Saint Mary's will confer three honorary degrees at today's Convocation.

Dr. Geraldine Kenney-Wallace

Dr. Geraldine Kenney-Wallace will receive an honorary doctor of science degree (DSc) in recognition of her work in shaping Canadian science policy as Chairman of the Science Council of Canada. She took up this post in September 1987.

Dr. Kenney-Wallace is also a professor of Chemistry and Physics at the University of Toronto and chairman of the University's research board. She is an international authority on lasers, non-linear optics and molecular/chemical dynamics and has received awards for her work in these fields. She is a member of the Premier of Ontario's Advisory Council on Technology and of the Advisory Council of the Canadian Advanced Technology Association.

Dr. Kenney-Wallace completed her undergraduate education at Oxford in 1965, received her PhD from the University of British Columbia in 1970, and in the same year became an Associate of the Royal Institute of Chemistry. She has held faculty and visiting-scientist appointments at Yale University, the Ecole Polytechnique in Paris and Stanford University. Among her honours are an E.W.R. Steacie Fellowship in 1984, a Guggenheim Fellowship in 1983, and a Killam Senior Research Fellowship in 1979.

Mr. Herman Voaden

Playwright and producer, Herman Voaden will receive an honorary doctor of letters (DLitt) in recognition of his pioneering work as a Canadian playwright and his efforts as a crusader in a fight to obtain government patronage of the arts through the Canada Council. He was born in London, Ontario and received his Bachelor of Arts and Master's degrees at Queen's University. He also attended Yale University.

Mr. Voaden was a pioneering playwright who, during the 1930s and 40s, created a style he called "symphonic expressionism" which combined acting, scenic design, music, chorus and lighting effects to create a total theatre experience. In addition he taught English in Ontario schools and was director of a summer course in drama and play production at Queen's.

During the 1940s and 50s Mr. Voaden was a strong advocate of state involvement in the arts. He was the first president of the Canadian Arts Council, which led to the establishment of the Massey Commission, whose recommendations in turn brought about the creation of the Canada Council in 1957. Mr. Voaden also served as president of the Canadian Guild of Crafts, and is a fellow of the Royal Society of Arts. He received the Canadian Drama Award in 1937, and is a member of the Order of Canada. He is now at work on a book of his collected dramatic works.

Mr. Max Clarkson

Max Clarkson will receive an honorary doctor of civil law (DCL) in recognition of his long-standing commitment to management education in Canada. He obtained his Bachelor of Arts degree from Trinity College at the University of Toronto and saw wartime service in the Royal Canadian Naval Volunteer Reserve. In 1947 he moved to Buffalo, New York to manage the subsidiary of a small Canadian printing company in the United States. This company became Graphic Controls Corporation, which operates in ten countries.

Mr. Clarkson returned to Canada in 1975 as Dean of the Faculty of Management at the University of Toronto and is now Professor of Management there. He was a founding member of the Canadian Federation of Deans of Management and Administrative Studies (CFDMAS) and was its first Chairman from 1975 to 1980.

Mr. Clarkson has also been involved with the Niagara Institute, and The American Management Association, and has been a director of many public and private corporations in Canada and the United States. He is currently writing a book on corporate social performance in Canada, and also teaches and lectures on ethics and moral responsibilities in business.

History of Saint Mary's University

Saint Mary's University was founded in 1802 to provide opportunities for higher learning to young Catholic men. Its founder, the Reverend Edmund Burke, had meagre resources to work with but, on later being named Bishop with responsibility for Nova Scotia, he continued to support the college as essential to the development of the Catholic community. In 1841, the Nova Scotia House of Assembly gave formal recognition of its academic role. Its legal status was confirmed in perpetuity by enactment in 1852.

In 1913, the Christian Brothers of Ireland, a teaching order, were invited by the Archdiocese of Halifax to direct the college and its academic program. During the ensuing years, Saint Mary's University became more widely known for the quality of its undergraduate teaching and continued to develop new instructional programs most notably within its Faculty of Commerce. In 1940, the Upper Canada Province of The Society of Jesus was invited to succeed the Christian Brothers as administrators and teachers in the University, and for thirty years until the enactment in 1970 of the new act of incorporation, the college remained under Jesuit supervision. The long-standing emphasis on liberal arts and commerce was extended to include new programs in science, engineering, and teacher education. Extension courses became an important part of the University's commitment to an active educational role in the community.

The Ceremonial Mace

The ceremonial mace, which is carried by the Marshal of Convocation at the head of the academic procession, was presented to Saint Mary's in April, 1980 and used for the first time at the 1980 Convocation. It symbolizes the University's authority to grant degrees. It was made and presented to the University by Maritime Command in recognition of Saint Mary's alumni killed in both world wars and also serving members of the Canadian Armed Forces who have been students at the University.

The mace is made of oak with a cast brass crown and brass plates carrying traditional ceremonial engravings. The plates represent the contribution to Saint Mary's by the Jesuit Fathers, the Christian Brothers of Ireland, the Archdiocese of Halifax, the LaSalle Christian Brothers, the Lay Teachers, and the Armed Forces.

Flags on the Stage

Each year Saint Mary's has a number of non-Canadians in its student body. The flags which you see displayed on the stage for Convocation are from some of the countries from which these students come, not necessarily graduating students, but those in any year of study. This international aspect of the Saint Mary's University community is a feature of justifiable pride which contributes markedly to the growth and understanding of both Canadian and non-Canadian students. Also included in the University's permanent collection of flags is one from the International Year of the Disabled signifying the University's commitment to disabled people.
