

This book is about people. Yup, that's right ... you and me and that stranger standing next to us. Why? Simply 'cause there's nothing in this whole world as important as each and every one of us.

happily dedicated to Fr. W.A. Stewart, S.J.

Welcome to the Maritimes...

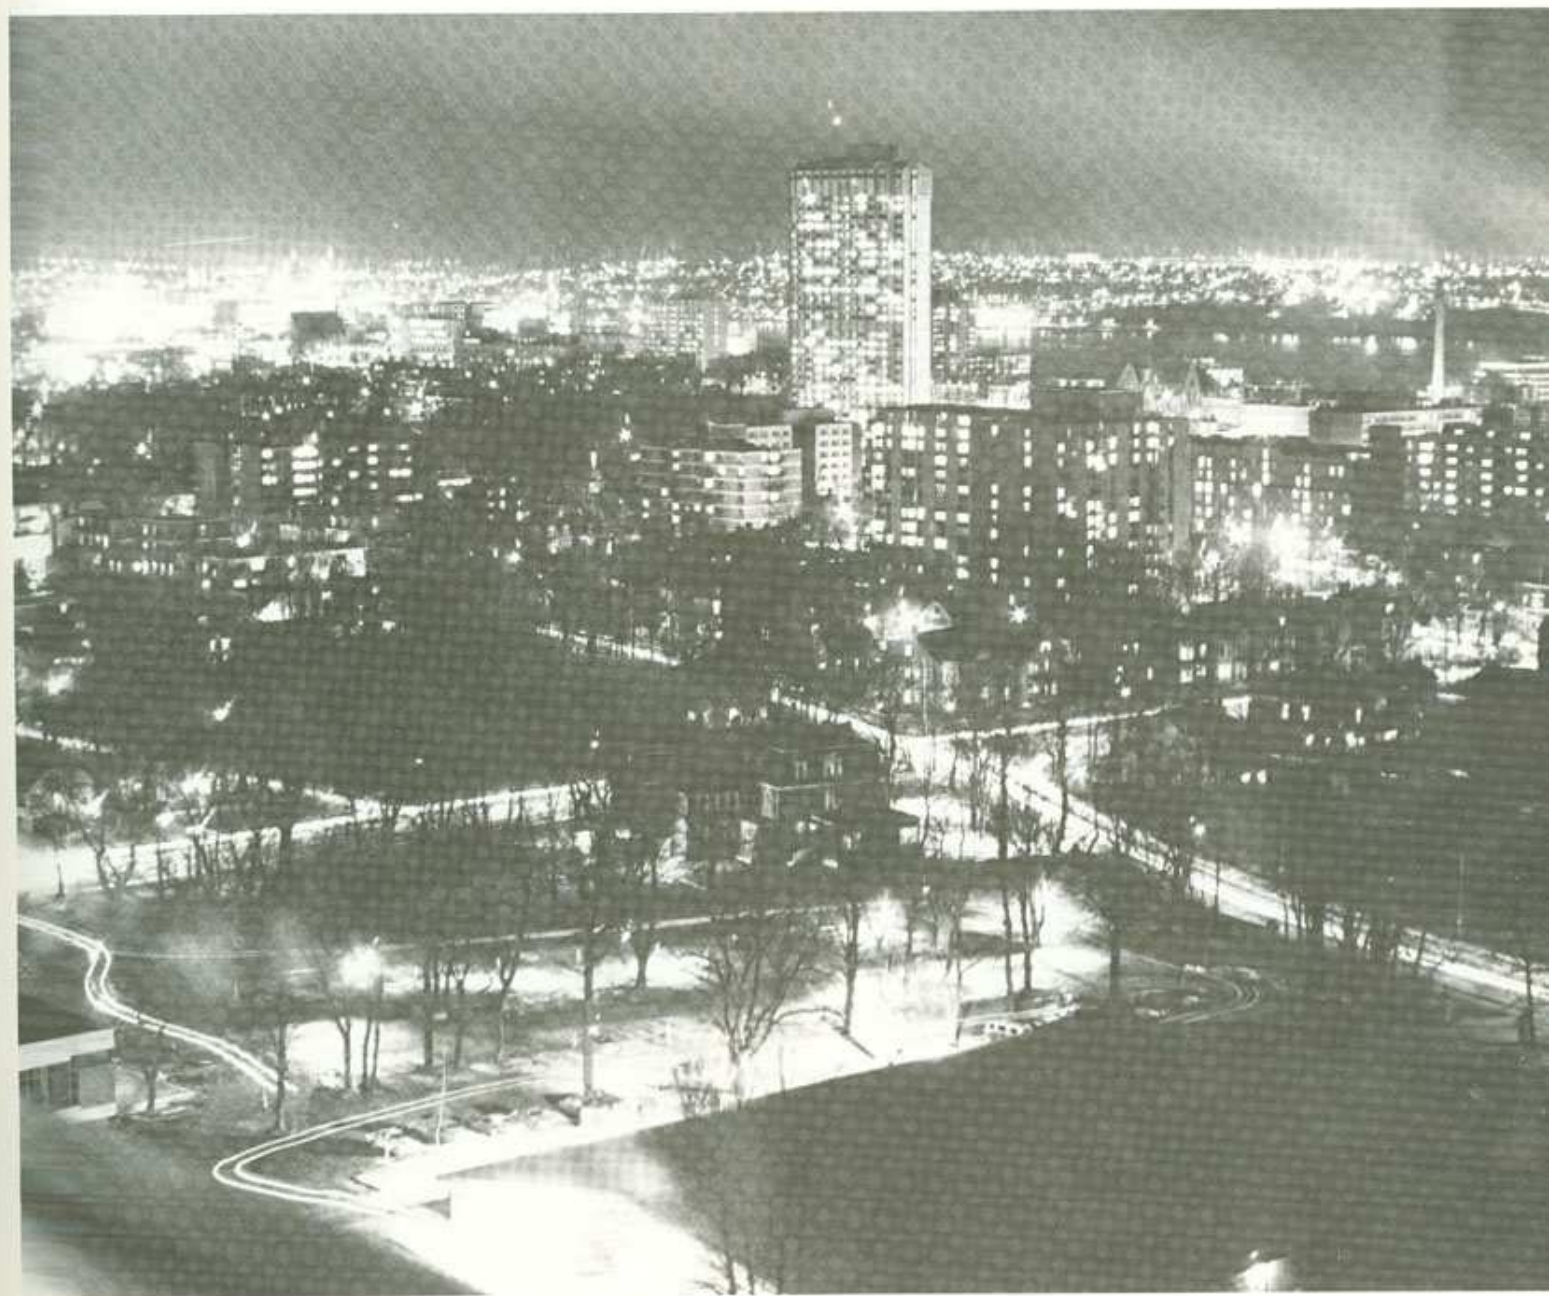

The Maritimes are great - the countryside is magnificent, its towns and villages a delight, and its people naturally friendly and totally unpretentious. And of all its cities, Halifax is the gem. Rapidly nearing a population of half a million, it ranks as one of Canada's principal cities. A major centre of education and the arts, a bustling port, commercial and political centre, its energy is only surpassed by its beauty - wide boulevards, numerous parks, gentle hills and steep cliffs, and the ever changing, always magnetic Atlantic Ocean. Halifax - a pleasure to visit, a joy to call it "home"!

and Halifax, too...

more important...

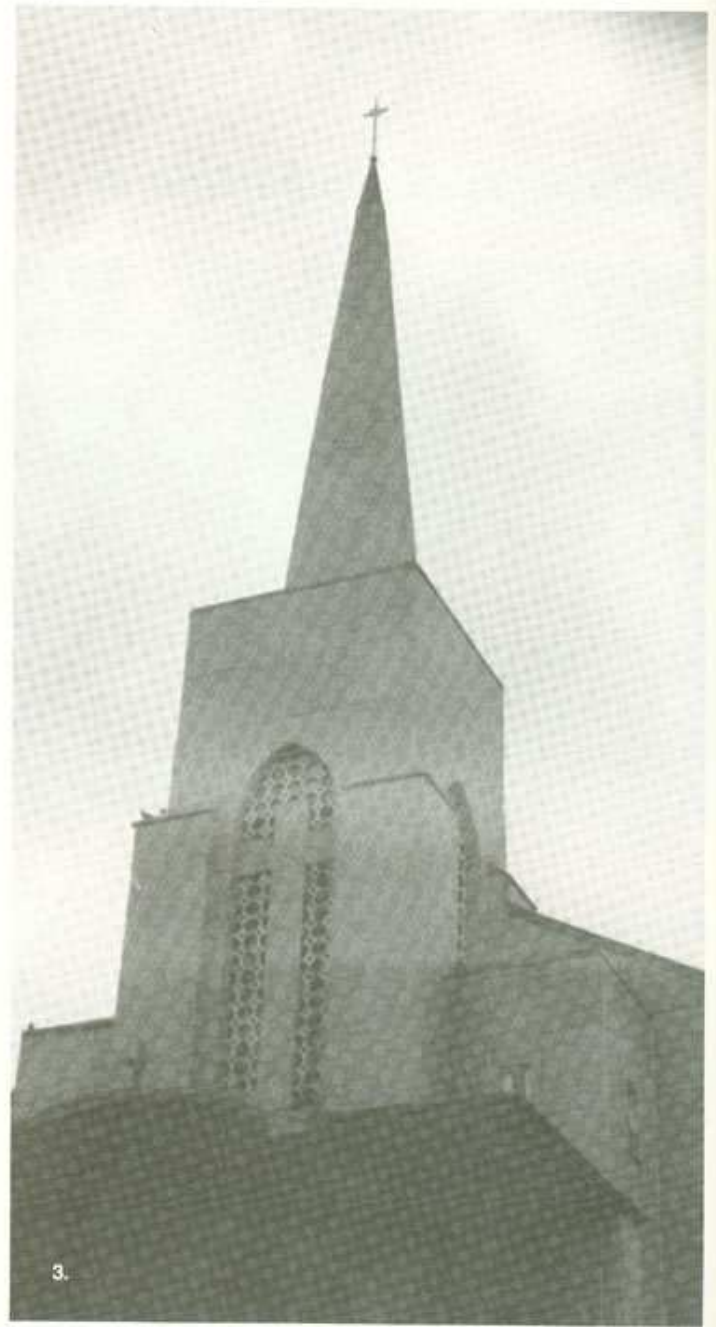

S.M.U. had its beginnings as a Jesuit seminary and eventually became a Roman Catholic college for gentlemen. Only within the last ten years did it open its doors to women and become a publicly supported, non-denominational, co-educational institute. The change has been dramatic, not only socially and academically, but physically as well. I can remember visiting friends at S.M.U. about ten years ago when the four of them shared a small room in what is now the administration building. So, I invite you to enjoy a tour of the "new" S.M.U.

Photo Log: 1. High Rise I - co-educational residence of two-bedroom, self-contained apartments, as well as housing a chapel and bank. 2. the Science Hall. 3. the Student Centre - star attraction, the "Gorsebrook Lounge", bookstore, offices, cafeteria, games rooms. 4. the main Administration building - oldest edifice on campus. 5. High Rise II - classrooms, offices, services, private and semi-private rooms, married students apartments and observatory. 6. the old library, now classrooms and offices.

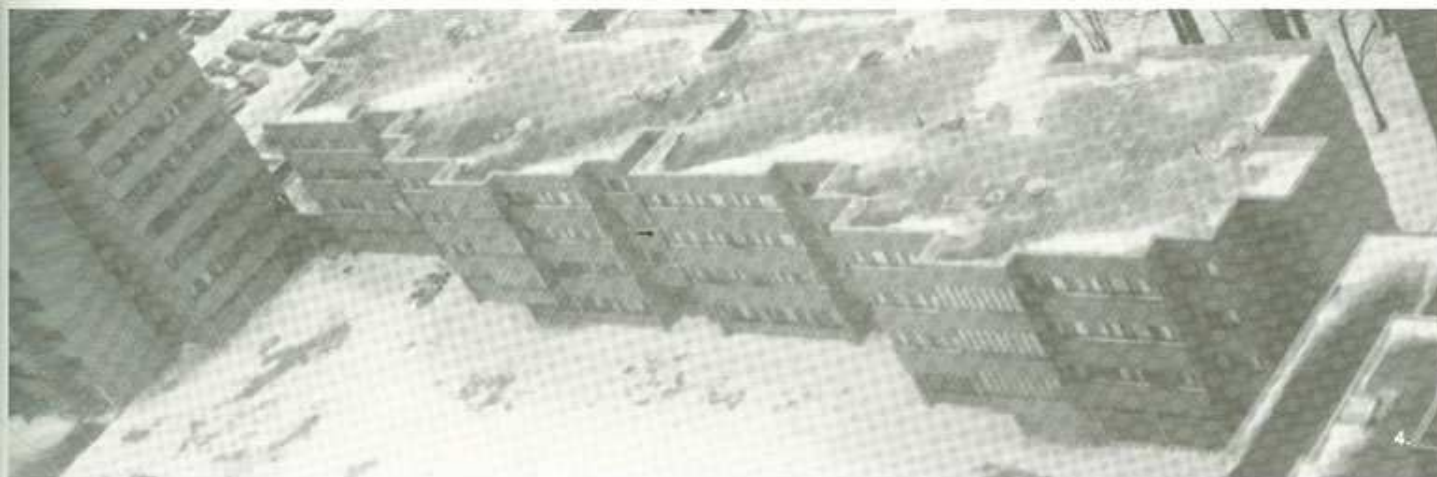

Welcome to S.M.U.!!!

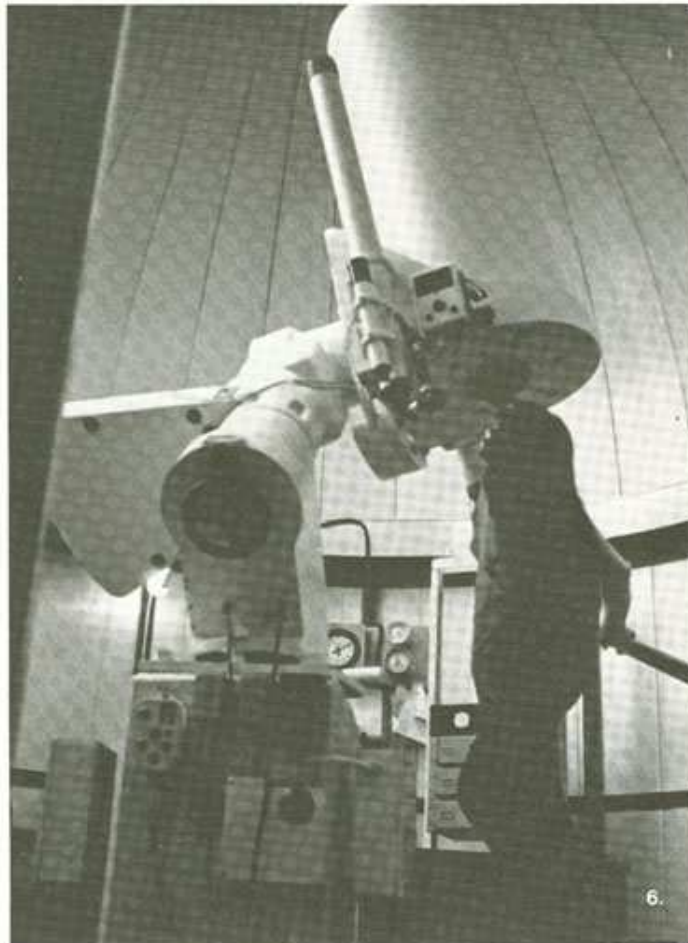

and when we say "welcome"...

1. the new library, 2. High Rise II seen through the lush campus foliage. S.M.U. is surrounded by one of Halifax's oldest and nicest residential sections - lots of immense trees and some of the finest residential architecture of the last century to be found anywhere. 3. the Old Chapel, now an auditorium and gymnasium. 4. Low Rise - shopping concourse, pool and residence rooms. 5. the back of Husky Stadium - home of many a cheering crowd and team victory. 6. the observatory.

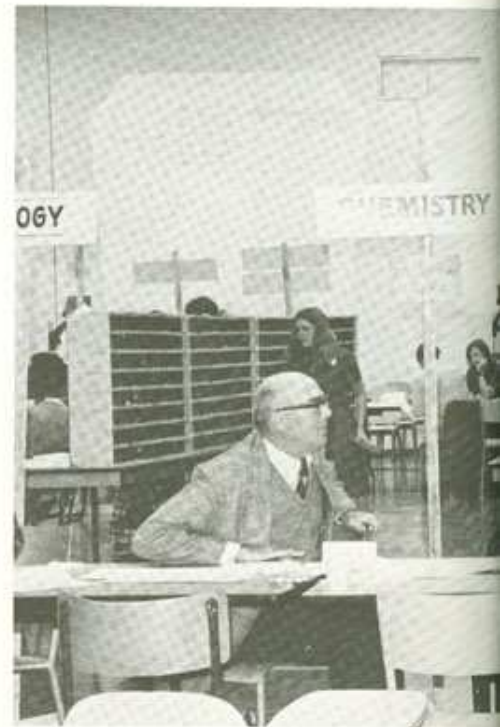

5.

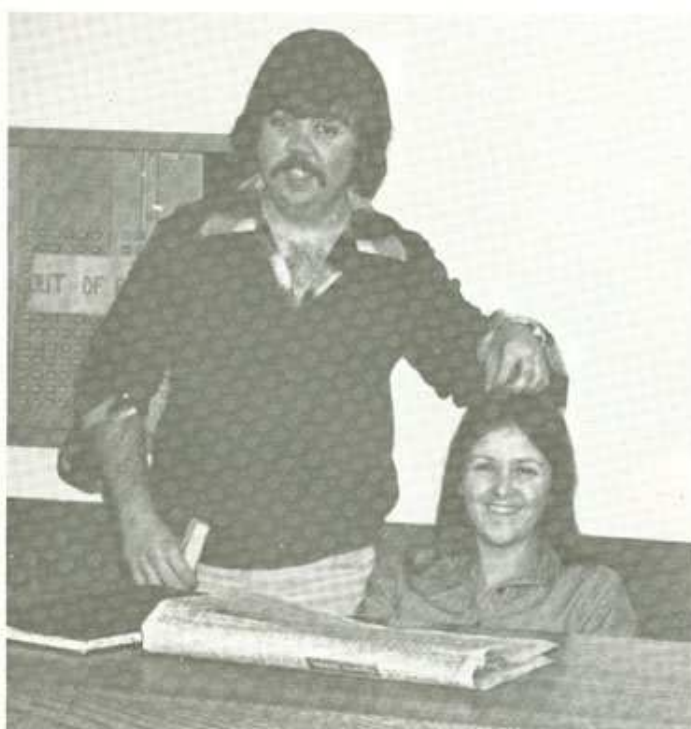

...we really mean it!!

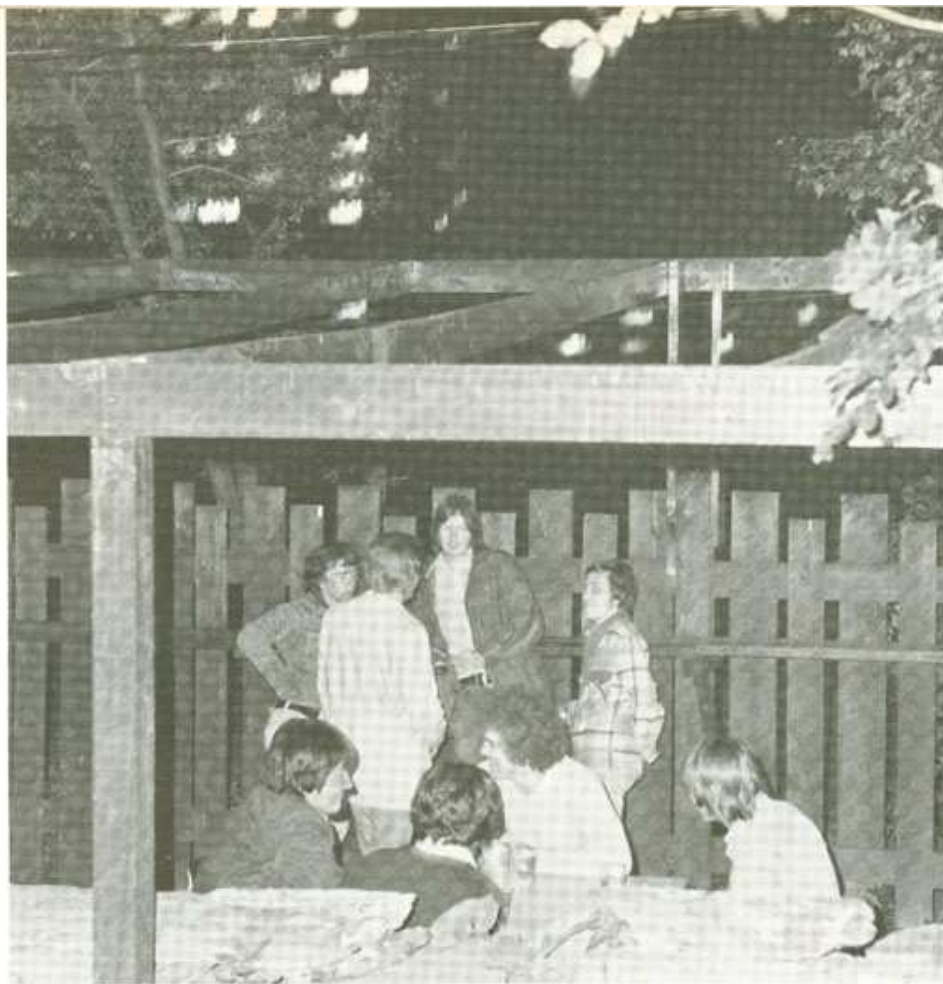

6.

And that welcome "survives" registration....

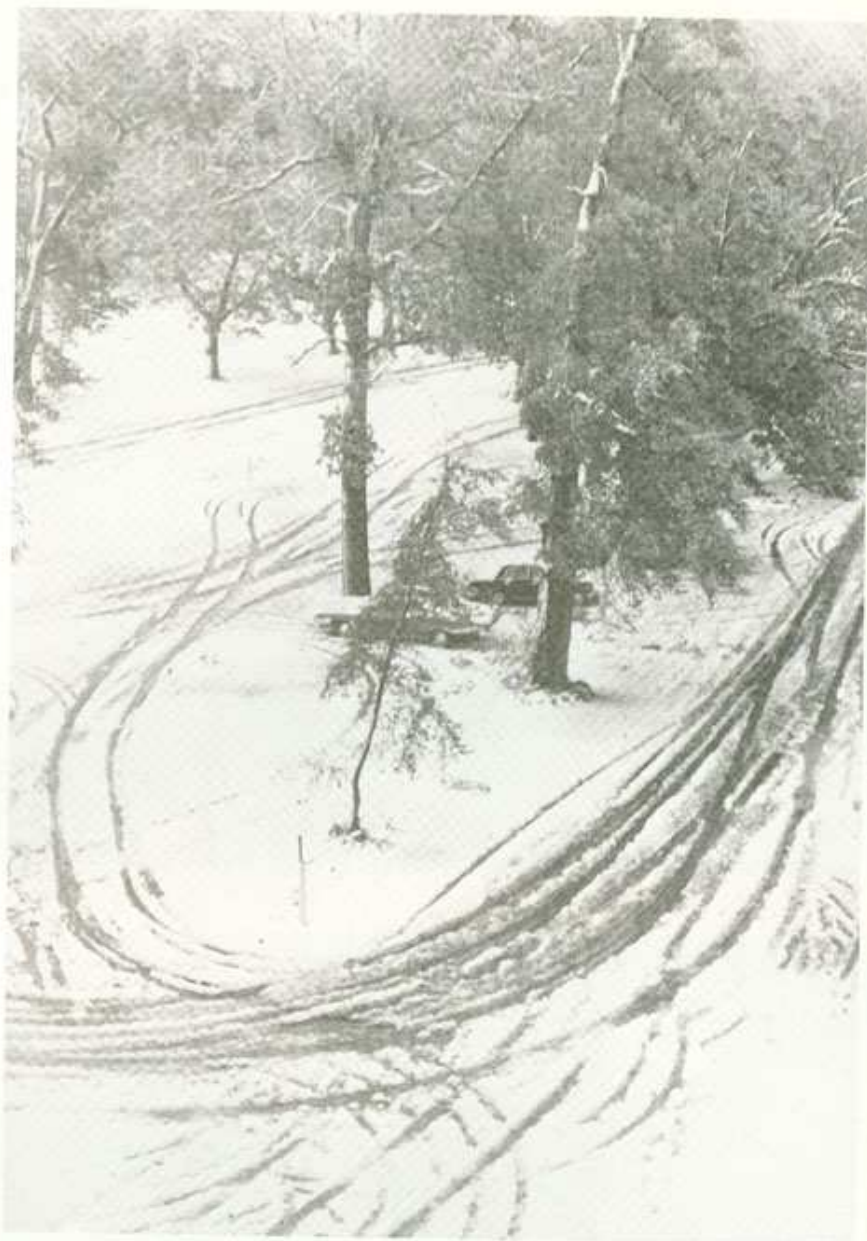

...helps make

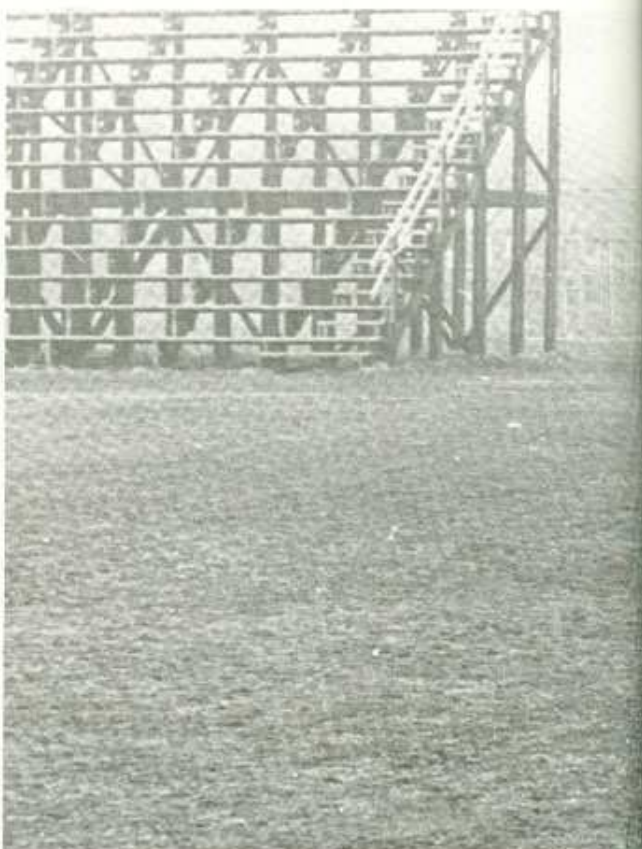

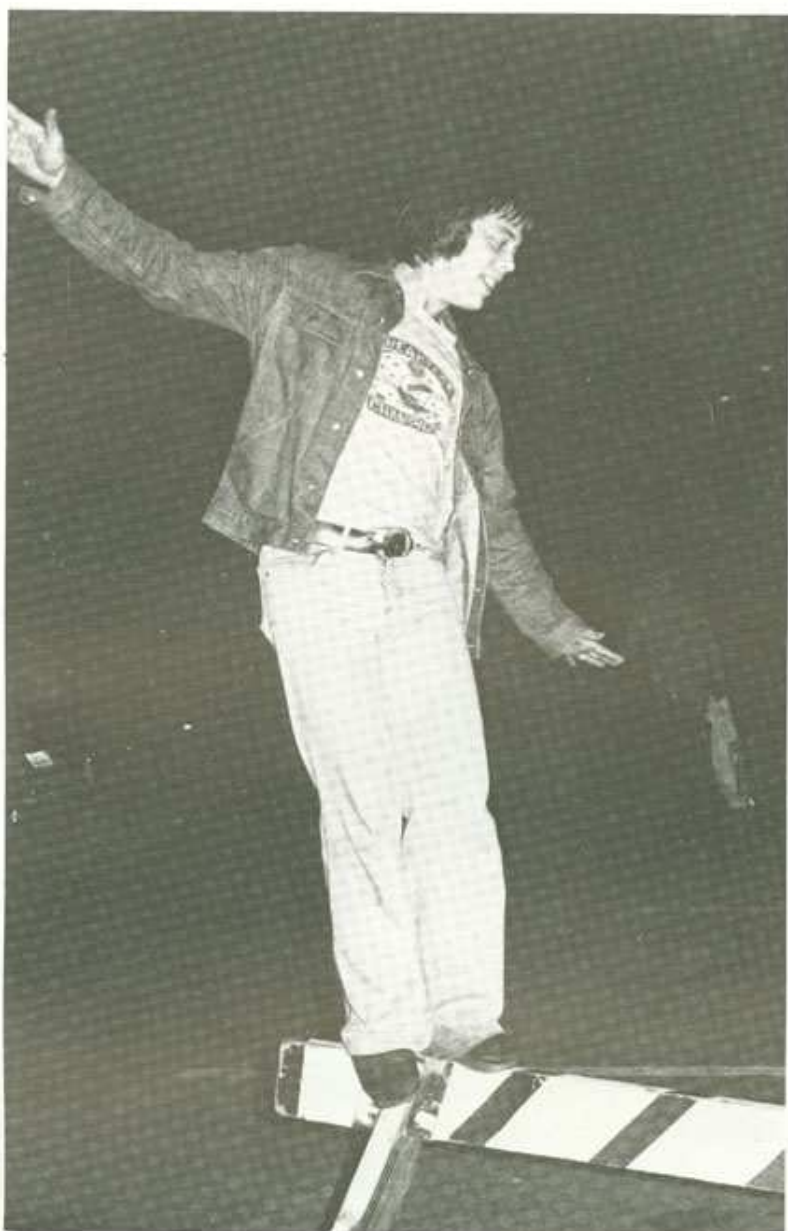

orientation even friendlier ...

hangs onto its warmth all winter long....

*and heralds the spring
echoing that first big
"Welcome"!!!*

Well, we won all the battles but lost the war. The "Huskies" led the league with a total of twelve points for the season - that meant six wins and no loses. But we lost the conference championship to Acadia and they went on to the Atlantic Bowl to represent the Maritimes.

Canadian All Stars: Marc Pothier, Mike Riley, Ed Suiciak. Marc was also the winner of the John Metras Trophy. Atlantic Conference All Stars: Hans Himmelman, Marc Pothier, Steve Telfer, Joey Digiantomasso, Mike Riley, Ed Suiciak, Doug Wasson, Brian Burgess and Ray Romano. The seniors on this year's team included Brian Burgess, Mike Curry, Mike Kirkpatrick, Marc Pothier, Steve Telfer and Greg Watson.

Regrettably, we must bid farewell to one heck of a guy...

Al Keith ... who else? To be honest, I'm somewhat timid about writing this article since there's very little I

can say with authority. You see, I never met Mr. Keith ... we simply talked briefly over the phone on a

number of occasions. So what can I say? Well, to begin with, I can note certain historic facts. Al Keith is a SMU grad (Arts, '65), as well as holding degrees in Physical Ed. and Education. He served as President of the Nova Scotia Amateur Football Association and the prestigious Canadian Football Coaches Association. His winning average was as near perfect as his commitment to football. He was enthusiastic about the development of minor level football, often lending the SMU facilities to high schools and having them work out with the team, as well as encouraging the coaches and helping them design their programmes. Most impressive is that in five seasons with SMU, Al Keith led us to four AIFC titles and, in 1973, our only national championship. The same year he was named Canadian Coach of the Year, and was twice ('72 and '74) so honoured by the AUA.

The statistics are remarkable, but what about the man himself? Well, Alex Walling, columnist for the Fourth Estate, wrote: "You don't forget too many people who get you out of bed for a quote at 5:30 a.m. I've had to do that more than once in the radio business, and Al has always co-operated. In my ten years of reporting, Keith ranks as the easiest and most co-operative person that I've ever dealt with." And I've received nothing less than warmer comments from the guys on the team.

As for my own impressions, we have to go back to the phone conversations. In many years of student journalism, I've dealt with a number of coaches, directors and administrators. All of them proved remarkable, but too often intimidating and overpowering. Al Keith IS remarkable, but nonetheless human. Our first conversation concerned arranging an interview. His reaction was "Interview me? Really!" with an "aw shucks" suggested by his voice. I couldn't keep our appointment and from then on we just kept missing each other. Al Keith is going on to new endeavours. We needn't wish him success because from all I've heard, his personality, talent and intelligence guarantees it. But we can wish him happiness, and I'm confident we all do.

Al Keith - one hell of a guy. I'm awfully sorry I missed him.

general, a great time for everyone!!

A Campus Cop's

lot isn't always a happy one...

On duty a C.P. can end up with any number of chores - perhaps a six hour shift of staring at a wall while everyone else has a good time, or maybe if they're lucky, they can work one of the activities WATCHING everyone have a good time (and, if they're REAL lucky, survive it in one piece). Off duty all they need do is keep their eyes open for anyone with a grudge. A bit exaggerated?

Maybe, but my point isn't. These people, for very little remuneration, spend their time seeing to it that the rest of us CAN have a good time without worrying about trouble. The next time you see them working at a dance or anywhere, for that matter, say "hello". It's one small way to let them know you appreciate what they're doing.

...but then

there are times...

...like the year-end party

I "crashed" the C.P.'s Year End Party, ostensibly to take the Force group photo, and ended up staying. What a party. Everyone had an unbelievable time, or so it seemed. Everyone went out of their way to make me feel comfortable, so I can't help but say it was a super party with some super people.

Kamp is k-k-keen!!

For the past six years, students at St. Mary's have worked hard to provide a summer "Kamp" for the less fortunate children of the Halifax, Dartmouth and county area. Three "Kamps" are run from July to August each year. The University provides residence for the kids as well as use of the pool and other facilities. The Kamp kids enjoy themselves in arts and crafts, little theatre groups, camp fires, sing-a-longs, dress-up day and a dozen other such treats. Tours of historical sights and museums are also a part of the schedule. The smiles on the faces of these kids are certain proof of Kamp's success but, you know what? -- I think the counsellors have as much fun as anybody. And they deserve it. Best of luck!

The most important element of a yearbook is, of course, pictures. The three ladies pictured to the right, in allowing me to publish their photo work, have helped make this Santamarian possible. First and second photos are of Lucille Feron and Kathy Blinkhorn. Both contributed photos on a number of topics. I'm sorry I haven't a better photo of Kathy - she's an attractive lady and this photo doesn't do her justice. Two fine people whose personality made the task easier and with whom it was a pleasure to work. To the extreme right is Monique Brown who supplied the Rugby photos. I have never met Monique but I thank her sincerely.

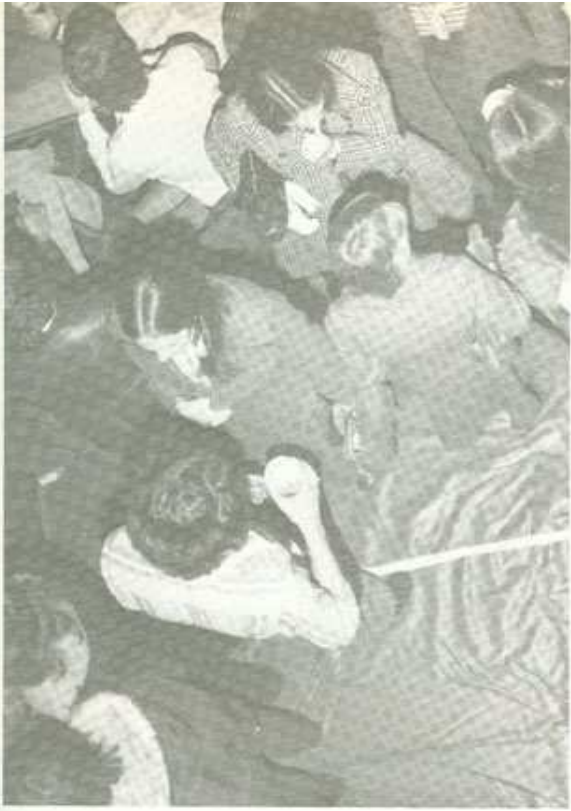

Those were the days, my friends...

we thought they'd never end...

*We'd sing and dance
forever and a day.*

We'd fight and never lose...

we'd live the life we choose...

*For we were young,
and sure to have our way!*

Chateau Halifax

a Canadian Pacific Hotel In Scotia Square

Part of our world of exciting things to do. Canadian Pacific is more than a hotel chain, even though we're becoming quite famous locally for our modern new Chateau. Canadian Pacific is transportation. Rail, truck, ship and airline transportation. We're also telecommunications, telex and broadband micro-wave transmissions. Resource development . . . mines, lumber and real estate is part of the picture too. More important than anything else, Canadian Pacific IS Canadian, Canadian owned and Canadian controlled. And we're looking to a future with young Canadians in our Company. Like you!

we crossed the bridge when you came to it

All we had to do was to realize our problem was your problem, exactly, and boom! We moved.

Then, once over the bridge and zap! went the 'waiting' flaps ... all those weeks - months even, when we cried right along with you over delivery of orders you needed desperately, - yet had to wait for - like forever!

But now? Man, until you see what we've got right here at Burnside, you haven't a clue how fast we can jump into action for you.

Furnishings ... equipment ... machines ... design - skills ... you name it and - tickettyboo! You've got it ... on the spot!

"This kind of service rates a name," we said to ourselves.

So we gave it one:

ACTION OFFICE

A fine thing, and it's our own. Ours only, too!

"So what's in a name?" you may ask - and we're glad if you do. If hardly original, it's a good question. Especially as it gives us the chance to demonstrate what's in this one:

ACTION OFFICE - service like a SEAMAN-CROSS customer doesn't just dream about.

For further information ... quickly - Telephone us ... (902) 469 - 8190

And remember - we're still only 12 minutes from central Halifax at 46 Wright Ave. in Burnside Park

Dialing your own
long distance calls
can be a rewarding
experience...

like saving money.

When you dial direct, you're taking advantage of one of the marvels of modern day computerization. Your call is electronically speeded on its way, at your command, without operator assistance. And you reach your party in a fraction of the time and at a fraction of the cost of an operator assisted call. When you add the extra savings available on evening and Sunday calls it's easy to see that long distance is truly "one of the great bargains of our time".

Apart from the time and money-saving advantages of dialing direct, it's also nice to "do it yourself" and retain more of that spontaneous, friendly feeling when you just want to say "hello".

It's a rewarding experience ... in more ways than one.

'the helpful bank'. It's more than a corporate slogan.

It's a daily challenge
to ourselves.

To help meet that challenge, we
have on-going training programmes
for our staff.

These programmes aren't simply
Learn-It-Yourself books that are han-
ded out when a new staff member
joins the bank. They include a series
of discussions, presentations and
seminars in our branches and at our
staff training centres throughout the
country. Each staff member gets to
know how the Royal operates. They
also have the chance to suggest im-
provements.

These programmes aren't just for new
employees either. Each year, the staff
members of every branch in Canada
attend many meetings to learn more
about new services and how to better
serve our customers.

The benefits to you are obvious. You
are able to talk to someone who
knows what they're talking about, or
can tell you exactly who you should
talk to.

On-going staff training. A reason why
the Royal Bank is known as 'the help-
ful bank'.

Read & Heed...

a brief editorial

In the hope that you may better understand what I have tried to do with this book, I want to tell you exactly what I feel a yearbook should be. Ideally, a yearbook should present its parent university in the best possible light, review the year's events (both special and ordinary), and serve as a souvenir of, and for, the graduating class.

The keyword is "ideally", for things rarely go the way we wish they would. The most important element of a good yearbook is, of course, the availability of a wide selection of high quality, reproduceable photos. Without them, ya ain't got nothing. Well, although a number of people gave generously of their work, many events are missing simply because photos of them don't exist, or at least I couldn't get my hands on any.

Those photogs I mentioned deserve considerable gratitude from all of us. Lucille, Kathy, Monique, Roger, Steve and Robert all took time out of their own extremely busy schedules to take and print photos of the events they were able to attend. Without their help, this book wouldn't exist. Photography is unbelievably time consuming and I sincerely thank them all for their contribution.

A yearbook needs at least one "photo nut" - a person who "lives behind a lens" and who is happy to go anywhere, anytime to shoot anything. This book didn't have one. I talked a couple of friends from outside the university into occasionally helping me but they, of course, had their own lives to live and weren't often available. I as well managed to talk the S.R.C. into buying a camera so that I could do my own photo work but, alas, I am at best a mediocre photog and found the pressures of being a full-time student as well as trying to organize, design, edit and create a yearbook in all its physical and business aspects put my time at a premium.

My point is simply that any failings in the contents of this book are not due to any prejudice or lack of concern. I was forced to work with whatever was at hand, whether or not they fairly spanned the entire spectrum of people and events at S.M.U. I apologize for anything that is absent but there was little I could do about it.

Finally I owe a personal apology to Taps Gallagher. Somehow his grad photo disappeared and I was forced to replace it with a candid shot. I tried every photographer in Halifax, yet none said they had taken the original shot and therefore couldn't supply a new one. I'm terribly sorry, Taps; especially sorry it was you.

In closing, I hope everyone will find something in this book that congers up good memories and puts a smile on your face.

Best of luck to you all,
G.W. Sherwood,
Editor, '76 Santamarian.
