JESUITS OF HALIFAX
1061 Wellington Street
Halifax, N. S. B3H 3A1

 WITH hearts brimful of joy and thankfulness we dedicate this issue of the Collegian to His Holiness Pope Pius XII, praying God that the reign of His new Vicar may result in untold spiritual and temporal blessings to all peoples in all nations.

S.S. Pio XII

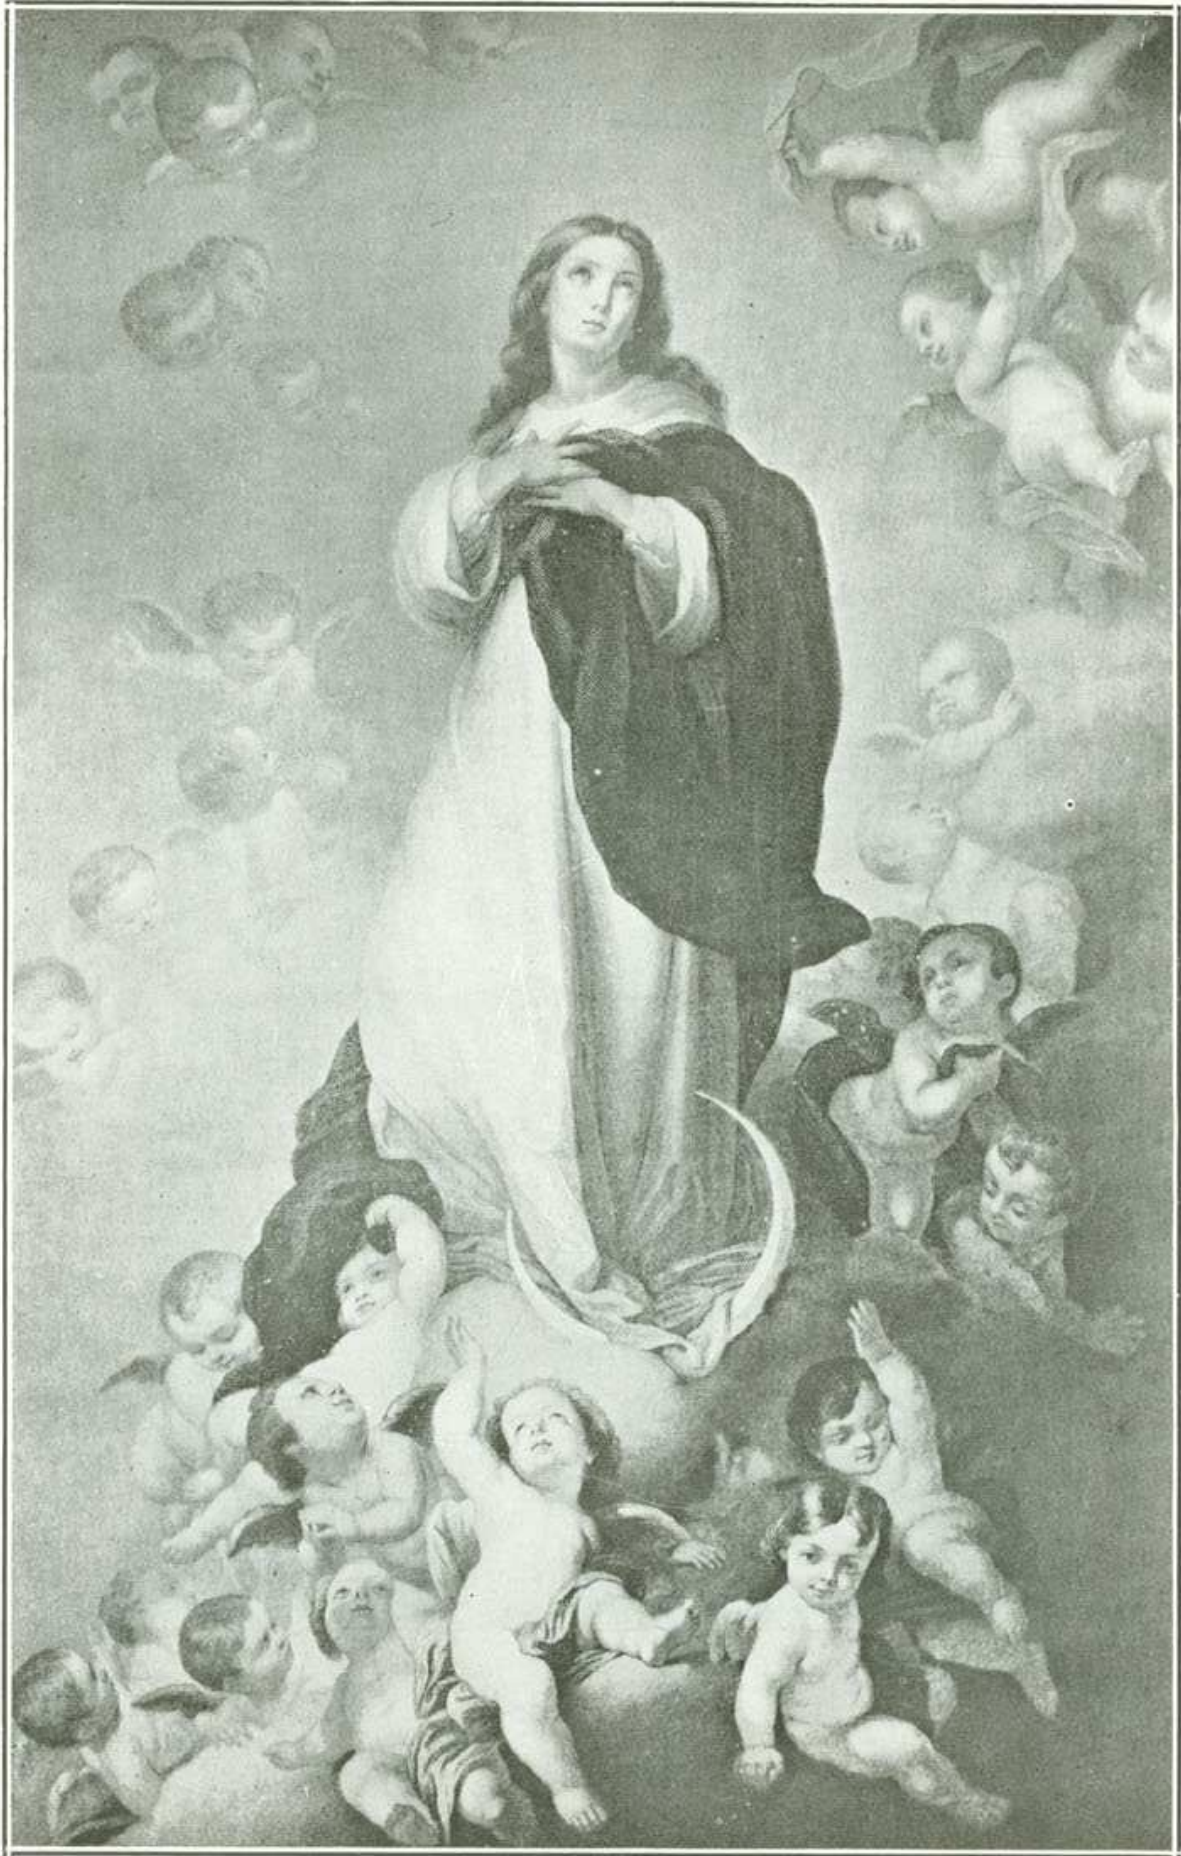

His Holiness Pope Pius XII

IN union with millions of loyal subjects,
we offer our respectful greetings and bid
a cordial welcome to their Majesties
King George and Queen Elizabeth on the occas-
ion of their first official visit to our beloved
Canada.

Their Majesties King George VI and Queen Elizabeth

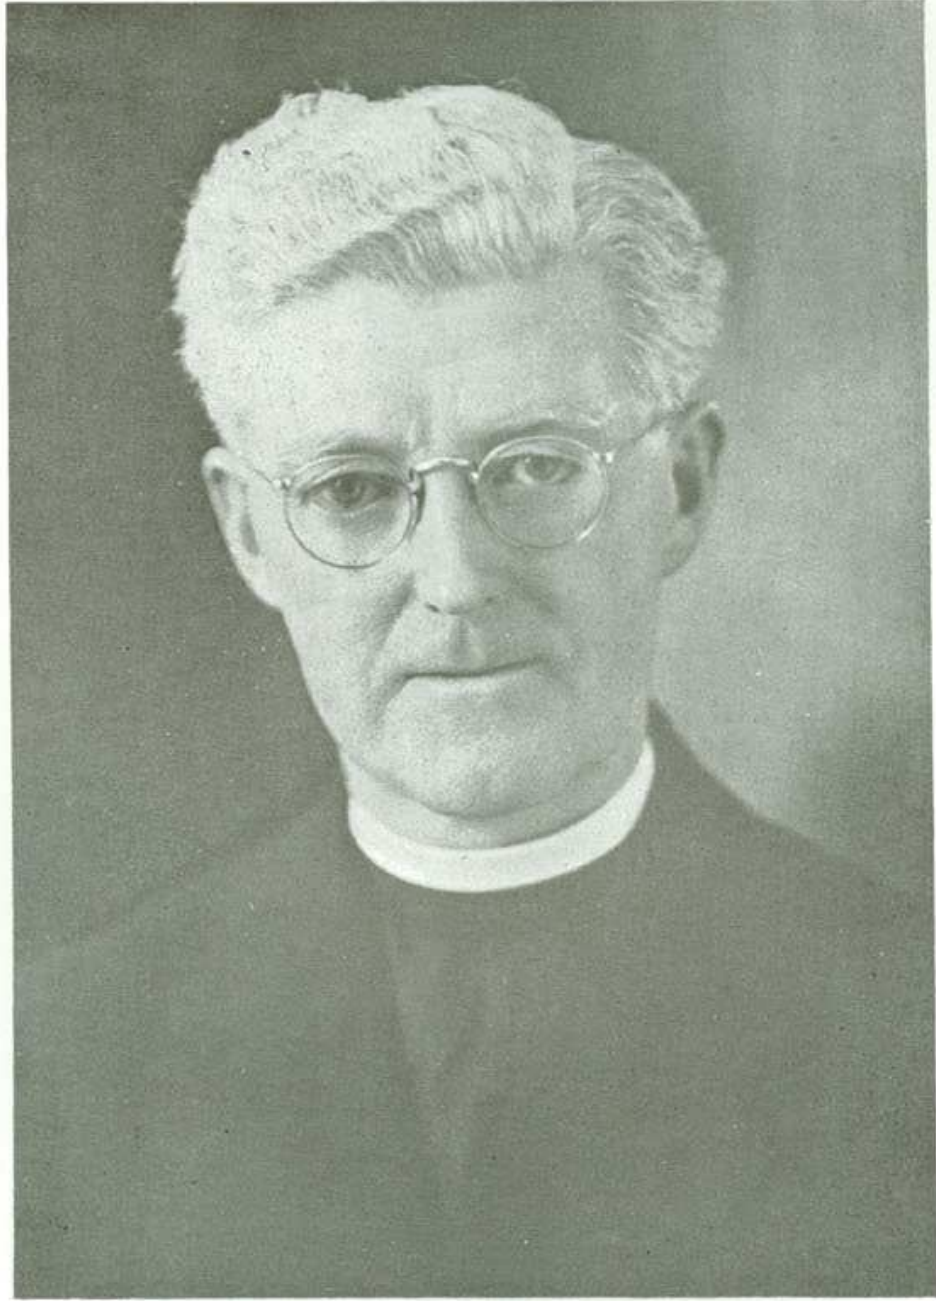

Patroness of Saint Mary's College

FOREWORD

THE editors of the Collegian have aimed to make this issue a souvenir of all activities during the past scholastic year. Within its pages the photo of every college student appears. This feature should make it a treasured possession for the graduates.

BROTHER LANNON
President of Saint Mary's College

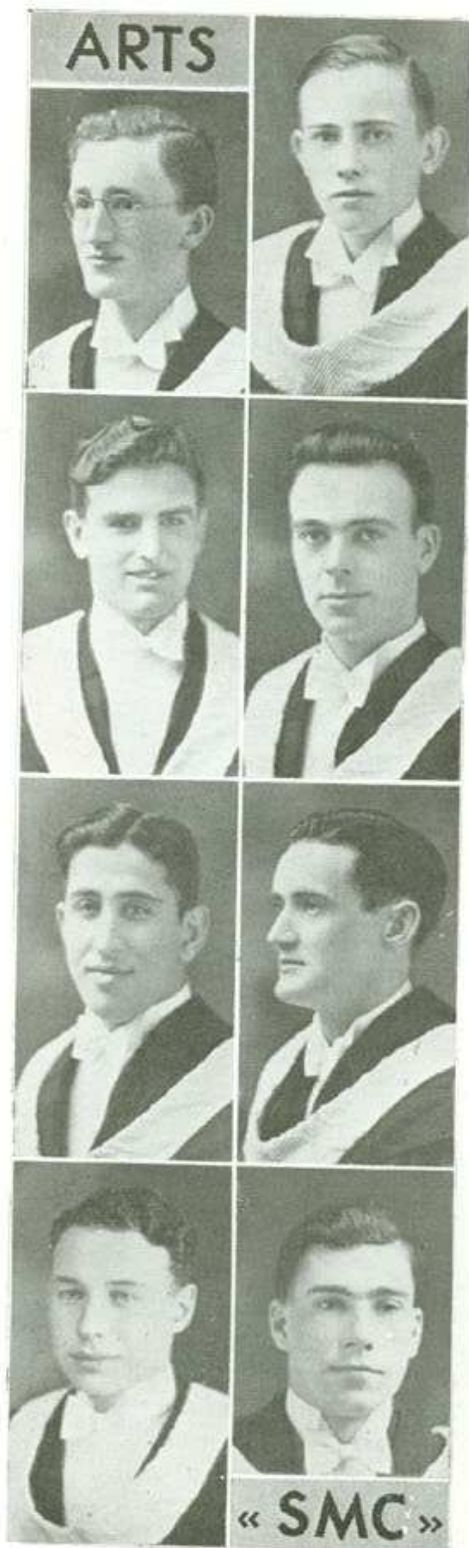

President's Message To The Graduates

FOR four years of College education, you have been preparing for the great adventure in the world outside College Halls. By lectures, experiments, research, and the free exercise of expression you have been endeavoring to broaden your comprehension of life. Into that vast field of opportunity of turmoil and trial you are carrying unused weapons. These implements fashioned in the ardent heat of your preparation are awaiting the test of their strength. You will need both courage and skill in every moment of the struggle if you are to reach successful issues. Life is not standardized and with the best preparation which you might have made there would still be many gaps which experience alone can fill. Neither is the measure of your present ability to be the measure of your future worth, for it may be true to say of you as it has been true to say of many other graduating groups "The last shall be first and the first last." Not all great men have been College bred but certainly the majority of those who have achieved leadership along their fellows have been privileged to wander broadly in the fields of knowledge. It is, therefore, with caution and humility conjoined with optimism and courage that you must enter into your possessions.

Within as well as without the boundaries of their own nations, people to-day face menaces to their peace and happiness. There is everywhere concentration, as there must be, on the physical elements necessary for defense. Those who will not defend may well expect subjugation by invading foes. The lesson may be spiritually applied to you. The battles of youth are not always external to ourselves. The greatest victories are not those that have been won on foreign fields but rather those won over our own will and mind and heart. For that reason your courses have been framed to enable you to secure and to defend freedom and peace of heart. A spirit of tolerance and intelligence has been generated to guarantee a calm and wise judgment in the conduct of life; a disciplined and manly spirit has been evoked to add strength and steadfastness in the face of those alluring calls to weakness and selfishness; integrity of conscience has been fostered as an antidote against the sanctions of luxury and greed. All this has been done because intelligence means little if it has not also brought with it a virile adoption of those spiritual elements that minister unerringly to a man's peace.

Finally, whilst you have been engaged in this preparation for life you have not as yet ever come face to face with yourself. Only when you have begun to put your intelligence and moral endurance to the tasks of life will you become wisely aware of your strength and of your weakness. The distance you will travel along the road to success will be the measure of your own self-mastery, and self-mastery is a life-time task.

BROTHER LANNON.

Tau Gamma Sigma

Late in October the members of Junior and Senior Arts met and elected the following slate of officers:

President - - - -	BRIAN J. O'CONNELL
Vice-President - - -	EDWARD COOLEN
Secretary - - - -	GERALD MOFFAT
Treasurer - - - -	GERALD RENNER

On December 15 the annual initiation ceremonies took place. The Society began to take on a healthier appearance when such names as Don Campbell, John Theriault, Tom Power, Michael Fitzpatrick, Jim Fennessy, Harold McGrath, Ralph Vaughan, Leo MacDonald and John McIsaac were added to the roll. Social and other activities were at a low ebb during the year but the work of re-organization was encouraging and considerable. Executive and members are now engaged in studying the constitution with a view to rectifying the present situation and rendering the terms more suited to our needs. Desirable changes will be made at the pre-Convocation general session. All indications point to a live organization for 1940 with grads and undergrads both determined that Tau Gamma Sigma will climb back to its former position as the leading student society at St. Mary's.

JUNIOR AND SOPHOMORE ARTS

Front row—John Theriault, Harold McGrath, Thomas Power, Joseph Nunn, Gerald Murphy, Marshall Brackett, Gerald Moffatt.
 Second row—Thomas Connolly, Donald Campbell, James Fennessy, Ralph Vaughan, John MacDonald, Alan Wilson.
 Third row—John McIsaac, Gerald Kelly, John McDougall, Leo MacDonald, Clyde Duggan.

FRESHMAN ARTS

Front row—Wallace Samson, Terence Martin, John Delaney, Joseph Grandy, Gerald Hardiman, Charles McGinn, John Ward.
 Second row—William Dalton, Paul Laba, Joseph Hallisey, Edmond Carrigan, Augustine McCarthy, Boris Bochoff, Delbert Aymar, Allan McPherson, Edward Earl.

James Spruin
Vice-President

George West
Treasurer

Engineering Society

As another scholastic year draws to a close we are compelled to look back and think over what has been done in the past eight months. I will attempt, then, to gaze into the past and recall some of the activities of the transit men since the drafting boards were first dusted off last September.

The first thing I see is a fine husky bunch of fellows asleep under an apple tree. One of them is getting up and going over to a funny looking thing on three legs. Well! if it isn't a transit. Yes, you've guessed it—a party of St. Mary's Engineers at the Truro Surveying Camp, and what a camp. Oh! to be in Truro now that April's there, but I guess we'll have to wait till next fall and hope that the next camp will be as successful as the last.

All good things cannot last forever so here we are back at St. Mary's. Once more the walls of this grand old college resound to the din created by the drafting room jitterbugs.

Next the Engineers are hosts of an "At Home" at the Knights of Columbus Hall. The guests at this gala affair were the Junior and Senior classes of Mount Saint Vincent and the graduating class of Saint Mary's College.

At last we come to a sad day in the year. I see crepe hanging on the drafting room door. The invincible Engineers have finally been beaten, much to the joy of the would be millionaires from the top floor—the boys of Business Training—who beat us for the Interfaculty Hockey title.

Ah! There I see a bright spot as I gaze into the past. The Engineers' social event of the season at the Lord Nelson Hotel. The speaker at the Banquet was Lt. Col. S. Ball of Nova Scotia Technical College, who spoke on "The Engineer—The Soldier".

SOPHOMORE ENGINEERS

Front row—Basil Nunn, William Flemming, Vincent Vaughan, George West, Felix Quinn, George Hoganson, John Foran.
Second row—Frank Dempster, Edward Carroll (first year), Michael Greene, Harry Zinn, John Whitely, Edward Smith, George Haliburton, Patrick Campbell.

FRESHMAN ENGINEERS

Front row—Edward Cosgrove, Terence Foley, Harris Miller, Clarence Coolen, John Munro.
Second Row—John Meagher, Egbert Tulk, Thomas Martin, Cyril Hoganson, George Janigian, Eric Holloway.

Bernard Vaughan
Secretary

Owen Quinn
President

Kenneth Johnston
Vice-President

Gordon Bulley
Treasurer

Delta Lambda Kappa

The initial meeting of the Delta Lambda Kappa, elected the following officers for the coming year:

President - - - - -	OWEN QUINN
Vice-President - - - - -	GORDON BULLEY
Treasurer - - - - -	KENNETH JOHNSTON
Secretary - - - - -	BERNARD VAUGHAN

Four new members were introduced and received into the society, Robert Gauvreau, James McNeil, Michael Resk and Edward Smith. Discussion followed concerning the activities for the year.

During the year an enjoyable evening was spent at the home of one of the members, in the form of a smoker. The Delta Lambda Kappa are now planning an outing immediately after the final exams, but as yet the destination is not definitely settled.

The society contributed a donation to the Mission Crusade for the purpose of sending the president of that organization to represent St. Mary's at the Catholic Youth Convention held in Ottawa.

The Delta Lambda Kappa entered a team in the Interfaculty hockey league this year. Although we did not win, it was generally agreed that the hockey was enjoyed by us all. This was proved by the attendances and spirit shown at these games.

At the time of writing the handball tournament has not reached the finals and the senior commerce men are still in the competition.

On behalf of the society we sincerely hope that the graduating members of our society will have success in their business undertakings.

FRESHMAN, SOPHOMORE AND JUNIOR COMMERCE

Front row—Robert Gauvreau, James Reardon, George Smith, Kenneth Johnstone, Bernard Vaughan, Lyall Murphy, Gordon Bulley.

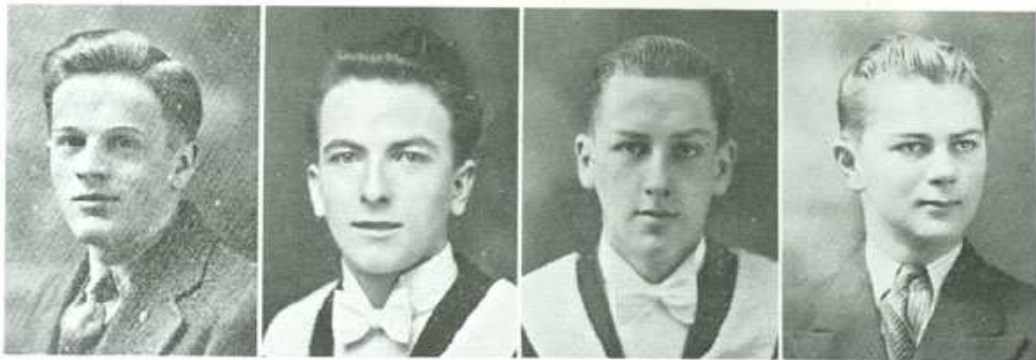

Second row—Gerald Sullivan, Cyril Hanrahan, Francis MacNeill, Frederick Keating, Terrance Power, William Bishop, Michael Resk.

FIRST YEAR BUSINESS TRAINING

Front row—John Quinn, Russell Lownds, Frederick McGrath, Gerald Smith.

Second row—Clark Mullock, Donald Brackett, John Hansen.

John MacDonald

Dermot O'Keefe
President

Owen Quinn
Vice-Pres.

Frank Reardon
Treasurer

Mission Crusade Society

In the early part of September, a new executive took over the reins of the noblest and busiest society in the college:

Spiritual Director	- - - -	REV. BRO. BIRMINGHAM
President	- - - -	- DERMOT O'KEEFE
Vice President	- - - -	OWEN QUINN
Treasurer	- - - -	- FRANK REARDON
Secretary	- - - -	JOHN MacDONALD

Throughout the year this executive worked zealously and tirelessly for the welfare of both home and foreign Missions and, supported whole-heartedly by the student body, succeeded in upholding the excellent traditions of this flourishing society.

The president, Mr. O'Keefe was delegated by unanimous vote to represent the society at the Catholic Youth of Canada rally held in Ottawa. On his return Mr. O'Keefe submitted a report to the Crusaders.

The annual triduum in honour of our Patron was marked by a debate and two interesting lectures. On the first day the debate took place between Arts and Commerce. Jack Burke and Bernard Tolson were declared winners over the Commerce team of Ken Johnson and Owen Quinn. On the second day Rev. Father Durney gave an interesting talk on Bermuda, illustrating his lecture with pictures. On the third day, Father Cormier, C. J. M., college chaplain, delivered an address on the life of St. Francis Xavier and concluded the triduum with Benediction.

The society backed the Canada-wide drive against the sale of indecent literature. All took the pledge and vowed willing support wherever and whenever it was required. Several of the members visited the vendors of magazines and presented them with the questionnaire. Dermot O'Keefe, Wilfred Coolen, Gerald Renner, Ralph Vaughan, Gerald Murphy, and John MacDonald were the Crusaders who devoted themselves to this enterprise.

Slate of Officers for 1938-39

MR. G. R. SULLIVAN	- - -	President
MR. W. GRAHAM DYER	- - -	Treasurer
MR. H. E. LAWRENCE	- - -	Secretary
REV. BRO. P. B. CROKE	- - -	Faculty Representative
MR. J. WALLACE	- - -	High School Representative

It is only within the last few years that the A. A. A. has been properly organized under a group of officers including a representative from the High School. A member of the College faculty acts as adviser.

St. Mary's had a most successful year athletically. We take great pleasure in announcing that as well as paying its way throughout the year the A. A. A. has made a very substantial decrease in the debts contracted in previous years.

The Annual Victory Ball was held at the Nova Scotian Hotel. In conjunction with this affair the A. A. A. sponsored a banquet in honor of St. Mary's Intercollegiate Football team, Provincial Champions. Our guest speaker was Mr. Harold Connolly, M. L. A.

We have great hopes of enlarging our athletic ventures next year. Although handicapped by the lack of a "gym" we hope to add basketball to our list of major sports. At the recent meeting of the Maritime Amateur Athletic Union, intercollegiate badminton was proposed. In this sport too, it should be possible to send a strong representation from St. Mary's. If it does not interfere with rugby a track team may be possible. The constitution is being amended so that those who take part in tennis, rowing, or rifle shooting, may gain a "Letter".

Dermot O'Keefe
Secretary

Brian O'Connell
President

Gerald Scallion
Manager

Debating Society

On the 25th of October 1938, the Seniors and Juniors of the various departments assembled at Brother Lannon's suggestion to form the St. Mary's College Debating Society. The purpose of the proposed society was threefold: a useful training for the students, a means of establishing contact with other Maritime Colleges, and a preparation for such competitions as might be entered upon.

The slate of officers elected was: Honorary President and Director, Rev. Brother Lannon; President, Brian O'Connell; Secretary, Dermot O'Keefe; Manager, Gerald Scallion.

Regular meetings took the form of discussions from the floor on topics of interest which were announced in advance. Varieties in this programme were Mock Trials and Hat Debates.

The executive corresponded with other Colleges on the subject of the formation of a Maritime Catholic College Debating Society. Approval was voiced everywhere and a schedule of debates will be drawn up next year.

A delegation from the Society was invited to the Maritime Conference of University Students at St. Francis Xavier University, Antigonish. Representatives were asked to the all-Canadian students' conference at Hamilton, Ontario, next year. Representatives were entered in the Catholic Women's League declamation contest. A radio debate against Dalhousie was undertaken. King's has asked to meet St. Mary's via the airwaves. St. Mary's has been offered a weekly quarter-of-an-hour on the air in Halifax. The Society has accepted an invitation to join the Maritime College Debating League.

The St. Mary's College Debating Society, largely because of the unfailing support, enthusiasm and encouragement of Brother Lannon, has made a name for itself, has proved of inestimable benefit to its members, and offers possibilities of a very bright future.

St. Mary's Students Attend Conferences

Early in October Dermot L. O'Keefe went to Ottawa to take part in the first convention of the Canadian Catholic Youth Union. The convention had the full support of the Canadian Hierarchy and of the Most Rev. Ildebrando Antoniutti, newly appointed Apostolic Delegate to Canada. Members of the hierarchy and prominent laymen took part in the discussions.

The governing body of the Union will be a National Committee made up of representatives from the various provinces, proportionately elected. Mr. John Dickey, B.A. '36, was elected to serve on this body.

St. Mary's made a second appearance at the conference table when Brian O'Connell, Robert Faulkner, Gerald Scallion and Wesley Theakston journeyed to St. Francis Xavier University, Antigonish, where, on Feb. 14, 15, 16, the First Annual Conference of Maritime University Students was held. Brian O'Connell presided over the "Industry and Society" session while Gerald Scallion, discussing "Education", presented a paper prepared by the delegation. Robert Faulkner acted on the "Steering" Committee and shared in the organization of the new Maritime Press Union while Wesley Theakston acted as group secretary throughout.

Our representatives would particularly like to express their appreciation to Pius Nearing, Leo MacIntyre, Cameron McDonald, Bernie Henry and the numerous other student officials who labored so hard and so willingly to make the stay at St. Francis Xavier an enjoyable one.

Canadian Officers Training Corps.

For the year 1938-39 the St. Mary's C. O. T. C. has advanced still further towards becoming the "most efficient" unit of its kind in this Military District.

The Unit's activities "officially" got under way with Lt. Col. Spencer Ball, Officer Commanding of the N. S. T. C.-S. M. C. Contingent, entertaining for the members of the Corps and their friends. Then began the lectures and drills for the Juniors which, for the first time in the Unit's short history, were given by our own officers and N. C. O's. In February lectures for the Seniors began and bore fruit when about twenty members wrote for "A" and "B" Certificates. The successful candidates in these examinations will not be known until June.

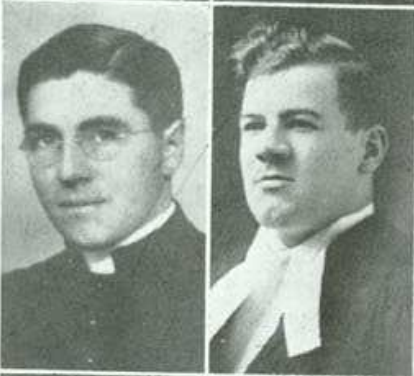

With the examinations concluded, preparation was made for the District Officer Commanding's annual inspection held in the Armouries. To the pleasure of the many friends of St. Mary's who filled the balconies, the Cadets gave an excellent display of ceremonial drill. After this drill the Unit went "into action" as a two-gun battery and carried out a "shoot" with the 18 pounder guns, in a most creditable manner.

With the closing of the college year there remains only one or possibly two more highlights for the Cadets. The first is the annual camp at Sandwich Battery. It is at this camp that the Cadets put into practical use the knowledge of Artillery acquired during the year. The second will be the eight-day camp at Petawawa, Ontario. Last year was the first time that the Unit attended such a camp. So successful and enjoyable was it that this year everyone of the eighty-five members of the Unit is looking forward to the trip.

College Football

At the start of the football season, the prospects of success for the "fighting Irish" were anything but bright. Post graduate work necessitated the absence from the city of Tom Sullivan, the football coach for the past two seasons. The logical choice for the post was Allan "Bim" Coolen, himself one of the finest footballers ever developed in the college. Fortunately, "Bim" was able to spare the time from his work, and so the coaching problem was well taken care of.

When the call went out for candidates, eighteen men reported—the smallest turnout in the history of college football. Of this number, five boasted previous inter-collegiate experience, three were raw recruits, and the rest came up from last year's high school team. "Bim" faced the herculean task of transforming these "huskies" into a fast, aggressive team, capable of representing St. Mary's in the Inter-collegiate football league and the Intermediate league. Little did anyone think that St. Mary's inter-collegiate team of '39 was destined to be the year's outstanding fifteen in English football in the Maritimes.

Faced with the heavy schedule of eight games, St. Mary's started the season off on the right foot with a win over King's College. Under the captainship of "Herbie" Mulcahie, the Saints commenced their

victorious drive by steamrolling King's to the tune of 16-0. By defeating the Technical College 9-0, the Santamarians won the city inter-collegiate title and qualified for the provincial playdowns.

In the Nova Scotia semi-finals, St. Mary's played Acadia University. After holding the Acadians to a 6-6 score on Raymond field, the Irish scored a decisive 13-8 victory over the Axemen on the Wanderers grounds, thus qualifying to meet St. Francis Xavier, last year's Maritime champions, in the provincial finals.

A "sudden death" game was played at Studley campus, with the St. Mary's ruggers still in the "underdog" class. However, the Santamarians "upset the dope" by taking the Maritime champions over the hurdles by the surprising score of 9-0. St. Mary's College had won its first Nova Scotia inter-collegiate football crown since its short history in senior competition.

The Saints then met Mount Allison University for the Maritime championship in a "sudden death" game at Truro. After a scoreless first half, in which the Santamarians had a definite edge in territory and scrimmage, the Mounties capitalized on a penalty kick, a loose dribble which resulted in a try, and a successful convert, making the score 8-0 for the Mounties.

Wearied from their inter-collegiate schedule, St. Mary's fought past a heavy Navy squad to meet the Wanderers club for the city intermediate championship. Failing to show the spark which characterized their play throughout the season, the Saints, dominating the play from start to finish, lacked their usual scoring punch and came out on the short end of a 3-0 score.

Thus the curtain was rung down on the most successful college football season St. Mary's has ever enjoyed. The original eighteen men had been moulded into a team that climbed unprecedented heights in the face of tremendous obstacles, starting a new chapter in the sport annals of St. Mary's College. To Coach "Bim" Coolen goes the honor of having turned in the year's outstanding coaching achievement in English football in the Maritimes.

The members of the team are Herb Mulcahie, captain, George Hoganson, Bernie Tolson, Ed Coolen, Fred Keating, Dan Janigian, Leo Deveau, George McKay, Vinnie Vaughan, Jerry Mulcahy, Johnny Meagher, Larry O'Connell, George West, Hal Lawrence, Marty MacDonald, Graham Dyer, Charlie Dwyer and Mike Resk.

INTERCOLLEGIATE HOCKEY TEAM

Front row—George West, Edward Coolen, Charles Dwyer, Kenneth Johnstone, Ralph Vaughan, John Munro, John Woods.

Second row—Gerald Mulcahy, Leo Deveau, Martin MacDonald, Daniel Janigian, Manager, Lawrence O'Connell, Captain, James Spruin, Vincent Vaughan.

R.I.P.T

Intercollegiate Hockey

With happy recollections of a most successful rugby season, the College hockey team started off with a bang. The Dal Tigers were the first team to contest St. Mary's right to march toward the Provincial playoffs. The Santamarians came out on top 6-2.

Next came Tech, and when their team paraded on the ice it looked almost like our old College team. It was quite evident however before the game had been long in progress that the old boys of St. Mary's had not taken their hockey as seriously as their studies and were really no match for this year's team. St. Mary's won 10-2.

Our team was going great guns, but we went to Acadia leaving behind our heaviest artillery. There certainly was plenty of fire in the game and when the smoke had cleared, the score board read Acadia 5, St. Mary's 3.

INTERFACULTY HOCKEY CHAMPIONS

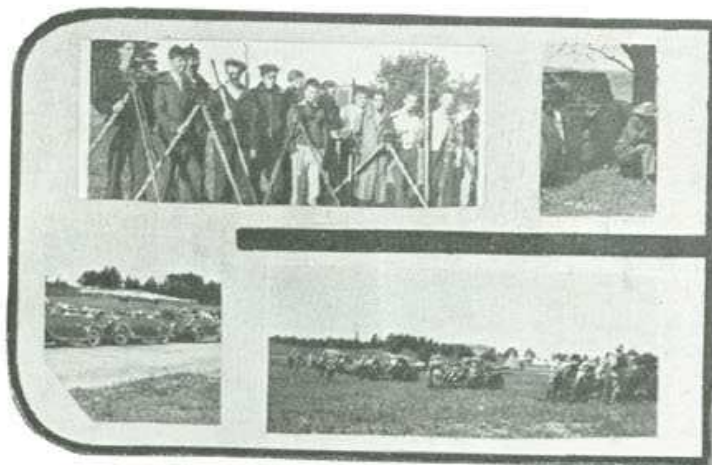

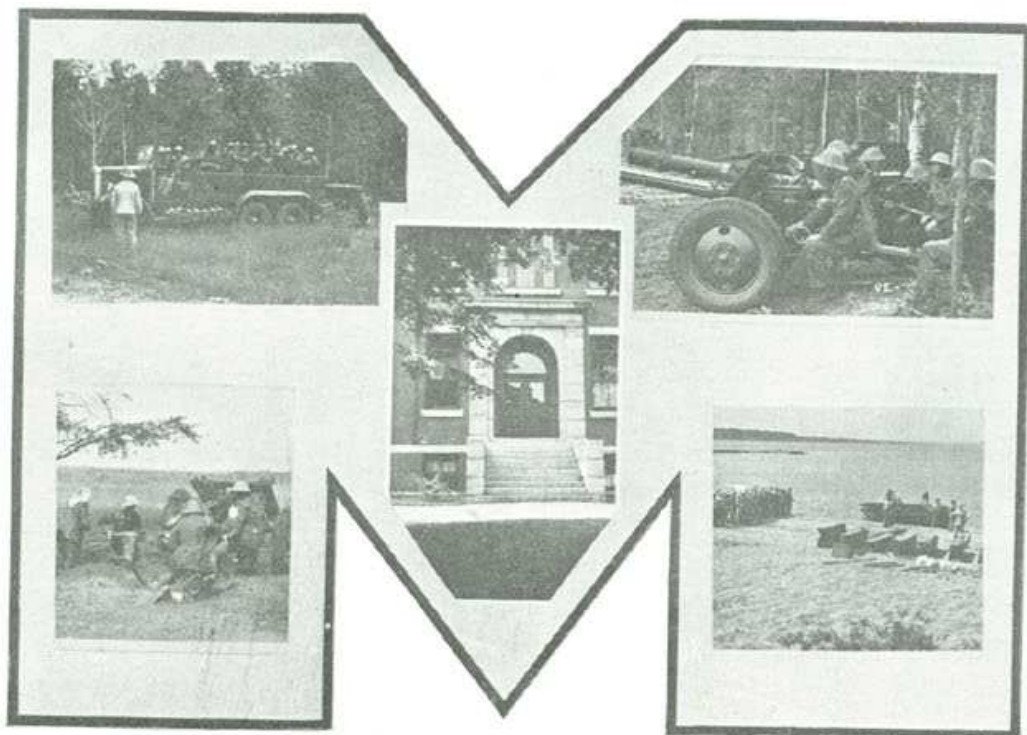

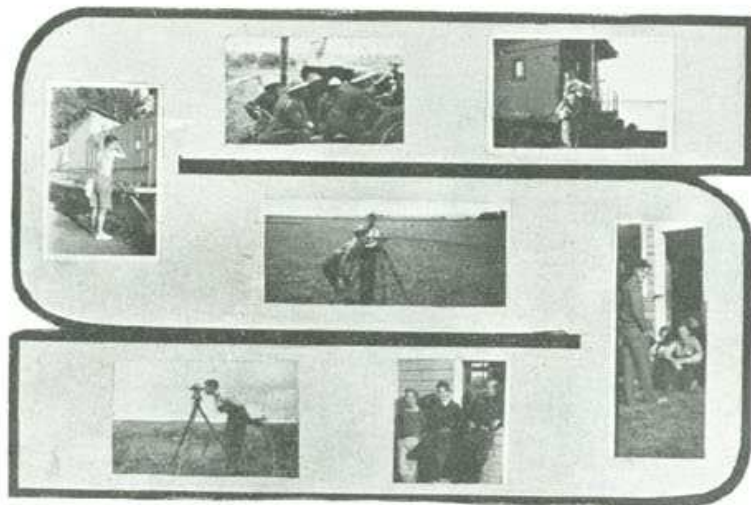

Front row—Russell Lownds, Charles Dwyer, Art Cross, Gerald Smith, Clark Mullock.
 Second row—Lawrence O'Connell, Gerald Mulcahy, Bennett Barrett, Coach, Leo Deveau, John Quinn.

Interfaculty Hockey

Winner of the Interfaculty Hockey League this year was the Business Training team sparked by the brilliant playing of Larry O'Connell and Gerry Mulcahy. They well deserve the title, "Champions". The team was managed by Ben Barrett and captained by Larry O'Connell. Others on the roster of the team were Art Cross, Leo Deveau, Gerry Mulcahy, Charlie Dwyer, Gerald Smith, Graham Dyer, Russell Lownds, Clark Mullock and John Quinn.

The League was made up of four teams representing respectively the Faculties of Arts and Science, Commerce, Engineering, and Business Training. The league officially got under way with President Reverend Brother Lannon facing the puck off for the first time. The official referee appointed by the A.A.A. was Professor John E. Lynch, B.A. The showing of some of the students in the Interfaculty League assured them positions on the Intercollegiate Team. Much interest was shown in the League by both the students and the Faculty.

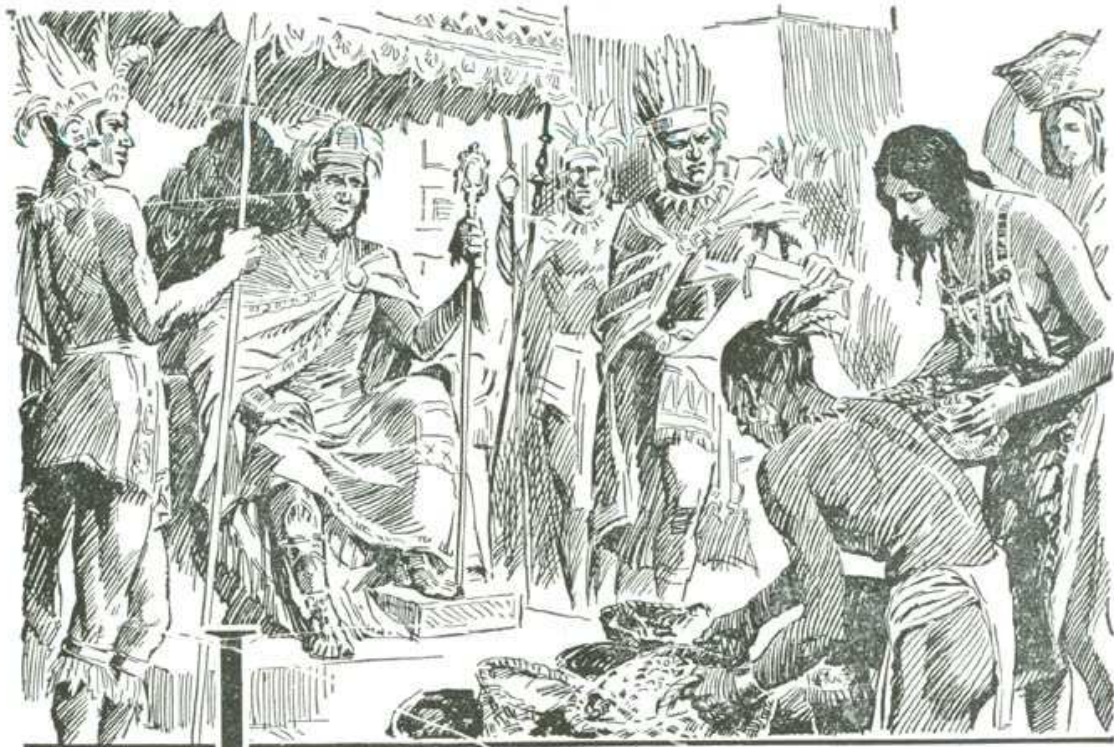

In Memoriam

JOHN NEVILLE

The late Mr. John Neville was a member of the college senate—a position the duties of which he fulfilled with a conscientiousness that was truly both inspiring and challenging especially when his advancing years and consequent infirmities might have well excused him from any but the most pressing obligations. With an enthusiasm unusual in one so old he took part in the conferences held previous to the annual graduations and evidenced the keenest joy at seeing the growing importance of St. Mary's in the promotion of higher education for the Catholic youth of Halifax. Our deceased friend's name has a place in our hearts and on the honoured roll of the tried and true supporters of St. Mary's College. God grant him eternal rest.

IN..... Montezuma's Day Chocolate was a favoured beverage

LONG before Cortez set out on his first voyage of discovery, chocolate or *chocolatl*—as it was called—was the national drink of the Aztecs, their Emperor, Montezuma is said to have taken no other beverage. So highly did the Aztecs esteem chocolate that they valued the cocoa bean above gold.

Introduced by Hernando Cortez to Spain in 1526, by the end of the 17th century chocolate was the aristocratic beverage of Europe. It was then that chocolate houses were first established.

The best cocoa beans are grown in the equatorial zones in the West Indies, West Africa, Ceylon and other countries. Many are the processes of refinement that have been discovered since chocolate was first introduced. Because Neilson's employ the most modern machinery and use only the finest cocoa beans, Neilson's chocolate is so smooth, so rich, so delightful in flavour and matchless perfection that it is indeed the best chocolate made.

Get a bar of Neilson's Jersey Milk Chocolate, bite into it and let it melt in your mouth—truly it is—"the food of the Gods."
