WELCOME BACK . . . STUDENTS

STUDENTS LINE UP FOR THE GOOD NEWS AND THE BAD NEWS.

CHRISTMAS SPIRIT '79 . . . NON-STOP INTO THE 80'S?

by Len Boudreau

Afganistan gets more Soviet troops,
Soviets get "cutbacks" in "breadbasket"
from the U.S.,

U.S. gets "cutbacks" support from Canada,
Canada gets invaded by students in Toronto,
AND

Students *give* Canada a new National Magazine!

After the Soviets sent about 50,000 troops into Afganistan, President Carter called prime Minister Joe Clark to ask Canada **not** to sell extra food to the U.S.S.R. in light of the U.S. government's proposal to cut grain supplies, among other things. And while all this international strife was

taking place, a serious **Canadian University Press Conference**, in Toronto, discussed its future and debated how best to apply itself as an "agent of social change".

The singularly, most important issue discussed at the Conference was the National Magazine: a professional, 32 page magazine with full colour capacity, for and by Canadian University Students.

The Magazine, unnamed thus far, will focus on issues of national concern and provide a new platform for expression whereby students can submit articles, written, graphic or photo, to be considered for publication.

The first publication year will see 6 issues; number one being scheduled for September, 1980. Students are encouraged to take advantage of this, and any further information can be had by contacting the Journal.

TAKE A LOOK

Take a Look is a free notice column open to all members of the university community and to the city community with something to offer our community. Submissions must be typed double spaced.

A WOMAN'S PLACE

A one day volunteer workshop will be held at A Woman's Place, 1225 Barrington St., Halifax on Saturday, January 12, 1980 from 9:30 a.m.-3:30 p.m.

The workshop will examine the philosophy, structure, funding and relationship of A Woman's Place to the community as well as needs and responsibilities of volunteers.

All interested are invited to bring a dish for a pot luck lunch.

A Woman's Place, 1225 Barrington Street, Halifax, is presenting a four part series on Women and Health, beginning on Wednesday, January 16, at 7:00 p.m.

The first session will be an introduction to self care for women and well women clinics.

On January 23, at 7:00 p.m., the discussion will focus on the normal physiology of the female and public perception of some common communicable diseases.

Nutrition and the pill are some special needs for women. These and other particular concerns for women will be discussed on January 30, at 7:00 p.m.

The final session will examine the particular needs of the childbearing woman on Wednesday, February 6, at 7:00 p.m.

There is no charge for this program. For further information and pre-registration, please call 429-4063.

ISRAEL TRAVEL NEWS

The St. Catherine's Monastery at Mount Sinai was returned to Egyptian sovereignty November 15, 1979 as a result of the Peace Agreement signed by the State of Israel and the Arab Republic of Egypt on March 26, 1979. The site reopens to visits crossing from Israel effective November 21, 1979. The following arrangements will operate until January 25, 1980:

1. American tourists must have a passport—but no Egyptian visa is necessary—to cross from Israel to St. Catherine's; the transit fee is approximately \$3.

2. There will be checkpoints on both sides of the border manned by each countries' officials.

3. At this stage it is not possible to continue from St. Catherine's to Egypt proper. Those crossing from Israel to St. Catherine's must return to Israel.

4. Visits to St. Catherine's will be in groups of not less than five persons. Groups will use Egyptian escorts and transportation from the border to St. Catherine's; Israeli guides may guide groups of foreign tourists at the Monastery.

5. How to get there: **BY PRIVATE CAR**—Visitors from Israel travelling in private cars, rented cars and limousines will use a special parking lot and then proceed by Egyptian vehicles to the Monastery. **BY BUS**—Tourist buses with a minimum of five passengers may cross the frontier and drive directly to the Monastery. Israeli tour operators who have operated Sinai tours in the past will continue their schedule of tours to St. Catherine's. **BY AIR**—ARKIA and KANAF Airlines will continue to operate regular air service from Israel cities to Mount Sinai Airport. From the airport, arriving passengers will continue with Egyptian escorts and transportation to St. Catherine's.

ATLANTIC CANADA INSTITUTE

SAINT JOHN, N.B.—For the eighth consecutive year, the Atlantic Canada Institute will give vacationers in Atlantic Canada a unique opportunity to explore the region's culture through the eyes of its most informed and articulate exponents.

The Atlantic Canada Institute—a non-profit association of academics and professionals—has annually gathered some of the brightest minds in the region for a series of week-long explorations of Atlantic Canada's thought, art, history and society.

The note is informal; the only "prerequisite" is a curiosity for life which goes beyond vistas, beaches and souvenir stands. In the past, participants from across Canada and the United States have found the Institute's programmes transform an ordinary holiday into an extra-ordinary learning experience.

For the first time, the 1980 series of programmes will go on at two locations in Atlantic Canada. The first two week-long programmes take place July 21 to 25 and July 28 to August 1, at the University of Prince Edward Island at Charlottetown. The third programme will be held at Sackville, New Brunswick, at the campus of Mt. Allison University, August 10-15.

As before, the programmes will reflect the kaleidoscope of Atlantic Canadian life in all its colour. The lure of gold, and the men who mined it. The land that shaped men's thoughts. The ghost tales of Acadia. The ballads of the dorymen and lumberjacks.

The programmes will retain their successful format of presenting speakers in the mornings, with tours and other special events in the afternoons, during each week of the series. Participants will be able to visit a reconstructed Acadian village, Fort Louisbourg, and other sites during the 1980 programmes.

A special programme of events and activities will again be mounted for participants' children.

DARTMOUTH REGIONAL LIBRARY

Three children's movies, **Happy Prince**, **Rosie's Walk**, and **Sam, Bangs and Moonshine** will be shown at the Main Branch Auditorium, Dartmouth Regional Library, 100 Wyse Road, Saturday, January 12 at 10:30 a.m.

The movies for preschoolers, **Animals—Love and Care of Pets**, **Curious George Rides A Bike** and **Hole And The Egg**, will be shown Tuesday, January 15, 10:00 a.m. in the Main Branch Auditorium, Dartmouth Regional Library, 100 Wyse Road.

Case Of The Elevator Duck, **Ugly Duckling** and **Mole And The Bulldozer**, three children's movies, will be shown at the Dartmouth Regional Library, Woodlawn Mall Branch between 10:00 a.m. and 12 noon, Saturday, January 12.

"Scratchy Music No More", a program for teenagers on the care of records and stereos, will take place at the Dartmouth Regional Library Auditorium, Wednesday, January 9, at 12 noon.

Antique Dolls, a discussion and display with collector Jean Jones, will take place at the Dartmouth Regional Library, Woodlawn Mall Branch, Tuesday, January 15, 7:30 p.m.

NOVA SCOTIA MUSEUM

Elitekey is the Micmac word for "I fashion things", and the title of an exhibit of Micmac material culture, opening January 12 through March 16, 1980, at the Nova Scotia Museum in Halifax.

Artifacts in the exhibit span the five centuries from before European contact to the present day. The areas covered include costume, birchbark work, quillwork, moose-hair embroidery, work in wood, bone, stone and basketry. The 180 objects in the show are taken from the museum's extensive collection, supplemented by loans from other institutions.

To supplement the exhibit many programs and activities are planned. For school and university students there are guided tours through the exhibit. They will also have opportunities to work with materials similar to those used to fashion the artifacts on display. Public programming will include a lecture series, activity sessions in the Project Room and demonstrations by lecture series, activity sessions in the Project Room and

To supplement the exhibit many programs and activities are planned. For school and university students there are guided tours through the exhibit. They will also have opportunities to work with materials similar to those used to fashion the artifacts on display. Public programming will include a lecture series, activity sessions in the Project Room and demonstrations by Micmac

craftspeople.

This exhibit, and its soon to be published companion book **Elitekey**, are the result of five years' research by Ruth Whitehead of the History Section, Nova Scotia Museum. The Nova Scotia Museum has produced the exhibit as part of the National Museums Program. Eight other Canadian museums will be showing this exhibit after its initial installation in Halifax.

HALIFAX CITY REGIONAL LIBRARY

Interested in taking a course this winter? Check with the Reference Department of the Halifax City Regional Library. A list of winter courses and programs offered through Agencies of the Metro Council on Continuing Education are kept up to date in the Reference Department. A sample copy of each agency brochure is also available. Drop in or phone 426-6984 or 426-6985.

Master of Business Administration

at Saint Mary's University

Saint Mary's University offers a Master of Business Administration program that can be completed on either a full-time or part-time basis. Applications are now being accepted for part-time studies beginning either in May or September 1980, and for full-time studies starting in September 1980.

Individuals interested in learning more about the program and its entrance requirements are advised to write to or telephone the following:

**Director of Admissions
Saint Mary's University
Halifax, Nova Scotia B3H 3C3
422-7361, ext. 242/243**

Since all applicants are required to take the Graduate Management Admission Test (GMAT) they should telephone the University as soon as possible.

ART GALLERY OF NOVA SCOTIA

The Art Gallery of Nova Scotia is entrapped in an ever tightening snare. Dalhousie University owns the building in which the Provincial Gallery is presently housed. Dalhousie is attempting to accelerate a March 1981 eviction agreement with the Department of Public Works and the Department of Culture, Recreation and Fitness.

This action is an obvious consequence of a lack of firm public commitment from the Nova Scotia Government to construct a new home for the Art Gallery of Nova Scotia. With no new structure to move into, coupled with Dalhousie's need to expand its School of

Business, the end result could very easily be the closing of the doors of the Art Gallery of Nova Scotia within one year.

It is the understanding of the Provincial Cultural Federation Visual Arts Nova Scotia that Dalhousie, desperate in its need for space, is making every effort to entice the Department of Culture, Recreation and Fitness to use an unsatisfactory alternate space. One suggestion brought forward to the Board of Directors of the Art Gallery of Nova Scotia by the Administration of Dalhousie University offers an arrangement whereby the Provincial Gallery would share the Dalhousie

University Gallery.

The Membership of Visual Arts Nova Scotia totally support the Board of the Art Gallery of Nova Scotia in rejecting this proposal. To virtually concede one reputable gallery in order to gain a "Temporary Home" of inappropriate size and design for the cultural showcase of Nova Scotia shows a great lack of sympathy and concern on the part of Dalhousie University toward the cultural needs of Nova Scotians, and clearly illustrates the University's determination to evict the Art Gallery of Nova Scotia.

Visual Arts Nova Scotia suggests that the Department of Public

Works co-operate with the Department of Culture Recreation and Fitness in maintaining the Art Gallery of Nova Scotia. Surely there are a number of vacant public and commercially zoned buildings in Halifax which could offer an appropriate "Temporary Home" for the Provincial Gallery. Most important is to ensure that the Provincial Gallery doors are never closed on our vast and extremely rich collection of Cultural Heritage. We implore Government of Nova Scotia to construct a new set of doors for our Provincial Gallery and the People of this Province.

MANITOBA DEAN CHOSEN

EDMONTON—Dr. Terry Morrison of Winnipeg, dean of continuing education at the University of Manitoba, is the new President of the Vanier Institute of the Family in Ottawa. He was chosen by the Board of Directors following the 14th VIF Annual Meeting, which was held here November 22.

Dr. Morrison, formerly chairman of the Institute's Executive Committee, succeeds Dr. Fred MacKinnon, Nova Scotia's deputy minister of social services, who retired from the Board after serving as President since 1976. Dr. MacKinnon and another of the retiring directors,

Mrs. Lillian Tyler of Calgary, a past chairman of the Executive Committee, were presented with life memberships in the Institute.

At a dinner given in his honour, Dr. MacKinnon said his years with the Vanier Institute confirmed his belief in the "doctrine of the slight edge". Most of life's struggles are decided by a slight edge, he said, "and so what you and I do can make the difference between winning or losing the battle for human values". He stressed his conviction that the meaning of human existence is best expressed by those who seek fulfillment through service.

Letters

Mr. Len Boudreau,
The Journal,
Saint Mary's University

Let me first of all congratulate you for your objective approach to the subject of the situation in Iran. Since the mass media has been presenting this subject such that it involves the public's emotions, the situation and important issues have been misunderstood and confused.

As for the subject of the hostage-taking incident by the students in Iran: it was an act of desperation, in the midst of frustration created by the United States Government. The documents, found in the Embassy by the students, clearly indicates the U. S. involvement in acts of sabotage and interference. Some of the documents have been shown to the Iranian people through their radio and television services, and various memos found in the U. S. Embassy,

signed by U. S. Government officials, indicate the anticipation of the U. S. Government for the return of the former Shah of Iran as they had done it before, in 1953.

On Black Friday, September 8, 1978, over four thousand people were massacred during a peaceful demonstration while throwing **only flowers** at the army. **Then**, nobody in the whole world raised any voice!

"Trials seek to promote conscience," by revealing the causal factors which bring about crime. The Iranian people do not want revenge; they want a trial so that they may show the world what they have suffered physically, psychologically and economically.

Sincerely,
J.M.

STAFF BOX

The Journal is published each Wednesday of the academic year by the Saint Mary's University Student Association.

The opinions expressed are not necessarily those of the Student Association, the University, the editor, or the staff.

The Journal welcomes contributions from students, faculty, and other interested people. We regret that for reasons of style, policy, lateness of arrival, or lack of space, we cannot guarantee that everything will be published.

All submissions, including letters to the editor, must be typed double-spaced, and signed by an individual. If a writer has a good reason for the request, we'll grant anonymity.

The Journal is a member of Canadian University Press, and adheres to the CUP statement of principles.

The Journal is printed by Bedford-Sackville News, and typeset by Ford Publishing Company. Subscriptions are \$6 a year (cheap at the price).

Advertising rates are available on request. National advertising is handled by Youthstream: The Campus Network, 310 Davenport Road, Toronto, Ontario M5R 1K5 (416-925-6359).

NEWS FLASH

SRC NOTICE

This is to advise that effective January 1, 1980 the guest list for Student Council Entertainment Functions will no longer exist. "ALL" students will be required to pay the full admission price.

This action is necessary because of the increasing amount of abuse with regard to what names should appear on the guest list.

Sincerely yours,
Wendell Carroll
Treasurer

FEMALES!

The provincial government has given us a supply of Rubella vaccine. If you are interested in being immunized against Rubella (also known as German Measles), make an appointment at Health Services by calling 422-7361 Ext. 137. You will then be sent for a blood test and if this shows you have no immunity to Rubella, you will receive the vaccine free.

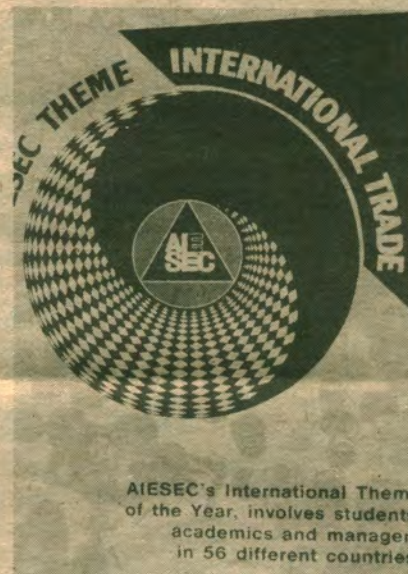

Most women now at university missed out on the government's Rubella vaccination program, and studies indicate that 1 in 6 may not have developed natural immunity. Immunity is important to females of child-bearing age because women who contract the disease while pregnant, especially during the first 3 months, have a great risk of losing their baby, or of giving birth to a child with serious defects.

AT THE LAST REGULAR MEETING OF SENATE, STUDENT SENATOR DEREK MacDONALD, THROUGH THE CHAIR, MADE NOTICE OF MOTION THAT AT THE NEXT REGULAR MEETING OF SENATE HE WOULD PUT FORWARD A MOTION TO TRY AND TABLE THE CURRENT ACADEMIC REGULATIONS CONCERNING STUDENTS ON PROBATION. " I DON'T THINK PEOPLE REALIZE HOW MUCH THESE REGULATIONS WILL HURT THE UNIVERSITY AND I, ALONG WITH OTHER SENATORS, WISH TO HAVE THESE RULES REVIEWED AND REWRITTEN", SAID MR. MacDONALD.

THE NEXT MEETING OF SENATE IS FRIDAY 2:30 PM IN THE ADMINISTRATION BUILDING BOARD ROOM.....

PSYCH SOCIETY

Psychology Society General Meetings are held every Wednesday morning at 10:00 a.m. in the Psych Student Lounge (MM 308). All are welcome.

Guest speakers, special meetings and upcoming events will be published weekly in the Journal. Additional information is available from the Psychology Society President, Dwight Mazmanian.

Off-Campus Society

Trip includes:

- 5 days and 5 nights in Quebec City.
- Return train transportation from Halifax to Quebec.
- Transportation to the slopes everyday.
- Ski-lift tickets for 5 days of downhill.
- Free cross-country skiing.
- Assistance of tour representative.
- Accommodations for 1 to 4 people per room.
- Prices vary according to number of people in a room.
- Prices start from \$174.00.
- All students welcome.

For further information contact Bill Scott, Room 512, Student Union Centre.

INFORMATION

ATTENTION STUDENTS

INCOME TAX RECEIPTS

Income Tax Forms, covering payment of tuition fees and the \$50.00/month Education Deduction (form T2202A) will be mailed from the Business Office beginning February, 4, 1980.

Please note that the above mentioned forms will be mailed **only** if the student provides the Business Office with a self-addressed envelope. Envelopes will be available at the counter in the Business Office.

Students requiring Income Tax Receipts for periods other than the academic year 1979/80 and the Summer Sessions of 1979, must make a specific request in writing to the Business Office, **ATTENTION: ACCOUNTS RECEIVABLE.**

BUSINESS OFFICE

Administration and Faculty Talking

Saint Mary's University Administration and Faculty have been negotiating a new contract; the last one expired August 31, 1979. The only part unsettled thus far is monetary, and while no definite date is known at this time to conclude an agreement, both parties are anticipating termination of talks soon.

Negotiating for the Administration are: Dr. Samuel Jopling, Dean of Commerce; Mr. Rick Lowry, Comptroller; Mr. Guy Noel, Director of University Services and Mr. Eric Durnford, University Solicitor.

Negotiating for the Faculty are: Dr. Guy Chauvin, Political Science; Dr. Pat Connolly, Sociology; Professor John Chamard, Commerce; Dr. Milton Chew, Commerce and Jane Archibald, Library.

HUMOUR

FAIR BALL

In Nevada, a brothel operator announced that Iranian students will not be admitted to his house of ill-repute until the hostages are free.

Brothel operator Joe Conforte said he was fed up with the hypocrisy of Iranian students who support Khomeini but also support his business. Now to get in they must denounce Khomeini and also the shooting of prostitutes in Iran by religious councils.

Excerpt from **McGill Daily**,
November 21, 1979.

RELIABLE SECRETARY

It was on my forty-fifth birthday; I wasn't feeling so hot that morning and when I went in for breakfast I knew my wife would be pleasant and say happy birthday, and probably have a present for me. But when she put my breakfast on the table, she didn't even say good morning, let alone happy birthday! I thought, well maybe the children will remember; they came in but didn't say a word.

Felling low and despondent, I entered the office; my secretary said, "Good morning boss, Happy Birthday!" Now I felt better; Janet at least remembered.

At noon Janet entered my office and said, "It's such a beautiful day why don't we go to a nice, quiet place for lunch?"

I said, "That's the best offer I've had all day. Let's go!"

We found a nice little cafe and had two martinis and a great lunch.

On the way back to the office Janet said, "Let's take the rest of the day off and go to my place; I'll fix us another martini."

I said, "That sounds like an excellent idea; after all, it's my birthday."

When we got to her place, she fixed us a martini. I lit a cigarette and she said, "If you don't mind, I'll go into the bedroom and get into something more comfortable."

I told her I didn't mind *one bit!*

She went into the bedroom and in about six minutes came out carrying a big cake, followed by my wife and children. All were singing "Happy Birthday".

And there I sat, with nothing on except my socks!

SKYLINE

by Terry Humphries

Welcome back from your Christmas vacation everyone, and I hope you had a good time during Christmas. Unfortunately I do not have much to talk about this issue as I have not been keeping track on what's happening around the city, entertainment wise.

There have been a fair amount of new records over the holidays. These include Nicolette Larsons, In The Nick of Time, and a double L.P. release from Pink Floyd entitled the Wall. Also I am glad to see that New Wave is beginning to see some airplay on the radio. At various times I have heard Tom Petty, B-52*s and Ian Gomm on CJCH.

As far as new novels go, again I am forced to admit that I do not know of many new releases; however, H.H. Marshalls is supposed to be getting the Stand by Stephen King in early February. Check out Coles Book store; they probably have it already.

As far as movies go, there is a pretty good assortment in town right now. The Jerk, starring Steve Martin is doing very well at the Casino. The Star Trek Movie is at the Cove; a bit disappointing as the movie drags a little in the middle of the show. Young Frankenstein is back in town if you love a good laugh. Finally, avoid (94), because it is a big disappointment.

So until next week, when I hope to have more to talk about, bye!

ONCE UPON A TIME
THERE WAS TEA, SUGAR,
FLOUR, RICE, POTATOES,
MEAT, COFFEE.....

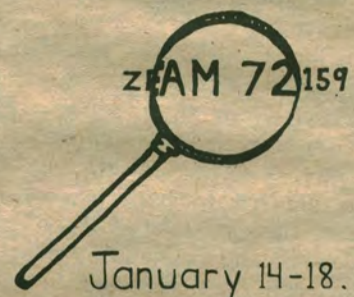

An Ode to the Campus Police

On duty, a C.P. can end up with any number of chores—perhaps a six hour shift of staring at a wall while everyone else has a good time, or maybe if they're lucky, they can work one of the activities WATCHING everyone have a good time (and, if they're **really** lucky, survive it in one piece). Off duty, all they need do is keep their eyes open for anyone with a grudge. A bit exaggerated? Maybe, but my point isn't. These people, for very little remuneration, spend their time seeing to it that the rest of us CAN have a good time without worrying about trouble. The next time you see them working at a dance, or anywhere for that matter, say "hello". It's one small way to let them know you appreciate what they're doing!

Taken from St. Mary's Santamarian, 1976.

SPORTS

Huskies Stun X-men 5-1

Even though the layoff had been a long one, the Huskies scored a 5-1 victory against the St. F.X. X-men. At times it looked as if both teams had eaten too much turkey as both teams were coughing up the puck numerous times in their own zones. The first period at best could be called disorganized as both teams made numerous mistakes. If it hadn't been for the goaltending of George Barrett in the first period the Huskies could have easily walked away with a 4-0 lead in the first period. The Huskies were outshot 12-12 by the X-men in the first period.

The second period proved to be the deciding period of the game as Tom McDonell saw Darren Pickrem in front, who in turn wasted no time in beating the X-men netminder to put the Huskies in front 1-0. Just twenty-two seconds later, Tom Coolen deflected Scott MacLean's shot for his fifth of the year and

upping the score to 2-0. Four minutes later Larry O'Donnell broke his goalscoring drought as he took a pass from Moochie Friesen, slipped around the defensemen, and beat Barrett with a low wrist shot. At this point it looked as if the Huskies were going to have a field day.

The X-men defense began to tighten up and George Barrett began to play better. Jay McMullen blasted a shot from the point which nosed its way through a maze of players and found itself in the net behind Mark Locken to narrow the gap to 3-1.

Memories of previous games soon came to mind as the Huskies had been leading the X-men by a similar 3-0 score and lost 4-3.

The Huskies outshot their visitors 14-7 in the second frame.

The third period became a very important period as they have enjoyed success against the Huskies in the third. Newly acquired Steve

Axford found the range on a shot he fanned on, which glanced off an X-men defender to put the Huskies in front 4-1. This proved to be the biggest goal of the game as the X-men certainly had some wind taken out of their sails. The third period saw the Huskies interested in finishing the game off as they mounted very little in the way of offense. With less than four minutes to go Tom McDonell scored on passes from Darren Pickrem and Steve Axford which concluded the scoring at 5-1.

After the game it was obvious that Bob Boucher and his charges were pleased with the win despite being bottled up in their own end at times. The key to the game was the way the Huskies were able to forecheck the X-men in their own end. The X-men probably blamed this on a small rink, but they would have lost to SMU in any rink that Sunday!

Bob Boucher summed the game up well when he said, "We made too many mistakes, but they made more." He also went on to say that he wasn't happy with the powerplay as the Huskies were often disorganized and sloppy with the man advantage.

One thing that was different about this game was the fact that the Huskies had a bit of luck for a change. Mark Locken said, "We had a few breaks, especially on Axford's goal." This was the story; the Huskies for once had some things go their way!

The Huskies made a good acquisition as they picked up Steve Axford who was formerly a star with the Kentville Colonels and also with Acadia. He should fit in well with Darren Pickrem and Tom McDonell.

The Huskies play Dal on Wednesday night at the Metro Centre and entertain U.N.B. and STU this weekend.

Hoopsters Play Well

During the break there was a tournament down in Acadia which featured some of the best basketball teams in the country. The tournament was different in the respect that the Maritime teams played all their games against teams from other provinces. This would create a better method in which to rank the teams involved.

In the first game the Huskies lost 78-77 to York as the long layoff certainly didn't do them any good. Leroy Davis led the way with 28 and Ron Blommers had 22. It was a tough game to lose as the Huskies probably would have won if they had been playing a few games during the break.

In their second contest the Huskies defeated Concordia 90-74 as Leroy Davis once again led the way with 20, while Ron Blommers and Ross

Quackenbush each hooped 16. The Huskies looked as if they were just warming up and were now ready to play basketball.

In their last game they defeated previously number one ranked Victoria by a 83-77 score with Leroy Davis hitting for 22 points and John Dronsella meshing 20 points.

Going into the tournament the Huskies were ranked seventh, but could move up to fourth once all the dust clears. Victoria clearly was not the team they were supposed to be as Acadia and SMU looked very good at the tournament.

Leroy Davis was voted to the All Star team as he displayed his dribbling, passing and shooting abilities.

The men play next at St. F.X. on Tuesday night.

BALLS & PUCKS

First of all I would like to welcome everyone back to SMU and I trust everyone had a good holiday. . . Catching up on old news, last December 5 the Huskies defeated Dal by a 5-1 score with Darren Pickrem scoring three goals and Steve Dixon scoring two goals. On January 6 the Huskies defeated the X-men by a 5-1 score, which lifts their record to 6-7-1. They are beginning to look like playoff contenders. . . The basketball Huskies, despite their long layoff, performed very well in the tournament at Acadia. In their first game they lost 78-77 to York, but won the remaining two by scores of 90-74 and 83-77 against Concordia and Victoria. The Acadia Axemen won the tournament and should get top ranking, although this remains to be seen. The Huskies were ranked seventh going into the tournament and they should be ranked fourth anyway. Of course one must remember that Maritime teams are seldom ranked first, but yet are often the champions when the dust settles. Leroy Davis was ned All Star as his ball control antics amazed everyone. . . The world of sport was very busy during the break; so starting off with hockey the Philadelphia Flyers had their consecutive game streak stopped at thirty-five as they were beaten 7-1 by Minnesota Monday night. Charlie Simmer set a modern day NHL record as he scored in thirteen straight games. . . Montreal continues to have their problems, but they did look good against the Russians, so maybe they are turning it around. . . The Maple Leafs continue to falter in the standings and turmoil or chaos is the word to describe Toronto. The Maple Leafs have been busy trading such players as Reg Thomas, Pat Boutette, Joel Quenneville, and Lanny McDonald

for Terry Martin, Dave Farrish, Bob Stephenson, Pat Hickey, and Paie-mont. . . In football the Steelers and the Rams are in the Super Bowl and expect a 27-10 victory for Pittsburgh. Tampa Bay should have made the Super Bowl, but had quite a cinderella season anyway. . . In college football Alabama became the number one ranked team following all the Bowl games. I think there is still doubt as to who is really number one. I would like to thank the *Dal Gazette* writer of Verbal Diarrhea (it is), for taking it upon himself to award jerk of the week to Larry O'Donnell. The truth of the matter was that number twenty-five for Acadia was crushing Larry's hand and he asked him nicely to let go. The player refused so Larry was forced to do what he felt necessary. In the future I suggest you investigate a little more before writing anything down. I felt badly that I wasn't asked to hand out awards so I am giving you 'jerk of the month'. Furthermore I don't go around badmouthing Dal players, which on occasion might not be so hard. . . The Voyageurs continued to play consistent hockey as they have moved up to the top of their division. The defense seems to be a bit better this year and Bert Templeton is proving to be a fine coach. About the quiz in the last issue: the question involving Dale Turner was an incorrect question so there will be a new quiz to replace that one. Sorry. . . I also apologize to the girls' basketball team for not printing their story as I didn't find it. In the future I would dearly love to print anything that you have about your games as I don't have a writer for them. On the same note, it would be nice if anyone interested in basketball would like to do some stories for the men's team.
