### Marshal of Convocation

William A. Stewart, S.J., B.A., S.T.L., Ph.L., D.D., Hon.D.Litt.  
Professor Emeritus in Philosophy.

\* \* \*

### Photography

The floor area immediately behind the boards has been left clear for the convenience of members of the audience who wish to take photographs during the ceremony. You may come to this area when it is close to the time that the degree parchment is to be conferred on the graduating student whose picture you wish to take. Please note that audience guests will not have access to the floor area in order to ensure that there is no interference with the conferring of degrees, diplomas, and certificates.

---

# Awards

Names of winners will be announced at Convocation.

---

## **Undergraduate Students**

Governor General's Silver Medal

University's Faculty and Division Medals

Arts

Donated by Most Reverend James M. Hayes, J.C.D., D.D.

Science

Donated by Saint Mary's University Alumni Association

Engineering

Donated by the Association of Professional Engineers of Nova Scotia

Commerce

Donated by Messrs. Henry Birks and Sons

Education

Donated by Marriott Corporation

Centennial Scholarship Medal

Donated by The Mining Society of Nova Scotia

---

Halifax, N.S.  
Halifax, N.S.

Saint Mary's will confer four honorary degrees at today's Convocation.

### **Ronald J. Downie, Q.C.**

Ronald Downie was admitted to the Bar in 1952 and became a Queen's Counsel in 1967. He is a fellow of the American College of Trial Lawyers and founding chairman of the Law Foundation of Nova Scotia. He graduated from Saint Mary's with a B.A. in 1948, from Dalhousie with an LL.B in 1951, and from Harvard University with an LL.M. in 1952.

Downie's record of devoted public service includes acting as founding chairman of the Diocesan Pastoral Council of the Archdiocese of Halifax, and president of Saint Mary's University Alumni Association, Dalhousie Law School Alumni Association, the Charitable Irish Society of Halifax, and the Halifax Club. He served on the Board of Directors of the Public Legal Education Society and on the Finance Committee of the Roman Catholic Episcopal Corporation. In addition, he served on the Board of Governors of Saint Mary's University from 1970 to 1979 and from 1982 to 1989, acting as Chairman from 1983 to 1989. All five of his children attended Saint Mary's University.

### **Claudette MacKay-Lassonde**

Claudette MacKay-Lassonde, first woman President of the Association of Professional Engineers of Ontario, is a leader in the struggle to ensure that women engineers receive fair treatment and an opportunity to do well in a profession that has traditionally been male-dominated.

MacKay-Lassonde holds a B.Sc. in Chemical Engineering from Université de Montréal, an M.Sc. in Nuclear Engineering from the University of Utah, and an M.B.A. from the University of Toronto. She was employed by Ontario Hydro as a nuclear design engineer from 1976 until 1988 and became Director of Education Relations for Northern Telecom Canada in 1988. She has many professional affiliations, and was a founding member of Women in Science and Engineering, and organizer of the first Canadian Convention of Women Engineers in 1981. She was a member of the Natural Sciences and Engineering Research Council of Canada from 1985 to 1988 and a member of the National Advisory Board on Sciences and Technology from 1987 to 1988.

### **Joe Neil MacNeil**

Joe Neil MacNeil is recognized internationally as the finest living Nova Scotia storyteller. He is the bearer of a tradition which, while going back five or six generations in Nova Scotia, also links him with the oral literature of Gaelic Scotland and Ireland, which extends back well over 1500 years. His recently published book, "Sgeul gu Lath/Tales Until Dawn", has made the richness and variety of his repertoire available to non-Gaelic speakers. He was born in 1908 in Reserve, Cape Breton County, and raised in Middle Cape, a rural Gaelic-speaking community. He acquired English at school at the age of seven, but his primary concern has always been with the rich Gaelic culture of the region. Joe Neil's working life as a carpenter, electrician, mechanic and sawmill operator was in no way extraordinary, but from an early age he was able to absorb and recite the songs, anecdotes and long elaborate

folk tales of Gaeldom's extensive oral literature. Since 1975 he has recorded these materials and they are a contribution to Gaelic culture and scholarship that is remarkable for a man with so little access to formal education.

### **Andrew Sarlos**

Andrew Sarlos is a financier and Bay Street power broker. He was born in Budapest, Hungary, and was imprisoned for his liberal views while studying economics at the University of Budapest. He was part of the Petofi Circle, which became the vanguard of Hungary's anti-Soviet revolution in 1956, and escaped to Austria and eventually to Canada.

After qualifying as a chartered accountant and becoming a Canadian citizen, he spent 17 years in administrative positions with Canadian Bechtel and Acres Limited, eventually heading their merchant banking group. He went on his own in 1974 and has since become one of the Toronto financial community's most sought-after investment counsellors.

He is a pioneer in building bridges to the newly liberalized regime in Hungary as co-sponsor of an investment fund that has raised 80 million U.S. dollars to support capitalist ventures in Hungary. Sarlos has also helped fund a new business school in Budapest and is planning direct investments in Hungarian industry, including a newspaper and department store.

Sarlos is a contributing editor of "Money Letter", has served as a Governor of the University of Waterloo and is on the board of Toronto's Central Hospital, the Toronto General and Western Foundation and the Canadian Institute of International Affairs.

### **Retirement, 1990**

#### **Dr. Kay Tudor, Professor Emeritus**

Dr. Tudor came to Saint Mary's in 1970, after obtaining a Ph.D. from the University of Toronto. Prior to that she received a B.A. from St. George Williams University (now Concordia), and an M.A. from the University of Montreal and taught English in the Quebec school system and in London, England. Of her career she says, "I taught with considerable dedication and pleasure".

In addition to teaching English literature during her 20 years at the University, Dr. Tudor was instrumental in starting a creative writing program on campus, which has grown from a 300 level fiction course with two or three students, to a popular minor concentration. In 1982-83 she taught English at the Shandong Teachers University in China. Her own writing career included winning the novel category of the Writers' Federation of Nova Scotia Awards in 1978 and publishing a number of short stories and critical essays. In 1981 she received a Canada Council Explorations Grant to write a second novel.

Dr. Tudor has now started her own publishing company and intends to devote her retirement to publishing local authors, volunteer work, local politics and her family, not necessarily in that order.

### **William Stewart, S.J. Award for Excellence in Teaching**

This was established by the Alumni Association in 1983 and the Selection Committee of that organization chooses the winner from nominations received from the faculty, students, and administration. There is a medal, which is presented at Convocation, and a cheque for \$1,000. Previous winners of this prestigious award are as follows:

- 1983 Professor David Hope (Accounting)
- 1984 Professor Dermot Mulrooney (Engineering)
- 1985 Dr. David Perrier (Sociology)
- 1986 Dr. John Young (Chemistry)
- 1987 Professor E. McBride (Political Science)
- 1988 Dr. Jack Ginsburg (Chemistry)
- 1989 Dr. Peter March (Philosophy)

This year's winner is Dr. Andrew Seaman of the Department of English. Dr. Seaman is from River John, Pictou County. He obtained a B.A. from Mount Allison University and an M.A. from Dalhousie University. He came to Saint Mary's in 1966. He teaches English Romanticism and Canadian Literature, and helped develop the University's course on The Literature of Atlantic Canada. He spent 1970/71 and 1971/72 at the University of Dublin, doing research on Anglo-Irish literature for his Ph.D., which he received in 1979. He has published a number of essays on the literature of Atlantic Canada and many book reviews.

Seaman is an enthusiastic protagonist of using word processing programs to teach English composition. He believes the ability to edit their work is of great help to students and says they "write more and write better as a result of being engaged in an activity they rather enjoy".

Dr. Seaman's nomination for the teaching prize came from students past and present, including one who wrote, "His dissertations were refreshing, insightful, and (thank God) sprinkled with humour. . . More than anything else, he enabled me to ponder why I'm here, to value the space and time I occupy and to feel that I am an integral part of some grand scheme."

### **President's Award for Excellence in Research**

This Annual Award, established in 1989, will honour outstanding research conducted by a full-time faculty member who has been employed at the University for at least three years. Presentation of the Award will take place at Spring Convocation. A detailed nomination procedure has been delineated whereby each Dean of Faculty may select one member of his faculty who has been nominated by the 15th October, and whose candidacy he is prepared to support. Other sponsors must be researchers, at least two of whom must be from outside Saint Mary's University. The Award is adjudicated by the Senate Research Committee, which has the authority to decide which nominee, if any is deserving of the Award. The selection criteria consists of two component parts, namely productivity, whereby the nominee must have a record of continued exceptional contribution to research/

---

scholarship, and secondly, recognition. The nominee must have attained national or international recognition as an authority in a major field of knowledge. The President's Award for excellence in research was presented to Dr. George Mitchell, Department of Astronomy, and the winner for the Award in 1990 is Dr. J. Chadwick-Jones, Department of Psychology.

Dr. Chadwick-Jones, the second recipient of this award, is honored for his research work in three distinct areas of social psychology; organizational behaviour, social behaviour and non-human primate behaviour. Dr. Chadwick-Jones, who came to Saint Mary's Department of Psychology in 1974, has published four books, with a fifth in preparation, and written 55 journal articles and contributions to books. He holds the Fellowships of the Canadian, American and British psychological societies, and received an honorary Doctor of Science degree from the University of Wales.

Dr. Chadwick-Jones obtained a B.A. and an M.A. from the School of Modern History, University of Oxford, and a Ph.D. in Psychology from the University of Wales. He began his research career by exploring how technology affects the behaviour of people in the workplace, particularly in the steel industry. On coming to Saint Mary's, he renewed his research in applied psychology, conducting a study on worker absenteeism with local banks and hospitals which has been praised by industry and academia alike. Dr. Chadwick-Jones has now turned his attention to the social psychology of baboons, and other non-human primates.

### **History of Saint Mary's University**

Saint Mary's University was founded in 1802 to provide opportunities for higher learning to young Catholic men. Its founder, the Reverend Edmund Burke, had meagre resources to work with but, on later being named Bishop with responsibility for Nova Scotia, he continued to support the college as essential to the development of the Catholic community. In 1841, the Nova Scotia House of Assembly gave formal recognition of its academic role. Its legal status was confirmed in perpetuity by enactment in 1852.

In 1913, the Christian Brothers of Ireland, a teaching order, were invited by the Archdiocese of Halifax to direct the college and its academic program. During the ensuing years, Saint Mary's University became more widely known for the quality of its undergraduate teaching and continued to develop new instructional programs most notably within its Faculty of Commerce. In 1940, the Upper Canada Province of The Society of Jesus was invited to succeed the Christian Brothers as administrators and teachers in the University, and for thirty years until the enactment in 1970 of the new act of incorporation, the college remained under Jesuit supervision. The long-standing emphasis on liberal arts and commerce was extended to include new programs in science, engineering, and teacher education. Extension courses became an important part of the University's commitment to an active educational role in the community.

---

### **The Ceremonial Mace**

The ceremonial mace, which is carried by the Marshal of Convocation at the head of the academic procession, was presented to Saint Mary's in April, 1980 and used for the first time at the 1980 Convocation. It symbolizes the University's authority to grant degrees. It was made and presented to the University by Maritime Command in recognition of Saint Mary's alumni killed in both world wars and also serving members of the Canadian Armed Forces who have been students at the University.

The mace is made of oak with a cast brass crown and brass plates carrying traditional ceremonial engravings. The plates represent the contribution to Saint Mary's by the Jesuit Fathers, the Christian Brothers of Ireland, the Archdiocese of Halifax, the LaSalle Christian Brothers, the Lay Teachers, and the Armed Forces.

### **Flags on the Stage**

Each year Saint Mary's has a number of non-Canadians in its student body. The flags which you see displayed on the stage for Convocation are from some of the countries from which these students come, not necessarily graduating students, but those in any year of study. This international aspect of the Saint Mary's University community is a feature of justifiable pride which contributes markedly to the growth and understanding of both Canadian and non-Canadian students. Also included in the University's permanent collection of flags is one from the International Year of the Disabled signifying the University's commitment to disabled people.

# Campus “At Home”

Convocation Day  
Monday, May 7  
2:30-4:00 p.m.

Graduates,  
Families, Friends

After Convocation ceremonies in the Halifax Metro Centre,  
you are invited to visit the campus, tour the  
University, and meet professors and staff.

*Members of the University  
community will welcome  
you in the following areas:*

**Faculty of Arts**  
Theatre Auditorium  
McNally Building

**Faculty of Commerce**  
Multi-Purpose Room  
Loyola Building

**Faculty of Science**  
including  
**Division of Engineering**  
Theatre Auditorium  
McNally Building

**Faculty of Education**  
Burke Education Centre

*You are welcome to visit  
the areas of the campus:*

- Patrick Power Library
- Art Gallery
- Atlantic Centre of  
Support  
for Disabled Students
- O'Donnell-Hennessey  
Student Centre
- The Tower

Light Refreshments will be served.
