Dave Philips elected President in cloud of Controversy

by Stephen Kilbride

Dave Philips, present International Students Representative, was elected as President of the Student Union last week in a cloud of controversy. The controversy stems from accusations that the elections are invalid, that Mr. Philips cannot do the job properly and that he cannot work with the Executive and Council of the Union.

On Tuesday, March 6 the Elections Committee announced that the Presidential Elections had to be re-run.

Mr. Philips had won the count by only 6 votes and in cross-checking the balloting

sheets, it became apparent that at least 5 students had voted at least twice.

The election booths were set up in three different areas so that convenient access by voters was ensured. This division of polling stations also allowed students to vote twice or three times.

The Elections Committee felt that since the vote was so close and that the double and triple voters could possibly sway the

election in their favour, the election had to be called invalid.

The next day, after consulta-

tions with lawyers, the Elections Committee announced Dave Philips as the President-elect. It was impossible for the Committee to establish who voted for who, therefore no proof existed to say that the double voting swayed the vote. The elections had to be considered valid.

Stephen Murray and Roy Meech, candidates for the Presidential position, asked that the election be re-run on the grounds that the tallies were suspect and that no clear winner was established. Mr. Phi-

lips said that "since there were only five confirmed double voters, and even if they did vote for me, a big assumption, it would not be enough to sway the vote. I would still have won by a vote."

"I would have agreed to a re-run of the election," said Philips, "but with all the negative statements going around about me, I don't think I would get a free and fair election."

Several students have voiced their concern over whether Mr. Philips can do the job of President properly. Several petitions

have been distributed through the university. The exact amount of the petitions and what the petitions call for is unclear. What can be established is that the petitions are calling for a re-run of the Presidential race. For a petition to be considered representative of the student voice, it must collect at least 10 per cent of the student body.

Conflicting reports exist over the success of the petitions. Some say that all the signatures needed will not be collected. Others say that in one case, 104 signatures have been collected in less than three hours.

Mr. Philips said he had no problem with the petitions, that it was every student's right to voice their grievance. However, he voiced concern over them because he felt that the distributors of the petitions were misrepresenting the truth.

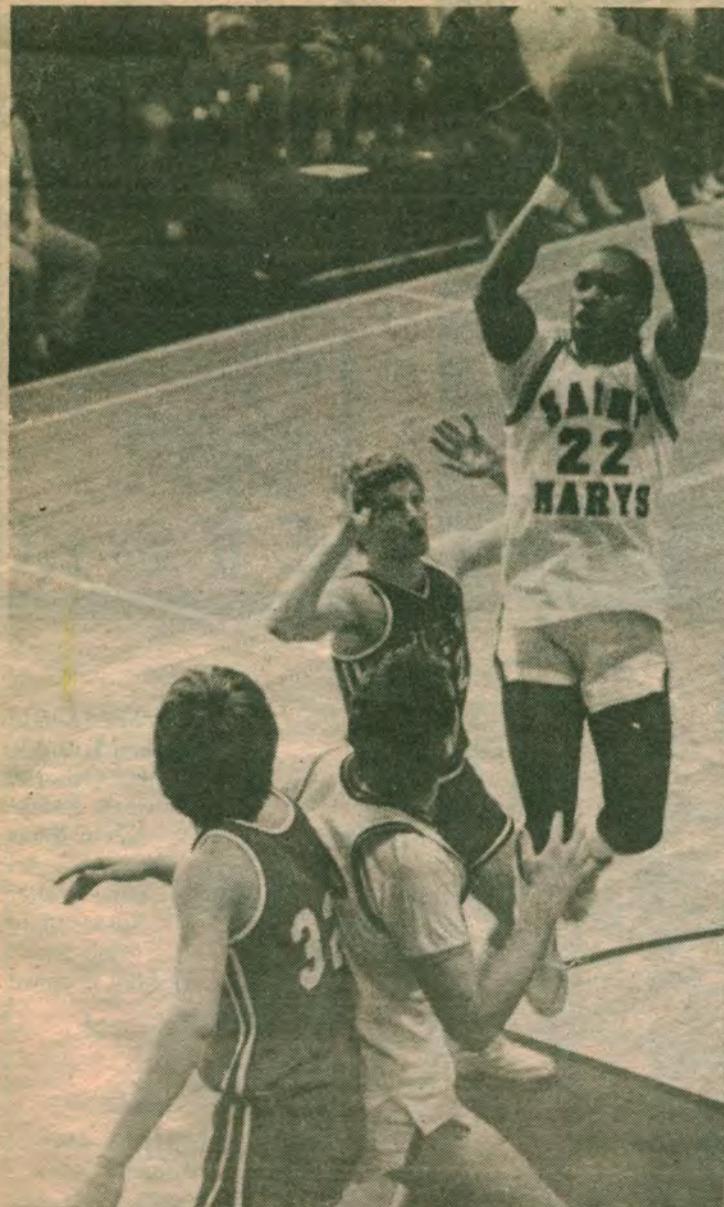

On petition has, at least for the meantime, been dropped for just that reason. Students were, said one petitioner, signing the sheets for reasons other than what the petition called for.

Other students have voiced their concern over his abilities. Some students claim that the Executive and Council cannot work with Mr. Philips. Mr. Philips said that such a claim had no justification because they have "never worked with me. No-one has given me a chance to prove that I can work with them. I've worked with other people on Council and on various committees and haven't had problems."

Others have voiced their concerns over Philips commitment to the Union. Some say that he has never contributed positively to anything at Council and cited he withdrew from the *Financial Advisory Committee* without just cause. "I honestly don't believe he's committed to the job. I can't see him being President when he couldn't find the time to sit on a single committee" said one student.

University regulations indicate that the Athletic Director is ultimately responsible for the eligibility of players on varsity teams. Individual coaches are expected to investigate their players, but ultimately, the Athletic Director is responsible.

Sports Scandal Disgraces University

Ron Ladge, a native of Fort Lauderdale, Florida, was deemed ineligible for AUBC action this past season and as a result the St. Mary's Huskies were forced to withdraw from CIAU playoff action. See story page 13.

... Again

by Dale Rafuse

In a move that received harsh public criticism, St. Mary's University relinquished the AUAA Men's Basketball Championship and withdrew from the CIAU regional playoff in Fredericton on Friday.

The team had been accused of using an ineligible player by sports officials from St. Francis Xavier University; after a rapid investigation, the decision to withdraw was made. Ron Ladge, a native of Fort Lauderdale, Florida, was discovered to have played Community-College basketball in his last academic year in Florida. CIAU rules state that a transfer student must attend his/her new school for one academic year before playing varsity athletics.

Bob Hayes, St. Mary's University Athletic Director, issued the following release on Friday:

For the third time in as many weeks, within twenty-four hours of a semi-final championship game being played, the Director of Athletics and Recreation at Saint Mary's University received a query about the eligibility of one of the members of the men's varsity basketball team. The player is Ronald Ladge. The timeframe provided has not enabled this matter to be investigated completely; however, without intending to prejudge the results of any future investigations, Saint Mary's University has relinquished the A.U.A.A. Men's

Basketball Championship which it won last weekend using the player in question. As a result Saint Mary's University's team will not be competing in the C.I.A.U. Regional Playoff in Fredericton this weekend. Saint Mary's University once again apologizes for the inconvenience which this latest incident has caused for its fans and supporters.

Two weeks ago the hockey Huskies withdrew from the AUHC playoffs and last week the basketball team was reduced to a second place finish for use of an ineligible player.

The effect these incidents will render upon St. Mary's University's academic and athletic programs is as yet uncertain. St. Mary's President, Dr. Kenneth Ozmon, has pledged to investigate the matter extensively and has appointed Dr. D. Williamson, Dean of Science, to conduct investigations into all three cases.

In conversation on Friday, Dr. Ozmon indicated he was gravely concerned for the reputation of the University but he would not make a decision on the matter until a thorough investigation was completed.

University regulations indicate that the Athletic Director is ultimately responsible for the eligibility of players on varsity teams. Individual coaches are expected to investigate their players, but ultimately, the Athletic Director is responsible.

Take A Look is a free column open to all members of the university community and to the city community with something to offer our community. Submissions must be typed, double spaced. In order to get into our publication, all notices must be in our office in Room 517 by Monday, Noon.

Caribbean Forecast

Rickey Singh, former editor of Caribbean Contact will be speaking on "Future Perspectives for the Caribbean", Wednesday, March 21 at 7:30 p.m. in the Burke Education Centre, Saint Mary's University. For further information call 429-9780 ext 497.

Accounting Society

With the school year drawing to a close the Accounting Society finds itself in need of an executive for the 1984-85 school year. The positions available are: President, Vice-President, Secretary, and Treasurer. The responsibility of the executive is to plan and promote social events for the accounting students of St. Mary's, though society membership is open to all students with an interest in accounting.

Nomination forms are available in the Accounting Dept., Secretary's office until Friday at noon. The elections will take place Wednesday, March 21, 1984, 7:00 p.m. Sub Quiet Lounge.

Society Members are also reminded of the Broomball Challenge, Third Year vs. Fourth year, Friday, March 23, 1984, 1:00 p.m. SMU Arena. Players and spectators welcome.

Nominations will be accepted until March 30 for the 1984/85 French Club executive and for student representatives at the secretary's office Modern Languages and Classics. All interested students are invited to leave their names. Elections will be held April 2, 1984.

Nomination Forms for the Reverend William A. Stewart, S.J. Medal for Teaching Award are available from the Alumni Office, 3rd Floor, O'Donnell-Hennessey Student Centre. Deadline for Nominations is Friday, April 13, 1984.

The Woodlawn Mall Branch of the Dartmouth Regional Library will present an information program on Property Settlement and the Marital Property Act on Tuesday, March 20 at 10:00 a.m.

Ye Olde Acadians

Recent information about the lives of the Acadians before the Expulsion will be included in an illustrated talk by archaeologist David Christianson on Wednesday, March 14 at 8:00 p.m. in the auditorium of the Nova Scotia Museum, Summer Street, Halifax.

Star Show

A public show will take place at the Halifax Planetarium located in the Sir James Dunn Building of Dalhousie University on Thursday, March 15 at 8:00 p.m. No groups or children under 8, please.

Water Pics

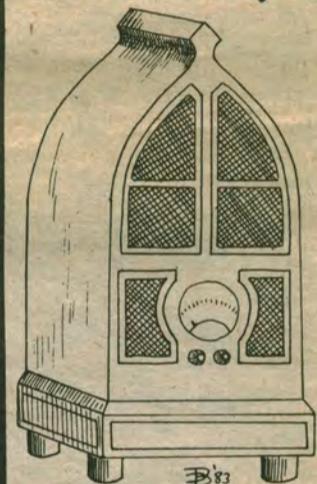

Join photographer Tim Randall for a presentation of the waterfront as it was in the early 1960s on Wednesday, luncheon, March 21, 12:15 - 1:00 p.m. at the Maritime Museum of the Atlantic, Lower Water Street, Halifax.

Social and Economic Aspects of the Nuclear Arms Race

Dr. Michael M. Cohen, a member of Physicians for Social Responsibility and an international authority in syndromology approaches this topic in the same unique way he approaches the study of disease - a slide/lecture presentation followed by a discussion on this major disease of our times, with concrete suggestions for its prevention and cure.

This service will be held at Universalist Unitarian Church, 5500 Inglis St., Halifax, N.S.; Sunday, March 18/84.

Sunday At Seven

By Stephen Kilbride

The following intrepid individuals honoured us with their presence: David Hendsbee, President; Carol Skillen, Treasurer; Joe Osborne, VP Student Affairs; Kim McDonald, Commerce Rep; David Philips, International Students Rep; Steve Munden, Grad Rep; Geoff Wilmhurst, Off-Campus Rep; Nazia Isaac, Engineering Rep; Karen Wilson, Education Rep; Michele Cox, Residence Rep; Paige Pettis, Frosh Rep; and Ruth Burke, Arts Rep.

Missing in Action: Stephen Murray, VP Administration; Bruce Cumberland, Part-time Students Rep.

The meeting was called to order at 7:15

David Hendsbee asked Bob Hayes, Athletic Director, to speak to Council in regards to the ineligibility of SMU players. Mr. Hayes gave a rundown of the events that lead to the eventual withdrawal of the hockey and basketball teams. He pointed out that it was not the policy of the Athletics department to recruit ineligible players. The department, Hayes said, relied on what information the player had told them. It was not known to the Coaches or to Bob Hayes that Wayne Fortune (Hockey team) was on the roster of a professional team in 1982. In the case of Ron Large (basketball), the athletic Department was not aware that Large played in a Junior College in the U.S. The regulations, in this case, would force Large to sit out one year. Since he never mentioned his playing in the U.S., it was thought that Large was eligible to play for St. Mary's.

Reports From Committees
Presidential Advisory Committee

Dave reported the outcome of the executive elections. On the Constitutional Amendment Referendum, 36 ballots were spoiled, 123 voted against the proposed changes, 593 voted for the changes. The Constitution was passed as amended.

In the VP Student Affairs race, of 743 ballots cast 21 were spoiled. 303 went to Peter Lecker, 440 went to Lisa Eresuma.

In the VP Administration there were 6 spoiled ballots of 784 cast. 128 went to Greg Borstelmann; 180 to Tim McInnis; 195 to Geoff Wilmhurst and 281 to Kristine DeCoste.

In the controversial Presidential race, Dave Philips was eventually declared the winner with 293 votes. Stephen Murray tallied 287 votes and Roy Meech mustered 191 votes. The presidential race was not announced until the next day because the vote was close and there were several (at least 4) students who voted at least

draw their nominations, leaving two others to vye for the spot.

The meeting then went in-camera to discuss the appointment of Council Chairperson. Council asked that the appointment be tabled until an interview had been held. The Executive had by-passed the interview procedure as the two hopefulls for the position are well known to the Executive.

Entertainment Committee

There will be a Saint Patrick's Day Comedy & Music Bash on March 17th, Tony Quinn is scheduled to appear in the cafeteria. Chris Elliot will be in the Quiet Lounge and videos will be played in the pub.

nal could incorporate and be free from financial blackmail by an antagonistic Council. (Not that the present one is threatening the paper, but the possibility of Council control exists which seriously jeopardizes the paper's integrity as a society and as a student media.) Council tabled the motion because it was felt that a decision of this nature required more investigation.

Student Awards Committee

Dave reported that the Committee has met over the past week and nominations for the various awards are being considered. The banquet has been set for Saturday, March 31. A buffet dinner will be served and

She also reported that the Residence Banquet will be held this Friday and the Report on Residence is completed.

Off-Campus:

The Off-Campus and Political Science Societies held a rather unsuccessful "Joint Smoker". Geoff reported that money was lost but exactly how much has yet to be determined. The snow storm was cited as the culprit for the lousy turnout.

International Students Rep:

Dave Philips reported the Carribanza festival wasn't well attended. He claimed that perhaps the event was not sufficiently publicized. He also claimed that there were problems with the quality of the food served. Saga, who does all catering service on campus, was not willing to permit students to do the cooking of the dishes, and as result, the food was not up to Caribbean standards. Dave said the event lost considerable money.

Commerce Rep:

Kim reported that elections for the executive positions of the Commerce Society will be held March 15, Accounting March 21, Data Processing March 28. Kim also reported that the Commerce Society Blood Donor clinic is set for Thursday and that they also plan a hockey tournament with a possible reception afterwards. The Accounting Society is hosting tax lectures on March 20th and 22nd and are having a broomball game on the 23rd between third and fourth year Accounting students and pros.

Frosh Rep:

Paige reported that the Frosh society held a successful outing downtown and that Chris Broomfield and Denis Duval are planning a "keg" party.

Grad Rep:

Steve said there will be a Grad Class meeting Monday and that plans for Grad week are coming along.

The meeting was quickly adjourned at 9:18 amid cheers of glee. Next meeting: March 25th.

twice. After consultation with lawyers, David Hendsbee declared David Philips the winner. Geoff Wilmhurst suggested that the by-law that sets out the guidelines for the election process be re-drawn to include more specific procedures.

David Hendsbee gave an update on the Council nominations. There are 8 students running for positions on the Senate, 6 for the Board of Governors, 2 International Student Rep candidates, 1 Off-Campus, 1 Residence, 2 Commerce, 2 Arts, 2 Engineers. Two students wished to run together for the position of Science rep but were told that this was unconstitutional. They may with-

Since the pub is a drinking establishment, underaged students will not be permitted entry.

Financial Advisory Committee

Council was asked to fund the Asian Studies and Sociology Societies to a tune of \$500 and \$760 respectively. They did.

Student Affairs Committee

Joc Osborne presented a motion that, if accepted, would make The Journal a more autonomous entity. Joe argued that Council should guarantee The Journal a fixed sum of at least \$6 per full time student and \$1 per part-time student. With this guarantee, The Journal

the entire event will be held in the Multi-Purpose Room.

Executive Reports

VP Student Affairs.

A SUNS Lobby Day will be held March 28.

Three teams of students will talk to various MLAs about Post Secondary Education. Any interested students are permitted to take part in the lobby process.

Councillors Report

Residence Rep:

Michele reported that elections for the executive of the Residence Society will be held Tuesday (now past). The Rice Party was a success with over \$400 raised. Proceeds go to the Disabled Individuals Alliance.

Residence Report Released

by Brenda-Leigh Fraser

After being circulated among SRC executive and residence administration, the "Report on Residence Concerns," by Dave Peters and Michelle Cox, was released on Sunday, March 11 at the council meeting.

Due to other pressing business, and limited time, very little was discussed about this re-

port. The matter will be taken up at the next regular council meeting at the end of the month.

Some of the areas of concern investigated were maintenance of stairwells, garbage chutes, heating, and building security. The report also dealt with the clarification some residence policies.

In many cases recommendations were made and have acted upon by the residence office. The stairwells have been scrubbed and are being painted. It is now a policy to have regular heavy cleaning in these areas.

The heavy cleaners have also been assigned to clean up the garbage chutes when necessary. The major problem in this

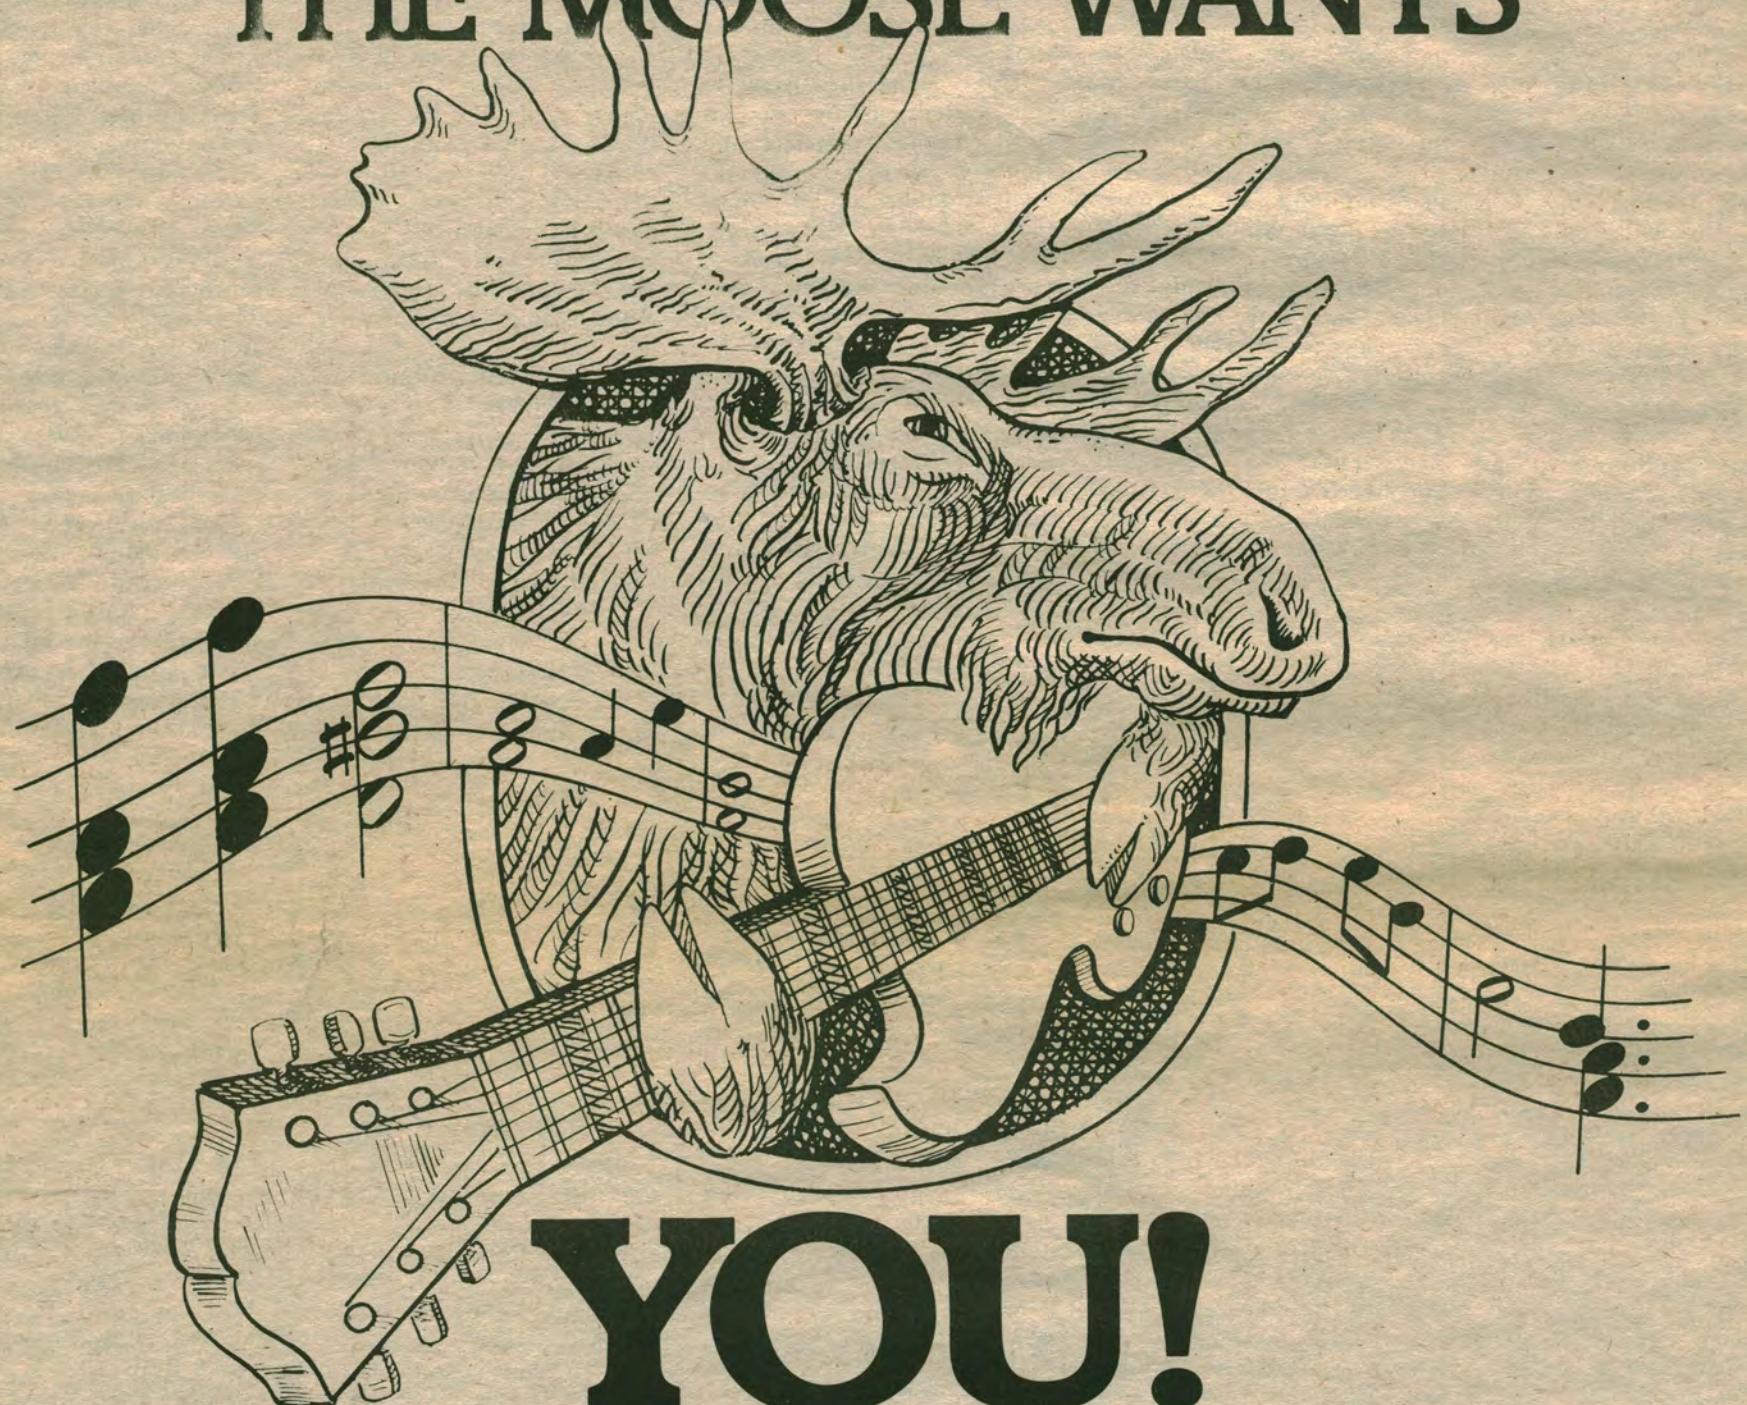

area was cited as being the students who don't use garbage and those who fail to tie them. It has since been learned that, in Vanier, an insufficient number of individual bags were provided. The authors of the report say that they and the residence office were unaware that this problem existed.

With regards to heating, it

was suggested that removing any articles from around the registers would alleviate the problem in rooms found to be too cold. It was brought up that there are serious structural problems in the buildings. These problems are not in the financial scope of the report's objectives.

THE MOOSE WANTS

YOU!

"ODE TO A MOOSE" SONG CONTEST

Five finalists perform March 20, 9 pm
at the Gorsebrook Lounge.

1st PRIZE — \$300.00 cash,
merchandise awards, dinner for two at
the restaurant of your choice in
Moosejaw, Saskatchewan.

2nd PRIZE — \$200.00 cash,
merchandise awards, dinner for one at
the restaurant of your choice in
Moosonee, Ontario.

3rd PRIZE — \$100.00 cash,
merchandise awards, 1 copy of the
Memoirs of Benito Mooselini.

Listen to Q104/FM for further details.
Surprise 'Mooster of Ceremonies' at
song contest finals.

CONTEST RULES

1. All entries must be accompanied with the following information: name and number in group, group leader, address and phone number.
2. Song cannot exceed a maximum of four verses with chorus.
3. Song may be performed with the accompaniment of a single instrument.
4. Entry must be sung to the tune of a recognizable song (ie: "Every Moose You Drink" sung to the tune of "Every Breath You Take" by The Police).
5. Entries must be deposited in entry box located in the campus pub.
6. Five finalists to be selected by contest judges.

National News

Liberals To Woo Youth Vote

OTTAWA (CUP) — A secret Liberal party film shown to party faithful in Halifax reveals that young will be key targets in the upcoming federal election.

According to Southham News, the Liberals plan to make "better use" of youth newspapers, including those at colleges and universities. The party will buy advertising space and give student journalists

greater access to cabinet ministers of interviews.

The 30 minute film implies the Liberals will use tax-payers' money to woo several major electoral groups — youth, women, urban middle class and ethnic voters.

But David Graham, an official with the newly created youth ministry, says he knows of no plans to woo the youth vote.

His statements contradict recent Liberal party moves. The federal throne speech in December introduces a new Youth Ministry, and according to influential Liberal senator Jaques Hebert, the ministry was a "simple and inexpensive" way to appease young people and gain their support.

Gordon Ashworth, a

spokesperson for the Prime Minister's office, which produced the film, confirmed the youth ministry will sponsor ads in student newspapers and inform student journalists of issues concerning their readers.

A January meeting between employment and immigration minister John Roberts and 35 student journalists from across

the country, flown to Toronto at tax-payers' expense, was not an example of Liberal campaigning for the youth vote, Ashworth said.

Roberts, a potential Liberal leadership candidate, said at the time the meeting was intended to publicize established programs dealing with youth unemployment.

Report

(continued from page 3)

In the policy section the issue of non-Saint Mary's dons and non-Saint Mary's residents was addressed. In the past there have been fewer SMU applicants than donship positions. Non-SMU dons hired at this time are being kept on, since they helped out in a potentially critical situation. New dons hired will be mostly SMU students. It is only after all Saint Mary's applicants have been screened that the non-Saint Mary's students applications are even considered. A slightly less qualified SMU student will be given preference over non-SMU applicants with higher qualifications. It is only if a Saint Mary's student does not meet the minimum requirements that a non-SMU student will be given the donship.

The residences are kept open for Saint Mary's students as long as possible before non-SMU students are accepted. It is uneconomical for some rooms to remain unoccupied in the event that not enough SMU students want to live in residence.

In the area of building security, the alarm system was clarified. Now that the smoke detectors have been installed the residence administration feels that the residences are the most fire-safe buildings in the area. When the bells are activated they shut off automatically after five minutes. This does not mean that it is safe to return to the building.

The doors of Vanier are easily opened by many people who don't live there since the same keys have been in use for five years. Over the summer the locks are going to be changed. This, along with stronger rules about receiving RS keys, should greatly increase the security in these buildings.

Mr. Fowler, director of residences, also suggested that there is a possibility of having the floors in Loyola each paint a mural in their own stairwell.

Joe Osborne, Vice President of Student Affairs, and David Hendsbee, President of the SRC, both agreed that this report was a large undertaking. They felt that Dave and Michelle had done a good job and should be applauded for their initiative. They expressed some concern over the fact that

the report lacked punch. They said that the report did not instill any fear in the residence office. They also expressed concern that the policy section did not contain any recommendations.

Dave Peters felt that it was not their responsibility to make suggestions in the policy sec-

tion. He said, "Our main aim was to get something done. We did not want some unrealistic report that would only get filed."

With respect to the lack of punch, Dave countered with the fact that they have always felt that conversation is better than confrontation. This was

the only way to make worthwhile changes, which is what they set out to do, and accomplished.

The report is now available for any students to read. If you wish to read it, contact Dave Peters, Michelle Cox, or drop by the residence society office.

Real Feminists Eat Quiche if They Want

By Nancy Naylor

Reprinted from the Silhouette
by Canadian University Press

Real feminists don't really like being pushed onto a soapbox all the time, but here goes...

Real Feminists would vote for Maureen McTeer over Mila Mulroney any day.

Real Feminists support the neutralization of the English language and know that words like chairperson sound perfectly natural after a little practice.

A Real Feminist hates to see her little sister skip her own swim practice to watch her boyfriend's hockey game.

Real Feminists hate it when they go out with people and run into blatant sexism on a billboard of a movie and all the men turn to them and say, "Well, aren't you mad?"

Real Feminists answer, "Aren't you?"

A Real Feminist has probably heard the line "The women's movement has no sense of humor" a million times and probably won't be impressed when you use that as a comeback when he or she points out that your sexist joke isn't very funny.

Real Feminists wonder why people who would never dream of repeating a racist joke have no such qualms about sexist humor which uses the same generalization process and perpetuates attitudes that are just as unfounded and just as damaging to all of us.

Real Feminists get depressed when they hear that for every dollar men earn, women earn 60 cents, and even when male and female wages in Canada are adjusted for age, seniority and qualifications, there is still a completely unjustifiable gap between 10 and 25 per cent.

Real Feminists get sad when they hear that one out of every five women in Canada will be sexually abused at some point in their life and one out of 17 will be raped.

Real Feminists know enough to be scared in the city after dark.

Real Feminists continually face the criticism that they don't speak for all women — that there are women who don't support and even oppose positions attributed to the Feminist movement collectively. Gosh, even Ronald Reagan has stated, referring to the huge, broadbased US Now, National Organization of Women, that he's not going to let a "few" outspoken women's libbers set the whole agenda on women's issues. But women are exposed to exactly the same socialization and conditioning process as men and being female doesn't grant any escape from the pressures to conform to certain roles

that are exerted by the media, the educational process and the social structures we live with. It takes a lot of mental energy to break out of those patterns of thinking. Many of the opinions of this Real Feminist have slowly reversed over the past few years with exposure to more and more information.

The final impact came when a course I was taking studied statistics relating to Canadian women in the welfare system and the labor force. The information came from the 1981 census data from Statistics Canada — not your average feminist lobby group. Real feminists aren't born, they're educated.

In short, Real Feminists are an incredibly diversified group. In any broad-based social movement there will always be an entire spectrum of approaches and responses to the problems being addressed. Martin Luther King and Malcolm X

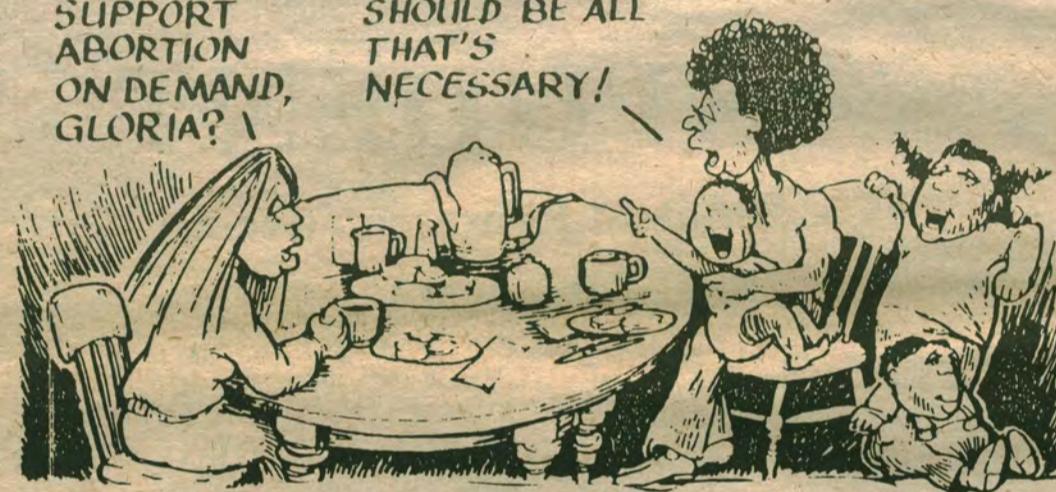

spoke for the same cause. The extremism of the latter in no way discredited the legitimacy of King and thousands like him. It should be easy to see the analogy between the civil rights movement and feminism. What is important to remember is the virtue of remaining open-minded — every person has his or her own story and opinions and they're justified in holding them. Real Feminists don't whine — they react to what they see around them in what they feel is the most appropriate manner. If some of these opinions seem extreme, there may be other versions that are more acceptable and less jarring. What must be kept in mind is that all are variations of the same theme and all contribute to achieving the same end goal — the elimination from our society of all forms of discrimination on the basis of sex.

THE PERSONALITY PROFILE

This Week: Mr. Kevin Cleary

by Brenda-Leigh Fraser

We're back! Sorry I missed you last week. This time we're visiting with the secretary to the Senate, Mr. Kevin Cleary.

Despite the fact that I showed up late for the interview, Mr. Cleary was very enthusiastic about the "profile".

On August 28, 1933 Mr. Cleary's parents were blessed with his arrival in Bishop's Falls, Newfoundland. This is where he grew up and went to school until the end of high school.

After high school Mr. Cleary headed off for McGill University, but got sidetracked by Saint Mary's.

He came here on scholarship and graduated in 1957 with a bachelor of Arts and again in 1958 with a Bachelor of Education. This was the first B.Ed. grad class ever to leave SMU with only four students. The other three are also still in education today.

At this time he took two years to go home to Newfoundland to teach in high school. Mr. Cleary left this experience to come back to Saint Mary's and gain a Masters degree in Education Administration in 1961.

Armed with his new degree he became the assistant to the Dean of Studies in charge of freshmen and part-time students.

In 1963 Mr. Cleary was appointed registrar, where he remained for ten years. There were only 600 Saintamarians when he started. During these ten years the size of the university enrollment climbed to 2500 full-timers.

After switching around to many staff positions, including assistant to the Vice President and alumni co-ordinator, Mr. Cleary finally ended up in his current position as Secretary to Senate. In addition to these duties he is also a liaison with many high schools.

While a student at Saint Mary's University Mr. Cleary was heavily involved in many areas. For a time he was a manager of the football team and even played for the Hockey Huskies for awhile.

His main interest and involvement was with the Drama Society. At various times he held the positions of president, stage manager, and moderator, while also acting.

In 1957 Mr. Cleary was presented with the Student Council's "Gold M" award.

Mr. Cleary remembers how the school was so much smaller in those days. The north wing of the McNally building was the residence.

In those Days the north wing of the McNally Building was the residence

The rules in the residences were very strict and well enforced, as the Jesuits lived on the next floor above the boys.

There was no gymnasium here in his first year and Mr. Cleary recalls how they climbed over the scaffolding around the site after bed-check at eleven o'clock.

The students used to pull some pranks, but were careful not to get caught. The boys often had water fights, which could have them expelled.

One year Mr. Cleary recalls the Senior Valedictorian being kept from graduating because he was caught "slightly inebriated".

If a student was over-cutting classes (four per semester) they were expelled from that class. When one boy was over-cut in Latin, the Journal staffers (Mr. Cleary was one) got together and wrote up his appeal to the Dean of Studies in Latin. This proved to be successful in that the boy was allowed to re-enter Latin class. The major drawback was that one of the staffers became over-cut in English because he missed a class helping to write the appeal.

When Mr. Cleary became registrar he got rid of the over-cut ruling.

... As long as the jeep didn't scratch the tiles...

One of Mr. Cleary's fondest memories of SMU is "The Buck". This was the nickname the boys gave to Father O'Donnell. This label came from his practice of charging one dollar, on the spot, if he caught you without a tie.

Mr. Cleary says at that time he was considered the "Daddy of Saint Mary's". Besides being the Dean of Men, he was also the director of athletics, a teacher in Latin and English, and the Moderator of the Journal.

Mr. Cleary fondly recalls another of the Buck's habits, which he describes as "most disconcerting". If Father O'Donnell came upon a poker game in progress, he would often reach in and take the pot. Mr. Cleary says that sometimes all they saw was this black-clothed hand coming over their shoulders, and their money was gone.

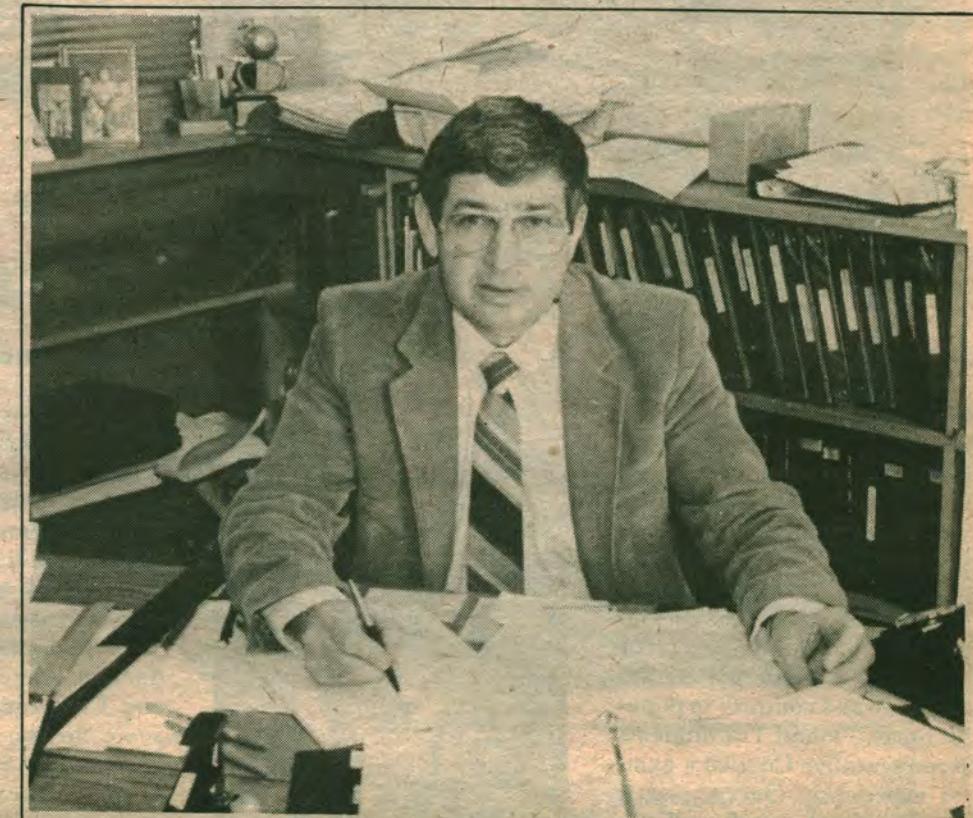

Some highpoints of Saint Mary's life in those days were the initiation, residence and the Drama Society. The initiation was a week long, with many events for the frosh.

Some of the plans for the frosh were that they had to wear odd shoes, and carry a shoe-shine kit complete with a raw egg. Anybody could get their shoes done. Mr. Cleary said they periodically got egg on their faces, courtesy of the older residents.

If the frosh got caught committing a misdemeanor they had it marked down on their card. At the end of the week a kangaroo court was held, where they had to pay their dues.

The annual downtown march was most embarrassing as they were all chained. Two of Mr. Cleary's buddies, Moose and Jack had some ways of fighting the system.

Throughout the week the boys had to run a gauntlet. Moose and Jack decided to take revenge on the broom and mop wielding seniors. At the end of their run they simultaneously punched the man on either side of them and ran.

Mr. Cleary recalls the city-wide search for them. They managed to hold out until after dark and they returned up back in residence.

The three boys went into the Green Lantern during the march to shine shoes. Together they did several customers' shoes in two different colours.

One of Mr. Cleary's favourite aspects of SMU was the international mix in residence. His roommate, who now lives in Ottawa, was from Bagdad. He says this was a rewarding experience for him.

I'm not sure if the students can learn to drink reasonably

The best fun he had was in the Drama Society, putting on such plays as "Stalag 17", "Harvey", "Journey's End", and "Tea House." For one of the plays the set required a jeep on stage. Mr. Cleary drove it down the gym steps and was told that he would be expelled if he scratched the tiles.

There was a lot of rivalry between Dalhousie and Saint Mary's at that time. They made so much noise on the bus to the forum to see the games that they were forced to take the back roads.

Mr. Cleary would like to see a Rhodes Scholar in the future for SMU. He feels that students are "more serious now in pursuing their education."

Mr. Cleary would like to see the new recreational facility to be more culturally oriented. He says, "Hopefully it will not be just another gym." He is looking for it to be geared toward the everyday student not necessarily athletes. "One of Saint Mary's biggest needs is for Joe Student to have a place to go to get some recreation."

It seems fairly sure that Mr. Cleary's future will remain close to SMU. He is married and has five children. His oldest is a girl, Stephanie, in her second year of science at Saint Mary's. Kevin Jr. is 17 and in school at J.L. Illsley High. Cynthia and Caroline are 15 and 14 and both in Canard Jr. High. The youngest is eleven and in grade school.

Mr. Cleary is the baby in his own family. Unfortunately both his parents are deceased. He has two sisters and one brother now living in Newfoundland and another brother in Ottawa.

I asked Mr. Cleary what he thought of having the pub on campus. He says he's not sure if the students can learn to drink reasonably, but that's a part of present day society.

Although he very rarely visits the Gorsebrook Lounge he thinks it is a good opportunity for faculty and students to mix. "There's an atmosphere of friendliness. It is a peculiarity of society that we can't talk unless there's a beer between us."

Overall Mr. Cleary is impressed with Saint Mary's and expects his future to be wrapped up in what happens here. He thinks that Dr. Ozmon is doing a great job. "This is one of the best undergraduate universities in Canada."

"This is one of the best undergraduate universities in Canada"

I came to feel that Mr. Cleary is dedicated to his job and to SMU. The feeling of warmth he has for the university is evident when listening to him recall SMU of the past or in discussing us as we are today.

Council Representative, Senate,

SCIENCE STUDENTS:

HELLO, my name is PAIGE PETTIS. I am running for the position of SCIENCE REPRESENTATIVE.

I am presently in my first year at Saint Mary's University in the Faculty of Science. The past year I was actively involved in numerous events and activities at S.M.U. Last fall I was elected Freshman Representative and contrary to popular belief, I found The Students Representative Council a gainful experience. Over the past year I was a member of the Winter Carnival Committee, Student Affairs Committee, Political Science Society, and the Freshmen Society. I also had the opportunity to work with those students who have been recently to the 1984-85 Students Representative Council Executive.

The duties of the S.R.C. Representatives are as follows:

- 1) The duties specified or implied in the Constitution and the By-Laws of the Association
- 2) (a) act as liaison between their particular constituency groups and the S.R.C. as a whole;
- b) represent the views & interests of societies constituted under By-Law 2 and active within their constituency groups, with due regard to the concerns and interests of the membership of the Association as a whole;
- c) represent the interests of any individual within their constituency, with the S.R.C., the Administration of the University, and the Faculty;
- d) fulfill the functions designated under Section 2(c) on behalf of any Association member when specifically requested to do so;
- e) sit on at least one S.R.C. committee as a non-executive member of the same;
- f) be an ex-officio member of any society mentioned in Section 2(b).
- 3) From time to time the S.R.C. may designate such duties in addition to the

above that do not conflict with the provisions of the Association's Constitution, provided the Representative in question willingly accedes.

For more information on the S.M.U.A. Constitution and S.M.U.A. By-laws refer to your students' handbook.

The election days are Monday, March 19, and Tuesday, March 20, 1984. I urge you to support someone with experience.

VOTE PAIGE PETTIS FOR SCIENCE REPRESENTATIVE THIS MONDAY & TUESDAY.

**THAN YOU,
PAIGE PETTIS**

Dear Fellow Arts Students,

My name is Geoff Wilmhurst and I have been nominated for the position of Arts Representative on the SRC.

This past year I have been active in many areas on campus. I presently sit as Off-Campus Rep on council. I have also been involved with Senate Committee work. I also hold the position of President of the Political Science Society. I therefore feel that I have the necessary experience for the job.

The return of an active Arts Student Assembly will be my main priority. This organization has been allowed to die in the past year and it is imperative for Arts students that it be resurrected. This body can play an important role in bringing all Arts students together.

Another priority will be to see the growth of all Arts societies as well as the establishment of others in departments lacking societies. I will work closely with all societies to achieve this goal.

As your Rep I will be your voice on council. I will be a strong voice. Vote for experience. VOTE GEOFF WILMSHURST for Arts Rep on March 19th and 20th.

**Sincerely,
Geoff Wilmhurst**

To the Students of Saint Mary's,

My name is Cynthia Otto. I am running for a position on the Board of Governors.

Effective and responsible representation of students is essential on the Board of Governors. I can provide this much needed representation.

I will be entering my graduating year at Saint Mary's and I am eager to work once again for the students of this University. So vote Cynthia Otto for the Board of Governors.

**Thank You
Cynthia Otto**

Hello, my name is Bob Burchell. I am one of the nominees for SRC REP for Engineering. I am attempting this for two main reasons. The first reason is that over the past few years the name of "Saint Mary's Engineers" has been badly tarnished if elected I plan to try to clean up this image by drawing more attention to the worthwhile deeds we do, i.e., the talent show with proceeds going to the school for the blind. The second reason is to try to tone down the recent amendment in school policy towards Engineers. Some reform is necessary but the degree of change proposed is intolerable and is going a bit overboard to try to deal with the problem of too many engineers graduating each year.

I would greatly appreciate your vote in the upcoming election.

**Thank you
Bob Burchell**

Hi, my name is Craig Carnell and I am running for Student Representative on the Academic Senate.

I am enrolled in the first-year of the Commerce program here at SMU. I graduated from Queen Elizabeth High School in 1978, after which I worked two years full-time at CP Rail Marketing & Sales. In the Fall of 1983, I graduated from Dalhousie University with my B.A. in History.

During 1983, I served as Student Representative on the Academic Senate of Dalhousie University. I am presently President of the SMU Progressive Conservative Youth. I am also a member of the Canadian Association of Young Political Leaders (CAYPL).

If elected as your Representative on the Senate, I will work towards the implementation of the following REFORMS:

1. That no exams should be held in the last two weeks of classes without the approval of students.
2. That a comprehensive and standardized system of course evaluations be conducted on campus. The results of such an evaluation should be published and distributed to every student at St. Mary's.
3. That a Fall Convocation be reinstated for graduating students who miss the Spring Convocation in their graduating year.
4. That the present fee system be changed for the BENEFIT of students. At present, any student enrolled in more than 2 courses is required to pay full-time fees. This system DISCRIMINATES against Part-Time Students, who are forced to pay \$1500 - (Full-Time Fees) - for only 3 courses. I support a new fee system whereby students will pay for the number of courses which they take.

OR

That there should be a one-week study break between the last day of classes and the beginning of the scheduled exam period.

Hi.
Remember me?

I ran unsuccessfully for the President of the Association on March 5th and 6th. My name is Stephen Murray and I am running for a seat on the Board of Governors. Please support me in the upcoming election on March 19th and 20th.

**Thank-you.
Stephen C. Murray**

Hello, my name is Norman Allum Poon and I am a candidate for the position of International Student Rep. on the SRC. I am from the country of Trinidad and Tobago. I intend to work hard on behalf of my fellow international students and to fairly represent their views and interests in such areas as differential fees, society funding, and residence difficulties.

I would like to encourage you to come out and vote for your representative on March 19th and 20th.

**Respectively yours
Norman Allum Poon**

Board of Governors Nominees

Hi, my name is Dave Smart. I'm running for commerce representative on the SRC. I'm presently in my second year of commerce with as yet an undecided major.

The commerce student body has more members in it than any of the other faculties combined. If elected I hope to give commerce students the representation they deserve to be the most powerful student body in this university.

**Thank You
Dave Smart**

Hi, my name is James Collicutt and I am running for a position on the Academic Senate. I am a third year science student majoring in Chemistry and Mathematics, and next year will be completing a combined honors in these subjects. Some of you may know me as a Residence Don, scholarship student, or laboratory demonstrator.

My reasons for offering for this position are simple. Saint Mary's has been good to me and I wish to contribute something back to the university before I leave. Also I have a vested interest in insuring that the university's standards (academic or otherwise) be upheld or improved.

If elected to the Senate, I will support and work for the following:

- 1) Higher academic standards so that the "real" value for our degrees is increased.
- 2) Increased support and encouragement of research in all university faculties leading to more meaningful employment opportunities for students within the university.
- 3) Faculty-student course evaluations or at the very least faculty-faculty course evaluations on a formal basis.
- 4) Improved freshman orientation/awareness programs perhaps involving some form of student to student outreach program.

Sincerely,
James Collicutt

Fellow Santamarians;

My name is Lisa Eresuma and I'm running for a position on the Academic Senate.

I feel that as your new Vice President Student Affairs for the 1984-85 year that it would be beneficial to you the student if I were to hold a seat on the Senate.

The position requires liaison between the students through the SRC and the Senate, as the Senate regulations affect every student on campus.

One of the problems which arose this past year is the length of the first semester. As a result of lack of knowledge in the area that the first semester is not as long as the second, we now only have eleven days of Christmas break rather than the usual three weeks. This is one of the major problems that I would like to address as it affects any student who wishes to go home for the break. Perhaps one way that we could correct this problem is to start earlier in September, but this is where I will need everyone's input.

I wish to end this letter by thanking everyone who supported me in the past election and I look forward to working

with you in the upcoming year, and I also look for your support in the upcoming election so that I may be in a better position to help you all the more.

Sincerely yours,
Lisa Eresuma

Hello,

My name is Lorraine Weatherbee. For the 1984-85 academic year I am running as a student representative on the University Board of Governors and the Senate. I feel student representation on these two boards are very important to you the student. After all it is where the decisions are made which affect you financially and academically. I feel that I am one of the students running for these boards who can represent you on these issues.

I am a second year Arts student majoring in Psychology. My first year at Saint Mary's, I was with the campus police on the reserve force. This year I am a residence Don and hope to be a Don next year, my graduating year.

If elected to the Board of Governors and/or the Senate, I will make my voice heard on the issues concerning the people I am representing.

Remember, exercise your voting rights on the 19th, 20th March in the Collonade.

**Thank You for your
Anticipated Support**
Lorraine R. Weatherbee

Fellow Students,

My name is Mary Kelly and I am running for a position on the Senate and the Board of Governors. At the present time, student representation in each body is greatly outnumbered: there are five students in the Senate and four students on the Board of Governors. The purpose of the Senate is to make decisions concerning the academic policy of the university. The Board of Governors meet to discuss the major administrative policies of the university.

Because the student input on each body is limited, the students that we do elect must be able to go out to the students and see what they would like to have accomplished during the 1984-85 school year. If I become a member of the Senate, and the Board of Governors, I will ensure that this becomes my main goal for next year. Thank you for your time.

Mary Kelly

Dear Fellow Students:

My name is Shirley Buckler and I am running for Student Representative to the Board of Governors.

As a Student Representative I would bring to the position 34 years experience (the past nine at Saint Mary's) which I feel would be extremely valuable in furthering the interests of the students and the University community as a whole.

Like most students, I am concerned with the rising cost of education, the need for more scholarship funding and more emphasis on the quality of education at this institution. To that end, I pledge to work diligently on your behalf.

I would appreciate your support in the upcoming election and, if you have any questions or suggestions as to how I can best represent your interests, please do not hesitate to call me at home, 443-7460 (after 6 p.m.) or at work, 429-9780, Ext. 160.

Yours sincerely,
Shirley E. Buckler

THE REFERENDUM

You and Your Student Association Fee

The students of Saint Mary's University will be asked to vote on the upcoming referendum question concerning a possible increase in their Students' Association Fee.

This Fee increase is being requested by the SRC because of the financial stress that they have been experiencing in recent years.

The amount of the increase which the SRC is requesting is \$9.18. The present Students' Association Fee is \$86.56; however, this figure is somewhat misleading. The actual Students' Association Fee is \$55.82. The Health Plan (Blue Cross) is charged and administered by the University Administration. This fee is attached to the students' fee and not the University's tuition fees.

Therefore, the proposed increase with the actual Students' Association Fee will amount to \$65.00.

This amount is compared with other University Student Union fees in Table 1.

Inflation has taken its toll

The SRC is the governing body of the Students' Association which determines policy and makes regulations to oversee the affairs of the Association.

The Students' Association Fee is required to support an extensive program of activities which are organized by the student government.

The SRC has to maintain office operations, pay salaries for three full-time staff members, pay student honoraria and wages, fund operating grants to the Journal, CFSM Radio and the numerous student societies and provide for extra-curricular activities for the students' enjoyment.

The breakdown of the present Students' Association Fee is shown in Table 2.

In recent years, the SRC has been experiencing many problems that have placed a considerable strain on its financial resources.

The main problem that the Students' Association faces is increasing costs. In these economic times, rising costs have affected all organizations and the Students' Association is no exception. Inflation has taken its toll. In order for any organization to remain afloat, it must keep ahead of the spiral effect of rising costs. The Students' Association has not had an increase in its fees in well over seven years. (With exception to the Health Plan benefits package and the CFS referendum). Over the same period of time, the University's tuition fees have increased considerably. See Table 3.

Costs such as administrative salaries, student wages, office supplies, equipment costs and leases, office expenses, increasing media (The Journal and CFSM) production costs and other sundry operations have placed major limitations onto the council's fixed resources.

The SRC must allocate its scarce resources to cover all of their obligations.

The student government can only slice a pie so thin until something has to be cut out. An example would be the University Directory of all student names, addresses and numbers.

The SRC has little in ways of working capital at its disposal.

The last couple of years, the SRC has, and still is, experiencing cash flow difficulties and thus had to exercise fiscal restraint.

The flow of cash is actually non-existent at times when the SRC is faced with monthly payables, bi-weekly

payrolls, society grants and program funding while awaiting for instalments of the Students' Association fees from the University Business Office.

The situation with the Business Office is that the University, on behalf of the SRC, collects the Students' Association Fee and pays the SRC in four predetermined instalments.

The SRC receives 40 percent of its fees in late September; 10 percent of the fees in early November, 40 percent in late January and the remaining 10 percent in Early April. The SRC does not receive any accumulated interest from the outstanding instalment payments.

In regards to the Students' Association's administrative salaries, the SRC has three full-time staff positions to provide for. They are the Business Administrator, Director of Liquor Services, and the Executive Secretary/Assistant Accountant. Their salaries include employee benefits such as UIC and CPP charges, vacation pay, and a comprehensive health plan. The individuals in these positions have changed over the past few years, and in order for the SRC to attract and hire more competent personnel, higher salaries had to be offered.

Expenses such as office supplies, services, and equipment have been becoming more expensive every year to maintain. The SRC is not immune to these everyday increasing costs.

As shown in the Students' Association's Fee breakdown schedule, the fee has been allocated to cover areas of predetermined financial obligations.

With the residual of \$7.84, that the SRC has at its disposal, it must fund a variety of programs and functions, such as society grants, Yearbooks, Handbook, CFSM Radio, professional fees (auditors and lawyers), Orientation, Winter Carnival, Charter Day, Grad Week and other functions.

The SRC has to fund several student organizations, societies, clubs and each of their prospective activities.

There are just under 50 societies that are registered with the Students' Council. To date this year, half of societies have applied for and have been granted some operating funds. Whereas the other societies have not applied for funds or are not active this year.

In past years, the SRC has given, in total, society grants of \$5891 in 1980-81, \$9321 in 1981-82, \$11,260 in 1982-83, and so far to date in 1983-84 \$14,575.

At Dalhousie, their Student Union allows the societies to charge a compulsory membership fee. The fees vary from \$5 to \$150, but the majority fall into the \$10 to \$20 range.

Experiencing cashflow difficulties and thus had to exercise fiscal restraint.

The Gorsebrook Lounge and Games Room do generate a modest profit. But the business income from them do not contribute enough to provide for all the demands that are required upon the Students' Association.

Entertainment functions and special events are planned to break even or provide a marginal profitability but this depends on the turnout in attendance to these functions, therefore they are a risky business.

Comparison of Student Union Fees

Acadia	\$100 (no Health Plan)

RENDUM QUESTION

Students' Association Fee

Students have asked the question - "Where does the money go?"

The Student Council do have financial obligations and it must pay the expenses that have been incurred by its agents and predecessors. Debts such as bank loans, outstanding payables, Yearbooks, leases and others must be honored.

The Students' Association's audited financial statements are available for anyone's perusal, but to show them here would be cumbersome and they do not deserve to be lightly treated with inappropriate analysis and depth. In the future, the recommendation to Council is to have the audited statements printed for public reference in the campus newspaper in the first semester of every new academic year.

Stimulate the initiative expressed by societies, instead of stagnating their efforts.

Different viewpoints have been expressed about the SRC's management of its resources. The SRC, as stated, must commit funds to the certain areas of its operations and with increasing costs, the Council has less and less to work with each year in ways of expanding services.

The functioning of a students' newspaper is important to a campus. This media is essential, but it costs the Students' Association at least \$15,000. In the near future, possibly the start of next year, the Journal will put a referendum question forward asking for financial autonomy. This would allow the Journal to become financially responsible to the students.

Another area of criticism is the funding of \$8,000.00 to the CFSM Radio Station.

This past semester, the Radio Station has formed a Board of Directors that will overlook the operations of the station. This year, CFSM have made some technical improvements and it now can be heard in the Games Room, the Student Center cafeteria, and even all the Residences. (Just try it, 550 AM, you'll be surprised). The next project before the end of the semester is to overcome technical problems in the Residence cafeteria and they plan to have a major promotional blitz of trying to have a greater student awareness of their own campus radio.

The SRC has decided to withhold a referendum on the Radio stations existence and it has given CFSM one last chance to prove themselves worthy of the students fees.

Another area of concern is the Health Plan. As stated, the Health Plan is administered by the University. Students have expressed some discontentment with it and a majority of the students do not pick up their cards for their use.

The SRC is having continued negotiations with Blue Cross and the Administration is trying to have a plan package that is useful and affordable to the students. Saint Mary's does have the most comprehensive coverage of all University Health Plans in the province, if not, the Maritimes. (By the way, you can obtain your Blue Cross Health Plan cards from the Health Services on the 4th floor Student Center. They expire August 31st, 1984).

The next question is what will the SRC do with the additional funds if this referendum passes.

Well, first of all, it will make the SRC breathe a little easier in terms of more funds to exercise with less cashflow difficulties.

The Student Association will be given the opportunity to be more flexible with funds for different needs.

The Fiscal Advisory Committee (FAC) can exercise more flexibility in order for a greater number of societies to receive more grants. Therefore, be able to fund more society activities and stimulate the initiative expressed by the societies, instead of stagnating their efforts.

The SRC can look at subsidizing entertainment (bashes) prices and provide more alternative programming such as film series, guest speakers and lecture series, exhibitions, concerts and shows, and other academic related programs.

The Students Council is now considering possible Pub expansion in size and provision for satellite television and T.V. Screen, however, at this time with the present fees and cashflow difficulties, financing would be difficult. High debt financing would be required.

Also at the same time the Games Room atmosphere and equipment can be improved.

And finally, the SRC has considered the idea of setting up a development fund that can allow for capital improvements; a contingency fund for unexpected losses; and a scholarship/bursary fund for students in financial need.

But in order for the SRC to overcome its financial difficulties and provide more services to you, the students, the Students' Association Fee must be increased. The proposed increase of \$9.18 will not solve all the problems but it is a sure start on the road to recovery.

The ability of the Students' Association to function is dependant upon its major sources of revenue - its fees.

You may be discontent with the people in the SRC at times, and with their actions, but they are responsible to you - the students - and you get to change the persons in office with your vote at the ballot box and you can elect others who you may feel are more appropriate for the job, but impeding the Students' Association financially is not the way to register complaints.

The Students' Association can not continue to grow with a limited fee.

You may ponder what did the SRC do for each and every student of this university in the past year.

Last summer the Board of Governors met to decide on a tuition increase. Your past students reps. on the Board and past student presidents, Mr. Bruce Cooke, and Mr. David Hendsbee were able to persuade the Board to lower the 1983-84 tuition fee increase, resulting in a \$20 saving for each student.

This is just one example of the importance that the Students' Association must continue to exist and it is there to represent and provide a service to you, the members - the students of Saint Mary's University.

Please give the Students' Association and your SRC the chance to do more things for you and do them better. The Students' Association can not continue to grow with a limited fee. Invest in your best interest.

Vote Yes to the referendum question on Monday and Tuesday, March 19th and 20th.

RENDUM QUESTION

Students' Association Fee

Students have asked the question - "Where does the money go?"

The Student Council do have financial obligations and it must pay the expenses that have been incurred by its agents and predecessors. Debts such as bank loans, outstanding payables, Yearbooks, leases and others must be honored.

The Students' Association's audited financial statements are available for anyone's perusal, but to show them here would be cumbersome and they do not deserve to be lightly treated with inappropriate analysis and depth. In the future, the recommendation to Council is to have the audited statements printed for public reference in the campus newspaper in the first semester of every new academic year.

Stimulate the initiative expressed by societies, instead of stagnating their efforts.

Different viewpoints have been expressed about the SRC's management of its resources. The SRC, as stated, must commit funds to the certain areas of its operations and with increasing costs, the Council has less and less to work with each year in ways of expanding services.

The functioning of a students' newspaper is important to a campus. This media is essential, but it costs the Students' Association at least \$15,000. In the near future, possibly the start of next year, the Journal will put a referendum question forward asking for financial autonomy. This would allow the Journal to become financially responsible to the students.

Another area of criticism is the funding of \$8,000.00 to the CFSM Radio Station.

This past semester, the Radio Station has formed a Board of Directors that will overlook the operations of the station. This year, CFSM have made some technical improvements and it now can be heard in the Games Room, the Student Center cafeteria, and even all the Residences. (Just try it, 550 AM, you'll be surprised). The next project before the end of the semester is to overcome technical problems in the Residence cafeteria and they plan to have a major promotional blitz of trying to have a greater student awareness of their own campus radio.

The SRC has decided to withhold a referendum on the Radio stations existence and it has given CFSM one last chance to prove themselves worthy of the students fees.

Another area of concern is the Health Plan. As stated, the Health Plan is administered by the University. Students have expressed some discontentment with it and a majority of the students do not pick up their cards for their use.

The SRC is having continued negotiations with Blue Cross and the Administration is trying to have a plan package that is useful and affordable to the students. Saint Mary's does have the most comprehensive coverage of all University Health Plans in the province, if not, the Maritimes. (By the way, you can obtain your Blue Cross Health Plan cards from the Health Services on the 4th floor Student Center. They expire August 31st, 1984).

The next question is what will the SRC do with the additional funds if this referendum passes.

Well, first of all, it will make the SRC breathe a little easier in terms of more funds to exercise with less cashflow difficulties.

The Student Association will be given the opportunity to be more flexible with funds for different needs.

The Fiscal Advisory Committee (FAC) can exercise more flexibility in order for a greater number of societies to receive more grants. Therefore, be able to fund more society activities and stimulate the initiative expressed by the societies, instead of stagnating their efforts.

The SRC can look at subsidizing entertainment (bashes) prices and provide more alternative programming such as film series, guest speakers and lecture series, exhibitions, concerts and shows, and other academic related programs.

The Students Council is now considering possible Pub expansion in size and provision for satellite television and T.V. Screen, however, at this time with the present fees and cashflow difficulties, financing would be difficult. High debt financing would be required.

Also at the same time the Games Room atmosphere and equipment can be improved.

And finally, the SRC has considered the idea of setting up a development fund that can allow for capital improvements; a contingency fund for unexpected losses; and a scholarship/bursary fund for students in financial need.

But in order for the SRC to overcome its financial difficulties and provide more services to you, the students, the Students' Association Fee must be increased. The proposed increase of \$9.18 will not solve all the problems but it is a sure start on the road to recovery.

The ability of the Students' Association to function is dependant upon its major sources of revenue - its fees.

You may be discontent with the people in the SRC at times, and with their actions, but they are responsible to you - the students - and you get to change the persons in office with your vote at the ballot box and you can elect others who you may feel are more appropriate for the job, but impeding the Students' Association financially is not the way to register complaints.

The Students' Association can not continue to grow with a limited fee.

You may ponder what did the SRC do for each and every student of this university in the past year.

Last summer the Board of Governors met to decide on a tuition increase. Your past students reps. on the Board and past student presidents, Mr. Bruce Cooke, and Mr. David Hendsbee were able to persuade the Board to lower the 1983-84 tuition fee increase, resulting in a \$20 saving for each student.

This is just one example of the importance that the Students' Association must continue to exist and it is there to represent and provide a service to you, the members - the students of Saint Mary's University.

Please give the Students' Association and your SRC the chance to do more things for you and do them better. The Students' Association can not continue to grow with a limited fee. Invest in your best interest.

Vote Yes to the referendum question on Monday and Tuesday, March 19th and 20th.

Record Reviews

"Guitar Alley"

Santers

Santers is a group of three Canadians who, along with Rush and Triumph, rate among Canada's leading hard-rock trios. Unlike the other groups mentioned, though, Santers show a more consistently melodic style. Producer Rich Emmett (Triumph's guitarist) does a fine job in

bringing out the best in the brothers Santers and Rick Lazaroff.

Although their music can be described as melodic, Santers can rock along with the best of their contemporaries. Just listen to Rich Santers' rhythm guitar playing over the pile-driving bass laid down by Rick Lazaroff (bass) and Mark Santers (drums). Put on "Too Young to Die" from the album and you'll know what I mean.

Their original material may

by Carter Newson

be enjoyable, but they shine best when they do their version of Free's "All Right Now", which happens to be one of the album's longest and strongest cuts. It features a great bass solo, scorching power chords and the kind of singing that you've probably come to expect from a swaggering heavy metalist.

All in all, "Guitar Alley" stands as an impressive effort that Santers can be proud of. If you're a heavy metal freak that has yet to hear any Santers material, "Guitar Alley" is a great place to start.

"Somebody's Watching Me"

Rockwell

First of all, by looking at the liner notes and credit list, the "Rockwell" moniker appears to apply to a person, not a group. Whoever this Rockwell guy is, he seems to have quite a big going for him. He receives lots of help from the folks at Motown. On "Somebody's Watching Me", we hear backing vocals by some guy named Michael Jackson. After all, Jackson needs the money, otherwise he may go broke in 30 trillion years!

Another curiosity is the inclusion of an updated funk version of the Beatles' "Taxman", the rest of "Somebody's Watching Me" is filled with competent funk, and boasts

hook-laden synthesizer lines and clever lyrics, especially on such tracks as "Obscene Phone Caller".

With the support that Rockwell receives from all the Motown people, and that Jackson kid (what was that first

name again?), Rockwell appears to be destined to break into the market in a big, big way. If you're interested in what direction funk is taking these days, "Somebody's Watching Me" is definitely recommended.

Summer School Students:

Two girls are looking for someone to share their apartment for the summer. This apartment is in the residence and will be occupied directly from classes. Students who are planning to attend summer sessions are preferred. If interested please call Sue at 429-2153 or Brenda-Leigh at 429-7148.

Hello World.

We (never mind who) are starting a club of people who prefer Q-104 to any other radio station. Members must like such groups as Led Zed, Floyd, Ozzy, and maybe Kiss (for Lucy). There is a limit to registration, so please hurry and send your applications to the S.H.I.T. (Start Hearing Intelligent Tunes) club in care of the Journal. First meeting to be held soon.

Aroused**Sixteen Four Five:**

I'm getting curious about your Interest Rate. I wonder when I'll find out if it's high or low; maybe Friday???

Confused Commerce Student**Attention!!**

My name is STICKY, I don't go to any of my classes. I have a 140 I.Q. and I am going to pass all of my courses.

Waiting for Exams

Editorials

Dear Students;

It has come to my attention that a number of petitions have been circulating throughout this institution regarding last week's SRC presidential election. It seems that the parties involved are unhappy with the voters choice for president; also they seem a tad upset over the manner in which the election was conducted. Apparently, the result was too close for their liking; with pen and paper in hand they are storming the residences seeking enough signatures to force a re-election.

Frankly, these tactics smell strongly of racism and prejudice! The persons responsible should be reminded that this is 1984, not 1960! The students who cast their ballots on March 5th and 6th obviously have recognized this and have looked past skin colour to chose a president to represent them. I wonder how many students who have signed the said petitions even bothered to vote when they had the chance. To me, it's the same as crying over spilt beer, or something to that effect. The students have made their choice and the election committee has made a ruling. The Decision must stand! Democracy demands it!

Sincerely
Dale Rafuse
Student Senator

Dear Editor:

On Friday, March 9th, 1984 the Academic Senate reintroduced the Course Evaluation Questionnaires that had been discontinued in 1980.

What does this mean to Joe Student? It means that the student can now relay to both Faculty and Administration, his/her opinions on a course and its instructor. No longer will a course be evaluated by administrative personnel solely on the basis of hearsay, attendance and unusual shifts in grad point averages. Now the students - who are the users, or in Economic terms, CONSUMER - will be able to give feed-

back to the supplier of the services, in this case, the University and its employees. This concept of consumer response is the basis of selling a product or company image in the so-called "REAL WORLD". It is about time that the University realized the business concepts and practices do apply to this NOT-FOR-PROFIT organization.

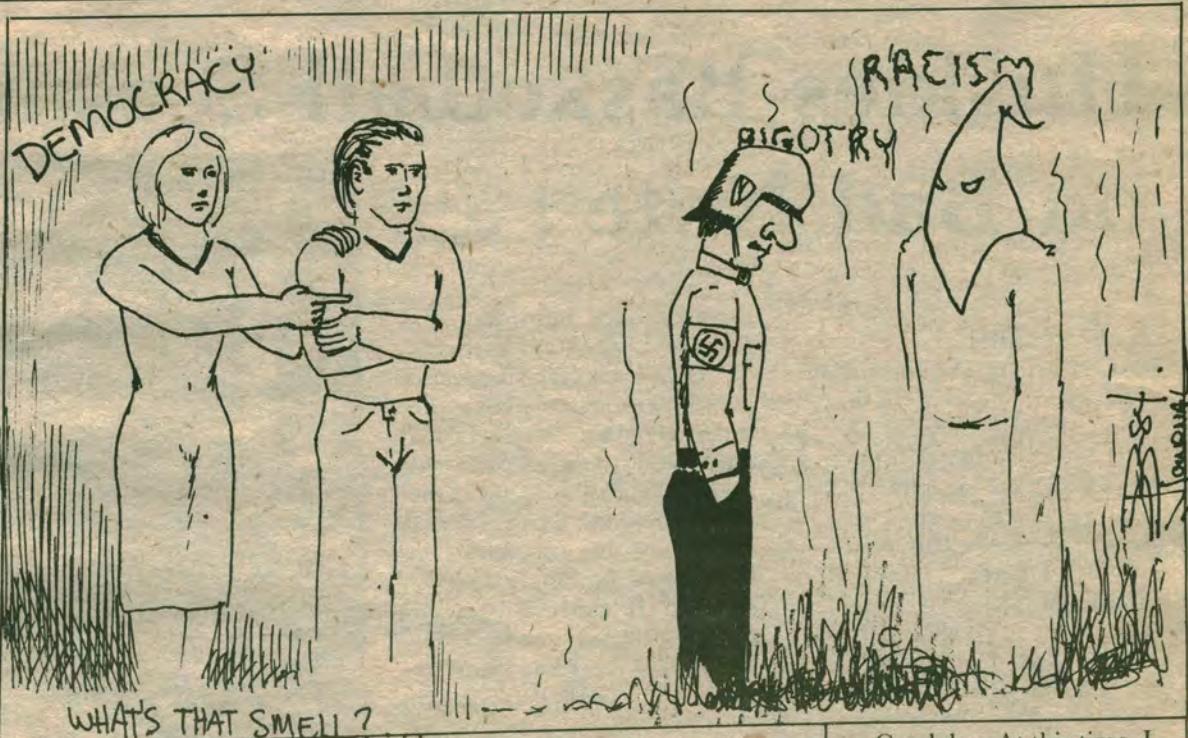

Now if only the University could do something to encourage the professors to return mid-term exams, projects, assignments, etc., to the students before the "LAST DAY OF WITHDRAWAL" in this case MARCH 15TH. (see Academic Calendar page 93).

Dear Sir

I am writing this letter in response to one that was published in the last issue of the Journal. The letter was supposed to be a justification for CFSM's poor management.

The only thing it showed was that CFSM was being run by an incompetent staff. CFSM is one of the University organizations and should start acting like one. I believe that Dave Peters had every right to complain about the difficulty he had in obtaining the stereo equipment which was rented from CFSM. I know what Dave went through to finally get the stereo because I too have had the same experience on more than one occasion.

During the recent Winter Carnival the stereo was booked in advance for the Grad Broom-ball Party. My roommates and I were asked as a favor to Dee Jay at that function. On arriving at the Sub-Caf we discovered that the stereo system was no where to be found. On confronting the person on duty in the CFSM office at the time, he claimed that he knew nothing

It is extremely important to a student to know whether or not continuance in a course is going to be non-productive (not getting an acceptable grade). Con-

trary to popular belief not all students have a 4.00 GPA.

Richard Russell
Student Senator

about the equipment being rented that weekend. Anyway he said that we could have it and on inspection of the stereo we discovered that parts were missing. The station manager, Alan Murphy, who supposedly had the missing stylus was also missing. About 30 minutes later the uncouth Mr. Murphy decided to show up and presented us with the elusive stylus only to leave us to discover that the jacks for two of the four speakers were also missing, needless to say we had many complaints that the music was not loud enough.

The most recent incident occurred last weekend. The stereo was rented by the Caribbean Society for their Annual Caribanza Dinner and Dance. Needless to say the jacks had not been replaced as yet, leaving the Caribbean Society to end up paying \$40 for the acquisition of a new pair of jacks over in Dartmouth at the last minute.

These are just two incidents for which CFSM was responsible. The argument that Mr. Taylor made on behalf of CFSM in last week's Journal

was entirely irrelevant, irresponsible and immature and its about time that CFSM shapes up.

Thank you for your co-operation.

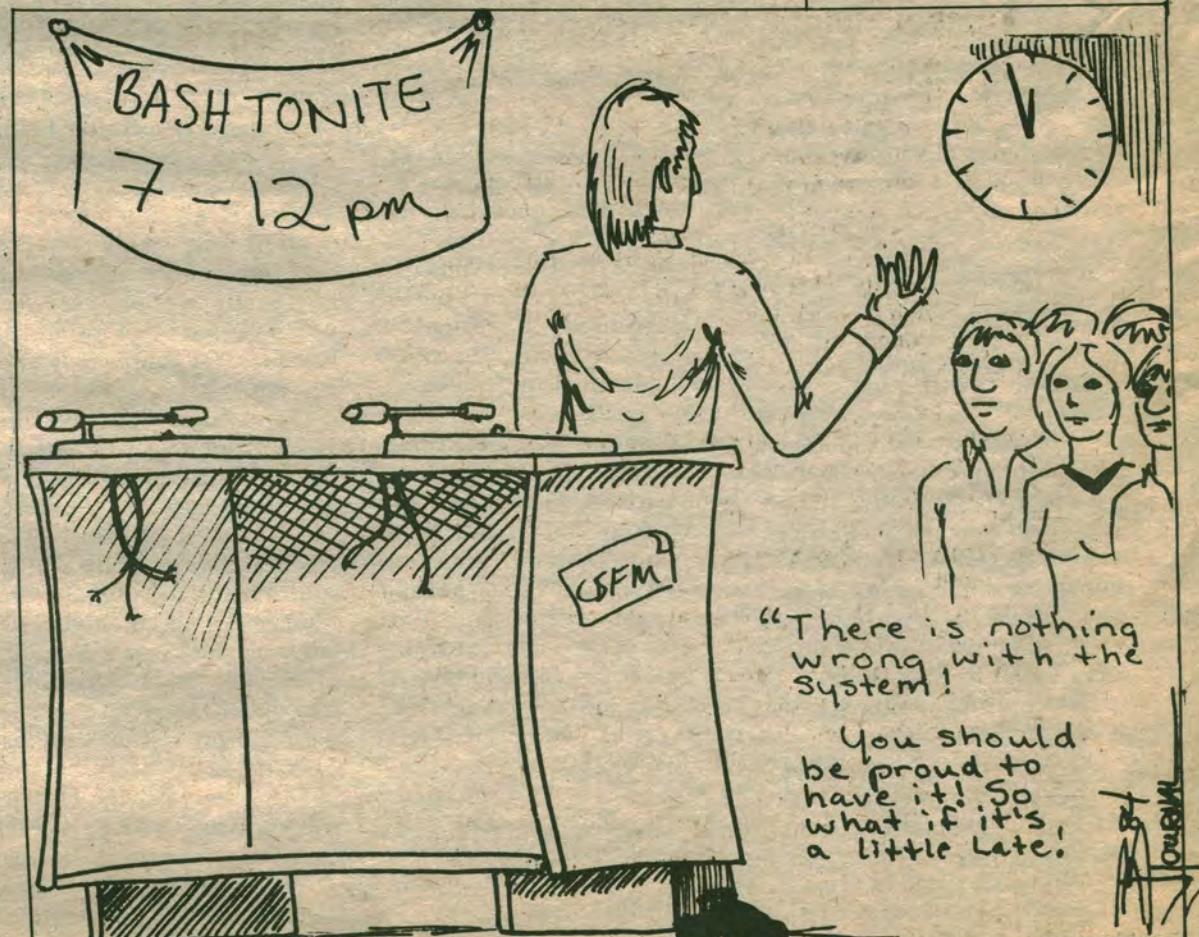

Yours sincerely,
Shaun Weston

Good day. At this time, I would like to thank those in the student body who supported me in the past Executive Elections. I sincerely appreciate the votes in my favor. Praise is also extended to Mr. Roy Meech for a campaign well run and to Mr. David Philip, President-elect.

I must, however, voice my displeasure to the Elections Committee. They kept myself, and my worthy opponents "on the edge of our seats" for over a day. They conducted the "election fiasco" with no tact and these kind words do not do justice to the unprofessional manner in which they handled themselves.

Again, I thank my supporters.

I remain,
Stephen C. Murray

Stewart Granger, Cleveland Cavalier guard, recalling the rough basketball games on Brooklyn playgrounds: "The rule was 'No autopsy, no foul'."

Huskies Basketball Season Ends on Bad Note !

by Scott Gillis

Last Friday, the unthinkable happened. For the third time in as many weeks the St. Mary's Athletic Department came under fire on ineligible player charges. For the second week in a row, the basketball team was involved and this time Ron Lardge was the player in question. The "Freshman of the Year" was deemed ineligible because he played a handful of games at Browerd Junior College (Florida) in 1977-78 and did not sit out a year upon arriving at SMU in 1983 as the CIAU rule stipulates. The Huskies forfeited their AUAA title and withdrew from the Eastern Regional Finals.

Basketball Coach Gary Heald acknowledges his team's unintentional breaking of that rule: "I may have recruited beyond our capabilities and in the future will have to be more cautious about potential violation of rules such as this. There cannot be a set formula because each case will be different. In this instance, my major fault was not premeditated but simply trusting someone and not digging up dirt. Ron Lardge was constantly a centre of controversy and rumors because of his talent. At different times, I questioned Lardge and rechecked with Butch Ingram, his previous coach in Florida, and found nothing. I couldn't keep harping on it; we operate on a system of trust here."

"However, I am upset about the way things were handled. I find the manner by which it was finally brought to our attention as unethical and feel the over emphasis of the breaking of what's really a minuscule rule has blown the matter out of proportion. The party who dug up the information went to a lot of time and effort in doing so. Why did they wait to the end of the season and why did they withhold the information when it was obtained?"

At press time the St. Mary's Athletic Department was withholding the name of the party who began the digging. An alternate source identified it as being the St. F.X. X-men.

The chain of events transpired as follows:

On Thursday, March 8, at around 4:30 P.M. (as the Huskies were taking to the court to practice in Fredericton) Gary Heald was contacted by Athletic Director Bob Hayes and Eli-

abeth Chard informing him that Ron Lardge may be ineligible. Heald was given four numbers in Florida to phone. Because school was out, these people couldn't be reached. Finally, Mr. Wheat, Athletic Director at Browerd, was contacted on Friday morning and confirmed Ron Lardge had played some ball there but never finished the year academically. Ironically, they had some records of basketball in general for 1977-78 although none for some years before or after.

Now the questions of ethics arises. Wheat informed Gary Heald that he had been contacted at the beginning of the week by someone who had said they were scouting Lardge. St. F.X. both misrepresented itself and then withheld the information until the last minute.

Coach Heald finds the rule in question discriminatory. Effective since 1980-81, it states that an American basketball player coming to Canada must sit out a year after playing in a degree granting institution at which time he must accumulate 18 hours of course credits. A Canadian in the same situation, need only sit out and need not attend the university. So the bottom line is that Ron Lardge, from Ford Lauderdale, Florida, attended Browerd Junior College (a small institution that only bean granting degrees since about 1976) for a short time and was required to sit out a year to become eligible at SMU almost seven years later.

In Fredericton, when the news came out, Lardge was so distraught he immediately returned home.

Heald says; "I can't condone his withholding the truth but in a way I suppose I can understand why he did it."

Bill Marshall, a St. Petersburg, Florida native who himself sat out last year to become eligible, became player spokesman; "Everyone respected Ron. He was the kind of guy who shunned attention even, for example, when he won the 'Freshman of the Year Award.' We're more bitter about how it was brought out. A team that didn't beat us on the court got us like this. We feel cheated. We didn't get a chance to play - win or lose - we were just shipped home on the bus. It was a big thing. There were families coming down to watch us play. But you know, there's

The St. Mary's Huskies relinquished their AUBC Crown and withdrew from the CIAU Regional Playoffs on Friday.

nothing we can do."

Gary Heald can't foresee a pending suspension if precedent proves to be influential in any forth-coming decisions which is good news for basketball fans. Of course only time will tell.

On Sunday night the SRC voted unanimously to back the Athletic Department and V.P. Student Affairs, Joe Osborne, will voice these views on CBC in the near future. Arnie Patterson, President and General Manager of CFDR Radio, has indicated his desire to hold a banquet in the Huskies honor. Individual honors are upcoming for Rob Latter who was named "All-Canadian" on Monday. But what the Huskies really wanted was a shot at the CIAU Championship in front of a home crowd at the Metro Centre.

World of Sports

by Dale Rafuse

The United States Football League has begun its sophomore season with great fanfare and thus far, with financial success. Stealing superstar talent from NFL and college ranks has seemed to work; fans are turning out in record numbers and like it or not, the league is being accepted.

The strongest conference in this "new league" is easily the Eastern Conference. Teams like New Jersey, Philadelphia, Pittsburgh, and Washington can parade names such as Brian Sipe, Herschel Walker, Gary Barbaro, Chuck Fusina, Kelvin Bryant, Mike Rozier, Jerry Holmes, and Reggie Collier. Those are names people recognize and obviously are shelling out good bucks to see. Thus far they have not been disappointed.

This past weekend, 46,000+ fans at New York's Giants Stadium watched the premier teams of this conference, New Jersey and Philadelphia, clash. The New Jersey defence, led by linebackers Bobby Leopold and Jim LeClair, squeezed out 5 turnovers and led the Generals to a 17-14 win. Yep, it was good, professional football, something the Giants and Jets couldn't produce in 83-84. Something the New York football fans have been waiting to see for quite some time.

Don't take the USFL for granted! They have put teams in NFL cities and areas where high quality football is not being played. Sure, they won't lure away the die-hard Steeler, Bronco, Rams and Raiders fans, but they will make new fans in NFL cities such as Philadelphia, New Orleans, Tampa Bay, Chicago and Oakland where established NFL teams have had better days. Yet, as I've said before, we won't know for certain if two leagues can survive in the United States football world until they test each other in head-to-head seasons. At the rate the USFL is gaining respectability, that time may be just around the corner. I can hardly wait!

SPORTS QUIZ

1. Who is the only man to win the Olympic gold medal in the 100 metre dash, in less than 10 seconds?
 - (a) Verislav Petrov
 - (b) Jim Hines
 - (c) Alan Wells
 - (d) Harvey Lantz
 - (e) Don Quarry

2. Who won the 1983 World Cup downhill race at Cortina, Italy?
 - (a) Peter Mueller
 - (b) Helmut Hoeflechner
 - (c) Steve Podborski
 - (d) Bill Johnson
 - (e) Todd Brooker

3. Who won the 1980-81 Calder Cup?
 - (a) Rochester Americans
 - (b) New Brunswick Hawks
 - (c) Adirondack Red Wings
 - (d) Hershey Bears
 - (e) Maine Mariners

SMU Beerguts meet Mooseheads in Intramural Hockey Final

Wednesday @ 9:00 p.m.

Deal yourself a winning hand...

Prepare yourself for success in today's highly competitive world as an RIA Management Accountant.

With your degree and the RIA designation you will have the professional edge in the job market.

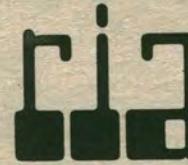

You will be entering a profession that cannot supply RIAs fast enough to keep up with the demand from business and government...a need that is projected to continue through this decade and beyond.

RIAs are in demand because of their unique training in management as well as accounting. They have expertise in strate-

gic planning, budgeting, operations control and data analysis. RIAs move ahead quickly on the management team.

Over 55% of all RIAs hold senior positions in business, industry and government. Your job prospects will improve the day you start the RIA program because employers recognise the commitment you have made to obtaining professional qualifications.

What's more, the RIA program is flexible. You can work toward your degree and RIA designation at the same time. In fact, you may already qualify for advanced standing in the RIA program.

The Society of Management Accountants

1649 Hollis St., Suite 901

PICK UP YOUR FREE BROCHURE TODAY.

The BritRail Youth Pass beats thumbing it hands down

And if you purchase it before April, it costs only \$117 - and you have 12 months in which to use it!

If you're under 26, you can go wherever you like, whenever you like, for 7 days. All through England, Scotland and Wales. All for only \$117.

You can go on clean, comfortable BritRail trains to over 2,000 stations on 14,000 trains a day. Trains that go up to 125 m.p.h.

Your Economy Class Youth Pass is your best way to travel long distances; and it's your best way to take day trips from London to places like Bath, Cambridge and York.

Passes for 14-day, 21-day or 1 month Youth passes are available for only \$181, \$229 or \$269. Prices are valid through March 31, 1984, for travel anytime in the next 12 months. (Prices higher after March 31).

You must purchase your BritRail Pass before you leave Canada. It is not sold in Britain.

The Fans Speak Out

by Edmond Mansoor & the Great Basketball Fans

We couldn't believe it! "Are you serious," everyone, including those who had just recently caught the SMU-basketball pneumonia, was asking. We were geared up for it. We planned it well—an ideal break from studies all the way to New Brunswick. No matter where the Huskies were going to be playing, we were going to be there, and **with our drum and favourite chant too**. We skipped important classes (and hurried important mid-terms, right Brent) just to be on time to catch the bus. We had bought and brought endless supplies—drinks Caribbean style (rum, I

mean), biscuits, and some pretty weird things too. If St. Francis Xavier thought they had seen what fan support meant when they saw us up there, they were wrong, very wrong. In fact, we were so geared up for this "victory", most of us didn't sleep the previous night (right, Forest?). We stayed up all night postulating, arguing, having good healthy sports talks.

The Friday morning came! By 9:30 a.m., most of us were already outside the Collanade doors, and certainly with our winter jackets; outside was worse than a deep freeze. Soon, we all mysteriously cued up

outside, all huddled up. "The bus should be here any moment now," we thought. But that was a though wasted. Then came 12:30 p.m., and still there was not sign of the stupid bus. Tension was mounting. Paying for phone calls was getting costly. The bus company was simply bombarded with calls. Meantime, the entire gang was half-freezing their butts off, all for the fun of "bringing the coveted trophy to SMU". No sir, we were dead wrong; sorry, I meant **somebody** was wrong... "We are ineligible," says Brent. I'm not quite sure what voltage that news brought, that sad, sickening, horrifying news. The sight after that was sheer chaos and disenchantment. Questions unlimited were circulating... And the drama continued.

Now, reflections! We reflect that we attended every game; we gave strong, loyal support, support that is essential in tough games; we spent quite a bit of money and valuable time on the games; such was our support for the Huskies that we shared greatly in the "momentary joys of well-deserved victory". But then came the betrayal, the cruel betrayal; we were all betrayed; we were loyal but we were rewarded with "disloyalty".

The 1983-84 basketball fans, as ardent and loyal as they were, proudly deserve the title: "Most eligibles of the year."

Congratulations. You are the most eligible fans.

Rugby Huskies make playoffs

by Joe T.

The St. Mary's Rugby Club have made the 7-aside rugby league playoffs on the weekend by virtue of a 3-3 tie with Truro. The Huskies had lost the weekend opener to Onsalow 3-2 but roared back to tie the league's first place club.

Although short handed for both games, St. Mary's dug deep and got stellar performances from hooker Blaine Duff and Rob Burns. Tries were scored by Joe Taplin, Mark McLellan and Rob Burns in the

Truro contest, and by Mark McLellan and Reid Barnett against Onsalow.

With two games remaining in the season the Huskies have assured themselves a playoff spot in the 7-aside tourney in Truro. SMU will be sending two teams to that tournament in hopes of meeting in the final. St. Mary's is hoping to improve on last year's 6th place finish.

CIAU Finalists Decided

by Journal Sports Staff

The Victoria Vikings will be seeking their fifth consecutive CIAU Basketball crown when they take to the court at Halifax Metro Centre on Thursday evening. The Vikings advanced to the "Final Four" tournament by bombing the Winnipeg Westmen 100-62 in the Western regional in Calgary on Saturday.

Five Atlantic team's gained berths in the CIAU playoffs but none were successful in gaining a position for this weekend's final, hosted by Dalhousie University. St. Mary's were the first to exit, when they withdrew from the Eastern regional due to an ineligible player. UNB and Dalhousie were quick to follow suit; UNB was ousted by Brock 98-83 and Dalhousie got blown away by Victoria, 95-68. St. F.X. and UPEI won their preliminary games but lost in their respective finals. St. F.X. lost a heartbreaker to Brandon Bobcats 70-69, and UPEI lost to hometown Waterloo warriors, 82-64.

Joining Victoria this weekend will be Brandon, Waterloo, and the Lethbridge Pronghorns, who defeated Brock in the Eastern final. The absence of an Atlantic team is expected to hurt the gate at this weekend's finale, but advance ticket sales should ensure a financial success.
