The
Santamarian
(1978 Edition)

design, photography, layout, production—Sean Leahy
written by the Journal Staff

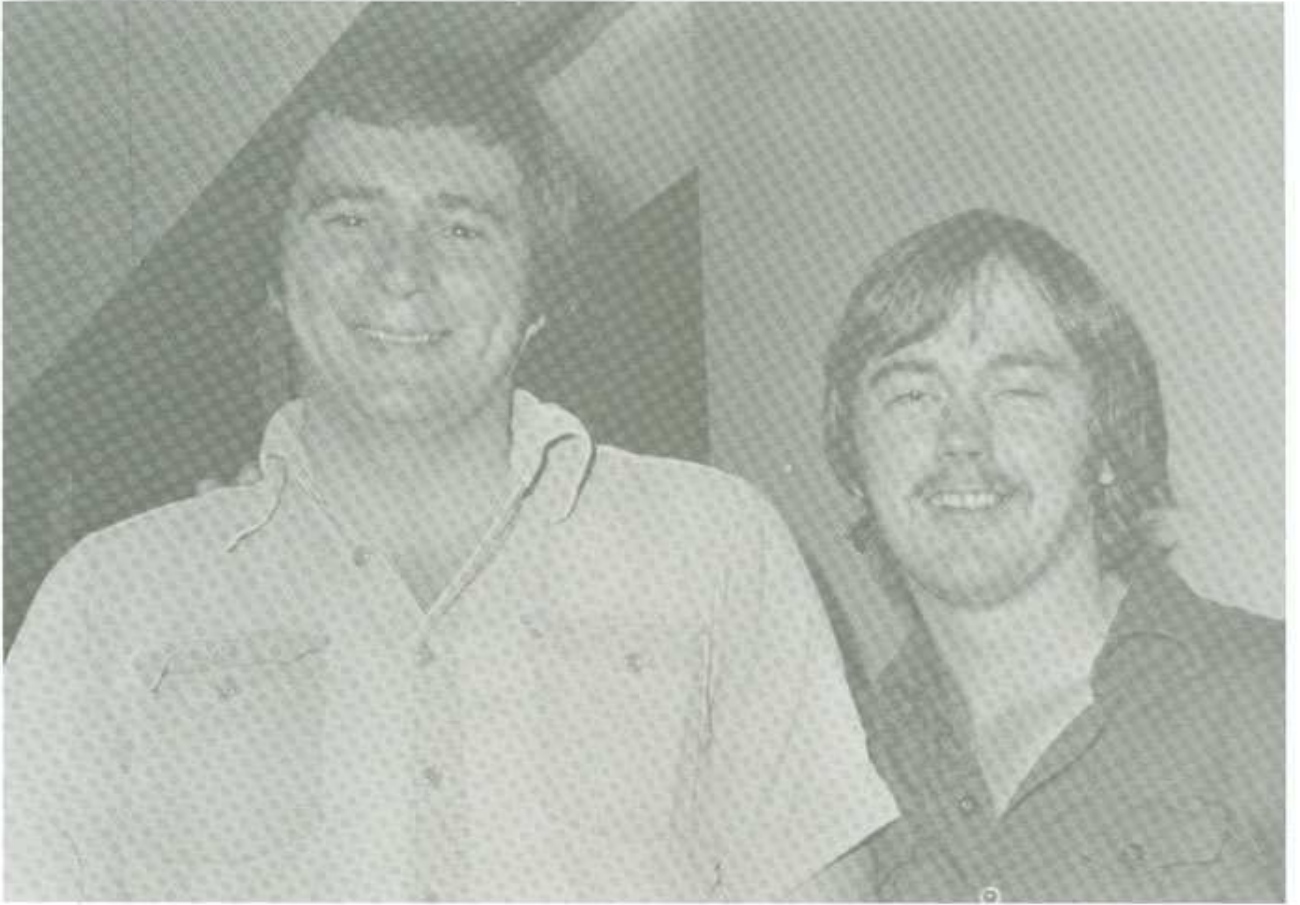

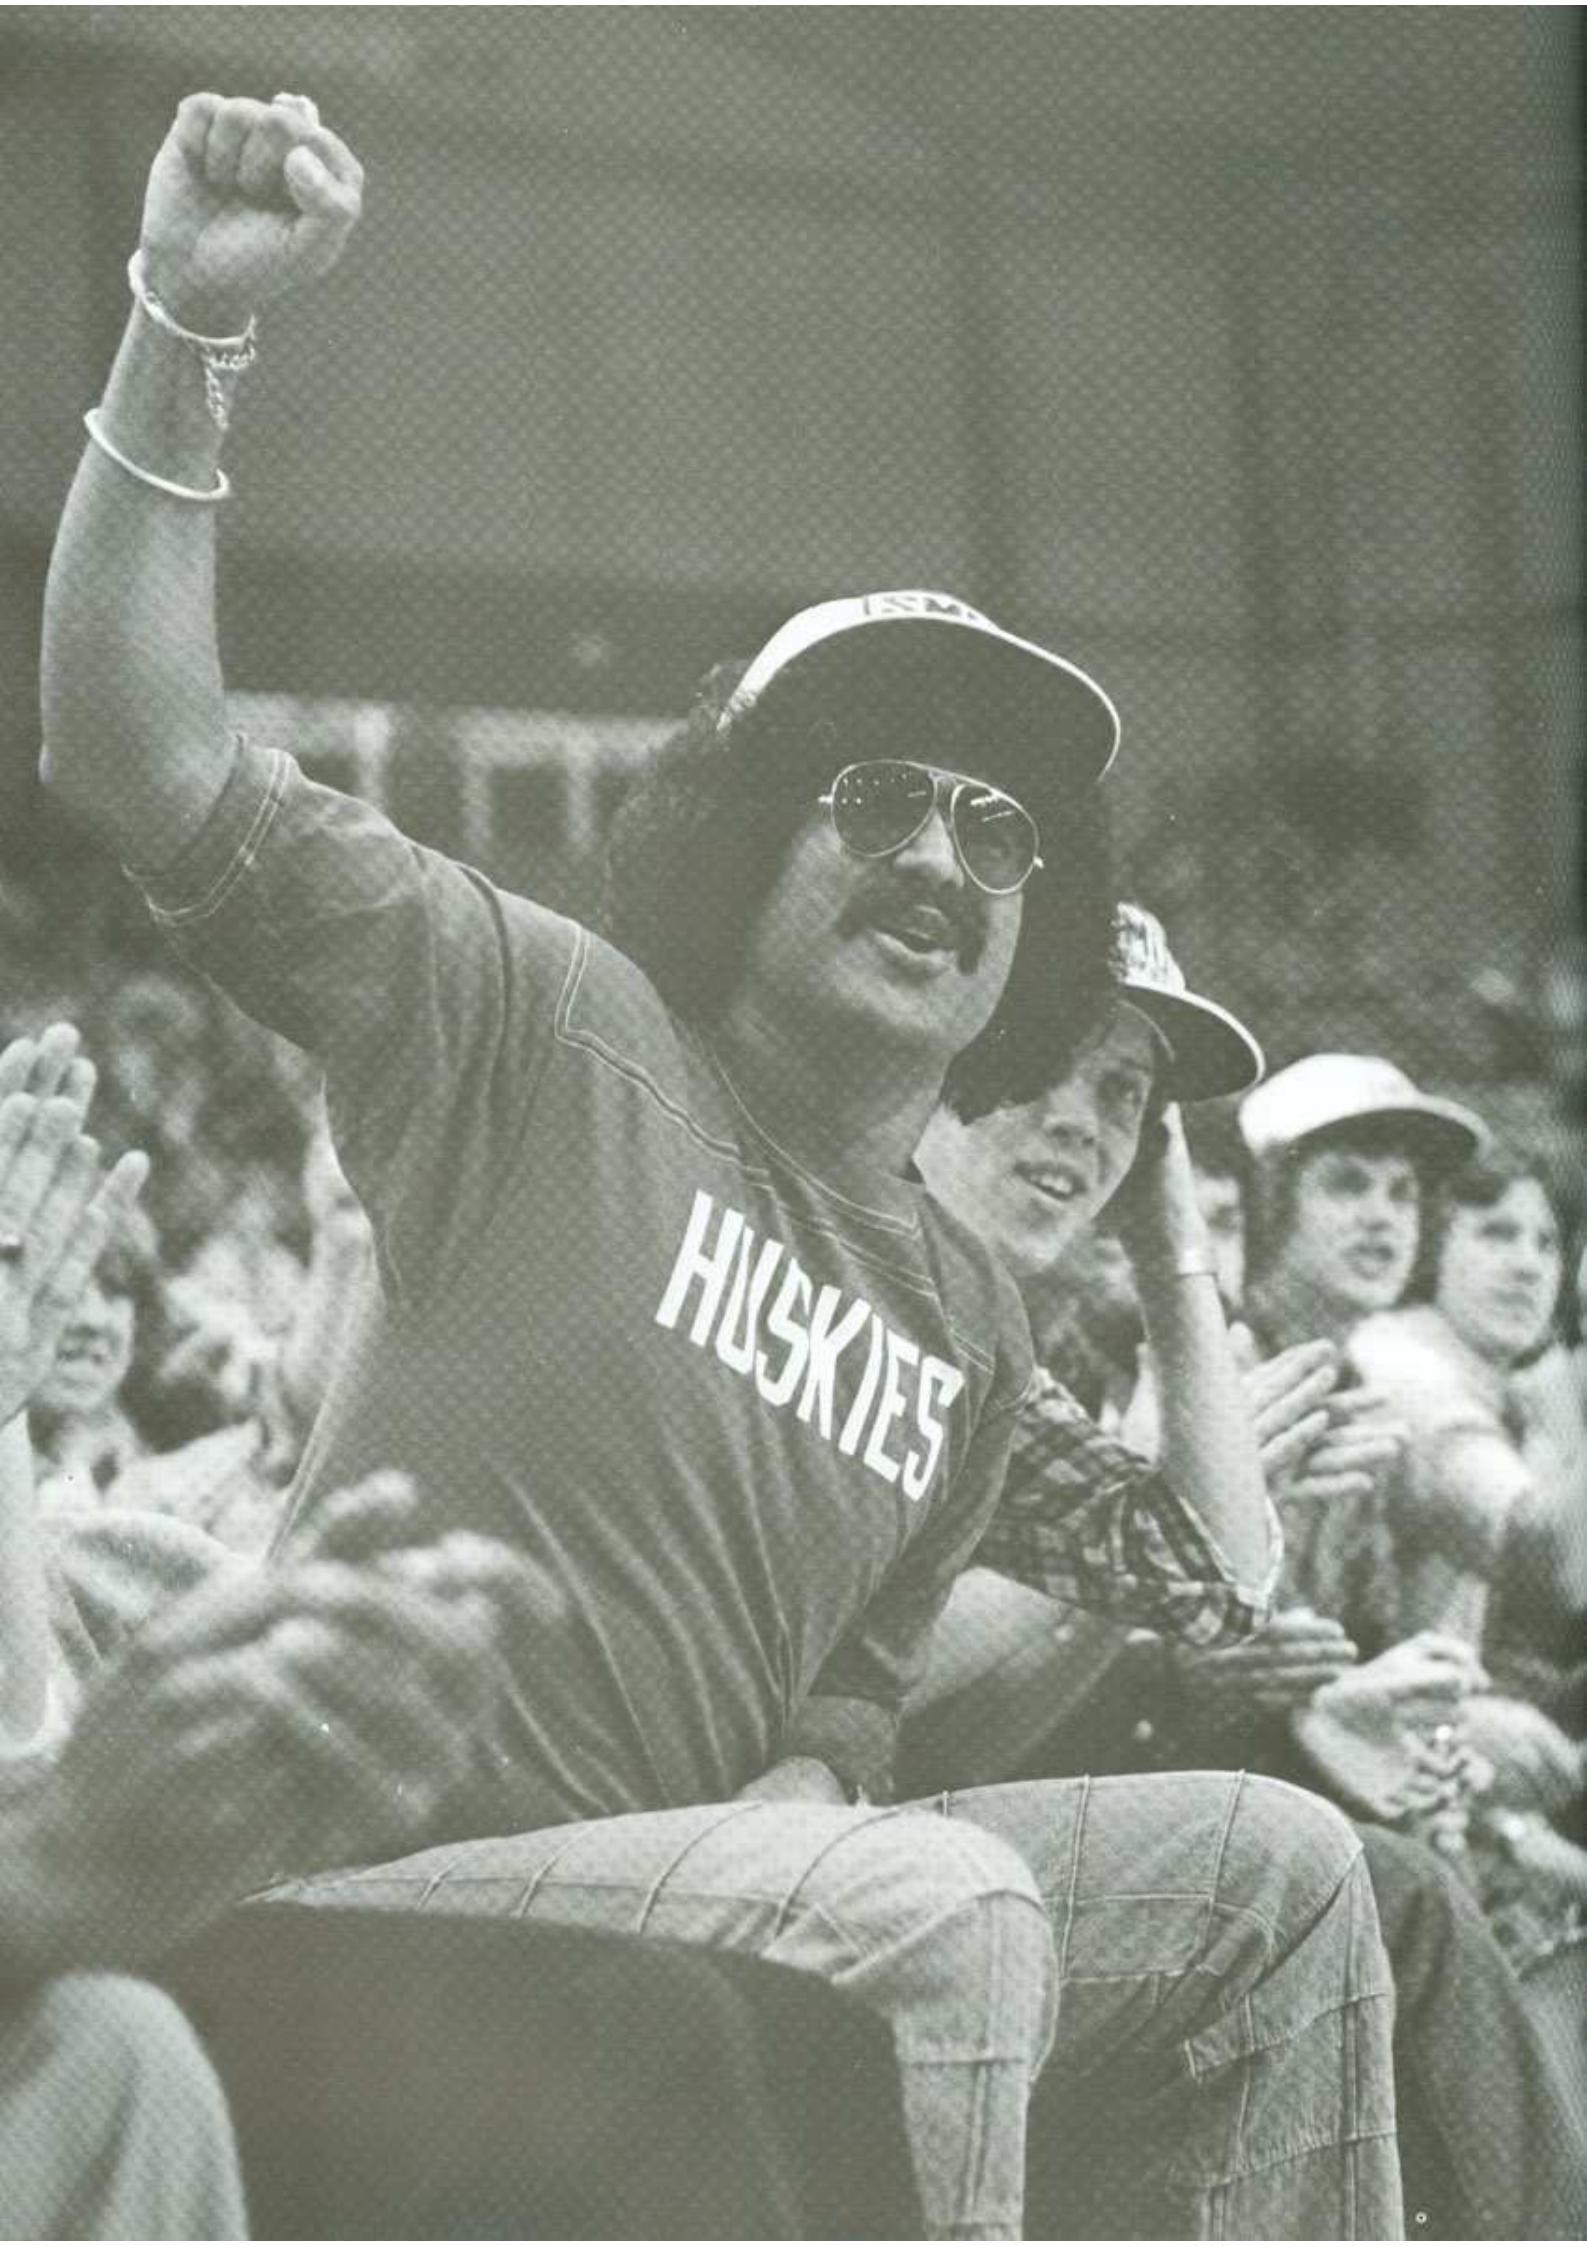

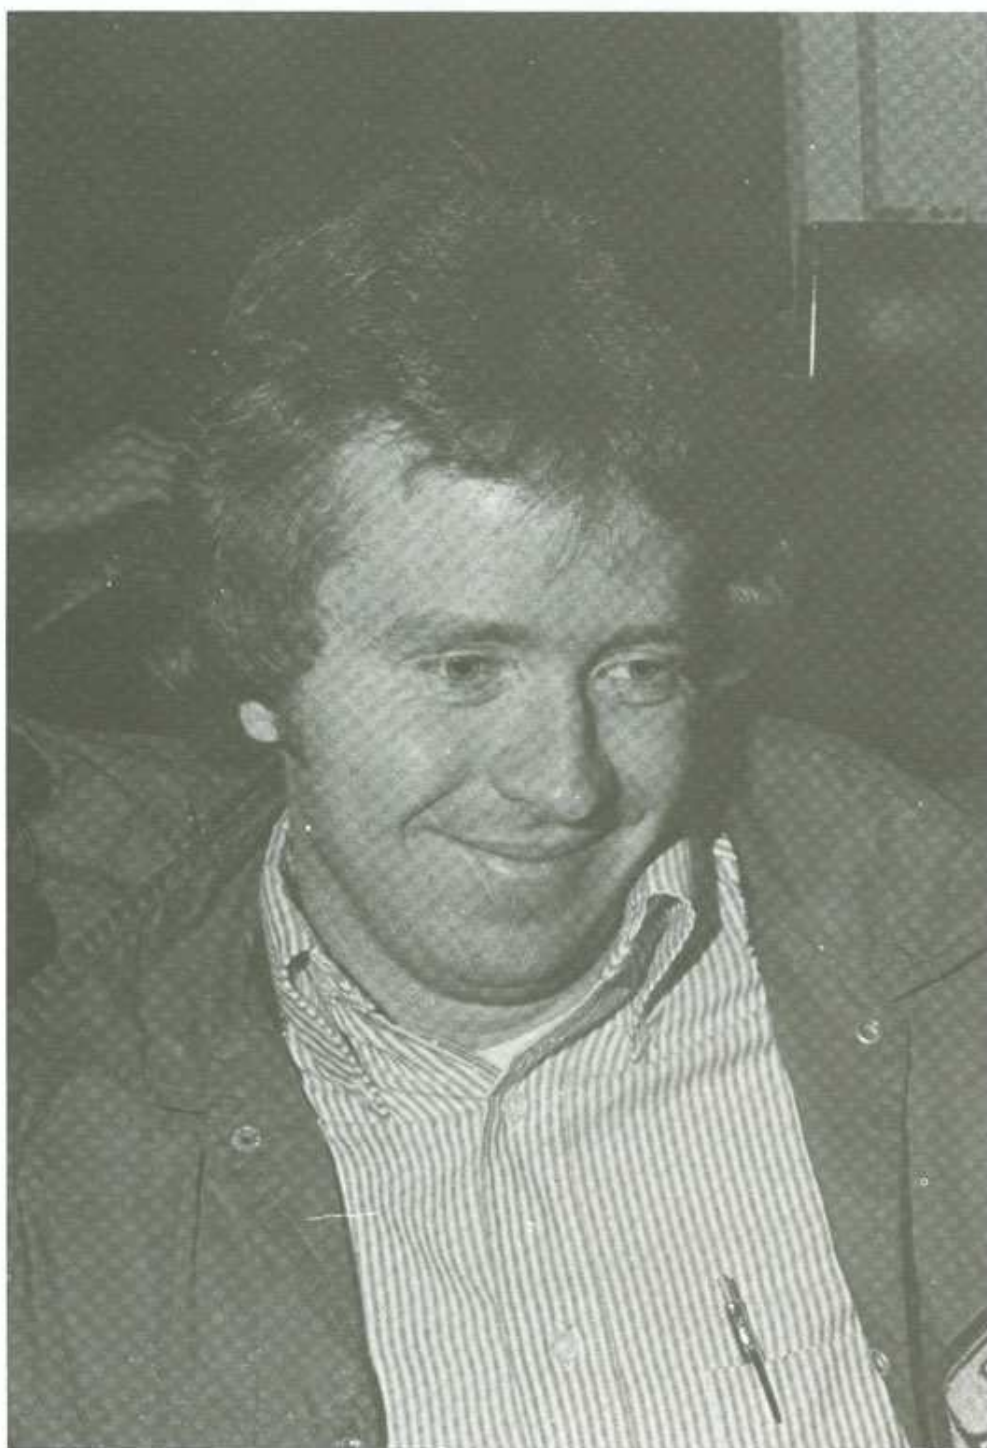

“ . . . way back when we began, we said we were going to do something . . . and we have done what we set out to do . . . we've been successful, we are now graduates.”
(Bruce Ross, '75 Valedictorian)

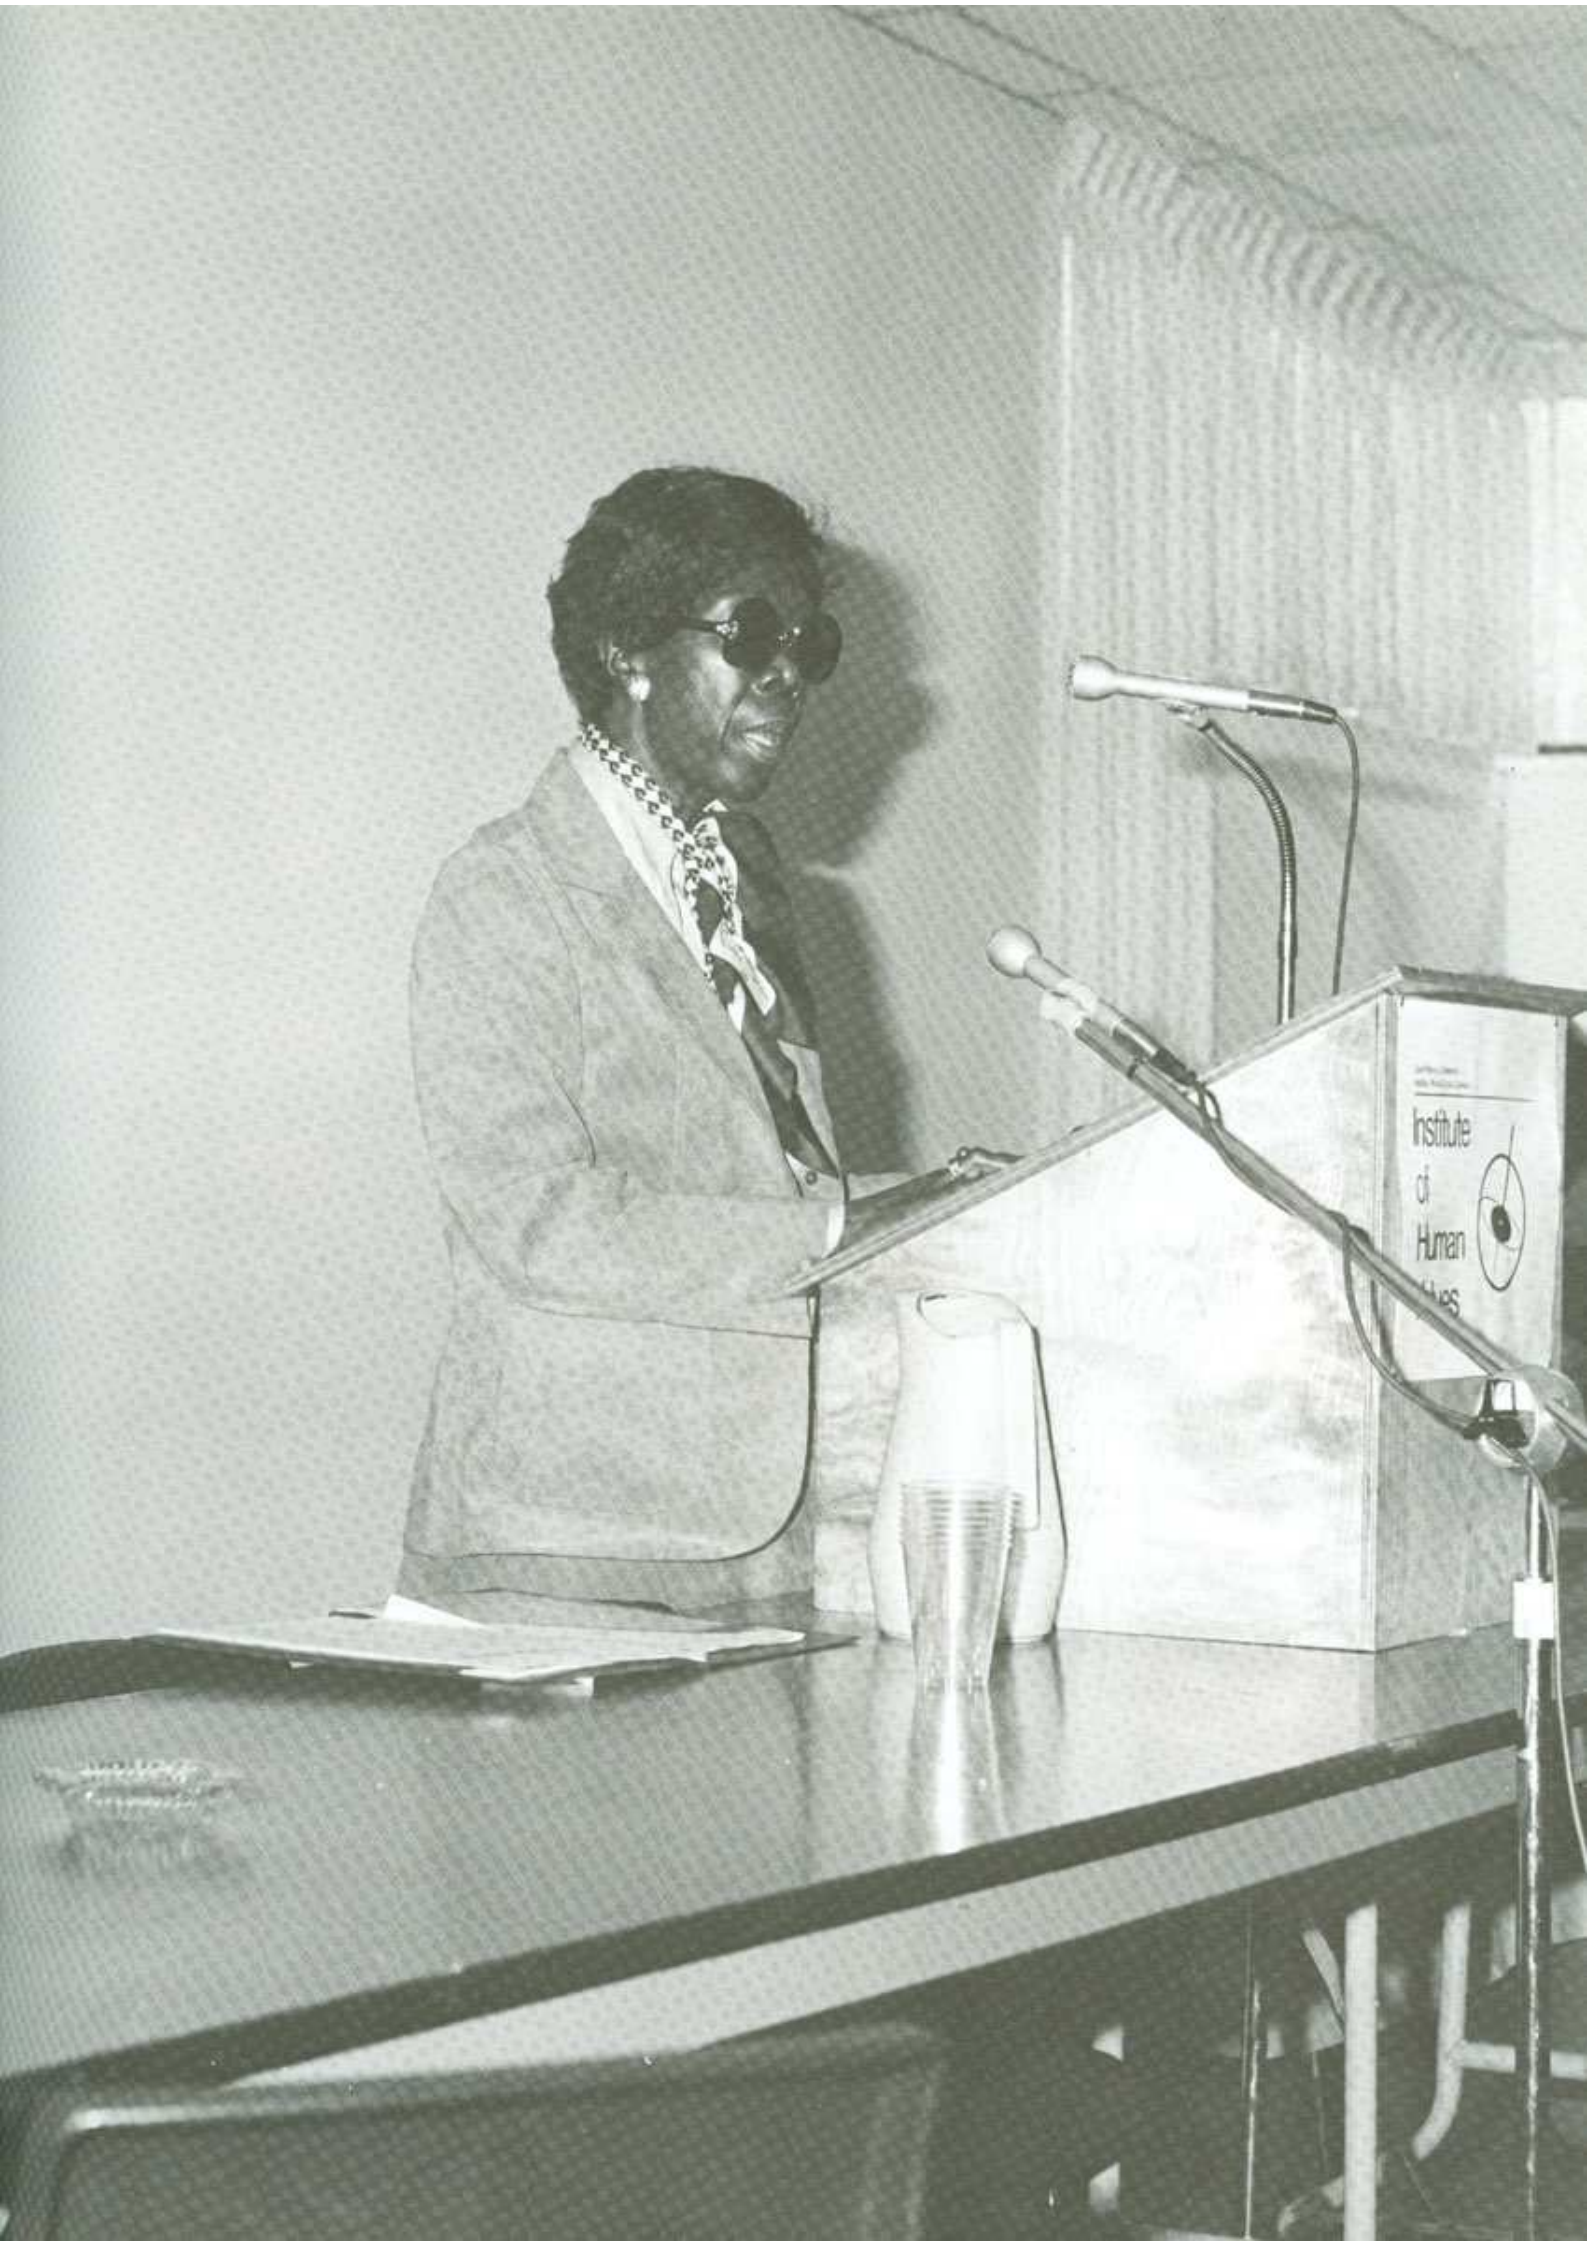

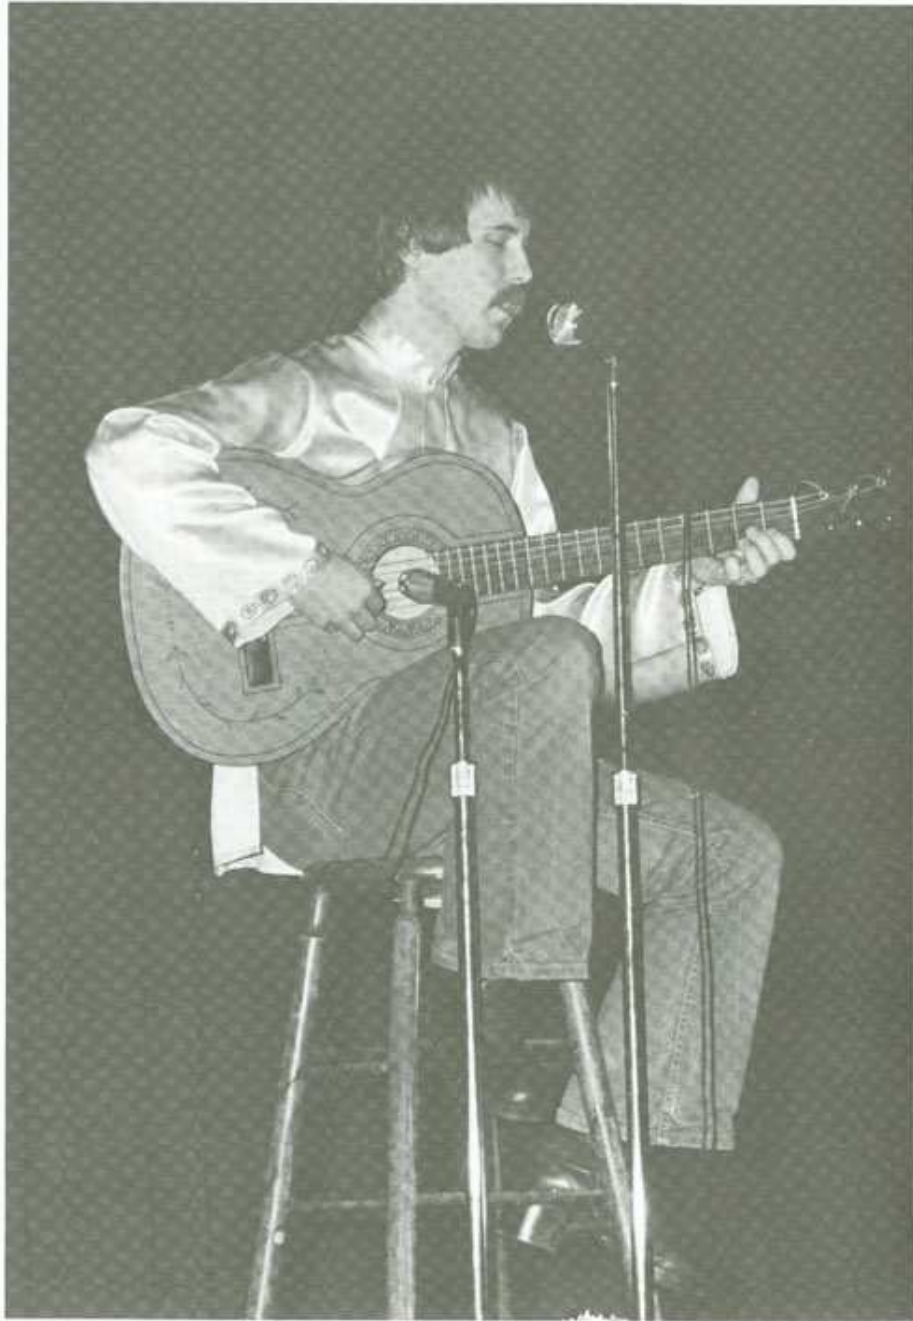

"For the true Santamarian is like the true nationalist. He does not criticize the institution for what it lacks; he praises it for what it has given him."
(Mike Arseneau '77 Valedictorian)

"I'm standing here before you. I don't know what I bring. If you can hear the music, why don't you help me sing."

(Leonard Cohen, Canadian Poet and Song Writer, I've seen some Lonely History, 1966)

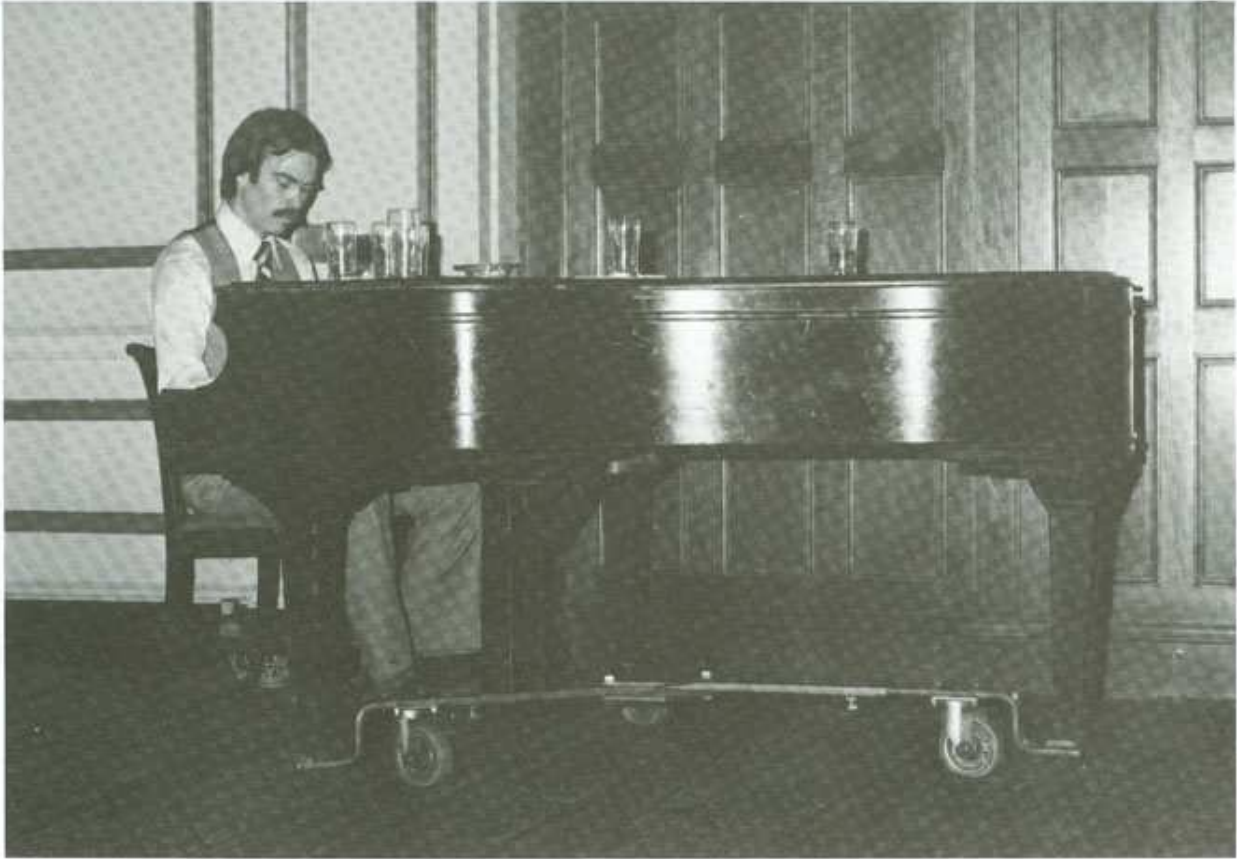

"We will never forget the inprivate freedom and perhaps the disillusionment we felt as freshmen, as we made those first few friends and learned to laugh at our own naivete." (Susan Rogers '78 Valedictorian)

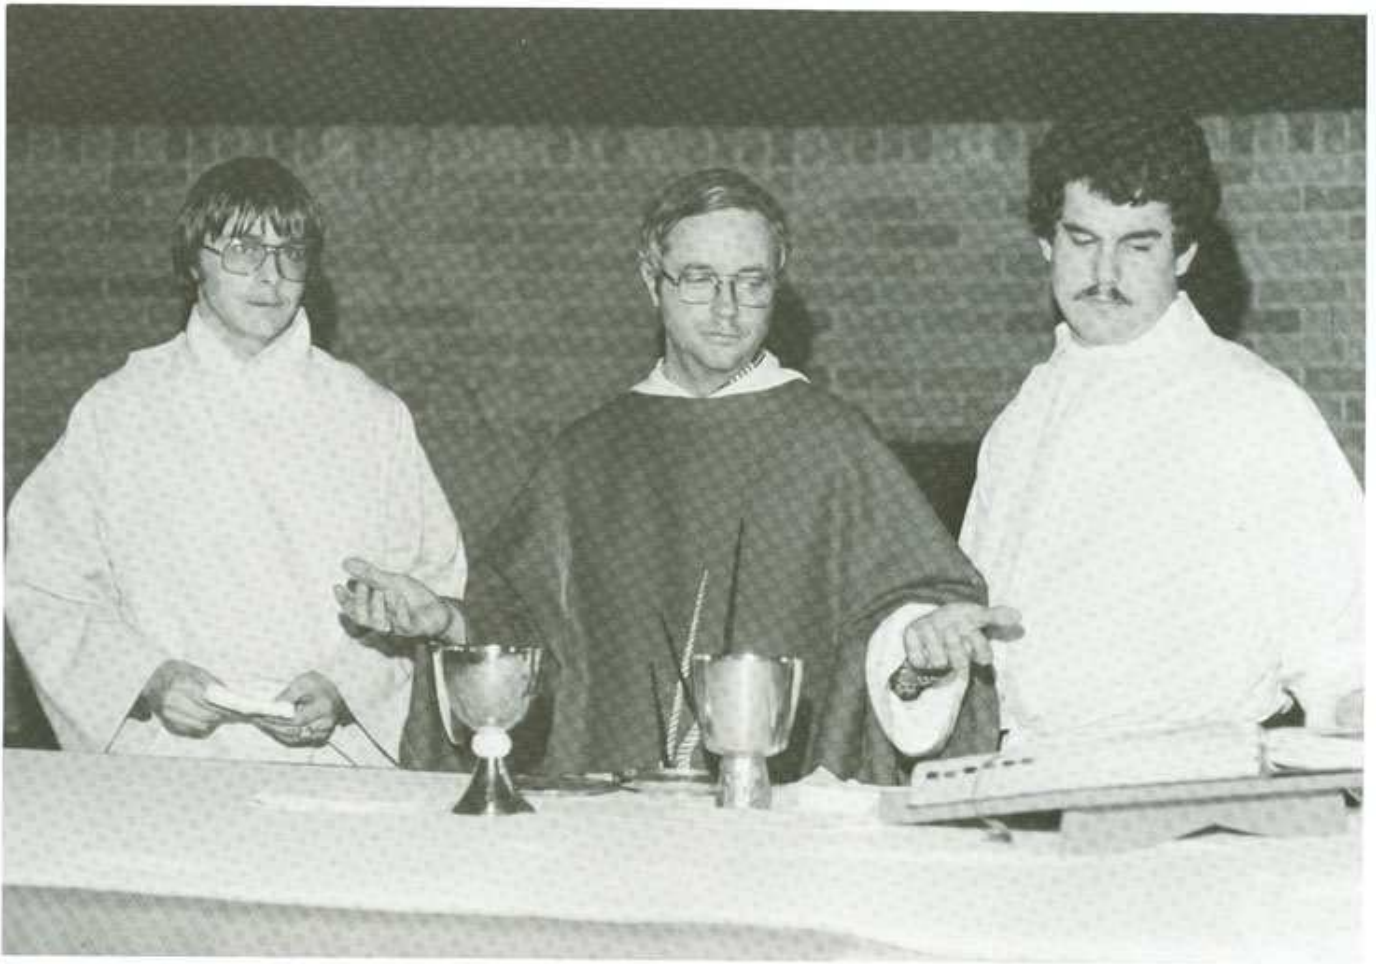

“University education has an infinite value, in that one may develop a taste for something better.” (Fraser McMullin, SMU Student '78)

**"You can disagree without being disagreeable."
(Gerald R. Ford, President of the United States, 1974)**

“What constitutes a life well spent? Love and admiration from our fellow men is all that anyone can ask.”
(Will Rogers)

"The friends of our friend are our friends."
(Leo Tolstoi, Russian Writer Youth 1857)

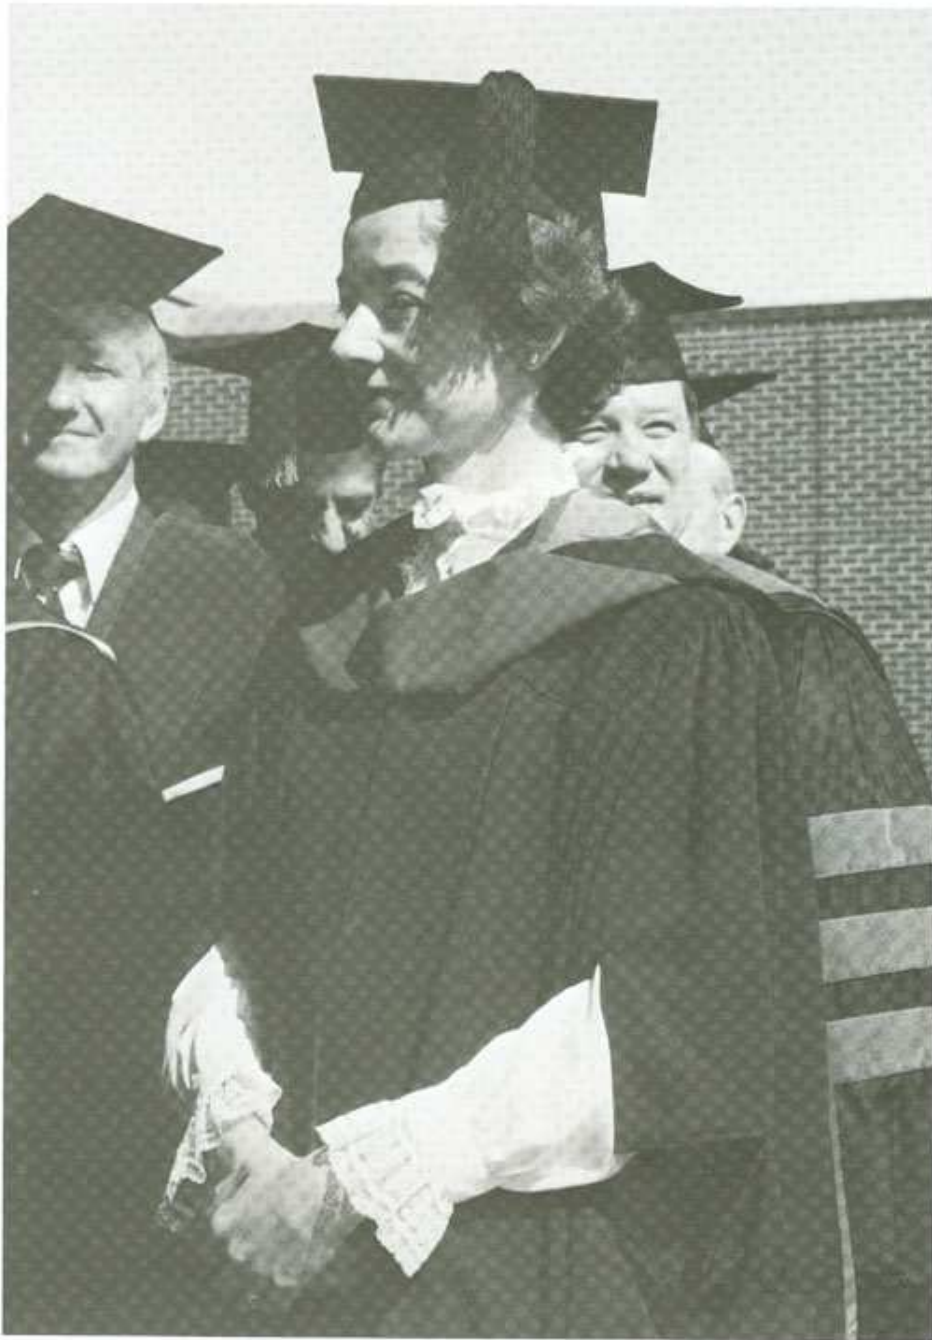

"The public will pay more for laughing than for any other privilege."
(Robert C. Edwards, Canadian Journals 1918)

"We share common values from the past . . . common aspirations for the future, our future, and indeed the future of all mankind."
(John F. Kennedy, President of the United States, Ottawa, 1961)

"Many of you have strong foundations. When the winds of changes shift, may your heart always be joyful. May your song always be sung, may you stay forever young. . . ."
(Bob Dylan)

"The football season is over. School will start now. With another season completed we can anticipate the next."

"Re Graduation

Every dream within your mind is still so fresh and new,
And the world is your stage,
Your dreams are the play,
And the star of the show will be you."

(K. Morand, SMU Student '78)

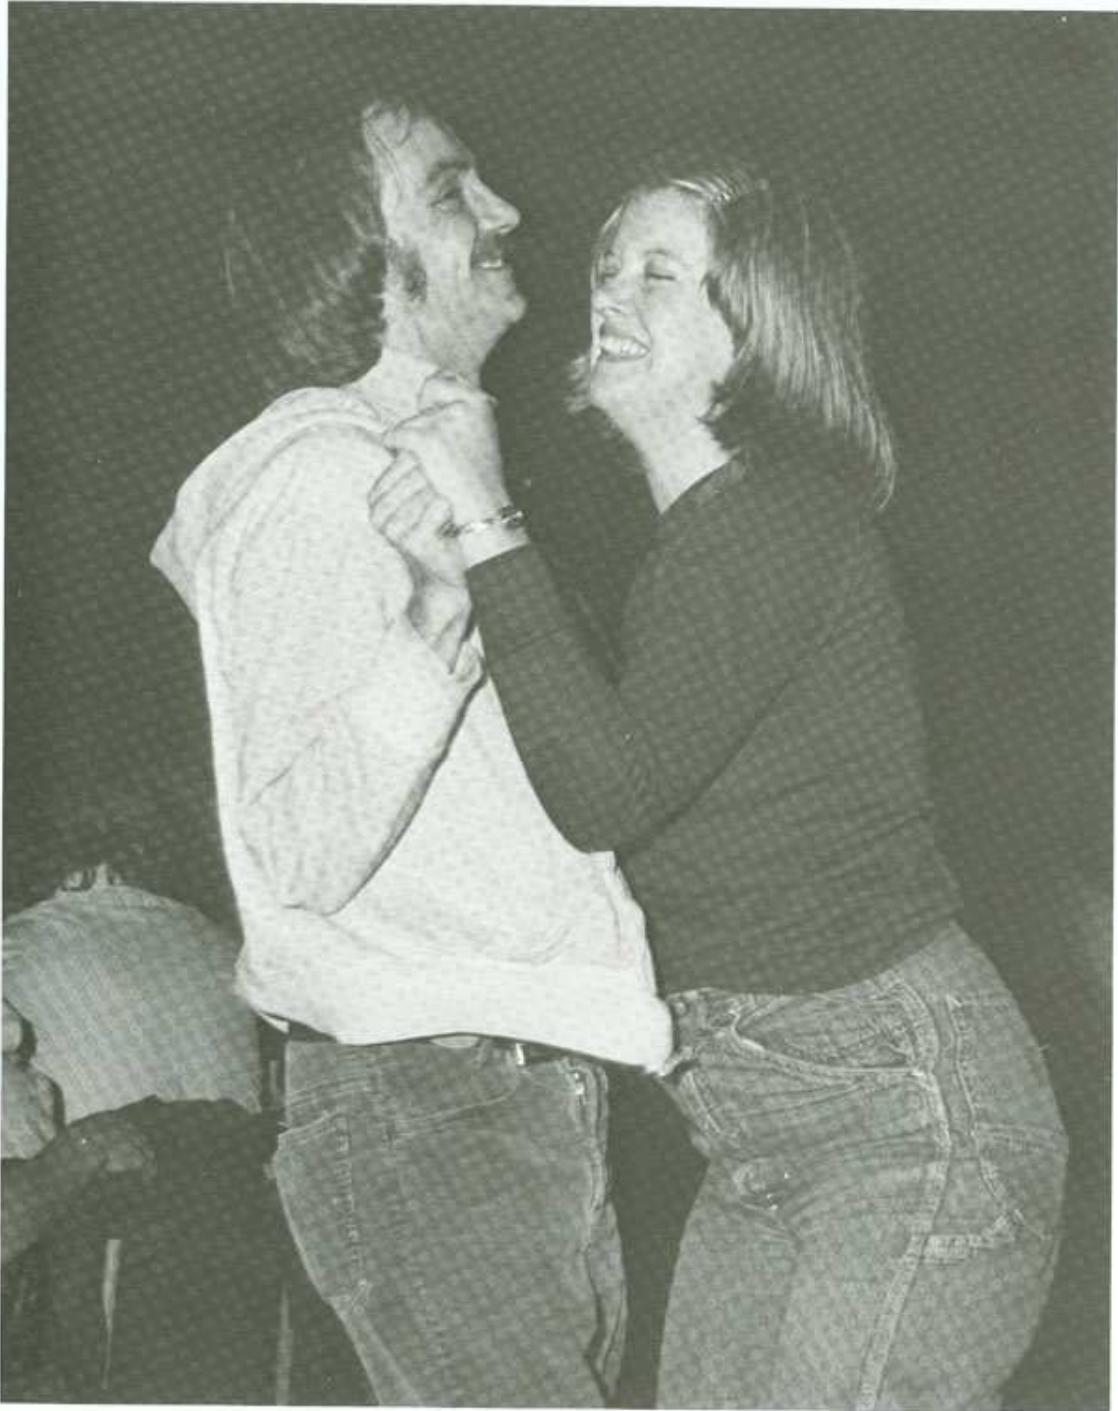

"Bashes, dances, football, basketball,
Wine and cheese, a talent show . . .
Relieve the tensions and provide a break from Routine."
(Santamarian 1969)

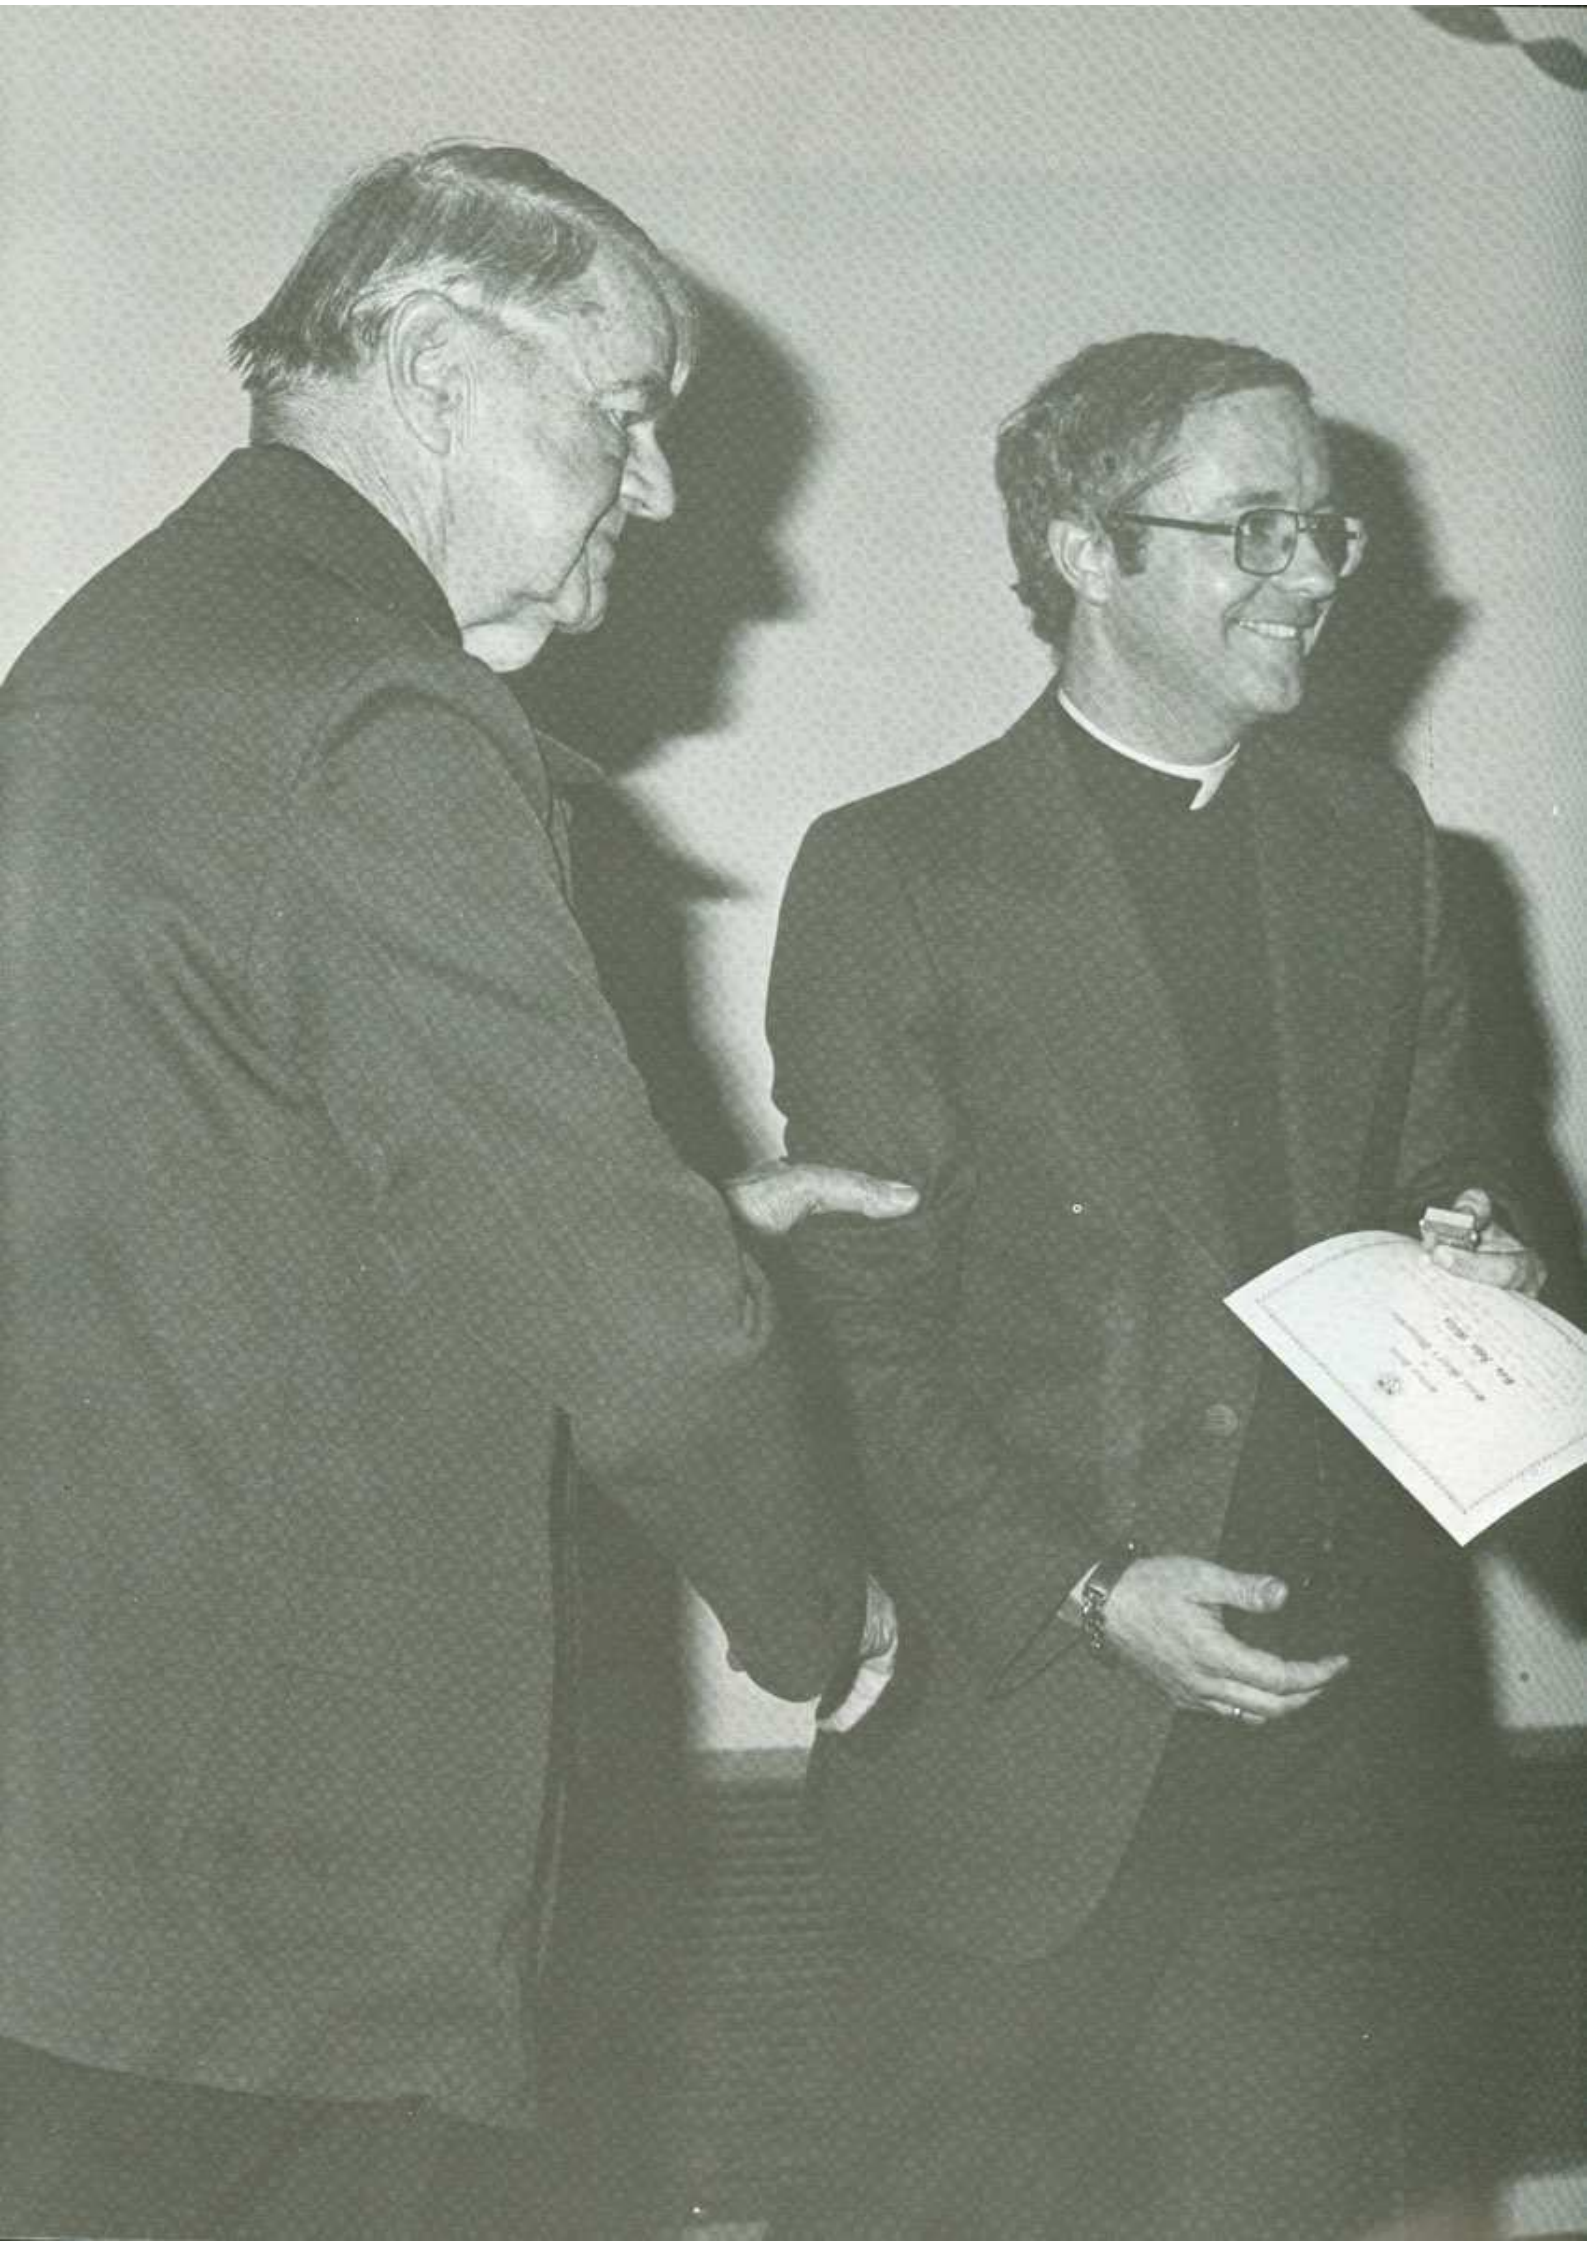

“It was the year that Saint Mary’s caught that ‘interminable’ disease called Disco fever. So far no cure has been discovered. . . .”

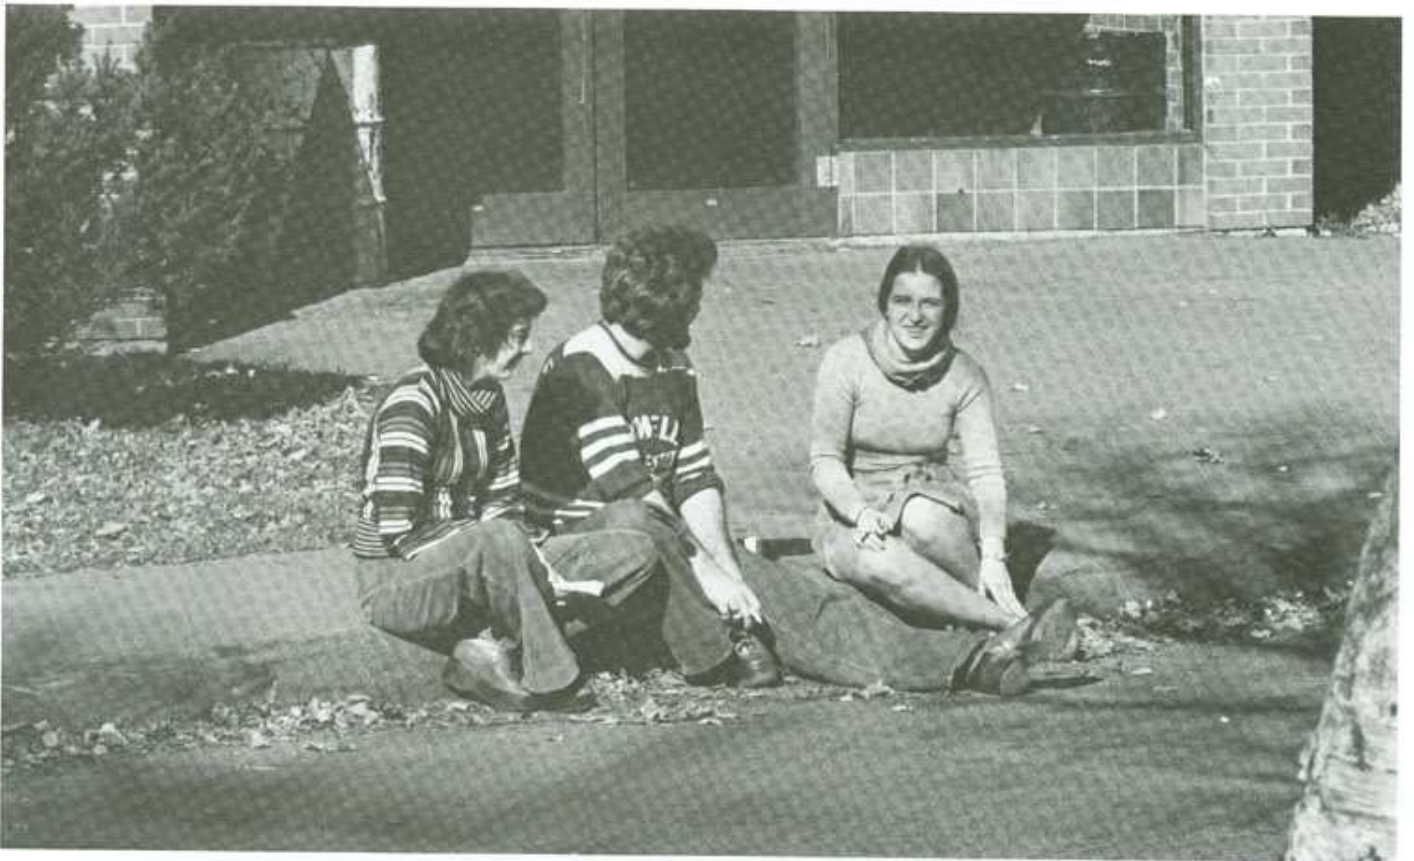

“And here is a couple of the victims of this disease. See how it contorts their body in unnatural positions and irritates their funny bone.”
(Mike MacManus, SMU Student)

“Yet, what takes place here today is merely the smallest tip of the iceberg, a final formality, a moment in our lives which separates our past from our future, perhaps more than any other moment we will ever live.”

(Susan Rogers SMU Student '78)

"What can I do to get through boring lectures?" Sleepy

Dear Sleepy:

Take notes left-handed. (If you are left-handed do this with your eyes crossed.) Count the penholes in the tile ceiling.

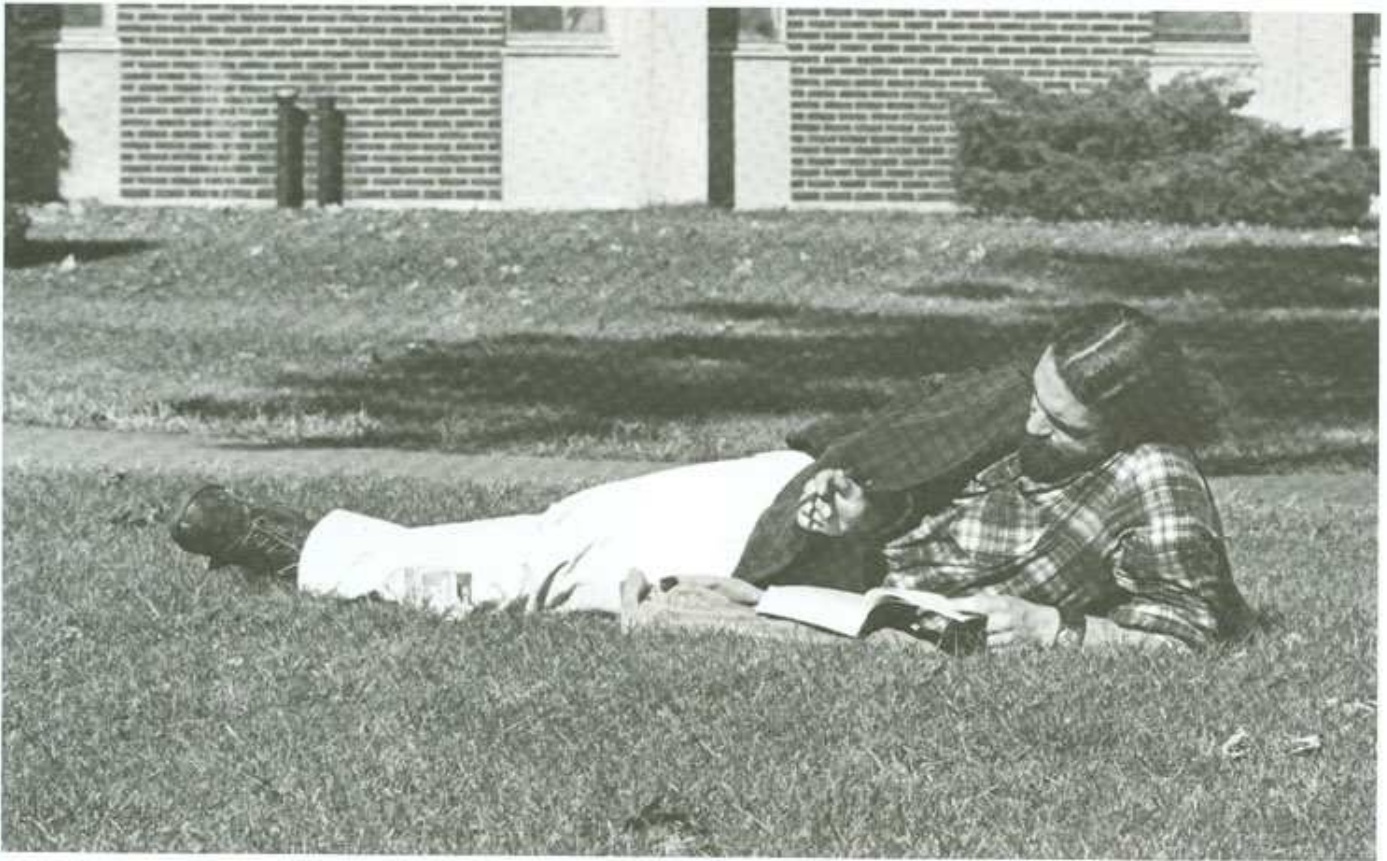

Take the pulse of the person sitting behind you.

Fill in the o's, q's, b's, p's and a's in your notes. Count how many times the prof says "UH".

Count the hairs on the back of your left hand. Compare the above with the person behind you. Take your shoes off, put your socks on inside out, and put your shoes back on without using your hands.

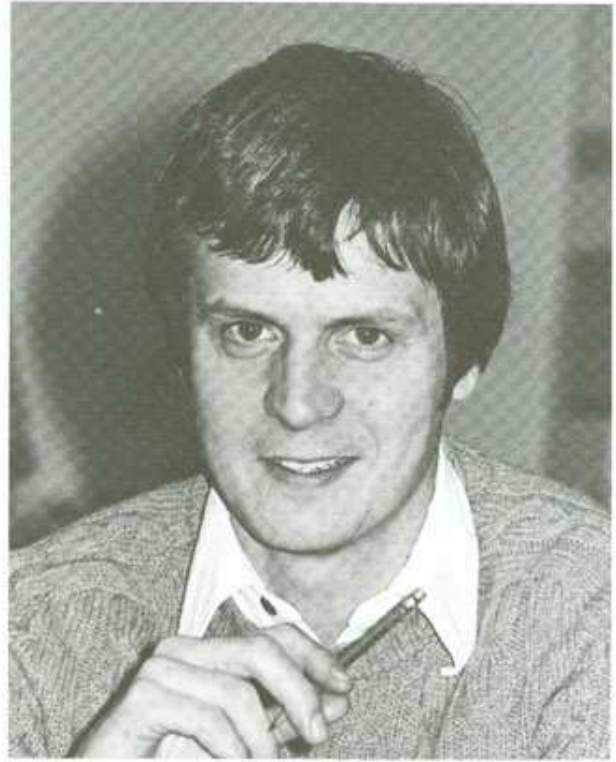

Close your eyes and watch the pattern on your eyelids."

(SMU Journal 1978)

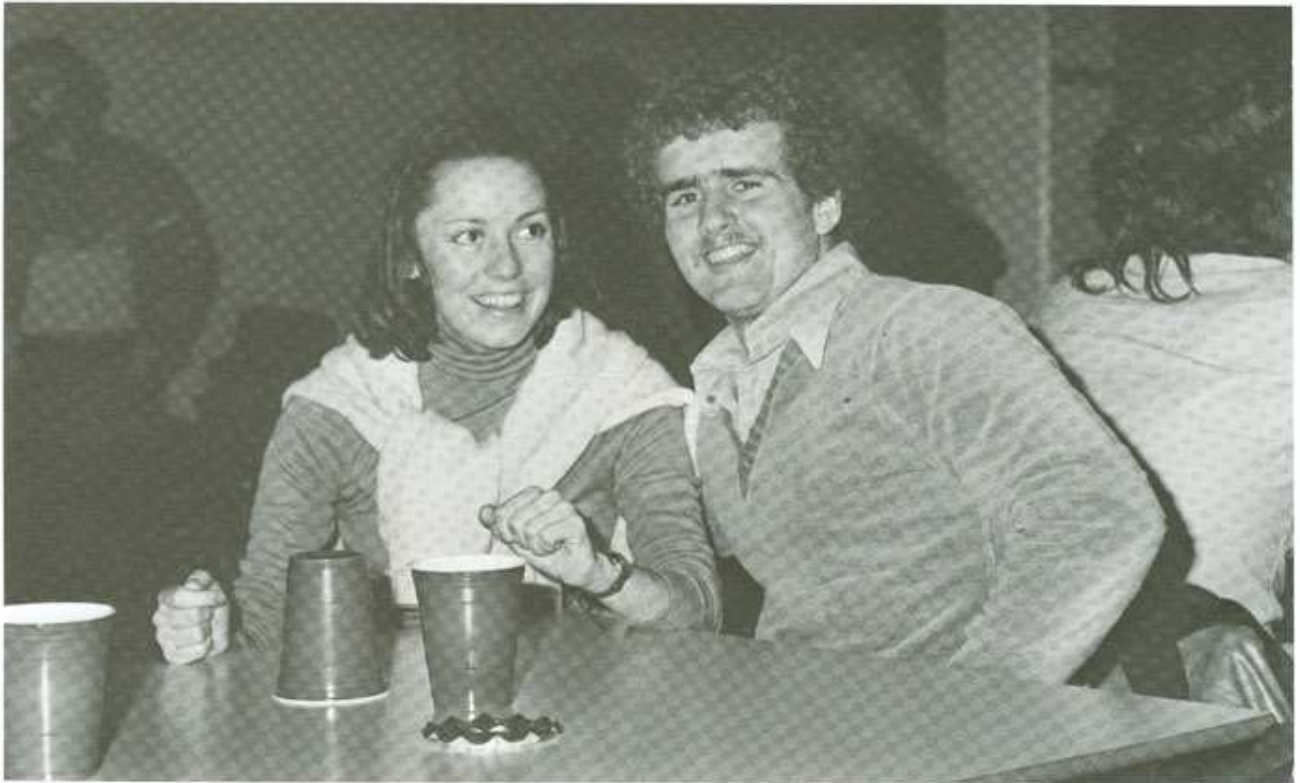

“The days are gone when a University education meant a good secure job. We are no longer the future executives or professionals. We are the future unemployed. The fight is ours, as much, if not more than anybody’s.”
(Matt Adamson, SMU Student)

"My acquaintances grow.
I meet new faces.
We talk, think, dance.
Listen to music.
Things are looking up.
New faces . . .
New life . . .
New experiences."

(Santamarian, 1969)

“Somebody figured out now that we can have two and three quarters per cent beer. But who wants to drink $3.75/2$ beer to be 100% drunk.”

(Will Rogers)

“Ideals are like stars; you will not succeed in them with your hands. But like the seafaring man on the desert of waters, you choose them as your guides, and following them you will reach your destiny.”
(Carl Schurz, United States Senator and Writer)

“We have found a way of discussing our differences in a friendly way.”
(Richard Nixon, President of the United States, 1972)

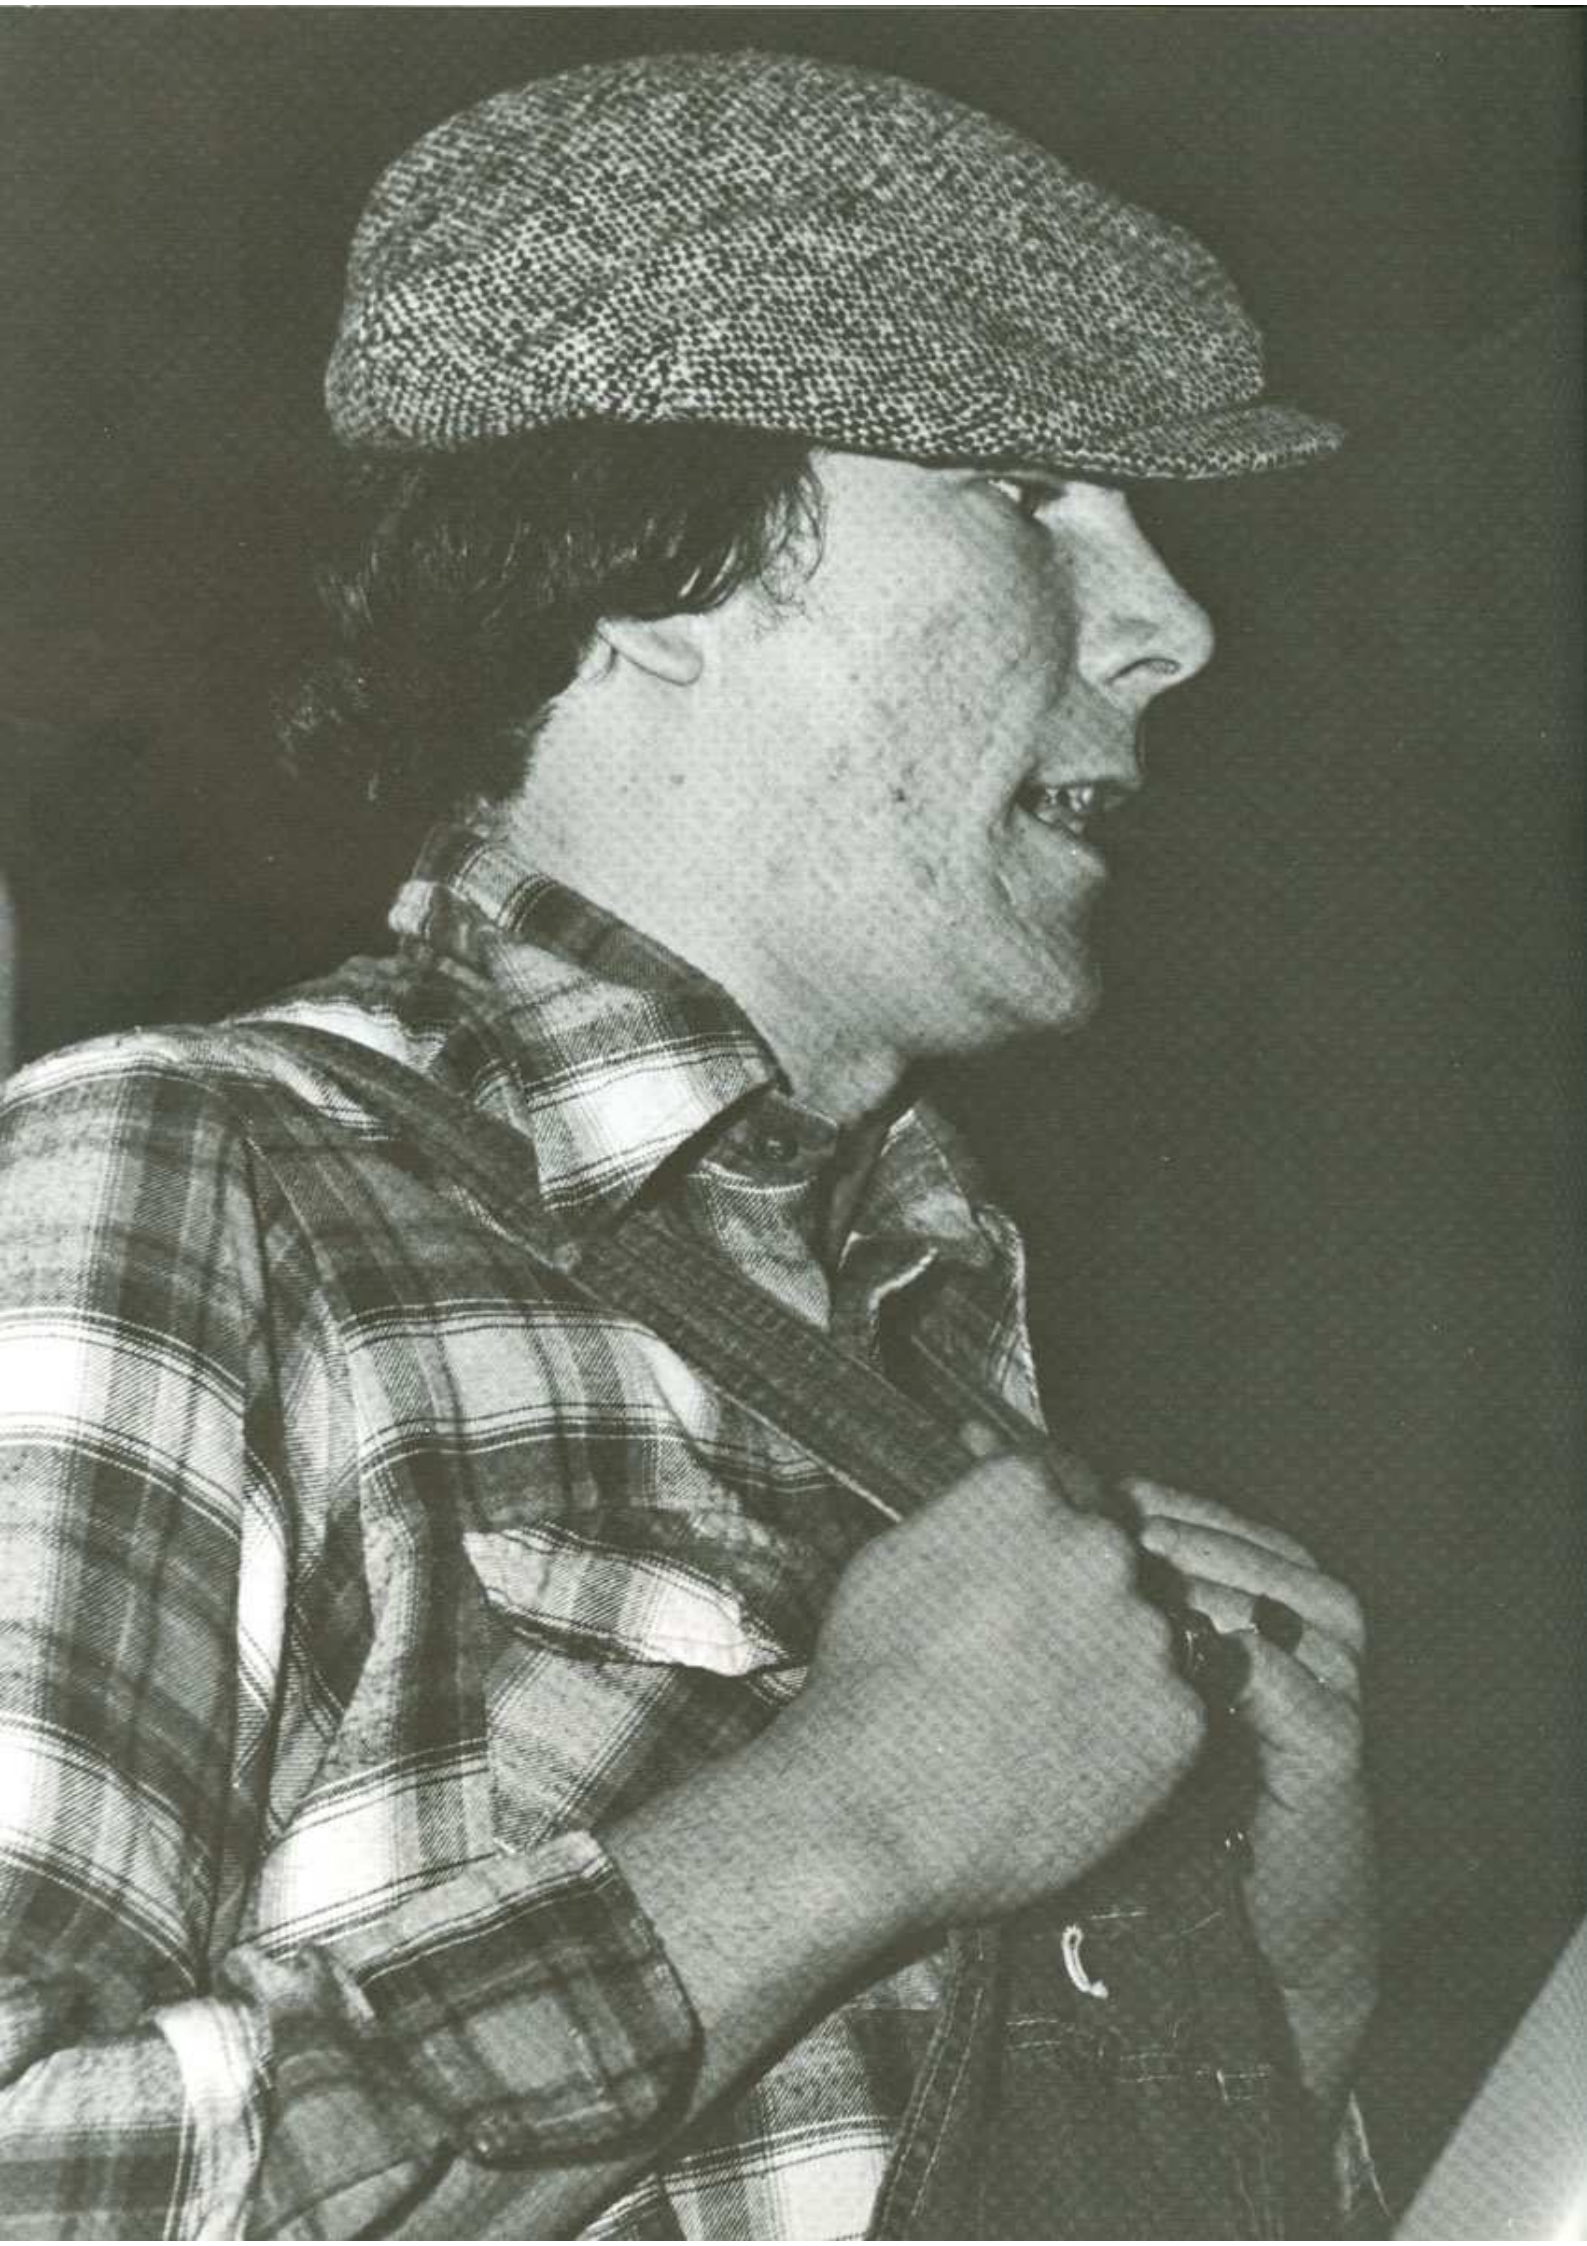

“The most useless day of all is that day in which we have not laughed.”
(Bert Ronald, SMU Alumni)

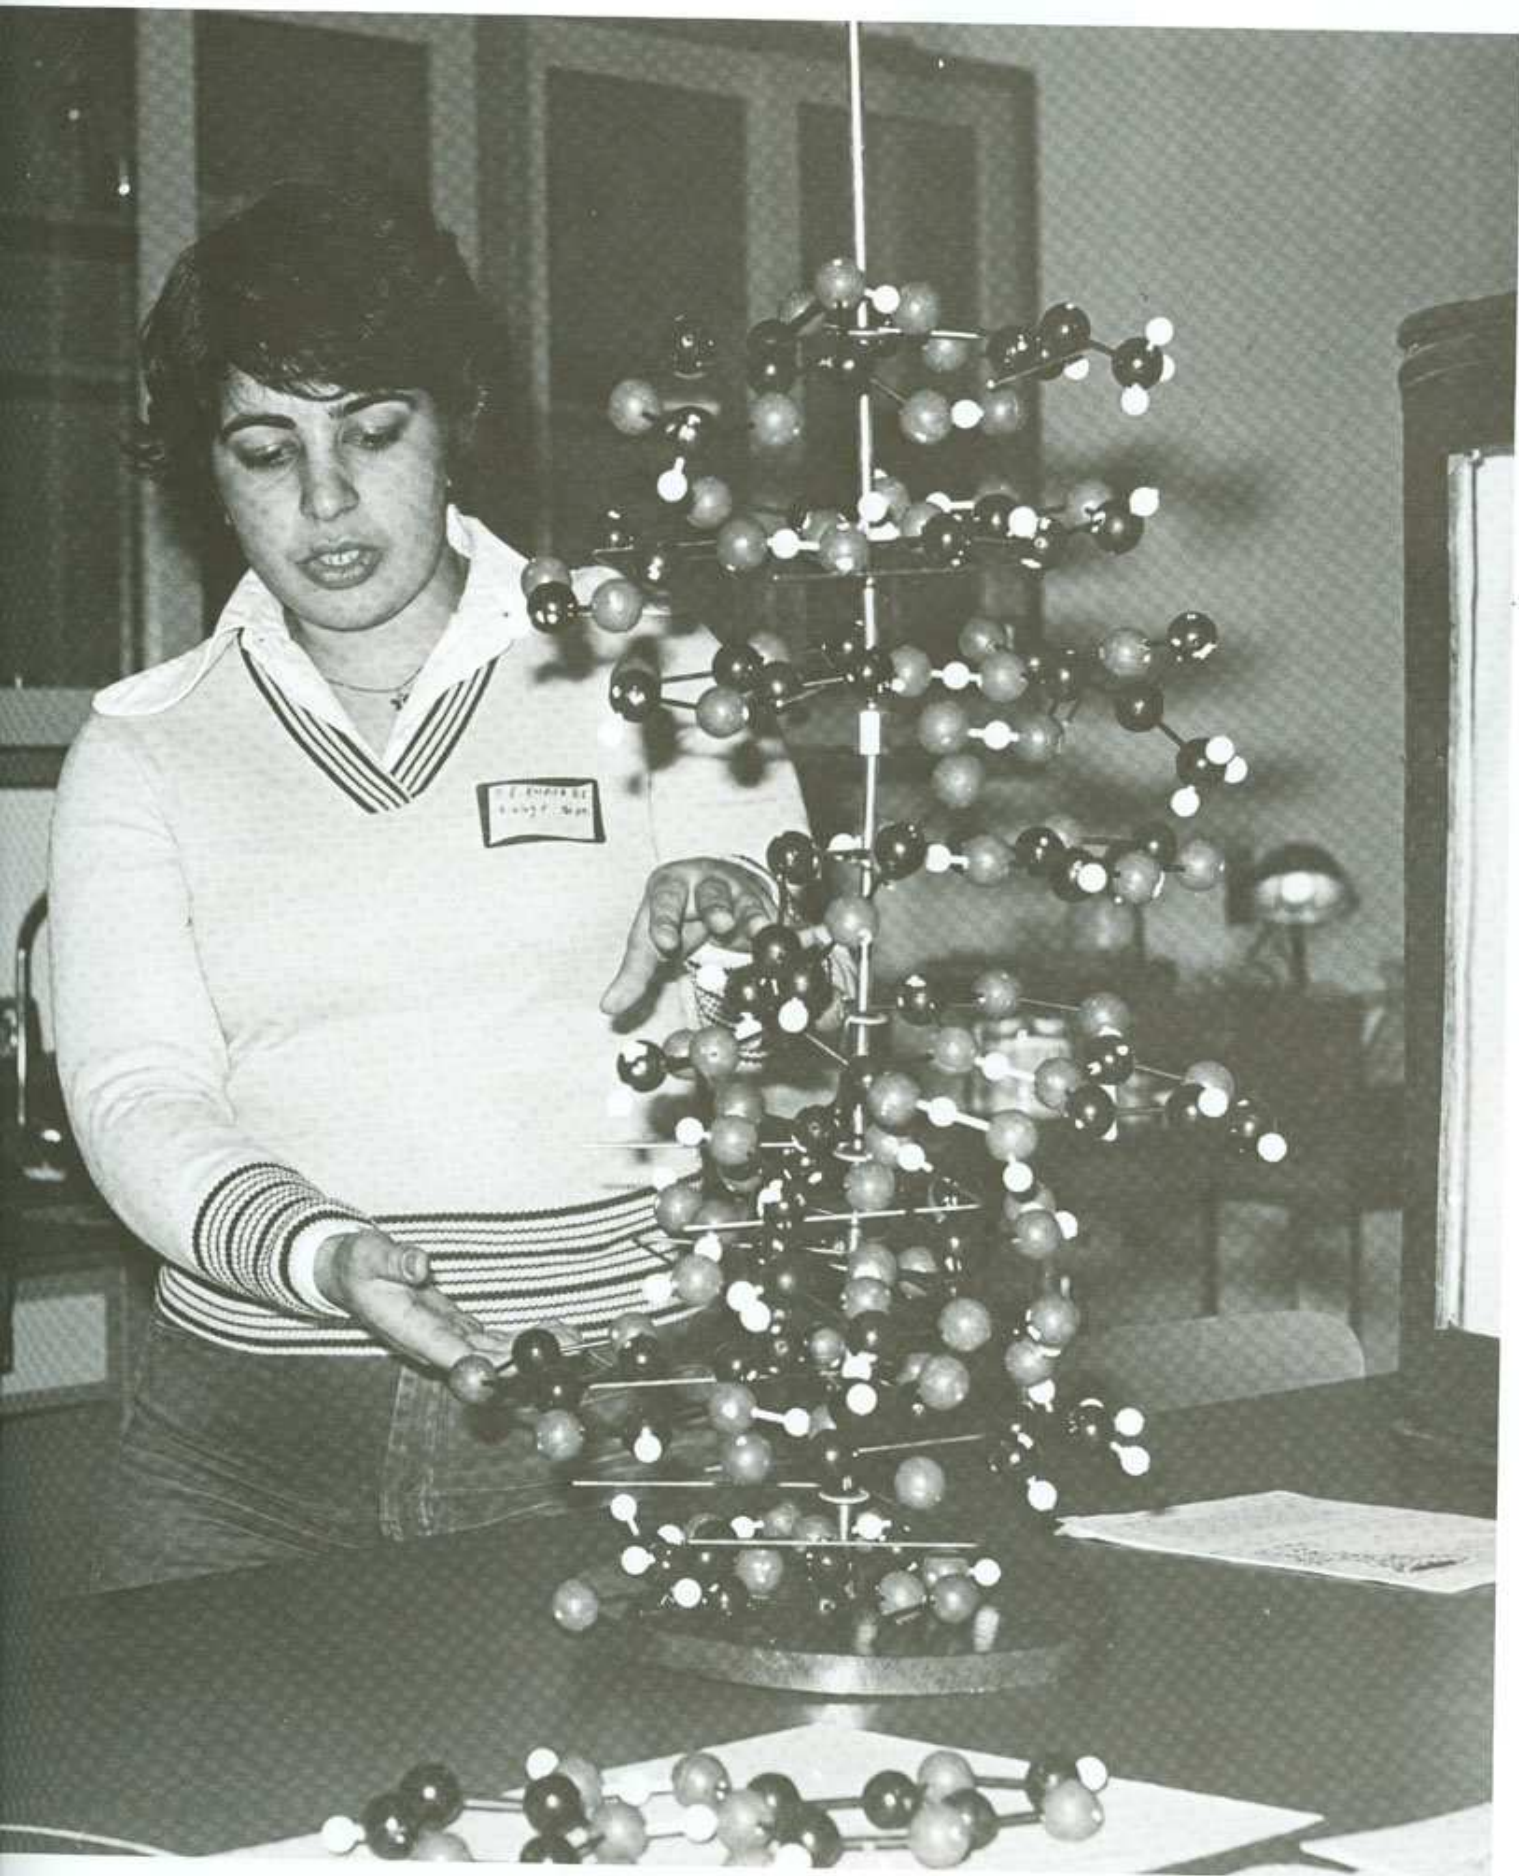

“As usual, the Journal was heavily attacked this year by all sides of the campus. Yet the Journal held its head as it pull from one problem area into another.”
(Santamarian, '71)

"Saint Mary's University
Site of the opening ceremonies of the first summer games."
Jeux Canada Games 1969

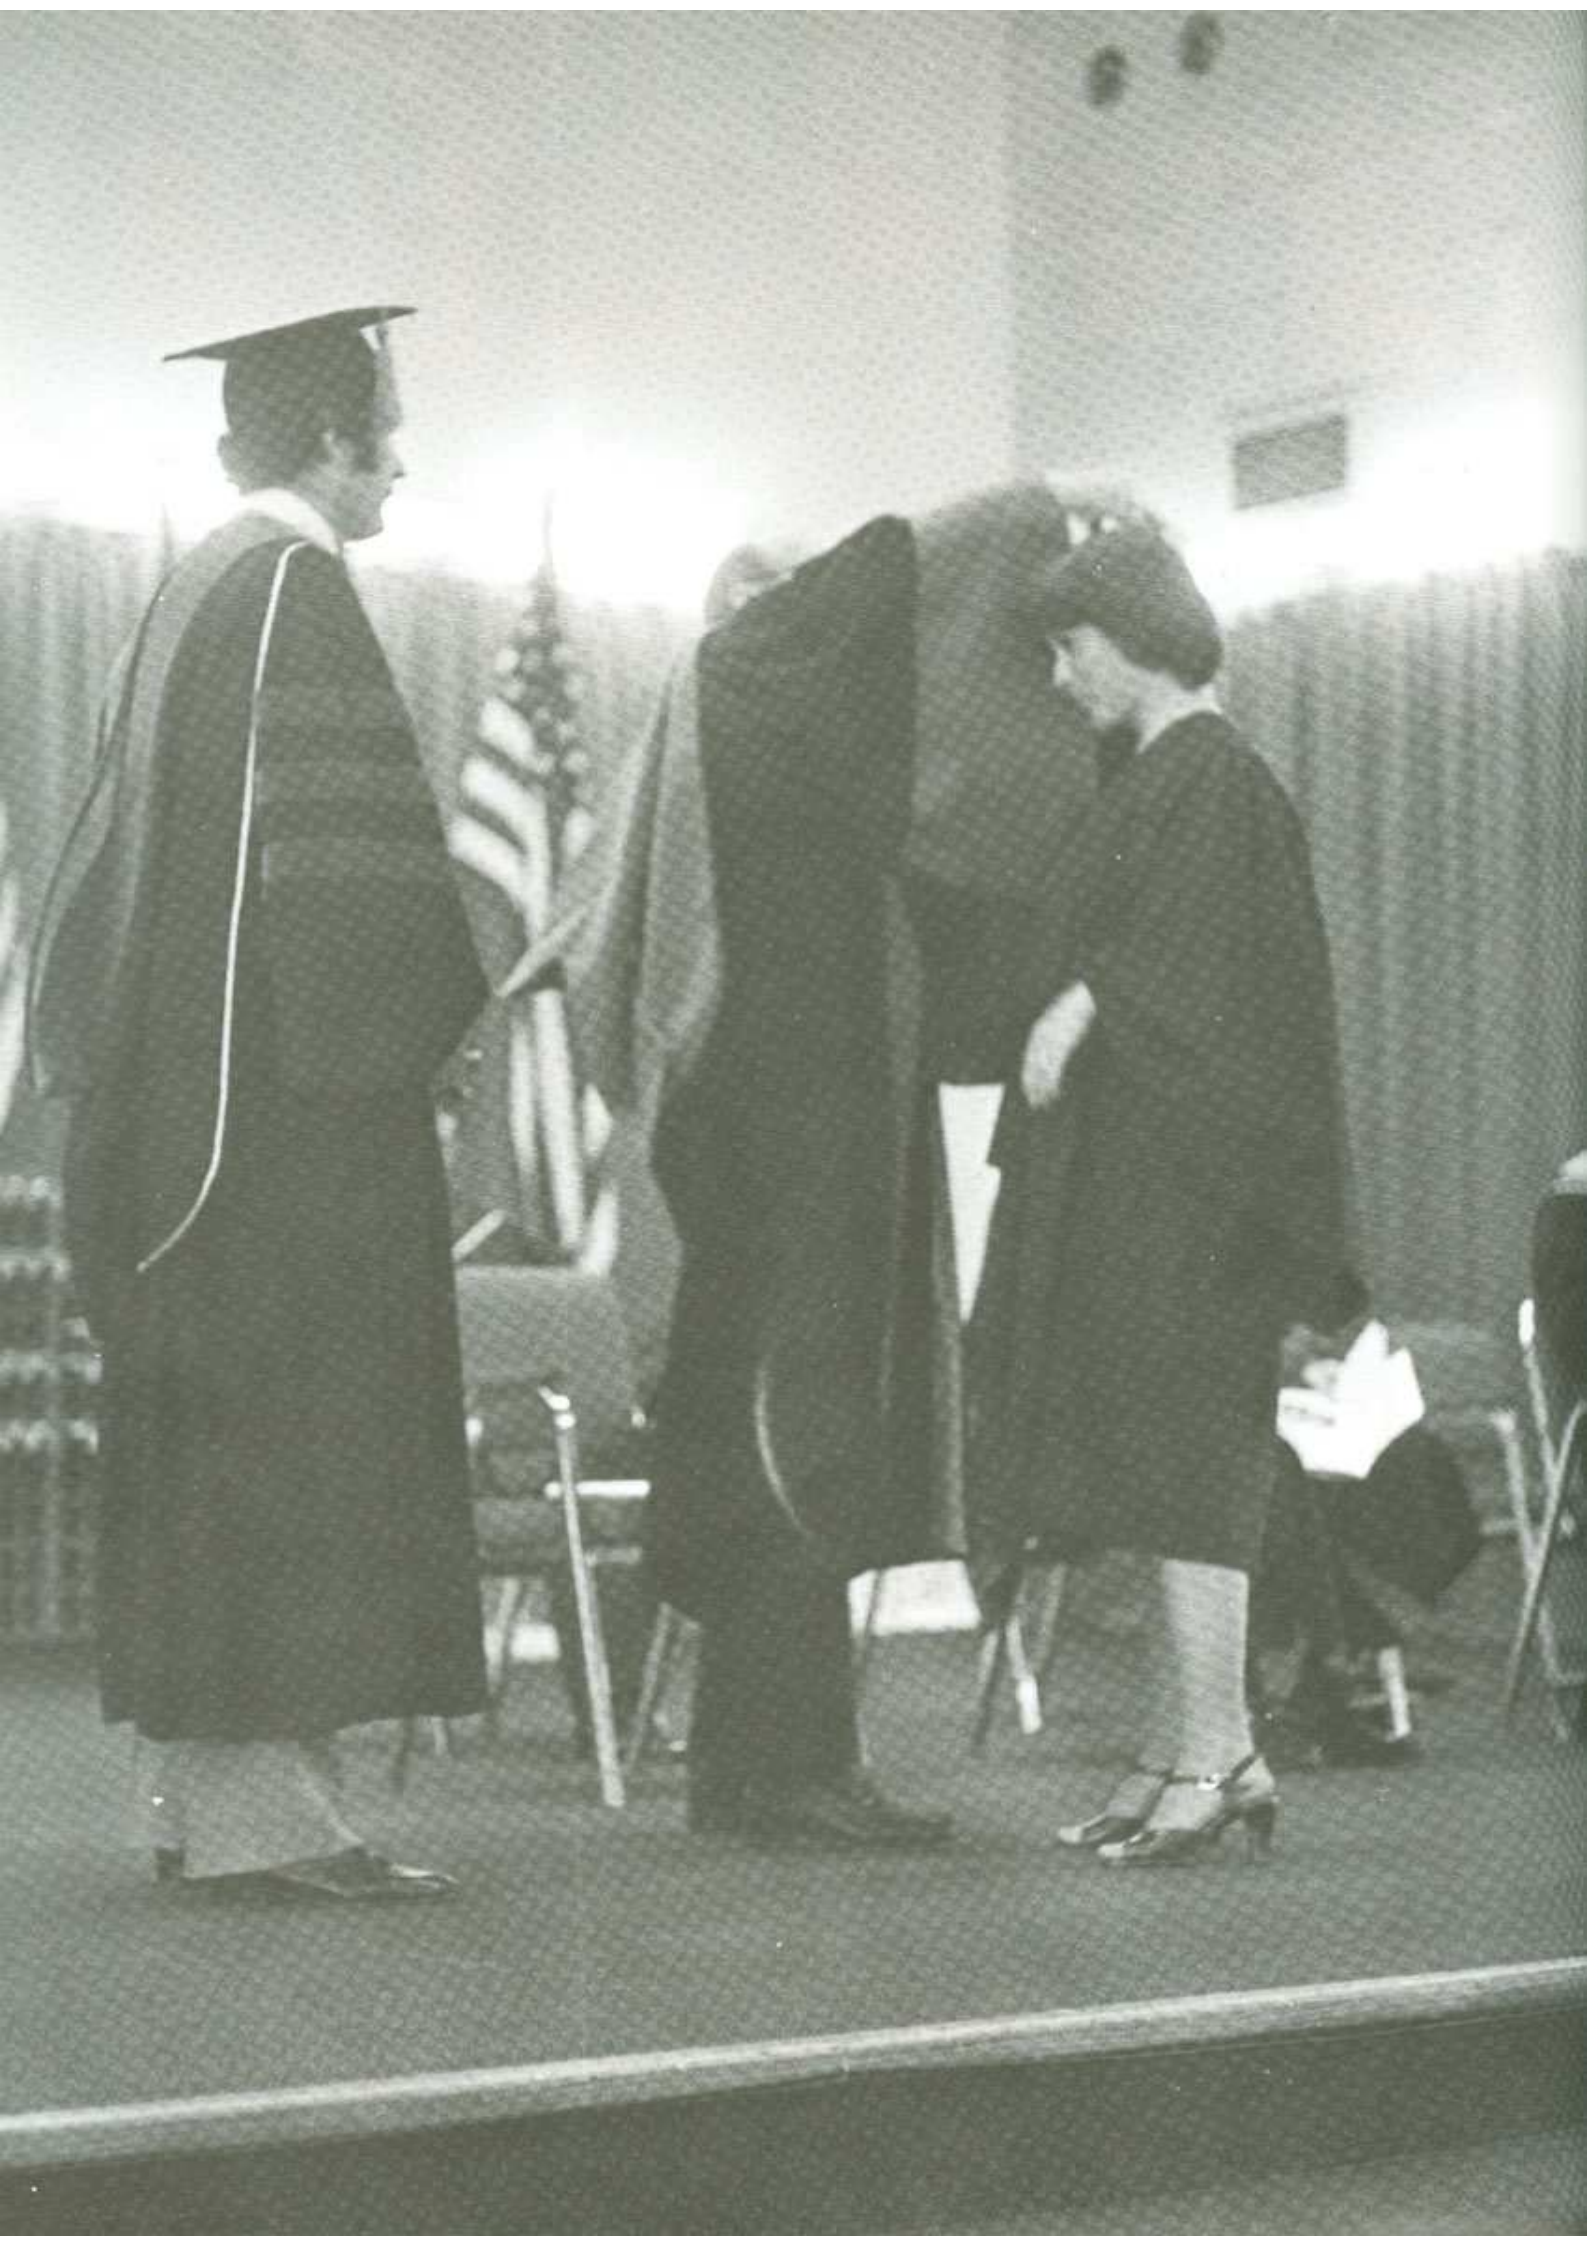

"The purpose of a yearbook is to relate the past year to provide a few memories and hopefully to add a little pride in being a part of this University."
(One Year SMU '78)

“She spoke for student
participation
and action
she was responsible
wasn't she?
Why was she expelled?
Don't we appreciate
Wit, humour or
creative thought?”

(Mother Tucker '78)

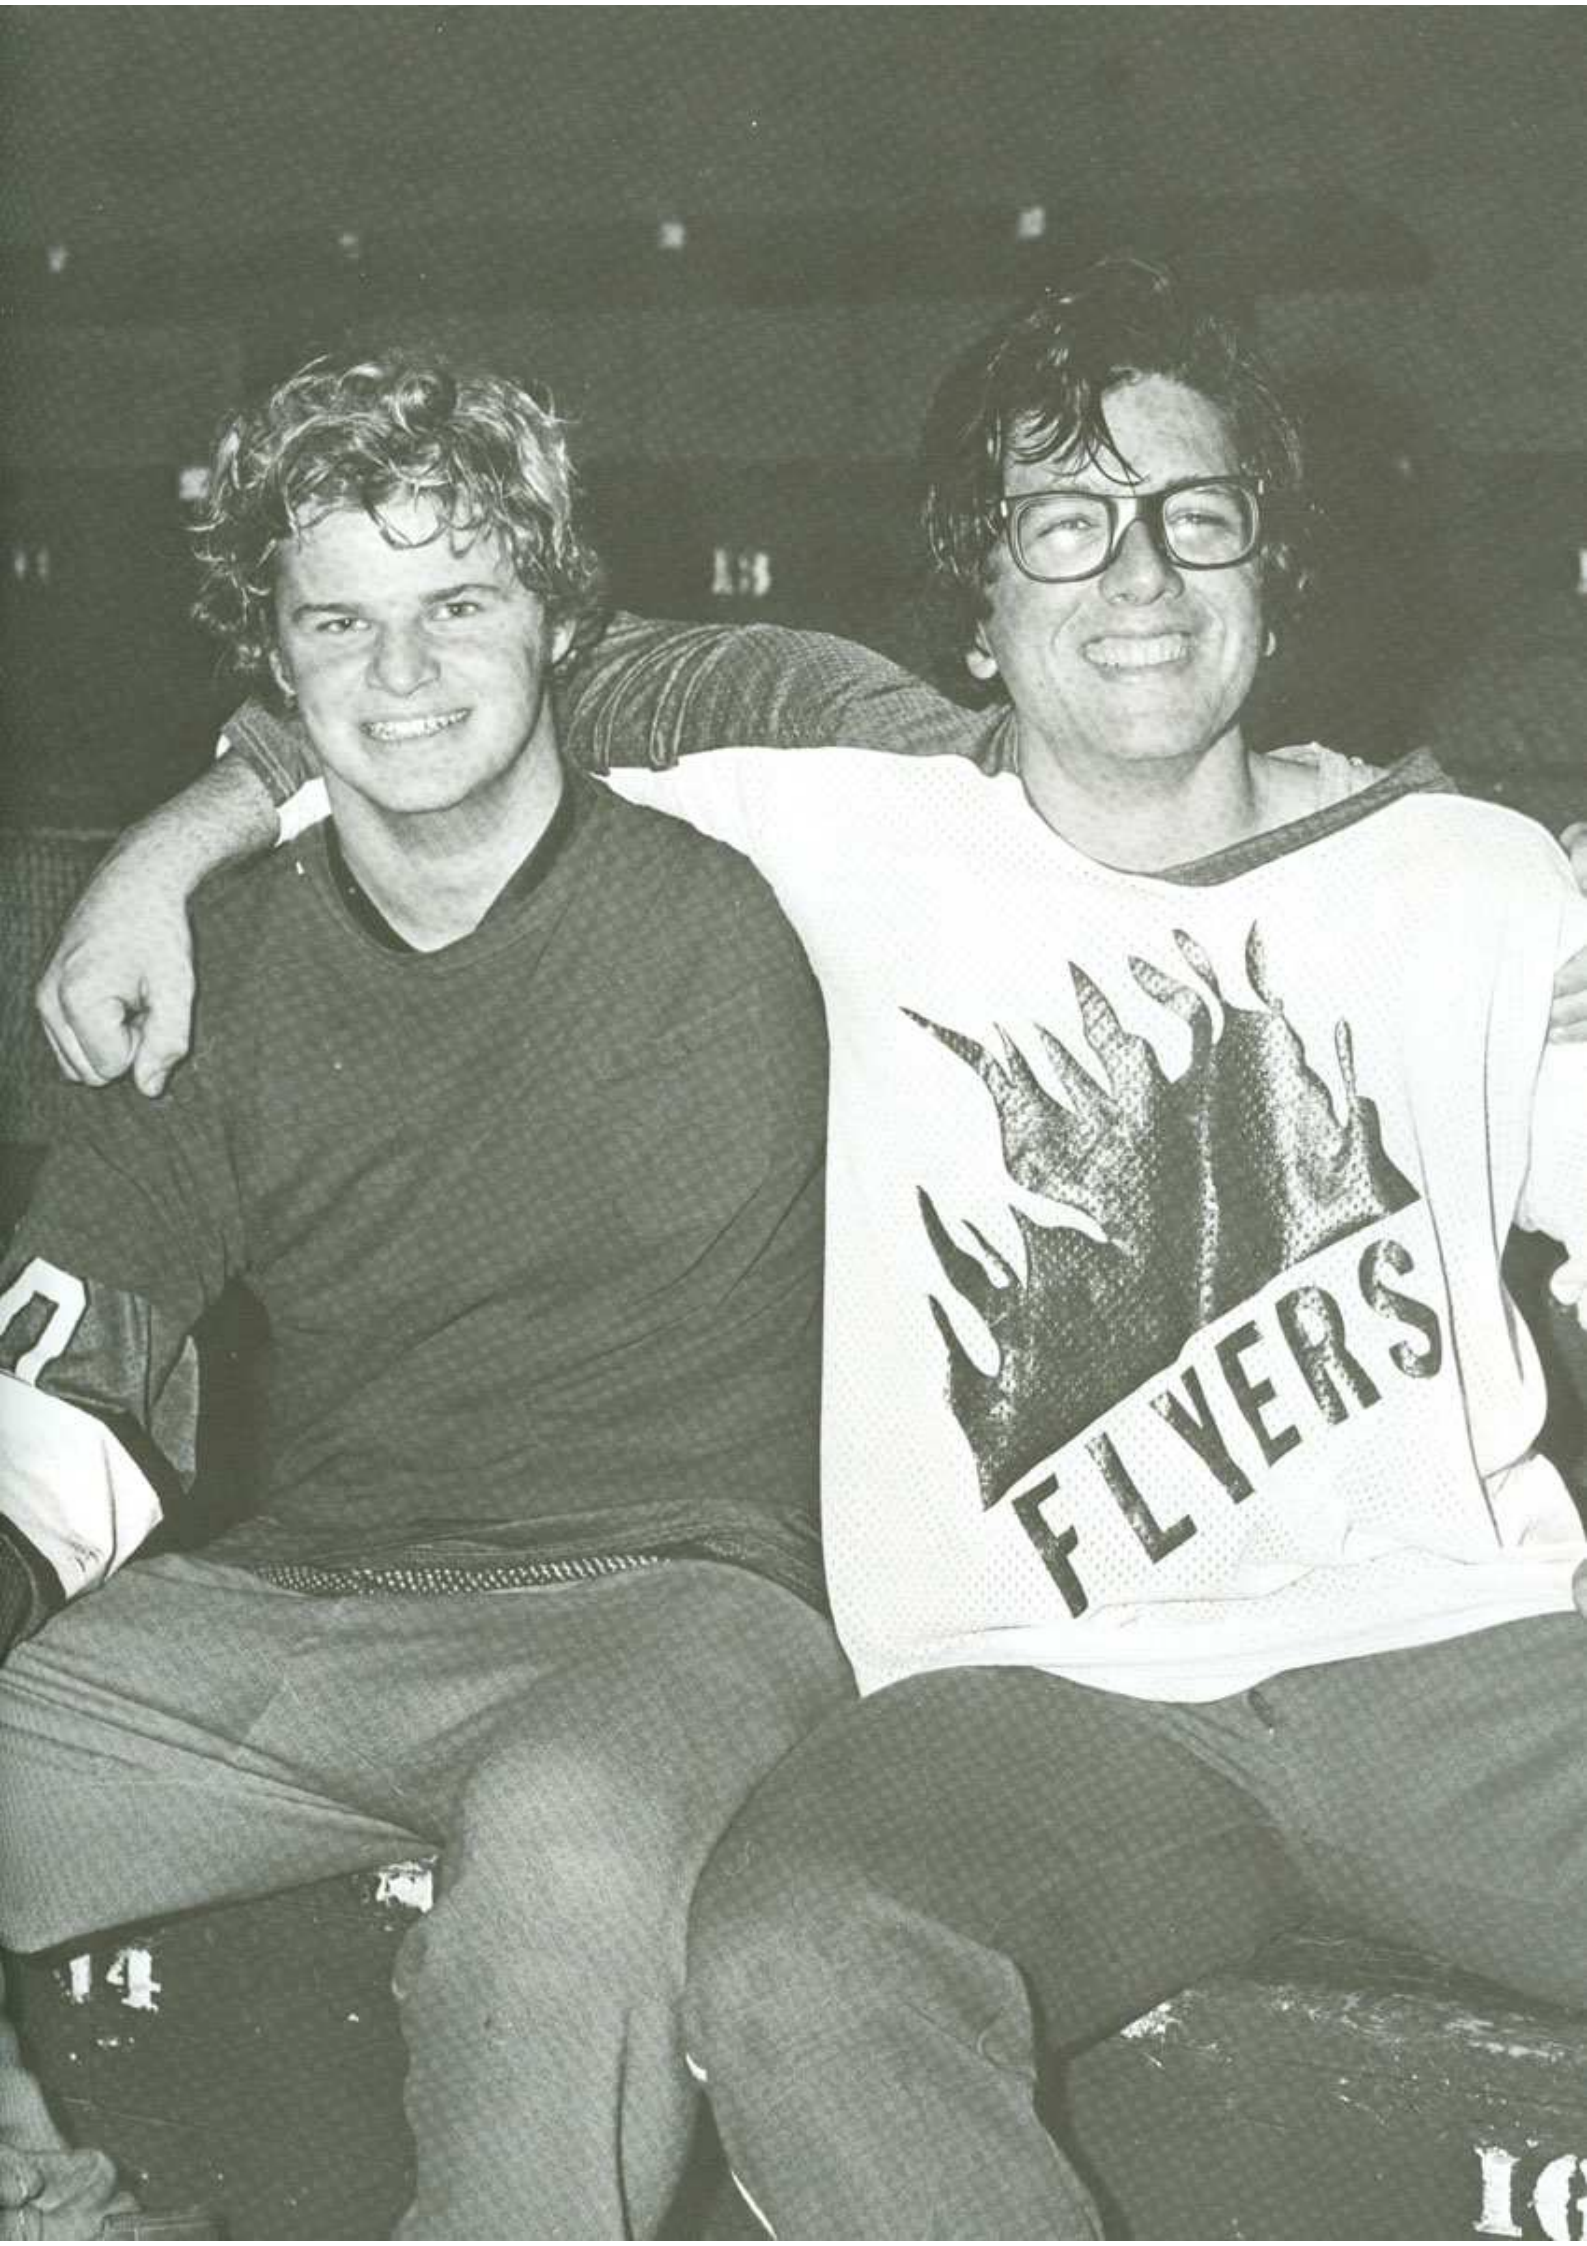

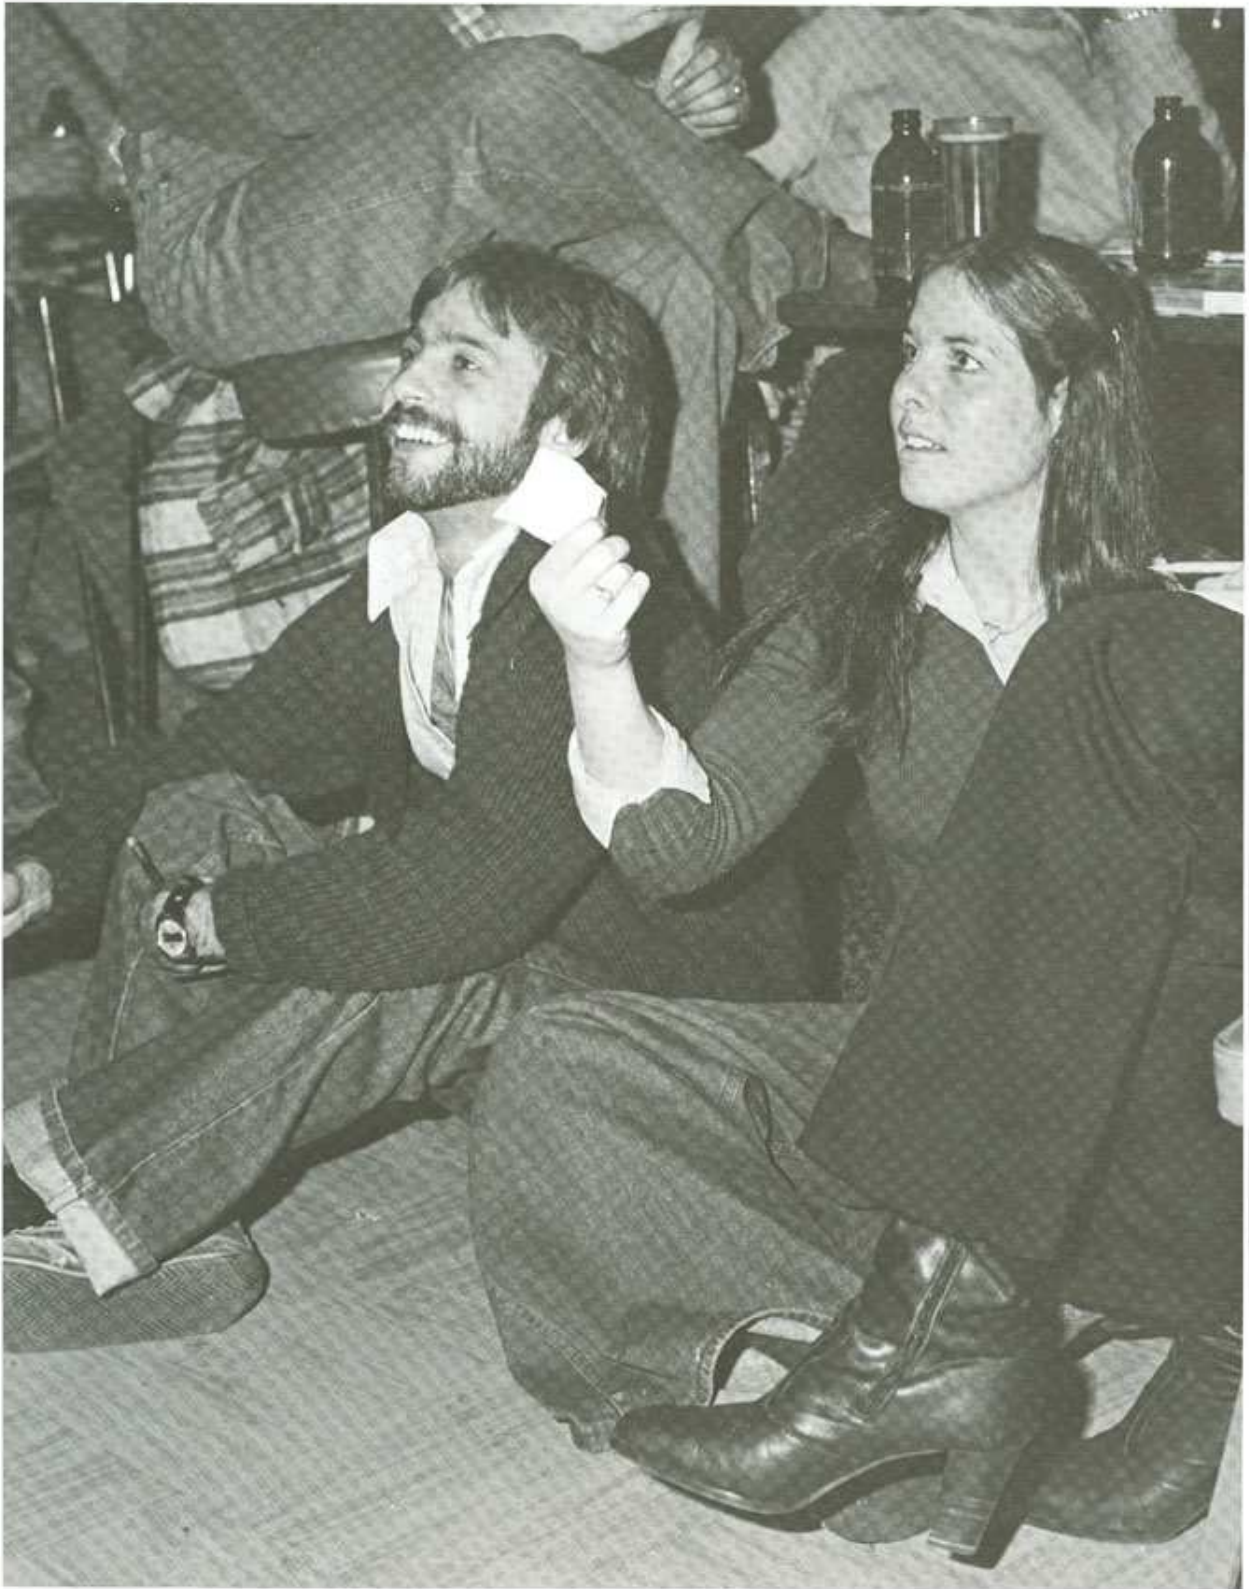

“The test of this university is the role you are willing to assume in society. Hopefully, you will strive to improve your society and in doing so will drive on, and benefit from the training you have received at Saint Mary’s University.”

(D. Owen Carrigan)

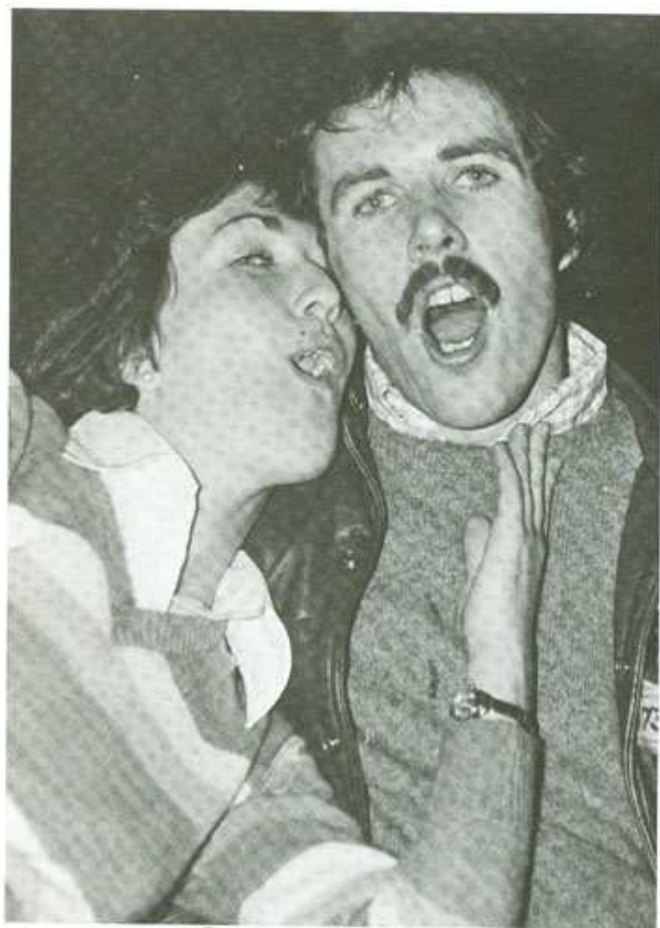

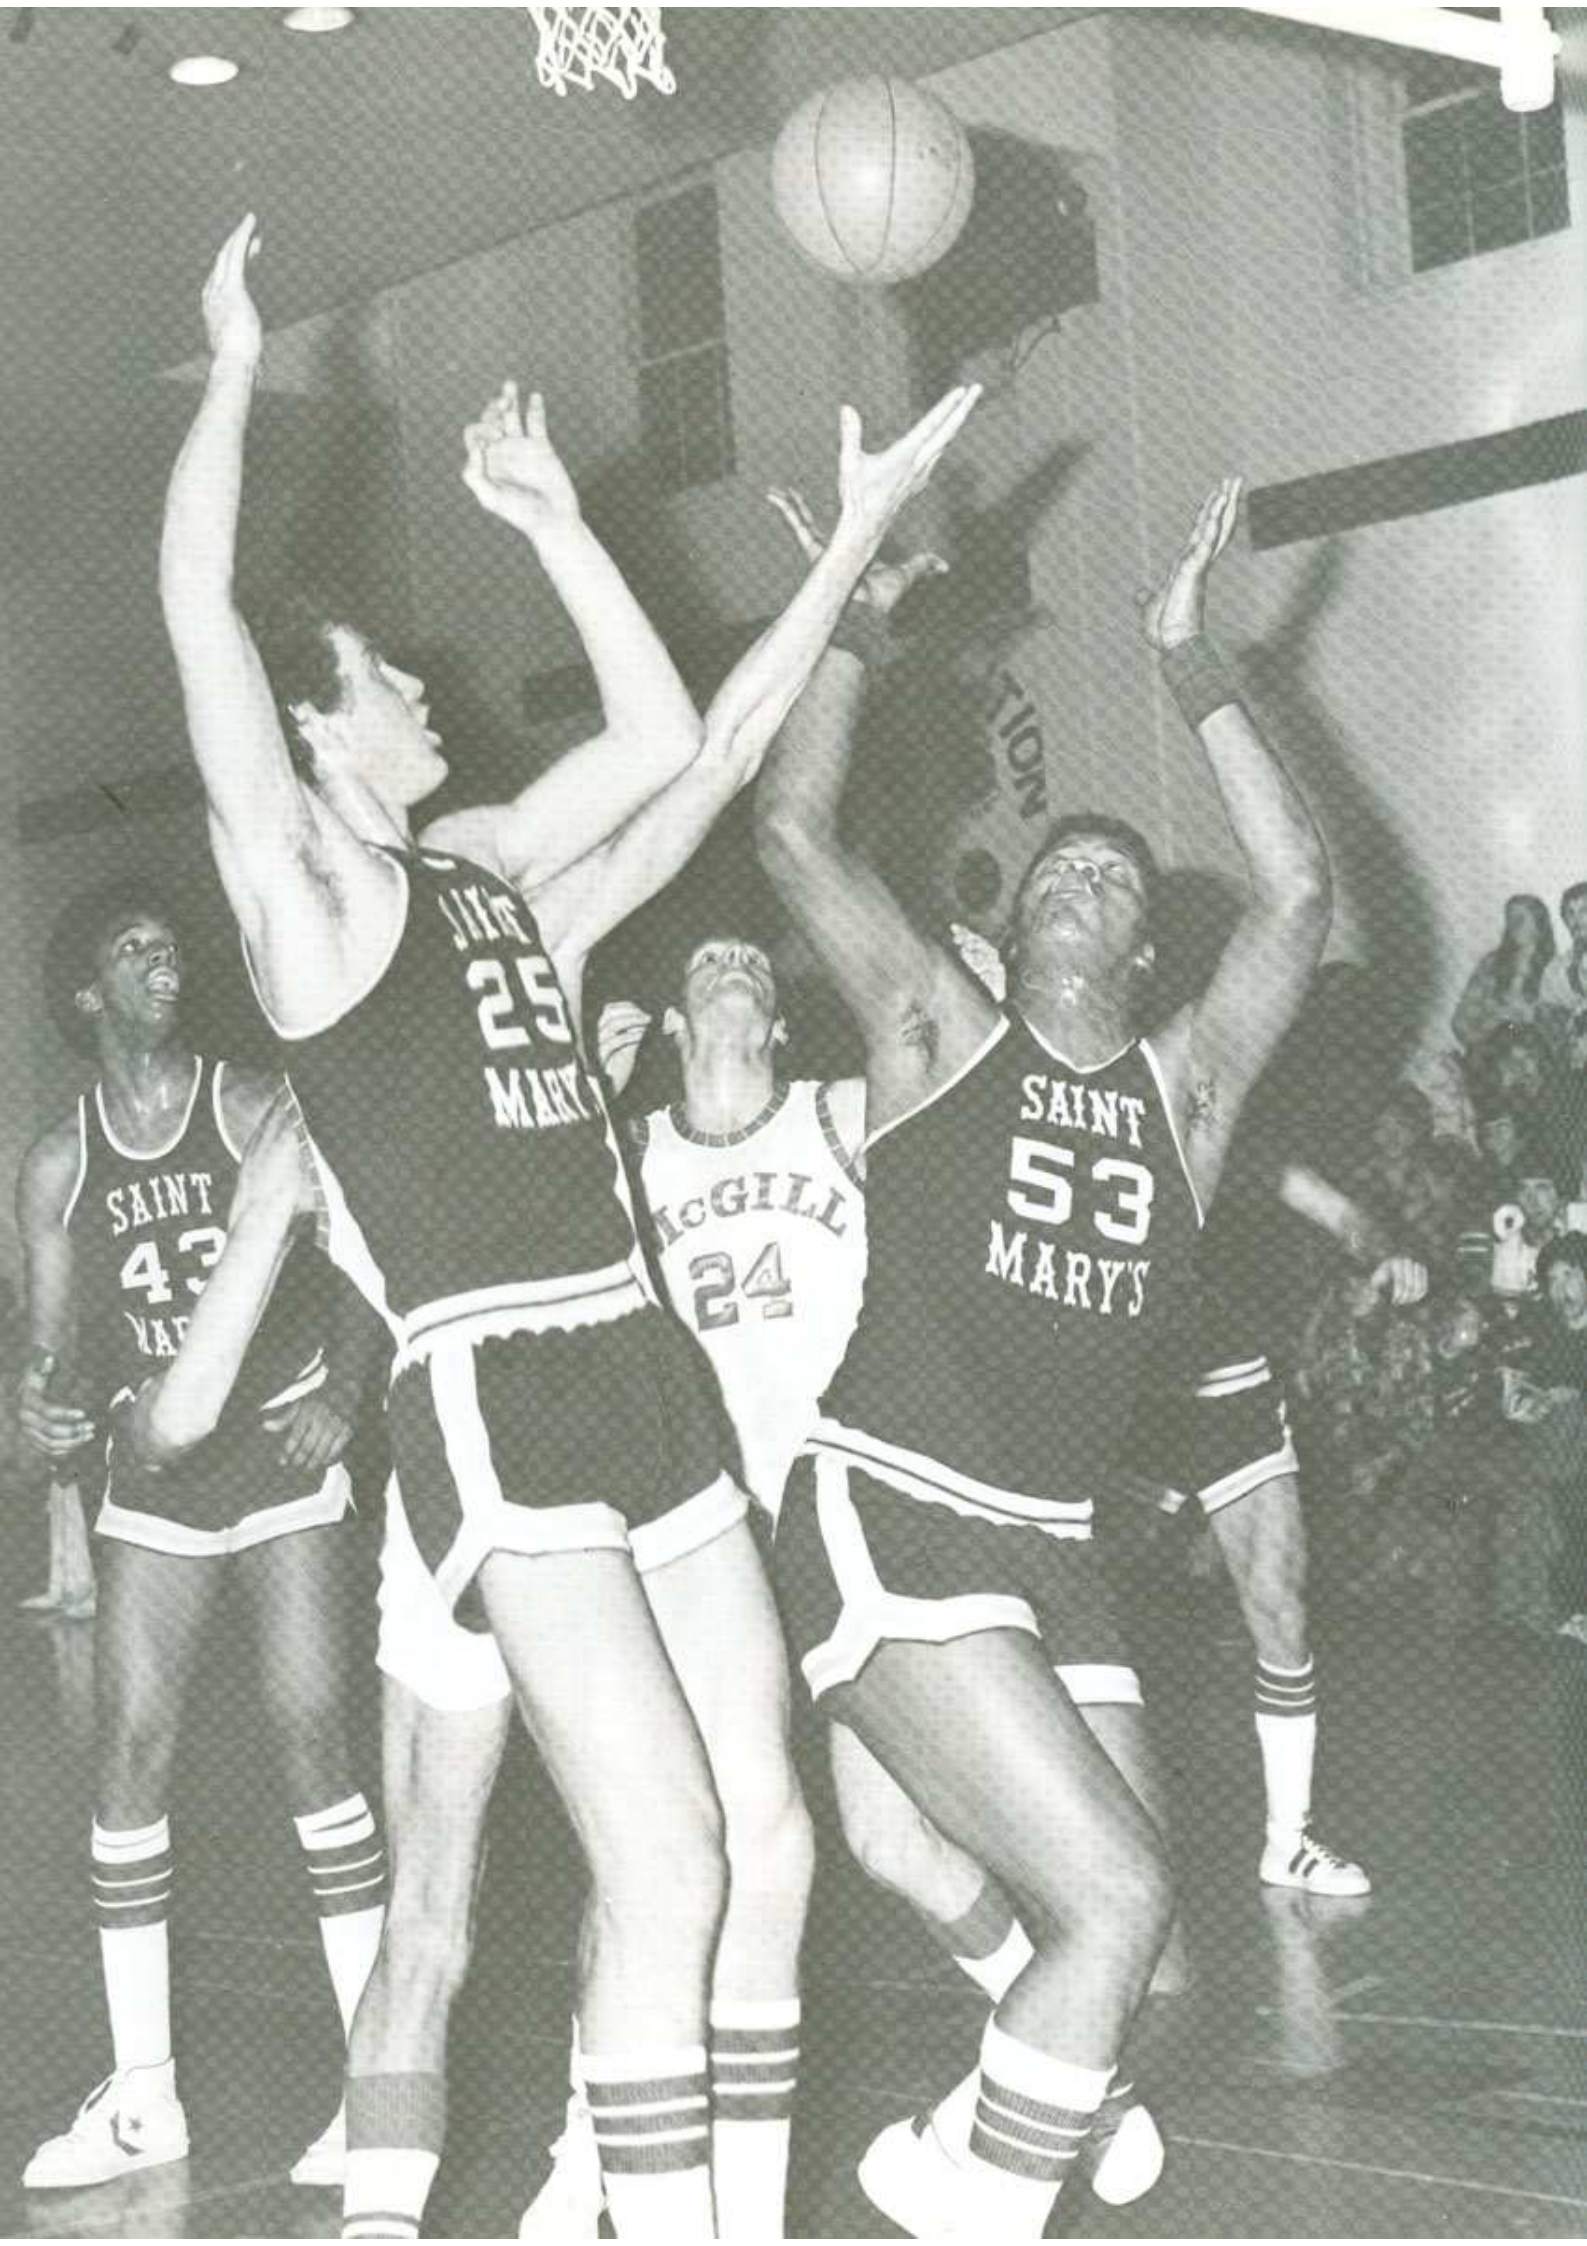

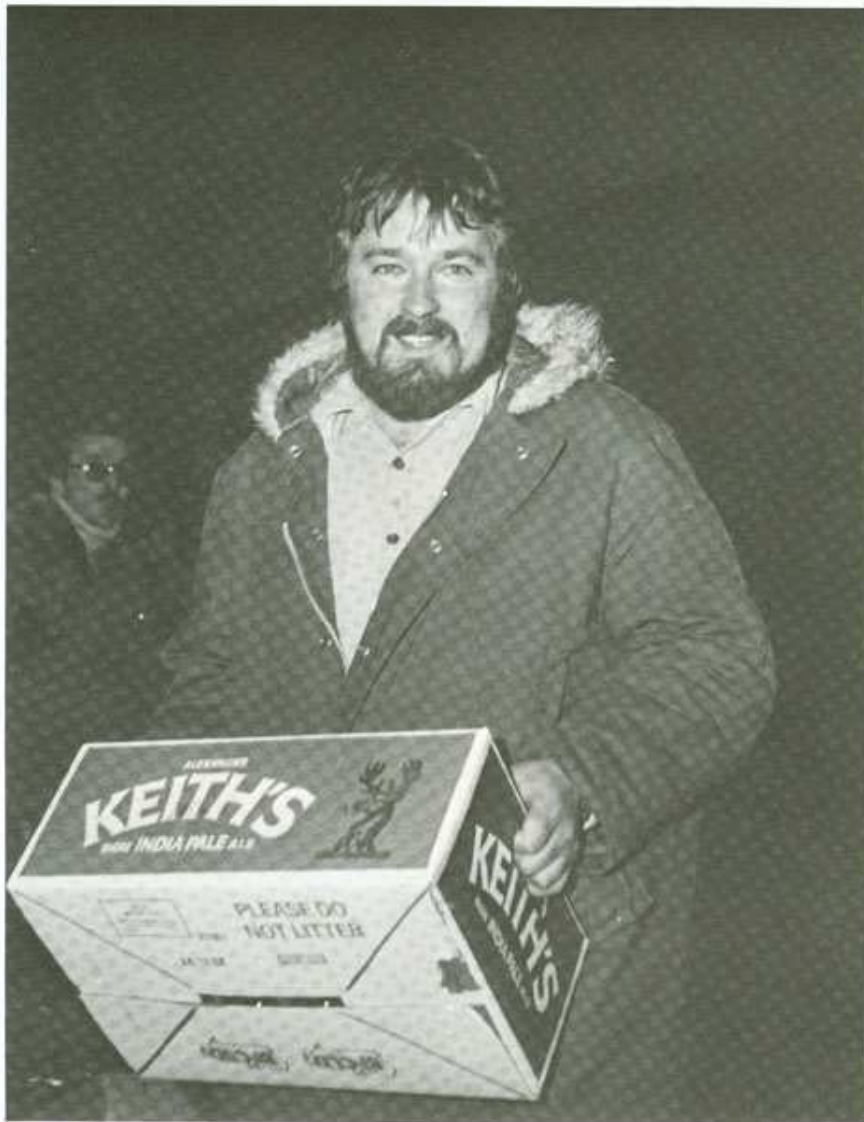

**"We are all so anxious that people should not think us different."
(Margaret Lawrence, Canadian Writer, 1962)**

“Complementary at its best . . .
Basketball and Booze.”

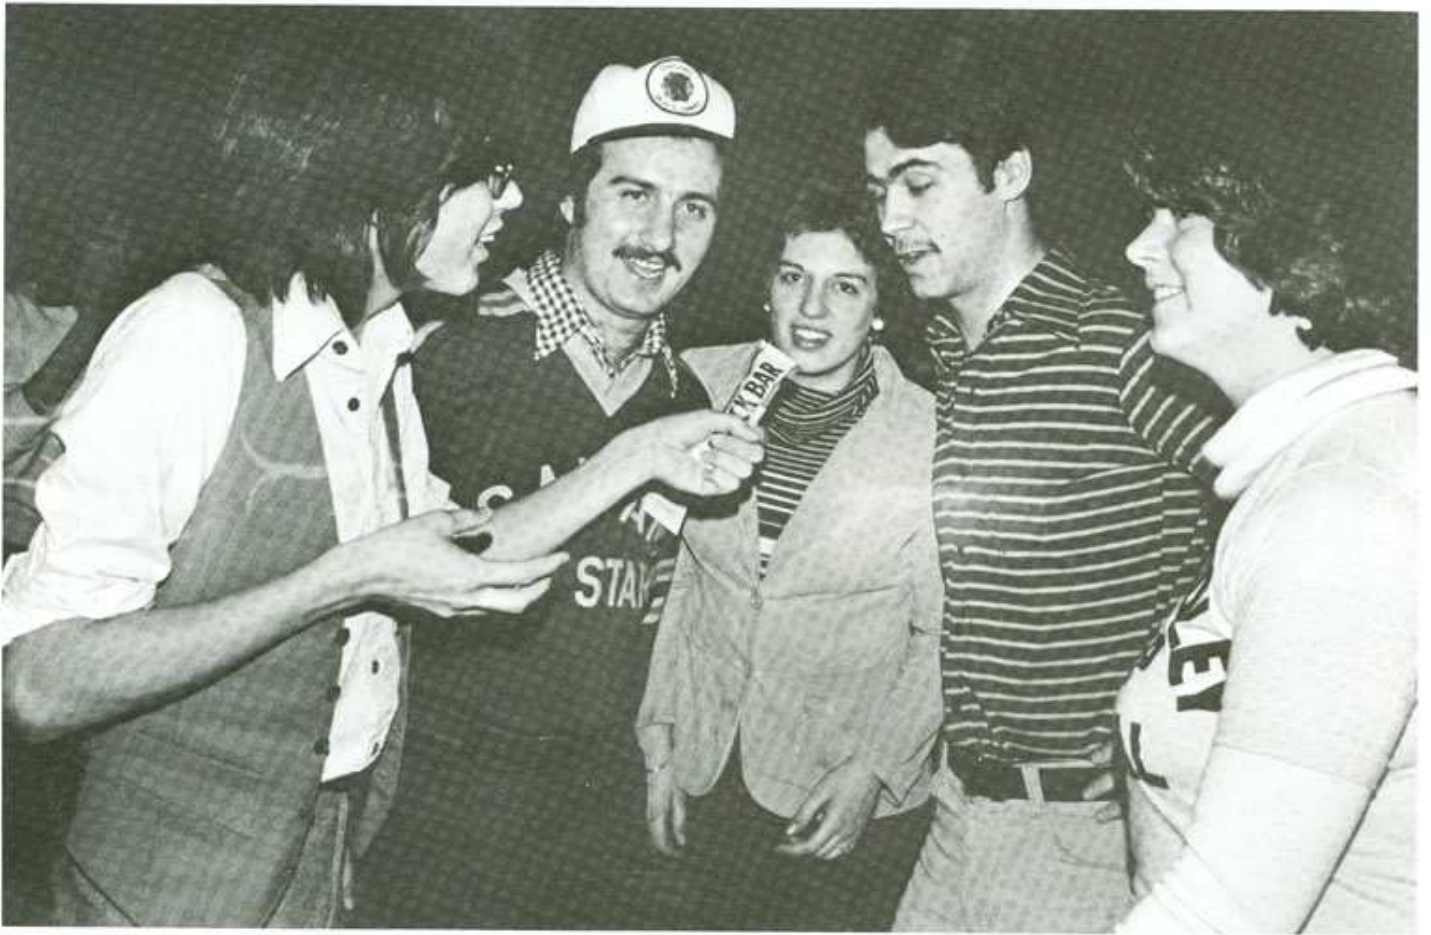

“Many of us will return for the coming year, but several of us graduated, and are planning to move beyond the confines of Saint Mary’s. Despite the fact that we will not all be together again, we still have memories of Saint Mary’s 1978, which will remain with us forever, not to mention the friendships we have made along the way.” (Karen-Ann Morand, 1978)

"The Hen and the Cheers and yes even the tears; the love and the bowl, and the people er've all met, especially our close friends, and remember the best part, and know that we're all heart, cause we had enough left for the next party."
(Bruce Ross, /75 Valedictorian)

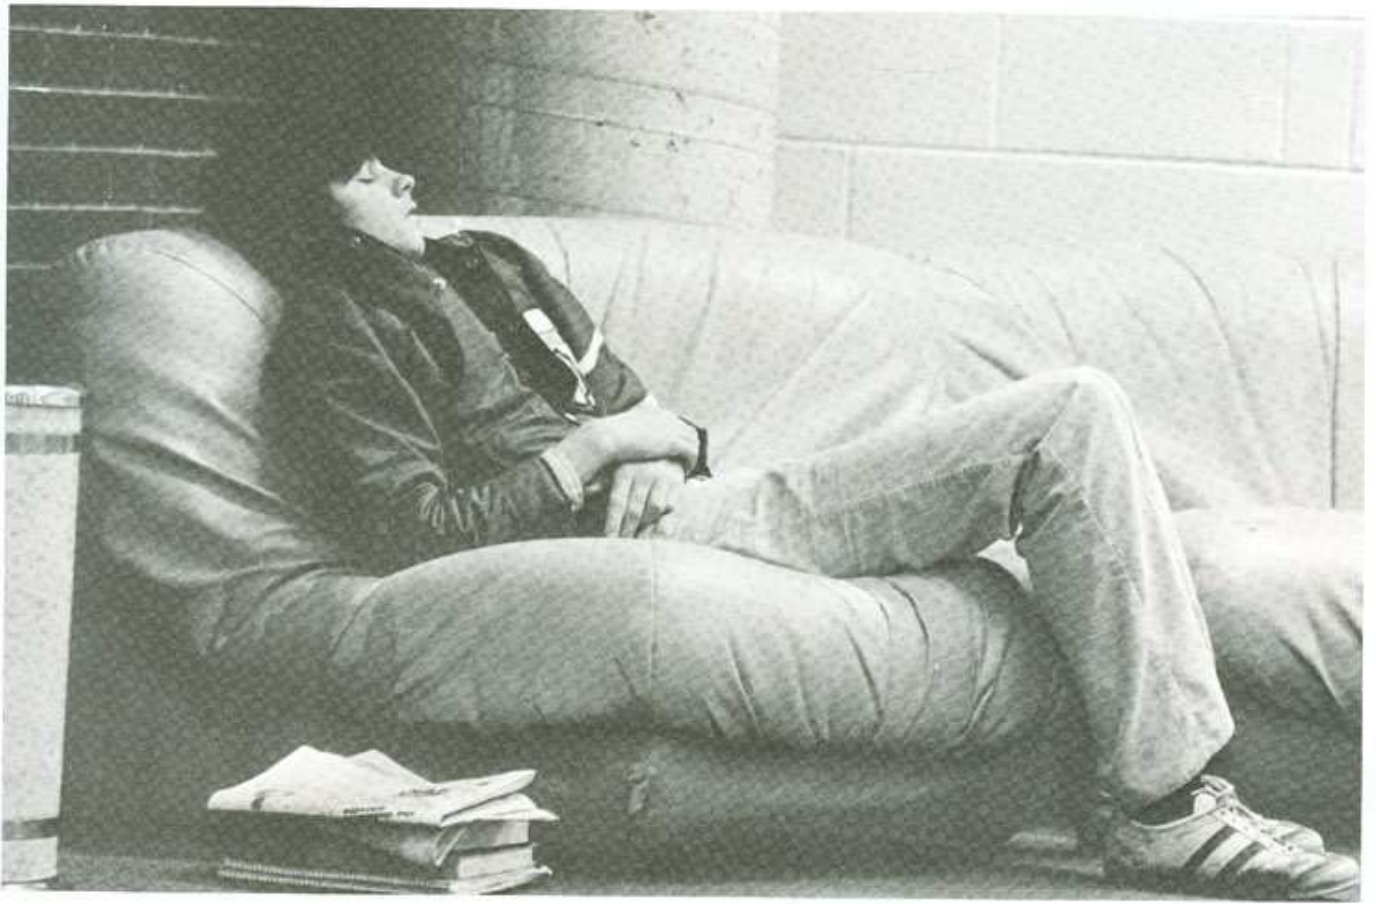

Remembering University: "No doubt, we will always remember the parties, the bashes, the all night gab sessions, and the pub. There were times when everyone was broke but we managed to get enough of a party together that we didn't get up for classes the next day."

If time is short and work is piling up, you need the right partner, an instrument you can trust. A breakdown could prove costly. That's when the typical features of Wild surveying instruments really count: accuracy and reliability in all environmental conditions, versatility for tackling any task. Produced to Swiss quality standards, instruments bearing the Wild Heerbrugg trademark are famed for their precision and long working life.

A range of special accessories widens the scope of Wild equipment. The latest technological devices, such as the laser alignment beam of the GLO Eyepiece and the infra-red measuring wave of the DI3 Distomat, are incorporated in the Wild programme.

Are you benefiting from these advantages? If not, ask for details of our unique range of equipment. Brochure G 1 906e.

When you top off your education with a degree, you don't start off at the bottom with us.

Your education deserves responsibility. We can give it to you.

With your degree, you can start right off with us as an Officer, a leader with responsibilities. We can help you add experience to your knowledge.

And if you have the courage, you can go as far as you want with us.

That's what your degree can do for you in the Canadian Forces. Together we can put your education to good use.

• Salaries are very attractive • Raises and promotion opportunities come regularly • Four weeks paid vacation annually • Many benefits ranging from free medical and dental care to a handsome pension plan

And by the way, if you don't have your degree yet, we can help you get it and pay you while you do.

An Officer's job is a far better alternative to an office job.
