The environment is everybody's concern. Here at Saint Mary's a number of positive steps are being taken. The Administration of Saint Mary's has started a wide recycling project, SMUSA has established, on the 5th floor of the SUB, a paper recycling project, and a new society has been established, ECOSS (Environmentally Concerned Students at Saint Mary's).

Be aware and get involved, you have EVERYTHING at stake!

**For more information
about ECOSS contact
