown in action (left picture) is MBA President, Devlin Hinchey, cheering his team on loudly. The trip proved to be a success, with the Saint Mary's team taking first place with the Queen's Cup!

The MBA Society had an eventful year, with many activities taking place. During Orientation Week, a harbour cruise was enjoyed by all and the 2nd Annual Pub Crawl saw the society invade the Seahorse. The MBA Awards Banquet went over well and once again members enjoyed another successful event. Other than the planned activities, members spent their time in the MBA lounge, studying or just gathering.

## ASSOCIATION OF COLLEGIATE ENTREPRENEURS

This year the ACE chapter started again with new people, ideas and lots of hard work. We started from scratch building a foundation so the chapter could continue on in the future years. In November, we gathered all the chapters in Nova Scotia at Planet Pool, then we hit the road and headed for the Regional Conference at Mount Allison, stopping in Amherst to redeem our coupon's at the N.S.L.C. We had a great week-end of speakers, work shops, and networking socials. After returning from New Brunswick, we hit the road for Toronto, competed against the 37 chapters across Canada, placing 6th overall and spent the rest of the week-end listening to great speakers. We also took part in an entrepreneurial workshop and of course, networking socials every night. We also discovered that ,yes, you can fit over 100 people in a hotel room at one time and not get kicked out or have a single complaint.

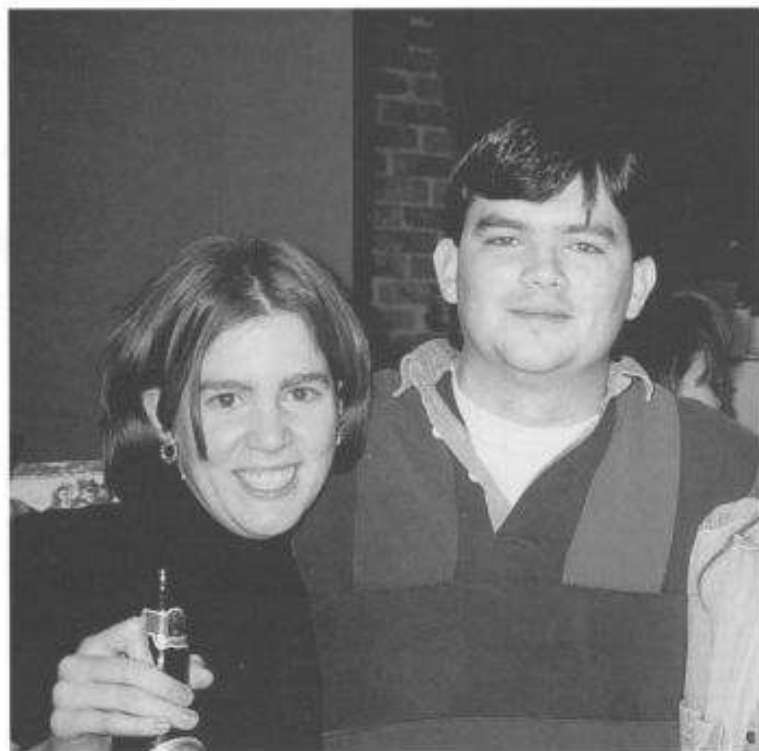

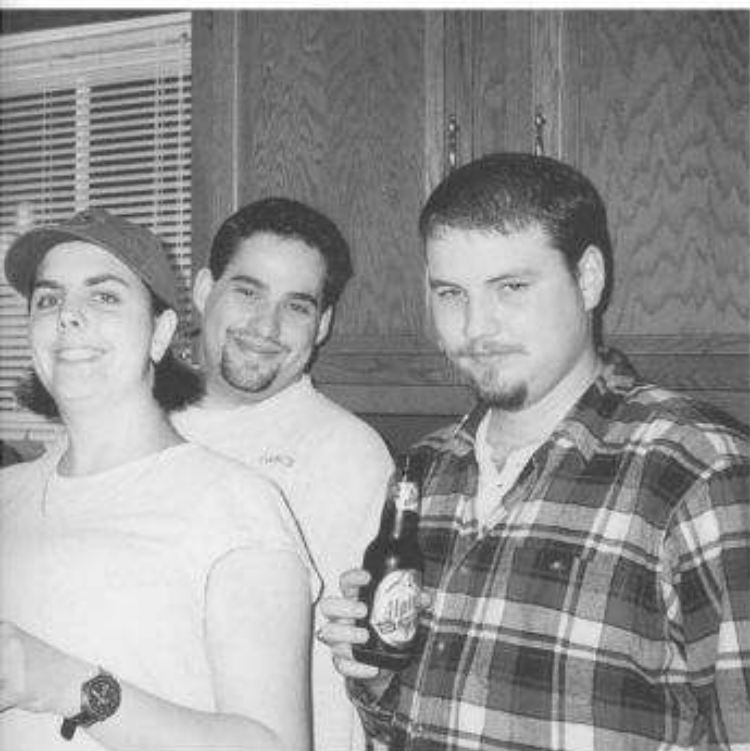

All in all we had a great year and its only going to get better.
