No. 23

NEW LIBRARY BUILDING NEAR

THE FIRST TANGIBLE RESULT OF SAINT MARY'S CURRENT DEVELOPMENT PROGRAMME, NOW NEARING THE TWO-THIRDS MARK IN ITS DRIVE FOR A MINIMUM OF \$1,565,000., IS FAST TAKING SHAPE.

ARCHITECTS' FINAL DRAWINGS ARE BEING PERPARED FOR A NEW ON-CAMPUS LIBRARY TO COST AN ESTIMATED \$600,000.

Very Rev. C. J. Fischer, S.J.
President, Saint Mary's University

Dear Alumnus:

On behalf of the University, I am happy to have this opportunity to renew, through the columns of the Maroon and White, our deep appreciation of the continued friendship, support and assistance of all Santamarians. We are grateful not only for your financial support through the Annual Fund but also for the valuable time and effort being contributed by the many alumni acting as Development Programme canvassers. The success of the local campaign in particular depends largely on the willingness of alumni to canvass on behalf of the Programme and we have every reason to be proud of the record already established in this regard.

(Continued on Page 5)

It is hoped that the Canada Council will make a grant of \$150,000. or more towards the cost.

Probable site of the building is immediately east of the present main building and north of the football and playing fields. The new Library will be capable of housing 100,000 volumes and will include two lecture theatres. Study and reading facilities of the present library in the main building are already inadequate and stack space is not sufficient for present holdings. Accepted library standards require 60,000 carefully chosen and accessible volumes for present enrolment and 10,000 volumes for every additional 200 students.

Next expansion step after the Library will be a new Chemistry and Biology Building.

Although Saint Mary's was founded in 1802 and is one of the oldest universities in Canada, the current Development Programme is the first national public appeal in its history. Existing facilities, commenced in 1951 on its 30-acre Gorsebrook Campus in South Halifax, were constructed at a cost to members of the Archdiocese of Halifax of more than \$5,000,000. This undertaking, borne by annual capital debt reduction, is one of the most significant financial contributions at the local level to higher education in Canada.

The Development Programme office, in an eve-of-publication interview with the "Maroon and White", said the response of local and national business firms has been outstanding. Alumni are actively supporting the Programme in many localities and are winning countless new and valued friends for Saint Mary's.

\$19,223 Pledged By Alumni

The total of alumni pledges to the Annual Fund Three Year Plan and contributions by alumni to the University Development Programme is nearing the \$20,000. mark, it was announced by Edward T. Cosgrove following a recent meeting of the Annual Fund Committee.

Mr. Cosgrove stated that these returns are indeed very encouraging, considering it is just six months since the Three Year Plan was established. There is, of course, still much work to be done but the Annual Fund Committee is quite confident contributions over the three year period will enable the Alumni Association to provide substantial assistance to the University, he added.

To date \$4,630. has been contributed by alumni directly to the University Development Programme and \$14,603. has been pledged to the Annual Fund Three Year Plan. A total of 117 alumni have contributed. Contributions range from \$15. to \$1,000.

Shown below is a breakdown of contributions made:

3	at \$1,000.	2	At 180.
1	600.	44	150.
4	500.	8	100.
5	360.	4	75.
5	300.	13	50.
2	225.	22	\$15. to \$45.
4	200.		

COMMITTEE REAPPOINTED

The Annual Fund Committee has been reappointed for a further term of one year with membership unchanged.

ASSOCIATION ANNUAL DINNER

MONDAY
DECEMBER 9, 1963

Saint Mary's University Alumni Association

EXECUTIVE

Patron: Archbishop J. Gerald Berry, D.D.

Honorary President:

Very Reverend C. J. Fischer, S.J.

Malachi C. Jones, President

Gordon D. Mader: Vice-President

Edward T. Cosgrove: Past-President

Rev. M. J. O'Donnell, S.J., Moderator

General Executive:

James B. Ternan, J. Philip Vaughan,
L. B. Murphy, Rev. Kevin MacPherson,
Arthur Donahoe, William R. Bailly, Jr.,
Robert Deegan, Lawrence Hayes.

Paul D. McGuire, Executive Secretary

ANNUAL FUND COMMITTEE

Edward T. Cosgrove, Chairman

Very Rev. James M. Hayes

Dr. E. I. Glenister

Arthur Conrad

Errol Davison

L. B. Murphy

Malachi C. Jones

Annual Dinner December 9th

The Feast of the Immaculate Conception, the Patronal Feast of the University and the traditional day of the alumni Annual Dinner, falls this year on a Sunday. We have, however been informed by the Chancery Office that the Feast will be celebrated on the Monday. The Association Executive has therefore decided in the interests of the majority to postpone the Dinner to that day. The Annual Dinner of 1963 will be held then on Monday, December 9th.

* * *

Committee:

Gordon D. Mader and Larry B. Murphy, 1962 Annual Dinner Chairman and Attendance Chairman, have very generously accepted to act again in these respective capacities.

Final arrangements for the Dinner will be announced as soon as completed.

Six Appointed to Faculty

Six appointments to the faculty of the University have been announced recently by Very Rev. C. J. Fischer, S.J., president.

Dr. Stanislas Swianiewicz, an internationally-known expert in the economics of under-developed regions, has joined the University as Professor of Economics.

Dr. Swianiewicz studied at the University of Vilna, Poland, where he obtained his masters degree in 1924 and four years later his doctorate. In 1931 he completed post-doctoral studies in political economy. He later became professor of political economy at Vilna and has since completed several research projects dealing with the problems of under-developed areas. He has also studied extensively in the area of soviet industrialization and has had numerous works published.

Donald Clairmont has been appointed to the teaching staff of the University's department of sociology.

He received his B.A. degree in 1960 from McMaster University and in May of this year obtained his Master of Arts in sociology. For the past two years he has been engaged in various research projects on native Canadian ethnic groups for the Department of Northern Affairs and National Resources.

Roger H. Crowther, who received his B.A. degree from Downing College, Cambridge in 1961, has joined the department of English. He is now completing his master's degree in English and holds a post-graduate certificate of education from London University.

Lecturer Crowther has taught English at the University of London Summer School, and after coming to Halifax, at B. C. Silver High School and Armdale Junior High School, where he had been vice-principal until coming to Saint Mary's.

Otto Haenlein has been appointed to Saint Mary's department of German.

Mr. Haenlein received his early education in Germany and came to Canada in 1953. He holds a B.A. degree from Dalhousie University and is completing his Master of Arts degree in German. While attending Dalhousie, Lecturer Haenlein taught industrial arts in Halifax city schools.

Dr. Dangety S. Murtry has joined the University's physics department.

He received his doctorate of science degree in 1956 from Andhra University, India for research work in ionospheric physics. Until coming to Saint Mary's he had been

Edmund Morris Joins University as Assistant to the President

Appointment of Edmund Morris to the position of Assistant to the President of the University was made during the summer by Very Rev. C. J. Fischer, S.J., University President.

A former Halifax Member of Parliament and radio commentator, Ed is an alumnus of Saint Mary's University High School and Dalhousie University. He assumed his new duties on July 15th.

Ed resides in Armdale and is married with four children.

Stirling Dorrance, assistant to the president for the past few years, has become director of development at Loyola College, Montreal.

acting head of the physics department of Texas Southern University since 1960.

Assistant Professor Adolfo Sarabia has been appointed to the department of Spanish.

Mr. Sarabia has recently completed his doctoral thesis at the University of Madrid where for the last three years he has held the rank of Assistant Professor. He has contributed to many learned journals and in addition to publishing several translations and short stories, he has also lectured extensively in Spain.

Rejoins Faculty

It has also been announced that Donald J. Weeren has rejoined the faculty of the School of Education following an eight month leave of absence. Mr. Weeren has been in Holland engaged in research work leading to his doctorate in comparative education.

Snippets

(by M. J. O'Donnell, S.J.)

There is strong evidence that former members of the Jesuit staff at SMU appreciate Halifax summers. Former president, **Very Rev. P. G. Malone** — Rector of Loyola College, Montreal — fished for the first time in his life this past summer and caught a mackerel. His technique does not bear description. A subject of his, **Father Emmett McKenna** — student counsellor — was also initiated into the art of angling. In technique he did not surpass his Rector; in his catch? Comparisons can be odious. I call to the attention of our new Provincial **Very Rev. Angus J. MacDougall**, who replaced **Father George** on July 31st, that these men have potentialities that can be fulfilled only in Halifax.

Another former president **Very Rev. Frederick Lynch** exhibited the same addiction but much more expertly. His duties as Pastor of St. Pius X parish and Rector of our High School in St. John's, Nfld., curtailed his holiday.

Father David Asselin — Spiritual Advisor Jesuit Seminary, Toronto — and **Father Robert MacDougall** — Minister Loyola — who taught during the Forties on Windsor Street — were thrilled at the sight of the Robie Street building.

Father Cyril O'Keefe — Dean of Studies, Loyola and **Father Ernest Tyler** — staff member Loyola—also returned for a holiday.

Rev. George Leach made breathless stops on his way to and from summer school. In Newfoundland he is equally breathless and his students carry the same characteristic. For them it is not keeping up with the Jones's but keeping up with George.

Just to get my breath let me tell you about somebody who is not an alumnus but a worthy source of pride to all Canadians. **Very Rev. R. MacKenzie, S.J.**—Professor of Scripture, Jesuit Seminary,

Toronto has been appointed head of the Pontifical Biblical Institute, Rome. One of his predecessors was **Cardinal Bea**. In Rome **Father MacKenzie** will join two other Canadian Jesuits of distinction, **Very Rev. John L. Swain**—Vicar General of the Society of Jesus and the eminent scholar, professor and author, **Father Bernard Lonergan**. The selection of these Canadians was made from the most competent Jesuits available in their fields throughout the world.

Father Alfred Colliard, of last year's Theology staff has been made Rector of our new High School, Toronto. His staff includes **Father George Topp**, former Professor of Philosophy, **Father Walter Quest**, B. Comm. 1959 and **Rev. R. Desgroschilliers** of last year's High School staff.

Fr. Vincent Murphy — long time associate of "Harvey" and mathematics, is assistant in our Newfoundland Parish. Possibly lonesomeness for "boneheads" prompted a June visit.

Prof. Robert Hanrahan has abandoned the halls of learning to join Scotia Bond.

A new Producer on CCJH-TV is **Charlie McGuire**, formerly Assistant Producer CBHT.

Greg. McClare '60 has gone West as far as Toronto to continue in Social Work and follow courses not offered in Halifax.

Another Social Worker has found opportunities further West. **John Whelan '62** gave up his welfare job in St. John to go after a Master's Degree at the University of Saskatchewan.

Maritime Tel. & Tel. has a new Financial Vice-President, **Donald Myers '58**.

Laurie Smith '43, has been selected to fill a new post of Director of Guidance in the Halifax Public Schools. **Chris. Grant '33**, has replaced him as Vice-Principal of St. Patrick's.

Texaco, St. John, has added **Granville Kelly '59** to its personnel.

Dr. Robert Napier '51, has returned from practice in Bonaventure, Nfld. and is associated with **Dr. E. T. Granville**.

Edwin Reyno '36 has been promoted to Acting Air Vice Marshall, R.C.A.F.

The most widely advertised new enterprise in Halifax has been the opening of TTR (Trainer Truck Rentals) on Robie St. The new building is really smart looking. **Jim** is President. **Tom** has enough interest in the new business that he cannot contest the mayoralty. He is re-offering as Alderman. **Graham Marr** is the accountant.

Acting A. V. M.
Edwin Reyno

Snippets

Alderman **Jim Connolly** resigned his seat to contest the mayoralty. Deputy-Mayor **Bob Butler '45**, has confirmed reports that he will run. Alderman **Nick Meagher** is reoffering.

Montreal Star has snatched our sports writer **George Hanson** from the Halifax Mail Star. **Malcolm Johnson** has joined the local paper's sports department.

Prof. Henry Habib of Montreal Loyola's staff, taught a course in Political Science at our summer-school.

Brian Flemming '59, has been admitted to the Nova Scotia Bar.

Recent marriages: **Prof. Ed. Flynn**, **Ken Bendeller**, **Paul Cable '62**, **Bill Spruin '61**, **John MacIsaac '61**.

Summer visitors: **Ross Casey**, **Max Beaton**, **George Venner**, **Ed. Murphy**, **George Isaacs**, **Wayne Burke**, **Paul MacDonald**, **Hal McGuire**, **Murray Napier**, **Bernie Sheehan**, **Joe Murphy**, **Bob Davies**, **Paul Cormier**, **Butch Gummer**, **Hugh Campbell**, **Peter O'Brien**.

Scholarships Awarded

Sixty-three scholarships and bursaries valued at \$14,550 have been awarded this year to students at Saint Mary's.

REMEMBER?

**BASKETBALL
1926-1927**

T.V. Classroom Course Offered

The first combined television-classroom course to be offered to adults in Halifax and Dartmouth, "Exploring the Universe", was announced recently by the University.

Eleven half-hour television programs, hosted by internationally-celebrated TV personality Dave Garroway, are being broadcast by CJCH-TV on successive Sundays at 1:45 p.m. They are being followed by two-hour discussion classes Monday evenings at 8 p.m. at the University. The classroom sessions are conducted by Reverend M. W. Burke-Gaffney, S.J., Ph.D., professor of astronomy here.

A special textbook, "The Exploration of the Universe", has been designed to accompany the TV programs.

The television broadcasts are being seen by viewers of Channels 6, 8 and 10 as well as Channel 5.

"Exploring the Universe is an exciting look into the modern theories and advances of science, from the possibilities of life on other planets to the creation of this universe," Reverend M. J. Belair, S.J., director of adult studies at Saint Mary's, said in announcing the series.

(Continued on page 7)

Sixty-Seven on Faculty

Taking into consideration recent appointments, Saint Mary's will begin the 1963-64 academic year with a faculty totalling sixty-two members. Another five are on leave of absence. Of the sixty-two, fifteen are members of the Society of Jesus, two are archdiocesan clergy and the remaining forty-five are lay men. There are an additional seven Jesuits in administrative positions at the University.

The University calendar of ten years ago lists a total of thirty officers of instruction.

Graduates - '52 and '62

In May of 1952 Saint Mary's conferred degrees upon twenty-five students. Last May a total of ninety-six degrees and diplomas were conferred.

Alumnus

It is not infrequent that visitors from Loyola College to Saint Mary's when singing the praises of that Jesuit institution are reminded that the very first rector and president of Loyola, Rev. Gregory O'Bryan, was an alumnus of Saint Mary's.

Sports

LES GOODWIN NEW BASKETBALL COACH

Les K. Goodwin has been named coach of basketball at Saint Mary's, it was announced recently.

Born in New York City, Coach Goodwin attended elementary and secondary schools in Linden, New Jersey. He studied physical education at Panzer College, N. J., and later at Rutgers University where he obtained his Bachelor of Science and Education and his Master of Education, majoring in physical education. While at Rutgers he taught extensively in physical education and held various coaching and administrative positions. He has since followed several postgraduate courses in physical education at New York University and at Rutgers.

Junior and senior high school and Panzer College basketball teams under Coach Goodwin played a total of 727 games. He has established a won-lost record of 510-217, a percentage of 701.

BERT McCUSKER TO COACH HOCKEY

Bert McCusker, B.Sc., has been named Coach of Hockey and residence director at Saint Mary's University, it was announced recently by the University. For the past two years he has been head coach of football with Atlantic Football Conference Shearwater Flyers.

Mr. McCusker was born in Quebec City and received his elementary and high school education there. He entered Saint Francis Xavier University in 1955 where he became captain of the varsity hockey and football teams. In 1958 he returned to Quebec City for a year, during which time he taught high school and coached high school football.

He returned to Saint Francis Xavier in 1959 as junior varsity hockey coach and assistant varsity football coach. He also resumed his studies and in 1960 received the degree of Bachelor of Science.

McCusker remained at Saint Francis Xavier following graduation as head coach of hockey and assistant football coach. Until joining Saint Mary's McCusker has for the past two years taught at Graham Creighton High School in Westphal, Halifax County.

FOOTBALL HUSKIES DROP OPENER 14-13

Saint Mary's University football "Huskies" were shaded 14-13 by St. F.X. in the Atlantic Football Conference opener in

Three Join Jesuit Faculty

Very Rev. C. J. Fischer, S.J., university president, announced recently the appointment to the University's faculty of Rev. Thomas Macho, S.J. and Rev. Lawrence F. Murphy, S.J.

Appointment of Rev. John Masterson, S.J. to the position of assistant student counsellor at the university was also announced.

Father Macho was born in Spain and received his early education there. He entered the Society of Jesus in Belgium and in 1949 was sent to Cuba where for several years he taught and was active with the Young Christian Workers of that country. Father received his Ph.D. degree in philosophy from Fordham University, New York. He will lecture in philosophy and theology at Saint Mary's.

Father Murphy was born and received his elementary and high school education in Montreal where he entered the Society in 1947. He has received the degree of master of arts in classics from the University of Ottawa and has taught at Regiopolis College, Kingston and Campton College, Regina. He will lecture in classics and translation as well as theology.

Father Masterson was born in Ottawa and attended Loyola College High School. He entered the Society of Jesus in 1925 and has since taught at Saint Paul's College, Winnipeg and at Loyola where he has held the positions of Dean of Men and Vice-Rector. From 1956 until 1961, he was the pastor of St. Ignatius Parish in Montreal and until coming to Saint Mary's has been engaged in Jesuit retreat activities.

37 Courses For Evening Division Students

The University will offer a total of 37 credit courses to late afternoon and evening division students during the 1963-64 academic year.

Fifteen courses will be offered in the late afternoon, beginning at 4:30 p.m. These have been particularly designed for Halifax school teachers seeking a university degree while continuing their own teaching. The courses will include business administration, economics, German, history, Latin, philosophy, political science, psychology, sociology, Spanish and theology.

Twenty-two courses will be offered in the evenings at 7:30 p.m., including accounting, archeology and art, astronomy, English, French, geology, history, history of art, mathematics, philosophy, political science, sociology, Spanish and theology.

Father Fischer

(Continued from page 1)

I wish also to thank those carrying on the more familiar but no less time-consuming activities of the Alumni Association—the members of the Executive and of various committees whose work effectively strengthens the already close ties between Saint Mary's University and her alumni.

With every best wish,

Sincerely,
C. J. FISCHER, S.J.,
President

Most Reverend J. Gerald Berry, D.D.

University Chancellor, Most Reverend J. Gerald Berry, D.D., Archbishop of Halifax, has returned to Rome for the reopening of the Ecumenical Council. His Grace, travelling with Most Reverend Malcom MacEachern, Bishop of Charlottetown and Most Reverend William Power, Bishop of Antigonish, left for Rome September 19.

Sports

(Continued from page 4)

Antigonish on Saturday, Sept. 21. A blocked convert attempt by Saint Mary's and a final quarter fumble on the Xaverians' 13 yard line gave the X-men the game. It was for Saint Mary's the only lost fumble of the game.

The Huskies have since lost to Stad Sailors 9-8 and have defeated St. Dunstan's by an unmentionable score.

R. I. M.

We record with a sorrow that will be shared by Santamarians everywhere
the passing of

Right Rev. Basil C. Martin

Rev. Adrian Butts

Assistant Professor A. R. Yeomans

The Collegian - 1950 - "College Diary"

- "Sept. 27 — First day back. Some old and some new faces. — 'nuff said.
- "Oct. 6 — Sodality is reorganized. Named as representative of Arts faculty was Bill Dishlin; for Commerce, Laurie Patterson, and for Science-Engineers, Ken Butler.
- "Oct. 14 — The initiation is on. The A.A.A. room is, as usual, a very popular place. Freshmen MacIntyre and Matthews outtalk CJCH's Norm Riley. Journal for the year comes off the press.
- "Oct. 25 — Ethics class is interrupted as the new telephone booth is carried through enroute to the back hall. Most mistake the booth for a casket. Dave Jones cries out from the back row: "Who have they got in there?"
- "Oct. 19 — Journal Editor Bernie Kline heaves a sigh of relief as the first issue of the Journal for the year comes off the press.
- "Nov. 15 — Still no A.A.A. meeting. Everyone assumes it has become an "underground organization".
- "Dec. 12 — Mike Murphy and Fred Cable dropped a decision to Mount Allison at Sackville in a debate on 'Socialized Medicine'.
- "Dec. 15 — Led by 'Ajax' Hallisey, the Boarders basketball team continues to overwhelm all opponents.
- "Dec. 20 — Many of the fellows begin to see more of the Post Office and less of the College.
- "Feb. 2 — Father Belair professes his final vows as a Jesuit today.
- "Feb. 10 — Student's Council holds Mid-year Prom at the Lord Nelson Hotel. Neville Conner's coat creates quite a sensation.
- "Feb. 15 — The College Hockey team is still searching for someone to play.
- "Feb. 23 — Artsmen Tom Nickerson, Secretary of the Sodality, absentmindedly wanders into an Engineer's meeting — consequently no minutes were read.
- "March 24 — Election day for President of the Student's Council, but there's a slight discrepancy in the ballots, so we'll have to do it all over again on Tuesday.
- "April 14 — The Mock Trial finds Tom Nickerson guilty of 'pilfering' rubbers from the corridors and selling them to Leo 'Goldberg' Arab. The sentence— one week of not doing any Latin homework.
- "May 17 — Convocation ceremonies at the Nova Scotian Hotel. Goodbye!"

Executive Appoints Athletic Committee

Appointment of an Alumni Association Athletic Committee has been announced by Association President Malachi C. Jones. The Committee was named at an Executive meeting held at the University on Wednesday, September 11. Members are: Bill

Bailly, Chairman, C. Dudley Chisholm and Larry Hayes.

The committee has as its most immediate task the promoting of interest on the part of alumni in the University's athletic programme. The first project the committee members was to arrange for a block of tickets reserved to alumni for the Saint Mary's - Saint Frances Xavier football game earlier this month. The committee also held informal pre and post-game gatherings of alumni in the Dingle Motel in Antigonish. Considering there was very little time to promote this first venture, it gave every indication of being successful and it appeared that alumni who did attend thought the plan for such activities in the future a good one.

The primary task of the committee will actually be of a broader nature. They will attempt to ascertain whether the Saint Mary's programme of athletics could be a means of strengthening the ties of Saint Mary's and her alumni.

Rev. J. E. Healey, S.J.

Shown above is Rev. J. E. Healey, S.J., the University's new Dean of Studies. Father Healey succeeds Rev. W. Stewart, S.J., who will rejoin the University's department of philosophy.

"Gobblegook"

The following is an excerpt from an article written by Leonard R. N. Ashley for the American Alumni News, Volume XXX, No. 4. The article is entitled, 'A Guided Tour of Gobblegook.'

"Part of my job as a college teacher is to teach students how to think and write. And one of the biggest difficulties encountered by those of us who teach English is the rapid and alarming collapse of the American language under an ever increasing load of gobblegook and jargon.

"Here are some gems of purest ray serene from the dark, unfathomed caves of my student files:

'Entrance requirements have gone so high that nobody can get into college, and the reason that nobody can get in is that everybody is going.'

'Abstinence is a good thing if practised in moderation'.

'The food in the cafeteria is absolute poison and they give you such small portions. It's about time the students spoke up about this unspeakable situation'.

'In Shakespeare's comedies every Tom, Dick and Harry is named Sebastian'.

'Socrates died on an overdose of wedlock, but before he went he had the crowned heads of Athens shaking in their shoes. It was a good thing for them he was determined to stay and die even if it killed him'.

'The world's greatest problem today is the H-Bomb. That's dynamite''

T.V. Classroom Course Offered

(Continued from page 4)

"Mr. Garroway and his guests, all prominent scientists, convey their own awe and wonder at the universe to television viewers. Additionally, we hope to develop a deeper understanding of the philosophy of science so that the lay citizen will be assisted in making responsible judgments concerning science and government."

Part 2 of the course, which will follow the combined television-classroom series, will be a ten-lecture and discussion series by Father Burke-Gaffney on "The Great Astronomers". They will seek to illustrate and expand the material of the first part of the course.

"Astronomy is an observational and speculative science. Of the men and women who built the science into what it is today, some were keen observers, others had keen insight", Father Burke-Gaffney says. "The lives and works of the astronomers to be dealt with in Part 2 of the course will indicate what kind of persons become astronomers, and why, and how they contribute to our knowledge of our universe".

Subjects will include the astronomers Halley, Bradley, Herschel, Laplace, Bessel, Secchi, Clarke, Pickering, Eddington and Struve.

GOOD LUCK, FRANK!

The Alumni Association extends best wishes to Frank Baldwin as he assumes his new position as Director of Canadian Martyrs Parish Centre.

Adult Studies Program Offers 14 Courses

For 12 years Saint Mary's has offered a credit-free study program for adults in an effort to make the facilities of the university available to all. The first series in 1951 offered four courses. The 1963-64 program offers fourteen. Father Belair, the Director of the program, expects a new high registration of over 500. "If the usual trend prevails, 60-70% of these will be non-Catholics," Father Belair said. "We still have not cracked the bingo-bridge-bowling barrier."

A "first for Halifax" feature of the new program is a combined Television-Classroom course in Science, entitled 'Exploring the Universe'. C.J.C.H., Channel 5, will run the half-hour television series on Sunday afternoons at 2:00 o'clock for eleven weeks. These will be followed on Monday evenings by a classroom discussion directed by Father Burke-Gaffney. After Christmas, Father Burke-Gaffney will continue the course with a series entitled, 'Ten Great Astronomers'.

HUMAN FACTORS IN ENTERPRISE

For the business man who does not relish replacement by automation or by the bright young boy with the B. Com., **Human Factors in Enterprise** should be helpful. This course of twenty lectures and discussions will concentrate on the effective use of the human potential in business.

FRENCH

Businessmen may also be interested in **French Conversation** now that French is back on the market. Madame Loewenstein will conduct the course, as she did last year with great success.

READING AND WRITING

The man with piles of paper work is the object of a course called **Effective Reading and Writing**. It is designed for the junior executive who wants to write better letters than the girl at the typewriter and for the girl at the typewriter who wants to write better letters and read faster than her boss.

THEATRE

With the Neptune professional Theatre flourishing in Halifax, new interest in drama can be developed by Theatre in our Midst—the Mood of the 60's, a reading-discussion course that will look at recent international drama and fiction to see what makes Sammy run to it and away from it.

(Continued on page 8)

Welcome Back, "Babe"

The many friends of Saint Mary's Dean of Commerce, Harold "Babe" Beazley will be pleased to learn that "the Babe has returned to his educational duties . . . AND HE LOOKS GREAT!

Following corrective surgery performed last January and a lengthy period of rehabilitation, Dean Beazley has reoccupied his Saint Mary's office and appears to be more anxious than ever to begin again separating debits from credits for neophyte accountants.

Correspondence Course Chartered Accountants'

EXAMINATION PROBLEMS AND HOW TO DO THEM

In order to enable student wishing to prepare throughout the year for examinations, and particularly for students remote from university centres, Saint Mary's University introduces a correspondence course based on actual C.A. examination problems.

The Course covers the C.A. intermediate and final syllabus by discussing and solving actual questions appearing on recent examinations. The course is not a replacement for correspondence courses adopted by the Provincial C.A. Institutes. It will be of particular assistance to students repeating examinations.

Charles W. Schiandl, Ph.D., C.A., of the Saint Mary's commerce faculty is director of the course.

Registration continues until October 6th. For further information telephone 422-6421.

Adult Studies Program Offers 14 Courses

(Continued from page 7)

THE NORMAL PERSONALITY

A constant demand for psychology for the layman has brought about **The Normal Personality**, a course that will try to meet the needs of people who are concerned about human behaviour in and out of the family. It will include working through a "programmed" text for an experience of scientific method in this field and then a study of Joseph Nuttin's book, *Psychoanalysis and Personality*.

ART

Four art courses are on the list: *The History of Art (19th and 20th centuries)* by Dr. A. Czako; *Painting for Pleasure* by Mr. J. Zarand; *the Art of Photography* by Professor Alan T. Sabean; and *Sculpture in Wax* by Sarah Jackson, one of Canada's most promising sculptors.

AND FICTION

Meaning in Literature is a reading-discussion course that examines some modern international drama and fiction that is usually considered "off-center". This course should develop canons for independent judgment. The basic question will be what should I get out of a book, or who is a mature reader?

Father James Murphy will continue his popular series on *Electronic Computer Operation* and the *Investment Dealers' Association* will repeat its course, after Christmas, on *How to Invest in Stocks*.

The billboard therefore, looks like this:

In Science — Exploring the Universe

— Electronic Computer Operation

In Business — Human Factors in Enterprise.

— Effective Reading and Writing.

In Language — French Conversation

In Literature — The Meaning of Literature.

— Theatre in our Midst —
The Mood of the 60's.

In Fine Arts — History of Art

— Painting for Pleasure

— Sculpture in Wax

— Sculpture in Wax

— The Art of Photography

In Psychology — The Normal Personality
