

Saint Mary's University

Convocation

Friday, 24 May 2002

O CANADA

O Canada! Our home and native land!
True patriot love in all thy sons' command.

With glowing hearts we see thee rise,
The True North strong and free!

From far and wide, O Canada,
We stand on guard for thee.

God keep our land, glorious and free!
O Canada, we stand on guard for thee,
O Canada, we stand on guard for thee.

Convocation is a joyous yet solemn event, bound by traditions which have evolved over centuries. It is a continuum with a formal beginning and an end. By being present here today, you have indicated your interest in being part of this academic tradition. Graduating students and their guests are therefore expected to remain in their seats until this formal ceremony has been completed in its entirety - the Chancellor of the University has officially closed Convocation and the Stage Party and graduates have recessed.

Order of Academic Procession

Marshal of Convocation

Graduates

Guests

Faculty

Board of Governors

Deans of Faculties

Recipients of Honorary Degrees

Vice-President, Academic and Research

President

Chancellor

Lieutenant Governor of Nova Scotia (7:00 p.m. Convocation only)

The audience is requested to stand when the Academic Procession arrives, to remain standing until the close of the Prayer of Invocation, and at the close of Convocation, to remain standing until all the Academic Procession has recessed.

The music for today's Convocation is provided by the Sackville High School Band under the direction of Barb Hopkin; Julie Malcolm, soloist. It is appearing through the cooperation of the Atlantic Federation of Musicians, Local 571, AFM, John Alphonse, President.

Please note that names of graduates listed in this program are subject to revision.

Order of Proceedings

Processional

Vice Regal Salute (7:00 p.m. Convocation only)

Welcome

O Canada

Introduction of Special Guests

Special Greetings (7:00 p.m. Convocation only)

Her Honour, The Honourable Myra Freeman
Lieutenant Governor of Nova Scotia

Invocation

Valedictory Address

Afternoon Convocation
Karen Williams

Evening Convocation
Donald Landes

Symbolic Hooding and Presentation of Alumni Pin

Afternoon Convocation
Veronica Ford

Evening Convocation
Nichole Brown

Presidential Remarks

J. Colin Dodds, B.A., B.Sc., M.A., Ph.D.

Conferral of Honorary Degrees

Afternoon Convocation

To be Doctor of Commerce (honoris causa)
Mansfield H. (Jim) Brock, C.B.E., B.Sc., M.Ed., P.G.C.E.

To be Doctor of Civil Law (honoris causa)
William J. Byron, S.J., A.B., M.A., Ph.D.

To be Doctor of Laws (honoris causa)
James J. Oliver, Esq., B.A., LL.B.

To be Doctor of Civil Law (honoris causa)
Simon Spatz

Evening Convocation

To be Doctor of Letters (honoris causa)

Phyllis Grosskurth, OC, B.A., M.A., Ph.D., D.Litts

To be Doctor of Fine Arts (honoris causa)

Terry Kelly, D.C.L. (Hon)

To be Doctor of Civil Law (honoris causa)

John Savage, MB, BCh, BAO

Convocation Address

Afternoon

James. J. Oliver, Esq., B.A., LL.B.

Managing Partner, Oliver, Caiola and Gowan, LLC

Evening

John Savage, MB, BCh, BAO

“The Renaissance Man”

Conferring of Degrees, Diplomas, and Certificates and the Presentation of the University’s Gold Medals

Afternoon Convocation

Commerce

Paul S. Dixon, B.A., M. Math, Ph.D., Dean of Commerce, will present the candidates.

Faculty of Graduate Studies and Research

William Jones, B.Sc., M.Sc., Ph.D., F.C.I.C., C. Chemistry, Acting Dean of Graduate Studies and Research, will present the candidates.

Evening Convocation

Arts

George Nahrebecky, B.A., M.A., Ph.D., Former Acting Dean of Arts, will present the candidates.

Science

David H. S. Richardson, B.Sc., M.Sc., M.A., D.Phil., Sc.D., Dean of Science, will present the candidates.

Closing of Convocation

Recessional

Chancellor of Saint Mary’s University

Most Reverend Terrence Prendergast, S.J., B.A., M.Th., D.Th.

Archbishop of Halifax

Chairman of Convocation

Terrence Murphy, B.A., M.A., Ph.D.
Vice-President, Academic and Research

Marshal of Convocation

Donald J. Naulls, B.A.(Hons.), M.A., Ph.D.
Associate Dean of Arts, Associate Professor of Political Science, and Chairperson
of the Academic Senate.

Marshal of Students

Keith Hotchkiss, B.A.
Director of Student Services

* * *

Photography

The floor area immediately behind the boards has been left clear for the convenience of members of the audience who wish to take photographs during the ceremony. You may come to this area when it is close to the time that the parchment is to be conferred on the graduating student whose picture you wish to take. Please note that the audience guests will not have access to the floor area in order to ensure that there is no interference with the conferring of degrees, diplomas, and certificates.

* * *

Acknowledgement

The Administration and Faculty of Saint Mary's University wish to gratefully acknowledge the generous assistance received during the past year from individuals and groups in the form of contributions of scholarships, bursaries, prizes, and numerous and varied services.

* * *

Refreshments

The concession stands on both sides of the Metro Centre on the concourse level will be open for an hour preceding each Convocation. They will NOT be open during the Convocation ceremonies.

Medals

Names of winners will be announced at the appropriate Convocation.

Undergraduate Students

Governor General's Silver Medal

Donated by the Governor General of Canada

University's Faculty and Division Medals

Arts

Donated by the Archbishop of Halifax

Science

Donated by Saint Mary's University Alumni Association

Engineering

Donated by the Association of Professional Engineers of Nova Scotia

Commerce

Donated by Grant Thornton LLP

Academic Subject Awards

Geology: The Centennial Medal

Donated by The Mining Society of Nova Scotia

Human Resource Management: The Hermann Schwind Medal

Donated by faculty members, past and present, in the Department of Management

Irish Studies: The O'Brien Medal

Donated by Dr. Brian O'Brien

Modern Languages: The Book Prizes

Donated by the Ambassador of Switzerland to Canada

Graduate Students

Governor General's Gold Medal

Donated by the Governor General of Canada

University's Faculty Medals

Master of Arts (International Development Studies)

Donated by Dr. James H. Morrison

Master of Business Administration: Dr. Harold G. Beazley Medal

Funded by Dr. H. G. Beazley Trust

Executive Master of Business Administration
Donated by Print Atlantic

Master of Science in Applied Psychology
Donated by Aramark Canada Ltd.

Faculty

The Reverend William A. Stewart, S.J., Medal for Excellence in Teaching (To be presented at the evening ceremony)

In 1983, the Alumni Association, in cooperation with the Faculty Union and the Students' Representative Council, established the Reverend William A. Stewart, S.J., Medal for Excellence in Teaching. This award is open to faculty members who have made an extraordinary contribution to the education of Saint Mary's students through teaching in the University's tradition of quality undergraduate education. Nominations are invited from alumni, students, and faculty members. This medal is presented at Spring Convocation together with a cheque for \$1,500. Previous winners of this prestigious award are:

- 1983 Professor David Hope (Accounting)
- 1984 Professor Dermot Mulrooney (Engineering)
- 1985 Dr. David Perrier (Sociology)
- 1986 Dr. John Young (Chemistry)
- 1987 Professor Edward McBride (Political Science)
- 1988 Dr. Jack Ginsburg (Chemistry)
- 1989 Dr. Peter March (Philosophy)
- 1990 Dr. Andrew Seaman (English)
- 1991 Dr. Phil Street (Psychology)
- 1992 Dr. Francis Phillips (Education)
- 1993 Dr. Janet Baker (English)
- 1994 Dr. Cyril Byrne (English)
- 1995 Professor Nicola Young (Accounting)
- 1996 Dr. Ronald Landes (Political Science)
- 1997 Dr. Paul Muir (Mathematics and Computing Science)
- 1998 Dr. David Cone (Biology)
- 1999 Dr. Robert Singer (Chemistry)
- 2000 Dr. Eric Lee (Finance and Management Science)
- 2001 Dr. Janet Gregory (Finance and Management Science)

This year's winner is **Dr. Gillian Thomas**, Professor of English and Co-ordinator, Womens' Studies (Undergraduate Program).

Born and raised in England, Dr. Thomas received her Bachelor of Arts (Honors English) and her Master of Arts (English) from the University of Sussex. Subsequently she received her Ph.D. from the University of London in 1972; her thesis being entitled "The Miser in

Dickens' Novels and in Nineteenth Century Urban Foklore".

She came to Saint Mary's University in 1975 as an Assistant Professor; in 1980 was promoted to Associate Professor; and in 1986 received her full professorship. Prior to teaching at Saint Mary's University Dr. Thomas was a part time lecturer at Dalhousie School of Library Service; and a lecturer at California State University, Chichester College of Further Education, and the University of Victoria.

During the last five years Dr. Thomas has served on various committees at Saint Mary's University, some of which have been: the Arts Executive, the English Department's Standards Committee, the English Department's Equity Committee and the Inter-University Women's Selection Committee.

She has co-authored a number of books, as well has edited *Out of the Depths: The Experiences of Mi'kmaw Children at the Indian Residential School at Shubenacadie, Nova Scotia* with Isabelle Knockwood. Ms. Knockwood is a Mi'kmaw elder who wanted to write a book and as a colleague of Dr. Thomas' says "she had the good fortune to have Dr. Thomas in her second year... however, who took Isabelle Knockwood's concerns so seriously that professor and student worked together to make sure the project came to fruition." Dr. Thomas' colleague goes on to say "this book, written with the assistance of Dr. Thomas, is the most dramatic example of her work with students, but it is also entirely characteristic. If students need her time and her energy, she is prepared to offer both. If a student needs extra work, she is willing to give it. If a student needs career counselling, she is ready to discuss and advise."

Together with Ms. Jo Stern, Dr. Thomas founded the Congenial Space Project which explored ways to make better use of the space around the University for independent learning opportunities. One of the spaces that has been renovated to be more reader-welcoming is the Tim Horton's area in the Loyola Academic Complex.

Students have high praise for Dr. Thomas with one noting that "she's innovative, engaging, and always original." This same student continued "Dr. Thomas' own enthusiasm for learning and knowledge reflects on her students. If she's passionate about something, so are we." Dr. Thomas has obviously won the respect of her students and is admired for her teaching ability. Another student noted that, "I found her teaching methods energetic and captivating."

From what her students and colleagues have said about her, it seemed natural that she be awarded The Reverend William A. Stewart, S.J., Medal for Excellence in Teaching, 2002.

President's Award for Excellence in Research

Established in 1989, this annual award honours outstanding research conducted by a full-time faculty member who has been employed at the University for at least three years. Presentation of the award takes place at Convocation. A detailed nomination procedure has been delineated whereby each Dean of Faculty may select one member of his Faculty who has been nominated by the 15th October, and whose candidacy he is prepared to support. Other sponsors must be researchers, at least two of whom must be from outside Saint Mary's University. The award is adjudicated by the Senate Research Committee,

which has the authority to decide which nominee, if any, is deserving of the award. The selection criteria consists of two component parts, namely productivity, whereby the nominee must have a record of continued exceptional contribution to research/scholarship; and secondly, recognition. The nominee must have attained national or international recognition as an authority in a major field of knowledge. The President's Award for Excellence in Research consists of a framed certificate presented traditionally at Fall Convocation together with a cheque for \$1,500. Previous winners of this significant award are:

- 1989 Dr. George Mitchell (Astronomy)
- 1990 Dr. John Chadwick-Jones (Psychology)
- 1991 Dr. John Reid (History/Atlantic Canada Studies)
- 1992 Dr. Jaroslav Dostal (Geology)
- 1993 Dr. Arthur Monahan (Philosophy)
- 1994 Dr. Michael Zaworotko (Chemistry)
- 1995 Dr. John C. O'C. Young (Chemistry)
- 1996 Dr. Terry H. Wagar (Management)
- 1997 Dr. David G. Turner (Astronomy and Physics)
- 1998 Dr. Colin D. Howell (History/Atlantic Canada Studies)
- 1999 Dr. Georgia Pe-Piper (Geology)
- 2000 Dr. Henry Veltmeyer

The recipient of the President's Award for Excellence in Research this year is **Dr. Bert Hartnell**, Professor of Mathematics and Computing Science.

Born in Rainy River, Ontario, Dr. Hartnell graduated with a Bachelor of Mathematics degree from the University of Waterloo in 1969 followed the next year by a Master's degree in the same subject area. Four years later, he graduated with a Ph.D. (Combinatorics and Optimization). During this period of time, he held three National Research Council Scholarships as well as the University of Waterloo's Tuition Scholarship. In 1965, he was an Ontario Scholar. From 1974 to 1976, he held a National Research Council Post Doctoral Fellowship at the University of Manitoba.

In 1970 to 1971, he was a Secondary School Teacher in Guelph, Ontario. Then, in 1976, he began his University teaching career, first at the Brandon University, then at Sir Wilfred Grenfell College, Memorial University of Newfoundland. He joined the staff of Saint Mary's University as an Assistant Professor in the Department of Mathematics & Computing Science in 1980 and has been with the University ever since. The next year he was promoted to an Associate Professorship and in 1988, was made a Full Professor. From July 1992 to the present, he has also served as an Adjunct Professor in the Department of Mathematics, Statistics, and Computing Science at Dalhousie University. In the summer of 1996, he was a Visiting Professor (Research), Institute of Electronic Systems, Aalborg University, Denmark.

In recommending Dr. Hartnell for the President's Award for Excellence in Research, the Dean of Science, Dr. David H. S. Richardson, noted that he "has a long list of research publications and has been supported continuously by NSERC with operating grants since he started his career at Saint Mary's University. ... He has contributed to the research

community through service in training students, on Examining Committees, reviewing grant proposals, and is a member of Professional Committees. ... He has contributed to developing an excellent reputation for research at Saint Mary's University...". Indeed, a perusal of his *curriculum vitae* reveals that he has 63 refereed publications to his credit; three articles submitted to refereed journals; one chapter of a book; four scientific reports and announcements; two invited addresses; and 51 papers presented at conferences.

In terms of the value of his external grants, they total in excess of \$150,000.00 in the period from 1977 to the present. In addition, he has received a significant number of internal awards at the University.

With respect to his refereeing activity, he has been a reviewer for American Mathematical Society publications; has refereed for such journals as *Discrete Math*, *Discrete Applied Math* and *The Canadian Mathematical Bulletin*; is one of the editors of the *Bulletin of the Institute of Combinatorics and Its Applications*, and has reviewed grant proposals for NSERC as well as the Foundation for Research Development of South Africa.

In terms of his departmental and university activities, he has co-supervised a doctoral student at Dalhousie University; is one of the organizers for the Discrete Math Seminar, usually hosted by Saint Mary's University; has served most years on Saint Mary's University's Faculty Union Scholarship Committee as well as serving on the Committee on Computer Science and the Computer Policy Committee. In addition, he served as the original Saint Mary's University liaison person with the Technical University of Nova Scotia, helping to set up the curriculum for the two year programme at Saint Mary's University for admission to TUNS Bachelor of Computer Science Programme, and also served as Saint Mary's University representative on a sub-Committee of the Metro Universities Committee on Co-operation to examine the Royal Commission's Report on Post-Secondary Education. He served a three-year term as Chairperson of the Department of Mathematics & Computing Science at Saint Mary's University from 1981 to 1984.

One of his colleagues indicated that "this champion of research, both within the university and without, has carved a research haven for himself on what was rather unfertile ground: when he arrived at Saint Mary's University in 1980 he was one of only two graph theorists in the province. Bert encompasses a rare balance of teacher, supporter, and creator that has served to enhance his students' and colleagues' research abilities to enhance his field and to enhance the reputation of Saint Mary's University." This same colleague indicated that "while his research record alone is sufficient grounds for an award, I believe that Bert has made another equally important impact on mathematical research through his remarkable ability to inspire others. Here, I am not referring to his outstanding classroom presence but rather to his interactions with his professional colleagues at the dinner table, on walks across campus, over coffee, or while opening a bottle of his favorite Australian wine. His unique ability to challenge, cajole, excite, and awaken the spirit of discovery is, in my experience, unparalleled. This has resulted in collaborations with mathematicians from the United States, Denmark, the British Isles, Israel, Brazil, South Africa, and from all over Canada." Indeed, one of these international colleagues noted that "he is one of the top 20 researchers in [his] field of studies in which more than 300 different researchers have published...Dr. Hartnell may well be the most creative researcher in this field".

HONORARY DEGREE RECIPIENTS

At this year's Spring Convocations, Saint Mary's University will confer seven honorary degrees: four in the afternoon and three in the evening.

AFTERNOON CONVOCATION

Mansfield H. (Jim) Brock

Mr. Mansfield Brock received a Bachelor of Science, (major in Physics and Mathematics), from McGill University; a Postgraduate Certificate in Education from London University; and from the University of Toronto a Masters Degree in Educational Administration. He currently resides in Bermuda with his wife of over 40 years, Beverley. They have three children, Arlene, Malcolm and Michelle, and four grandchildren, Tsilala, Maquira, Meleina and Mayalen. His niece, Mary Lynn (Swan) Robinson is a Saint Mary's graduate in Commerce.

Currently Mr. Brock is the Chief Administration Officer and Director of the Colonial Insurance Group of companies which operate in Bermuda, the Bahamas, the Cayman Islands and the British Virgin Islands. He was Chairman of the Bermuda Monetary Authority (1993 to 2000); the General Manager/Corporate Secretary of the Bank of N. T. Butterfield & Son Ltd. (Bermuda's oldest bank) (1988 - 1992); the Financial Secretary for Bermuda, (1982-1987); and Permanent Secretary for the Ministry of Education (1977 - 1981).

He had previously worked in the field of Education. He was the first Chief Executive Officer of the Bermuda College; for ten years taught Physics and Mathematics at The Berkley Institute, Bermuda (1955 - 1965); and was the Headmaster of Sandys Secondary School (1965 - 1974).

Community involvement has also been very important to Mr. Brock as is evident from his current and past volunteerism. The Commission on Competitiveness, the Bermuda Boy Scout Association, and the National Drug Commission are but a few of the many organizations which have benefited from his generosity, time, and expertise. He is also a member and past president of the Hamilton Rotary Club and a member of the Royal Naval Officers Association. Currently he is the immediate past Chair of the Board for the Canadian Scholarship Trust Foundation.

Mr. Brock was appointed Justice of the Peace, J.P., by His Excellency the Governor of Bermuda; also a Commander of the British Empire by Her Majesty, Queen Elizabeth.

In his spare time, he enjoys golf, reading, and the activities of the Hamilton Rotary Club.

William J. Byron, S.J.

A native of Pittsburgh, Philadelphia, Father Byron attended St. Joseph's Preparatory School and then served in the army's 508th Parachute Infantry Regiment. Following this service he spent three years at Saint Joseph's University, Philadelphia and in 1950 entered the Jesuit order and was ordained a priest in 1961. From Saint Louis University he received his Bachelor of Arts degree in Philosophy and Master of Arts in Economics.

Father Byron also has two theology degrees from Woodstock College and received a doctorate in economics from the University of Maryland.

Father Byron began his distinguished career in 1956 at the Scranton (Pa) Preparatory School. His career has taken him from Loyola College in Baltimore, Woodstock College, Loyola University, New Orleans (where he was the Dean of Arts and Sciences) to the Catholic University of America, where he served as Dean from 1982 - 1992. Father Byron was also President of the University of Scranton and most recently has taught in the McDonough School of Business at Georgetown University. His specializations in business ethics and social responsibility of business are currently put to excellent use as he directs the Centre for Advanced Study of Ethics at Georgetown University where his research interest focuses on mid-career executive transitions.

He is a trustee of CareFirst Blue Cross Blue Shield, Loyola College in Maryland, and the University of San Francisco. Father Byron's community involvement also has been with the Board of Commissioners of the Joint Commission for the Accreditation of Healthcare Organizations and the Board of Directors of the Federal commission on National Community Service (now the Corporation for National Service). He was a founding director and past chairman of Bread for the World.

He has authored a significant number of books and articles, including *Quadrangle Considerations*, which was the winner of the Catholic Press Association's 1990's Best Book Award in Education. Currently, Father Byron is the pastor of Holy Trinity Church in Washington, DC.

Aside from his outstanding personal contribution in the area of business ethics, it is most fitting to honour this distinguished scholar in this, Saint Mary's Bicentennial year. It was the Jesuit Fathers who ran Saint Mary's for thirty years (1940 to 1970) - a vital era in our history, which saw the development of the solid foundations which enabled the institution to grow, prosper, and expand its impact, both locally and globally.

James. J. Oliver

Born in Pennsylvania, in the 1960's Mr. Oliver was encouraged to attend Saint Mary's University to play football. While at Saint Mary's not only did he play football, he was active in the Student Council; wrote articles for *The Journal* (the student newspaper); and graduated with his Bachelor of Arts degree in 1967. It was also while he was at the University that he met his wife, Judy O'Dea. They have two children, Justin and Christine, both of whom have chosen to follow their father's footsteps into law. In 1970, Mr. Oliver received his law degree from Dalhousie University. He also has a Medical Malpractice Certificate from the University of San Francisco and attended Harvard University School of Law, with an emphasis on Trial Advocacy.

Currently, "Skip", as he is known to his friends, is the senior partner in the general civil practice law firm of Oliver, Caiola & Gowen, LLC. His areas of speciality are product liability and complex litigation, and he has been successful in suing for and obtaining multi-million dollar judgements. However, the case he is most renowned for is not the one that was awarded the most money but is the one which has had a significant impact, as it was the first of its kind and will lead the way for other former U.S. hostages to sue their

captors. This was a prominent case which resulted in the successful judgment for the Hizballah hostages. The first success in the case came when Mr. Oliver and his colleagues were successful in changing the Foreign Sovereign Immunities Act of 1976, to allow United States courts to take action against sovereign states which participate in terrorist activities. Once this was achieved he proceeded to win a \$65 million judgement for his clients. This matter did not end here, however, as the Foreign Sovereign Immunities Act of 1976 did not allow for the collection of punitive damages. In October 2000, President Clinton signed the Justice for Victims of Trafficking and Violence Protection Act of 2000, which allowed the U.S. government to use frozen Iranian assets to compensate victims of terrorism.

In addition to a very demanding legal practice, Mr. Oliver has also always found time to give to his community. He served on the Bicentennial Dedication in East Norriton Township, and also was the Vice-Chairman of their Board of Commissioners. He has been the President of the American Cancer Society of Norristown and was a member on the Little League's Board of Directors. His community involvement has been acknowledged by a number of the honours bestowed on him by various organizations, such as the Chapel of four Chaplains for Service to Community (1980); the American Red Cross of Central Montgomery County (1979); the American Cancer Society (1985-1995) are but a few of the organizations which have provided tangible recognition of his dedication.

"Skip's" never cut his close ties with Saint Mary's. For all of his many efforts over the years, the University is most grateful. Santamarians hope that the Oliver Family will continue to enjoy many pleasant summers at St. Margaret's Bay!

Simon Spatz

Born in Uterwalden, Poland in 1913, Mr. Spatz began his entrepreneurial career at the early age of 12, buying cattle in a town 30 km east of his home and selling the meat in the city of Lemberg, 20 km to the west. By the time that war broke out, Mr. Spatz became a very successful and wealthy businessman. Sadly during World War II he lost most of his family. In 1946 he married Riva Melamedek and they went into the meat business, both retail and wholesale, and prospered. In February 1950 they immigrated to Canada with their son, Jim.

Shortly after arriving in Canada, Mr. Spatz continued his entrepreneurial ways when he purchased his first business, the Southend Market, where he specialized in quality cuts of meat. Within two years his business had expanded to four times its original size. During this time Mr. Spatz also launched his real estate business, which eventually would be incorporated as Southwest Apartments. In the late 1960's Mr. Spatz went into real estate on a full time basis.

He soon learned enough about the construction business to become his own general contractor. He prospered by building in good locations and renovating with the best materials. His apartments were noticeably nicer than most and he kept them that way, year after year. He respected his tenants, trusted them, got to know them and liked them. The result was that these apartments were always in demand and the company has always had enviable occupancy levels and lease renewal rates.

Southwest Properties has grown to become a leading developer of residential and commercial property in Atlantic Canada and is the largest privately-owned, owner/operator of multi-family residential buildings in the Halifax region. Some of its commercially-owned properties include, the Bank of Canada Building, Marine House, the Royal Bank Building, and Sunnyside Mall in Bedford. The company has recently completed the new Bishop's Landing project on the Halifax waterfront.

Mr. Spatz has always had a personal concern for and dedication to environmental issues. For example Southwest Properties was one of the first residential apartment companies to offer tenants recycling and composting in an effort to reduce the amount of waste being sent to the landfill. The company also donates discarded appliances to Parker Street Food and Furniture Bank and encourages its tenants to give unwanted furniture to them. Some also are donated to facilities involved in the training of appliance repair people.

Mr. Spatz is also personally involved in his community. He has served as a member of the Directors of the Beth Israel Synagogue; as a canvasser for the United Israel Appeal and also the Israel Histadrut Campaign. His generosity has advanced a number of cultural entities such as Neptune Theatre, The Art Gallery of Nova Scotia, and the Halifax Buskers' Festival.

EVENING CONVOCATION

Phyllis Grosskurth

Dr. Grosskurth attended St. Clement's School, Toronto, and after receiving her Bachelor of Arts, Honours English from the University of Toronto, proceeded to the University of Ottawa for her Master of Arts. In 1962 she obtained her doctorate from the University of London and subsequently also received a Doctor of Letters from Trinity College in Toronto. She is married to Robert McMullan (the President of Abbeyfield Houses Society of Canada) and has three children, Christopher, Brian and Anne as well as five grandsons.

She is the well known author of eight books, including biographies of John Addington Symonds, Havelock Ellis, Margaret Mead, early Freudian pioneers, Melanie Klein and Lord Byron. Her first work, *The Memoirs of John Addington Symonds: The Secret Homosexual Life of a Leading Nineteenth-Century Man of Letters*, was the first frank book about the life of a homosexual. It won two awards, the Governor General's Award for non-fiction (1965) and the University of British Columbia Award for Biography. *Havelock Ellis* was nominated for the National Book Award in Britain in 1980 and *Melanie Klein* for the Governor-General's Award in 1986. *Byron: The Flawed Angel* was nominated for the Trillium Award and received the University of British Columbia Award for Biography (1998).

Dr. Grosskurth has reviewed extensively for *The Times Literary Supplement* and the *New York Review of Books*. She has also lectured widely throughout Europe, North and South America.

One of the first women hired by the English Department at University College, University of Toronto (1965), she is now one of its Professors Emerita. In 2000, she was named an officer of the Order of Canada.

Terry Kelly

Born in Newfoundland, at the tender age of seven Terry Kelly's parents made the difficult decision to send their son to Halifax to attend the Halifax School for the Blind. It was here that his musical talents developed. After graduating from high school, Terry enrolled at Saint Mary's University in a Bachelor of Arts degree program.

Mr. Kelly continued working on his music and it finally paid off in 1993 at the East Coast Music Awards when he won in all of the five categories for which he had been nominated. This had never happened previously and was another milestone that he had set for himself. These categories were, Album of the Year, for "Divided Highway", SOCAN Song of the Year for "In My Father's House", Male Vocalist, Country Artist, and Live Act. Mr. Kelly has also been nominated for a Juno and for four Canadian Country Music Awards'.

In addition to his musical talents Mr. Kelly is a well-known motivational speaker. He developed and has presented his "We Can Do Anything" lecture to thousands of teachers, students, professionals across Canada and in the United States. For students at the Sir Frederick Fraser School for the Blind in Halifax, he also has designed a workshop, the focal point being the transition from secondary to post secondary education, and to the workplace.

While Mr. Kelly has been blind since the age of two he has never let his disability hold him back from either his career or personal life. In 1979 he became the third blind man in the world to run a mile in less than five minutes, thus qualifying him for the 1980 Paralympics in Arnhem, Holland.

Mr. Kelly has been recognized for his frequent contributions to his community. In February 2000, along with Stephanie McClelland and Walter Gretzky he received the King Clancy Award in recognition of his contributions in promoting increased public awareness of the potential of disabled persons. Last spring the University of Kings College, Halifax, awarded him an honorary Doctor of Civil Law degree. In March 2002 the Lieutenant Governor of Nova Scotia, The Honourable Myra A. Freeman, hosted a luncheon to commemorate Mr. Kelly's latest CD, "The Power of the Dream". This is the first CD in the world which is accessible to the blind, the visually impaired and the sighted alike, by virtue of the Braille liner notes. In addition all the printed information is included in an html file on the enhanced CD.

Today, some of Terry's free time is spent jogging and skiing. If that is not enough, Terry is talking about skydiving - so keep a watchful eye above, just in case!

John Savage

Born in Newport, Gwent, United Kingdom to an Irish family doctor who had settled in Wales and his Welsh wife, John was educated at Prior Park College, Bath, England, and received his medical degree from Queen's University, Belfast, Northern Ireland in 1956. He and his wife, Margaret, have been married for forty-four years and have seven children, Shelagh, Michael, Jane, Philip, Patrick, Barney and Brigid - the youngest being born in Canada.

Dr. Savage completed his Compulsory National Service with the Royal Army Medical Corps (1958 - 1961). In 1962 he set up the first pre-natal clinic in South Wales.

In 1966, the Savages immigrated to Canada. Dr. Savage joined the Dartmouth Medical Centre, where he became partner in 1967 and practiced for the next 25 years. During that time he took an extremely active role in the medical and social needs of his community. For example he was the Medical Director of the North Preston Medical and Child Care Society (1968 - 1988); established the first mainland Nova Scotia Detox Centre in the Salvation Army Hostel on Gottingen Street, Halifax (1973), where he served as the Medical Director until 1985. He was a founding member of Big Brothers/Big Sisters in the Halifax/Dartmouth area and also of the Development and Peace Committee, of the Roman Catholic Archdiocese of Halifax. He was the Vice President of the Nova Scotia Home for Coloured Children in 1973 and a board member for 10 years.

He received the Family Practice Literary Award for the best article submitted by a doctor in the Atlantic Provinces, "Early Intervention in Alcoholism" in 1985. Dr. Savage has also received the YMCA Peace Medal (1987) and in 1991 the Environmental Award from the Wildlife Association, Nova Scotia Division. And the list goes on demonstrating why he can rightfully be termed "a Renaissance Man".

In 1985 Dr. Savage entered politics when he was elected as the Mayor of Dartmouth, a post to which he was subsequently re-elected in 1988 and 1991. In this position he established Dartmouth as a "Healthy Community" - physically, environmentally, socially and spiritually. In June 1992 he was elected leader of the Provincial Liberal Party, followed the next year by winning the Dartmouth South seat. The Liberals won a majority of seats that year and he thus became Premier of Nova Scotia, a position which he held until his resignation in July 1997, although he continued to serve as a Member of the Legislative Assembly until February 1998.

In retirement, Dr. Savage has maintained his involvement in a number of international projects from Niger and The Gambia, West Africa to a small Russian republic, Chuvashia where he is part of a team of health professionals advising on health reform. He is also on the board of Oikocredit Atlantic, a newly formed local branch of an international micro-credit organization, Oikocredit International, with headquarters in the Netherlands. This organization secures investments for small projects, often run by women, in the developing world.

This gifted and energetic doctor is truly a magnificent role model for all Nova Scotians.

AFTERNOON CONVOCATION

VALEDICTORIAN

Karen Williams

Originally from New Glasgow, Karen graduated from New Glasgow High School. She was one of the first graduates from Mount Saint Vincent University's Bachelor of Public Relations degree programme in 1981. In 1997 on her application to the Master of Business Administration programme at Saint Mary's, Karen noted that "The onset of middle age

does not mean life and learning are over. Rather, it is a time for new beginnings and the return to formal education.... I have a passion to learn. This is neither something to do because it is expected of me nor because all my options are exhausted." The mother of two stepsons, Joey (16) and Jeffrey (14), she is married to Keith who is also a member of this year's graduating class.

Karen is an active member of the Blessed Pope John XXIII parish in Colby Village, where she and her husband organize the Marriage Preparation Program. The entire family is involved in the Lifeteen program.

Saint Mary's University was a logical choice for Karen as her father attended Saint Mary's High School (1945-1947) and Saint Mary's College (1947-1950). He played on both the football and hockey teams and has been the recipient of the "Silver M", "Gold M", and football's Block and Tackle Award.

Today Karen is graduating with a Master of Business Administration degree.

HOODING CANDIDATE

Veronica Ford

A graduate with honours from the Sacred Heart School of Halifax, Veronica attended Acadia University for one and one half years before entering Saint Mary's University in 1999. She was awarded an achievement scholarship for the 2001 -2002 academic year.

Veronica was a workshop co-ordinator for two of the University's management courses for the last two semesters. She has also been employed in the hospitality industry throughout her University career.

Her many extracurricular interests include hiking, cooking, skiing and travelling. In fact she has just recently returned from a trip to Peru with her father.

Today Veronica is graduating with her Bachelor of Commerce, major in Marketing.

EVENING CONVOCATION

VALEDICTORIAN

Donald Landes

After graduating from Prince Andrew High School in Dartmouth, Donald began his studies at Saint Mary's University in a Bachelor of Arts programme. Today he is graduating with his Bachelor of Arts degree, with an advanced major in Philosophy (summa cum laude).

Donald's history with Saint Mary's University began before he was a student, in that his father, Dr. Ronald Landes, has been a professor of Political Science at the University for many years. So Donald has been "attending" university since he was a young boy, from basketball camps to watching varsity sport events.

He has continued his participation in campus life as a Frosh Leader in his second and fourth year. He has also written articles for *The Journal*, the student newspaper on campus. Off campus he was a full-time member of the Celtic music group "Fortune's Hand" from 1999 - 2001, where he was part owner of the business, treasurer and guitar/mandolin player.

Donald has been the recipient of numerous scholarships, including achievement scholarships; both the Thomas L. Trainor Memorial and the Jane Shaw Law scholarships. This current academic year he was the recipient of the Dr. C. Henry Reardon scholarship.

Donald plans to pursue a Master's and Ph.D. in Philosophy.

HOODING CANDIDATE

Nichole Brown

After graduating from Sackville High School in 1998, Nicole attended Saint Thomas University in New Brunswick for one year prior to entering Saint Mary's University in 1999. Today Nicole is graduating with a Bachelor of Arts, Honors Anthropology, minor History.

Nicole has been very active within the university community, as President of the Anthropology Society. She is also a SEEP student in the Department of Anthropology. For the past three years, she has been a member of the Nova Scotia Archaeology Society and her archaeological experiences have taken her around the province and as far away as New York.

HISTORY OF SAINT MARY'S UNIVERSITY

Saint Mary's University was founded in 1802 to provide opportunities for higher learning to young Catholic men. Its founder, the Reverend Edmund Burke, had meagre resources to work with, but on later being named Bishop with responsibility for Nova Scotia, he continued to support the college as essential to the development of the Catholic community. In 1841, the Nova Scotia House of Assembly gave formal recognition of its academic role. Its legal status was confirmed in perpetuity by enactment in 1852.

In 1913, the Christian Brothers of Ireland, a teaching order, were invited by the Archdiocese of Halifax to direct the college and its academic program. During the ensuing years, Saint Mary's University became more widely known for the quality of its undergraduate teaching and continued to develop new instructional programs, most notably within its Faculty of Commerce. In 1940 the Upper Canada Province of The Society of Jesus was invited to succeed the Christian Brothers as administrators and teachers in the University, and for thirty years until the enactment in 1970 of the new act of incorporation, the college remained under Jesuit supervision. The long-standing emphasis on liberal arts and commerce was extended to include new programs in science, engineering, and teacher education. Extension courses became an important part of the University's commitment to an active educational role in the community. The newest building on campus, The Sobeys Building, opened in the fall of 1998 and houses the Frank H. Sobeys Faculty of Commerce and provides meeting rooms as well as state-of-the-art classrooms for all three faculties of the University.

As the University begins a year-long series of events to celebrate its Bicentennial Anniversary, world wide attention will be focused on our very own postage stamp which was officially launched on 15 May and which will go on sale on 27 May 2002. Watch for our future celebrations during the next twelve months.

AN EXPLANATION FOR OUR GUESTS: THE CONVOCATION CEREMONY

(a) The Procession

The ceremony starts with the procession — the entering of the members of Convocation, beginning with the Marshall of Convocation and the students who will be presented with degrees, diplomas, and certificates during the service. As the students fill up the chairs in the Gymnasium, they will give the impression that today's ceremony really is, as convocations traditionally were, a meeting of the whole University. (The word "convocation" means "calling-together".) Indeed, the Gymnasium could not hold all the individuals who are part of Saint Mary's — the students, the professors, the administration, the staff, and a large number of alumni around the world — not to mention their families and friends.

Next in the procession are special guests, the Members of Faculty, the Board of Governors, and the Deans of the Faculties.

Next are honorary degree recipients. In addition to "earned" degrees awarded to students who have studied and met the usual requirements, annually the University confers several "honorary" degrees on individuals who have been designated by the University's Board of Governors and Senate as deserving special honour. To symbolize the degrees, they will receive hoods trimmed with specially designated colours. The person receiving this honour will be introduced during the Convocation ceremony and a brief text is read to explain why she merits the award. Details are found in the earlier portion in this program.

The final members of the academic procession are the Vice-President, Academic and Research (who presides over Convocation), the President, and the Chancellor of the University. Frequently, the Lieutenant Governor of Nova Scotia and her husband join the procession.

Many will have colourful gowns and hoods of institutions from across Canada, the United States, and many nations of the world.

(b) The Ceremonial Mace

The ceremonial mace, which is carried by the Marshall of Convocation at the head of the academic procession, was presented to Saint Mary's in April 1980 and used for the first time at the Spring Convocation of that same year. It symbolizes the University's authority to grant degrees. It was made and presented to the University by Maritime Command in recognition of Saint Mary's alumni killed in both world wars and also serving members of the Canadian Armed Forces who have been students at the University.

The mace is made of oak with a cast brass crown and brass plates carrying traditional ceremonial engravings. The plates represent the contribution to Saint Mary's by the Jesuit Fathers, the Christian Brothers of Ireland, the Archdiocese of Halifax, the LaSalle Christian Brothers, the Lay Teachers, and the Armed Forces.

(c) Degrees and Diplomas Awarded with Distinctions

At Saint Mary's University in the general undergraduate degree and diploma programs, academic distinctions are awarded to successful candidates on the basis of the following cumulative quality point averages of all courses taken at Saint Mary's University. Students must have taken a minimum of 75% of their courses at Saint Mary's University to qualify for a distinction. There are no distinctions awarded in the Bachelor of Education program, nor in graduate and certificate programs.

Program: B.A., B.Comm., & B.Sc.	Quality Point Average	Distinction: Diploma in Engineering
summa cum laude	4.00 - 4.30	with greatest distinction
magna cum laude	3.85 - 3.99	with great distinction
cum laude	3.70 - 3.84	with distinction
Honours: First Class	4.00 - 4.30	-

To honour those outstanding students, the President's Hall of Academic Excellence was inaugurated on 22 May 2002. Located in the main hallway of the McNally Building, directly outside the President's Office, this Hall will display the names of all students who earned their parchments with one of the distinctions previously cited. It will also include the names of students who won academic medals at graduation. This Bicentennial project will serve as a permanent and very public recognition of the academic excellence of Saint Mary's University's students.

TRADITIONS

Traditions form a very important component of a University. A number of these are associated with Convocation, including the five described in the following paragraphs.

(a) University Crest

Hanging above the centre of the stage is a replica of the University crest, designed in the 1940's by the Reverend Daniel Fogarty, S.J., then Dean of Education. Each symbol in the crest has a significance relevant to the various phases and history of the University.

On the outer portion of the crest, the name and location of the University are inscribed in Latin and, in Roman numerals (1841), the date the University received its charter authorizing it to grant degrees.

The book shown above the shield represents learning and knowledge. The inscription on the page of the book is in Latin — "Age Quod Agis". This is the motto of the University which exhorts all those connected with the University to strive to do their best in everything that they do. This quotation is from the Irish Christian Brothers and symbolizes their contribution to the development of the institution.

The upper part of the shield has the official seal of the Jesuits with I.H.S. being the Greek initials for Christ's name. Below these initials are the three nails which represent the Crucifixion, and surrounding these is the Crown of Thorns.

The two crowns represent a dual loyalty — to the then Dominion of Canada and to the British Commonwealth. Below these crowns is the thistle, which stands for Nova Scotia's Scottish heritage.

(b) The Presidential Medallion of Office

On 22 October 2000, a Medallion of Office was officially presented to the University and used for the first time that same day at the installation of Dr. J. Colin Dodds as President. Designed and crafted by James Bradshaw and Bruce Babcock of James Bradshaw Jewellery Design Studios, Inc., Halifax, its centre is a University Gold Medal, traditionally awarded to the top graduating students. It symbolizes the University's deep commitment to academic excellence. It is surrounded by contrasting sterling silver, representing the diversity of the institution's students and of its academic programs. It was generously presented by Mary Eileen Donahoe and her family as a memorial to the late Senator Richard A. Donahoe, Q.C., K.S.G., LL.D.(Hon.), a member of one of the earliest Boards of Governors, in recognition of his career of public service and his love of Saint Mary's.

(c) The Hooding Ceremony

As you will observe, all the graduates and members of the academic procession are attired in the basic elements of formal academic dress, which at Saint Mary's follows the general guidelines established at Oxford and Cambridge Universities in England. Formal attire consists of academic robe, hood and mortar board, although at Saint Mary's the latter is limited to Master's graduates only. The academic dress worn by each participant depends upon the academic level attained. There is a special attire for the Bachelor level candidates, for the Master's, and the Doctorate. While tradition has dictated the style or cut of the academic attire, each post-secondary institution, for the most part, will amend certain details of the attire to suit its own particular tastes and traditions.

The academic hood which each graduate is wearing symbolizes the degree into which the student will be or has been admitted. The hood itself traces its tradition back to the Middle Ages, when its prototype, with a cowl-like appendage and tail, was used to cover the shoulders in the cold and draughty medieval buildings or in inclement weather. Gradually this garment was modified and the hood assumed an academic rather than functional significance. The hood has two basic elements: the trim on the outer edge and an inner satin lining. Each hood has its outer edge trimmed with a colour to indicate a particular faculty and degree: white symbolizes Arts; gold, Science; grey, Commerce; and white with pale blue, Education. The hood for the Master's candidates is essentially the same as the Bachelor's hood except that the trim is usually an inch or two wider. All the Bachelor level hoods are lined with satin in the colours of the institution granting the degree. Hence at Saint Mary's the hood is lined with maroon satin with a white chevron. The Master's hood at Saint Mary's is lined with maroon satin only to give it added distinction from the Bachelor's.

A symbolic hooding ceremony has become a traditional feature of all Convocations at Saint Mary's.

(d) Flags on the Stage

Each year Saint Mary's has a number of non-Canadians in its student body. The flags which you see displayed on the stage for Convocation are from some of the countries from which these students come, not necessarily graduating students, but those in any year of study. The globalization of the Saint Mary's University community is a feature of justifiable pride which contributes markedly to the growth and understanding of both Canadian and non-Canadian students.

Also included in the University's permanent collection of flags is one from the International Year of the Disabled signifying the University's permanent commitment to people with disabilities. Also part of this collection is that of the Mi'kmaq's in recognition of their First Nation's Status. For the first time at our Spring 2002 Convocations the University's Bicentennial flag has taken its rightful place in our permanent collection.

(e) Graduation Alumni Pins

The Alumni Association of Saint Mary's University has generously provided an Alumni Pin again this year. To commemorate our 200th Anniversary a special designation has been added to this year's pin. This is a tradition which started with the 1992 Spring Convocation. Graduates are encouraged to wear theirs with pride and to consider becoming an active member of the Association.

A symbolic presentation of an Alumni pin to the Hooding Candidate by the President of the Alumni Association has become a traditional feature of all Convocations at Saint Mary's University.

* * *

The University's symbols and traditions reflect its roots as well as looking to its future, and the ritual of Convocation looks to the roots of the University as well as being a beginning for the students who now enter a new stage in their lives. Indeed, both the symbols and the Convocation look back far beyond the beginning of this University to the centuries of academic life in western civilization. Today the University dresses in clothes which are symbolic, not functional, and goes through the 600-year-old ritual of a convocation for the conferment of degrees, diplomas, and certificates.

We thank you for being present to share in it with the Saint Mary's University community.

Alumni Framing Service

The Saint Mary's University Alumni Association, in conjunction with the University's Bookstore, is pleased to provide an on-site, instant framing program following graduation ceremonies. (Please note: This service is NOT available during the Convocation ceremony.) Here is the chance to proudly frame your diploma.

Simply present your diploma at the kiosk in the Aerobics Room (first floor of The Tower). In seconds it will be professionally framed in a high quality, Canadian-made frame, complete with a mat emblazoned with the official logo of Saint Mary's University.

Be sure to pick up your frame today. It makes the perfect graduation gift!
