Christmas—The Feast of Christ

By Monsignor Colin Campbell

Besides the jingle bells and the debts for Christmas presents, we are about to celebrate the feast of Christ. The feast of His birth cannot be separated from the feast of His person, His message and His mission.

"God so loved the world that He gave His only begotten son and the son so loved us that He gave himself for our salvation." This is the message of Christianity in two simple phrases.

The message of Christ at Christmas must be a message of love that will change all. There is no celebration of Christian faith without a celebration of Christian love.

The tradition of Saint Mary's University, dedicated to the mother of Christ, should show forth that love in a special way.

Perhaps there are some members of Saint Mary's community who need love and healing in their family lives. Many young people feel distant from their families. They have adopted beliefs and attitudes that are contrary to what the family stands for.

Many students have dropped out of the religious practices and beliefs that they were raised in. This has been the cause of dissension and anger in many families.

Christmas is the time for healing and love. This may mean healing wounds that have opened in a family. This could indicate that brothers and sisters need to be reconciled to one another.

There are tensions on University campuses. How many students have thought about healing in the class rooms? Have professors been forgiven for their unjust treatment? Have students been reconciled who have not used their potential?

Students have often used one another. They have taken advantage of one another in shameful ways. How often have these hurts been overcome and healed? How often have they been open sores that have agonized people for years?

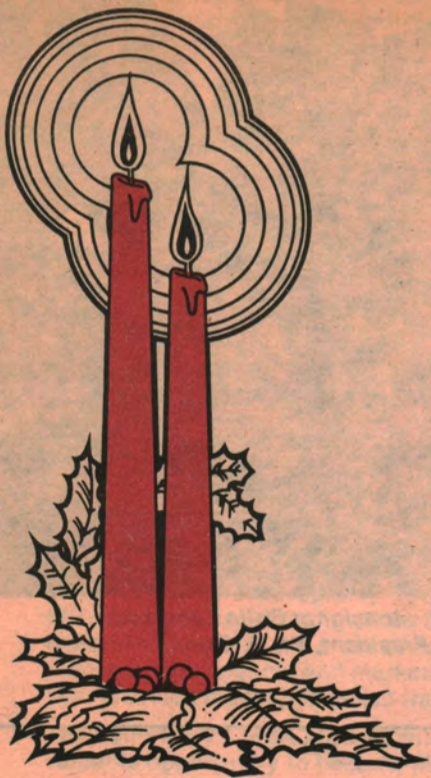

Professors, administrations and boards are sometimes armed camps who see one another as the enemy. The community of scholars who want to advance the fabric of learning and the arts in society can be a myth that causes laughter in the "real" scene.

Christmas is the feast of Christ. We can celebrate it as the little Jesus in the manger. That is the pious platitude approach to religion. It is harmless sentimentality.

Christmas is the feast of Christ. We can come to grips with real faith and challenge ourselves on the love of Christ. Any feast of Christ is a feast of conviction—A conviction that we must daily challenge ourselves to live the love that is Jesus Incarnate.

I would hope and pray that all sons and daughters of Saint Mary's will think of Christmas in that sense this year. May you have the peace and the love of Christmas because you have taken the love of Jesus in the serious way in which He gave it.

Monsignor Campbell is chairman of Saint Mary's Board of Governors.

Mary's University. Deadline for
next issue is January 19, 1979.
Editor—Liz Stevens.

PROFILE: Elizabeth A. Chard

by Cecile Barnett

Elizabeth A. Chard, Saint Mary's Registrar, wears a variety of hats, and all of them with style. In addition to her considerable duties as Registrar of an ever-expanding university, she is an elder of St. David's Presbyterian Church, a writer, a nonparticipating sports fan, and recently moved from a two-year stint as the first female president of the Atlantic Universities Athletic Association (AUAA) to become one of the two vice-presidents of the Canadian Inter-universities Athletic Union. The CIAU is the newly created governing body for intercollegiate sports in Canada. In addition, in past years she was Chairman of Saint Mary's History Department, the University's Dean of Women, and President of the Canadian Association of College and University Student Services.

Mrs. Chard is a native Haligonian. She attended Queen Elizabeth High School, where she later taught History, and Dalhousie (from which she has received three degrees—B.A., M.A., and B.Ed.). Graduate work at McMaster University followed. She came to Saint Mary's in 1961 as a part-time instructor in History; became a full-time lecturer in 1963; Assistant Professor in 1965; Chairman of the Department in 1969; Associate Professor in 1972; and was appointed Registrar in 1973. She remembers wryly that she was appointed Dean of Women in 1968 just one day before it was announced that Saint Mary's

was becoming coeducational, and then the fun began. . . .

The liveliest times in Mrs. Chard's always busy academic year come in early September, when registration begins, and April-May, when final grades are awarded. She does admit, however, that the Registrar's calendar has "very few dull moments" at any time of year. In fact, a complete lack of uninteresting times seems to have prevailed during most of Mrs. Chard's eventful life. She and her staff of seven are available for consultations daily on a variety of academic questions and problems. It seems that the Registrar genuinely thrives in an atmosphere of "hectic strenuousness".

Talking to Mrs. Chard about her 1976 appointment to the presidency of the AUAA, "Fourth Estate" interviewer Gail Rice commented: "Having worked with Elizabeth Chard for six years . . . I can say with conviction that one thing the AUAA will not suffer from during her tenure is a lack of strong leadership. Best of luck from an ex-shipmate who knows full well that . . . the next two years will be hectic, but they will never be dull."

This summation of Elizabeth Chard seems to be as true today as it was two years ago. In view of her ebullient personality and tireless energy in many diversified fields of interest, it's likely that dullness never will be a dread in the life of Saint Mary's well-rounded Registrar.

The Board of Governors of Saint Mary's University recently held a reception and dinner in honour of two of its retiring members, Austin Hayes, who served as the Board's Chairman for eight years, and Joseph Zatzman, who was Board Vice-chairman for eight years.

Among those at the reception, from left, Monsignor Colin Campbell, Mr. Zatzman, Mr. Hayes and University President, Dr. D. Owen Carrigan.

On the cover

The cover design is a reproduction of "Christmas Vacation", a 1977 UNICEF card designed by Diane Wolcott, USA. This and other UNICEF cards are on sale at the International Education Centre in the Burke Education Centre. In addition, 1977 Saint Mary's Christmas cards are available free of charge at the Public Relations Office, Room 216, Administration Building.

DALHOUSIE FACULTY ASSOCIATION CERTIFIES

By an order dated November 24, 1978, the Nova Scotia Labour Relations Board has certified the Dalhousie Faculty Association as the exclusive bargaining agent for the academic staff at Dalhousie University. The bargaining unit includes department chairmen and heads of departments, the law faculty, all non-clinical medical departments, and professional librarians, as well as all faculty whose responsibilities are 50% or more of those of full-time academic staff. The inclusion of professional librarians in a certified faculty bargaining unit constitutes a first in Nova Scotia, although their inclusion does conform to the

pattern which has developed across most of the rest of the country.

The certification order followed a three-day Board hearing, which had taken place earlier this summer, and followed as well the announcement of the results of the representation vote which had been conducted by the Labour Board in April. The vote was 265 to 217 in favour of certification.

The Dalhousie Faculty Association will represent the largest faculty bargaining unit in the Maritimes, and is the seventh largest CAUT affiliate to have successfully attained certified bargaining status.

Astronomy Student Visits Chile

Interested in seeing stars? Much better than a punch in the nose, for that stellar purpose, is a trip to South America. Steven Morris, a Master's student in Astronomy at Saint Mary's University, recently returned from a one-month trip to the long, thin republic of Chile, which parallels the Pacific shore for over 3,000 miles. According to him, it was time well spent for a star-gazer.

Morris spent three weeks at the summit of La Serena, a mountain over 8,000 feet (1.7 miles) high in central Chile. The rarefied air above "The Serene One" is clear and stable, ideal for viewing stars telescopically.

Of the 21 nights during which he had use of the telescope, ten were "excellent—really fantastic". Steven was observing astral bodies called Delta Scuti stars—variable stars which vary in brightness by 2 or 3 per cent in a given hour.

The University of Toronto built and maintains the Las Campanas Observatory and the nearby Canada House for student accommodation. The pride of Las Campanas is a mighty telescope 100 inches in diameter. Two other telescopes of smaller diameter and viewing intensity have also been built on the mountaintop; one 40 and one 24 inches in diameter. Morris used the 24-inch apparatus for his research.

Between his 12-hour nighttime stretches at the telescope, Morris found time to study, chart data, eat, sleep, and hike across the rugged surrounding terrain. He says he received a warm welcome on all sides from Chileans, both on the mountain and in the capital Santiago, where he spent two days.

A native of Toronto with a B.Sc. from the University of Toronto, Morris is the fourth Saint Mary's astronomy student to have visited Canada House on La Serena. His Master's thesis, tentatively entitled "Astronomical Investigation of Three Southern Delta Scuti Stars", is scheduled for completion in September, 1979.

Concordia Launches P.R. Program

Throughout North America, student enrollment in faculties of arts and sciences seems to be falling at a greater rate than in other areas of university endeavor.

For assistance in this area, Concordia University in Montreal has recently appointed the University's Director of Athletics, Dr. Ed Enos, whose drive, high public profile and aggressive public relations have helped make the Concordia Stingers sports teams among the best in university athletics.

Dr. Enos will also continue his post of Athletic Director and remain Director of the Institute of Comparative Physical Education and an Associate Professor in the Department of Physical Education. In addition to his new public relations tasks, he will be in charge of student recruitment programs.

"As one used to getting a team together", comments the Concordia *Thursday Report* of November 9, 1978, "Dr. Enos hopes to rally the academics of Arts and Sciences around the idea that there are people and activities in the faculty worth publicizing and promoting. . . . Serving as a catalyst with the faculty, Dr. Enos will encourage departments and the 'colleges' to disseminate information through the Information Office and various other offices at the University that deal with the University's image."

This interesting new concept in "publicity blitzing" by an academic and sports personality bears watching. Perhaps interested universities country wide will soon follow Concordia's example, in a concerted effort to improve promotion and communications between institutes of learning and the outside world.

Some Light on the Subject

University Services Director Guy Noël has issued some energy-saving guidelines for the winter season. As he points out, if we all cooperate in efforts to cut down on lighting usage, we can together make a significant impact on the university's hydro bill.

It has been rumored, in energy circles, that turning off fluorescent lights for short times does not save money. This is based on the notion that short running times shorten the lamp life. It is true that a tube which is on all the time has double the expected life of a tube that's on for only 30 minutes or less at a stretch. However, the cost of buying and installing a tube is under \$2, while the hydro used during the life of the tube is \$23.

An office with a total of eight fluorescent tubes, used for 8 hours a day, 5 days a week, 48 weeks a year, would cost \$28.60 per year to light. If the lights were switched off during lunch hours, coffee breaks, and other moments spent out of office, the annual cost could be reduced to \$21.50—a saving of 25 per cent.

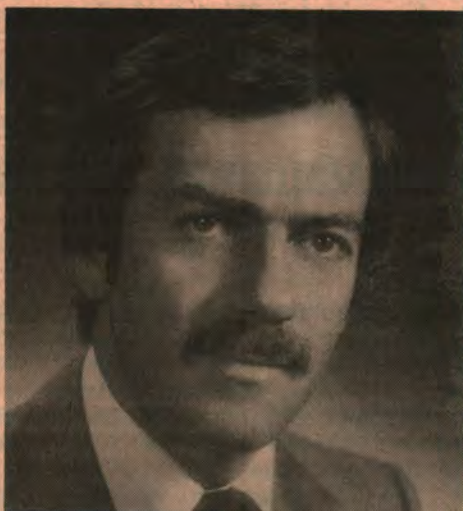

The story is the same in classrooms, only more so. Every minute the lights are off saves hydro costs. In addition, classrooms are larger than the office mentioned above, so that both costs—and savings—are proportionally greater.

Switching off lights, then, is not such a hard way to save some dollars; the more we do it, the more will be saved, both energetically and economically speaking.

Cook Book

Favourite Asian Foods: Tried and True Selections from the Kitchens of the Asian Studies Club at Saint Mary's University is on sale in the History Department office. This easy-to-follow looseleaf cookbook is full of mouth-watering recipes from India and China, along with valuable hints on where to buy unusual ingredients. At \$3.95, this book makes an affordable gift in the best possible taste for chefs and food-fanciers.

Donahoe to Speak at Alumni Dinner

The Honourable Terry Donahoe

The Saint Mary's Alumni Association Annual Dinner will be held this year on Friday, December 8, in the Ignatius Loyola Building of the University. The reception, with cash bar, begins at 6:30 p.m. in the Art Gallery; dinner starts at 7:30 in the Multi-purpose Room.

Guest speaker at the pre-Christmas festivity will be the Hon. Terence Donahoe, Nova Scotia Minister of Education and a 1964 graduate (B.Comm.) of Saint Mary's.

Donahoe is a former president of the Alumni Association. He also served on the University's Board of Governors for three years. Patrick Curran, Class of 1965, is the Dinner Chairman.

Tickets at \$12 per person are available at the Alumni Office, Third Floor, Saint Mary's Student Centre. This year the banquet will honor the class of 1953 on their 25th anniversary.

Catherine MacKinnon and Don Harron to Perform

John Neville, Neptune Theatre Director, has announced that a benefit performance will be given by Catherine MacKinnon and Don Harron at the Neptune on Monday, December 11, at 9 p.m. The performance will include songs and sketches performed by these artists and a special appearance by "Charlie Farquharson". Tickets are \$10.00 per person; all proceeds will go to the Neptune Theatre Foundation deficit retirement fund.

Catherine MacKinnon and Don Harron are certainly no strangers to Halifax and Dartmouth audiences. Mr. Harron is heard daily as the host of CBC's national radio show "Morningside". His beloved Charlie Farquharson has been known to Canadian audiences for over twenty years. Charlie has written two extremely successful books, *K.O.R.N. Allynynack* and his own *History of Canada*, is heard editorially twice weekly on CFRB in Toronto, and currently appears in "Hee Haw" on 202 TV stations with 35 million weekly viewers.

Mr. Harron's acting career is extensive. He spent three seasons at Stratford, Ontario, and has appeared in "Streetcar Named Desire", "The Tenth Man", "The Seventh Veil", and "The Crime of Passion". Mr. Harron's TV credits include performances on "Dr. Kildare", "Mission Impossible", "The Fugitive", and "The F.B.I.". He also appeared in the movie "The Hospital" with George C. Scott. Mr. Harron wrote the screenplay of the film "Snow Job", which was shown during the 1974 season at Ontario Place, and he was playwright and lyricist for "Anne of Green Gables", which won the Best Musical Award in 1969-70.

Catherine MacKinnon has never danced with the National Ballet, but that's about the only thing she hasn't done in the world of entertainment. From grand opera to "Hee Haw", from revue sketches to a dramatized life of Emily Carr, Miss MacKinnon has covered all bases: musical comedy, radio drama (with Budd Knapp), television specials, industrial shows, recordings, night clubs, legitimate theatre, film and concert appearances with several symphony orchestras. For two years in a row, she was voted top Canadian vocalist by her peers from all across the country. She also received the Midem award, an international recording award for top record sales in Canada. She has guest-starred on more television shows than any other Canadian performer, and has had three national series on her own, one on CBC Radio ("That MacKinnon Girl") and two on TV ("River Inn" and "The Catherine MacKinnon Show"). This past season she was guest host on the Global Network's talk show.

Miss MacKinnon is a specialist in dialects. She co-starred with Len Cariou in the Rainbow Stage production of "My Fair Lady". Her other stage credits include performances at the National Arts Centre in Ottawa and the Charlottetown Festival. Miss MacKinnon has also made four appearances at the Calgary Stampede, one at Klondike Days, and one at the Leacock Festival in Orillia.

Miss MacKinnon has made numerous international appearances; in July, 1976, she was the only artist invited to appear before Queen Elizabeth to sing at the state dinner given in Halifax prior to the Queen's Olympic visit. Another unique honor was accorded her by the Canadian National Exhibition, when she was chosen as soloist in the Scottish World Tattoo which opened the 1976 and 1977 Grandstands. Her accompanists for the occasions were 1,200 bagpipers.

A wine and cheese reception will be held after the performance by these two entertaining and internationally known Canadian performers in the Neptune Lounge and Lobby on Argyle Street.

Notes From the Library

The book sale held in the Library on November 15 was very successful; over \$800 was raised. Almost all sale books (from economics to modern novels) were sold at prices ranging from 5c to \$1.

On November 20 and 21, the Library hosted the Association of Atlantic University / Blackwell North America workshop dealing with cataloguing variations for input into computer data bases. About 30 persons, most of them librarians from the Metro area, attended.

Gail Snarby has replaced Sandra Beauchamp as a library assistant.

Inter-library loan service will **not** be suspended in December; however, delays due to the heavy volume of Christmas mail can be expected.

Throughout December, historical novels with Christmas or winter themes will be on display, to give library visitors gift-giving and reading ideas for the holiday season.

The Library will continue its regular hours up to and including December 18, 1978:
Monday-Friday 8:15 a.m.-11 p.m.; Saturday 9 a.m.-5 p.m.; Sunday 1-11 p.m. On December 19, it will be open 8:15 a.m.-7 p.m. December 20-21, the Library will be open 9 a.m.-5 p.m.

For students requiring extended hours for study, Room 133 in the Loyola Bldg. will be available December 1-18 inclusive during the following hours: Sun.-Fri. 11 p.m.-1 a.m.; Sat. 5 p.m.-1 a.m.

Atlantic Institute Appoints Knight

The Atlantic Institute of Education has appointed John Knight as Communications Officer responsible for internal / external communications and public and media relations.

Mr. Knight formerly was with Metric Communication Canada, where he was Information Officer for the Atlantic Provinces.

His background includes script-writing for a Montreal public affairs television series, feature film production, educational technology, and service as a writer for the Nova Scotia Communications and Information Centre.

A native of Liverpool, England, Mr. Knight lives in downtown Halifax.

Saint Mary's Joggers Fallen by the Wayside?

Running has come to a pretty pass! Eighteen Canadian university teams across Canada are briskly racing toward the title of fittest in the land, and Saint Mary's is not among them. As the October Simon Fraser University newsletter remarks: "The call goes out to all students, faculty, and staff—break out the sweat socks and runners and jog, jog, jog. Taking part is easy. You qualify if you can cover a minimum one mile three times a week. . . . Differences in population between the various institutions are of no consequence. The scoring system requires that each university divide its final point total by the total number of students, faculty and staff on campus."

Among local institutions hotly competing are Acadia, Dalhousie, University of New Brunswick, and St. Francis Xavier; Carleton University is the challenge organizer. But nowhere on the lists does the name of Saint Mary's appear. What price the loneliness of the non-long-distance runner?

Special Ethnic Studies Journal Planned

Dr. Bridglal Pachai, Director of the International Education Centre, is collecting proposals for a special issue of the Canadian Ethnic Studies Journal. The issue, to appear in the fall of 1979 or of 1980, will embody recent research in some of the less well publicized areas of ethnic study in Nova Scotia.

Any research article in any discipline on any aspect of any of the peoples of Nova Scotia will be welcomed. It is hoped that individuals, departments, and faculties will submit their ideas for short or feature-length articles, book reviews, and notices of work under way or planned. Dr. Pachai can be contacted at Administration local 254 or 262.

European Integration Journal Launched

The Université de Montréal has announced publication of the bilingual *Journal of European Integration / Revue d'intégration européenne*, edited by the CEDE (Center for European Study and Documentation). The journal, appearing three times a year, will welcome scholarly studies from all sources on questions of integration in Europe and elsewhere. The Spring, 1979, issue will discuss "nationalism and integration in the context of the European communities". CEDE's address is: CP 6182, Suc. A, Montréal, Québec, H3C 3J7.

Senate Excerpts

Excerpts from Senate minutes will be a regular feature in future issues of THE TIMES. The following "excerpts" from the meeting on November 17 were culled from the minutes by the Editor. If there are any questions about the excerpts, a copy of the actual minutes is available in the Senate Office or in the Information Office.

—Senate established a Convocation Committee. The members include:

- (1) The Registrar as Chairperson
- (2) The Marshall of Convocation as appointed by Senate
- (3) A Dean of Faculty as appointed by Senate
- (4) Two faculty members appointed by Senate
- (5) Two members of the Senior Class elected by the Class
- (6) A member appointed by the Board of Governors
- (7) A representative from Information Services

The Joint Committee on Convocation shall be responsible for the planning, organization and implementation of all University Convocations, both regular and special, and for the coordination of the Baccalaureate Service and the activities of Senior Week.

—There was a notice of motion for the approval of a policy that denies students on probation the right to take part in any extracurricular activities with the exception of intramural sports.

Probationary status is incurred: i) if at the end of any academic year a full-time student has not attained a quality point average of 1.5 for that year; ii) if, after taking any five consecutive courses (or half-course equivalents), a part-time student has not attained a quality point average of 1.5 in respect of those five courses; iii) on readmission after being required to withdraw because of academic weakness. See p. 23 of 78-79 Academic Calendar.

—There was a notice of motion for Senate to recommend to the representatives of the respective bargaining teams of Saint Mary's University and the Saint Mary's Faculty Union that an article be incorporated in future collective agreements to require faculty attendance at spring convocation.

—Senate approved recommendations from the Senate Discipline Committee outlining procedures for expelled students to follow who wish to return to Saint Mary's. Any student who is expelled must receive a pardon from the Senate before he / she can be readmitted. An application for a pardon will only be considered after five years have passed since the date of expulsion.

The items on which a notice of motion is given will be on the agenda for the next Senate meeting which will be December 15.

Human Values Papers to be Published

The Institute of Human Values has concluded an arrangement with the Institute of Man of Duquesne University, Pittsburgh, for the publication of all papers delivered at its recent series of international conferences. The themes explored were "Beyond Relativism", "The Value of the Human", and "The Freedom of the Human". The 1979 issues of *Humanitas* will be completely devoted to the conferences. Persons wishing to order one or more numbers should contact the Institute of Human Values.

Fund-Raising Sale a Success

The Faculty Women's special fund-raising sale in aid of its scholarship fund fared well this year; a total of \$545 was raised on November 8. In addition to baked goods, fudge, and house plants, many handcrafts (stuffed toys, aprons, pot holders, Christmas decorations and the like) were offered to eager shoppers.

The next event on the Association's calendar is the children's Christmas party, scheduled for Sunday, December 17, for children of faculty members.

Chairman of Senate

Dr. Arthur Monahan

Dr. Arthur Monahan is the newly elected Chairman of Senate. He is the first faculty member elected to chair the Senate meetings. Dr. Monahan succeeds Dr. John Owen, Saint Mary's Academic Vice-President.

Dr. Monahan states that he would like to ensure, during his term as Chairman, that Senate activities become more a focus of general attention and interest at Saint Mary's than has been the case in recent years.

He points out that Senate, the majority of whose members (faculty and students) are elected, is the academic policy-making body of the University, and that its decisions have a direct effect on students, faculty and administration. Its meetings are open to observers, and have been for many years. In the past, minutes of Senate meetings were available generally within the University.

Dr. Monahan intends to revive this practice, to arrange for the publication of Senate minutes, and to arrange for copies of the Senate minutes to be available in appropriate places to all members of the Saint Mary's community. As well, he would like to publish agendas and appropriate documentation prior to Senate meetings. It is Dr. Monahan's view that the University should know what its Senate expects to be doing as well as what it has done. He feels it is only in this way that Senate can be fully responsive to the best interests of the academic community it serves.

Dr. Arthur Monahan has been a faculty member at Saint Mary's since 1961, and was appointed Acting Chairman of the Philosophy Department in 1976, and Chairman in 1977. He received his undergraduate degree and his M.A. and Ph.D. from the University of Toronto.

He has been an active member of several community organizations as well as many internal organizations, and has an impressive list of publications.

Dr. Monahan's term as Chairman of Senate is for one year.

Faculty Publications

Dr. Timothy Brownlow (English), "A Molehill for Parnassus: John Clare and Prospect Poetry", *University of Toronto Quarterly* (Fall 1978); Review of "Crabbe's Arabesque: Social Drama in the Poetry of George Crabbe" by Ronald Hatch (McGill-Queen's, 1976), *University of Toronto Quarterly* (Summer 1978).

Sharon N. Schnare and Irmingard I. Lenzer (Psychology), "Effects of Sodium Phenobarbital on Brain Stimulation Behavior, Behavioral Seizures, and EEG Seizure Activity", *Psychology Reports*, 42, 1978, 1007-1016.

Dr. B. Pachai (International Education Centre), Editor, *South Africa's Indians, The Evolution of a Minority*, University Press of America, Washington, D.C., 1978; "South Africa's Indians and Economic Hostility", in *Ethnicity in Modern Africa*, edited by Brian M. du Toit, Westview Press, Boulder, Colorado, 1978; "The Search for Black Self-Identity in Nova Scotia", *Journal of Education*, Nova Scotia, Spring 1978.

Richard Perkyns (English), "The Innocence of the Donnelly's: James Reaney's Three Ring Circus", in *Canadian Drama*, Vol. 3, No. 2, Fall 1978, published by the University of Waterloo, Waterloo, Ontario.

The Geography Department is bringing out its second paper in the Occasional Papers Series. It is entitled "Marine Studies and Coastal Zone Management in Canada". The volume represents the papers given at the first special session of marine geography at the Annual Conference of the Canadian Association of Geographers held in London, Ontario, in May, 1978. The volume includes "Waterfront Land Use Changes in Halifax, 1878-1977", by Dr. Robert J. McCalla, of Saint Mary's Geography Department, who is also the editor.

Noteworthy Notes

DR. TIMOTHY BROWNLOW (English) was moderator for a program on William Cobbett given at the Association of Canadian University Teachers of English meeting of the Learned Societies in London, Ontario, in May. Dr. Brownlow also reviewed two books on CBC Radio (Halifax) in May. In October he was organizer and host (with Dr. Robert McCalla of the Geography Department) for an inter-disciplinary conference on Landscape in the Arts and Sciences. In November, he spoke on the CBC (Toronto) Morningside program, giving a critical assessment of the work of Dylan Thomas.

REV. M.W. BURKE-GAFFNEY, S.J., Professor Emeritus in Astronomy, marks his 82nd birthday on December 17. Greetings are extended to him from all his friends at Saint Mary's.

DR. DOUGLAS DAY (Geography) delivered a public lecture, "The Development of Geography in the Maritime Provinces," at the University of Prince Edward Island on December 6. On December 8 he conducted a geography curriculum workshop with Prince Edward Island geography teachers in Charlottetown.

DR. DAVID DUPUY (Astronomy) was interviewed by Alan Saunders on CJCH in November. Dr. DuPuy discussed the forthcoming solar eclipse, to occur on February 26, 1979. He pointed out that this is the last solar eclipse that will be visible over North America in our century; the next will not take place until 2017. Saint Mary's Observatory will be open to all at the time of the eclipse, 4:30-6:30 p.m.; the public is cordially invited to come and watch a "spectacular daytime event".

BRIAN HEANEY (Athletics), basketball coach, was interviewed on CBHT's "News Day" program at 6 p.m. on Friday, December 1. Interviewer Barbara Young talked with Huskie coach Heaney, his wife Liana, Director of Student Services Bob Hayes, and several of his associates in the sports field.

DR. LILIAN FALK (English) attended the second annual meeting of the Atlantic Provinces Linguistic Association, held at Mount Saint Vincent on December 1-2. She presented a paper

entitled "Exclamatory Adjectives in English".

FR. WILLIAM LONC (Physics) and GARY WELCH (Astronomy) held a radio astronomy workshop for high school students on November 4. The students visited the Saint Mary's radio telescope and Physics lab, and toured the Burke-Gaffney Observatory. This is the fourth such workshop to be held in the last 18 months. Fr. Lonc also recently gave a talk on "radio telescopes" to a meeting of electrical engineers at the Nova Scotia Technical College.

DR. ROGER MACDONALD (English) gave a public lecture at the Saint Mary's Art Gallery on November 9. His subject was "Othello and the Critics"; a large audience composed of students and faculty from Saint Mary's and Dalhousie attended. The play is also being produced this year by the Neptune Theatre.

DR. DAN MACINNES (Sociology) and his wife are the proud parents of a son, Charles Daniel, born November 7.

DR. ROBERT MCCALLA (Geography) presented a paper on November 27 to the Geography Department of York University. It was titled "Do We Need Four Major Ports in Eastern Canada?" The following day, also at York University, he presented a paper to the Canada Ports Project Waterfront Workshop entitled "Halifax Port Development."

DR. TOM MUSIAL (Arts) and DR. MARY SUN (History) represented Saint Mary's and the International Education Centre, respectively, at the recent Third Canadian Conference on Multiculturalism in Ottawa. Dean Musial was an invited delegate to the Community Leaders' Workshop on Canadian Pluralism in media and education. Dr. Sun helped draft the report of the Community Leaders' Workshop on Human Rights and Race Relations.

In November, Dr. Sun lectured on life in China to Chester Municipal High School and the Truro University Women's Club.

DR. RICHARD PERKYNS (English) has established an Anthology Committee for the purpose of compiling an anthology specifically designed to meet the needs of English 200 students at Saint Mary's. The Committee, led by Dr. Perkyns, with members Dr. Gillian Thomas, Dr. Janet Baker and Dr. Wendy Katz, has already had one meeting. A fairly comprehensive plan was drawn up which was considered at the recent English 200 Committee meeting. The

long-felt dissatisfaction with the standard anthologies—often over-weighty and lacking Canadian material—may finally result in the English Department producing a useful book of its own.

PROFESSOR HERMAN SCHWIND (Management) presented two papers at the Atlantic Schools of Business Conference held in October at the University of Prince Edward Island. Starting in January, Prof. Schwind will spend five months as a visiting professor in Japan. At the invitation of the Japanese Institute for International Studies and Training, he will teach courses in organizational behavior and industrial relations for business executives.

FR. W.A. STEWART (Asst. Academic Vice President) was a guest lecturer at St. Thomas University in New Brunswick on November 3. He gave a talk on "Drama as a Carrier of Meaning". Father Stewart also attended an international conference sponsored by The Literary Society of York, York University, Toronto, on "Hermeneutics and structuralism: merging horizons" on November 22-24, 1978. Speakers included Hans-Georg Gadamer, Heidelberg University; Phil McShane, Mount St. Vincent University; Bernard Lonergan, Boston College; and Eric Voegelin, Stanford University.

DOUG VAISEY (Library) recently attended a 2-day workshop on the BIOSIS computerized data base to which the Library has access through the DIALOG information retrieval system.

DR. JOHN YOUNG (Chemistry) was the publicity chairman of the National Canadian Chemical Engineering Conference held recently in Halifax. He subsequently acted as chairman of the Annual Conference of the Nova Scotia Resources Council, which discussed forest biomass applications to energy production in the Province.

Seasons Greetings

Fellowship Award for MBA Student

Dr. Donald Woodley is the Atlantic Branch Manager of Xerox, and the recipient of the Xerox Fellowship this year is MBA student Elizabeth [Lissa] McRae.

Xerox of Canada Limited, under its Canada Student Awards Program, recently awarded a \$2000 Fellowship to a Saint Mary's student.

Elizabeth (Lissa) McRae, of Campbellton, New Brunswick, is in her second year of the Master of Business Administration program at Saint Mary's.

She is the daughter of Mr. and Mrs. William McRae of Campbellton. After graduating from Campbellton Composite High School, she attended Dalhousie University and received a diploma in Physiotherapy, and graduated from the University of Alberta with a degree in Physiotherapy. Ms. McRae has also worked in the Halifax and Campbellton areas as a physiotherapist.

She is currently majoring in Personnel in the MBA program, and after graduation next spring hopes to find employment in the health administration field.

Xerox currently gives fellowships and scholarships to 26 universities and 21 community colleges across Canada. The company's objective for the program is to assist in developing Canadian faculties for Canadian schools of business and to add to the talent pool of highly qualified young people from which government and business draw their future leaders.

From the Registrar

- Students are advised to watch for last-minute updates of the examination schedule, copies of which are posted on the Registrar's Information Boards located in several campus areas, for instance, outside MM134, at the Loyola end of the catwalk to McNally building, and beside the Information desk in the Student Centre.

- Some nonresident students' local addresses and telephone numbers are still not on file in the Registrar's office.

- It is hoped that students will be able to collect their Grade Report Forms for the first semester on January 2-4, 1979. Those not picked up during the first week of the second semester will be mailed to the student's local address, or, if none is on file, to his / her permanent address.

- Saint Mary's students wishing to obtain a Letter of Permission to enroll in one or more courses at the Nova Scotia College of Art and Design in the second semester are advised that registration will take place at the Art College, 5163 Duke Street, on Friday, January 5, 1979, from 10:30 to 11:30 a.m. Faculty members will be available in their areas from 9 to 11:30 a.m. so that special students can have their admissions to specific courses authorized. A copy of the NSCAD schedule is available in the Saint Mary's Registrar's office.

- Students wishing to obtain Letters of Permission for off-campus study at NSCAD or any other institution are urged to consult the 1978-79 Academic Calendar, regulation 21, pages 26-27, and to make an application for a Letter of Permission as soon as possible.

- The official list of potential graduates for May, 1979, has been posted outside the Registrar's office. This list is compiled from the applications for graduation which have been received—even those received after the stated deadline of September 29, 1978. If you hope to be among 1979's graduates, please check the list to ensure that the information on it is correct. If by chance you did not apply for graduation, but do expect to complete all requirements for your diploma or degree program by May, 1979, please see Mrs. T. Brennan, Assistant to the Registrar, NOW.

Law Faculty Applications and Admissions Deadlines

The deadline for applications for admission to the Dalhousie Law School is February 1, 1979. All applicants must take the Law School Admissions Test, scheduled for February 3, 1979. The deadline for applications to take the test is December 18, 1978. The test will be administered in Halifax at Dalhousie University. Applicants who have not yet obtained the LSAT bulletin should obtain it from the Office of the Admissions Committee at Dalhousie, telephone 424-2115.

AFS Dissolved

The Atlantic Federation of Students, established in 1975, has been officially dissolved. The Federation, which originally represented students in all four Atlantic provinces, had difficulty fulfilling its regional mandate following the withdrawal of the New Brunswick and Prince Edward Island student bodies. The Nova Scotia group will form a provincial organization.

For Full-Time Non Canadian Students

Non-Canadian students are reminded to pay their medical insurance premiums and pick up their medical insurance ID cards. The \$87 payment should be made at the Business Office, Main Bldg., Room 120. Registration cards can be obtained from Sandra Little, Room 428, Student Centre. This payment is compulsory, and will be added as an outstanding debt on accounts at the Business Office.

Parks Canada Offers Summer Jobs

The Saint Mary's Manpower Centre is looking for workers for summer '79 in all the national parks in Atlantic Canada. Anyone with a background in geography, geology, biology, history, earth-sciences, zoology, botany, or ecology is urged to apply; application deadline is December 15, 1978. Park interpreters will be paid \$6.87 per hour, and interpretation planners will receive \$7.87 per hour. To find out more about these interesting and challenging summer positions, contact the Canada Manpower Centre at Saint Mary's, ext. 122 or 152.

Awards Available

AWARDS FOR RESEARCH & STUDY IN MENTAL RETARDATION—TYPE A

Field: Graduate studies related to some aspect of mental retardation.

Value: \$3,000 (to supplement income).

Conditions: Candidate must state intent to pursue a future career in Canada.

Closing Date: April 13, 1979.

CANADIAN INSTITUTE OF UKRAINIAN STUDIES

Field: Undergraduate Degree with a major in Ukrainian Studies.

Value: \$1,500.

Conditions: Scholarships are for an eight-month period at any Canadian university.

Closing Date: January 31, 1979.

LORD BEAVERBROOK SCHOLARSHIPS IN LAW

Field: Law

Value: \$2,500/year; renewable.

Conditions: Must be a Canadian citizen at the time of admission (to the Faculty of Law, University of New Brunswick), and hold a first degree.

Closing Date: March 31, 1979. Applications available in the Financial Aid Office.

UNIVERSITY RESEARCH GRANTS—IMPERIAL OIL LIMITED

Purpose: To encourage research at Canadian universities in areas of interest to the petroleum, petrochemical and energy industries.

Value: Maximum of \$6,000; renewable.

Conditions: Selection based on interest, originality, significance, research approach and methodology, capability and experience, use of funds.

Closing Date: January 15, 1979.

UNIVERSITY TRAINING IN TRANSLATION

Field: French or English (translation)

Value: Tuition fees, \$3,000 and \$700 per month during summer training period in Ottawa.

Conditions: Upon completion of the course scholarship holders will be committed to work for the Secretary of State Dept., Ottawa, for a period equal to at least the number of years of subsidized studies.

Closing Date: January 17, 1979.

For more information regarding any of the above awards, see Sue Little, Financial Aid Office, 4th floor, Student Centre.

HOCKEY HUSKIES HIT THE ICE

On Wednesday, December 6th at 8:00 p.m. the first of four Saint Mary's University home hockey games will be played at the Halifax Metro Centre when the resurgent Dalhousie University Tigers challenge their nemesis in the first league encounter of the two intercollegiate powers.

The Huskies-Tigers classics on ice have contributed more than their share of thrilling moments to the annals of Atlantic college hockey. Only the facts are entered in the record books, but those who have witnessed the rivalry never forget that diving save, spectacular stickhandling, stay-alive goal, last minute surge, or the excitement etched in their memories forever and a day.

Physically situated only a few blocks apart in Halifax's south end, the two schools have historically been at each other's throat on the frozen surface of competitive hockey. Previous results, current status, and probable outcome all fly with the wind when the two lock horns, regardless of the game site. Without much prompting from coaches, players reach a height of excellence when they're out there fighting with or against the odds. The past two seasons have sharpened the rivalry, due in large part to the tremendous improvement of the Dal program.

A home and home pre-season series in October yielded a double victory for the Tigers, both by a single goal. The two hockey giants kick off the Metro Centre schedule with a bang Wednesday evening; Pierre Page's Black & Gold trying to maintain dominance, and Bob Boucher's Maroon & White attempting to overtake the leading role in the ongoing rivalry. First place in the A.U.H.C. raises the stakes for this contest, and either club would certainly like to spend their Christmas holidays as the number one team in Atlantic Canada.

Huskie Captain Doug Chase is back controlling the mid-ice stretch after recovering from torn ankle ligaments suffered in the fourth game. In three league games he played, Doug collected 8 points on 6 goals and 2 assists. Tom McDonnell with 7 points and rookie Darren Pickrem with 8 points are also using their abilities at centre ice to help the Huskies' cause; and wingers Greg Sanford, Dave Fellows, Grant Thomson, and Dave Gallant are all exerting superb efforts in the early stages of the Huskies' 1978-79 campaign. The defensive unit boasts senior Don Maciver and junior Scott MacLean, along with freshmen Bud Clouthier, Kevin Rinehart, and Mike Peterson.

Wednesday's encounter introduces college hockey to this year's Metro Centre program, and what could be more fitting than a Huskies-Tigers battle to start the ball rolling?

MBA Program Offers Variety

The Saint Mary's Masters of Business Administration (MBA) program offers a course of study leading to a sound understanding of business practices. The program can be taken on a full-time basis over two years, or part-time for six years. The program structure provides both generalists and specialists with the competence essential for successful managers.

The first year of the program, says Dr. Rick Miner, MBA Director, is primarily aimed at developing general concepts in the areas of accounting, management science, and marketing. The second year provides more specialized training.

The Saint Mary's MBA student will receive a valuable opportunity to become directly involved in problems and projects of small businesses. Dr. Miner says: "We will be looking for small business to utilize our students to work with them in problem-solving. Such an arrangement will provide the student with valuable 'hands-on' experience, and the business with an outsider's view in solving problems. This way, a company and a student will get a chance to look each other over at no expense."

Dr. Miner and 34 faculty advisers provide close supervision for the 50 full-time and 75 part-time MBA students. Organizations interested in obtaining more information about, or participating in, the program should contact Dr. Miner at 422-7331, ext. 367.

Saint Mary's Players Named to All-Canadian Soccer Team

Ross Webb

Mario Nogueira

Three members of Saint Mary's Soccer team were named to the 1978-79 All-Canadian Soccer Team at the recent National Soccer Coaches Meeting held in Montréal. Ross Webb, 22-year-old freshman from Sackville, Nova Scotia, and sophomore Mario Nogueira, 18-year-old native of Sao Paulo, Brazil, were named to the first team. Chosen to the second team was 19-year-old freshman Rubens Silva, also a native of Sao Paulo, Brazil.

Commenting on the post-season award to his players, Head Coach of Huskies Roy Clements commented, "The C.I.A.U. is now recognizing our college players on a national basis with the initiation of the All-Canadian team this year, and I am extremely pleased three of our players were chosen. All three are worthy recipients of this honor, and have added much to our program at Saint Mary's."

The Huskies had a 10-1-1 record for the season and a first place finish in the A.U.A.A. conference.

Rubens Silva

Canada Savings Bonds Sell Well

Mr. Rick Lowery, Comptroller, has announced that 78 Saint Mary's employees joined the Canada Savings Bond plan this year, buying a total of \$48,500 worth of bonds.

Mr. Lowery points out that this represents a rise of more than 100% over 1977's \$20,000 figure. He attributes the great increase to the facts that last year was the plan's first year at the University, and that interest rates on the bonds are greater now.

United Way Response Excellent

Mr. Daniel Stone, Saint Mary's Personnel Officer, has announced the figures for the 1978 United Way fund appeal at the University. This year's figure, \$2,790 to date, marks a sizable 45% gain over last year's \$1,925.

Mr. Stone attributes the large increase in giving to the use of a "more personalized approach" and to the tireless diligence of his five canvassers, Ann Gilfoy (Engineering), Chris MacGillivray (Library), Vicky Prosser (Psychology), Wendy Stewart (Economics), and Sharon Whitefield (Geology). He states that many thanks are due to these workers and to all United Way donors as well.

Employees; Christmas Dance

Saint Mary's faculty, staff, and guests are invited to greet the holiday season with dancing feet on Wednesday, December 20. The festivities will take place in the Multipurpose room of the Loyola Building, and keep right on going from 9 p.m. till 1 a.m. The formal occasion will feature a cash bar, buffet supper, and music by the popular "Amos" group. Tickets, \$10 per couple and \$6 per single, can be obtained from Vicki Prosser (ext. 328), Bill White (325), or Sharon Whitefield (327). Come one, come all!

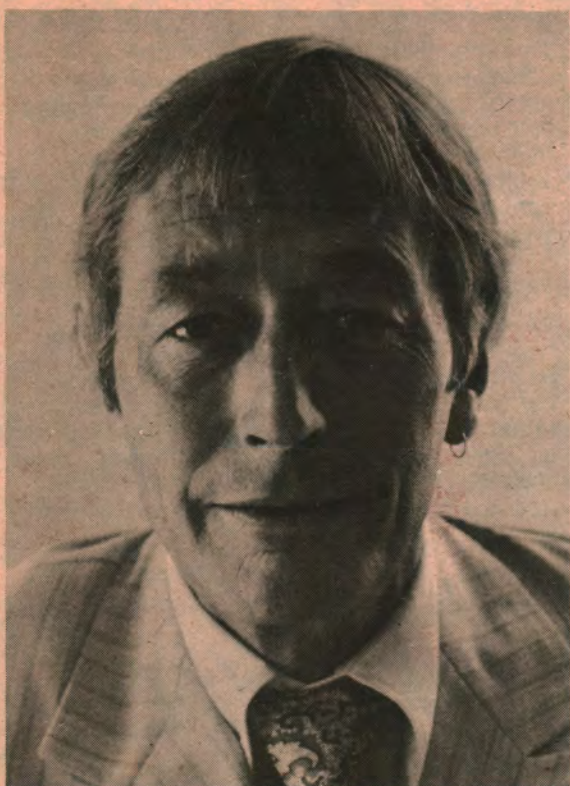

CHRISTMAS MASS will be celebrated by Father John Mills University Chaplain on Sunday, December 24, at 8:00 p.m. in the Art Gallery. Music by the Chaplaincy Choir. Students, staff and faculty, and their families are invited to attend.

Who's New

The following is a list of staff changes that have occurred since November 1. If there are any errors or omissions, please let us know. Ed.

Name	Department	Start Date
Steven Kelly	Physical Plant, Truck Driver	November 10
Catherine Hingston	Residence, General Worker, Light	November 14
Ories Wambolt	Residence, General Worker, Heavy	November 20
Gail Snarby	Library, Library Assistant I	November 22
Jessie Murray	Transferred from Continuing Education to Secretary, Senate Office	November 14

John Neville

John Neville, Artistic Director of Neptune Theatre, spoke at Saint Mary's Burke Education Centre, on December 1. His subject was "Othello—the play and the production". Mr. Neville is currently starring in Othello at Neptune. It is a common text for Saint Mary's first-year English students this year.

Tues.,	Jan. 30	Acadia @ SMU	6:15 pm

Inside Outside Alice

The Saint Mary's Dramatic Society's production of "Inside Outside Alice" was held in the University Theatre Auditorium on November 16-19. The improvisational adaptation of Lewis Carroll's 19th-century children's classic *Alice in Wonderland* was well received by press and public alike. In a review appearing in the *Halifax Chronicle-Herald* of November 18, critic Mike Paterson commented: "SMUD's Alices is a pleasurable experience . . . The overall effect—intentionally dreamlike but incidentally insubstantial—is pleasurable, even refreshing. Alice Norton and Richard Minichiello do give the performers, and the audience, an intriguing environment which may at first feel like a drop zone but soon evokes the mystery of *Wonderland*. . . The two Alices, Susan Taylor on the Inside and Alice Norton on the Outside, have several functions to fulfill. First, they are the audience's vehicle from one encounter with *Wonderland's* creatures to the next. Secondly, they exist as alter egos to each other (a touch Lewis Carroll would certainly love)."

Schedule Changes

Apart from the regular schedules below, there are some changes for the Holidays.

No service in 5th Floor Faculty Lounge December 15 - January 1.

Student Centre Cafeteria closed December 15 - January 1.

Faculty-Staff Dining Room, December 16-20 open 10 a.m. to 3:30 p.m.

M.W. Burke Gaffney Observatory—not open for tours December 23.

Holiday hours for the Library are shown elsewhere in this publication.

Lunch 11:30 a.m.-1:30 p.m.
Dinner 4:30 p.m.-6:30 p.m.
Friday Dinner 4:30 p.m.-6:15 p.m.

Saturday and Sunday

Brunch 11:30 a.m.-1:30 p.m.
Dinner 4:30 p.m.-6:15 p.m.

Christmas Closing Plans

In keeping with past practices the University will provide an extended closure during the Christmas-New Year period, 1978-79.

All offices will officially close at 5:00 p.m. on Thursday, December 21, 1978, and reopen on Tuesday, January 2, 1979, at 9:00 a.m. Telephone switchboard services will be provided on December 22, 27, 28, and 29 from 9 a.m. to 5 p.m.

The library will be closed from 5 p.m. on December 21 until 8:15 a.m. on January 2. All library materials needed over the holidays should be checked out before 5 p.m. on December 21.

To conserve fuel and energy, temperatures in all buildings (with the exception of the Residence) will be reduced and night lighting only will be utilized.

Coming Events

- December 7—Human Rights Day—International Education Centre, Burke Education Centre
—Last Day of Classes
8—HOLIDAY—Patronal Feast of the University
—Alumni Association Annual Dinner
December 15—Senate
19—Christmas Party in the Theatre Auditorium
20—Christmas Dance sponsored by Saint Mary's University Employees Association
21—Date University closes for holidays
January 2—Date University opens

STUDENT CENTRE CAFETERIA
