

S M U '82

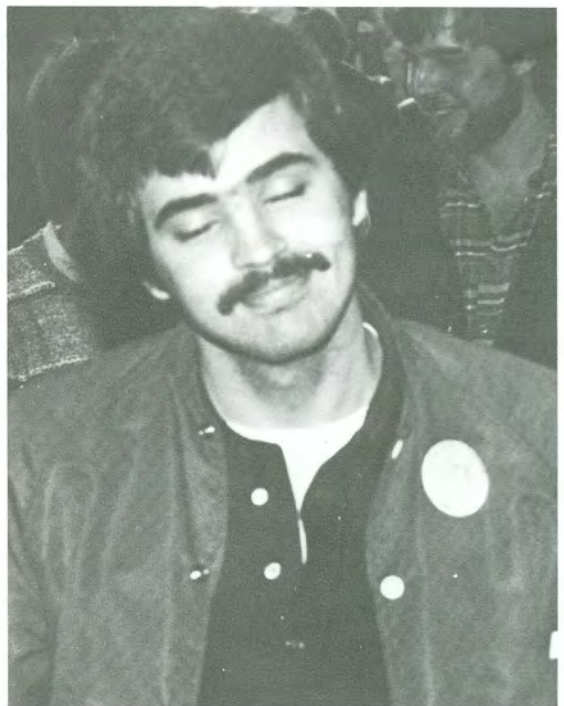

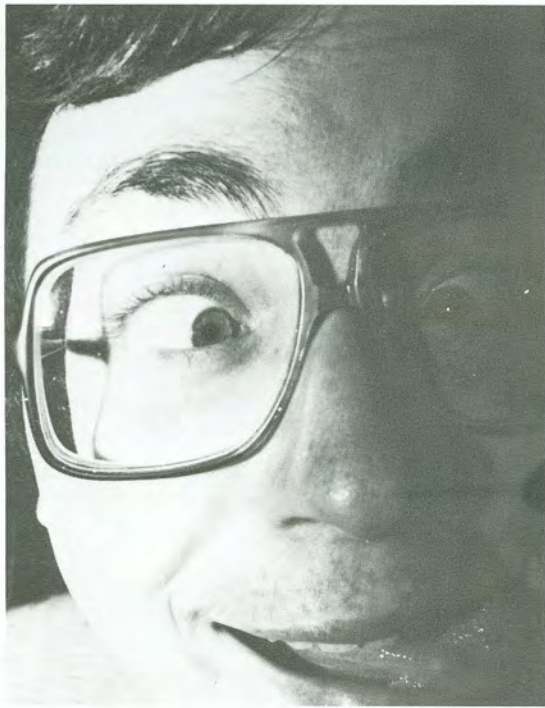

This is the first season that the Huskies have played on the new astroturf. The turf is the first of its kind here in the Maritimes.

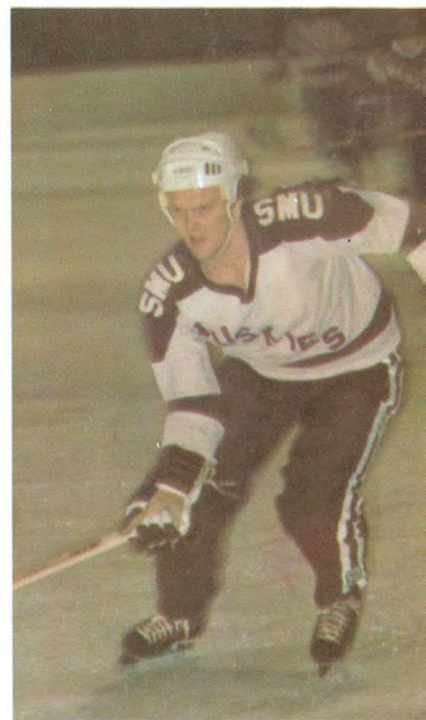

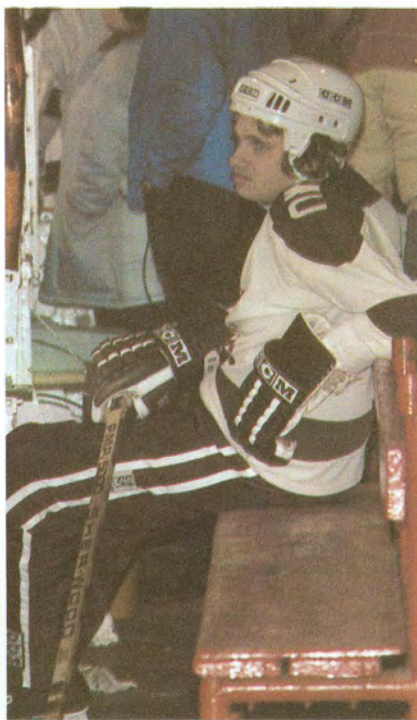

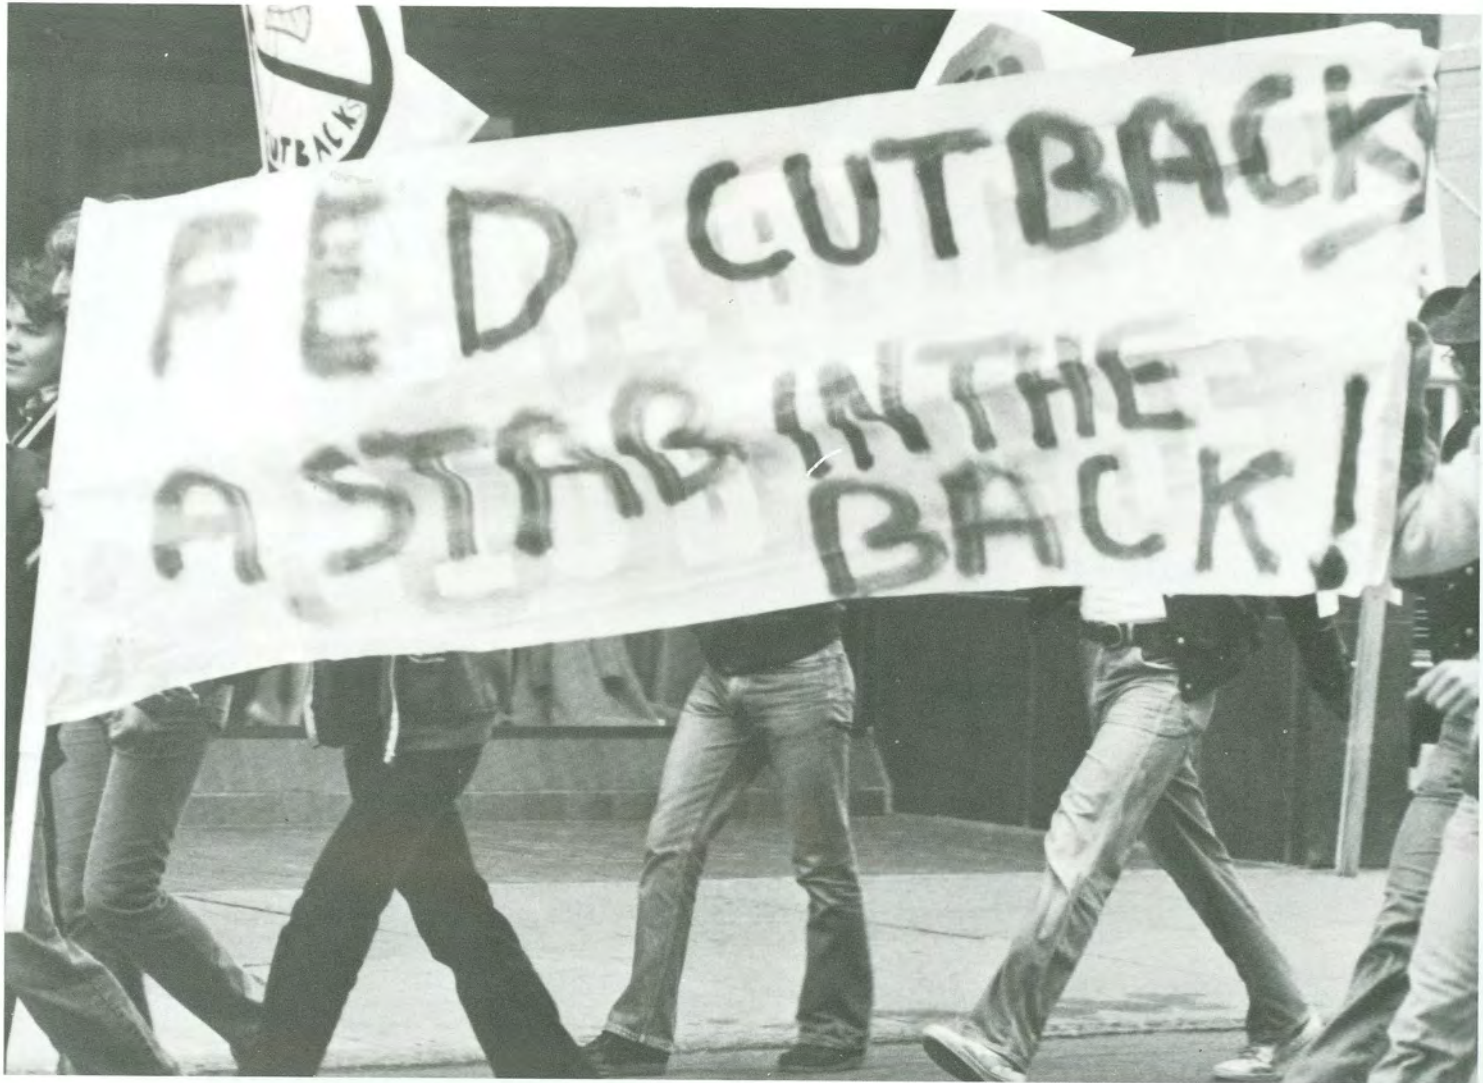

Soccer Huskies took the 1981 AUSA Cup. The new turf made for a faster and more exciting game.

The new CCM hockey gear gave the Huskies an improved look on the ice in the 1981-82 season.

FATHER J. J. HENNESSEY, S.J. 1902-1982

A Dedication:

I can still remember my first encounter with Fr. Hennessey. It was at the start of my first year here at Saint Mary's. I was introduced to Father by a friend of mine, Allen Wentworth, and what an introduction. Father Hennessey, immediately gave me a friendly whack with his famous cane and wished me a good year.

Father will be remembered by all, as a man loved and respected. His involvement in sports here at Saint Mary's was one of dedication and vigor.

John Hennessey considered Saint Mary's his home and somehow you know I think he'll always be here quietly watching.

VALEDICTORIAN SPEECH
1982

Convocation
May 10th, 1982

David Hendsbee
4th year Commerce

Well, another year has slipped quickly by, and for some, like myself, it was the last here at Saint Mary's. The past four years have been many things for me: frustrating, amusing, fascinating, and confusing, to name but a few. There have been experiences and memories which will stay with me for the rest of my life, as they will with you, I'm sure.

A few years ago, upon finishing high school, we made the decision to attend university. Choosing Saint Mary's was a decision I took considerable time to make. Its size and its uniqueness in being a small community in one city block made for close relationships between professors and students. This close contact made all of us feel special — not just numbers in a large university register.

The first year was a difficult one for most of us. We had to cope with a new lifestyle and make new friends.

Studying became a way of life. Many nights we would spend in the library, trying to look something up and not finding it there. Or we could not get those balance sheets to balance. Or get those stats assignments done.

As the papers and exams rolled by, we developed closer relationships. New faces became familiar and comforting friends.

The people who had chosen to live in residence had a new family. They would play, do homework, party, go out on the town, or face Saga together.

The Off-Campus students, like myself, memorized the bus routes, or drove with friends and found shortcuts to avoid traffic.

During rehearsal and today, while we were in the procession line, I began to wonder where we might have met our friends, because this may be the last day we see

them all together. Shakespeare once said, — "Parting is such sweet sorrow."

Quite a few of us grew up together or met in high school.

At Saint Mary's we made friends in the classrooms and in the long lineups we encountered at registration, or at the bookstore and in the cafeterias, or at the bashes. Sometimes we met in the line-ups downtown at our favorite lounges and pubs.

Here at Saint Mary's, the university motto is, "IN PURSUIT OF EXCELLENCE" — be it in academic standards, athletic prowess, or even endurance in socializing.

There were numerous functions and extra-curricular activities with which to get involved. For example, the university community exposed us to many different ethnic lifestyles and expanded our cultural awareness through the events sponsored by our foreign brothers and sister.

The councillors and chaplains gave freely of their advice and guidance to give us strength and assurance when we needed it most.

Our professors also gave us a sympathetic ear and a helping hand when we might not have made it to this day.

Well, graduation has finally arrived. The dream is now reality. I'm sure that all of us are relieved that its finally over. But I appeal to my fellow students that, as new Alumni, we remain loyal to the home we had here for the past little while.

I ask you to be true to your school and support it throughout the rest of your lives. We, the Alumni, should follow the example set by a man who has become an institution himself.

Father J. J. Hennessey is a very dear and trusted friend to all of us. He has the respect, admiration and love of all Saint Mary's students, faculty, and staff.

He would always be there when we needed him. Father Hennessey would revive our spirits and put a smile on our face.

We must continue the Hennessey legacy and be strong supporters of the Huskies teams.

We must keep the Husky spirit alive and do our share to correct the apathy problem that has too often plagued this institution.

While we all know that the Hen spirit will never die, we pray that Father Hennessey's condition improves and that he returns to good health.

At this time, I would like to thank everyone responsible for making this day possible, and to congratulate the graduating class of 1982 for achieving their goals. I am proud to be a part of this great class. After today, we can conquer the world, or at least give it our Santamarian best.

Some of us are going to work, others are going to further their education. Whatever *Your* decision is, may you remember your days at Saint Mary's and treasure them in your hearts.

I thank you for this opportunity to speak for the Class of 1982. In closing I want to read a poem which I feel is appropriate for this occasion.

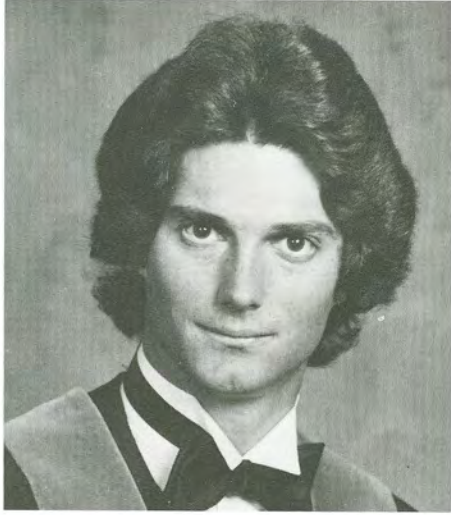

THE ART OF EDUCATION

The art of education is to continue to grow as long as you live. Every moment brings its lesson. Every person is a teacher. Grow in all directions. Develop a desire for goodness, an eagerness for knowledge, a capacity for friendship, an appreciation of beauty, a concern for others. Grow! Man is never finished. Man never arrives. Education never stops.

THANK YOU, FARE-WELL AND THE BEST OF LUCK TO ALL!
AND GO TO IT!

EDITOR'S MESSAGE

Dear Fellow Students,

As with most yearbooks, deadlines seem like impossible dreams and believe this book has been no exception. Thanks to people like Mike Morrison (Photography Ed.) there are many excellent photograph to choose from. Special thanks goes to Eric Martinello (Taylor Publishing Rep.), who remained patient when deadlines were not able to be met.

I'll not make any comments on the 1982 school year here at Saint Mary's, that's what this book is for. I do however wish each and everyone of you the best in the future that lies ahead. "Age Quod Agis" — (Strive to do the best in everything you do)

Owen McInerney

Editor Santamarian 1982

It's part of the Canadian nature to want to work and to work hard; to build, develop and create opportunities.

Every year since our founding Irving Oil has improved, expanded or built new facilities, in the process creating jobs and opportunities for our fellow citizens.

We are committed to continuing this tradition and with your help and support we will.

A good percentage of the people
who come to Central Trust, come
because they get a good percent.

We help people appreciate their money
more. Some put it in our high interest sav-
ings accounts. Some invest in our GIC's
and Debentures. Some take advantage of
our no charge chequing, our personal
loans, business loans or mortgage loans.
Some call on us for all of the above.
