

1986

Santamarian

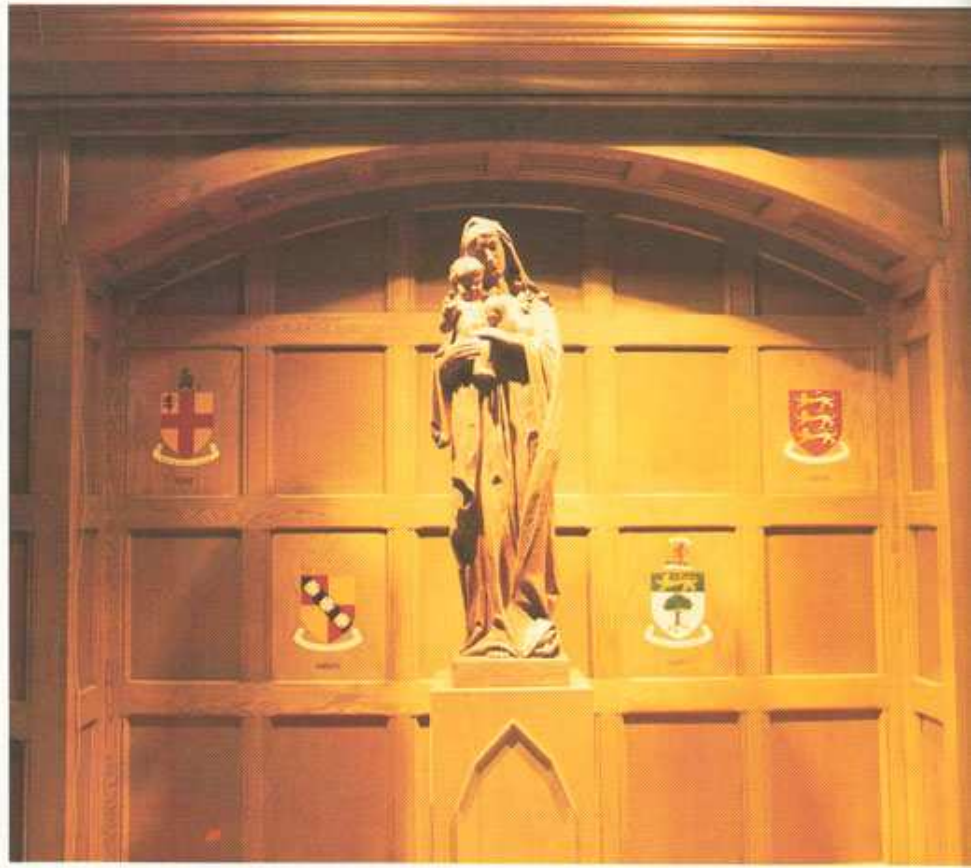

Saint Mary's University

Halifax, N.S.

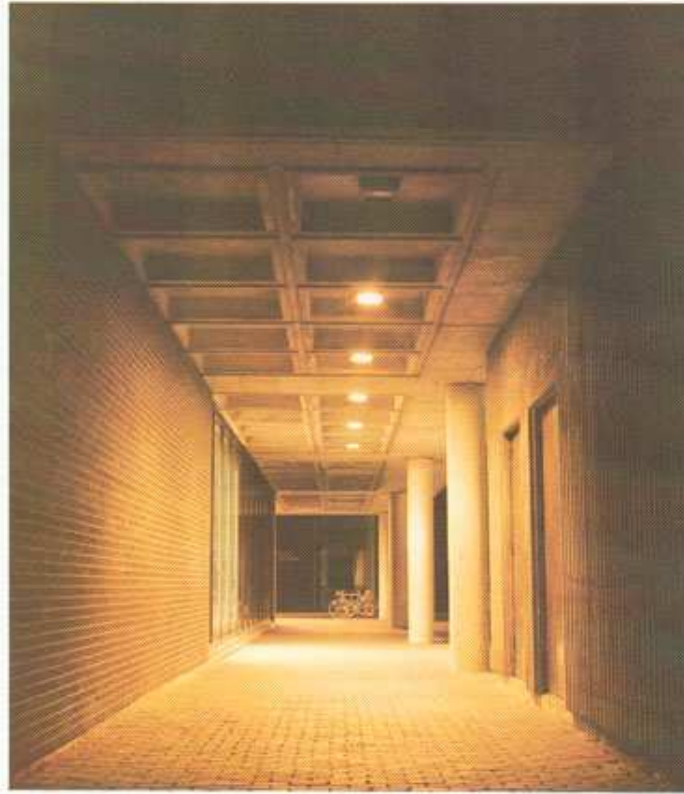

Dedicated to the memory of Laurie Smith

1921-1985

Memories . . .

Light the corners of my mind. . .

Misty, water coloured memories . . .

of the way we were .

Scattered pictures

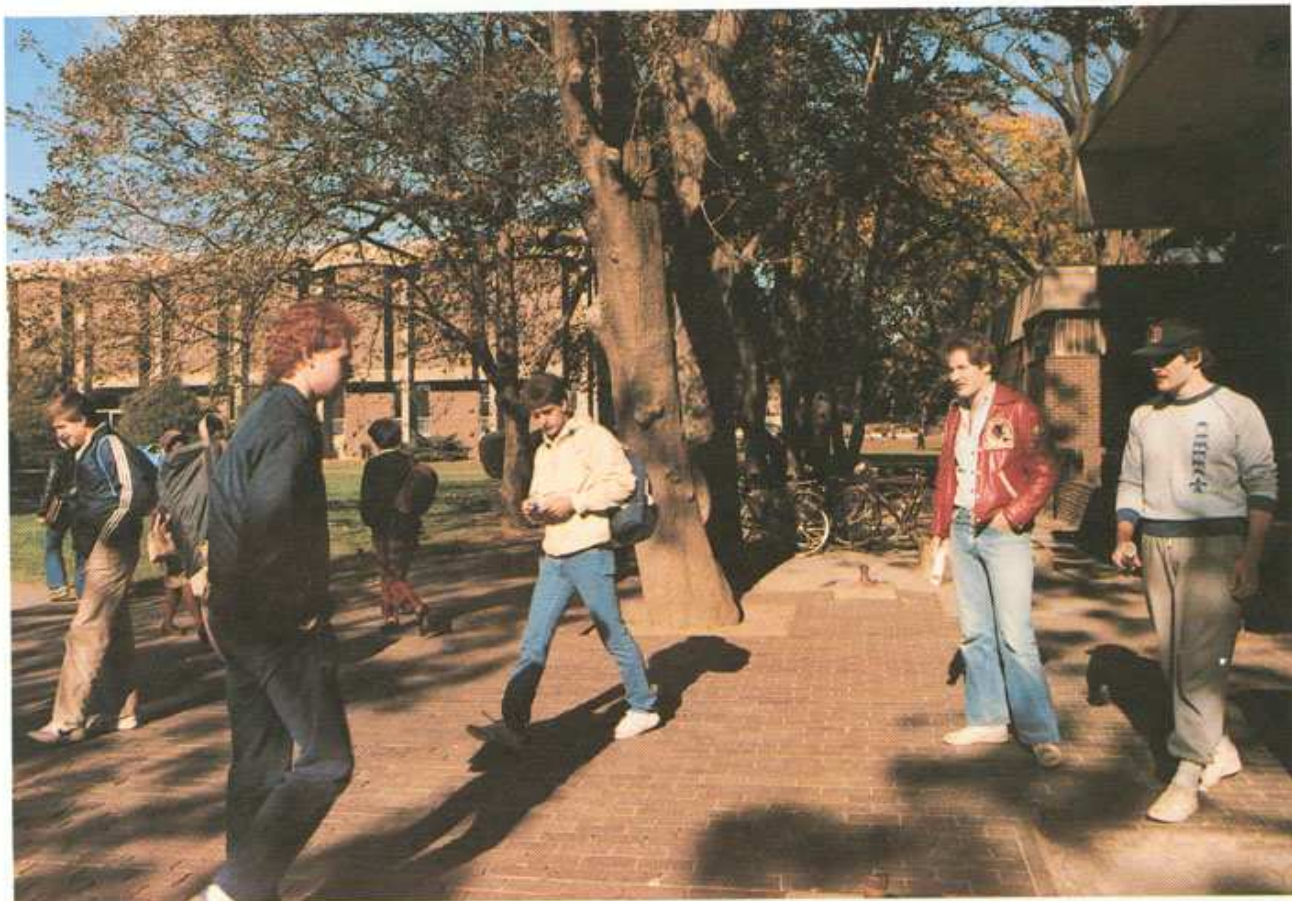

of the smiles we left behind . . .

*Smiles we gave to one another
for the way we were .*

Can it be that it was all so simple then . . .

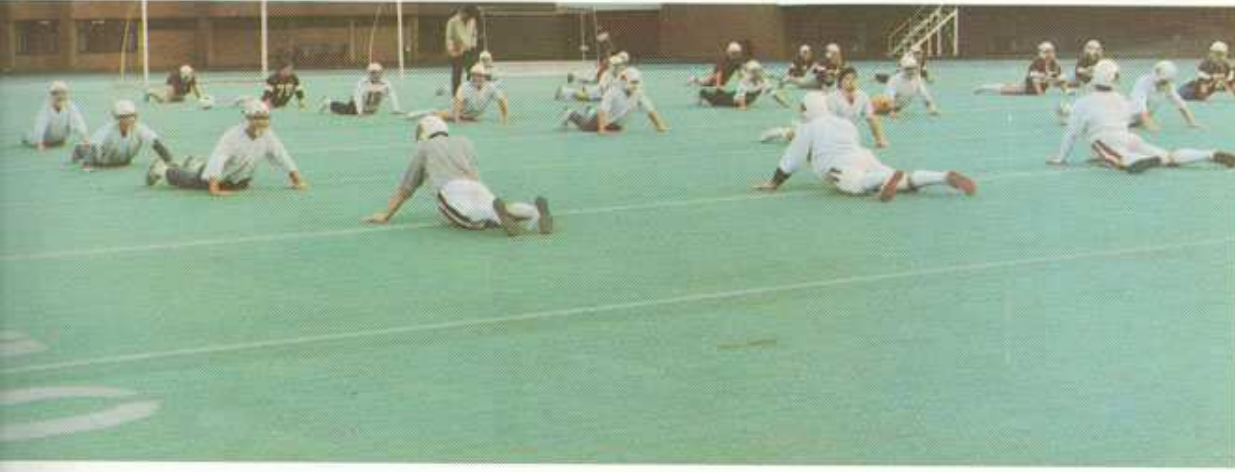

Or has time rewritten every line?

If we had the chance to do it all again . . .

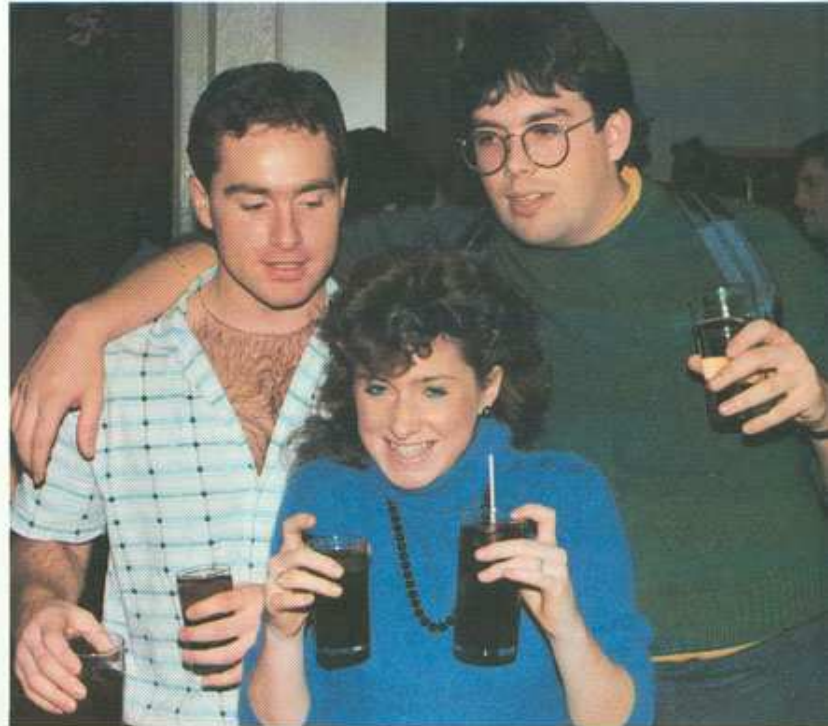

Tell me, would we, could we?

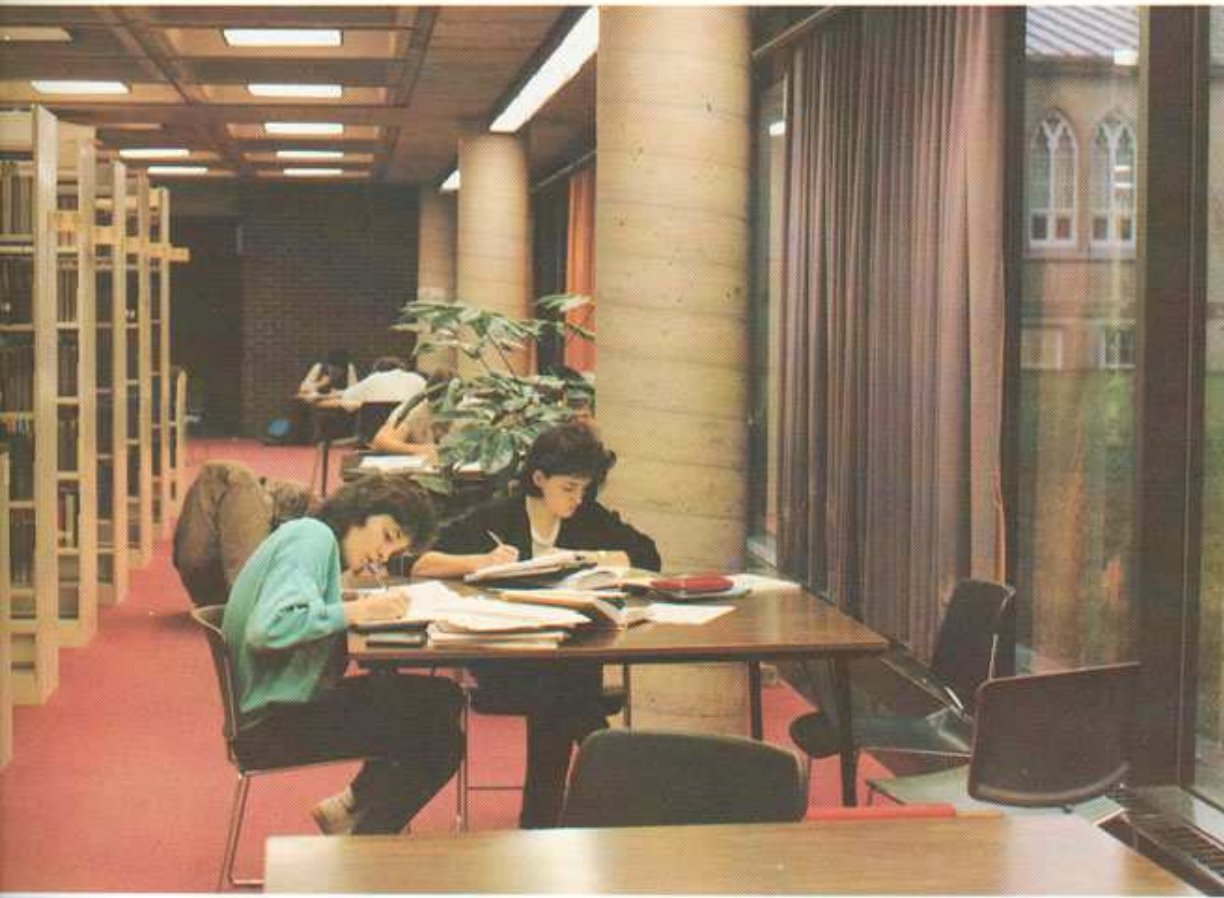

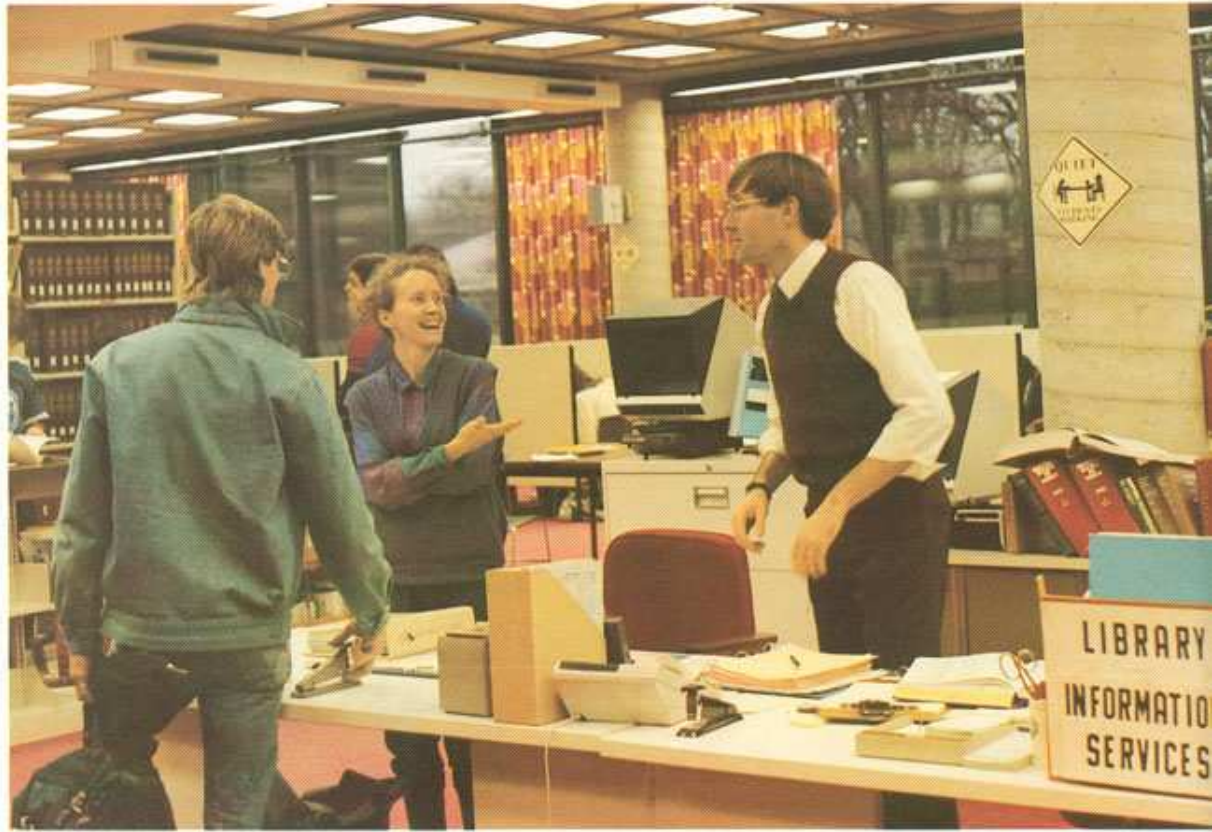

Memories, may be beautiful and yet . . .

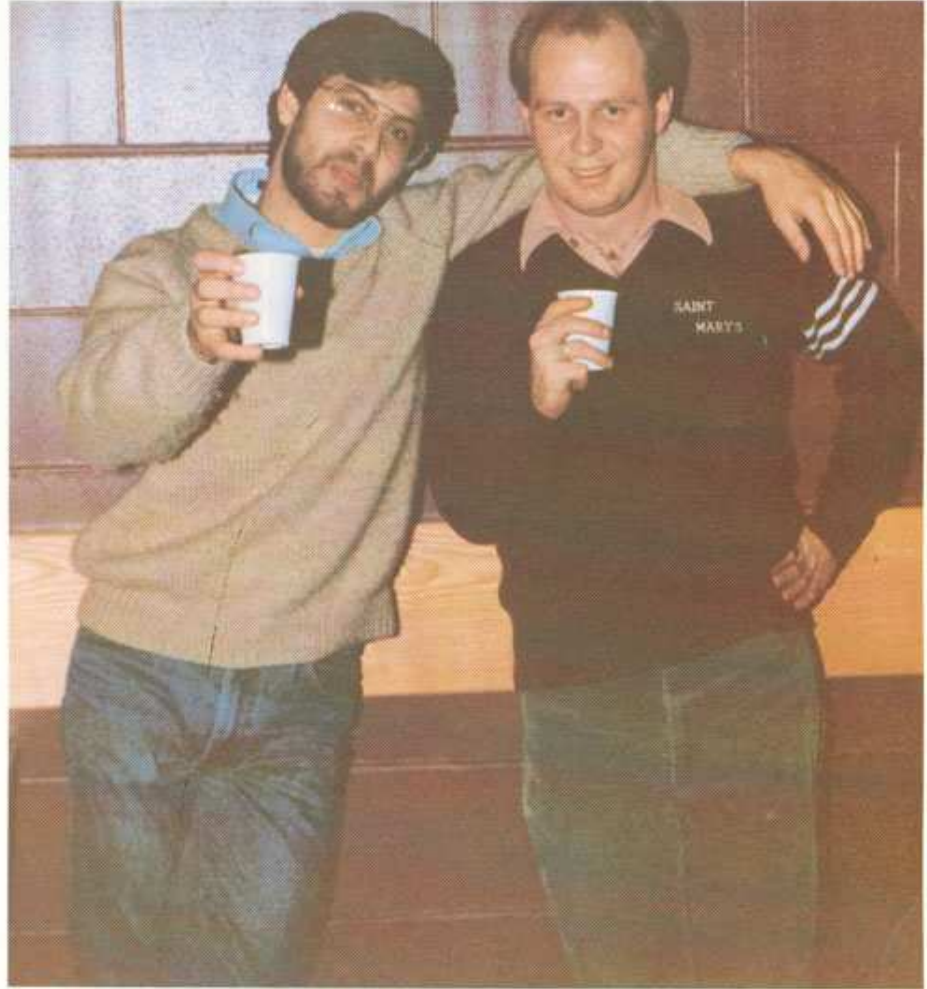

*What's too painful to remember
we simply choose to forget . . .*

So, its the laughter, we will remember

Whenever we remember . . .

The Way We Were.

Our apologies to the Football Team for no team photo.

Okay, timeout! You might have to look harder than other years at Saint Mary's, where we boast the winning tradition, but there were several bright spots in the varsity sports programs this year. Larry Uteck's football Huskies had one of their more promising seasons in recent memory. Although they finished with a losing record of 2-5, the boys on the gridiron could have boasted a 4-3 record with a little luck and a longer clock. They played tough in one of the closest divisions in CIAU football. Stand outs included Shane Doyle, the AUAA all-star center who was the recipient of the "Block and Tackle" Award (team MVP), Renzo Passaretti who was drafted by the Edmonton Eskimos in 1985, named for the second year in a row as All-Canadian; and Jeff Watson and Peter Curwin who were drafted in the first and fifth rounds, respectively, by the Hamilton Tiger Cats.

The men's soccer Huskies, under coach Peter Wicha, made the playoffs again this season, but were beaten out in the semi-finals by defending champions UPEI. Their regular season record was 5-4-3, which was good enough for second place behind St. F.X. in the eastern division. Woody Bailey was the lone member of the squad to be named as an AUAA All-Star, while netminder Cameron Brown was named as the team MVP.

Kathy Mullane, who will vacate her coaching duties next season to assume a new role in the Athletics Department, guided the field hockey Huskies, formerly called the Belles, to a 5-7 record finishing fourth in the AUAA east division. It was a good effort considering the absence of seven veterans, including former Olympian Darlene Stoyka who took a coaching position with Dalhousie. Angie Banks was a stand out performer throughout the season and received AUAA All-Star recognition for her play. Lisa MacKenzie was named as the team MVP.

The men's hockey team, under former coach Lawrence Currie, displayed courage on and off the ice. Their record was a dismal 0-24, but in many respects the heart they showed captured the spirit of the winning tradition. The hockey Huskies can go nowhere but up. Goaltender Terry Coughlan was the obvious choice for the team MVP.

Helen Castonguay's women's basketball Huskies, formerly dubbed the Belles as well, got off to a good start with the thrashing of the Nova Scotia Teacher's College. It was downhill from there, however,

which were close affairs. Co-MVP's of the team, Michele Gaunce and Sandra Mumford were named to the first and second AUAA All-Star teams, respectively.

This season featured the much heralded return of the Saint Mary's mens basketball Huskies. The "Maroon and White" finished fifth in the AUAA with a 6-12 record. They lost on many occasions by one or two points. For the most part, rookie coach Allan Wayne was able to bring forth the intensity from the players that had been present under the tutelage of his former boss Gary Heald. The basketball Huskies had a great deal to prove this year, and they rose to the occasion. They will be a force to be reckoned with, in the very near future. Mike Williams was named as an AUAA All-Star and as the team MVP.

Briefly on the club sports. The rugby squad made it to the finals again this year, but came up short against the tough Pictou team in a brawl-filled contest. The team MVP was John Schimall. The womens soccer team played a successful exhibition schedule and came second in the AUAA soccer tournament which they hosted. Their MVP was Kerri LaFond. The track and field team left Moncton, which hosted the AUAA championships, with one gold medal performance (Tom Moller, high jump), four silver medals (Woody Bailey, 60m; Kevin Bezanson, triple and long jumps; Steve Picco, shotput) and a bronze medal (Randy McLeod, shotput). If you are wondering, CIAU shotput champ Jeff Watson was unable to defend his title due to a commitment to the CFL draft.

The major award winners at the Annual Athletics Banquet were as follows: Jeff Watson (football) — "Male Athlete of the Year"; Michele Gaunce (basketball) — "Female Athlete of the Year"; David McIntosh (basketball) — "Male Rookie of the Year"; Nancy Leonard (field hockey) — "Female Rookie of the Year"; Gary Bratty (basketball) — "John Jones Memorial Award" as the 'unsung hero', and lastly Paul Mason (football) — "Manager of the Year".

Such was the initiation year of the new Athletic Director, Dr. Ian MacGregor, who replaced Bob Hayes, who served 27 years in the position and has moved on to be Special Assistant to the President, Dr. Ozmon.

Live all you can; its a mistake not to.

Participant 56

Welcome to the Mini Galaxy of Campus Entertainment. In here we toss the Argyle sweaters and loosen our bowties. We wipe that cold midterm sweat from our brows and look for pretty girls/guys to massage those stiff neck and banish the blues, because this is where we relax, and this is where we cut loose.

Relative to other years, 1985/86 may have begun as a sleeper, but the Saint Mary's spirit is one that will not be denied. I think we all knew that it was only a matter of time before apathy would be overtaken by enthusiasm and boredom would be beaten

into submission by our lust for life. I mean, especially for you graduates, this is the time to go out and take the world by the throat, to make your mark on this planet, and develop your lives into what you've always wanted them to be. Like I said, I think it was only a matter of time before this filtered into the entire Saint Mary's consciousness.

Hence, The Winter Carnival. Miami Ice was a huge success, but I think it's success would have been undermined if not for you, the graduating class. While the frosh made a beeline for underage havens like Cabbagetown, it was the senior class at Saint Mary's whose presence and enthusiasm was most evident at the various "Ice" activities. Winter Carnival week being the most explicit manifestation (outside basketball games) of SMU spirit, it certainly demonstrated to me just how important our graduates-to-be really are when summing up what it means to hold the title of Santamarian.

In the years yet to come, there's no doubt in my mind as to the great memories you'll each have when you look back at your own involvement in the world of Saint Mary's Entertainment. The Bashes you cut loose for, the people you met there, and the music we all listened to. Them was the good old days.

I hope you never forget how to have a good time.

Santamarians have often been accused of being apathetic towards any and all aspects of university life. Every now and then, however, we get a glimpse of a better side to our nature, a side that shows we do care about more than drinking, partying, drinking, partying, etc., etc. Once in a while we look beyond ourselves and our small world and see the people who need us.

With trembling knees and squeamish stomachs we wended our way to the MPR, to be poked and drained of that most precious of substances, life-giving blood. The two Blood Donor Clinics, sponsored by the Commerce Society, were run by approximately fifty volunteers and received over four hundred donations. Because of the success of our clinics the Red Cross Society plans to set up a branch on campus, to continue and expand the service.

Parting with our money seems to be as difficult for us as giving blood, if not more so. However, the faculty and staff showed their heart by their great giving to the United Way. This year, the campaign on campus reached almost

150% of its goal, raising \$11,500. Although some societies and individual students contributed, most of the donations were from voluntary payroll cuts by university employees. Hopefully next year we will take a lesson from them and give even more.

Some of our efforts proved to be more fun than others, as was seen by our attempts at bowling. For the second year in a row, Big Brothers and Big Sisters reaped the benefits as we tossed, guttered and struck our way towards our goal — raising money to help kids who need a break.

The Residence Society went all out for Christmas Daddies this year with their Bingo Night and Candy Cane Sale. Over \$1,500.00 went to Christmas Daddies, making Saint Mary's the most charitable university in the region. And we benefitted too; coming home after a long day in the books to find a bunch of candy canes hanging on the doorknob really gave a special lift.

And so, these activities have shown that we do care, that we truly do have a heart. Thanks everyone!

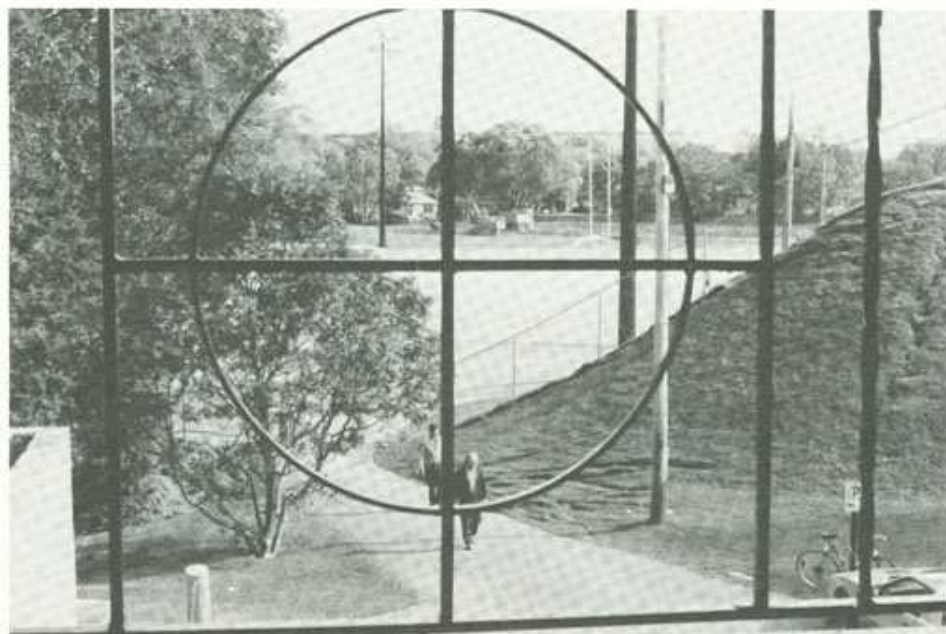

STAFF

'Tis friends and not place that make the world.
Bliss Carman

Many students are not aware of the extent of faculty activity outside the classroom. In addition to lecturing, most members of the teaching staff engage in very important research projects, many of them funded by the granting councils, government agencies and corporations. So, when your prof strolls out of the classroom, or leaves his or her office at night, it's very seldom the end of the working day.

Some staff members do research, too, and many of faculty and staff engage in volunteer efforts, ranging from coaching teams to raising money for Big Brothers and Big Sisters.

One very notable achievement in this latter category — Saint Mary's sponsored ten teams in the annual 'Bowl for Millions' Campaign, another achievement of which we are exceptionally proud is the 164 per cent increase in our faculty and staff contributions to United Way. These are important indications of responsive community involvement.

And, of course, who could forget the volunteer efforts of some of our braver members, who endure the humiliation of AIESEC's pie throwing competition during Winter Carnival — or the refreshing dips in the dunk tank!

So many of our community's members are distinguishing themselves in their professions and in the community that it is impossible to single out only a few. We are very proud of the recognition they are receiving at home and abroad, because they are signs of the great vitality of Saint Mary's members.

Another sign of vitality, of course, are the numbers of students who have been demanding entrance. We hope our campus can stand the strains of our popularity!

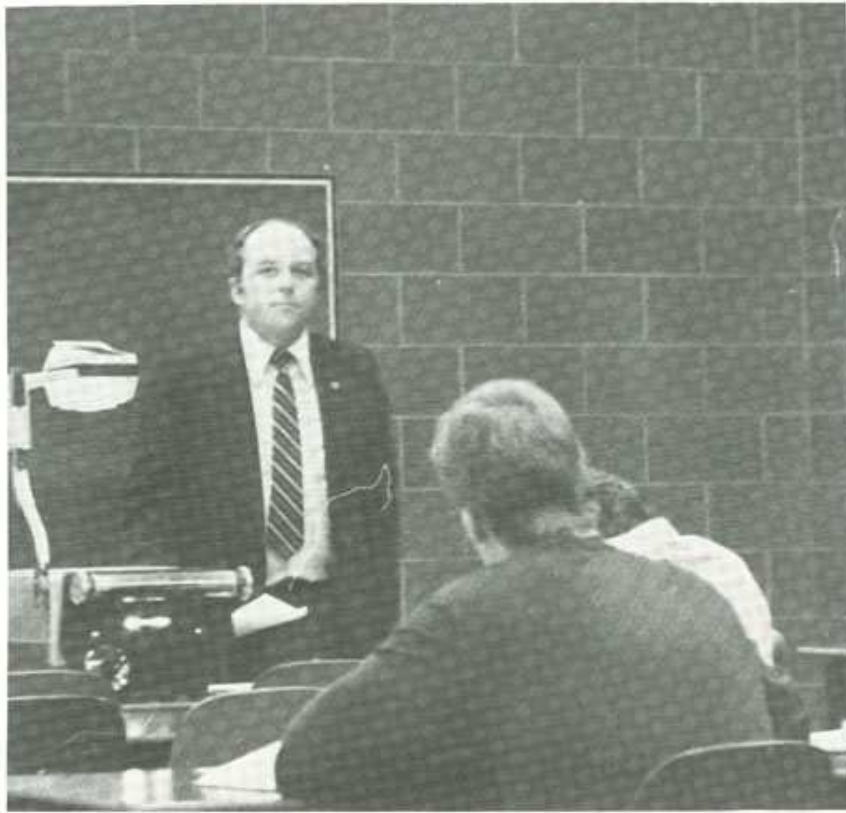

Fortunately, we will be adding one important new facility to our campus next year, a Fitness and Recreation Centre — and none too early. Our present facilities were put in place when Saint Mary's had less than 400 students. We have almost twice that many in this year's graduating class.

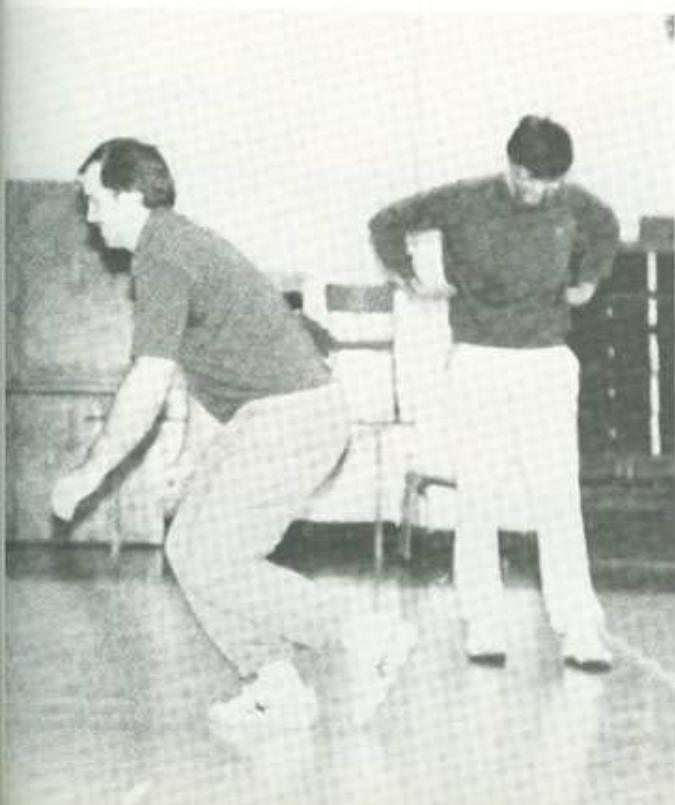

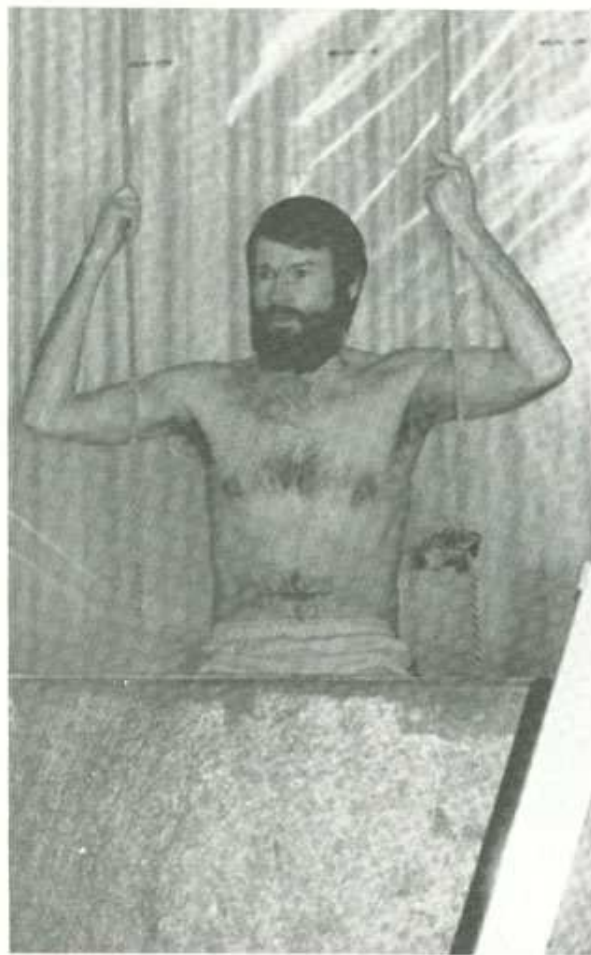

All in all, it has been an exceptionally good year. But, then, when you bring together a highly talented group of faculty, staff and students, what would one expect?

Our very best wishes to those students who will be leaving us this year. We hope you will return early and often.

1 985-86 marked the first year in five years that the SMUSA executive and President served the full term. New services and programs topped our list of priorities.

The year saw the implementations of a free weekly movie series, a free lecture series, the establishment of an Information Desk, a new Mascot, refurbishment of the Gorsebrook Lounge, a new Games Room location, a campus events hotline, refurbishment of SMUSA offices, the establishment of a Conference Centre, SMUSA Hosted the Canadian Organization of Campus Activities Conference and a free Student Centre phone service was set up.

The year also saw issues and controversies arise over SMUSA's membership in the Student's Union of Nova Scotia, resignation of the SRC chairperson, and how much money spend on Charter Day activities.

1985-86 saw the release of the Nova Scotia Royal Commission on Post Secondary Education. Students' at Saint Mary's responded quickly to the report and condemned most of its recommendations. The annual student elections held in February and March saw the largest voter turn-out in many years.

1985-86 was a year of new ideas, bold projects, and controversies.

That's What Friends Are For

EDITOR'S MESSAGE

What can I say? It was a great year at Saint Mary's. One that has many memories for me, and I hope, many memories for you that are reflected in this yearbook.

Many people contributed their talents and energy in putting together this 'labour of love' and I sincerely thank them all. However, there are a few who deserve a special thanks.

To Paul McKeown, for his many long hours in the darkroom (with thousands of beer flies) patiently trying to print pictures taken by amateurs like me.

To Ruben Richards, for spending his spring break printing pictures, doing lay-out, and keeping me laughing when I was ready to cry.

To Pat Brown, for putting up with my rantings, listening to my ideas, and sharing my disappointments.

To Jude Ronayne, for being the yearbook 'gofer' when I really needed him.

Thank you all!

Unfortunately, there are omissions. I personally apologize to each and every member of the Football, Men's and Women's Soccer, and Field Hockey teams for the absence of their team photos. Also, Upper Rice did have a floor picture taken but poor quality prohibited its publications. Sorry, Guys!

Congratulations to all our graduates. There are many Santamarians graduating this year; they will leave a gap that won't easily be filled.

I hope this yearbook does Saint Mary's and each graduate justice.

CHEERS!

Faith Drinnan
Co-Editor
1986 Santamarian

Putting a yearbook together is a much more complex task than I originally anticipated. I knew there would be a lot involved, but so much?! The winter consisted of finding time to write copy, deciding on layout, meeting deadlines, even trying to get to the office in the SUB in all kinds of weather, all between studying and going to class.

But, although I was busy, Faith was much more so. Thus my part in producing this book was small, hers enormous! All those hours in the darkroom (with whom?), rounding up photographers for every event, trying to be six places at once. So, for all the extras, and for your determination to put out the best yearbook possible, on time, THANKS Faith!

I appreciate all who had a hand in producing this year's Santamarian. You made the job easier and I feel we can all be proud of the result.

My best wishes go to each 1986 graduate. Godspeed as you venture into your new life. We hope this Santamarian reflects your year and will bring back many memories of people and places at Saint Mary's. This one's for you.

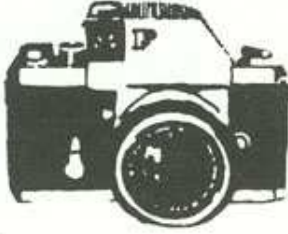

Patricia Brown

GRADUATE

My interest is in the future - because I'm going to spend the rest of my life there.
Charles F. Kettering

Convocation

Impatient, apprehensive, ecstatic, they file into the room filled with friends and relatives. Nervous faces, bobbing on a sea of gowns, breathlessly await the exhilarating sound of their names. This intoxicating day has taken years to arrive; yet, the agony of the last few moments makes them fidgety to the point of being feverish. Finally, the emotion-filled walk to grasp that little peice of paper. Yet another graduating class survives convocation.

*Faith Drinnan
Class of '87*

Your Grace. Mr. President, distinguished guests, fellow graduates, ladies and gentlemen.

Whether young or old, each of us is led on by our dreams; regardless of what those dreams may be, they are our life blood, it keeps us going. And as we try to plan certain stages in our life, we have visions as to what each stage will provide. After entering that stage does it really turn out the way we hoped or anticipated; are we pleased with what we find and experience?

As a Caribbean student, very limited in exposure as to what really lay outside my little island, university meant a prestigious step; one of a number of dreams I hoped I would have the opportunity to fulfill.

I had visions of 16 hour work days, 7 days per week, hard work and no rest, competition to excell in class and pressure to absorb all the material presented. It turned out that we were really competing with ourselves to improve. There were slack periods, but then the bomb of all nighters will arrive and we might require extensions. Then there was the realization that regardless of our level each exam was a situation of pressure.

My experiences here at St. Mary's though were much more than this. It has been one of the most enlightening experiences in my life, not as much in respect to the material presented in class, but what St. Mary's had to offer outside of class. Although there were times when I felt we were here just for a good time there were other times when I knew we were here for much more. I encountered men and women who led, men and women who followed, workaholics, people who were here because they had nothing better to do, people with direction and purpose, and people who were lost still trying to find their way.

We were exposed to a wonderful cultural mix of Canadian, Eastern and Middle East students, Europeans and Caribbean students. There is an atmosphere of togetherness, warmth, respect and familiarity not only shared among the students alone but with the professors as well, that any other institution would have a hard time surpassing. We were exposed to an independent, free and challenging lifestyle in which we felt no alienation as to what was happening around us, except at student council of course. We enjoyed some fantastic college games, none better than this years on the buzzer basketball win over Dalhousie in overtime.

Each of us have many memories to be cherished and many we might like to forget.

Will we ever forget our pub crawls or brewery tours? Will we ever forget our all nighters or group meetings? Will we ever forget Student Council asking us for more money (to do what with we don't know)? Will we forget those great basketball games? Will be forget residence life or was off campus better? Will we forget the agony of waking up for an 8:30 class? Will we forget the food served on campus? Will we forget our sincere cheerleader Vern's chants? Will we forget the lasting friendships we have made here? They are probably our greatest achievement of the past four years.

We truely experienced some wonderful years here at St. Mary's.

To our professors for their knowledge, we thank you.

To our parents for their financial and moral support, we thank you very much.

For those of us who are married, we thank our wives, husbands, and families for their patience, support and strength.

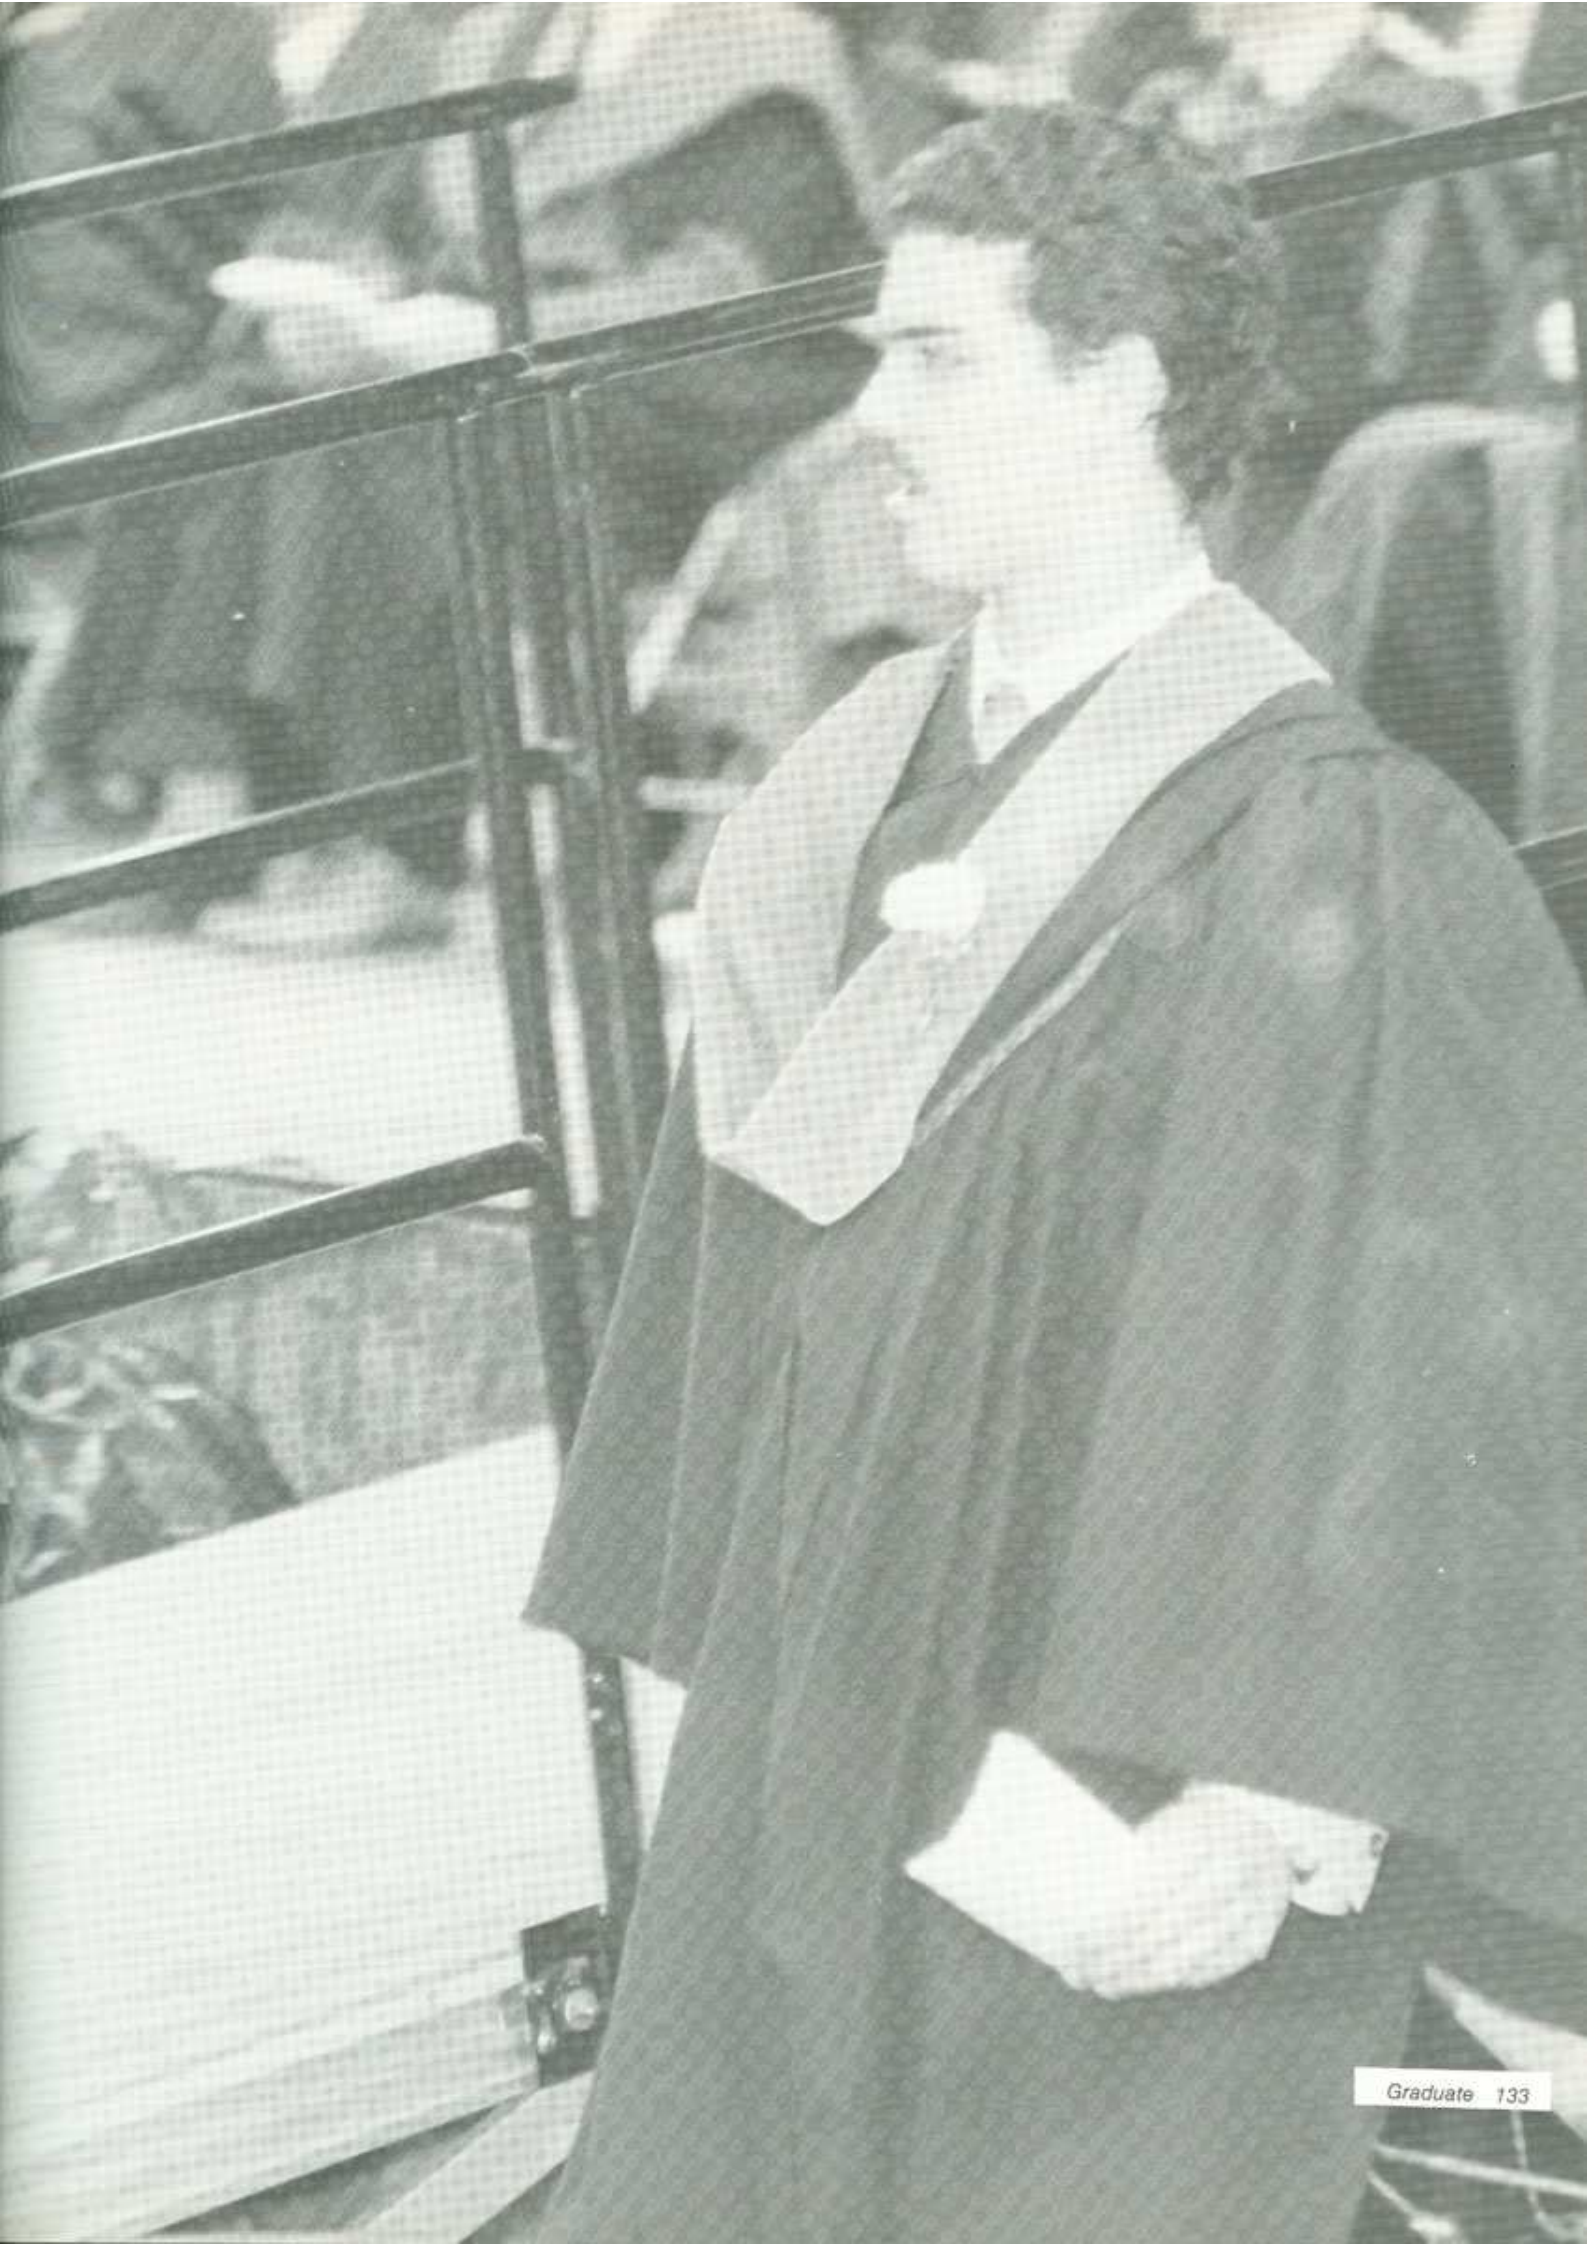

To my fellow graduates; what we have achieved here at St. Mary's over the last 4 years was not easy, and what lies ahead is certainly no bed of roses. But whatever you do, it is my sincere wish that your dreams will always be with you, guiding you, that they will be there to give you strength in good times and in rough times. Never lose sight of your dreams, because the most disheartening thing is to look back and say 'IF I HAD ONLY . . .'. Do what you really want to do, and give it your best shot.

GOOD LUCK AND GOD BLESS YOU ALL.

Thank You.

Tim

I grew up in the same small community as Timmy Hines, and we shared many of those freindly small town ways. We played sports together, we worked together, and we struggled with mostly great joy to graduate from Saint Mary's together. "Chezzetcookers" trying to make good. In the process, we became very good friends and shared ideas, frustrations, and victories. I know I speak for may when I say that in a world that sometimes seems devoid of love and compassion and friendship, Timmy eptomized all three. I think, too, that from the Christopher Cross song "Think of Laura", there is a line that applies to Timmy as it did Laura.

"Think of Timmy, laugh don't cry,
I know he'd want it that way."
We'll miss you friend.

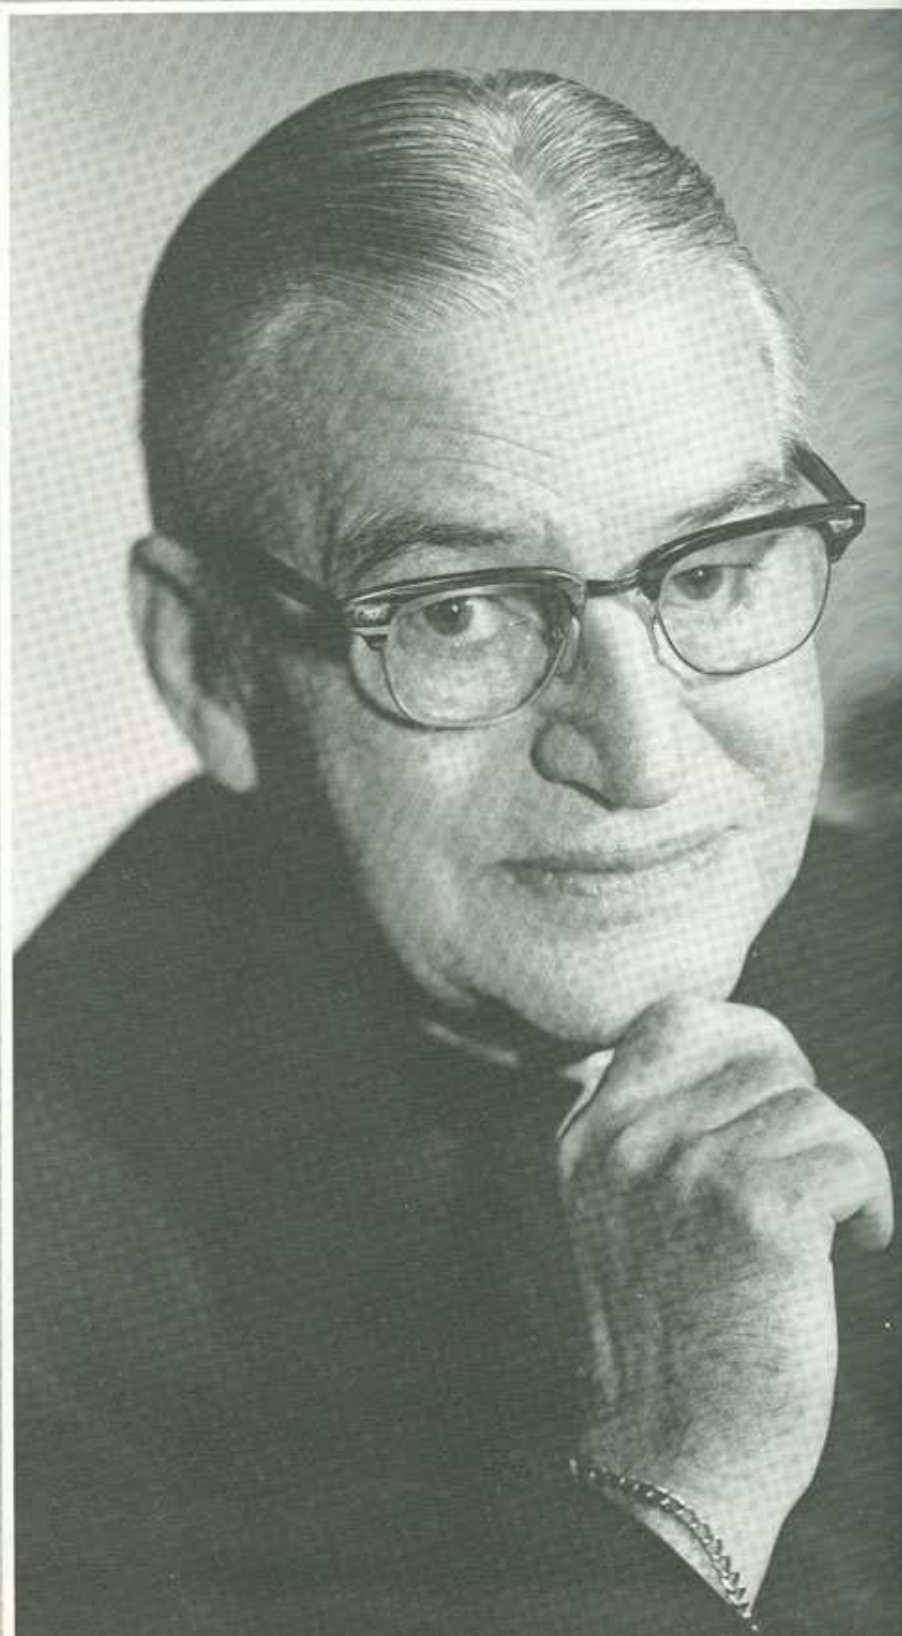

Brad Gaetz

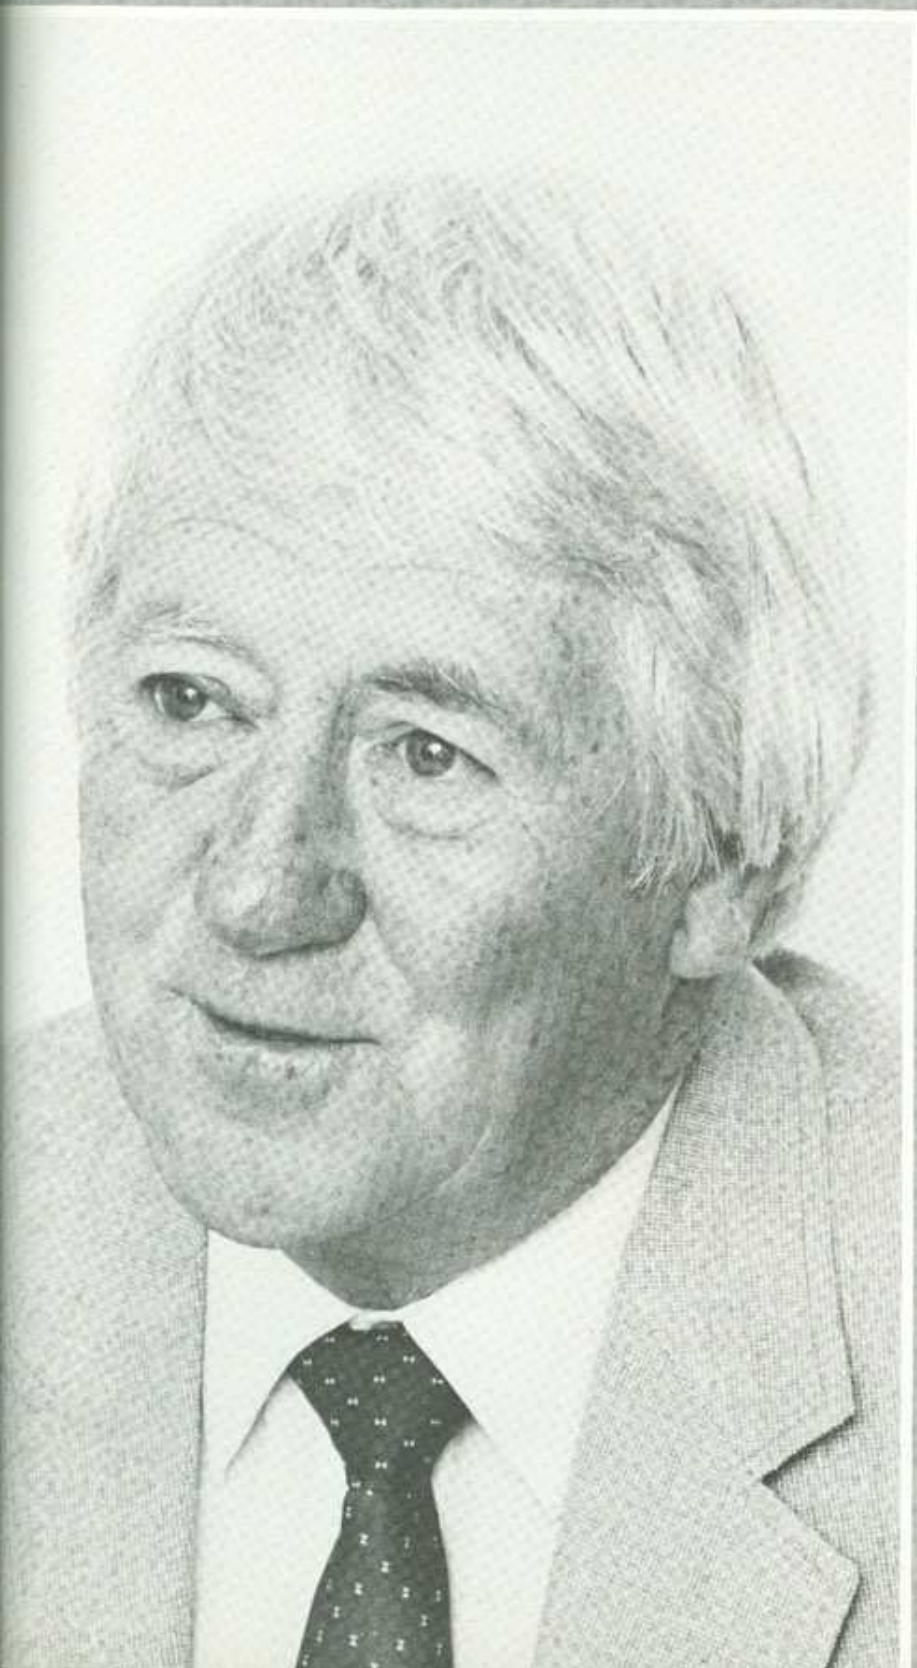

In Memoriam

Last fall, Father Michael O'Donnell, beloved Jesuit, passed away after a lengthy illness at the Jesuit home in Pickering, Ontario. Although Father O'Donnell had not been an active member of the Uiversity community for some time, he is remembered by alumni as a supporter of the Alumni Association and editor of the "Snippets" column in the *Maroon and White*. Father O'Donnell delighted in keeping track of Saint Mary's many graduates, recording their successes, their marriages and the births of their children. He, in turn, was remembered by alumni who, in the 1970s, dedicated the Student Centre in his name and in the name of the late Father John J. Hennessey, S.J.

In June 1985, the University community was stunned by the death of Dr. Kurien K. Thomas, his wife, Molly, and their two children. They were passengers on the ill-fated Air India plane which crashed off the coast of Ireland.

Dr. Thomas came to Saint Mary's in the late 1960s as a Professor of Biology. He served on many University committees and was Chairman of the Biology Department at the time of his death. He was a highly respected biologist who had published numerous articles on his research and he was listed by a number of accredited organizations, including *Who's Who in Science*. His body was one of the few recovered from the downed aircraft, and it was returned to his family in India.

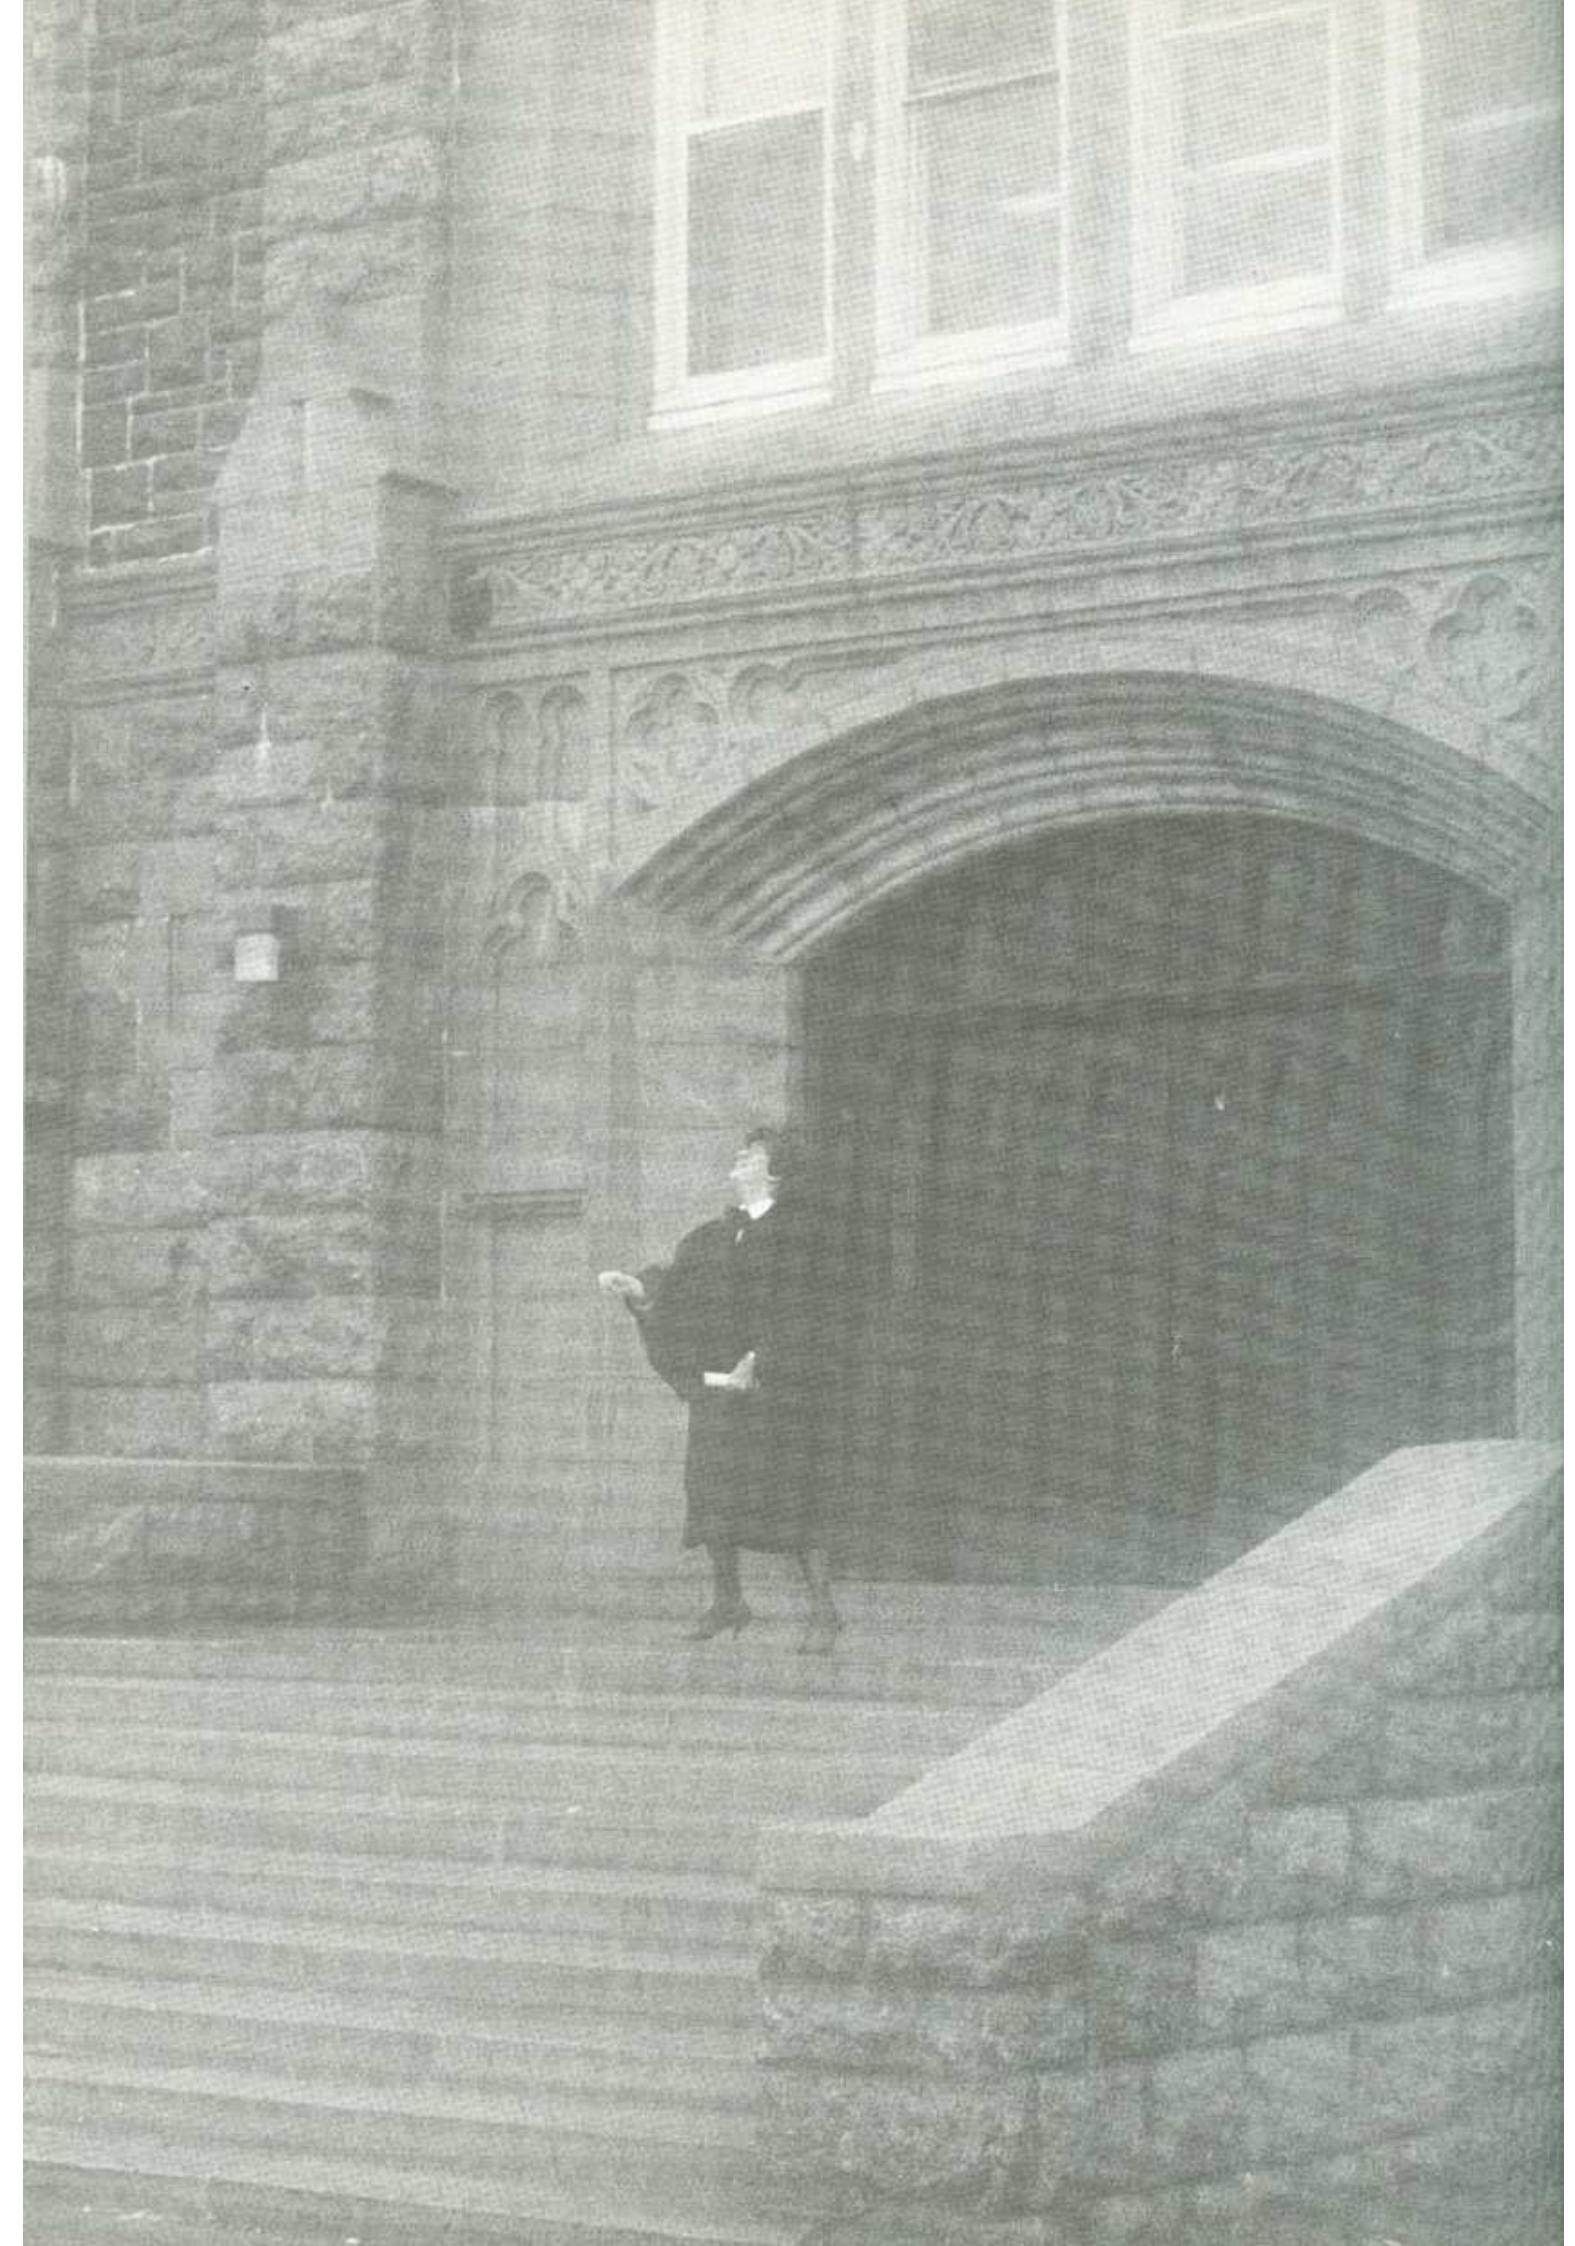

Finally, in August we were grieved by the passing of Laurie Smith, long-serving member of the Saint Mary's University community. Laurie had held many positions at Saint Mary's, latterly acting as Director of Alumni Affairs. In that capacity he earned the respect and affection of many thousand former Saint Mary's students. He spent much of his time keeping in touch with alumni around the world, often travelling to other centres to encourage chapters in various Canadian cities and in New England. At home, he coordinated many alumni activities, including the annual golf tournament, pre-football receptions and the Alumni Dinner. Laurie was actively involved in the University's Capital Campaign as coordinator of the Alumni section.

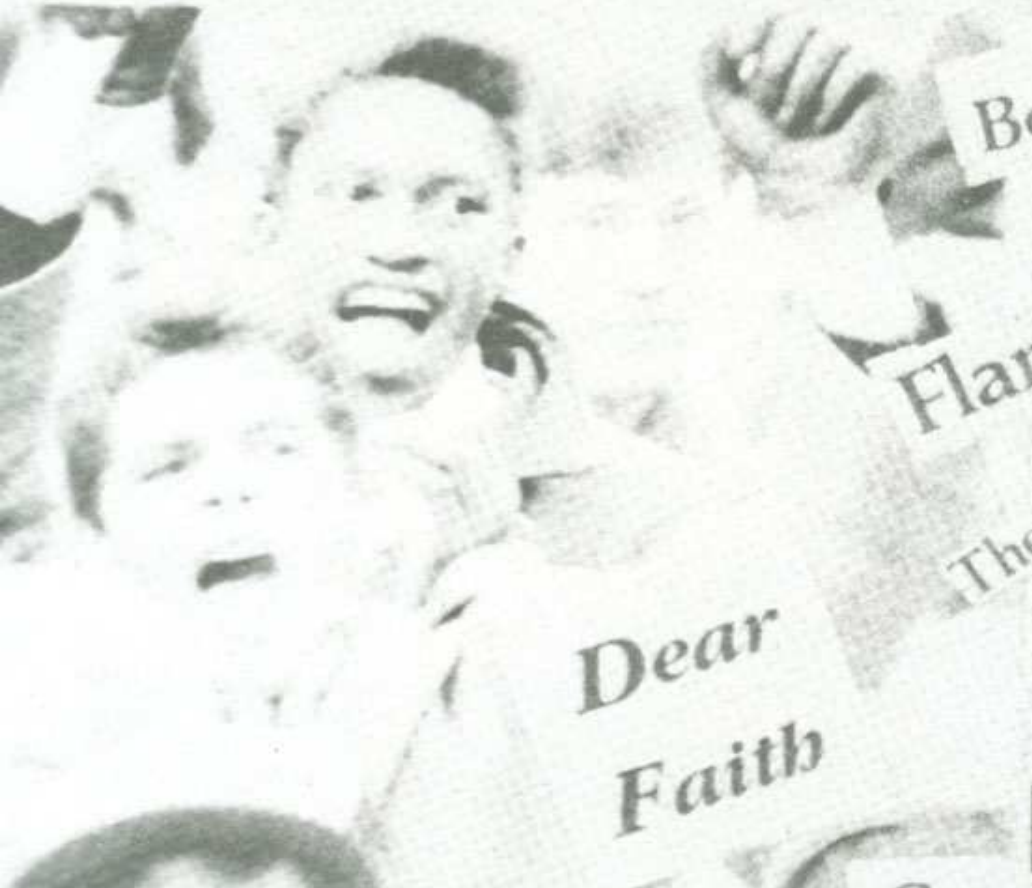

Laurie Smith was equally respected by alumni of St. Patrick's High School where he once taught, and he is well remembered as coach of their hockey team. The school held him in such affection that it has established a memorial scholarship in his memory which will be awarded to a deserving senior high student at St. Patrick's who plans to pursue post-secondary studies at Saint Mary's University.

Laurie is survived by his wife, Kay, and six children.

It is distressing to have to add that last summer two members of the Canada/China Language Training Centre in Beijing were killed in an automobile accident. They were Ian Gertsbain, a Canadian teacher at the Centre, and Chen Lijia, the Chinese Head Teacher. The Centre is administered by Saint Mary's University.
