A SMUSA Publication

TRAVEL BOARD

Once again SMUSA has found another way to provide a service much needed to students. The new service is a travel board. This travel board will be a simple method to bring students with and without cars together who are travelling to the same area in the Martimes in order to save money. All you have to do is go to the board, fill in the appropriate card and tack it in the right place. The board will be located in the lobby of the Student Centre next to the Vending Machines.

TYPING SERVICE

The Students' Association offers a centralized typing service. The service will operate out of the Information Desk. All assignments to be typed, are to be dropped off, and picked up at the Information Desk.

The service is designed to provide the students with high quality typing at reasonable prices. Professional typists have been hired to work at the service. The Students' Association has decided to use a combination of outside help and students because of scheduling requirements.

Work will be handled on a first come, first serve basis and most submissions are expected to be completed within a day. Assignments should be booked, at least 1 day in advance so as to assist in the scheduling of typists and to help keep the cost to students as low as possible.

Look for advertisements for the service at the Information Desk, and if you have any questions about the typing service contact: Sean MacLellan, V.P. Administration.
