President's Message

Dear Fellow Students,

Welcome back to another fun filled semester at Saint Mary's. I trust you had an enjoyable break and are prepared for the challenges of another school semester.

I think that the first semester was very successful. The semester was kicked off with an excellent Orientation week which included two bashes and saw record numbers of student attendance at most events. The Husky Patrol drive home service was implemented by SMUSA in cooperation with Campus Security and the business community. For a period of ten weeks, over 2,400 students were taken home safely. The highly attended Gorsebrook Lounge indicates that the entertainment and bar services were well received. This year SMUSA implemented a wet and dry policy in the PUB in an attempt to offer our services to more students. Thus far this initiative has proved to be very positive. The SMUSA run course evaluation project will allow students to make informed course selections next year.

Throughout the summer and the first semester a great deal of my time was spent representing students on a university and provincial level. I have been a part of the Rationalization discussions to ensure that the outcome of the metro programmes is student focused. I have also been involved with the Student's Union of Nova Scotia (SUNS) to ensure that the students' money is well utilized.

Although it is only a short period of time, I feel that the upcoming four months provide sufficient time for great accomplishments and improvements to student life, however your input is crucial. We are always open for your ideas, suggestions and concerns.

I would like to thank the SMUSA Executive, staff and volunteers for their endless efforts which made the first half of this year a great success.

Yours Truly,
Boris Mirtchev
President, SMUSA, Inc.
