#### President's Message

One University. One World. Yours.

Dear Graduates of the Class of 2009,

Congratulations! You can be very proud of your success. As you move on to the next stage of your career, I am sure that the time you have spent at Saint Mary's University has provided a strong foundation for the future.

While intellectual life is at the heart of what we are about as a university, we have never felt that our mission stopped there. A Santamarian is someone who, in addition to her/his classroom and laboratory learning, has acquired communication, leadership, and cross-cultural skills; and also has developed a sensitivity to the local, national and global competitive agendas.

I hope you will return to the book many times in later years to relive your memories of Saint Mary's—your professors, your friends, and the events which took place on campus, particularly in your final year. This past year has seen the completion of the Science Building renewal project and the start of the new Atrium building linking the Science, Library and Burke Buildings. For next year we are renovating the McNally Building and more campus renovations are planned for the future.

I hope, too, that you will continue to think of Saint Mary's not only as the place at which you studied, but where you became more of a person, in every way. So please keep in touch with your graduating colleagues and with us. Join an Alumni chapter and be part of the 36,000+ alumni network world wide.

My colleagues and I wish you well.

Yours sincerely,

J. Colin Dodds, Ph. D.

President and Vice-Chancellor

#### SMUSA President's Message

Fellow Graduates,

Congratulations and Good Luck! After many years and hard work we finally did it! We have earned the right to call ourselves Santamarians and to carry the Maroon and White proudly wherever we go. Along with our respective degrees we leave Saint Mary's with amazing memories, long lasting friendships, and the knowledge and security that regardless of the adversity that we face we now belong to a large family of proud and accomplished huskies.

Whether you are picking up this book for the first time, have stumbled upon it while moving to your next adventure or just thought you would try and remind yourself of what Saint Mary's was like many years from now I am sure the pages and their contents will make you smile, laugh, and sometimes cringe. I can only hope that you find this book as a source of inspiration, a sense of nostalgia, and at times a random walk into the years of our youth. If not for us perhaps for those who will follow in our steps, so that they may see who we once were.

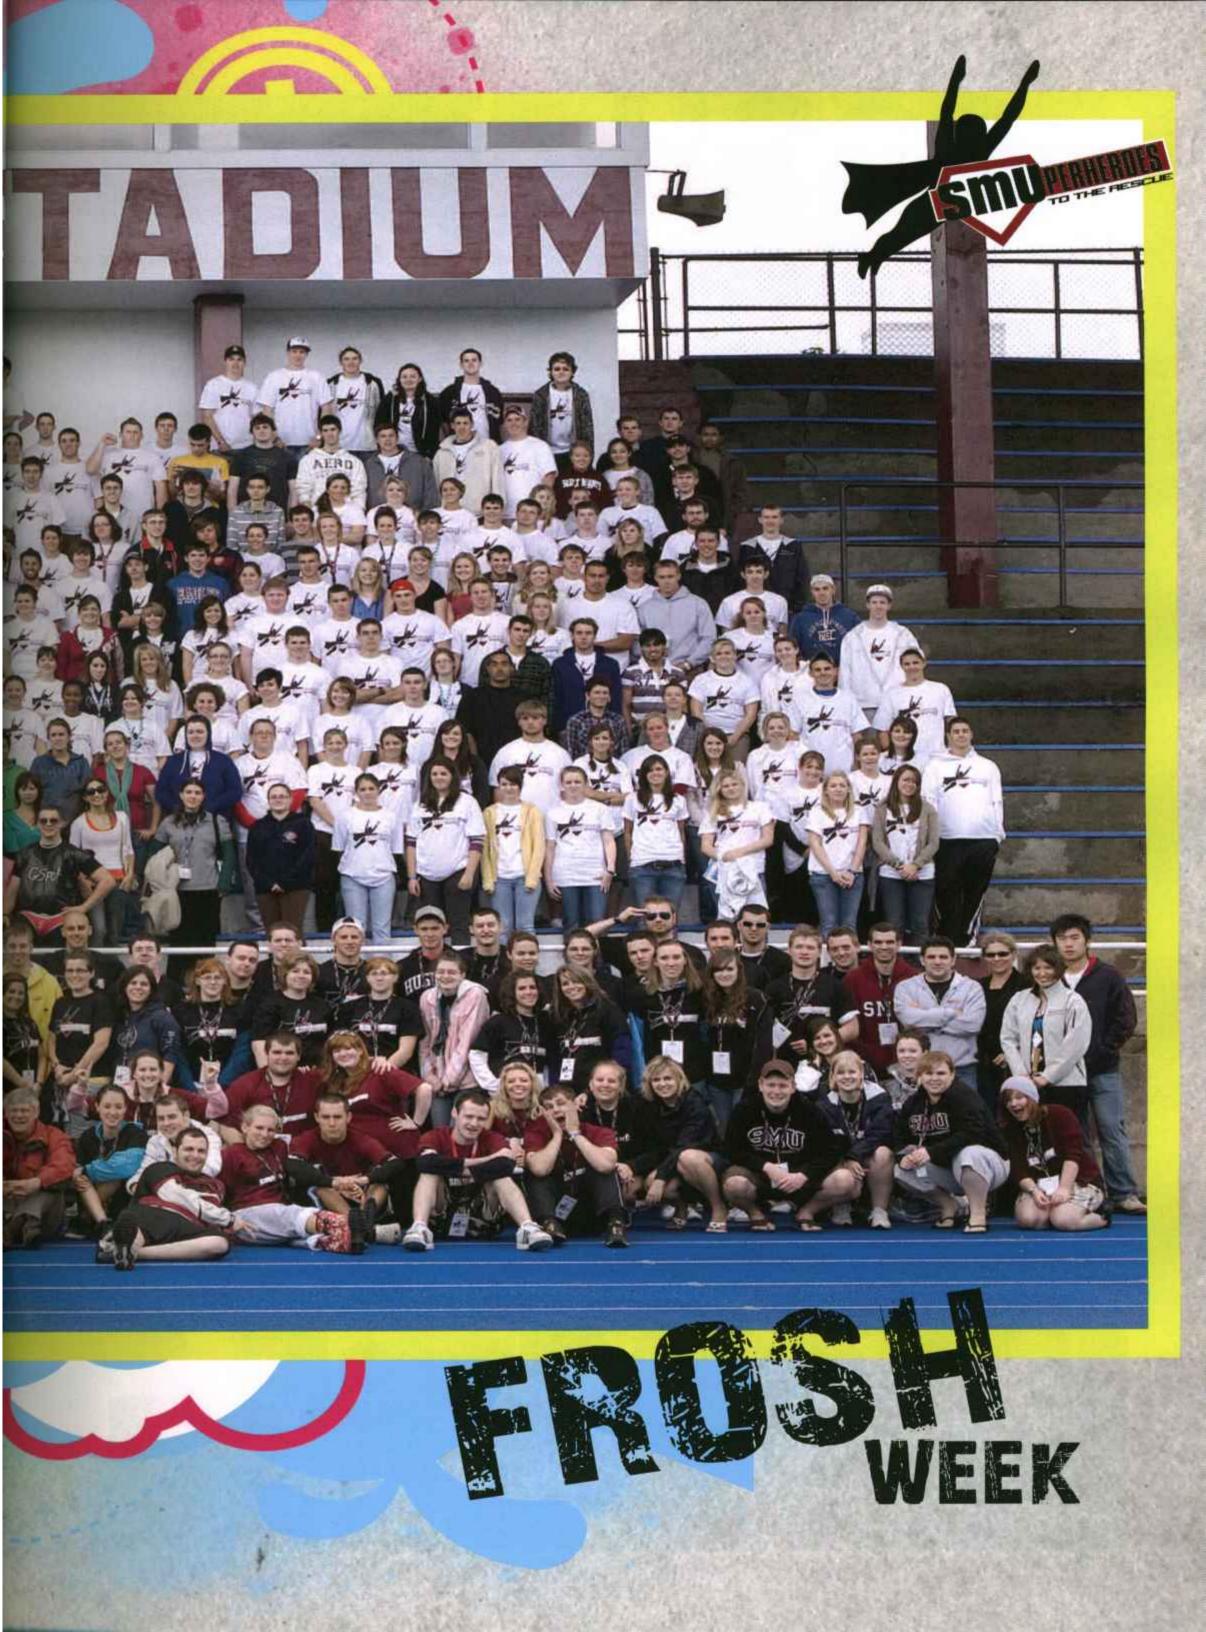

The spirit and fellowship that you will find from cover to cover of this book continues to fill the halls of the academic buildings and the greens of the quad. It has made Saint Mary's a truly inspirational and memorable environment for us to grow during our studies. These sentiments should remain throughout our lives and be shared with all others that cross our paths.

Remember wherever you go, whatever you do, whomever you become Saint Mary's will remain a part of you. Congratulations again and best of luck with whatever life decides to throw your way.

Sincerely,

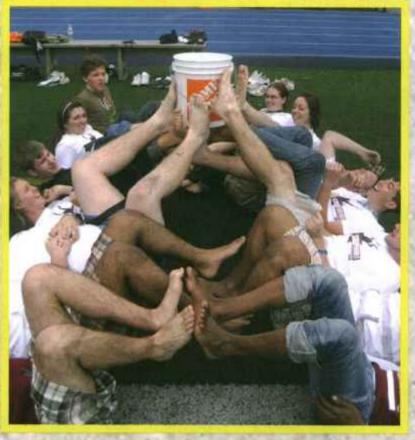

Chris MacDougall

### Accounting Society

The Accounting Society had another successful year planning events, crunching numbers, and wasting time in the office. The executive consisted of Warren Stevens - President, Gregory Blunden - Vice President, Jeffrey Meagher - Treasurer, Danielle Potter - Secretary, and Tyler Noye as interim Treasure for the second semester.

In an attempt to keep students lives balanced we hosted a few upscale events such as the CA Reception and Etiquette Dinner and paired them with the less elegant Gorsebrook social and Yuk Yuk's night. Each providing its own unique lessons such as which fork to use or why counting shots doesn't always add up. For those Accounting freaks out there we also had Tax and IFRS sessions.

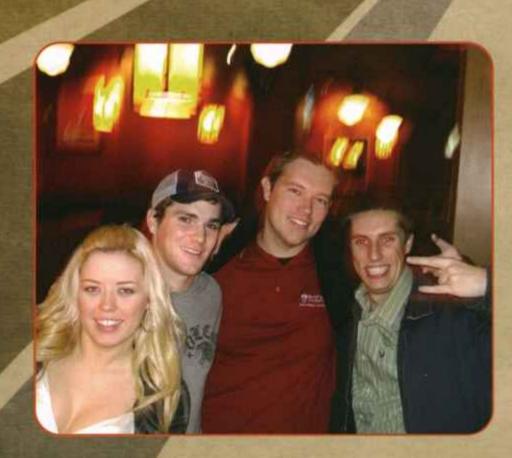

Cheers Everyone.

Warren Stevens
President - Accounting Society

### A.C.E. Advancing Canadian Entrepreneurship

2008-2009, ACE Canadian (Advancing Entrepreneurship) achieved great success! Faculty Advisors, Michael Sanderson and Jason Turner of the SMU Business Development Center (BDC) and Dr. Ellen Farrell contributed time and resources and can't be thanked enough! ACE President, Leah Skerry won the Atlantic Canada Student Entrepreneur of the Year award at the ACE Regional Exposition held at the World Trade and Convention center in Halifax, NS. Leah was also the Project Manager of the 2009 Trumped competition where ACE worked in conjunction with EQ Media to present the event. Over 170 students participated from Dal, SMU and MSVU. In just 13 days students raised \$62,000 for the Canadian Cancer Society. This was the largest independent fundraiser for the CCS NS division all year. Participants were also given the opportunity to create a billboard and radio advertisement for local entrepreneurial company, Pinky's Ice Cream which was used around Halifax in the Summer of 2009. And students worked with Molson Canada to create the Molson Rocks Zone for the Halifax Rocks KISS Concert. Jean Ferguson was project manager for the 6th annual "What's the Big Idea?" competition which gave away \$4,500 to students in nine different categories. Nicola Hancock, the Vice President of ACE, worked with Students in Business and the SMU BDC as the Project Manager for the Summer Business Creation Workshop helped students which learn entrepreneurship as an alternative to working for an employer over the summer. Members also travelled to Toronto, Ontario to compete in the ACE National Exposition. Because of all of the hard work that the members and volunteers have put in this year, ACE was voted Society of the Year by SMUSA for the second year in a row.

ACE Members included Leah Skerry, President & Project Manager; Nicola Hancock, Vice President & Project Manager; Jean Ferguson, Project Manager; Stephen Smith, Project Manager; Nick Tingley, Ian Underhill, Matt Logan, Presenters; Louis Westergard, Treasurer and Tech Support; Andrew Parlee, ACE Alum, Goran Radisic, Student Entrepreneurship Center Manager; and Michael Sanderson and Jason Turner, Faculty Advisors.

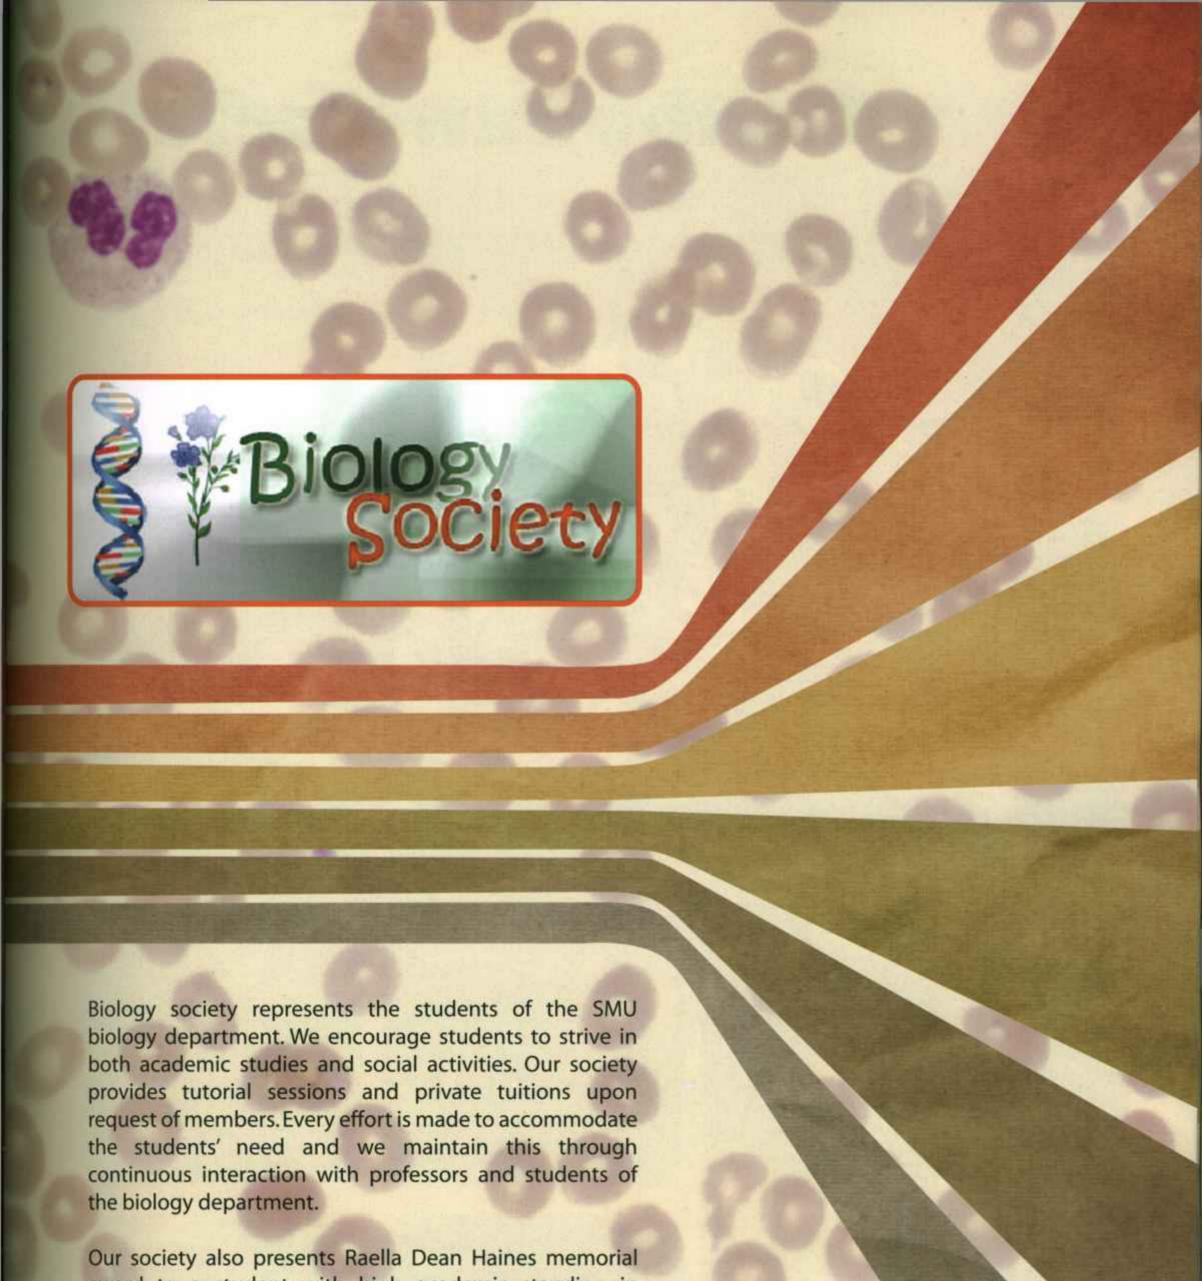

Our society also presents Raella Dean Haines memorial award to a student with high academic standing in biology or forensics diploma, who has been actively involved in extracurricular activities at SMU, and has volunteered while completing their degree. This award is supported by society activities held throughout the academic year. These events also allow students to extend

their networks and share information among the fellow

students.

## Caribbean Society

### Conflict Resolution Society

The Conflict Resolution Society has connections with Peaceful Schools International and fundraises to send SMU students to Northern Ireland to promote peaceful resolution. This year 14 students travelled to Northern Ireland during reading week along with Bridget Brownlow the Conflict Resolution Advisor.

In Northern Ireland the SMU students worked with children from nursery school, primary school, and high school. The SMU students facilitated workshops on empathy to help the children to understand what it is like to be in another person's shoes. This was an incredible and rewarding experience not only for the children but especially for the SMU students.

## OURNAL

The Student Newpaper of Saint Mary's University • Halifax • NS

I would like to take this space to thank the staff, writers and contributors at The Journal for an amazing year of journalism. We have been through a lot together this year; from the very first issue until the end. Breaking stories, interviews with top political figures and musicians, Huskies reporting, hard-nosed journalism and controversial issues; it's been quite a year for The Journal. The rocky moments brought out the best in our team and made us a close knit unit by April, one that I will never forget.

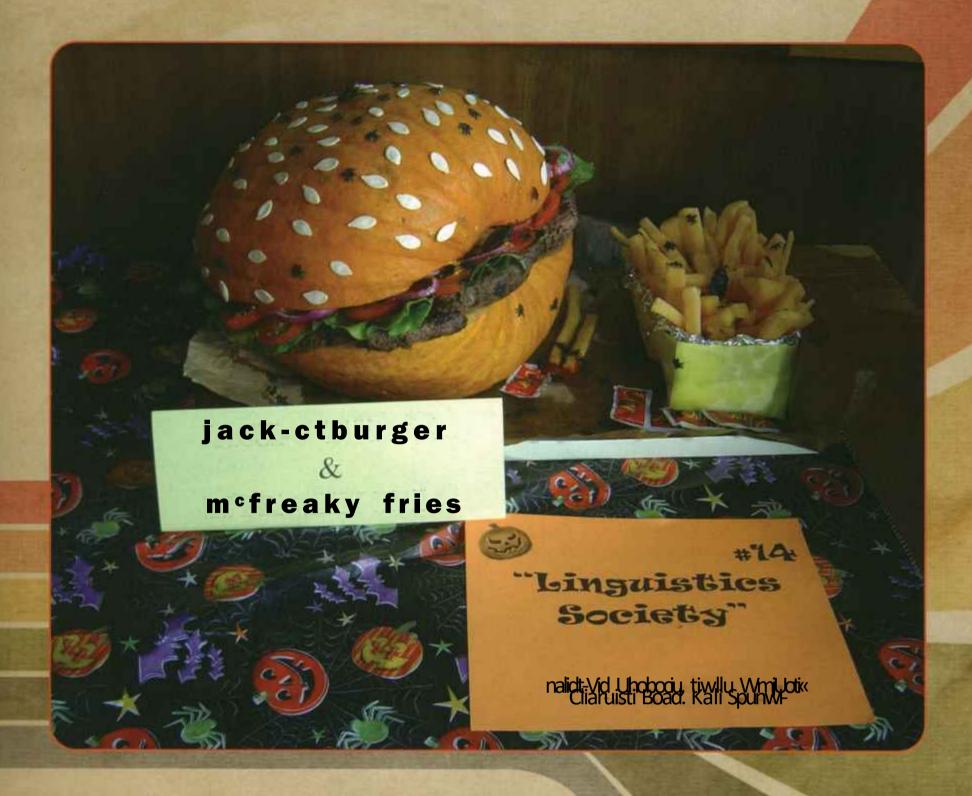

I would like to thank everyone on the team for becoming more than just co-workers over the course of the year and I hope that we all stay in touch. To the students of Saint Mary's, keep making headlines, and remember; The Journal is your voice!

Special thanks go out to the dedicated staff and volunteers that showed up Monday after Monday to make sure The Journal was always there as the students' voice: news-nosed Jeff, Kim keeping features "Daresy", JMac our sports guru with a knack for photography, artsy and entertaining Dawn, Nick who kept us in the business loop, Korey the ad-man, our Magician Marlon on layout, Master Elie of the web, shutterbug Nicole, and Nick and Ressa for those countless revisions. I'd also like to give a shout-out to our dedicated distro crew; Slug, Brittany and Chris.

Good luck for the future Journal staff, I hope it treats you with the respect and dignity you've shown to The Journal.

Laura MacIntosh Editor-in-Chief, 2008/2009

### Linguistics Society

The Linguistics Society was founded in September 2007 to act as a voice on behalf students enrolled in the Tri-University Linguistics program. We have offer volunteering opportunities, officially logged and recognizable on academic and professional CVs, and we offer tutoring, research help, study tips, as well as organize study groups for students taking linguistics related courses. We are also proud to have one the Annual Pumpkin-Palooza this year with our Jack-O'Burger & McFreaky Fries! This has been a great year for Linguistics! We have had an extraordinary number of students participating in the Honours Program and about a dozen students graduating from this small program. We know the faculty is looking forward to getting to know new students and seeing the next generation of linguistics come alive at the university.

We exist for the students, and new members are always welcome!

### Literati Society

The Saint Mary's English Society, better known as the Literati Society, was revived this year and hosted the 28th Annual Atlantic Undergraduate English Conference in March 2009. The 28th AAUEC welcomed 49 English enthusiasts (delegates) from universites across the Atlantic provinces. Students were invited to present their work, share their poetry at a Speak! event, and unwind at Petrie's Halifax Feast Dinner Theatre. Everyone who attended was impressed by both the academic and creative presentations and looks forward to next year's conference at Acadia. Upcoming news and events can be accessed through our website at EnglishSociety.ca.

This year, the Saint Mary's Marketing Society has exploded, with four times more events and six times more members!

Here are just a few of the events we hosted and partnered in this year:

Speech by Paul LeBlanc, CEO of Extreme Group, Atlantic Canada's largest marketing agency
Extreme Group Studio Tour
Marketing Society Movie Night
Varsity Hockey Game Social
Canada's Next Top Ad Exec

This year has been spectacular, and next year looks to be even better, with more events, and more members. Keep watching, the Marketing Society is SMU's fastest-growing society!

#### **Society Summary**

The mandate of the Saint Mary's Marketing Society is to improve the life of Marketing students on campus, and raise the profile of the Marketing industry through creating awareness. We do this with a three-prong approach:

#### Social

University life can be stressful at times, so we provide fun and engaging social activities that help our members relax and meet new people.

#### Professional

We attract the top talent in Halifax's marketing industry, and they share their knowledge with us. Through offering job opportunities, and hosting various networking events, our society produces some of the most well-connected students in Halifax.

#### Academic

Our knowledgeable executive is ready to answer any questions our members may have about their classes, local marketing firms, or MBA opportunities.

Through these initiatives, the Saint Mary's Marketing Society hopes to provide everything our members need to become effective and creative members of tomorrow's economy.

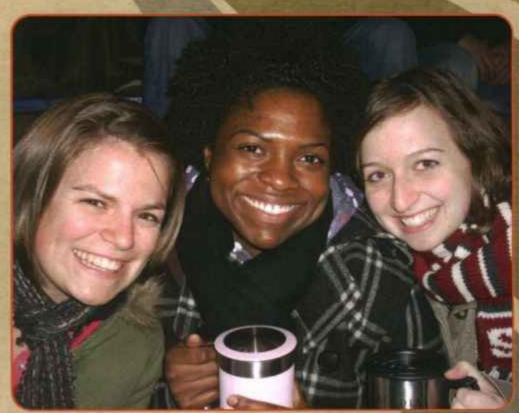

If you believe that together people can create a fair world, free of poverty and injustice, then join SMU Oxfam Campus Club and get involved with social justice awareness campaigns, fundraising and advocacy. An advantage of being involved with SMU Oxfam is that you will meet like minded individuals on campus, in the community and across Canada. Give it a try and I trust that you will find your involvement to be fulfilling and rewarding.

#### Have fun!

President-Maureen Kimani Saint Mary's Oxfam Campus Club

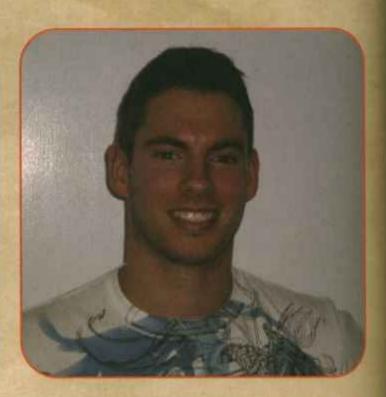

### Psychology Society

The Saint Mary's University Environmental Society (SMUES) is an organization of students working towards a healthier environment and a more sustainable campus. SMUES is open to all SMU students, faculty and staff, from all disciplines, who have an interest in environmental issues.

#### We are:

- · Saint Mary's University (SMU) students working towards a healthier environment and a more sustainable campus
- · open to SMU students from all academic disciplines
- open to faculty of the Environmental Studies Program and other departments who wish to serve as advisers to the society

#### We aim to:

- · bring students together to socialize, network and make a difference
- provide resources and opportunities for students to become more involved in environmental issues,
   initiatives and careers
- facilitate change on campus and help SMU become more sustainable
- · provide education and opportunities to those wishing to learn how to help achieve a sustainable campus
- · foster relationships between students, faculty and staff who are working to make SMU more sustainable

Saint Mary's University Environmental Society (SMUES) has been very active this year!

#### Below is a list of our projects and events:

- · Guest Lecture Blair Feltmate: The History of Sustainability
- PaperCut "Better-Sided Notebook" Campaign: Collected one-sided paper from campus and bound it into booklets to stress the importance of using and reusing things before recycling them. We produced almost 116 notebooks, reusing over 5800 sheets of paper!
- Get Caught Recycling!: Caught people in the act of recycling: awarded those who sorted their waste properly and educated those who didn't.
- · Bake Sales: sold home-made local and/or organic baked goods
- Wilderness Aid Film Screening: Forbidden Forest. Raised awareness of the need to preserve wilderness areas in Nova Scotia; recruited hikers for our Sustainability Week Hike
- Partner in Sustainability Week. Our events:
  - Kickoff to Sustainability Week: Screening of Garbage! The Revolution Starts at Home
  - Participation in Sustainability Fair and Expo
  - Wilderness Aid Hike Hikers were pledged per kilometre to hike the Bluff Wilderness Trail. Together we raised about \$1000 for the Nova Scotia Chapter of the Canadian Parks and Wilderness Society (CPAWS)!
- Dump and Run: A yearly community-wide garage sale. Purpose: to divert waste from going into landfills, and to promote using products for their full useful life. Saint Mary's University was the donation drop-off location in the community this year. (Partners: Dalhousie Net Impact)

## RESIDENCE LIFE AT SMU

# SALLUJE OF THE FLOORS

#### ONE WORLD, ONE DAY, LET'S PLAY!

The school spirit of the SMU residence study body was loud and proud at Battle of the Floors 2009! "One World, One Day, Let's Play!" transformed the McNally Theatre into an international extravaganza as teams represented different countries with creative costumes and flags. Racing "around the world" on Bristol board sheets, trying our hardest not to get "caught in traffic" during whipped cream musical chairs, putting all our course knowledge to use for "world whiz" trivia, and struggling to use a phonebook had us all on our toes! The excitement of the theatre was so intense that hearing the "name that tune" music or cheering on team members in the dance off was almost impossible—our team spirit was incredible! Loyola floors 5/10, representing team Canada, took top honors with a total 958 points! Other winners included Loyola 22, Rice 10, Loyola 17/Rice 7, and Rice 6. The annual Battle of the Floors is something to love about life in residence!

# **SMU Dance Team**

The Saint Mary's Dance Team consists of captain and choreographer Brianna Koski and dancers Syndell Goode, Nikki Brown, Marybeth Bryne, Jessica Curtis, Kayleigh Mills, Heather Toner, Ashley-Dawn Marsh and Kylie McGarvey. They are strictly a dance team and the dancers have various years of dancing experience. Most of them are not trained in cheerleading and focus primarily on dance specifically jazz and hip-hop, practicing at least three times per week.

The Team kicked off the 2008/09 year at home during the SMU vs. Acadia football game. They continued to perform throughout the year at all Home football and basketball games and at the Metro Center during basketball playoffs. They made appearances at different functions all over campus and hosted the annual Black and White Party Fundraiser at the Gorsebrook lounge. They also competed at the Cheer Expo and were the National Dance Champions earning them a bid to the 2009 Dance Worlds in Orlando, Florida.

### Saint Mary's Field Hockey Atlantic University Champions 2008

This has been a successful year for the field hockey program at Saint Mary's. The team won the Atlantic University Championships finishing 1st ahead of Dalhousie, University of Prince Edward Island, Acadia and University of New Brunswick. Three players from Saint Mary's were selected as Atlantic University League All-stars, Alyssa Campbell, Mandy Avery and Maria Barreiro. Mandy Avery was selected as League Rookie of the year and Maria Barreiro was the recipient of a CIS 2nd Team All-Canadian Award. Maria who was Team Captain for the past three straight years was also named Team MVP for a second time at the Saint Mary's Awards night.

Saint Mary's won the Atlantic Championships with an 8W/1L/3T record.

Saint Mary's represented the Atlantic at the Eastern CIS qualifying tournament, The Ontario University

# Men's Hockey

The 2008-2009 season was a special one for the varsity men's hockey team as they match their previous season's 20 win mark. After overcoming the adversity of playing without their head coach Trevor Stienburg who missed the first half of the year due to a stomach ailment, the team rallied together in the second half, losing only three of their final 16 regular season games. The Huskies were equally as impressive in the playoffs, ousting the always dangerous Aigles-Bleus from Moncton in a hard fought series and then defeating arch rival UNB Varsity Reds in a memorable three games. Saint Mary's won the deciding game 5-1 in front of a sellout crowd of V-Red supporters in Fredericton. The Huskies went on to win their first at the CIS Championships to Mcgill, but fell to Western in a disappointing semi-final loss. When a team enjoys as must success as the Huskies did this season, many individuals get recognized for their accomplishments. Such accomplishments include:

Marc Rancourt - CIS Player of the year and CIS/AUS first team all-star, lead country in scoring

Scott Hotham - CIS/AUS first team all-star

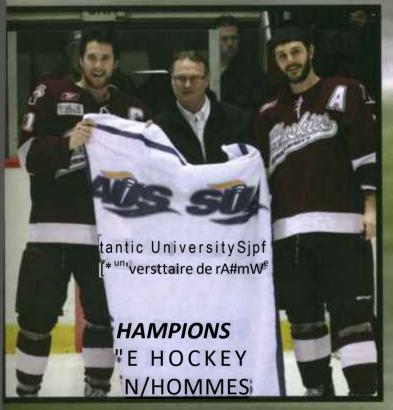

Andrew Hotham - CIS second team all-star

Cam Fergus - AUS most sportsmanlike player, tied for league lead in goals

Cody Thornton - tied for league lead in goals

Brandon Verge - AUS playoff MVP

➤ THE RECESSION'S SILVER LINING. The Amazon rain forest, often called the lungs of planet Earth, has been under siege for decades. The region covers about 4.1 million sq. km, more than half of Brazil, but already 20 per cent of that land has been deforested. And for the first half of 2008, land was being cleared at more than double the pace of 2007. Experts believe that rising world food prices encouraged farmers to clear new land in order to produce more beef and soy products. However, by the end of the year, as the recession took hold and consumer demand plummeted, satellite images showed that forest clearing dropped sharply too. So we can all breathe a little easier.

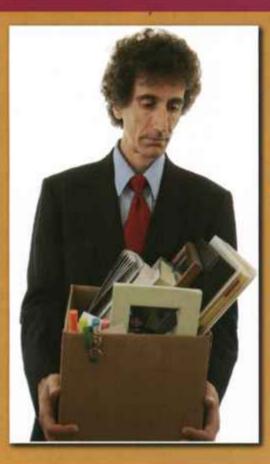

▲ TOIL AND TROUBLE. The global financial crisis started last fall after banks, worried that their competitors were on the brink of collapse, stopped loaning each other money. As stock markets nosedived, once-proud firms such as Lehman Bros. toppled into bankruptcy while scams, such as the US\$50-billion fraud perpetrated by Bernie Madoff in New York, robbed thousands of investors of their savings. Meanwhile, governments slashed interest rates, pumped trillions of dollars into the financial system and bailed out surviving institutions in a desperate effort to reboot the system.

SCORCHED. In Australia, February's record-breaking hot, dry summer sparked wild bushfires that destroyed hundreds of homes, left thousands homeless and more than 200 people dead. Nothing escaped the raging flames. This three-year-old female koala bear, nicknamed Sam by the firefighter who rescued it from the devastation, was treated for second and third-degree burns as well as severe dehydration. Less than a week after the disaster, a charity album—Bushfire Aid—had been released to help victims. And the album's cover featured a picture of Sam being fed water by her rescuer.

**◄ THE WORLD SLOWS** DOWN. One after another, economies around the globe tumbled into recession as banks teetered, businesses stalled and consumers stopped spending. Trade slowed and layoffs increased at a blinding speed. In the space of just a few months, more than 20 million migrant workers in China were laid off, while in the United States, the unemployment numbers climbed sharply week after week. One of the few beacons of hope for a turnaround came from massive government stimulus packages, chumentock

### ► CRACKS IN THE GREAT WALL.

Last fall Chinese dairy companies were caught illegally adding the toxic chemical melamine to watered-down milk and dairy products, which appeared to "boost" the protein content. At least 300,000 babies and toddlers became sick, and some died. Parents' anger boiled over after finding out that the government concealed the contamination for months. Adding to the nation's turmoil were daily demonstrations by unemployed workers who were owed back pay. And then, just in time for the 60th anniversary of Communist rule, came Charter 08, a document that calls for a free democratic China. No wonder it went viral with thousands signing the accompanying petition. (AP Photo:

► MAYHEM IN MUMBAI. On Nov. 26, 10 gunmen from Pakistan launched a carefully coordinated attack on Mumbai, India. Their targets included the main train station, a Jewish centre, a popular restaurant and two luxury hotels, including the historic Taj Mahal in the city's centre, where guests and staff were terrorized for more than 50 hours. At least 160 civilians were killed and another 300 injured. Apparently the gunmen's success at the hotel in holding off teams of soldiers was due to a simple tool. They used cellphones to get up-to-date tactical information from their leaders who were watching the siege live on TV.

A RUSH TO THE NORTH POLE. With pack ice melting at an alarming rate, Arctic nations including Russia, Canada and the United States are angling for their share of the resources that are buried under the North Pole. All are busy exploring the area's geography to bolster their bids under the Law of the Sea Treaty to vast chunks of seabed beyond the usual 200-mile territorial limits. As each country jockeys to be the winner in the race, many scientists worry that the region's fragile ecology could be the biggest loser.

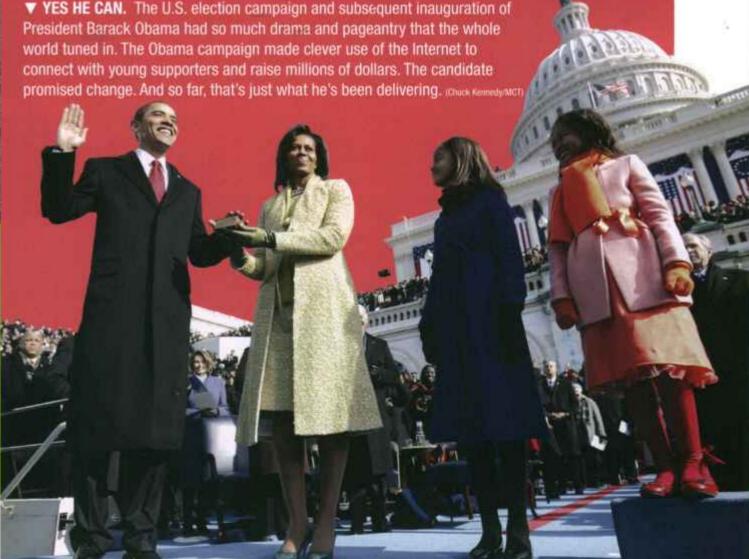

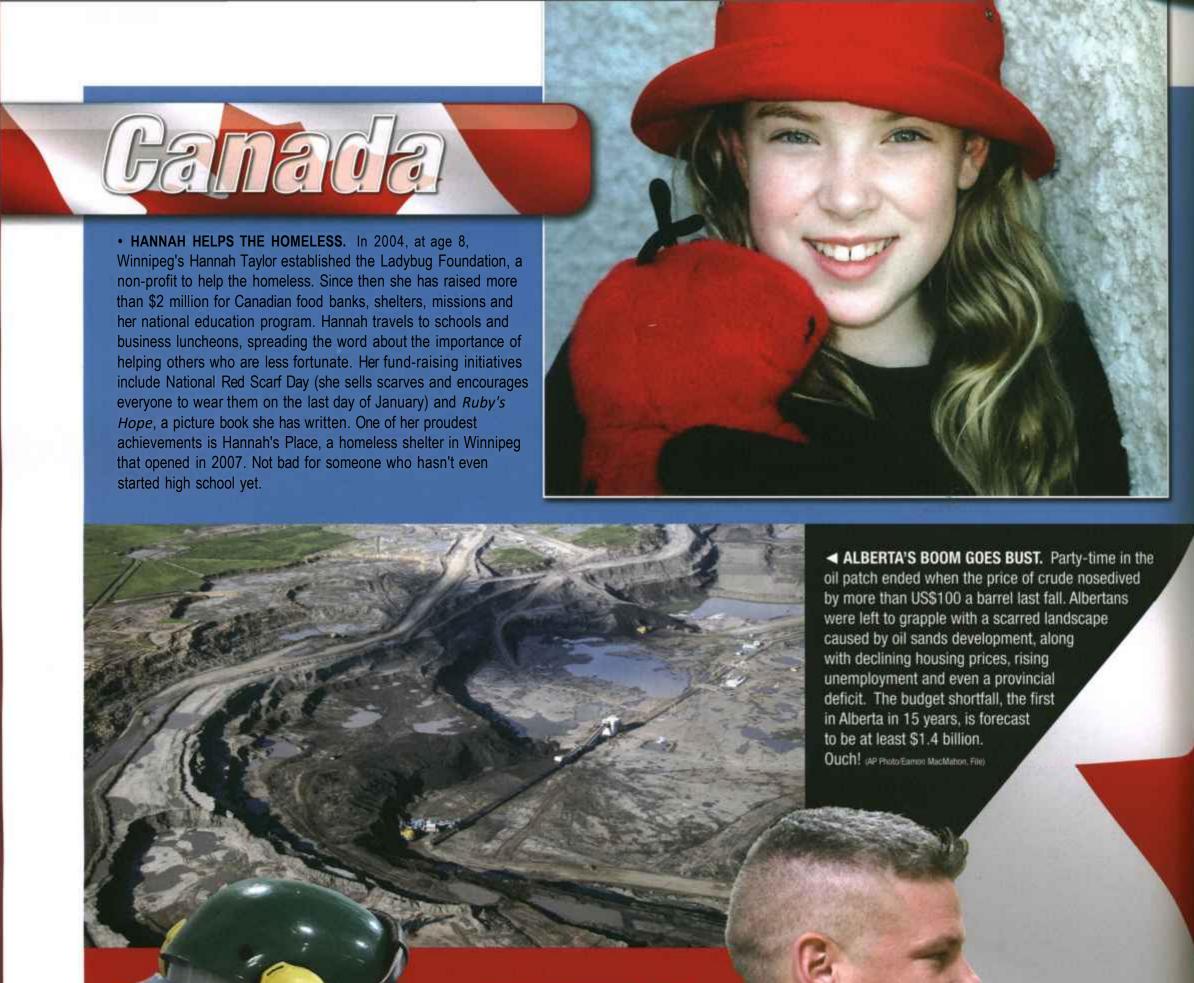

▲ ROUGH WATERS. Beyond the usual hazards of life on the high seas, ships sailing off the coast of the lawless African nation of Somalia have a new threat: pirates. Real-life pirates seize ships at gunpoint and hold crews hostage until they receive hefty ransom payments. But things don't always go the pirates' way. Last December, one swashbuckler who was obviously not familiar with the slimy characters in Pirates of the Caribbean whined about greedy middlemen trying to steal his ransom: "We can't trust them. They're trying to take the money, and we are the criminals." (Photo by Rex Feotures (8118784))

▼ SOGGY BUT SAFE. It was dubbed "the miracle on the Hudson." Thanks to a cool-headed pilot, all 155 passengers and crew en route to Charlotte, N.C. survived the emergency landing of US Airways Flight 1549 last January. Two minutes after taking off from New York City, the plane struck a flock of birds, which crippled both engines. Unable to return to the airport, the pilot steered the plane away from Manhattan's skyscrapers and completed a near-perfect landing on the Hudson River. Rescue boats helped everyone to safety before the plane was all but submerged in the icy water. One passenger, late for a meeting in Charlotte, emailed five words to a perplexed co-worker: "I landed in the Hudson." (Nephoto com REF: Intimoty-136)

**◄ CANADA VOTES.** Sometimes it's hard to remember there even was an election last fall, so little changed. While the ruling Conservatives won 143 of the House of Commons' 308 seats-a gain of 16 ridings-and the Liberals lost 18 seats, the Tories again failed to secure the majority they hoped for, leaving the overall political balance of power unchanged. The bright new light in an otherwise dull campaign came from Green Leader Elizabeth May, who shone during the leaders' debates but alas, failed to win her Nova Scotia riding. (The Canadian Press/Soun Kilpotrick)

▲ MUTT MUSIC. Canadian singer Sarah McLachlan is a pet lover who has put her money where her mouth is. And the results have been pure gold for animals in distress. Three summers ago, she appeared in a TV ad for the British Columbia Society for the Prevention of Cruelty to Animals. Its success brought the American SPCA calling, and soon commercials filled with heartbreaking images of dogs and cats, and McLachlan's song Angel playing in the background, were on TV sets across the continent. The pitch has raised more than US\$30 million for the ASPCA, by far its most successful fund-raising effort ever. (John Green/Sain Malteo County Times/MCT)

▲ HIGH DRAMA IN OTTAWA. Late last November, NDP Leader Jack Layton, Liberal Leader Stephane Dion, and Bloc Québécois Leader Gilles Duceppe (left to right) were frustrated by the Conservatives' inaction as the economy slowed down. They proposed forming a coalition, with Dion as PM, even though he was stepping down as Liberal leader following a dismal election. Faced with losing power weeks after being voted back into office, Prime Minister Stephen Harper asked the Governor General to prorogue (or suspend) Parliament for two months while his government worked on a budget. She granted the request, thus ending a wild, dramatic week, in which we all learned a new word: "prorogue." (Soon after the kerfuffle, the Liberals appointed Michael Ignatieff as their leader.) (The Chinocome Premio-Scient Kilputrick)

◄ HONOURED. More than 2,000 Canadian soldiers are based in the dangerous southern part of Afghanistan as part of the NATO-led force trying to stabilize the country. Often the fighting is fierce, and more than 115 troops have died. But there have also been many successes. In February, Michaëlle Jean, Canada's Governor General, presented the Star of Military Valour to three members of the Canadian Forces, including Warrant Officer William MacDonald. Only eight such decorations— awarded for "distinguished and valiant service in the presence of the enemy"— have ever been given. (The Canadian Press/Adrian Wyld)

■ WHOA MAMA! So far 2009 has been an awesome year for M.I.A. (a.k.a. Maya Arulpragasam). The outspoken Sri Lankan-British rapper was nominated for an Academy Award for the song O... Saya, in the movie Slumdog Millionaire. She also received two Grammy nominations (her single Paper Planes was in the running for record of the year) and she performed at the Grammy Awards in February while she was nine months pregnant. Three days later she delivered a healthy baby boy. With all those accomplishments, can you blame her for challenging her audience to Swagga Like US? (IC Abanca Press 2004, All nights reserved.)

➤ ALL IN THE FAMILY. Not so very long ago, the Jonas Brothers were piggybacking on Miley Cyrus's fame. They played on her tour, appeared in her 3D concert movie, and were guests on her TV show. But after they starred in Camp Rock, and released last summer's single Burnin' Up and their platinum album A Little Bit Longer, Nick, Kevin and Joe came out with their own 3D concert movie where Miley Cyrus was nowhere to be found.

▲ WHICH WAY TO THE BEACH? Stefani Germanotta, better known by her stage name Lady Gaga, shot to fame last year with her first CD, aptly titled *The Fame*. Singles *Poker Face* and *Just Dance* have both topped the charts, and *Just Dance* even earned the 23-year-old a Grammy nomination. ► TAYLOR'S SWIFT RISE TO STARDOM. Crossover country singer Taylor Swift lays herself bare in her second album, Fearless. In song after song, she shares her hopes and dreams and feelings. Her tunes and her lyrics obviously struck a chord with us. Fearless sailed along at the top of the Billboard charts for 11 weeks.

The pop princess's sixth studio album Circus debuted in the No. 1 spot on the Billboard 200 last November. It was a stunning comeback from earlier in the year when Britney Spears' erratic behaviour caused her to lose visitation rights with her two young sons. However, under her father's guidance. she withdrew from the glare of the paparazzi cameras

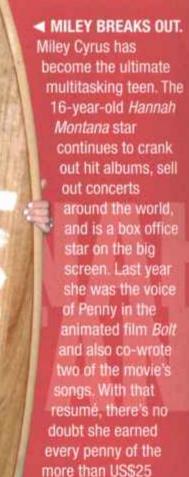

and instead focused on her sons, her family and her career. The change paid off. Not only does she again get to see her boys, but *Circus* sold more than 500,000 copies in its first week.

■ BRANGELINA'S BROOD. They are gorgeous, smart and talented actors, yet what sets Brad Pitt and Angelina Jolie apart in Hollywood is their rapidly growing family. The addition of twins last July brought the number of kids in the Brangelina house to six. And virtually wherever the superstar couple travels, so does the entire clan. One frequent stop is New Orleans, where Pitt's Make It Right foundation is building 150 environmentally sustainable houses to replace those destroyed in hurricane Katrina.

### **▲ WHEN LIFE IMITATES ART.**

Tina Fey is on a roll. Last September, she picked up three Emmys for her duties as the creator, writer and star of the hit TV sitcom 30 Rock, while her first big movie, Baby Mama, opened the Tribeca Film Festival in New York City. Yet for all her accomplishments, it was her hilarious Saturday Night Live skits skewering vice-presidential candidate Sarah Palin that stand out. They were so spot-on that even the Alaska governor played along, visiting SNL just before the election to critique Fey's performance. No wonder the comedian got US\$5 million to write a book.

▲ SEEING THE LIGHT. Thousands of devoted Twilight fans lined up at midnight last August to buy the tale's fourth book, *Breaking Dawn*. More than a million copies flew out of bookstores in the first 24 hours, mostly bought by teens anxious to devour the latest details about Bella Swan's complicated relationship with hunky vampire Edward Cullen. In this instalment, the couple finally ties the knot, but, as always in Stephenie Meyer's addictive series, complications come a-knocking. (CP/Images.com)

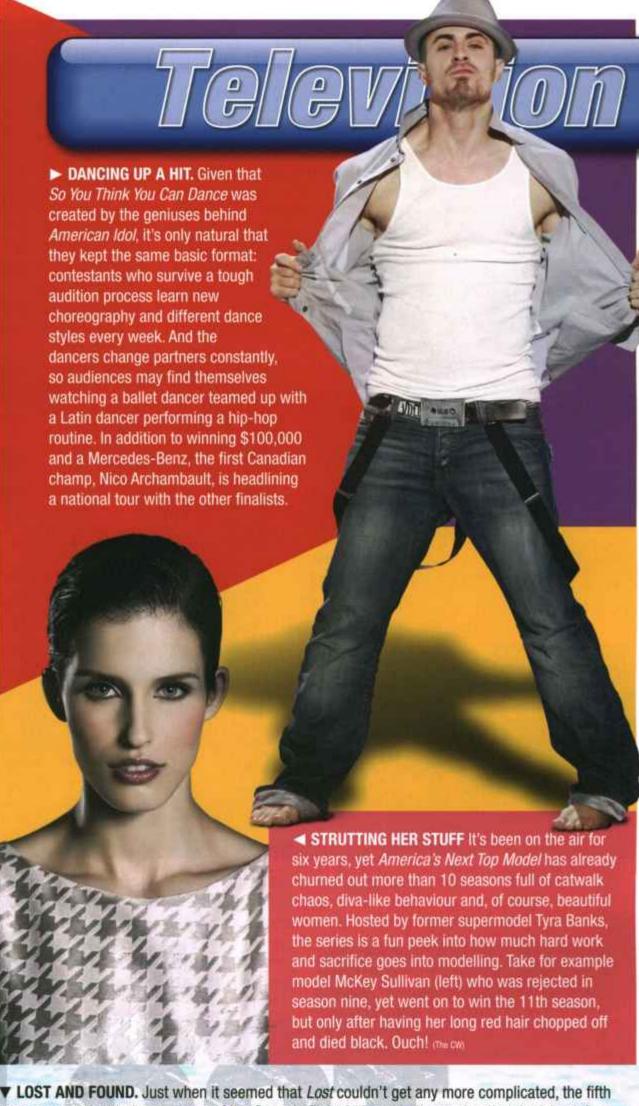

▲ WELCOME TO THE BIG LEAGUES. The producers of *Grey's Anatomy* focused this season on developing what were peripheral characters on the medical soap opera. It was all in an effort to breathe new life into a show that, while still very popular, was showing its age. So while Izzie Stevens slowly disintegrated as her behaviour became more and more bizarre, viewers turned their attention to the usually suave Mark Sloan (above, left), a.k.a. McSteamy, as he fumbled and stumbled in his relationship with intern Lexie Grey (center). And the hapless couple asked for advice from, of all people, orthopedic surgeon and former McSteamy lover Callie Torres (right). The strategy paid off as ratings climbed back up. (ABCORANDY HOLDMES)

▲ ON THE EDGE. The new hit show *Fringe* revolves around a sarcastic genius, played by Canadian actor Joshua Jackson, who reluctantly helps his unstable, perhaps mad, scientist father (above) and an FBI agent investigate unexplainable, weird incidents involving so-called fringe sciences such as artificial intelligence and telepathy. Creator J.J. Abrams, who previously invented the wildly complicated *Lost*, promised that *Fringe* story lines would be easier to follow. So far he's delivered, to the relief of sci-fi fans everywhere.

▼ LOST AND FOUND. Just when it seemed that Lost couldn't get any more complicated, the fifth season opened with the survivors of the Oceanic flight 815 crash discovering that the island they were stranded on was "jumping" in time and space. And the only way to stop the increasingly dangerous moves was for the Oceanic Six (below), the passengers who'd made it back to civilization, to return to the island. Despite all its twists and turns, the series has a devoted following who each week dissect the show for hidden clues.

■ GOLDEN GIRL. Who cares that Jennifer Aniston has hit the big 4-0, she is still America's sweetheart. She made everyone long to walk Labrador puppies in Marley & Me and proved that men can be idiots when it comes to relationships in He's Just Not that Into You. Alas, Aniston's own love life took a hit in March when she broke up with singer John Mayer. Perhaps she should rent her own movies for pointers. Francis Specker/Landov/MCT)

> ➤ SWAN SONG. After a career full of daring roles, it was fitting that Heath Ledger's last picture, The Dark Knight, would cement the Australian actor's reputation as one of his generation's best. The sequel to Batman

opened to rave reviews six months after Ledger accidentally overdosed on prescription medication. Reviewers praised Ledger's dark portrayal of the evil Joker and correctly bet that he would capture an Oscar for his role. MCTV

► FINALLY. British actress Kate Winslet was first nominated for an Academy Award at the age of 20. She lost. Then came four more nominations. She lost them all. So it was no surprise that Winslet, now 33, was emotional when she finally claimed the golden statue for her role as a former Nazi concentration camp guard in *The Reader*. "I'd be lying if I hadn't made a version of this speech before, I think I was probably eight years old and staring into the bathroom mirror. And this [holding up the Oscar] would've been a shampoo bottle," Winslet said in her acceptance speech. "Well, it's not a shampoo bottle now!"

Not bad for a movie filled with subtitles about Jamal, a poor kid from the slums of Mumbai, who needs to win India's version of Who Wants to be a Millionaire to save the beautiful Latika. Its leading actors. Dev Patel and Freida Pinto, became the toast of Hollywood as Woody Allen signed Pinto to his new movie, while M. Night Shyamalan scooped up Patel. For months golf fans fretted and worried while Tiger Woods recovered from reconstructive surgery on his left knee. The operation occurred just days after his painful win at last year's U.S. Open. But in March the golfer allayed fears by roaring back from a five-shot deficit to capture the Arnold Palmer Invitational on the final hole.

▶ MISSION INVISIBLE. Fans of Harry Potter rejoice. Teams of engineers at universities around the world have been working to produce a variety of invisibility cloaks. And they're hiding items a lot bigger than a jacket. Spanish scientists can hide a submarine from sonar, while British experts have developed a way to shield offshore oil platforms against massive ocean waves. Though amazingly complex, the cloaks all work the same way: they shuffle or bend waves, such as light, sound or water, so that

▲ PRIMETIME IS ANYTIME. It's like a big video jukebox filled with all your favourite TV shows, and available 24/7. Created as a networkapproved alternative to unauthorized sites, Hulu.com offers free full episodes of shows from NBC, Fox, PBS and other channels. And although Canadians are currently blocked from the site, there's a simple workaround: AnchorFree.com allows Canucks to view blocked U.S. content. Other simple possibilities include the Canadian networks' websites, such as CTV.ca, which streams hits such as Grey's Anatomy and Gossip Girl. Bye, bye cable. (www.hullu.com)

▶ HOSPITAL CHECKLIST SAVES LIVES. In a year-long project, hospital surgical teams in eight countries followed a basic checklist in the operating room and amazingly reduced the rate of deaths and complications by more than a third. This low-tech protocol involved such things as confirming the patient's name and the procedure to be performed, as well as double-checking that all equipment had been sterilized and any potential complications had been discussed. Simple, commonsense stuff that sometimes gets overlooked in the sophisticated realm of modern medicine. (Shutteratlock)

▲ GREEN POWER. Between fridges and stoves. lights, computers, air conditioners and soon, plug-in cars, we use a lot of electricity, half of which, in the U.S., comes from burning coal. As our demand increases, we need to find more capacity in the grid. And these days many scientists are looking at renewables, including wind, solar and hydro, to generate those gigawatts. Wind farms are sprouting up across the land, new generation solar cells are being tested, and small-scale hydro dams are being proposed. Stay tuned: the results should be electrifying.  DIY SAFETY. The LightLane is an ingenious idea to make night bike riding safer. Lasers mounted on the rear of the bike project sharp, bright lines onto the pavement behind the cyclist, creating a virtual and movable bike lane, complete with a cycling logo. This gives drivers a boundary and keeps cyclists out of harm's way. Creators Evan Gant and Alex Tee of Boston presented their idea in an online design contest.
