

The Gull Sees Farthest
Who Flies Highest

is in on this big drive for Dec. 8th so he'd enjoy seeing any publicity I'm sure.

Photo one shows Pat Furlong, lawyer, on the left and Maynard Brown, lawyer, on the right and Terry Heenan in the middle (tell Dr. Carrigan Mr. Heenan knows both my uncles which was nice also) . Snap 2 is Maynard on the left and Bill McGown (lieu. commander in the navy) on the right. Snap 3 from left to right is Linda Brown, Janet Oland, Peter Oland (yes he is the former Lieu. Gov.'s son and with Labatt's here), Murray Longley (C.A. with Clarkson) and Bob Wolfenden (with Kellogs as a sales rep). Snap 4 is Pat Furlong on the left and Murray Longley.

Would you please put these in a western alumni file. I think we will call the outfit here SWAC because they want fun (St. Mary's Western Action Club).

I want to congratulate you again on that brochure - it was first rate - send me some and I will see they get to worthwhile places here (UBC has 300 people in the Hfx. area and might look for places to hold things) so plug me in for publicity out here. Hope your Acadia workshop venture went well. Have to run and do some lesson plans now - snow on the mountains - even Grouse - really spectacular eh!

A vital part of University

A vital part of the University community has always been it's alumni. The newly instituted Branches Program is going full steam ahead. Heather Harris hosted the first western get-together at Cecil rd Green Park on the UBC campus. The Santamarians that attended were surprised and pleased to find so many alums in the Vancouver area. ~~Plans are in full swing for the "far western" Alumni Dinner on December 6th.~~ The familiar names that have reported in to our Vancouver branch are - Art Ahern, Steve Armitage, Maynard and Linda Brown, Don Buggie, Al Delisle, Pat Furlong, Terry Heenan, Corinne Higgins, Murray Longley, Mary Lee MacDonald, Bill McGown, Janet and Peter Oland, Bob Olson, Ralph Palvesky, Joe Pelrine, Bob Wolfenden, Peggy McNichol and Wayne Simms.

(Corinne - that represents one heck of a lot of phone calling and tracking down but it was worth it - people came from all the way over from West Van which is like driving from Truro on a bad night as you know) - thanks for the help - I'll be glad to help out with any of the items type things for the BT and will do a profile on Terry Heenan for the T if you would like - just send a sample profile to me. People were impressed with the BT so keep it coming
