ANNUAL MEETING

The Annual Alumni meeting and election of officers was held at the Student Union Building on campus on April 21, 1975.

Associate memberships were conferred on persons who, by association or support of University activities, were deserving of this honour. The following were elected: Mrs. A. MacKinnon, Mrs. J. Roache, Miss Kathy Mullane, Mr. Gordon MacLeod, Mr. Guy Noel, Mr. Tom Sweet, Dr. D. Day, Dr. P. A. Erickson, Dr. A. Farrell, Dr. M. Martin and Dr. M. Overington.

Pat Curran indicated that he will present a motion at the next Annual Meeting to secure incorporation of the association in order to obtain the benefits thereof.

Richard Daigle expressed opposition to the present fixed annual dues system of raising funds and would seek to have association approval for an annual voluntary contribution plan.

A number of changes were made in the constitution after spirited debate.

The proposed Dal-Tech Merger was the subject of a stimulating discussion. Victor O'Connor presented a strong case for the proposal claiming that the plan would strengthen engineering education for Atlantic Canada. Ken Bendelier asserted convincingly that the proposal would weaken the science program at Saint Mary's by drawing off engineering students.

The Association voted to go on record as being opposed to the merger.

Elected to office for 1975-76 were:

Resident Members:	Bernard Burke
	Kevin J. Cleary
	Mary A. Hotchkiss
	Al Keith
	Father Joe Pottie
Non-Resident	William Mullane
Members:	Greg McClare
Board of Governors:	Terence R. B. Donahoe
	Judge Hughes Randall

PRESIDENT'S REPORT

By Robert Ruotolo

As your newly elected Alumni president, I would like to take this opportunity to welcome all this year's graduates from Saint Mary's University as new members to our Alumni Association. I would also like to solicit the personal support of all Saint Mary's Alumni in whatever way you choose to enhance the future progress of Saint Mary's University. I personally see this as the primary mandate of an alumni association.

In the very near future, the Alumni executive for 1975-76 will be holding its first meeting. At this meeting I will seek the support of the executive to actively engage with me in surveying our alumni population regarding what you see as the future role of the alumni in relation to university affairs and the means through which we can most effectively carry out this role. I believe that such a survey will facilitate your executive and your fellow alumni who are members of the University's Board of Governors in functioning on your behalf. I am sure that there are many activities and spheres that we are not presently engaged in that would be of interest to alumnus like yourself.

I am looking forward to meeting local alumni through university oriented events. I am also looking forward to meeting alumni outside of the local area during my travels throughout this coming year.

It has only been the last two years that I have actively renewed my ties with Saint Mary's University since my graduation in 1965. I must say during the past two years my association with the University has been a very enjoyable one, renewing old acquaintances and becoming familiar and oriented to the very many new dimensions of university life. I would like to encourage you if you are not already doing so to renew your ties with the University and to exert an influence towards the direction you believe the University should be heading.

TORONTO BRANCH

Granville Kelly, B.A. '61, visited the Alumni Office in May. He informed us that a meeting had been held on May 1, 1975 to elect a new President and Officers of the Toronto, Ontario Branch. The executive is as follows:

President:	Granville Kelly 8 Penworth Road Scarborough, Ontario
Vice-President:	Al Strang 2407 Ventura Drive Oakville, Ontario
Non-Resident Representative:	Greg McClare 106 Kirkdene Drive Westhill, Ontario.
Sect'y Treasurer:	Jack Lovett 6 Garden Drive Grimsby, Ontario

Any Alumni in the Toronto area who wish to obtain more information on this branch are asked to contact Mr. Kelly at:

Residence Telephone Number — (416) 449-8552
Business Telephone Number — (416) 293-3621

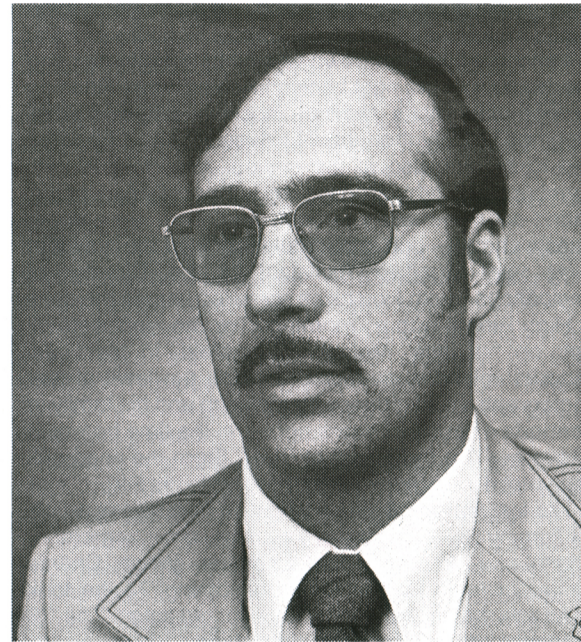

Branch tentative plans:

- 1) Golf Tournament in September, 1975
- 2) Annual Dinner coinciding with the Association's Annual Dinner on December 8, 1975.

A THANK YOU NOTE

On behalf of Saint Mary's University Alumni Association, I sincerely thank those members who have made financial contributions to the Alumni Association in the 1975-76 fiscal year. Without your generous support, the Association would not be able to function properly. I assure you that your contribution in any amount is genuinely appreciated.

VANTAGE VANCOUVER

by Debbie Fougere

When I arrived in Vancouver in March I felt like Saint Mary's was a million miles away... that is, until I followed Father Hennessey's advice and looked up Heather Harris. Having a fellow Santamarian here has made a difference for the better, and thanks to Heather I am getting involved in Alumni work very quickly — keeping in touch with what's happening at Saint Mary's.

I am going to be writing a regular column from Vancouver, letting you know what is happening in this part of the country, what Saint Mary's Alumni are out here and what they are doing these days. So if anyone is planning on coming to the west coast this summer, please get in touch with me. My address is:

Debbie Fougere
221 Fell Avenue South
North Burnaby
British Columbia V5B 3Y3

It is always good to keep up ties with other Santamarians; even ones you have never met! All you need to have in common is having gone to Saint Mary's. One way to find out if there are Santamarians in your part of the country is to check with the Alumni Office: Krishna can give you names and addresses.

Now that graduation has come and gone, I am thinking of my classmates and hoping they will become involved in Alumni Affairs. The first step is to keep your latest address at the Alumni Office; the next is to join the Alumni Association and stay involved with the University. I am thinking of Linda Walker (remember all those hockey games?!), Charmaine Tanner and Debbie Reeves (The "Terrible Two"), Ron Pate (The Point Pleasant jogger), Joe Williams (and his guitar!), Rick Anstey (the number one *Newfie* at Saint Mary's), Rick Bishop (think of all the work he has done for our varsity teams as trainer these past few years), Camille Cameron (who shared so many political science classes with me), Gisele LeBlanc (one of Fourth Floor C House's frequent visitors). So how about it? Why don't you all pitch in and help make the Alumni Association even stronger than it is now? It would be great to get several out-of-town columns — but it is up to you!

So much for my introductory column — next issue I will let you know who's in Vancouver and what they are doing... and next issue I hope to see a few more out-of-town columns!

THE WAY WE WERE

by Heather Harris

It's nostalgia time again and I'm sure graduation brings memories for all of us. Debbie Fougere's arrival in Vancouver, loaded down with SMU scrapbooks and yearbooks, put me right back on Robie Street. Reading through the year's football, hockey and basketball clippings brought thoughts of Hayes, Heaney, Boucher and Keith and also of the newest Associate Alumni members — Kathy Mullane and "Spook" MacLeod. I hadn't seen the last yearbook and there were some classic shots — one in particular showed the now (I'm sure) very dignified Assistant to the Director of Residences, Keith Hotchkiss sprawled across the desk at High Rise II with a "morning after the night before" look on his face. Malcolm Butterfield, in his usual sartorial splendor, managed to raise the level of that photograph. I had dinner with Malcolm and his family in Bermuda a couple of years ago — at the time he was a "Governor" on the Board at SMU. From the yearbook snapshot, I'd say he was still living up to his title.

The last *Maroon & White* with Ken Bendelier's article on Tommy Sweet must have evoked some "remember whens" for so many Santamarians. When Charlie Salinetti was in Halifax for Homecoming '74, he took Irene and the children up to Joe's for old times. The '73 Homecomers had done the same thing.

From "the way we were", the list of newly elected Alumni executive focuses on "the way we are". That list looks good. Bob Ruotolo brings a lot of experience and enthusiasm to the Presidency and I am sure will carry on in Terry's and Earl's footsteps as well as adding his own ideas. Kevin Cleary told me that he is starting to feel like the John Diefenbaker of the Alumni Association — but I am sure all that experience will be invaluable to the present executive. Great to see Mary Ann Hotchkiss' name on the slate — I am sure that was the Alumni's recognition of International Womens' Year! And, as Earl Walsh mentioned in his President's Report, we now have an Alumni Director, Charles Vaughan.

So much for the Halifax scene. The non-resident Alumni are interested in being as active as distance permits. In addition to area get-togethers, the *Maroon & White* can really help to keep people in touch. Debbie Fougere is going to write a regular "Vantage Vancouver" column that hopefully will be just one of a page of columns from out-of-town. Debbie's involvement in campus and residence life will make an enthusiastic transfer into Alumni Affairs. Perhaps Bill Mullane, Greg McClare, Bob Healy and Bruce Hyland, as elected non-members, can help us set up a page in the *Maroon & White* for out-of-town reports and jottings. How about it? We have got a great executive and a lot of fine people just waiting to get together to make this one of the outstanding years for the Alumni Association — let's go!

WELCOME TO THE CLASS OF '75

It is with pleasure that I welcome, on behalf of the Saint Mary's Alumni Association, the members of the Class of 1975 to membership in the Association.

Our organization offers each of us a unique opportunity to remain a part of the community which is Saint Mary's. It provides the means whereby each and every one of us can have an effective voice in the operation of the University and in the establishment of its goals.

The Alumni Association also makes it possible for us to maintain the friendships we fashioned during our student days and provides the opportunity to establish new relationships with alumni who graduated earlier or later. There are several active chapters of our Association throughout Canada and in the United States. These will always provide a point of focus for us in our peregrinations.

In addition to the sense and feeling of community which the Association provides, it has in the past supported our alma mater in very concrete ways. Long before Canada Student Loans appeared, we operated a no-interest loan program for students. We provided the financing for the completion of our gymnasium and the basic financing which enabled the University to build the Winter Arena.

We have accomplished much for our Saint Mary's and I, together with my colleagues, extend an invitation to you to become involved and through your fresh ideas and approaches help our Alumni Association become even more meaningful in the future.

DAVID FORD, B.Comm.'68, writes: "Having had a ten year head start in life on most of my fellow classmates, I beat them all to marrying Margaret Frampton of St. John's, Newfoundland before I entered Saint Mary's while Beverley, our daughter ensured I learn in a fatherly as well as academic sense. In the fall of '68 I entered service with the Province of Nova Scotia as an Economic Planning Officer with Voluntary Economic planning and from there went to Moncton in late '69 to join the Atlantic Province Transportation Commission as their Research Economist. Robert was in no position to join me in Moncton having insisted upon being born a Haligonian in January, 1970. Eventually, Margaret, Beverley, Robert and I moved into the house I had built in Salisbury where we were when I decided to join the Postal Service in January, 1974. We moved to Saint John in the early spring of that year. I am presently engaged as a Marketing Analyst for the New Brunswick-Prince Edward Island Postal District.

On a more personal level, let me say that my 'fond, happy thoughts' of my time at Saint Mary's are not just a rhetorical fixture. When I entered the University in the fall of '65, I had not been employed for well over a year, had started a family and was very apprehensive about what the future might hold for us. From the first day I found a true job and excitement in my studies and all doubts ended."
