September 13, 1966

Dear Alumni:

The purpose of this letter is to renew acquaintances with those of you who know me and to introduce myself to those of you who have not met me to date.

I have come back to Saint Mary's to work after leaving our Alma Mater over thirty years ago to finish my engineering course at the Nova Scotia Technical College, where I have been employed almost continuously since my graduation in 1939.

Over the years I have kept my contact with Saint Mary's Alumni Association and during the last few years have been active on the Executive and the Alumni Student Loan Committee.

It is my hope that between us we can make Saint Mary's University Alumni Association grow significantly in both membership and importance so that we can weld a strong Alumni to the advantage of the University and indirectly to the advantage of the individual alumnus. This can be done only by a united effort of all concerned, and therefore, I call on each and every one of you to do your share.

Hoping to meet many of you in the months ahead.

Yours sincerely,  
**JAMES B. TERNAN,**  
 Alumni Office

## PREVIEW OF FOOTBALL 1966

(By Malcolm Johnson, Arts '62)

It's too soon to say right now but don't be surprised if the Saints go marching in again this year.

Referring of course to the varsity football Huskies who became the first team to have their name inscribed on the trophy which is emblematic of supremacy in the new Bluenose College Conference last season. The maroon and white marched through the schedule of the seven team circuit without a defeat.

The BFC, which operated for the first time last season, was a result of the college teams breaking away from the Atlantic Football Conference which they had played in since 1960.

Turnout for this year's edition of the Huskies was the largest (approximately 40 bodies) in the nine years that Bob Hayes has been at the head coaching helm. The prospects, including 20 returnees, started the training grind September 1 under the watchful eyes of coach Hayes and his staff consisting of Les Goodwin, Charlie Dolan and Jim Bayer.

"The fact that there aren't as many freshmen on the squad this year as last season means that we should get off to a better start," said Hayes. "Whether we'll be as good at the end of the season as we were last year is hard to say," he added.

"Our big need for this year is experienced linemen," Hayes said, "however, our backfield will be strong and our linebackers and defensive halfbacks appear to be as good if not better than we've ever had".

Huskies have a 10 game schedule facing them this season including four non-conference games. The non-conference games include a home and home series with Shearwater Navy of the Atlantic Football Conference, away games with Maine Maritime Academy in Castine, Me., and McGill Redmen of the Senior Intercollegiate Football League in Montreal. What will probably be their toughest game in the BFC is their last home appearance of the season against arch-rivals St. Francis Xavier X men Nov. 12.

Co-captains Paul Puma and Gerry Redmond head the list of returnees. Both are entering their fourth seasons in Maroon and white colors. The only other four year veteran is Frank Archambault.

Back for their third campaigns are Joe Hebert, Steve Armitage, John Murphy, Peter Grant, Frank Garner and Don Murphy. Two-year veterans include Blair Lopes, Eric Beddis, Jim Stewart, John Dudley, Ernie Turek, Graeme Fraser, Terry

## SNIPPETS

(By M. O'Donnell, S.J.)

Last Sunday morning I went out to the mail-box in front of the college and a passing car came to a halt. Donald Reardon and his children poured out. The boy looks like the father. Don has just returned to Halifax to take up a position with Canada Permanent.

The night before **Donald (Joey) Johnson** brought his two boys in to see me. Don is trying to interest the youngsters (six and seven) in a college career. Don had a hard time getting his youngster into St. Bon's (St. John's, Nfld.). Too many children for the number of Sisters available as teachers.

This was interesting to hear because **Tommy Muise** had given me the same description of the situation in California. He told me this when I had supper in his home in suburban San Francisco. I got out there to attend a course in Pastoral Psychology in Los Angeles. I tried to contact **Cameron MacDonald** but failed. Tommy is doing very well with Illinois Glass. He has a nice family and a home that would make any young man envious, and some old ones.

On a few hours' visit to Guelph, I met **William Addley and Father Elliott**. Bill took his vows on August fifteenth and will be studying in Spokane, Wash., next year.

During my retreat in Toronto I met **Fr. John LeSarge, S.J.**, who was ordained in June. I did not see **Father William Clarke**, ordained the same day. I have read in the papers that **Fr. Clarke, S.J.** is the first colored Canadian to be ordained to the priesthood. **Mr. John Lonc, S.J.** was there also. He will study in Montreal next year. I also had a few hours with **Fathers Bernard Lonergan and Pius Riffel**. At least I saw them in the swimming pool. **Father Lester Carroll** has been transferred to the Sem. in the capacity of Minister. I got a visit in also with **Father Alfred Colliard**, Rector of Brebeuf High School, which is only a mile or two from the Seminary. It's amazing how they keep an interest in St. Mary's.

I spent a few days in Montreal. There I met **Father Fogarty** who had just arrived to take up his work for the year in the department of Communications. Among others there were **Fathers Malone, O'Keefe, and Dyer**. **Father Dyer** has a beautiful Rectory and Church in a design I can't describe but it is up to date. The enterprise was in the hands of the lay-people and is a "concrete" argument in support of leaving such projects in their hands. **Bob Hanrahan** is returning to the teaching profession this year at Loyola.

I preached a retreat at Dorval, Que. One night I went out for a walk and who do

you think I bumped into? An alumnus. **Doug. Leahy** was also taking a walk. He is in Meteorology and has an office in Air Canada, Dorval. He was back from the North only a few months and I think he is itching for more travel. Why shouldn't he after hearing my sales pitch on California weather.

After an absence of six weeks I landed back to a desk littered with snippets. I forgot to mention that on my trip west I had a couple of hours stop-over in Boston. I phoned **Jim MacDevitt** and he insisted I come over to the house and meet his baby. I think the child is talking prematurely. Hardly surprising. Just a chip off the old block. Here's a card that reminded me of Jim. It's from **Charley Leonard and Dick Hurley** and a beer-parlor that seats seven thousand. It's from Munchen wherever that is. You figure it out. They raved about the beauty 'spectacular' of Switzerland, Germany and Austria. I'll take California any day. Oh to be young and foot-loose.

Eight pounds, five and a quarter ounces of **Sean Michael Hogan** at 4:55 a.m., August 1st invaded the life of **Dr. Ben and Diane Hogan**. Chip off the old block?

**Gerry Gillis** who runs the Book Shoppe in Antigonish gave me some information on one of his recent trips to Halifax. **Cyril Gillis** has been appointed by the Air Force to Washington, D. C. Brother Joe is General Manager for General Heat, Boston area. Joe has four children. When Gerry was in Grand Falls, Nfld. he called on **Kevin Griffin** but he was out. **Jim Malloy** works at the Mill.

You should have seen the picture of **Mr. and Mrs. John Jude Richard** after their wedding. The bride was Jane Mercedes Kennedy. Married July 9th. Ushers were **Peter Young, Dennis Sullivan, Robert Shea**, of Springfield, Mass., and Portland's **Paul Murphy**. With that crowd around who do you expect would have officiated? No. Not Bob Hayes but Buck. Mrs. Peter Young was soloist. If you want to send congratulations, address them 'to 11A Birchwood Drive, Armdale.

**Bobby DelVallet** married Carol Montle in June. I saw many of the old High School Basketball champs at the reception. At the moment I can only recall **Louie and Tucker, Don Brown and Kent Robinson**.

**Gary Doucette** now Flying Officer has been posted at Stadacona. He is playing football for Buccaneers along with **Bill McAllister, Darryl Burgess and Larry Ward**.

In April **Simeon Macharia** and his wife Perpetua and son Maina flew back to Kenya.

**Tim Lyons** married April 16th. Sorry I haven't got the bride's name.

On May 5th **Bruce Wallace** married Beverly Ann Downey. May 21st **Dan Skaling** married Barbara Ann Moore. **Mark O'Hearn** married Anne Marie Connolly May 28th. The same day **Ian MacDonald** married Loraine Carol Dwyer.

From the Catholic Bulletin, Bermuda, Jan. 16: "**The Death of a Man**. For years he had been attending Mass and receiving the Holy Eucharist. Summer 1964 the visits became less frequent and finally stopped. It was found that he was ill, so now Our Lord visited him. This was **Jack Moss**, a quiet and unassuming man. He passed away with the blessing of the Church; and may he now rest in peace. And may God send us other men who will emulate his good example."

From Halifax Mail-Star: "The Mader family of Rockingham walked off with top honors in the final day of the Halifax County Music Festival. In a family duet class with 14 entries, Douglas 13, and Susan 15, won the day's top mark of 89 for their performance of "Russian Dance from the Nutcracker Suite". Second in the class were Christine, 8, and Susan with 88 marks for their performance of "Ludwig's Donkey Jig."

**J. Doug Kline**, manager of the Public Service Commission of Halifax has been named as the Canadian recipient of the Fuller Memorial Award in recognition of his contribution towards the advancement of water works practice in Canada. He is the first Maritimer to win it since 1951.

Space for a few more weddings. **Robert Joseph Sloan** of Kingston, Ont. married Elaine Rozanna Campbell of Halifax on May 28th. **Thomas Edward Hartlen** on June 4th married Judy Margaret Kennedy. The same day **Errol Flinn** married Ann Katherine Sheridan. **Elmer Hatfield** married Vida Mae Eisenhower of Windsor, N. S.

Stephanie Cleary, daughter of **Registrar Kevin** observed with wonder the ceremonies that took place at Saint Mary's University. Although she was not a year old she is looking forward to graduation.

Well, what do you know? Here is something really up to date. It was in tonight's paper. **Dr. Gerald Burns** married Diane Adelaide Flinn and **Wayne Howe** married Margaret Ruth Mochilan. Wayne is a student at McGill.

Attended wonderful reunions of Ottawa and Montreal Alumni on Sept. 23 and 25. All the details in the next issue of the Maroon and White.

**Louis R. Comeau** is studying for his Master's degree in Physics at University of Moncton.
