Welcome Back!

It is hard to believe that the academic year is already half finished! I would like to welcome you back and I hope that you had a great vacation over the holidays. I want to take this time and inform you of some events that will be taking place in the near future and some that are already going on. As you know SMUSA has a bursary fund which is distributed for the second semester. This year we are very lucky because we are able to give out more than we have in the past. If you applied for a bursary in the first semester please come to the fifth floor in the SUB to see if you are receiving one. Chances are very good because we are giving out 28 bursaries in the amount of \$500! I want to congratulate those who are receiving a bursary and I hope that it helps out with the high expenses we students have to incur. SMUSA has busily been working on Winter Carnival, which will kick off on January 25. Troy

Humber the VPSA has been working very hard since he took office to ensure that we have a great time. Events such as a battle of the bands, a midnight broomball tournament and carnival acts are just a few events that will be taking place throughout the week. Make sure you check out the SUMO SUITS which will definitely be a big hit! Winter Carnival will finish up on Saturday the 30th with some great entertainment in the Conference Room. When I ran for the position of President last year I was able to speak to many students and find out what they would like to see on campus. One item that was of concern was to have a dental plan for students. At present a health plan is offered to students who are not covered under either their parents or guardians plan or even their own. SMUSA is working on having a dental plan in place that will begin in September. Students will have the option whether or not to have the plan. Because of the high costs associated with dental

plans a plan for students would certainly be welcomed. SMUSA wants to make sure that students receive the benefits and financial protection we deserve. A dental plan would bring us one step closer to ensuring that the University is here because of the students and not vice versa.

This year SMUSA has taken on a fantastic challenge in the form of the Goodwill Fund. The role of the Goodwill Fund is to raise enough money to help a deserving Nova Scotia high school student attend Saint Mary's University. Our goal is to raise enough money to offer a full four-year scholarship to a student and to make a \$25,000 contribution to Phoenix House, a safe house for women & children who have been abused in the home. To make this happen we need your help. SMUSA will be putting on events and fundraisers to help raise the money needed. We as students have the opportunity to do what no other university student

body has considered. We can form our own scholarship program that will help fellow students for years to come. When I look around campus and see friendliness and with the people we have on campus I know that we can do it. I simply ask that we all help out to make this happen. Events are being organized where the proceeds will go to support the Goodwill Fund, as well as raffles with great prizes. By attending events you will be doing two things. You will have a great time, meet new people and you will be helping a student get the university education that they would otherwise not receive. Those are two very good reasons and something we can be proud of. I wish you all the best this semester and that your studies go well. I hope to see you out cheering our Huskies on to victory and taking advantages of all that is out there for us. Have a great time. Cheers!
