Homecoming Weekend

Saint Mary's University is planning its first major Alumni Homecoming Weekend for more than 3,500 graduates October 20-22 spotlighting three days of social and athletic events.

One of the highlights will be an Alumni-Varsity hockey game with a number of the university's former outstanding players facing off against defending intercollegiate champions Saint Mary's Huskies.

Also included in the program is a football game between the Huskies and Saint Francis Xavier "X-men", an inter-squad basketball game, and a number of receptions, parties and dances.

Tours of the campus have also been arranged.

Weekend coordinator John Parker, himself a 1969 Saint Mary's arts graduate, anticipates "a most successful" three days with full participation by the entire university community including faculty, staff and students.

"School spirit has always been a strong point here at Saint Mary's and the tremendous growth experienced by the university during the past five years has done nothing to diminish this tradition", he says.

Preliminary indications are that "this first major homecoming weekend will welcome back a number of out-of-province alumni and that it might even be as strong as local attendance and support", he says.

Registration for the three day event will be held from 4 to 10 p.m. October 20 and again the following morning from 9 to 11 a.m. in the student lounge of the Ignatius Loyola Building.

Activities will end on Sunday with an Alumni Breakfast at the residence cafeteria and an Alumni Mass to be held in the Jesuit Chapel of the Main Building.

Huskies Added Weight Without Losing Speed

Head coach Al Keith and the Huskies' coaching staff of Doug Wright, defensive backs and linebackers; Gord (Spook) MacLeod, defensive line, and Walter Finden, offensive backs, are "very optimistic" about this season's team.

"This year's team potentially is the best we have had in my three years", said Keith who has a 15-2 won-loss record with the Huskies. Keith looks for a club which is "30 to 40 per cent stronger than last season" due to "more strength and experience."

"We have much more weight without losing speed", Keith said. He cites an average increase of 20 pounds per man in his defence and offensive corps and 15 pounds per man in linebackers.

The Huskies had 55 trying out at their camp which Keith described as "very good as far as spirit is concerned." Of the 55 at camp 25 players were returnees and eight of the 25 have been all-stars in the conference.

The eight all-star returnees are Dave White, St. Catharines; Gord Fumerton, Montreal; Ken Clark, Toronto; Bill Robinson, Toronto; Angelo Santucci, Hamilton; Francis (Buzz) Theriault, Halifax; Pierre Lefebvre, Montreal; and Roy Kendall, Toronto.

White, a 5'10" defensive tackle, and offensive guard Fumerton will carry the important roles as

team captains. Clark led the conference in punting last year and also works at the wide receiver post.

Robinson has rewritten the conference's passing records and no doubt the quarterback will add to these in his fourth and final year with the Huskies. Santucci's speed and elusive manoeuvres enabled the running back to average 10 yards per carry last season.

Theriault, a graduate of Saint Patrick's High School, is back at offensive guard after a year's leave of absence. Lefebvre's defensive halfback skills will cause problems for Huskies opposition while Kendall is serving his second year as a linebacker.

Keith is also looking for local products to bolster the Huskies. Fraser MacDonald, Dartmouth, is switching from defensive end to linebacker and Keith says "he's going to be great." In 235-pound Frank Yakimchuk, Halifax, Keith feels he has "the top centre in the league".

Last season was marred with injuries for Dartmouth's Mike LaBrash. With an injury free season Keith feels the linebacker, in his senior year, "should be an all-star."

Carroll Morgan, who has received international acclaim for his talents in Olympic boxing,

is expected to be wearing a Huskie's uniform. The Canadian amateur heavyweight boxing champion, who made it to the quarter-finals at the Olympic Games in Munich, will be attending Saint Mary's this year.

Morgan has had college experience with Saint Francis Xavier and Keith says, "If he is as tough on the football field, as he is in the ring, he'll be a real asset to the team."

Freshmen to watch in the Huskies' line-up include five players from Pennsylvania. Fran Picariello, Mike Kirkpartick, Tony Cipollini and Ray Romano are all from Norristown, and John Matkowski is from Conshohocken. Picariello is a quarterback and running back; Kirkpartick, A wide receiver and running back; Cipollini, defensive end and line backer; Romano, defensive back and wide receiver, and Matkowski is a fullback.

Keith describes all five as "well coached, aggressive young ball players."

Though he is a freshman, 27-year-old Fred Schmuck brings five years of experience from the Ontario Rugby Football Union. Keith has a high opinion of the 6'1", 260 pound defensive lineman and linebacker who played with the London Lords in senior football.

Two promising linebackers with the Huskies are Doug Wasson, Peterborough, Ont., and Larry Bridges, of Toronto. Bridges was the top lineman in the Toronto Metro All-Star High School Football League last year.

President's Message

September 21, 1972

Dear fellow Alumni:

In the last issue of the Maroon and White I suggested that you communicate with your Executive, and I was surprised to hear from as many as I did. Please continue to contact us personally or through the University Information Services Office that the Alumni is now using.

As you can read in this issue, plans are underway for a Homecoming Weekend on Oc-

tober 21. We hope that you will decide to participate and give us some feedback on how to expand or improve it. We hope that this will develop and become an annual program.

The Executive is continuously looking for other Alumni interested in being table hosts at the annual dinner or assisting at the athletic event. Volunteers are most welcome.

The football team has started well by defeating Loyola in

Montreal. We hope that this is an indication of another most successful year as SMU continues to make its mark across Canada.

We hope to see you at some of the sport socials and academic gatherings at SMU this year. Our numbers are growing; so is our spirit.

Yours truly,

William Gorman, President

Game 1972

Continued from Page 1

Boucher's defending intercollegiate champions be gunning for their 5th consecutive Maritime Championship; they will also be facing, for the first time, the best from the past in the first ever alumni-varsity hockey game.

The significant clash between the stars of yesteryear and present defending champions will be a highlight of Home Coming Week-end '72 planned for October 20-21-22.

Word has leaked out from the Athletic director's office that alumni all-stars are planning a few surprises for this year's varsity team. Under the direction of former Huskie captain, Brian O'Byrne (1967-71), the all-stars are gathering together a wealth of experienced talent including such well known names as Fr. Elmer MacGillivray, Ken Flynn (1951), Ken Mantin, "Bullet" Kelly, Don Warner (1956), Reg MacDougall, Wayne Keddy, and Bob Dauphinee (1958), Clary Flemming, Jim Sullivan, and Carl "Soupie" Kelly (1959), John Dean, Al Keith, and Jack Radford (1964), Mike Hornby, Carl

Boswick, Bob Dawson, Ken Martin, Tom Grantham, Rick Fraughton, and Chuck LeCain (1969).

Work outs for the alumni will begin the first week in October at the S.M.U. arena with a dual coaching staff composed of two former Huskies coaching hall of famers, Harold "Babe" Beazley and Rev. Dan Rourke.

A generous invitation is extended to all former varsity hockey players to participate in this first ever re-union. A special welcome is extended to the Saint Mary's Intercollegiate Maritime Hockey Champions team of 1930. It was the first time that the historic Halifax Herald trophy was captured by a Saint Mary's Collegiate team.

All former varsity players are asked to contact Brian O'Byrne, the Chairman of this year's alumni all-star game, at the university or at home. Meet your old friends and actively participate in the biggest week-end Saint Mary's has had in years.
