No. 6

## 11-YEAR JINX BROKEN

### Premier Opens Craft Display

Premier Angus L. Macdonald officially opened the exhibit and sale of Indian handicraft at Saint Mary's University on Tuesday, January 14.

Part of the opening ceremonies was the presentation of two jewel caskets valued at \$100,000 to Rt. Rev. Frederick Lynch, president of Saint Mary's, by Premier Macdonald. The Premier made the presentations on behalf of the wealthy Maharajah of Mysor, who donated the caskets to the World University Service of Canada.

One of eighteen exhibitions being sponsored by the World University Service in Canada, it attracted a large number of interested persons.

The aim and object of the W.U.S. is to aid in forming a better basic understanding between university students all over the world. It sends Canadian students to Europe and South-Eastern Asia as well.

Exhibitions of the handicraft were also made at Dalhousie University, Acadia, Mount Allison, Saint Dunstan's, Prince of Wales and the University of New Brunswick.

Mr. Justice Vincent Pottier and Rev. P. Malone, S.J., Dean of Studies at Saint Mary's, also assisted the Premier in opening the ceremonies.

The success of this venture is due largely to the efforts of Dr. Duffie and Raymond Waler, who have devoted much of their time to this worthy enterprise.

Reverend M. W. Burke-Gaffney, above, Dean of the Science Faculty of Saint Mary's University, recently returned from Washington, D.C., where he attended the annual meeting of the History of Science Society. This Society, consisting of slightly over 100 members, is international in scope. Until the outbreak of war its headquarters were in Brussels. Father Burke-Gaffney is a personal friend of George Sarton, in whose honor a testimonial dinner was given at the Mayflower Hotel, upon his retirement as editor of "Isis". The meeting was attended by some of the foremost astronomers in the United States. Father Burke-Gaffney was the only Canadian present.

### Third Study Series Opens

The third series of Adult Studies at Saint Mary's University will begin Monday, January 19, at 8 p.m. The forthcoming series offers new topics and an increased staff of lecturers.

Since the inception of the study series in 1951, much interest has been shown and the attendance has steadily increased. By its very nature a University must be a source of intellectual and cultural development to all people within its area of operation and is not limited in its influence and activity to registered students. There is a large group of people whose formal education has ended and who are still interested in intellectual and cultural things. The University can help them to satisfy these interests and stimulate new appreciation of knowledge.

To this end, Saint Mary's University offers during this second term, a series of ten lectures on different topics. The lectures are given at the University from Monday to Thursday. No specialized knowledge or previous credits are required and no academic credits are given.

Reverend Daniel Fogarty, S.J., is starting a new series of lectures on "Writing for Publication". This course includes an analysis of the style required in modern magazines combined with practical information on allied subjects.

Another series on marriage is being conducted by Rt. Rev. J. B. Granville, J.C.D., and the various topics are treated from the ethical and religious angles.

Ten lectures on the Massey Report will be given by Very Reverend Frederick Lynch, S.J., Principal of the University. The purpose of these lectures is found in the Report itself: "It is desirable that the Canadian people should know as much as possible about their country, its history and traditions; and about their national life and common achievements; it is in the national interest to give encouragement to institutions which express national feeling, promote common understanding and add to the variety and richness of the Canadian life, rural as well as urban".

Another ten lectures will be given by various lecturers on a series entitled "Milestones of History".

The series, "The History and Meaning of Art", which proved so popular in the last semester, will be given again, this time with the Italian Renaissance as the main point. These fully illustrated lectures are given by Reverend A. Czako, Ph.D. Any additional information may be obtained by phoning the registrar, Miss Anne Walker, at 2-6421.

### How The Mighty Have Fallen!

### Cole, Warner, Outstanding In Ex. Tilt

By HARLEY FROWD

In the biggest upset in Intercollegiate Hockey in years, a tired but jubilant Saint Mary's University hockey team, led by the brilliant goal-tending of Ronnie Cole, stopped Saint Francis Xavier University 5-2 before a small crowd at the local Forum.

The victory was the first for Saint Mary's hockey club over Saint F.X. in more than a decade. It softened a bitter memory of the unmerciful beating Saint Mary's received at the hands of the blue and white last year.

The first period opened slowly, but picked up momentum before many seconds had ticked away on the big clock at the Forum. At the 9.54 mark the only goal of the period was scored by Art Flynn, on a shot from a few feet inside the blue-line, that rebounded off Xaverian goaltender Bob Day's pads into the corner of the net. After the middle of the canto, the play grew very fast and many good scoring opportunities were missed by both sides. At 16.40 Joey Johnson was penalized for hooking and the X-men put on four forwards in an effort to even the count, but were held scoreless by a fine exhibition of defensive hockey. The stops in the first period were Cole 14, Day 10.

The first goal in the second session was scored by "Pud" Reardon at 10.37 on a goal-mouth pass from Don Cable. Jim Warner also assisted on the play. The Xaverians put heavy pressure on the Santamarian cage for the remainder of the period but were held scoreless until 17.07, when Ken Flynn worked his way in front from the corner, to score on a low drive. Just forty seconds later Jim Warner, playing a standout game on defence, scored from a scramble in front of the Xaverian cage. Playing-coach "Pud" Reardon and Don Cable drew assists on the play. The only penalty in this frame went to Harold Flynn for cross-checking. Stops in the second period were Cole 12, Day 8.

Just 59 seconds after the opening whistle in the third period Bill Bailly, Saint Mary's hard-working winger, pushed a loose puck under the prostrate form of netminder Bob Day, to put the Santamarians three goals up. The fifth and final goal for Saint Mary's was recorded by Jim Warner at 5.25 on a blue-line sizzler that caught the upper corner of the Saint F. X. cage. The period was enlivened by a brief outbreak of fisticuffs between George "Rocky" Reardon and Bobby "Lugs" Rae of Saint F. X. Both Reardon and Rae went off with majors and Jackie MacLennan was handed a two-minute penalty for holding.

CONT'D ON PAGE THREE

### M.I.D.L. Debates

There's a trip to South Africa awaiting two Canadian University debaters next summer: the two who win the Dominion championship. Now, far be it from anyone to say that students of Saint Mary's are by nature optimistic, but rumor has it that several loyal Santamarians have already ordered road maps of the Johannesburg area.

The first, and possibly biggest hurdle on the road to South Africa is the Maritime Intercollegiate Debating League. Saint Mary's is scheduled for three MIDL debates this year: travelling to King's and St. Francis Xavier, and playing hosts to St. Dunstan's of Charlottetown, last year's Dominion champions. All three debates will likely be held during the month of February.

Carrying the ball for Saint Mary's this year will be Stan McFadden and Ron Dulhanty, who will go against St. Dunstan's here; Ross MacDonald, Pat Napier, Bill Jerrett and one thus far undetermined student who will debate away.

Incidentally, anyone who is interested in being considered as the "one thus far undetermined student" is asked to see Ron Dulhanty.

The Journal would like to express its sincerest sympathy on behalf of both the faculty and the student body to Ronald Noiles, third year engineering student, on the recent death of his father, Mr. J. A. Noiles.

### Baldwin Men Take Opener

In the opening game of the City Junior Basketball League, Saint Mary's cagers edged Comets "A" 35-34. Sparked by the brilliant rebound play of Ian Cato, and the 16 point-effort of forward Pat MacDonald, the Collegians overcame an early Comet lead, and went on to win.

### MacDonald to Montreal

The 1952 Canadian University Conference in Montreal, under the auspices of the McGill Daily, marked a milestone in the history of the Saint Mary's Journal. The Journal, represented by Ross MacDonald, was accepted as an affiliate member of C.U.P.

Enrollment as a member of C.U.P. should prove a great boon to the Journal. The wire and feature services of the C.U.P. will now be at our disposal, the trophy competitions will be open to the Journal, and cartoon and essay contests will be open to Journal contributors. These competitions should serve to bolster the quantity and quality of the literary efforts of the students.

The Journal's enrollment in C.U.P. marks the third overture of Saint Mary's University in national federations so far this year. This is just one phase in the progressive policy of expansion being followed by Saint Mary's.

# Saint Mary's JOURNAL

Official undergraduate newspaper of Saint Mary's University, Halifax, Nova Scotia. Published twice monthly during the school year except December by the students of Saint Mary's University. Second class mailing privileges pending. Subscription price \$1.00 a year. Advertising rates on request.

## Censor's Nightmare

In view of their recent campaign against censorship it is interesting to read the Dalhousie GAZETTE'S seeming parody on "THE MIRACLE OF OUR LADY OF FATIMA" in the issue of January 13. If the piece were not in such utterly bad taste, so derisive, so lacking in the fundamental democratic respect all civilized people pay to one another's different creeds, it might be amusing to witness the Gazette editors proving (and almost in the same issue) that they were hopelessly too immature to be free of faculty supervision in their undergraduate publication.

We have policemen to prevent children from scratching obscenities on the sidewalk and to keep religion cranks from smashing the windows of churches they don't like. It seems clear now, too, that we need faculty supervision on undergraduate newspapers, if only to keep immature students from displaying, for all the world to see, that they are somewhat backward in elementary civics.

## Awards

One thing that could well be done, and the sooner the better, is a little action on the part of the Student Council in regard to the Athletic "M" and the Student Council Award Shield. In the past years, it was largely a matter of determining the point system to be used. Now, however, the point system has been set and accepted, leaving only the problem of claims and allotments. Perhaps the difficulty lies in the fact that enough claims have not been submitted. If such is the case, get your application in to the Council as soon as possible, that we may yet have a chance to see a few awards about the University before the school year ends. At present, there is but one "Shield" in the University, and that is worn by a member of the Faculty who graduated last year.

## Antigonish Trip

According to reports received by the Sports Staff of The Journal, the considerably deflated Saint Francis Xavier Hockey Team will play hosts to the Santamarian sextet either next Saturday, January 24, or Saturday, January 31. Fresh from their victory over the X-men last week, the Maroon and White squad is confident of another win on the smaller Antigonish ice surface, despite a few opinions to the contrary. However, win or lose, it is going to be a game worth seeing. As yet a system of transportation has not been found, but the general opinion favours a bus. If such should be the case, and Father O'Donnell has informed us he will do his best to help us along that line, it is hoped that more than a few followers will make the trip. For, other than seeing what is going to be a fine contest, we should also lend a little vocal support to our team, which is undoubtedly the best in years. Before a bus can be chartered though, we have to be reasonably certain that enough are willing to make the trip so that the venture will not prove a financial flop. And so, all those who would be interested in such a trip may write their names on a sheet of paper that has been placed on the bulletin board for that purpose. We urge that as many as possible sign their names, helping both yourselves and giving your team the backing it deserves.

## Letters To The Editor

Dear Sir,

Early last Fall the Knights of Columbus opened the doors of their newly-acquired and renovated hall to the students of Mount Saint Vincent, The Sacred Heart Convent, Saint Patrick's Girls' and Boys' High Schools, and our own beloved University. Needless to say, the news of the dances to be held every Friday night was accepted with enthusiasm by the Catholic boys and girls of the above institutions, and the dance had quite noticeably put its foot forward.

However, sadly enough, it was the wrong foot. A crowd of boys and girls, some not old enough, some who did not comply with the regulations set down by the Knights, had filtered in, and gradually students who did not want to go to "junior" dances found other places to spend their Friday evenings.

With this letter I would like to inform those students that the "element" which caused their departure has now itself departed. Rules are being enforced, a committee has been elected, things are going strong. The Knights of Columbus, through the efforts of their energetic members, offer a pleasant evening to the Catholic Youth of Halifax.

Once again the foot has been put forward . . . this time it is the right one.

Yours very truly,  
Murray Napier.

25 Vaughan Avenue,  
Halifax, Nova Scotia,  
October 25, 1952

Saint Mary's University,  
Halifax, Nova Scotia.  
Dear Journal Staff,

As one of the 150 past students who received your letter of the 22nd instant, I would like to say that I was very happy to hear from you and be given the opportunity to subscribe to the Journal. I am also happy to say that your letter did not fall into the category of so many others which inevitably wind up in the scrap basket.

The idea of concentrating a little more closely on the Alumni Society and giving it a wider coverage is, in my opinion, an excellent one. Take my own case for example. Since leaving Saint Mary's I have lost all contact with my old classmates, and for the most part have not the faintest notion where they are or what they are doing. It would be nice if I could pick up my copy of the Journal when I receive it, and read of the doings and locations of the students with whom I spent so many happy and profitable hours. This, along with the present day happenings and short story contributions of the students (something I never mastered myself), will be well worth the amount of the enclosed cheque.

Wishing you every success in your endeavours, both academic and social, I remain

Yours sincerely,  
Lawrence E. Davies.

## On and Off the Campus

**Wanna have a look at  
It . . . ? Heah it is!**

I am most happy to welcome you back to the land of Nod. Any class, at any time of day, will bear witness to this, though judging from the marks most of you should be out pounding pavement, which is a very good idea if you use your head, and from the looks of some of the heads a lot hit the pavement and now listen.

Remember how Ray Craig leaned against the Pong-pong table downstairs and hummed: "I'm the loneliest guy in town"? Well, he's still leaning, but now he's humming "I'll be glad when I'm dead"! A very quiet holiday season . . .

I wonder:

WHY . . . Dalhousie insists that they have a hockey team?

WHO . . . Would have thought the invincible X-Boys could ever lose? And man, DID THEY!

WHEN . . . "Puddy" will get his medal for a terrific job? Shut up, rabble-rousers, I know the season's only half over . . . so what?

WHAT . . . Should be done with the big stars (?) who are miffed when the other fellow is given a chance to get into a game? ("Mile 'im in ile").

WHERE . . . The people came from for last Saturday's game? Hurrah for them . . . we made money . . . moolah . . . stuff!

Social-lion Frowd kept up with the pace during the Holiday season. Among the many events he honored with his presence was the presentation of "Black-strap's Revenge" or "Where's My Boots and Saddle" at a local theatre. He attended with his charming (?) twelve-year-old (?) niece (?). Lovely child!

Montrealers wonder why it was so unseasonably warm towards December 31, 1952. They were not warned that "Hot-box MacDonald" (he rode the rails) was to be there attending the C.U.P.A. Conference. At least that was the reason MacDonald gave for going to Montreal. Joe Murphy got a telephone call from the big city as soon as Ross came home. Joe asked "What gives?" Ross answered: "I don't want her; you can have her; she's too good for me".

An old World War I tune is making a comeback . . . the number in question is "K-K-K-Katie" and can be heard practically any night on Wellington Street. All you have to do is follow Joe Pottie, and listen to him serenade his flame-topped flame.

Don "Unpredictable" MacIntyre has come up with the suggestion of the semester . . . liquid refreshments for the Philosopher's Academy. Any chance of joining this august body, Mac?

Dropped in a New Year's Eve dance at that famous nite-spot in Kentville . . . you'll never guess who I spotted there, resplendent in blue blazer and grey flannels, with a nifty little bit of fluff in tow . . . Vic "Boarder's Bits" Cleyley, no less! Some guys just got it, that's all!

One of my spies (I've got them everywhere) also took in a New Year's Eve ratrace . . . this one in Shelburne, was featured by the presence of the illustrious "Chuck" Jones. Your bi-weekly expedition into the wilds of Nova Scotia's South Shore oughta be comin' up pretty soon, shouldn't it "Chuck"?

The three blind mice, Hayes, O'Connell and Flinn, are blazing trails in the petrified forest of young Halifax society. Even with the factors of short pants and long underwear (If you'll pardon the expression) to overcome, they've done fairly well. A stock-split has taken place, however, and it looks like Flinn is "out in the cold again". These southwest end girls and boys! Watch yourself Donnie, or you'll have a hole in that grocery bag the next time you're at the Dominion.

Mrs. Hemphill's little boy, Lorne "The Hemp", never fails to bring one of the most appetizing lunches to school. But the other day, Friday to be exact, "The Hemp" opened his brief-case, pulled out a paper-bag, and said, "Wonder what I'm having for lunch?" So he opened his 'case, and sat down to a delicious meal . . . string beans. Another "Harvey" in the making? The Jotter.

## CAMPUS OPINIONS

**Question: What are your views on University Newspaper Censorship?**

**Place: Saint Mary's University**

Name: Bruce Wallace.  
Faculty: Arts IV.

A University newspaper has no extraordinary license to violate the ordinary canons of good taste. The editors should proudly claim the freedom of the press, but should not confuse such freedom with license.

A Student publication should reflect the undergraduate views, which to a mature observer may appear radical, impertinent, shallow or violent. However, if we are not to stifle initiative, discourage sincerity and smother the fire of youth, then censorship must be used sparingly.

Name: David Fenton.  
Faculty: Commerce II.

I think that a certain amount of censorship is needed for a University paper, but I also feel that this can be overdone. In my opinion the paper should be primarily for the students, and because of this I think the editor should be allowed a certain laxity.

## Guild Holds Stag Night

Under the auspices of the Albertus Magnus Guild, the newest Society to make its appearance in Saint Mary's University, a thoroughly enjoyable "Stag Night" was held immediately following the completion of the pre-Christmas Examinations.

The first affair of this type to be held in recent years, the get-together consisted of cards, singing and refreshments, and the Guild is to be congratulated for its efforts.

Among the prominent guests were Reverend Fathers P. Malone, C.J., Dean of Studies; M. O'Donnell, S.J., Dean of Men and Director of Athletics, and W. Burke-Gaffney, S.J., Dean of Science at Saint Mary's; Messrs. Dalton, Sabean and Cosgrove, and Dr. Duffie, all of whom are members of the Faculty.

Name: Bob O'Connell.  
Faculty: Arts II.

Anything which would harm, insult, or in any way be detrimental to the character or feelings of person or persons without their justly deserving it should be censored.

In addition, anything which would in any way, shape or form lower the standards of the paper, whether it be an article, editorial or cartoon, should be censored.

The censorship should be left not only to the discretion of the editor, in the case of a University-paper with a Student-editor . . . but to a chief advisor, who, because of his years and experience, would not let anything get into the paper which would do any harm.

Name: Bud Inglis.  
Faculty: Commerce III.

The University Newspaper is the voice of the Student body. Unnecessary censorship would stamp out the voice and initiative of the students. The Student Newspaper staff knows what it is doing, so leave it alone.

Name: The Censor.  
Faculty: The Faculty.

In my opinion, Censorship of an Undergraduate newspaper should consist only in a gentle and broad directive watchfulness.

It should watch two things:

First: It should prevent the publication of anything harmful in any way to student subscribers or to the University itself.

Second: It should prevent the publication of anything which is beneath the standards of the newspaper concerned.

It is clear that these two objectives can easily be realized without stifling or even discouraging student initiative.

# REARDON, BAILLY, CHAISSON STAR

By CHARLIE "CHUCK" JONES

Apparently Saint Mary's is no longer going to be content with merely one line of outside competition. Largely due to the efforts of genial Johnny Martin, plans are being finalized for a Badminton team to represent the University in the forthcoming tournament, to be held in Fredericton, New Brunswick, late next month. Among those expected to turn out are George Hanson, also known for his goal-tending efforts on behalf of the Commerce faculty; John Martin, a track star of no little ability; Frank Nolan and Jim Scriven, both of whom contributed to a Santamarian victory in the Maritime Intercollegiate Tennis Meet two years ago; and Don MacIntyre, whose talents defy description in the narrow confines of a single sentence. However, this definitely does not imply that you, or you, or you (yes, even you) would not be welcomed at the practice sessions, which will be starting soon at Garrison Gym. So haul that racquet down from the top shelf and c'mon out.

Every team has a "character" and our Senior Hockey squad is by no means an exception. The gentleman, and I snicker on using the term, to whom I refer is none other than Bobby Chaisson. Bob's latest antic is reported to have gone like this: One day not too long ago, "Ches" entered the Bank, pulled out a five-dollar bill, and said to the teller: "Gimme a one and some fours, will ya'?" Where he got the fiver is a mystery to me . . . snooker winnings, I guess.

Speaking of snooker, I'd like to see a Snooker Tournament come off in the near future. There seems to be any amount of enthusiasts; some rookies, such as Bernie Hope, Doug Beck, "Dinny" Mantin, Ray Mombourquette, Gerald David and others, and some veterans, among whom are Paul Leydon, Brian Ahearn, Joe Pottie, Ken Fellows and a few more. From personal experience this corner can say that all these fellas "shoot a good stick", and a tournament to decide the University's best should prove interesting. All we need now is someone to get it started . . . . . any offers?

Another Tournament now in progress is the Day-hops Ping-Pong battle for honors. At this writing, however, the field has as yet to be narrowed down to less than eight players, which, if my memory serves me correctly, is exactly the way the field stood before Exams. Let's not let it peter out, because to do so would only make future affairs of this sort that much harder to carry on. Co-operation from those competing would see the Tournament winners declared at an early date, which would then permit a Pre-Easter playoff between Day-hops and Boarders. Though the outcome of such a meeting would unquestionably be in favor of the Boarders, it would nonetheless be entertaining to watch.

Ye Gods! Another Tournament yet to be mentioned . . . . . Bridge, no less! Unlike the others, however, this one is not limited to the students; an open invitation to Faculty-members has also been extended. This, I think, is a good sign, inasmuch as it signifies the willingness of the Students to consolidate Faculty-Students relationships. Moreover, I am of the opinion that the prevalence of Tournament-fever denotes a return of College Spirit to Saint Mary's. The last time I looked there was a Notice on the A.A.A. Bulletin Board to the effect that interested parties should sign the accompanying sheet. If you like Bridge, here's your golden opportunity to meet both students and professors over the friendly expanse of a card table.

The sweetest job of "taking wind out of sails" was accomplished last week at the Forum when a fighting Saint Mary's squad downed the highly-touted Saint Francis Xavier sextet in the first game of a home and home series between these two clubs. This victory, unexpected by many (myself included) bears witness to the splendid efforts of Robert "Puddy" Reardon in molding a high-calibre aggregation, strong and aggressive in every department.

If any one man could be singled out for individual honors it would have to be netminder Ronnie Cole, who came up with another outstanding performance between the pipes. After Cole I'd pick Jimmy Warner, who caged two goals and assisted on a third. The remainder of the team would share third-star position, because they all, without exception, contributed a strong, two-way game.

A perfect climax for what is already a successful season would be to defeat both Saint F. X. and Acadia on their home-ice. Take my word for it, if we're victorious in our jaunt to Antigonish next week, the Axemen of the Valley village will be in for a rough time, as will the teams in the Halifax-Dartmouth Senior League.

There's an opportunity coming up for some of you to make a few bucks, and at the same time help Saint Mary's purchase grandstands for the Campus. At this moment there are, in Father O'Donnell's office, several hundred books of tickets, originating in one of our Nova Scotian parishes, from the sale of which both the salesman (that's you) and the middleman (that's the University) can reap a fair profit. Instead of being distributed to the Student-body as a whole, these tickets will be issued only to those who volunteer, since it is felt that these volunteers would be the only men who'd sell the tickets, regardless of the manner in which they were distributed. You make a half-a-buck for each book sold, and the total amount you can earn will only be determined by your ability to sell.

And that's it for this issue; see ya' next month.

## Trounce Tech at Forum - 8-1

By George Hanson

Saint Mary's continued their win-streak at the expense of the Nova Scotia Technical College as they walked to a lop-sided 8-1 win over the Engineers.

From the start the smooth-skating Irish took the offensive, and struck for two tallies in the opening session, as Harold Flynn and Don Reardon blinked the light. Flynn's goal came from a scramble in front of the Tech net; shortly after Reardon took passes from Chaisson and Bailly to notch his first marker. Play was closer in this period than in the following two, as each goaltender was called upon to make six stops.

In the second session Saint Mary's went wild, as they ran the count to 7-0. At the .45 second mark "Ducky" Reardon finished off another fine passing-play for his second goal. Ray Carey and George Reardon added two tallies, their first of the current season. "Ace" Bailly teamed up with steady Jim Warner to increase the Santamarian margin to 6-0. Reardon completed the scoring in the second period, as he potted his third goal of the game.

In this period Tech netminder Strother was called upon to handle seven shots. At the other end of the rink Ronnie Cole caught up on his knitting, having only two scoring-attempts to block.

Harold Flynn was off for boarding when Cole lost his bid for a shutout early in the third frame. Bowes sifted through the Saints' defence to beat Cole on a driving shot to the corner, giving Tech their "one and only" score of the contest.

Bob Chaisson highlighted an otherwise scambly third period as he weaved through a maze of players to beat Strother cleanly.

Stops in this period were Cole 4; Strother 5.

### SCORING SUMMARY

#### First Period

1—S.M.U.: H. Flynn (Linihan, Cable) 8:46  
2—S.M.U.: D. Reardon (Chaisson, Bailly) 12:18  
Penalties: MacNeary

#### Second Period

3—S.M.U.: D. Reardon (Chaisson, Carey) 4:5  
4—S.M.U.: Carey (Bailly, D. Reardon) 1:41  
5—S.M.U.: G. Reardon (Flynn, Cable) 3:07  
6—S.M.U.: Bailly (Warner) 6:39  
7—S.M.U.: D. Reardon (Chaisson, Bailly) 17:27  
Penalties: H. Flynn

#### Third Period

8—Tech: Bowes (MacDougall) 1:49  
9—S.M.U.: Chaisson (Carey) 11:52  
No Penalties.

### Saints Take Fifth Straight

In a game rife with penalties, many of which were due to the incapacities of the referees, Saint Mary's University regained undisputed possession of first place in the Halifax-Dartmouth Senior Hockey League.

"Puddy" Reardon with four goals led the maroon and white attack, with Jim Warner, rugged Saint Mary's defenceman, caging two tallies. For Dal, "Dinny" Morrison was the only effective man, as he scored both goals for the Dal squad.

### CURLING NEWS

Plans for a University and High School Curling team, the first of which will represent Saint Mary's in the Maritime Intercollegiate Curling Bonspiel, are now being formulated. All those who are interested are asked to make their feelings known to Bill Flinn or Laurie Brean. Bill is taking care of the University entry, while Laurie will be in charge of the High School entry.

### SKI MEET

Antigonish will be the site of the 1953 Intercollegiate Ski Meet, and as yet only one entry has been named for Saint Mary's. If there are any skiers in our midst who feel they would like to try for a berth on the University delegation, they should give their names to Father O'Donnell immediately.

### Probable Basketball Lineups:

High School—Gillis, Byrne, Sark, Falconer, Conrod, Carew, Leggett, Aucoin.  
Junior — Pottie, Cato, Pat MacDonald, Jack Cary, F. Nolan, J. Murphy, Fellows (Conrod and Falconer).

### High School Basketball Schedule

Jan. 17—S.M.U. at Q.E.H.S.  
Jan. 24—S.M.U. at Dartmouth.  
Feb. 3—St. Pat's at S.M.U.  
Feb. 10—Dartmouth at S.M.U.  
Feb. 17—Q.E.H.S. at S.M.U.  
Feb. 21—S.M.U. at St. Pat's.  
Feb. 24—S.M.U. at Vocational.  
Mar. 7—S.M.U. at Vocational.

## Cole, Warner Outstanding

CONT'D FROM PAGE 1

The Antigonish boys scored the final goal of the game when Ed Murin backhanded a rising shot into the Saint Mary's goal. A few seconds later Art Flynn was penalized for playing with a broken stick and the X-men resorted to an all-out offensive for the remainder of the game. But a game band of maroon and white pucksters, protecting a hard-won lead, thwarted all Antigonish attacks until the final whistle. Stops in the third period: Cole 13, Day 9.

### SUMMARY

#### First Period

1—St. Mary's, A. Flynn (Cable) 9:54.  
Penalty—Johnson.

#### Second Period

2—St. Mary's, P. Reardon (Cable, Warner) 10:57.  
3—St. F. X., K. Flynn, 17:07.  
4—St. Mary's, Warner (Cable, P. Reardon) 17:46.  
Penalty—H. Flynn.

#### Third Period

5—St. Mary's, Bailey (Chaisson) 0:54.  
6—St. Mary's, Warner, 5:10.  
7—St. F. X., Murrin, 12:07.  
Penalties—G. Reardon (major), Rae (major), McLellan, A. Flynn.

ARE MILDER

Canada's Mildest Cigarette

By ED MURRAY

Well, what d'ya know, I'm back again. First, let's get something straight, it's not my desire "to go walking by the river" with Ella Fitzgerald; that was an error and not on my part.

I shall attempt to "split some long hairs," in other words review some classical records. Being strictly a "crew cut" enthusiast this will be a little difficult. Well, anyway here goes:

Victor is boasting about their "new orthophonic sound" and they have a right to do so. The first sample of this broadened recording process is present in Toscanini's superb performance of Brahms "Fourth Symphony" (in E minor, Op. 98). There are few more various, shaded, subtle or power Toscanini performances on records, but none that captures the delicate relationship between conductor and orchestra better in its engineering. (Victor 12" LP).

Similarly attractive in its sound is the newest of complete Verdi opera recordings, this one of "Il Trovatore" with Zinka Melanov, Jussi Bjoerling, Fedora Barbieri, Leonard Warren, the Robert Shaw Chorale, and a studio orchestra under Renato Cellini. The singing is generally good, the recording super, and Nilanov in the role of Leonora absolutely beyond compare, on or off records. Her part of the "Miserere" is faultlessly contributed; her singing of the lovely "D'amor sullali rosee" offers a continuity of beautiful and expressive sound not often equaled in any vocal register, thick when necessary, fine when called for, perfect in intonation and color. (Two Victor 12" LP's in a set)

There is also Beethoven's "Concerto No. 5 in E flat" for piano, known as the "Emperor Concerto" played by Vladimir Horowitz with the RCA Victor Symphony under Fritz Reiner.

Let's see what's on popular records. Decca has just launched a new series of recordings, the "Curtain Call" series. Under this attractive name are gathered the songs associated with star performers. First there are the Decca standbys; the Mills Brothers doing "Paper Doll" and "Tiger Rag"; Bing Crosby in his early recordings of "I Surrender Dear" and "When Blue of the Night"; the Sisters, the Andrews, of course, in "Bei Mir Best Du Schoen", the side that first brought them fame; the Ink Spots, with the sides that also brought them fame, "If I Didn't Care" and "Do I Worry", there are these and also sides by the giants, of show business and the old timers, such as Jimmy Durante, Eddie Cantor, etc. Both groups are available on L.P. and 45 r.p.m. albums.

Another album that is worth a listen is The Voice of Walter Shumann, this is an L.P. by Capitol Records.

Well, I'm down to my last needle and that's starting to wear out. So I guess I'll pack up the rest of the discs 'til next time. But in the next issue I'll take a good look at those cool and crazy sounds of the Jazz Scene.

By "THE HEMP"

"Chuck" Jones, bowling with an end in mind, blasted away at the pins so furiously that when the splinters of the felled wood settled he had succeeded in capturing the high single mark with a score of 131. In the second string, although not attaining the dazzling score of his first, he managed to take the high double mark also, with a two string total of 222.

Webby Martel is still leading the pack with an average of 96.9, closely followed by Don Cable with 95.2. "Chuck" Jones is third with an average of 91.4.

Engineers "B" were hit hard by Ross MacDonald's Commerce "C" squad when they lost all three points to the sixth place team. "Chuck" Jones was the deciding factor in the match with his double of 222. Ross MacDonald had a 188. Bernard Hope was the big man for the Engineers, but he didn't have enough to salvage even one point. Commerce "C" lost three points to Commerce "A" in a match the previous week. Lorne Hemphill was the big gun for Martin's Men, rolling a 194.

Arts "A" picked up three points in the two weeks. Arts "B" three points; Commerce "A" had the best record for the two weeks with five points. Commerce "B" took three points as did Commerce "C", Engineers "B". Boarders had the poorest average taking only one point.

Exhibition: Friday, January 30.  
Inter-fac All-Stars: W. Martel, 267; L. Hemphill, 261; B. Carleton, 261; H. Meuse, 247; B. Davies, 236. (1262).

Faculty No-Stars: Mr. H. Beazley, 295; Mr. C. Murphy, 254; Mr. E. Theriault, 263; Dr. Duffie, 203; Spare, 222. (1227).

# NEWSPAPER ASKS FULL STUDENT SUPPORT

## STAFF MEETING FACES COLD FACTS

At a staff meeting of Saint Mary's Journal, held this week, much concern was expressed by the seemingly lack of interest of the students in their newspaper. The burden, it was stated, of publishing the newspaper was falling upon the shoulders of two or three men and the increasing obligations towards their studies made it imperative to acquire aid.

Newspaper work is one of the most practical extra-curricular activities in the University. It is one organization where there is plenty of work and prestige for everyone if they but offer their services. Also it has the widest scope of positions; including such jobs as photography, advertising, writing, both columns and news articles, proof-reading, composition and structure.

The Award System, which gives Journal members high points for their work, is ample proof that the Students' Council consider it one, if not the most important organization in the University. Since the Journal is the official undergraduate voice of the students as well as the leading advertising medium of the

University itself, pride and interest are a must if it is to accomplish its job.

One member pointed out that the staff was too small to publish the paper the way that it should be published and that if more members were not added then the students could expect to receive their copies no longer, because the present staff was unable to continue under the present conditions. The two main functions of the paper are to get the news and write it. Many students have neither the time nor the inclination to write, but it certainly takes little of either to drop into the Journal room to let the workers in on the news. It is a simple matter then to write out the reports.

Any student, either High School or University, who wishes to start some extra-curricular activity, can do so with the Journal. We need a larger staff if the Journal is to function properly. Since every copy was taken last week, it seems evident the paper is read. To ensure future copies the Journal is asking for more help.

## Student Council Again Wrestles With Pt. System

The Students' Council of Saint Mary's University held their first meeting of the second term last Tuesday night, with President Peter Heenan in the chair.

Among the minor topics discussed were the expenses of the Saint F.X. trip, the Canadian University Press Conference, and the Athletic pins. The Caution Committee had very little to report, other than the fact that an itemized account of all damages would be obtained as soon as possible.

The Scholastic Shield was the next item on the agenda, with several changes being made in the allotment of points. Convention delegates may claim ten points, while any student elected to a National Executive may claim 26. The Chairmen of the C.F.C.C.S. and W.U.S.C. Committees have been made eligible for 15 points each, and M.I.D.L. debaters, win or lose, are now on even terms. Faculty representatives to the Senior Debat-

ing Society may now receive 20 points, instead of the 10 previously awarded.

Several changes in the point-awards to Journal and Year Book staffs were also suggested and passed by the Council members; the Pies Editor is a thing of the past, and the points for photographers have been increased to 20. Associate Business Managers for the Year Book, a previously unmentioned office, may claim 10 points toward their Shield.

Only one change was made in the Faculty allotments; each yearly representative may now receive 10 points, an increase over last year's point-scale.

Discussion on the points to be awarded to Boarders Executive and members of the Engineers' Sodality was deferred until the next meeting.

The revised point system will be published in the next issue of the Journal, on or about February 13.

## HIGH TIMES

By TED FLINN

As the intermural hockey league gets stronger, all four teams are showing some fine, but rugged play. Eleven "A" and Grade Ten battled to a hard fought 2-2 draw which saw everything a game could have. The scoring was opened by Al Rorai, who broke in from the blueline and shot the puck past Byrne. George Leach tied up the scoring with a beautiful shot from about ten feet out. Eleven "A" again took the lead when Mike MacDonald let go a screen shot which rolled under Byrne's legs. During a scramble in front of Teddy Stenton, the Eleven "A" goalie, Houlihan managed to pot the tying goal. Both teams tried desperately for the tie-breaker, but neither got it. Ron McCulloch was the bad man with three sinbin sittings.

The High School sodality is campaigning for students who are willing to join a five-year plan of prayer and penance for the Conversion of Russia. This plan is put on by the World League of Reparation of the Immaculate Heart of Mary. It consists of: the daily rosary, one daily sacrifice and first Saturday practices. None of these promises bind under pain of sin.

Father Gallagher is pleased that our "clothes" drive was a success. Thanks go to all who contributed.

Keep in mind the March of Dimes, and drop your extra dimes in the banks at the canteen. When you get a dime from "Frank" drop it in the bank.

See you next issue.

## Curling Team In Action

By the time this edition is published the students will have learned of the success or failure of the high school curling team in their bid to capture the Provincial championship. The tournament will be held this year in Bridgewater and the draw is slated for 9.00 o'clock on Friday morning.

The squad, skipped by Bob Hanrahan includes Don Gillis, Joe Heenan, Peter Campbell, and Mike Bryne. Coach Laurie Brean expects his charges to do well in this meet although they have been handicapped by lack of practice.

Curling is one of the few sports, in which Saint Mary's have not captured a Provincial title. This sport however, is comparatively new to the University. Introduced in 1949, mainly through the efforts of Bill Flinn, it has been listed as one of the most popular sports in the high school. This will be their second bid for the Nova Scotia crown. As winners of the City championship in 1951, they represented Halifax but were defeated as Truro took the title.

## BIRK'S

have enjoyed the privilege of supplying class insignia for Saint Mary's for many years.

It is our sincere hope that we shall always enjoy this privilege and continue to merit your confidence in the future.
